The Exchange Club Center for the Prevention of Child Abuse of Southern CT INC. is a private non-profit organization that has been collaborating with DCF for 20 years. The Working Professional relationship between the State and our Agency has improved the quality of life for countless children and their families. Together we have saved lives and families have had the opportunity to learn, grow and change; replacing violence with nurturing and care in most of the cases. This is very important work, and the region that is considered our catchment area is one that works in a collaborative alliance to achieve the goal of stopping the cycle of child abuse and neglect. We look forward to any further collaborations.

All my best
Donna Miller
Executive Director
Adjunct Professor UB
