The following General Air Transportation Conditions for the Carriage of Passengers and Baggage (hereinafter the "General Conditions") shall apply to all national and international air transport services carried out by JetSMART Airlines, and for all legal purposes are understood to be incorporated in the Airline Ticket which defines the rights and obligations of JetSMART Airlines as Carrier and its Passengers.

I. DEFINITIONS. -

For the purposes of these General Conditions, each term described below will be understood as follows:

"Ticket" or "Airline Ticket" represents the group of documents that establish the terms and conditions of the air transportation and baggage control contract (where applicable), whether issued manually, electronically or by any equivalent means and which are found in all or some of the following documents: **(i)** the current General Conditions; **(ii)** the magnetically recorded electronic ticket; **(iii)** the Special Conditions applicable to the contracted transport, the fare paid by the Passenger and other optional services purchased with the ticket; **(iv)** the receipt of the purchase operation issued by the Company; **(v)** the Boarding Card or Boarding Pass; and, **(vi)** any communications and booking fees approved by aviation authorities in countries that require it.

"The Company" or "JetSMART Airlines" represents the airline that transports and/or agrees to transport the Passenger and/or baggage under these terms and conditions.

"Passenger", is the person, other than crew members, transported or required to be transported on an aircraft pursuant to this contract of carriage.

"Carrier" or "Air Carrier" represents the airline that transports and/or agrees to transport the Passenger and/or baggage under this contract or that performs any other service related to said air transportation.

II. AIR TRANSPORTATION SERVICE. –

1. The Air Transportation Contract is a contract under which a person, called the Carrier, agrees to carry by air Passengers or other people's belongings from one place to another, for a certain price, and to deliver them to those to whom they are sent.
2. The Carrier's and Passenger's rights and obligations, as defined in Section I (Definitions), arising for the parties on the occasion of the contracted carriage, shall be governed by the Airline Ticket and by any applicable International Conventions, as well as, depending on the case, by the relevant rules of the Chilean Aeronautical Code, the Peruvian Civil Aeronautics Law, Andean Community legislation, the Argentine Aeronautical Code, Colombian Aeronautical Regulations and their regulations and resolutions, Brazilian laws, especially Resolution No. 400 of the National Civil Aviation Agency and others, Paraguayan Aeronautical Code and the Uruguayan Aeronautical Code and its regulations, all of these as the case may be and if applicable.
3. The issuance of the Airline Ticket confirms the acceptance of the contract of carriage entered into between the Passenger and the Carrier whose names appear on the Ticket as well as the acceptance of the conditions thereof. The Ticket, which is issued in the Passenger's name is nominative, personal and non-transferable, unless otherwise expressly provided by applicable law. It may be issued partially or entirely in printed form or as an electronic ticket.
4. . In general, the Ticket will be valid for a maximum period of one year from the date of issue. Once this period has expired, or any other shorter period indicated in the specific conditions of the service contracted by the Passenger, the Ticket may not be used.
5. If, on the occasion of entering into this contract, the Passenger buys additional services and/or additional products provided and/or delivered by providers outside the Company (e.g. travel insurance, accommodation, transport, luggage packaging, etc.), these services and/or products shall be governed by the contractual provisions that the provider and the Passenger may have agreed between the two parties. In accordance with the aforementioned, the Company is not and will not be responsible for the availability, quality, or integrity of the above-mentioned services and/or products nor for any type of damages of any kind that may affect Passengers on the occasion of their purchase, whatever the cause from which they originate.

III. PASSENGERS AND THEIR DOCUMENTS. -

1. It will be the Passenger's obligation to provide the Carrier with all personal information required for the issuance of the Ticket and for the subsequent effective contact between the parties, such as name, last name, address, identification document number as shown in the document to be used for the trip, telephone number, email address, etc. The Carrier shall not be liable for any damage that occurs or has occurred when the information provided by the Passenger is incomplete, inaccurate, false, partial and/or erroneous.
2. The processing of personal data collected by the Carrier on the occasion of entering into or modifying this contract, as well as contracting services shall be governed by the provisions of the Company's Privacy Policy available at www.jetsmart.com, which is known and accepted by the Passenger and is an integral part of these General Conditions, for all legal purposes.

Passengers will have the right to access, know, update, amend, and delete their personal data, as well as to request proof of this authorization and to revoke it, as described in the Privacy Policy.

- The buyer of the air ticket, Passenger or their representative, expressly consents to the delivery, collection, management, storage, use and processing of their personal data (whether sensitive or not), and the Company on its part declares that it only requests the strictly necessary data from the Passengers and will keep them confidential, making use only for the transportation service and authorized purposes, in accordance with the applicable data protection laws, including Law No. 19.628 on the Protection of Private Life of Chile, Brazilian Laws No. 12.965/2014 and 13.709/2019, Law No. 29733 - Personal Data Protection Law of Peru, its Regulation - Supreme Decree No. 003-2013-JUS, and other complementary and amending provisions.

The Carrier informs the subjects that their personal data will be processed in connection with the execution of this Agreement, and will be used only for the authorized purposes in accordance with the Carrier's Privacy Policy. The Carrier agrees to implement the organizational, technical and legal security measures that are necessary for the secure and confidential handling of the personal data connected with this Agreement. Passengers declare that they have provided their personal data freely and voluntarily, without any kind of pressure, obligation or condition whatsoever.

3. Passengers are solely responsible for informing themselves about, and obtaining and fulfilling all travel requirements imposed by any authority and must present identification and sanitary documents, permits for exit, transit or entry, visa and any other required documents dependent upon their destination. The Carrier will not be held liable whatsoever for any delays or denial for boarding or for entering into a country that the Passengers may experience in association with, or arising from, their failure to comply with this obligation, except in those cases in which the law expressly establishes the Carrier's liability.
4. Passengers must show up at the gate or check-in desk at the time indicated by the Carrier in the Air Ticket, and if no specific time has been indicated, the Passenger knows they should allow enough time to complete all necessary boarding and departure procedures.
5. Any Passengers who do not show up for travel, arrive late for boarding at the time indicated in the Ticket, or who do not allow enough time as it is stated in the above paragraph, as the case may be, is subject to the corresponding Ticket expiring indefectibly. In such case, the amounts paid for the contracted service will not be refunded, without prejudice to any refunds required by applicable law.
6. Any Passenger with a disability or illness, or in need of assistance during air transport, has the right to request assistance from the Carrier, in accordance with the law in force and the other special conditions informed by the Carrier. In some cases, in order to provide a better service, the Carrier may require prior notification for travel from specific Passengers with a disability or illness, or in need of assistance. Passengers must get information beforehand about certain special transport requirements or conditions that must be met, as well as coordinate with the

Carrier prior to acceptance for boarding, releasing the Carrier from any responsibility in the event that the Carrier denies boarding because the Passenger has failed to comply with the provisions contained in the legal regulations and/or in the current policies of the company. The foregoing shall be understood without prejudice to the limitations and restrictions on the rights of Passengers with disabilities, illness or special needs, based on the safety and protection of the occupants of the aircraft, as regulated in the applicable legal regulations.

IV. DENIED BOARDING

1. The Carrier reserves the right, without restriction, to deny transport on any leg of the itinerary booked by the Passenger, if the associated fare has not been partially or fully paid, if the payment method used by the Passenger has been declined, revoked or invalidated or if the Ticket was obtained using means that violate the law or these General Conditions. Furthermore, JetSMART Airlines reserves the right, without restriction, to deny boarding if the Passenger does not have the documents required by law.
2. Notwithstanding any provision applicable to any particular jurisdiction, contained in these General Conditions or in the corresponding regulation, the Carrier will deny boarding to a Passenger, or will proceed to take them off the flight, if it deems the Passenger could affect the safety of the flight or of the other Passengers. Specifically, the Carrier will deny boarding to any Passenger that presents any attitude or behavior while on the ground and/or on board the aircraft that constitutes: **(i)** any action contrary to instructions given by the cabin crew of the aircraft or any of the Carrier's employees regarding matters of security, surveillance or of any nature whatsoever; and/or **(ii)** any behavior contrary to the reasonable behavior which a person or Passenger should maintain; and/or **(iii)** a violation or offense which in the Carrier's opinion could place the safety of the aircraft or the people and goods on board at risk, or could endanger or jeopardize order and discipline on board the aircraft; and/or **(iv)** any attitude or behavior, in general, which in the Carrier's opinion may constitute refusal by the Passenger to comply with instructions given by the cabin crew and/or attitudes that could endanger or put the operation at risk and/or disturb the order and/or discipline and/or health and/or comfort of other Passengers or crew; and/or **(v)** any indication or signs of having consumed excessive amounts of alcoholic beverages and/or any psychotropic substance; and/or **(vi)** failure to comply with any law or regulation that applies, or that does not comply with any requirement imposed by the governmental authority in question, that applies to the aviation sector. Boarding will be also denied if this action is necessary to comply with an applicable legal standard, regulation or order of any state from, within or to which carriage is to be operated, or in which an intermediate stopover is established.
3. In the event that there are more Passengers on a flight with confirmed reservations than seats available, as long as they have completed the check-in procedures within the required time periods, the Carrier will ask for volunteers to give up their seats in exchange for some form of agreed compensation established by applicable laws. If there aren't enough volunteers and boarding to Passengers must be denied against their will, these Passengers will have the right to compensation as established by applicable laws.

V. BAGGAGE TRANSPORTATION. –

1. The Passenger must comply with the baggage weight, measurements and maximum allowances, as indicated in the particular conditions applicable to the contracted transport accepted by the Passenger at the time of purchase, and contained in the purchase receipt issued by the Carrier. The carriage of any excess baggage shall be paid in accordance with the fares and subject to the special conditions informed by the Carrier. The baggage policy, payments or surcharges to which excess baggage is subject, understood as those kilos and/or pieces that exceed the permitted baggage, can also be checked at the Carrier's website www.jetSMART.com
2. The Carrier may refuse to carry all or part of the baggage that is beyond the baggage policy or if the Passenger has not paid for excess of baggage.
3. . The Baggage allowed, and/or charges and other conditions relating to excess baggage may vary according to the particular conditions of the contracted service, cabin and route, and will be expressed in pieces and/or kilos. The Carrier reserves the right to alter the baggage policy, values, and dimensions of baggage, informing the public of such changes in a timely manner. The conditions and contract values of each particular service shall be registered with the relevant local aviation authorities to the extent required.
4. In accordance with the baggage policy, the Carrier shall issue, in duplicate and shall deliver a copy to the Passenger of a baggage tag or receipt for the checked baggage to be carried, except for personal items carried by the Passenger. The baggage tag or receipt will contain instructions indicated by the applicable law. The baggage tag is proof that the luggage has been checked in and that the conditions of the transport contract have been met. Checked baggage will be delivered to the baggage tag holder. In the absence of a baggage tag, the Carrier may require identification to those entitled to claim the baggage and postpone baggage delivery until valid identification is provided.
5. The Carrier shall not check baggage at a destination other than the final destination shown on the Passenger's Ticket, or on any flight other than the one on which the Passenger is to board.
6. Baggage is defined as only the Passenger's personal belongings necessary for their trip, and those that are expressly incorporated by virtue of an applicable legal regulation.
7. In compliance with local and international regulations, the Carrier will deny the transportation as baggage (whether carry-on or checked), of any dangerous articles or substances that could pose a serious risk to health or the safety of the flight or any property, such as:
 - a) Gases (compressed, liquid, stored in solution or heavily refrigerated) including flammable, toxic or harmless aerosols such as butane, oxygen, liquid nitrogen, aerosols that contain paralyzing gases, refill tubes for liquid-gas lighters, etc.
 - b) Corrosives, whether solid or liquid, such as acids, alkalis, mercury, liquid electrolyte batteries, etc.

- c) Explosives such as ammunition, fireworks and flares, briefcases with alarm devices, detonation devices for toy guns, etc.
 - d) Flammable liquids such as fuel, paints, thinners, etc.
 - e) Radioactive materials, regardless of their category.
 - f) Oxidizers and organic peroxides such as bleach, fertilizer, etc.
 - g) Toxic and infectious substances such as: insecticides, pesticides, biological products that contain pathogenic germs, etc.
 - h) Flammable solids such as matches.
 - i) Weapons, which are understood to be any element or object that is made or could be used for attack or defense, such as guns, bladed weapons, gases, electric shock devices, spiked, sharp or blunt objects, which could include objects like clubs, axes, walking sticks or bats that have weight inside them or have any sharp point.
 - j) Any other item classified as dangerous by applicable law.
8. In order to ensure the safety of the flight and comply with current regulations, the Carrier and the airport security personnel may confiscate dangerous articles and substances carried by the Passenger or inside his/her carry-on baggage, in order to deliver them to the respective authorities in accordance with applicable local regulations.
9. In case of destruction, loss or damage of luggage, which occurs during transport, or in case of delay in its delivery, the regulations contained in the International Conventions, the Chilean Aeronautical Code, Argentine Aeronautical Code, Peruvian Civil Aeronautics Law and its Regulations (Law N° 27261 and Supreme Decree N° 050-2001-MTC and amendments), Colombian Aeronautical Regulations, Brazilian laws, especially Resolution No. 400 of the National Civil Aviation Agency and others, Paraguayan Aeronautical Code and Uruguayan Aeronautical Code, will be addressed, as applicable.

For the purposes of the foregoing paragraph, "delay" shall mean any delay caused when collecting the luggage and which has occurred under the direct responsibility of the Carrier.

VI. CHANGES IN THE PURCHASED SERVICES. -

Excluding the exceptions in these General Terms and Conditions or as expressly provided by law, any change and/or modification that the Passenger may wish to apply to the services contracted with the Carrier, may be subject to the obligation of the Passenger to make one or more payments other than those originally made when contracting the aforementioned services. During the purchase process, Passengers received and accepted information on the permitted changes and modifications, their cost, and the procedures related to them. This list of changes and modifications can also be found at www.jetSMART.com

VII. LIMITS OF LIABILITY. –

1. The obligation of the Carrier shall be understood to be fully and completely fulfilled by the fact of transporting the Passenger and their luggage with reasonable punctuality, taking into account the special circumstances of the case. The Carrier shall make reasonable efforts to transport Passengers and their baggage in accordance with published itineraries and those

reflected on the Air Ticket. The Carrier may itself be replaced by alternate airlines, by other aircraft, may delay or cancel flights, change the assignment of seats, and modify or delete stopovers provided for in the Ticket at any time it deems necessary, for justified reasons and in accordance with current regulations.

2. Any exemption or limitation of the Carrier's liability under applicable local or international law shall apply and be for the benefit of the Carrier's agents, employees and representatives and any other person or company whose aircraft is used by the Carrier to perform the transport and the agents, employees or representatives of such person or company.
3. If an agent issues a ticket for carriage on legs involving different carriers, the Carrier shall only be liable for the leg they actually completed. Also, the travel agency will be responsible for providing all information to the Passenger, especially regarding the requirements for entry to certain countries or transit, among other information.
4. The liability of the Carrier in case of death or personal injury to the Passenger, denied boarding and/or for baggage loss, delay or damage on international flights, is limited by international conventions or any applicable international standard, and in the case of trips beginning and ending in the same country, the limits of liability will be governed by the applicable legislation of the country in question.
5. Regarding those items with high commercial value and electronic devices, and others established by applicable law, the Passenger must transport these items as carry-on baggage in order to always keep control of them as they are their responsibility. The Carrier shall not be liable for these beyond the limits established by the law or applicable International Conventions and subject to accreditation.

VIII. PASSENGERS' RIGHTS ACCORDING TO THE CHILEAN AERONAUTICAL CODE, APPLICABLE TO OPERATIONS IN CHILE.

VIII.I. Denied boarding due to overbooking

In case of denied boarding due to overbooking, the Passenger shall have the rights set forth in Articles 133 and 133A of the Chilean Aeronautical Code.

In the event that the Carrier foresees that they will have to deny boarding to one or more Passengers who have shown up in a timely manner and whose Ticket was previously confirmed on a given flight due to overbooking, they must first request that volunteers show up to give up their reservations in exchange for certain benefits and compensation to be agreed between the volunteers and the Carrier.

If there are not enough volunteers to give up their seats so that the remaining Passengers holding a confirmed ticket can board the corresponding flight, the Carrier can deny boarding to one or more Passengers against their will. These Passengers will have the right to:

1. Passenger's choice:
 - a) Board the next available flight provided by the carrier, or in an alternative transport, if they decide to persist in the air carriage contract;
 - b) To receive reimbursement of the full amount paid for the ticket if the Passenger withdraws from the air transportation contract only if the trip has not begun; or
 - c) If the trip with stopovers and/or connections had already started, the Passenger can choose to:
 - i. Board the next available flight provided by the carrier, or in an alternative transport, if they decide to persist in the air carriage contract;
 - ii. Receive a refund of the unused part; or
 - iii. Return to the starting point and receive reimbursement of the ticket price.

2. To receive compensation for denied boarding up to an amount calculated based on the following table:

| Distance of denied boarding flight (in km) | Between 1-3 hours delay on arrival time at destination | Between 3-4 hours delay on arrival time at destination | above 4 hours of delay on arrival time at destination |
|---|---|---|--|
| <i>Less than 500 km</i> | 2 UF | 2 UF | 2,5 UF |
| <i>Between 500 km and 1.000 km</i> | 3 UF | 3 UF | 3,75 UF |
| <i>Between 1.000 km and 2.500 km</i> | 4 UF | 4 UF | 5 UF |
| <i>Between 2.500 km and 4.000 km</i> | 8 UF | 10 UF | 10 UF |
| <i>Between 4.000 km and 8.000 km</i> | 12 UF | 15 UF | 15 UF |
| <i>More than 8.000 km</i> | 16 UF | 20 UF | 20 UF |

Regarding the above compensations, Passengers must keep in mind:

- a) A Passenger who accepts such compensation may not subsequently bring an action against the Carrier for the same reason, without prejudice to the infringements and compensations established in Law No. 19,496, which sets forth rules on the protection of consumers' rights.
- b) If, in accordance with the provisions of 1a of point 1 above, the Passenger is embarked on the next flight the Carrier has available, and the difference in departure time with respect to the flight originally booked is less than three hours, no compensation shall be granted for denied boarding.

3. If the Passenger decides to continue with the contract in the event of denied boarding, they shall be entitled to receive the following assistance from the Carrier:
 - a) Communications that the Passenger needs to make, whether by telephone, electronic or other similar means, if there is a difference of more than three hours in the scheduled time of departure for the flight initially booked;
 - b) Meals and snacks, equal to at least 0.5 unidades de fomento (Chilean unit of currency not expressed in pesos) when the time between the scheduled departure time of the originally booked flight and the new departure time is equal to or more than two hours. Upon expiration of the above time period, the Passenger shall be entitled to a new benefit, for the same cost, every time an additional three hours of waiting time passes. These benefits shall be provided within each corresponding period, shall not be cumulative, and will not apply if the Passenger is not physically present at the airport, or if the benefits of letter c) below apply;
 - c) Accommodation for return and outbound Passengers who were denied boarding at a connecting point, who do not reside in the city, town or area of the departure airport, in the event that they are offered a new flight, of which the departure is at least on the day following the scheduled departure on the Ticket, provided that the Passenger must stay one or more nights, and the waiting time to board the other flight requires it. For these purposes, "night" shall be defined as the time between midnight to 6 a.m.;
 - d) Transfer from the airport to the Passenger's place of residence in the city, town or area surrounding the departure airport, or to the place of accommodation, and back again, if applicable; and
 - e) The necessary arrangements and services to continue the trip, in case the Passenger misses a connecting flight that has been confirmed.

For the purposes of this section, a Ticket shall be considered as confirmed, with respect to the points of departure and destination indicated therein, including intermediate points of connection or stopover, to the extent that it is established that the reservation or the Ticket has been accepted and registered by the Air Carrier or its authorized agent. "Stopover and/or connecting journey" is understood as a journey which includes a point of departure and one or more intermediate points of stopover and/or connection on arrival at the destination, when these are part of the same contract.

Without prejudice to other additional services that the Carrier may offer, depending on the circumstances and the special condition of the Passenger, in the event of denied boarding the Carrier shall embark, as a priority, unaccompanied children, people with disabilities, elderly or health-sensitive Passengers, pregnant women who, due to their condition, require preferential boarding and, in general, Passengers who, for humanitarian reasons qualified by the Carrier, must be embarked first.

VIII.II. Delays and cancellations

The Carrier is required to comply with transporting Passengers on the date, schedule and other agreed terms and conditions. However, the Carrier can suspend, delay and cancel the flight or modify these terms and conditions on grounds of force majeure or for safety reasons such as bad

weather, armed conflicts, civil unrest or threats against the aircraft. In such cases, any of the contracting parties may rescind the contract, being each one responsible for their own losses. Notwithstanding the foregoing, in the event of a flight delay or cancellation the Passenger will be entitled to:

1. Board the next available flight provided by the carrier, or in an alternative transport, if they decide to persist in the air carriage contract; whether the flight has not yet departed or did depart but is on a stopover and/or connection.
2. Receive the assistance benefits indicated under the heading 3 of section VIII. I.- "Denied Boarding for overbooking" above, provided that the cause of the delay or cancellation is attributable to the Carrier.
3. Receive compensation for the damages that may have been caused if the delay or cancellation is due to reasons attributable to the Carrier, in accordance with the following:
 - a) *Domestic flights*: The compensation of the damages incurred in domestic flights shall not exceed 250 UF for each of the affected Passengers, and shall proceed in the following cases:
 - i. If the delay is longer than three hours with regard to the departure time scheduled on the Airline Ticket, or four hours on flights using aircraft designed for a capacity of up to 29 seats.
 - ii. At the time of cancellation, unless the Passenger is informed and offered to take another flight that allows them to leave for their destination with no more than three hours of delay with regard to the scheduled departure time, or four hours on flights using aircraft designed for a capacity of up to 29 seats.

Any change in the itinerary, due to an early arrival, delay or cancellation of the flight, the Carrier will inform the Passenger by written communication through the most efficient means possible, indicating the reason for the change. For the purposes of communicating these changes or others that are necessary regarding this Contract, the Passenger must inform the Carrier, directly or through its authorized agents, of their contact details, such as address, telephone number and e-mail, when booking or purchasing their Ticket.

In any case, it should be kept in mind that the compensation for damages regulated in this section shall not apply if the Carrier proves that they took the necessary measures to avoid the event causing the delay, or that such measures were impossible for the Carrier to take.

b) *International flights*: In case of damage caused by delay in the carriage of Passengers, the liability of the Carrier shall be limited to 5,346 Special Drawing Rights (of the International Monetary Fund) per Passenger. Such limit shall not apply if it is proved that the damage is the result of an act or omission of the Carrier or its employees or agents, with intent to cause damage, or recklessly and knowing that it would probably cause harm; provided that, in the case of an act or omission of an employee or agent, it is also proved that they acted in the exercise of their functions.

In any case, it should be kept in mind that the compensation for damages regulated in this section shall not apply if the Carrier proves that they, their employees and agents took all the reasonably necessary measures to avoid the event causing the delay, or that such measures were impossible for the Carrier, their employees or the agents to take.

4. To receive reimbursement of the total amount paid for the Ticket or of the unused portion, as the case may be, if the Passenger decides not to continue with the contract and the periods of section 3 above have passed whether or not the Carrier is responsible for the cause of the delay or cancellation.

VIII.III Refund of fees

If the trip is not verified, whether for any reason attributable to the Carrier, the Passengers or for reasons of security or supervening force majeure, the taxes, charges or aeronautical rights paid by the Passenger will be returned by the Carrier whether the Passenger requests it or not, within 10 days, through the same payment method used to pay for the air ticket. However, if such reimbursement has not been made or if payment in cash has been verified, the Carrier shall contact the Passenger so that they provide information on how they would like to receive this reimbursement, which must happen within a maximum period of ten days from the date the trip should have been verified. Such restitution shall be made within a maximum period of ten days after the Passenger provides the Carrier with the necessary information for this purpose. In case of unjustified delay, such reimbursement shall increase by fifty percent in favor of the Passenger every thirty days. Once the first thirty-day period has expired and the Passenger has not received reimbursement, the Passenger may choose to request reimbursement from the authorized agent who made the sale, or to persist with the reimbursement and surcharges in accordance with the aforementioned.

In case of reservations that include several tickets, the taxes, charges or aeronautical rights of those trips of the reservation that have not been verified will be refunded to the payment method used by the person who paid for the reservation.

In case of taxes that have not been included in the amount paid (i.e., they were collected directly by the airport), the Passenger must request their reimbursement directly to the respective airport authority, in accordance with the applicable regulations.

VIII.IV. No additional charges for unintentional upgrades

In the event that the Carrier accommodates a Passenger in a higher class than the one paid for, and this is the result of any circumstances beyond the Passenger's control, the Carrier may not demand any additional payment.

No agent, employee or representative of the Carrier has the authority to change or waive any provision or term of these General Conditions.

VIII.VI Inability to travel due to medical conditions

The date scheduled for a trip may be modified, or a refund of the amount paid may be requested, if the Passenger proves, through a medical certificate, that he/she is unable to travel. The medical certificate must indicate the reason for the inability to travel and the period or dates between

which the Passenger is unable to travel by air. The Passenger must notify the Carrier of the change before the scheduled flight time, and must present the respective medical certificate within twenty-four hours of the notice. If the Passenger chooses to request a refund of the amount paid, this will be made within thirty days of the original scheduled date of travel. Should the exchange be made for a Ticket of higher value, the Passenger shall pay the difference. The new travel date may be set up to one year from the original scheduled travel date. This right may also be claimed by the Passenger's spouse or civil partner, his/her parents and children, provided that they are included in the same reservation.

The inappropriate use or counterfeiting of such medical certificate shall be punished in accordance with the provisions of Article 202 of the Chilean Penal Code.

VIII.VII Limiting the request for consecutive order of travel sections. In the case of domestic air transportation services or cabotage that are divided into sections and/or round trips, the non-use of any of the segments may not cause the denial or condition the use of the rest of the segments, if the Passenger shows up at the check-in and boarding gate in due time.

VIII.VIII Adjoining seats for minors. The Carrier shall take the necessary measures to ensure that children under 14 years of age travel in seats next to at least one adult member of their family or an adult included in the same reservation.

VIII.IX Assignment of Passenger Ticket

For cabotage or domestic flights within Chile, the Passenger may assign freely and free of charge their right to be transported for one-way and/or return journeys.

The assignment may only be made up to twenty-four hours prior to the flight, and shall be perfected by means of the individualization of the assignor and the assignee in the digital form that the Carrier shall provide for such purpose on its official website. In such document, the Carrier may also request the data that will allow the identification of the ticket and other aspects necessary to ensure the correct assignment of the rights. The aforementioned may also be done personally at the ticket sales offices, airport counters and authorized agencies of the Carrier. Once the above information has been entered, the assignor will receive a receipt of the assignment of the rights.

It will be the sole responsibility of the assignor that the information provided is accurate and correct.

Notwithstanding the provisions of the preceding paragraphs, the assignment of the corresponding rights may be done only between natural persons and only once for each Passenger ticket, and any subsequent transfer by the assignee shall be null and void. Likewise, in a calendar year, the Passenger may only assign their right up to a maximum of two times per carrier, at the rate of one assignment for each six-month period.

In no case may such assignments be made for profit, nor as a commercial activity or on a regular basis. Notwithstanding the foregoing, assignments carried out by virtue of this article, provided that they are made up to the maximum number of times indicated in the preceding paragraph, shall not

constitute habitual activity. Anyone who, in disregard of the provisions of this paragraph (paragraph seven of article 131 bis of the Aeronautical Code), assigns their right to be transported on a cabotage flight, or enables such assignment, shall be sanctioned with a fine of between eleven and twenty monthly tax units. The same penalty shall be imposed on the assignee of the aforementioned right who, in disregard of the provisions of the fifth paragraph of Article 131 bis, transfers it again, under any title, or on the person who enables such operation. In case of repeating the aforementioned conducts, the penalty shall be short-term imprisonment in its medium degree and a fine of twenty-one to thirty monthly tax units.

VIII.X Right of withdrawal

For purchases through JetSMART.com and the Contact Center, the right of withdrawal established in Article 3 bis letter b) of Law No. 19.496 on Consumer Rights Protection does not apply. Without prejudice to the foregoing, the Passenger shall have the right to unilaterally terminate the air transportation contract on cabotage or domestic flights within Chile, within forty-eight hours after purchasing a Ticket, for trips purchased at least seven calendar days prior to the scheduled departure date and time of the flight. Passengers, under these conditions, may cancel the Contract and receive a full refund of the amount paid, without incurring any penalty.

However, in the event that the scheduled departure of the flight takes place within one hundred and eighty days or more from the date of purchase of the Ticket, the withdrawal period may be applied within seven days after the conclusion of the air transportation contract. In these cases, the Passengers, likewise, will receive a full refund of the amount paid, without penalty, and the agreement will be rendered null and void.

To exercise this power, the Carrier shall have a digital form for this purpose, available on the official website www.jetSMART.com, where the Passenger may declare their free and expressed will to withdraw. The aforementioned may also be done personally at the ticket sales offices, airport counters and authorized agencies of the Carrier, if any.

The refund resulting from the exercise of the right of withdrawal shall be reimbursed by the Carrier, whether or not requested by the Passenger, within ten days, through the same payment method used to pay for the Ticket. This term shall be extended to thirty days in the aforementioned cases, in which the scheduled departure of the flight takes place within one hundred and eighty days or more from the date of purchase of the Ticket.

However, if such reimbursement has not been made or if payment in cash has been verified, the Carrier shall contact the Passenger so that they provide information on how they would like to receive this reimbursement, which must happen within a maximum period of ten days from the date the trip should have been verified. Such reimbursement shall be made within a maximum period of ten days after the Passenger provides the Carrier with the necessary information for this purpose. In case of unjustified delay, such reimbursement shall increase by fifty percent in favor of the Passenger every thirty days.

Once the first thirty-day period has expired and there is no verification that the Passenger has received their reimbursement, the Passenger may choose to request reimbursement from the authorized agent who made the sale, or to persist with the reimbursement and surcharges in

accordance the previous paragraph. The foregoing, without prejudice to the right of the authorized agent to reimburse the Carrier, when applicable.

VIII. IX Contact Information and Dispute Resolution

In case of any questions related to the trip, the Passenger may contact the Company by telephone, ask questions through social networks or browse the frequently asked questions available on the Company's website. More contact information is available in the "Help Center" section of the website at <https://jetsmart.com/cl/es/centro-de-ayuda/>

In turn, in the event of any dispute, complaint or claim, the Passenger shall have the right to go before the court having jurisdiction in accordance with the provisions set forth in the Chilean Aeronautical Code and Law 19.496 on Protection of Consumers' Rights.

IX. PERU AND COLOMBIA: PASSENGERS' RIGHTS ACCORDING TO THE DECISION 619 OF THE ANDEAN COMMUNITY IN PERU AND COLOMBIA, APPLICABLE TO OPERATIONS IN PERU AND COLOMBIA.

IX. Denied boarding due to causes attributable to the Carrier

In case of denied boarding due to overbooking, the Passenger shall have the rights established in the pertinent norms of Peruvian and Andean Community legislation applicable to Passengers boarding from/to Peru, and the Colombian regulations applicable to passengers boarding from/to Colombia as the case may be.

In the event that the Carrier foresees that they will have to deny boarding, they will have to ask for volunteer Passengers to give up their seats in exchange for certain benefits to be agreed between the volunteers and the Carrier. Voluntary Passengers shall additionally receive assistance in accordance with the provisions of paragraphs a) and e) of the following paragraph, as applicable.

If the number of volunteer Passengers is not enough to transport the remaining users who have confirmed a reservation, the Carrier may deny boarding to other Passengers against their will, in which case they must provide compensation, reimbursement and assistance under the terms indicated in the following point.

IX.II Right to compensation

In the event of cancelations, interruptions or delays in which reimbursement has not taken place, or in the case of any other event attributable to the air carrier, and in the context of overbooking, an alternative transport shall be provided and, if this is not possible, the Passenger shall be compensated in accordance with the following:

1. Delays. When there is a delay in the start of the flight (or during take-off) and, therefore, the scheduled time of the authorized flight is not complied with, the following shall be considered:
 - a) When the delay is more than two (2) hours and less than four (4) hours, the Passenger shall be provided with a snack and a free communication by the most appropriate means, equivalent to a telephone call not exceeding three (3) minutes, to the Passenger's chosen destinations.

- b) When the delay is more than four (4) hours and less than six (6) hours, in addition to the above, the Passenger must be provided with food (breakfast, lunch or dinner, depending on the schedule); and,
 - c) When the delay is more than six (6) hours, in addition to the above, the Carrier must compensate the Passenger in accordance with the provisions of paragraph e) of this numeral. In this case, the Carrier must also provide lodging in cases when overnight stay is necessary, transportation costs, or reimbursement (immediately if they are not in their usual place of residence), at the Passenger's choice, unless the Passenger voluntarily agrees to extend the wait when it is foreseeable that the flight will take place within a reasonable time.
2. Interruption of transport. In the event of interruption of transport, if the Passenger does not opt for the refund of the proportional part of the price corresponding to the leg not covered, they will be compensated for the delay until the restart of the trip, as indicated in paragraph a) above as appropriate.
 3. Cancellation. In cases where the Carrier decides to cancel the flight when the Passenger has confirmed reservation, and the net value of the ticket has not been reimbursed or a substitute flight has not been obtained for the same day, the Carrier will cover the costs of accommodation where overnight stay and transfer is necessary. In addition, if there is a delay before the cancellation of the flight, the Passenger will receive the compensation provided in subparagraph a) above, as appropriate.
 4. Overbooking. If boarding is denied due to overbooking, and the Passenger has a confirmed reservation and has punctually shown up at the airport, the Carrier must arrange for the Passenger to travel to their final destination on the next flight that has available space from the Carrier itself, on the same date and route. In the event of not having any available flight, the Carrier must make the necessary arrangements on its own behalf, to embark the Passenger on another air carrier as soon as possible.
 5. Additional compensation. The Carrier must compensate the Passenger with a minimum amount of 25% of the value of the missing route, payable in cash or in any other form accepted by the Passenger, such as tickets on the routes of the Carrier, vouchers for the purchase of tickets, recognition of miles, etc., in the following cases:
 - a) Overbooking, if there is no direct agreement with the Passenger by which they agree not to travel voluntarily on the scheduled flight.
 - b) Delay of more than six (6) hours of the scheduled time, due to causes attributable to the Carrier.

For the purpose of calculating the cost of the journey to be compensated, the net value of the ticket paid shall be multiplied by the ratio of the distance of such journey over the total distance.

6. Transit and Connections The above compensations shall also apply as appropriate to Passengers in transit or in connection flights, who cannot continue their trip for reasons attributable to the Carrier.

IX.III Endorsement of Air Ticket

For domestic flights in Peru, in any mode, Passengers may endorse or transfer the purchased service in favor of a third party that is fully identified. Likewise, Passengers may postpone the contracted flight as agreed, and must give prior and reliable notice to the Carrier no less than twenty-four (24) hours prior to the scheduled date and time of the contracted flight. The Passenger may request these changes through the Contact Center, paying only for the expenses related to the issuance of the new air ticket, which must not exceed the actual cost of such issuance, including the fare difference, if any. In case of delay of the contracted flight, the request for a new date will be subject to the availability of flight and space in the Carrier's aircraft on the requested date.

Likewise, if the Passenger purchases round-trip air tickets or air tickets for multiple destinations or segments and is not going to use any of the segments, the Passenger shall have the right to use the following destinations or segments, unless the consumer has another reservation or air ticket for the same route between the dates included in the air ticket which segment the Passenger wishes to maintain, by notifying the Carrier at least twenty-four (24) hours prior to the departure of the first flight.

X. ARGENTINA: PASSENGERS' RIGHTS ACCORDING TO MEYOSP 1532/1998 RESOLUTION, APPLICABLE TO OPERATIONS IN ARGENTINA.

X.I Denied boarding and delayed baggage claim

In case of denied boarding due to overbooking, the Passenger shall have the rights set forth in the corresponding regulations of the Argentine jurisdiction, applicable to Passengers boarding from/to Argentina and domestic transportation, as the case may be.

If due to operational, technical or commercial circumstances, the Carrier cancels or delays a flight or baggage claim for more than FOUR (4) hours, or denies boarding because they cannot provide previously confirmed space (overbooking), or fails to make a stopover at the Passenger's stopover or destination point, or causes a Passenger to miss a connecting flight for which they had a confirmed reservation, the Passenger shall be entitled to:

1. Mandatory placement on the immediate subsequent flight of the same Carrier to their destination, or
2. The endorsement of their transport contract, including confirmed space connections, when it is acceptable for the Passenger, or
3. Be taken on another route to the destination indicated in the contract, on the services of the Carrier or on the services of another carrier, or by another means of transport. In the latter cases, subject to space availability.

If the total of the fare, excess baggage charge, and any other applicable service fee for the new route is higher than the refund value of the ticket or applicable portion of the ticket, the Passenger will not pay any additional fare or charge and the Carrier will refund the difference if the fare and charges for the rescheduled route are lower:

1. Compensation for denied boarding according to Carrier regulations,
2. the immediate refund, if applicable, of the price of the unused transport contract, in accordance with the payment methods used.

Those Passengers who voluntarily and expressly accept the compensation for denied boarding and to engage in transport under any of the conditions detailed in this paragraph, shall not be entitled to make any subsequent claim to the Carrier, without prejudice to being benefited with the incidental services provided by the Carrier at their expense in this situation.

In addition, the Carrier shall provide the Passenger with the following incidental services free of charge:

1. Telephone or cable communication to the destination point and local communications.
2. Meals and snacks according to the waiting time until boarding another flight.
3. Hotel, airport or city accommodation when the delay of a flight exceeds FOUR (4) hours.
4. Ground transportation to and from the airport.

The Carrier shall be exempt from providing the above-mentioned incidental services to its Passengers in cases where, as a result of weather conditions, the flight is canceled or delayed, baggage delivery is delayed, a stopover cannot be made at the Passenger's stopover or destination point, or a connecting flight for which a confirmed reservation was made is missed. However, in such cases, the Carrier shall make every effort to ensure that the Passenger is adequately and truthfully informed of the delays caused by such circumstances until the service is provided or resumed or re-routed through the services of another Carrier or alternative means of transport.

XI. BRAZIL: PASSENGERS' RIGHTS ACCORDING TO THE AIR LEGISLATION REGULATING AIR TRANSPORT IN BRAZIL: FEDERAL CONSTITUTION, BRAZILIAN AIRCRAFT CODE, CIVIL CODE, CONSUMER PROTECTION CODE AND ANAC (NATIONAL AGENCY NATIONAL AGENCY)RESOLUTIONS

Currently in Brazil, in addition to the specific provisions that apply to national air transport (within the Brazilian national territory), established in the rules mentioned above, we highlight the rules that refer to the "General Conditions of Air Transport", regulated by the Resolution No. 400/2016 and No. 280 of the National Civil Aviation Agency - ANAC. Air transport is also governed by the Montreal Convention (Decree 5910/2006).

These rules define the new rights and duties of air Passengers and consolidate the relevant regulations. Below, the main rules applicable to air transport in Brazil are presented:

XI.I Obligations prior to air transport

1. Information regarding the flight offer

The company must inform in detail, in Portuguese, to allow the Passenger to understand immediately, easily and clearly all the services they offer and also clarify:

- a) The total amount (ticket price and taxes) to be paid in national currency, as well as the final amount;
- b) All transport rules, as well as the cancellation and modification of the contract with possible penalty;
- c) Time of stopover and connection and eventual change of airports; and
- d) Baggage allowance rules sent and the amount to be paid in case of excess baggage

The carrier will offer the Passenger at least one ticket option in which the fine for reimbursement or change of reservation does not exceed 5% of the total value of air transport services

2. Air ticket receipt.

The airline must present to the Passenger a proof of purchase that contains: name and surname of the Passenger, date and time of flight, procedure and time of boarding, products and services purchased and validity of the ticket (if it is within a period of one year).

3. Correction of name in the air ticket

The error in the name or surname must be corrected by the airline without charge, at the request of the Passenger, if the Passenger requests this until the time of check-in. In case of an error in the name on an international interline flight (provided by more than one airline), the correction costs can be transferred to the Passenger.

4. Breach of contract by the Passenger

It is forbidden to charge a fine in excess of the ticket amount, and airport fees cannot be part of the calculation of the fine. In case of reprogramming the ticket, the Passenger must pay or receive: the variation of the airport fare (if applicable); and the difference between the value of the services at the time of hiring and the amount offered at the time of reprogramming.

5. Right to withdraw the purchase of the ticket

The Passenger may withdraw the purchase of the ticket within 24 hours after reception of the air ticket receipt, free of charge, provided that the purchase occurs more than 7 days before the date of boarding.

6. Change scheduled by the Carrier

Scheduled changes must always be informed to Passengers as soon as the company knows about them and at least 72 hours before the flight.

When the time change occurs with less than 72 hours of flight time or more than 30 minutes (domestic flights) and 1 hour (international flights) from the originally booked time and the Passenger does not agree, the airline must offer relocation in a similar Carrier without charge or a full refund.

If the airline does not notify in time to prevent the Passenger from showing up at the airport, they will provide material assistance by offering the following options: accommodation, full reimbursement and provision of the service by other means of transport.

7. Baggage allowance

For dispatched luggage, franchises are released. As for hand luggage, the carrier must allow a minimum franchise of 10 kilos.

The carrier will inform Passengers which baggage will be subject to special clearance procedures and baggage that does not fit may be rejected or subject to a cargo contract.

Freight and animal transport must follow their own contracting regime and clearance procedures.

XI.II Execution of Air Transport

1. Boarding documents.

a) If the Passenger is Brazilian:

- i. On domestic flights, the Passenger can present any official document that allows identification. Certified copies of the documents are accepted.
- ii. On international flights for Brazilians, a valid Brazilian passport must be presented. In the case of trips to Argentina, Uruguay, Paraguay, Bolivia, Chile, Peru, Ecuador, Colombia and Venezuela, the Civil Identity Card (RG) issued by the Secretariats of Public Security of the State or of the federal District is also accepted as a travel document.

b) Foreigner Passengers

- i. Domestic flights require a passport or foreign identity card - CIE (RNE). The diplomatic or consular identity or any other legal travel document is also accepted in accordance with Decree No. 5.978/2006 or as a result of international agreements signed by Brazil.
- ii. On international flights, a passport or civil identity card (GR) is mandatory for citizens of Mercosur countries.

In case of loss or theft of documents, children and adolescents, please visit: <https://www.anac.gov.br/assuntos/passageiros/novas-regras/documentos-para-embarque>.

2. Special baggage value declaration procedure

The Passenger must inform the carrier if he carries in the dispatched luggage goods that exceed the value greater than 1,131 SDR (Special Drawing Rights). In this case, the company can charge the Passenger the payment of an additional amount or insurance.

3. Passenger's obligations.

For the execution of air transport, The Passenger has the obligation to:

- a) Show for boarding with all the required documentation and at the time established by the Carrier;
- b) Comply with all requirements related to transportation, such as obtaining a visa, vaccination certificates, etc.
- c) Follow the Carrier's notices.

4. Prohibition of automatic cancellation of the return leg.

In international transport, if the Passenger does not use the initial leg, the Carrier can cancel the return leg. In national transport, the non-assistance of the Passenger in the first leg of a round trip flight will not result in the automatic cancellation of the return leg, provided that the Passenger notifies the airline of the 'no show' until the scheduled time originally from the outbound flight.

5. Delay, cancellation and interruption of services

The carrier must immediately inform the Passenger through the available means of communication about delays, cancellations and interruptions of the service. The airline must also keep the Passenger informed, at most, every 30 (thirty) minutes of the scheduled flight departure time in case of delay.

Information on the reason for the delay, cancellation, interruption of the service and the denial will be provided in writing by the Carrier whenever requested by the Passenger.

The Carrier will offer the alternatives of accommodation, reimbursement and provision of the service by other means of transport, and the Passenger must choose, in the following cases: flight delay of more than four hours from the schedule originally agreed; flight cancellation or service interruption; denied boarding to Passengers; and the subsequent missed flight by the Passenger on connecting flights, including the change of airport, when the responsible for these missed flights is the Carrier.

6. Financial compensation in case of denied boarding (overbooking)

Whenever the number of Passengers for the flight exceeds the availability of seats in the aircraft, the airline will seek volunteers to be accommodated on another flight after the negotiated compensation between the volunteer Passenger and the airline, and the airline may condition the payment of the Compensation to signing a specific acceptance document. The rearrangement of volunteer Passengers on another flight when accepting compensation will not constitute denied boarding.

If there is no consensus between the airline and the Passenger who showed up at the scheduled time and was denied boarding, the airline must immediately make the payment of the financial compensation to the Passenger, which can be done by bank transfer, voucher or cash, 250 SDR (Special Drawing Rights) for domestic flights and 500 SDR (Special Drawing

Rights) for international flights, in addition to the provision of other assistance provided for in the rules that govern.

7. Material assistance

In cases of delay, cancellation, interruption of service or denied boarding to Passengers, the airline must provide material assistance to the Passenger, which consists of: right to communicate after one hour of delay, food, after two hours of delay, and following alternatives, after four hours of delay, at the Passenger's choice: accommodation, full reimbursement or provision of the service by another means of transport.

In the case of a Passenger in Need of Special Assistance - PNAE and its companions (Resolution 280 of 2013), material assistance will be provided regardless of the overnight requirement, unless it can be replaced by accommodation in a place that meets their needs and with the agreement of the Passenger or companion.

The right to material assistance cannot be suspended in cases of force majeure or unforeseen event.

However, the Carrier can stop offering accommodation service to the Passenger who resides in the city of the airport of origin, guaranteeing a round trip transfer. The airline can also stop providing material assistance when the Passenger decides to redeem the flight of the airline which will be on the date and time at the Passenger's convenience, or reimburse the entire air ticket.

8. Rearrangement

The rearrangement will be free, will not cancel the transport contracts already signed and will have priority over the conclusion of new transport contracts, and must be carried out at the Passenger's choice as follows: (1) on their own or third party flights to the same destination as soon as possible; or (2) on the airline's own flight that will take place at the Passenger's date and time of convenience. Passengers in Need of Special Assistance: PNAE (and their companions) will have priority in rearrangement.

9. Deadline for reimbursement

The air ticket reimbursement must comply with the payment methods used to purchase the air ticket and also the following:

- a) In cases of reimbursement, airport charges and amounts paid to government entities will be fully reimbursed.
- b) For cash purchases, the refund must be made within 7 days;
- c) For purchases with a credit card, the company will have 7 days to start the reimbursement process through the credit card companies;
- d) For purchases through a travel agency, the airline will be responsible for authorizing the remaining credit of the ticket within 7 days after the request for a refund, which will begin with the travel agent's notice.

In case of flight delay, flight cancellation, interruption of service or denied boarding to the Passenger, the refund will be given as follows: total, if requested at the airport of origin,

stopover or connection, ensuring, in these last two (2) cases, the return to the airport of origin; proportional to the unused section, if the trip already completed is beneficial to the Passenger.

The reimbursement can be given in the form of credits for the purchase of air tickets, through the agreement of the Passenger and the credit and its validity will be informed to the Passenger in writing. The free use of the credit must be guaranteed, even for the purchase of air tickets for third parties.

XI.III Obligations after air transport

1. Provisions in case of loss, damage and violation of baggage.
Receipt of checked baggage, without receiving the Passenger's complaint, will constitute a presumption that it has been delivered in good condition.

In the event luggage is lost, the Passenger must immediately file a complaint. In cases where the Passenger finds the violation of the contents of the luggage or its malfunction, he must file a complaint to the Carrier within 7 (seven) days after the baggage claim.

The deadline to return lost luggage at the place indicated by the Passenger is 7 days on a national flight and 21 days on an international flight. If the airline does not find the luggage within the specified time, they will have up to 7 days to pay the due compensation to the Passenger.

The Carrier must, within seven (7) days from the date of the complaint, take one of the following measures, as appropriate: repair the damage caused, when possible; replace damaged luggage with another equivalent; compensate the Passenger in case of violation.

In case of lost luggage, the reimbursement of eventual expenses will be given to the Passenger who is outside their home, within 7 (seven) days after the presentation of proof of expenses. The contractual rules must establish the form and daily limits of reimbursement, and if the luggage is not found: I - the reimbursement of expenses can be deducted from the amounts paid as final compensation (subject to the limit of 1,288 SDR); II - the Carrier will reimburse the Passenger for any additional amount eventually paid for the transport of luggage. The carrier may offer reimbursement credits and reimbursement services at the Passenger's discretion.

Damage caused to a shipped fragile item may not be compensated by the Carrier, as stipulated in the transport contract.

2. Attention to Passengers
The airline must make available to the user at least one electronic service channel to receive complaints, request information, contractual alteration, cancellation and refund.

The carrier that registers less than 1,000,000 (one million) Passengers transported in the previous year may continue to operate the Customer Service Center (SAC for its acronym in Portuguese) for telephone service on the days it operates flights in Brazil and during business hours.

The airline will provide a face-to-face service at the airport to respond to requests for information, questions and complaints from users, as well as their obligations arising from flight delay, flight cancellation, service interruption and Passenger's denied boarding. This attention can be carried out in a separate and duly identified place or in the check-in sector at the discretion of the Carrier, and will operate for at least 2 (two) hours before each takeoff and 2 (two) hours after each landing; This will remain available as long as there is an operation and a need in cases of flight delay, flight cancellation, service interruption and Passenger's denied boarding.

The information requested by the Passenger must be provided immediately and their complaints must be resolved within a maximum period of ten (10) days from the registration, subject to the specific deadlines contained in current legislation.

The airline must respond, within (ten) days, the user's statements sent by the electronic service system adopted by ANAC - www.consumidor.gov.br.

XII. COLOMBIA: PROVISIONS APPLICABLE TO PASSENGERS OPERATING IN COLOMBIA UNDER THE AERONAUTICAL REGULATIONS OF COLOMBIA.

XII.I Presentation of Passenger at the airport

The Passenger must show up at the departure airport and check in within the time indicated by the Company at the time of purchase of the ticket or the reservation. In the absence of such indication, they have to do so at least one (1) hour prior to the departure of domestic flights and two (2) hours prior to the departure of international flights; these times shall be doubled during high season periods.

Denied boarding and Limitations on Transportation

Without prejudice to other circumstances established by the Company in accordance with the applicable regulations, the transportation of a Passenger may be denied or limited when:

1. The Passenger is in a mental or physical health condition that according to the airline's judgment may pose a risk to the Passenger, other Passengers, crew or property.
2. The Passenger has resisted to undergo a security check.
3. The Passenger has not paid the fare, taxes, fees, applicable contributions, additional services or other costs and expenses they are obliged to pay.
4. The Passenger fails to provide the required travel and identification documents, destroys their documents during the trip or refuses to hand them over to the airline personnel or the competent authorities, when required to do so.
5. The Passenger presents a Ticket: (i) purchased against the law and these provisions; and (ii) that has been purchased through a person not authorized by the Airline; (iii) that has been issued or modified by someone other than the Airline or without the Airline's authorization.
6. The Passenger cannot prove by means of a valid photo ID that he/she is the person whose name appears on the Ticket.
7. Safety measures, provisions or filters determined by the airport are violated.

8. The Passenger fails to comply with the airline's security checkpoints and/or causes forced access to the aircraft.
9. The transport of minors in incubators is not permitted.

In exercise of this discretionary right, the Company may refuse to provide the transportation service and shall not be liable for any expenses incurred by the Passenger as a result.

If a Passenger is denied boarding for any of the reasons mentioned in this section, the Ticket price will not be refunded, except as provided in the applicable regulations.

XII.III Reimbursements

There will be reimbursement or other compensation, according to the conditions and terms established by the Company in accordance with the applicable legal framework in the event that due to JetSMART's responsibility the flight cannot start or must be suspended after having started, due to delays, cancellations or diversion of the flight.

1. When a Passenger of the Company dies before the start of the trip, full reimbursement will be made as long as JetSMART is able to prove it.
2. The Passenger must take into account that: (i) there are Promotional Fares that do not allow Ticket reimbursement.
3. Right to withdrawal: When services have been purchased with the airline through financing systems granted by the producer or supplier, sale of timeshares or sales using non-traditional or remote methods, which have not begun to be executed before five (5) days, the consumer may withdraw from the purchase within five (5) business days following the purchase.
4. Withdrawal: The Passenger may cancel the trip up to 24 hours before the beginning of the trip, as long as the Contract of Transport originates in Colombia. The Carrier may retain up to 10% of the value of the fare, excluding fees, taxes and administrative fee. The foregoing shall not apply in the case of Promotional Fares.
5. Withdrawal shall not apply for Promotional Fares.

XIII. URUGUAY: PASSENGERS RIGHTS ACCORDING TO THE URUGUAYAN AERONAUTICAL CODE AND THE REGULATIONS APPLICABLE TO OPERATIONS

XIII.I. Denied boarding due to overbooking

In case of denied boarding due to overbooking, the Passenger shall have the rights established in the Uruguayan Aeronautical Code, the Montreal Convention (Law 18.169) and other relevant provisions. Other Passengers' rights and obligations, JetSMART Airlines' limits of liability and general conditions of the air transportation contract, which are informed and accepted at the time of purchase and which are part of the Ticket, can be downloaded and printed at: <https://jetsmart.com/cl/es/tyc/condiciones-generales>.

In the event that the Carrier foresees that they will have to deny boarding to one or more Passengers who have shown up in a timely manner and whose Ticket was previously confirmed on a given flight due to overbooking, they must first request that volunteers show up to give up their reservations in exchange for certain benefits and compensation to be agreed between the volunteers and the Carrier.

If there are not enough volunteers to give up their seats so that the remaining Passengers holding a confirmed ticket can board the corresponding flight, the Carrier can deny boarding to one or more Passengers against their will. These Passengers will have the right to:

1. Passenger's choice:
 - a) Board the next available flight provided by the carrier, or in an alternative transport, if they decide to persist in the air carriage contract;
 - b) To receive reimbursement of the full amount paid for the ticket if the Passenger withdraws from the air transportation contract only if the trip has not begun; or
 - c) If the trip with stopovers and/or connections had already started, the Passenger can choose to:
 - i. Board the next available flight provided by the carrier, or in an alternative transport, if they decide to persist in the air carriage contract;
 - ii. Receive a refund of the unused part; or
 - iii. Return to the starting point and receive reimbursement of the ticket price.
2. On international flights, to receive compensation of an amount limited to 5,346 Special Drawing Rights (from the International Monetary Fund) per Passenger, as stipulated in the Montreal Convention (Law 18,169) and applicable regulations. Such limit shall not apply if it is proved that the damage is the result of an act or omission of the Carrier or its employees or agents, with intent to cause damage, or recklessly and knowing that it would probably cause harm; provided that, in the case of an act or omission of an employee or agent, it is also proved that they acted in the exercise of their functions.

The compensation shall not apply if the Carrier proves that they, their employees and agents took all the reasonably necessary measures to avoid the event causing the delay, or that such measures were impossible for the Carrier, their employees or the agents to take.

Regarding the above compensations, Passengers must keep in mind:

- a) A Passenger who accepts such compensation may not subsequently take any action against the Carrier for the same act.
- b) If, in accordance with the provisions of 1a of point 1 above, the Passenger is embarked on the next flight the Carrier has available, and the difference in departure time with respect to the flight originally booked is not more than three hours, no compensation shall be granted for denied boarding.

3. If the Passenger decides to continue with the contract in the event of denied boarding, they shall be entitled to receive the following assistance from the Carrier:
 - a) Communications that the Passenger needs to make, whether by telephone, electronic or other similar means, if there is a difference of more than four hours in the scheduled time of departure for the flight initially booked;
 - b) Meals and snacks until boarding of the other flight, if there is a difference in the scheduled departure time of the originally booked flight of more than four hours;
 - c) Accommodation for return and outbound Passengers who were denied boarding at a connecting point, who do not reside in the city, town or area of the departure airport, in the event that they are offered a new flight, of which the departure is at least on the day following the scheduled departure on the Ticket, provided that the Passenger must stay one or more nights, and the waiting time to board the other flight requires it. For these purposes, "night" shall be defined as the time between midnight to 6 a.m.;
 - d) Transfer from the airport to the Passenger's place of residence in the city, town or area surrounding the departure airport, or to the place of accommodation, and back again, if applicable; and
 - e) The necessary arrangements and services to continue the trip, in case the Passenger misses a connecting flight that has been confirmed.

For the purposes of this section, a Ticket shall be considered as confirmed, with respect to the points of departure and destination indicated therein, including intermediate points of connection or stopover, to the extent that it is established that the reservation or the Ticket has been accepted and registered by the Air Carrier or its authorized agent. "Stopover and/or connecting journey" is understood as a journey which includes a point of departure and one or more intermediate points of stopover and/or connection on arrival at the destination, when these are part of the same contract.

Without prejudice to other additional services that the Carrier may offer, depending on the circumstances and the special condition of the Passenger, in the event of denied boarding the Carrier shall embark, as a priority, unaccompanied children, people with disabilities, elderly or health-sensitive Passengers, pregnant women who, due to their condition, require preferential boarding and, in general, Passengers who, for humanitarian reasons qualified by the Carrier, must be embarked first.

XIII.II Delays and cancellations

The Carrier is required to comply with transporting Passengers on the date, schedule and other agreed terms and conditions. However, the Carrier can suspend, delay and cancel the flight or modify these terms and conditions on grounds of force majeure or for safety reasons such as bad weather, armed conflicts, civil unrest or threats against the aircraft. In such cases, any of the contracting parties may rescind the contract, being each one responsible for their own losses.

Notwithstanding the foregoing, in the event of delay or cancellation of a flight, the affected Passenger shall have the rights conferred by the regulations in force and in any case, the Carrier's

liability shall be limited to 5,346 Special Drawing Rights (of the International Monetary Fund) per Passenger, as stipulated in the Montreal Convention (Law 18,169) and applicable regulations.

The compensation shall not apply if the Carrier proves that they, their employees and agents took all the reasonably necessary measures to avoid the event causing the delay, or that such measures were impossible for the Carrier, their employees or the agents to take.

XIV. EMERGENCY CONDITIONS DUE TO COVID-19

Each leg/route of the Ticket is independent and does not require to be used in the order issued. Each Ticket is valid until the date and time of travel.

The company can deny the transport in any of the legs, if the contracted fare has not been paid (in whole or in part), the Ticket has been obtained in violation of the law and/or the Passenger does not have the necessary documentation and/or requirements to travel.

Group bookings

A group booking shall be understood as a reservation of tickets for 10 or more Passengers. Group bookings must be done through the "Group Bookings" section at www.jetSMART.com

For group reservation requests, the number of Passengers must be indicated, and the list with the names of each Passenger will remain blank until the names are entered directly by the client at jetSMART.com through the "Manage your trip" section. Names must be entered no later than 72 hours prior to the flight for the check-in process and may be changed free of charge up to 24 hours prior to the flight. Thereafter, the change of name of any of the Passengers shall be governed by the general rule applicable to the SMART fare, and the customer shall pay the cost of the change service at the applicable rate on the date of request and in accordance with the conditions in force at that time. There will be no right to refund or price decrease in case one or more names of the Passengers of the reservation have not been informed within the deadline.

The registration of the list and individualization of the Passengers benefiting from Group Booking Tickets shall be the exclusive responsibility of the person who made the reservation, and the check-in and boarding of such Passengers shall not be allowed unless the respective list has been communicated in writing to the Carrier at least 24 hours prior to the date of the flight.

The group booking may be paid in full at the time of booking ("Group Booking with Full Payment") or you may choose the option of booking with partial payment ("Group Booking with Partial Payment").

The Group Reservation with Partial Payment option will only be granted to those quotations made 60 days or more prior to the flight date of the first leg of the reservation.

Once a Group Reservation with Partial Payment has been made, the client will have 48 hours to pay an amount equivalent to 10% of the total value of the reservation. Only after such payment is made will the reservation be deemed to have been made and will remain in effect until 30 days prior to the date of the flight, within which time the customer must have confirmed the reservation by completing the payment of the reservation, i.e. paying the remaining balance of the reservation cost (including the costs of any applicable taxes, charges or aeronautical fees).

If on the 30th day before the date and time of the flight (720 hours before the flight) the client has not confirmed their Group Reservation with Partial Payment by completing the payment in the terms indicated, the reservation will be automatically cancelled in full, and the client will not be entitled to a refund or reimbursement of the partial payment made. In this case, the total amount paid at the time of making the Group Reservation with Partial Payment will be retained for the benefit of JetSMART, as a compensation.

Understanding the above, JetSMART is pleased to offer the following benefit to our group customers: the option to cancel reservations without incurring in penalties and receive a refund of up to 100% of the paid amount, provided that the request is made at least 60 days prior to the date of the first part of the flight. This refund can be processed through a Gift Card or credit to the portal account for future purchases in JetSMART.

It is necessary to highlight that the benefit described above is exclusively for groups of up to 50 passengers, and only applies to 1 reservation per flight (multiple reservations for the same flight by

the same customer will not be allowed). Both the Gift Card and the credit to the portal account will be valid for 6 months from the date of issuance or credit; after this period, any remaining balance will be retained for the benefit of JetSMART as compensation, without exceptions.

JetSMART reserves the right not to grant this retraction to those customers who have been identified with bad practices and abuse of this policy.

Notwithstanding the foregoing, the amount corresponding to taxes, charges or aeronautical rights paid by the client, in the case of Group Reservations with Total Payment, are exempted, in accordance with the law, which will be reimbursed through www.jetsmart.com or in the manner provided for in the applicable law.

It is expressly stated on the record that in case of non-use or request for refund or cancellation of the Group Reservation with Partial Payment, the total amount paid at the time of making the Group Reservation with Partial Payment will be retained for the benefit of JetSMART, as a compensation. No part of the partial payment made by the customer in this type of reservation will be assigned to the payment of taxes, charges or aeronautical rights.

For group bookings, air tickets will only be issued once full payment has been made, including the corresponding taxes, charges or aeronautical rights, in accordance with the terms and deadlines indicated in these Conditions.

Changes to group reservations shall be governed by the provisions of the following paragraph, allowing changes of date, flight and route, subject to the payment, for all Passengers, of the total amount of the corresponding fine plus the difference in fares, if applicable.

Changes

All fares allow changes of date, flight, route and name, subject to payment of fines and/or fare difference as appropriate.

The changes are per Passenger and per leg and can be made up to one hour before the flight departure time through the Contact Center. Changes at the airport will not be allowed, nor will changes after the flight.

- For changes to the date, flight or route, a fine of \$15,000 CLP must be paid for flights within Chilean territory, AR \$899 for flights within Argentine territory and \$24 USD for international flights, and up to \$65USD for flights from and to Colombia, all of which are per Passenger for each leg plus the difference in fare, if applicable.

Once the trip has begun, the name of the Ticket cannot be changed for any of the legs contained in the itinerary. In the case of reservations that include round trip flights, the request for a change of name must necessarily be made on both flights (legs), and the same person must be designated as the beneficiary of both tickets.

Notwithstanding the foregoing paragraph, changes of name relating to Air Tickets issued from a group reservation (understood as a reservation of tickets for 10 or more Passengers), will not be subject to the fine indicated above, provided that the request for change of name is communicated to the Carrier at least 24 hours prior to the date of the flight, in the terms indicated under the aforementioned heading (Group Reservations).

If the change is for a lower value service, the difference may be used to pay the fine or additional optional services.

All optional services are kept for the new flight. If the Carrier is unable to confirm an optional service, it can be changed for the most similar option. If there is a balance in favor due to differences in the value of optional services, or if it cannot be confirmed in any category, this balance may be used as credit for the ticket change fine, without exceeding the value of the fine. Any excess balance will be in favor of JetSMART Airlines, not admitting any refund or use.

Refunds

Tickets and optional services are not refundable, except for those case of withdrawal expressly provided by the applicable law. In case of not taking the flight due to causes attributable to the Passenger, they can only request the refund of all boarding fees and taxes in accordance with the law, which will be refunded through the Carrier's website or in the way stipulated in the applicable law.

- For flights to or from Brazil, there is a fare that offers the possibility of reimbursement, this ticket can be purchased exclusively through the Call Center service.

Freeze your price

" Freeze your price" is an option that JetSMART may offer the customer in the purchase process of their tickets at www.jetsmart.com after they have selected their flights and chosen the Pack of optional services, and that allows the customer to freeze the final price of their reservation and keep it available for a period of 24 hours or 48 hours, depending on the customer's choice, paying the value corresponding to the chosen option.

Freeze your price therefore allows the customer to purchase a reservation within the selected freeze period while maintaining the final price and availability of the reservation, thus avoiding the risk of a price increase and ensuring availability on the selected flights within the freeze period.

The optional service Freeze your price selection will apply to all Passengers and legs of the booking.

The value of the Freeze your price option is for each Passenger and for each leg of the reservation, which will be informed during the purchase process, detailing the final price and conditions of the same before completing the purchase of the option.

The value of the Freeze your price option is not refundable or reusable for another reservation, nor will it be deducted from the price of the reservation at the time of purchase and full payment.

Set the Price allows you to keep available only the price of your reservation. The values of the options that were available on the date of the reservation but were not selected and included in the reservation will not be frozen. For better understanding of the above, in the event that the customer has selected the Pack Vuela Ligero ("Flight Light Pack" whose price is included in the value of the ticket), the price of any optional service available at that date at www.jetsmart.com will not be frozen, but only the final price of the Pack Vuela Ligero reservation. In the event that the customer has selected a SMART Pack or a FULL Pack, and contracts the Freeze your price option, the final price of the full Pack will be frozen, including the respective options included in each of them, but the price of any additional option not included in the respective Packs, which may have been available at www.jetsmart.com, will not be frozen.

The Freeze your price option is not offered on all JetSMART flights, and the company reserves the right to offer or not this option during the purchase process of its flights at www.jetsmart.com. Freeze your price is not available through the Contact Center. It is only available for purchases at www.jetsmart.com.

Freeze your price will only be available on flights determined by JetSMART, and provided that the quotation is made at least seven (7) calendar days prior to the first flight of the reservation.

For the purchase of the optional Freeze your price the client will only enter their data and will not have to input the list of all the Passengers of the reservation, this will only have to be done at the moment of purchasing the tickets and paying the total amount of the reservation.

The customer who has purchased the Freeze your price option must purchase the tickets and pay the full amount of the reservation within the selected freezing period, i.e. within 24 hours or 48 hours from the time of purchase of the option, as the case may be. The purchase and payment of the reservation whose price has been frozen must be completed in the "Manage your trip" section at www.jetsmart.com within the corresponding freeze period, by entering your name and surname or e-mail address and reservation code.

In the event that the client does not pay the total value of the reservation within the selected freezing period, the validity period of the option will expire and the right to freeze or change the price and availability of the reservation will end without the right to any refund or reimbursement for the client of the value paid for the Freeze your price option. The customer will not be able to extend the freezing period of the price and/or availability of the flights, therefore, after the expiration of the optional period without making the purchase and full payment of the reservation. The customer will have to quote their flights again subject to the values and availabilities informed at www.jetsmart.com at the date of the new quotation.

We will send a reminder to the customer prior to the expiration of the selected price freeze period, so that they can plan ahead and make the purchase and payment of their reservation before the expiration of the freeze period. The reminder will only be sent by e-mail to the e-mail address provided by the customer at the time of the purchase of the optional, being the customer responsible for any error that may contain the e-mail address entered at the time of registration. Without prejudice to the foregoing, it will be the customer's responsibility to make the purchase and payment of their reservation before the expiration of the informed deadline, regardless of the reminder that JetSMART may send as part of its service commitment. Consequently, in the event that for any reason the customer does not receive a reminder from JetSMART, this shall not give rise to any claim or liability for the company.

The optional Freeze your price does not ensure that the flights quoted may not drop in price at www.jetsmart.com even during the freeze period, JetSMART maintaining the right to carry out any commercial or promotional action in relation to such flights, in accordance with the law. In the event that the frozen price is higher than the price published during the freeze period, the customer may choose not to use the frozen price with the optional and make a new quotation and purchase their tickets at the then available value at www.jetsmart.com subject to flight availability, without the right to any refund or reimbursement to the customer of the value paid for the unused Freeze your price optional.

The Freeze your price option does not allow refunds or changes of any kind, even when the FlexiSMART option has been included in the quotation, which will only apply to the reservation once it has been purchased and paid in full.

The right granted by the Freeze your price option is personal and non-transferable, to the customer who made the purchase of the option and who must be included in the reservation, and upon completing the payment of the reservation within the freezing period, the customer must remain in the reservation and may not modify the total number of Passengers, nor the flights, destinations and/or segments selected, in accordance with the quotation for which the Freeze your price option was contracted. Once the reservation has been purchased and paid in full, before the expiration of the freezing period, the tickets and options purchased will be governed by the general conditions and particular regulations, without any right or benefit for the Passenger derived from the Freeze your price option used in its purchase.
