(Ch. 108 1/2, par. 1-110 and new par. 1-110a)

Amends General Provisions Article of the Illinois Pension Code to prohibit a fiduciary with respect to a retirement system or pension fund from investing in any firm which has outstanding loans to the Republic of South Africa. Permits the sale of such investments to extend over a period of 3 years. Requires an annual report listing all South Africa-related investments to be filed with the Secretary of the Senate and the Clerk of the House of Representatives.

PENSION IMPACT NOTE

The financial impact of SB-45 cannot be determined. The restriction on investments can be expected to affect the long-term rates of return for the pension funds. If reductions resulted they ultimately would need to be made up through higher employer contributions.

abolished. Permits such investments to continue for 3 years from effective date of this amendatory Act. Amends Act in relation to State moneys to provide that a bank shall be disqualified as a State depository upon making a loan to S. Africa, a corporation organized under the laws of S. Africa or any company for the purpose of investment in S. Africa and prohibits the State Treasurer from investing State money in any savings and loan association unless the savings and loan pledges not to make any such loan, until apartheid is abolished.

PENSION IMPACT NOTE

The financial impact of SB-0046 cannot be determined. The restrictions on investments can be expected to result in less diversification which could affect long-term rates of return for the pension funds. Any change in the rates of investment return earned by the funds would ultimately affect the level of employer contribution. Significant transaction costs could be involved with the required divestiture.

Amends the Prevailing Wage Law. Provides the generally prevailing wage rate for public works shall be the mean hourly cash wage paid in the locality to employees engaged in work of a similar nature on public works and other projects, rather than the prevailing hourly wage generally paid in the locality to employees engaged in work of a similar nature on public works. Expands the area generally constituting a locality from the county in which the physical work upon public works is to be performed to the area from which the public body may reasonably expect to generally draw laborers, workers and mechanics to perform such work, and makes other changes related to such expansion. Centralizes, under the exclusive jurisdiction of the Department of Labor, the process by which prevailing wage rates are determined and by which prevailing-wage-rate determinations are challenged. Currently, public bodies other than the Department may also determine such rates. Specifies associations of employers and associations of employees as persons for the purposes of objecting to prevailing-wage-rate determinations.

(Ch. 24, par. 8-11-2)

Amends the Illinois Municipal Code to exclude taxes added to bills pursuant to the Public Utilities Act from gross receipts subject to a municipal utilities tax. Effective January 1, 1986.

STATE MANDATES ACT MAY REQUIRE REIMBURSEMENT TO LOCAL GOV'TS.

STATE MANDATES ACT FISCAL NOTE

In the opinion of the Dept. of Commerce and Community Affairs, SB-394 constitutes a tax exemption mandate for which reimbursement of the revenue loss to local governments is required. Although data is not available on which to base a reliable estimate of the amount of such reimbursement, the cost could be substantial.

SENATE AMENDMENT NO. 1.

Excludes taxes imposed by municipalities with a population of 1,000,000 or more from provisions of the bill.

SENATE AMENDMENT NO. 2.

Adds reference to: Ch. 85, new par. 2208.9

Specifies that provisions including taxes added to customers' bills within the definition of gross receipts are subject to the exclusions provided in the amendatory Act. Amends the State Mandates Act to provide that no reimbursement under that Act shall be required.

STATE MANDATES ACT FISCAL NOTE, IN THE HOUSE

In the opinion of DCCA, SB-394, in the House constitutes a tax exemption mandate for which reimbursement of the revenue loss to local governments would normally be required. However, SB-394 amends the State Mandates Act to relieve the State of reimbursement liability. Although data is not available on which to base a reliable estimate of the amount of reimbursement required, the cost could be substantial.

Amends the Revenue Act of 1939 and the State Mandates Act to provide that the equalization factor for all assessment years beginning with 1985 shall not exceed that factor for assessment year 1983. Exempts from the State Mandates Act. Effective immediately.

STATE MANDATES ACT MAY REQUIRE REIMBURSEMENT TO LOCAL GOV'TS.**STATE MANDATES ACT FISCAL NOTE**

In the opinion of the Department of Commerce and Community Affairs, SB-485 constitutes a mandate for which reimbursement of the revenue loss to local governments would normally be required under the State Mandates Act. However, SB-485 amends the Mandates Act to exempt this Bill from that Act. The amount of local government revenue loss caused by SB-485 is substantial, but it cannot be estimated due to the uncertain factors involved.

SB-2191 WELCH - DONAHUE - DAWSON - WATSON - JONES - BARKHAUSEN AND LEMKE.

(Ch. 23, new par. 11-26)

Amends the Public Aid Code. Authorizes the Department of Public Aid, upon notification and provision of appeal procedure, to restrict the access to medical care of recipients whose use of such aid is excessive or abusive and to require assumption of their care by primary care providers or physicians. Automatically restricts access for certain categories of recipients.

SENATE AMENDMENT NO. 1.

Amends the Public Aid Code. Provides that when a medical care recipient has been restricted to a designated primary care provider, primary care pharmacy or health maintenance organization, the recipient may change the primary care provider, primary care pharmacy or health maintenance organization when the designated source becomes unavailable and the Department has verified such unavailability. Authorizes the withholding (now, suppression) of a recipient's medical eligibility card for his failure to designate within a reasonable time a primary care provider, primary care pharmacy or health maintenance organization. Provides that a recipient be given the right to request reevaluation of his restriction. Applies procedural safeguards to persons whose medical care privileges have been restricted.

HOUSE AMENDMENT NO. 1.

Eliminates authority of Dept. to suppress a recipient's medical eligibility card and issue an emergency card prior to the Dept.'s designation when a recipient fails to designate a primary care source. Requires the Department to determine by rule a care source's unavailability. Increases the notice requirements to a recipient as to the appeal process. Requires the Department evaluate medical eligibility card restrictions after one year, rather than 18 months. Provides that the new Section is not a limit upon any action by the Department under Article VIII-A of the Code.

HOUSE AMENDMENT NO. 2.

Makes a technical correction.

HOUSE AMENDMENT NO. 3.

Rewords the designated source's ability to withdraw as primary provider. Requires the Department to provide the recipient with unrestricted access to medical care after the unavailability of his designated source and prior to designation of a new source.

¹HB-0068 REA - WOODYARD - HANNIG - RICHMOND - PHELPS, HICKS, GOFORTH, GIORGI, STEPHENS, CHRISTENSEN AND RICE.

(Ch. 127, par. 132.6)

Amends The Illinois Purchasing Act. Gives a 5% preference to inState bidders in awards of contracts, other than contracts for the repair, remodeling, renovation, or construction of a building or structure and other than a contract for the construction or maintenance of a highway, bridge, dam or utility. In construction contracts, a resident bidder must be allowed a preference as against a non-resident bidder from any state which gives or requires a preference to bidders from that state. Such preference is to be equal to the preference required by the state of the non-resident bidder.

STATE MANDATES ACT FISCAL NOTE

In the opinion of the Dept. of Commerce and Community Affairs, HB-68 fails to meet the definition of a mandate.

HOUSE AMENDMENT NO. 4.

Provides that when a public contract other than a contract for the repair, remodeling, renovation, or construction of a building or structure or for the construction or maintenance of a highway, bridge, dam or utility, is to be awarded to the lowest responsible bidder the contract must be awarded to the lowest responsible resident bidder where either: its bid is equal to that of a responsible nonresident bidder, or it has submitted a bid which is no more than 5% greater than that of the lowest responsible nonresident bidder who otherwise would be awarded the contract, and, after being given an opportunity to examine the bid of the lowest bidder, lowers its bid to match or underbid the lowest responsible nonresident bidder.

¹ Fiscal Note Act may be applicable.

² Pension System Impact Note Act may be applicable.

³ Fiscal Note Act and Pension System Impact Note Act may be applicable.

FISCAL NOTE, AS AMENDED

(Prepared by Dept. of Central Management Services)

Anticipating raised prices by IL bidders due to fewer major competitors, it is estimated that HB-68 would add \$11.3 to \$18.8 million to the cost of these competitively purchased goods and services. The bill would also decrease IL income tax receipts by an indeterminable amount. It is also estimated that 3 additional Dept. employees would be required. Estimated cost during first year of enactment is \$142,152.

(Ch. 67 1/2, par. 617; Ch. 120, pars. 2-201 and 2-203)

Amends the Illinois Enterprise Zone Act and the Illinois Income Tax Act. Deletes provision which grants a corporation a deduction for contributions to designated zone organizations. Provides that the corporation may get a credit against the income tax for such contributions equal to 50% of the amount of each contribution. Effective July 1, 1985 and applicable for contributions made on and after January 1, 1986.

HOUSE AMENDMENT NO. 1.

Provides that the total of all actual credits against the IL income tax for the contributions to designated zone organizations approved by the Dept. of Commerce and Community Affairs shall not exceed 1,000,000 in any calendar year.

FISCAL NOTE, AS AMENDED

(Prepared by Dept. of Revenue)

The Dept. would estimate that the income tax revenue loss from HB-132 could be minimal given that for all existing zones only one contribution has been approved to date, for \$35 donation. However, because tax credits are subtracted from actual tax amount an individual must pay, they result in greater revenue losses than a deduction which is subtracted from gross income earned before tax liability. Income tax revenues will be reduced to the extent that the 12.5 fold increase under HB-132 in the value of the incentive is utilized.

¹ Fiscal Note Act may be applicable.

SENATE AMENDMENT NO. 1.

Deletes reference to: (Ch. 67 1/2, par. 617; Ch. 120, pars. 2-201 and 2-103)

Adds reference to: (Ch. 67 1/2, pars. 604 and 608)

Deletes title and everything after the enacting clause. Amends the Illinois Enterprise Zone Act to permit an area which both comprises all or part of a municipality and an unincorporated area of a county to become an enterprise zone. Also permits the Department of Commerce and Community Affairs to designate up to 6 additional enterprise zones outside the regular application cycle if warranted by extreme economic circumstances as determined by the Department. Adds an immediate effective date to the bill.

SENATE AMENDMENT NO. 2.

Adds reference to: (Ch. 67 1/2, pars. 605; Ch. 111 2/3, par 355.01)

Amends the Illinois Enterprise Zone Act and the Local Mass Transit District Act. Provides that no county or municipality located within the Metro East Mass Transit District which adopts an ordinance designating an area within the District as an Enterprise Zone shall provide for any exemptions, deduction, credit, refunds or abatement of any sales taxes imposed by the Metro East Mass Transit District Board of Trustees under the Local Mass Transit District Act.

The estimated annual cost is minimal. It should be noted that if the G.A. finds that HB-165 imposes additional annual net costs of less than \$50,000 in the aggregate for all local gov'ts. affected, and this is explicitly stated in the bill, no reimbursement is required.

HB-0285 SHAW - YOUNG, A - FLOWERS - WASHINGTON - BROOKINS.

(Ch. 108 1/2, par. 1-110; Ch. 130, pars. 26, 34 and 41a)

Amends General Provisions Article of the Illinois Pension Code to prohibit a fiduciary with respect to a retirement system from investing in a financial institution which has outstanding loans to South Africa or its instrumentalities and from allowing assets to remain invested in the obligations of any company doing business in or with South Africa. Amends Act in relation to state moneys to require the State Treasurer to reject the proposal of and to disqualify as a State depository any bank which has in effect a loan to South Africa or its instrumentalities or to any company doing business in or with South Africa. Prohibits the State Treasurer from investing in any savings and loan association until the association pledges not to make such a loan.

PENSION IMPACT NOTE

The restrictions on investments in HB-285 can be expected to result in less diversification, higher risks, and lower long-term rates of return for the pension funds affected. Any reduction in the rates of investment return earned by the funds would ultimately need to be made up through higher employment contributions. Significant transaction costs would be involved with the required divestiture.

(Ch. 108 1/2, par. 1-110; Ch. 130, pars. 26, 34 and 41a)

Amends General Provisions Article of the Illinois Pension Code to prohibit a fiduciary with respect to a retirement system from investing on or after the effective date of this amendatory Act in any firm or financial institution which invests in, has any ownership interest in or loan to S. Africa, a corporation organized under the laws of S. Africa, or any company for the purpose of investment in S. Africa until the United Nations certifies that apartheid has been abolished. Permits such investments in existence on the effective date of this amendatory Act to continue for 5 years. Amends Act in relation to State moneys to provide that a bank shall be disqualified as a State depository upon making a loan to S. Africa, a corporation organized under the laws of S. Africa or any company for the purpose of investment in S. Africa and prohibits the State Treasurer from investing State money in any savings and loan association unless the savings and loan pledges not to make any such loan, until apartheid is abolished.

PENSION IMPACT NOTE

The financial impact of House Bill 317 cannot be determined. The restrictions on investments in HB-317 can be expected to result in less diversification, higher risks, and lower long-term rates of return for the pension funds affected. Any reduction in the rates of investment return earned by the funds would ultimately need to be made up through higher employment contributions. Significant transaction costs would be involved with the required divestiture.

FISCAL IMPACT NOTE

(Prepared by Ill. Economic & Fiscal Commission)

The fiscal impact of HB 317 cannot be determined.

(Ch. 108 1/2, par. 1-110; Ch. 130, pars. 26, 34 and 41a)

Amends the General Provisions Article of the Illinois Pension Code and An Act in relation to State moneys. Prohibits investments in or deposits with financial institutions or firms which have investments in or loans outstanding to the Republic of South Africa or firms doing business with the Republic of South Africa until the United Nations certifies that apartheid has been abolished. Provides for a 3 year period to phase out current investments in such firms.

PENSION IMPACT NOTE

The restrictions on investments in HB-330 can be expected to result in less diversification, higher risks, and lower long-term rates of return for the pension funds affected. Any reduction in the rates of investment return earned by the funds would ultimately need to be made up through higher employment contributions. Significant transaction costs would be involved with the required divestiture.

HOUSE AMENDMENT NO. 2.

Deletes provisions requiring divestiture of investments in South Africa or organizations investing therein. Prohibits any additional investment in South Africa or organizations investing therein.

Amends the Prevailing Wage Law. Provides the generally prevailing wage rate for public works shall be the mean hourly cash wage paid in the locality to employees engaged in work of a similar nature on public works and other projects, rather than the prevailing hourly wage generally paid in the locality to employees engaged in work of a similar nature on public works. Expands the area generally constituting a locality from the county in which the physical work upon public works is to be performed to the area from which the public body may reasonably expect to generally draw laborers, workers and mechanics to perform such work, and makes other changes related to such expansion. Centralizes, under the exclusive jurisdiction of the Department of Labor, the process by which prevailing wage rates are determined and by which prevailing-wage-rate determinations are challenged. Currently, public bodies other than the Department may also determine such rates. Specifies associations of employers and associations of employees as persons for the purposes of objecting to prevailing-wage-rate determinations.

In the opinion of the Dept. of Commerce and Community Affairs, HB-1133 constitutes a tax exemption mandate for which reimbursement of the revenue loss to local gov'ts. is required. FISCAL NOTE

It is felt that to conduct such studies required by HB-1136 will require considerable administrative costs which will result in a loss of revenue contributions to GRF. It is undeterminable how expensive these studies would be to conduct.

Amends the Illinois Pension Code to increase the retirement, disability and survivor's benefits, and associated contribution rates, of salaried elected local governmental officials, to bring them into essential conformity with the benefits and contribution rates provided for members of the General Assembly; also provides a retirement pension for a disabled deputy sheriff with between 20 and 23 years of service credit who has exhausted his disability benefits. Amends The State Mandates Act to require implementation without reimbursement. Effective January 1, 1986.

STATE MANDATES ACT FISCAL NOTE

HB 1149 creates a retirement benefit mandate for which reimbursement of the increased cost of a unit of local government would normally be required. However, HB 1149 amends the State Mandate Act to relieve the State of reimbursement liability. Due to the nature of the bill, no estimate is available, but the cost would be substantial.

PENSION IMPACT NOTE

Although the costs of HB-1149 in relation to the total costs of the retirement system would not be great, the employer costs for the individuals affected would be very significant, with the increase in annual costs amounting to as much as 35% of the member's salary.

HB-1699 YOUNGE,W - YOUNG,A.
(New Act)

Creates the Urban Civilian Youth Service which shall report on urban youth un-employment and design a work program. Effective July 1, 1985.

FISCAL NOTE

(Prepared by DCCA)

The fiscal impact of HB-1699 is \$150,000 as a one-time cost for the preparation of the report called for in the bill and \$60,000 annually for administration of the Urban Civilian Youth Act. Although it is impossible to determine until the study called for in the bill is complete, it is conceivable that training would be a component of a "suitable work program" called for in the bill. At this time, however, it is impossible to estimate those costs.

HOUSE AMENDMENT NO. 1.

Provides that the program shall be administered by the Department of Conservation.

³ Fiscal Note Act and Pension System Impact Note Act may be applicable.

HOUSE AMENDMENT NO. 1.

Deletes reference to: Ch. 23, par. 4-1.6

Adds reference to: Ch. 23, par. 9-8

Deletes everything. Amends the Public Aid Code. Permits the Department of Public Aid to provide supplemental work incentive payments to recipients of aid to families with dependent children whose earned income has caused a federal disqualification for such aid and has caused an extension of medical assistance. Limits provision to a 2-year demonstration project beginning in 1987.

FISCAL NOTE, AS AMENDED

(Prepared by IL Dept. of Public Aid)

An average of 900 former AFDC recipients currently receive the automatic 9-month extended Medicaid coverage. The average monthly AFDC grant for an earned income case during the first four months of the \$30 and 1/3 disregard is approximately \$279. If these 900 former cases again became eligible for cash assistance payments, the annual costs for the demonstration program would be approximately \$3 million. These expenditures would be State costs as they are not eligible for federal matching funds.
