FISCAL NOTE, AS AMENDED (IL Commerce Commission)

Compliance with this bill will require PSAPs, most of which are entirely locally funded, to incur considerable expense. Futhermore, HB 2114 does not identify additional funding sources for PSAPs. Local governments currently find it difficult to adequately fund PSAPs. This bill might cause reduction in such services and could imperil future implementation and maintenance of the state 9-1-1 program.

HB-2526 REA – PHELPS.

(Ch. 95 1/2, new par. 15-111.1)

Adds to the Vehicle Code. Allows a qualified vehicle to carry extra weight if its load is natural resources. A special decal must be obtained for \$200 annually. Requires registration for 80,000 pounds. The vehicle must be operated on designated roads and bridges and within 75 miles of its point of origin. Overweight fines are limited to \$500.

FISCAL NOTE (Prepared by IDOT)

This legislation will result in a potential fiscal impact of an estimated \$600 million to replace bridges. There would be an estimated loss of over \$1 million per year from fines due to the provision to limit the maximum fine for overweight vehicles. HB-2526 would generate an estimated \$500,000 per year in revenue from natural resource decal fees.

HOUSE AMENDMENT NO. 1.

Permits a reduction in the motor fuel tax allotment for counties in which such vehicles operate with a gross weight of between 72,000 and 80,000 pounds.

³HB-2715 WOLF.

(Ch. 108 1/2, pars. 2-124, 14-131 and 18-131)

Amends the General Assembly, State Employees and Judges Articles of the Pension Code to specify the annual State funding requirements for each system. Effective July 1, 1988.

PENSION IMPACT NOTE

For FY 1989, the minimum State contribution required under the bill would amount to \$118.7 million for the three systems combined. In comparison, the State contribution would be \$124.6 million based on the current funding policy of 60% of payout.

FISCAL NOTE (Prepared by St. Employees Retirement System)

Total State payroll for FY88 is estimated at \$2 billion with a 6 1/2% expansion in future years. Based on the phase-in approach contained in HB-2715, years beyond FY90 can expect to produce a continuing greater cost impact to the State.

PENSION IMPACT NOTE

The Judges Retirement System would require a minimum State contribution of \$11.0 million and the General Assembly Retirement System would require a minimum State contribution of \$1.7 million.

PENSION IMPACT NOTE

See summary of pension impact note filed on April 30, 1987.

**STATE MANDATES ACT MAY REQUIRE REIMBURSEMENT TO LOCAL GOV'TS.
PENSION IMPACT NOTE**

Under the State Teachers' Retirement System, the costs to the school boards of paying the retired member's portion of the costs of the health insurance program are estimated to average \$18.3 million over the next 6 years. It is not possible to determine the costs involved with providing health insurance for retired members under IMRF, but it can be expected that the costs would be very substantial.

STATE MANDATES ACT FISCAL NOTE

In the opinion of the DCCA, HB 2772 creates a retirement benefit mandate for which reimbursement of the increased cost to units of local government is required. Due to the nature of the bill, an estimate of the amount of reimbursement required is not available, but it would be substantial.
