(Ch. 122, par. 34-8.1)

Amends The School Code. FISCAL NOTE (Prepared by State Board of Education)

The State Board of Education believes that HB 681 does not have a fiscal impact.

Deletes the proposal to require Chicago school principals to monitor the performance of personnel (other than educational personnel) and submit approved reports to the general superintendent.

HOUSE AMENDMENT NO. 4.

Limits the power of a principal to supervise the operations of an attendance center to cases where all pupils of that attendance center are able to annually achieve a score assessing academic achievement in reading and mathematics at a grade level no more than a year below their current grade level.

FISCAL NOTE, AS AMENDED

The legislation has no fiscal impact on the State.

HOUSE AMENDMENT NO. 7.

Deletes all changes proposed by the bill as amended with respect to the duties of principals. Adds provisions requiring monthly meetings between the principal, school operating engineer and school lunchroom manager on issues of concern at the attendance center, and requires a monthly written report by the principal to the superintendent of the subdistrict on all unresolved issues. Requiring the State to furnish monitors on a request basis could have a significant cost. According to property tax statistics maintained by the Dept. of Revenue, there are approximately 2.3 million owner-occupied residential dwellings in the State. If residents in only 5% of these dwellings requested the State to conduct a radon test, the cost for monitors alone would be \$2.3 million (assuming a radon monitor costs \$20).

(Ch. 95 1/2, new par. 15-111.1)

Adds to the Vehicle Code. Allows a qualified vehicle to carry extra weight if its load is natural resources. A special decal must be obtained for \$200 annually. Requires registration for 80,000 pounds. The vehicle must be operated on designated roads and bridges and within 75 miles of its point of origin. Overweight fines are limited to \$500.

**FISCAL NOTE (Prepared by IDOT)**

This legislation will result in a potential fiscal impact of an estimated \$600 million to replace bridges. There would be an estimated loss of over \$1 million per year from fines due to the provision to limit the maximum fine for overweight vehicles. HB-2526 would generate an estimated \$500,000 per year in revenue from natural resource decal fees.

Under the State Teachers' Retirement System, the costs to the school boards of paying the retired member's portion of the costs of the health insurance program are estimated to average \$18.3 million over the next 6 years. It is not possible to determine the costs involved with providing health insurance for retired members under IMRF, but it can be expected that the costs would be very substantial.

**STATE MANDATES ACT FISCAL NOTE**

In the opinion of the DCCA, HB 2772 creates a retirement benefit mandate for which reimbursement of the increased cost to units of local government is required. Due to the nature of the bill, an estimate of the amount of reimbursement required is not available, but it would be substantial.

**HOUSE AMENDMENT NO. 2.**

Deletes reference to: Ch. 23, par. 12-4.11, new par. 12-4.28;

Ch. 111 1/2, par. 73-11

Amends the Public Aid Code to provide that the Department of Public Aid may require registration for and acceptance of employment of parents or other persons needed at home to provide care and supervision of children over age 3.

**FISCAL NOTE (Prepared by Dept. of Public Aid)**

The Dept. estimates that implementing immediate income withholding could result in additional child support collections of up to \$25 million per year. The implementation of the provision to require participation in work and training programs by recipients with children age 3 and over would require additional funds to administer, but would result in an overall savings to the Dept. by increasing the number of job placements.

**HOUSE AMENDMENT NO. 3.**

Provides that the Department of Public Aid may require registration for and acceptance of employment by parents or other caretaker of a child or children age 3 and over.

**HOUSE AMENDMENT NO. 5.**

Provides for specially certified copy of order for withholding from the clerk of the circuit court. Provides procedures for services of notice of delinquency. Provides procedures for payor's deductions from obligor's wages for current support and arrearage, if any.

and 10-17.1; Ch. 25, par. 16; Ch. 110, pars. 2-209, 12-101, and 12-183.

Deletes everything. Amends the Public Aid Code to authorize a one-time charge of 20% to be imposed on the amount of past-due child support owed on July 1, 1988 and accrued under a support order issued or registered by the Department of Public Aid. Provides that the Department may require registration for and acceptance of employment by parents or another person needed at home to provide personal care and supervision to children age 3 and over. Provides that certain general assistance recipients shall be excused from participating in employment, training or education programs when participating in a rehabilitation program, but they may volunteer for such programs. Provides for Medicaid eligibility of general assistance recipients in programs administered by the Department who become ineligible for basic maintenance due to employment earnings. Authorizes Department to establish rules in relation to eligibility for general assistance and child care. Amends Act in relation to clerks of courts to provide that clerks shall not minute, in judgment docket, every child support installment when due or every child support payment when made. Amends Marriage and Dissolution of Marriage Act, Non-Support of Spouse and Children Act, Revised Uniform Reciprocal Enforcement of Support Act and Parentage Act to provide that a court shall, on or after January 1, 1989, require an or-

der for withholding of income to secure payment of support to take effect immediately unless a written agreement is reached between both parties which provides for an alternative arrangement; deletes provision allowing support obligor to petition court to terminate withholding of income after 3 years. Amends Code of Civil Procedure in relation to acts constituting submission to jurisdiction of court in action under Parentage Act and in relation to release of judgment lien or satisfaction of judgment after payment of all installments of child support required to be paid.

**FISCAL NOTE, AS AMENDED (Prepared by Dept. Public Aid)**

HB-2862, as amended, is estimated to result in between \$9.1 million and \$14.6 million additional child support collections per year. To administer immediate income withholding provisions, the Dept. estimates additional administrative costs of approximately \$200,000.

**HOUSE AMENDMENT NO. 9.**

Provides that the Department of Public Aid may implement a demonstration project limited to one county of less than 3 million population that would require registration for and acceptance of employment by parents or another person needed at home to provide personal care and supervision to a child or children age 3 and over, as allowed by federal law and subject to rules and regulations of the Illinois Department, provided suitable arrangements have been or can be made for such care and supervision during the hours of the day the parents or other person are out of the home because of employment.

**HOUSE AMENDMENT NO. 15.**

Provides that application of the provisions for immediate effectiveness of an order for withholding, unless an alternative agreement is reached between the parties, is subject to the discretion of the court in all cases wherein an order for support is entered prior to January 1, 1989.

Amends the Illinois Highway Code. Allows, but does not require, any county to establish the approximate locations and widths of rights of way for future additions to the county highway system. Requires public hearings in the county and the preparation of a map showing property lines. The map must be filed with the recorder of the county in which the land is located. Notice of filing must be published and served by registered mail on land owners. Prior to developing any designated land the owner must give the county 60 days notice. The county then has 45 days to give notice of its election to acquire the land and 120 further days to acquire the land by purchase or institute condemnation proceedings. No damages may be allowed for improvements made in violation of the new Section in an eminent domain proceeding.

(Ch. 122, new par. 102-16.02)

Amends the Public Community College Act. Without a companion appropriation bill the fiscal impact on State revenues is not known. The bill requires a separate State appropriation for funding of the program so increased State expenditures would result from HB-3153 with an appropriation.

**STATE MANDATES ACT FISCAL NOTE**

In the opinion of DCCA, HB 3454 creates what would normally be a tax exemption mandate under the State Mandates Act. Under a statutory exception for the senior citizen's homestead exemption, no reimbursement is required. Due to the nature of the bill, no estimate of the amount of revenue loss to units of local government created by the bill is available, but it could be substantial.
