Creates the Service Tax Delinquency Amnesty Act. Effective immediately.

**FISCAL NOTE (Dept. of Revenue)**

The bill would have a minimal positive affect on State revenues. Local governments would lose more interest and penalty than the State. The exact fiscal impact of the bill cannot be determined since the Dept. does not know the number of delinquent taxpayers nor the total amount of outstanding liability.

(Ch. 122, par. 18-8)

Amends The School Code. Increases the flat grant under the school aid formula per weighted ADA pupil to .14 times the maximum per pupil amount. Effective July 1, 1989.

**FISCAL NOTE (State Board of Education)**

In FY 90, it is projected (assuming a \$100 million increase in the general state aid appropriation) that there will be 159 alternate method districts receiving \$71.5 million in general state aid and 69 flat grant districts receiving \$10.2 million. The remaining 744 equalization districts would receive \$1.850 billion. Under this legislation, alternate method districts would be eliminated and become flat grant districts. The total cost to flat grant districts (still assuming the \$100 million increase) would be \$116.0 million. This shift of \$34.3 million translates into a 42% increase for the wealthiest school districts in the state.

(Ch. 37, par. 805-4, Ch. 38, par. 1005-5-3)

Amend the Juvenile Court Act of 1987 and the Unified Code of Corrections to provide one of the factors the court uses in determining whether to permit prosecution of a juvenile as an adult is whether there is evidence that the minor possessed a deadly weapon during the commission of the alleged offense. Provides that a minor who was at least 15 years of age at the time of the alleged offense and who is charged with a forcible felony shall be tried as an adult if it is alleged and determined that the alleged offense was committed in furtherance of criminal activity by an organized gang. Defines organized gang. Provides for a mandatory prison sentence for a person convicted of a Class 1 or Class 2 felony who within the previous 10 years had been adjudicated delinquent for a Class X or Class 1 felony.

**FISCAL NOTE (Dept. of Corrections)**

Legislation which transfers juveniles to adult court increases the average length of stay which, coupled with the lack of discretion for release dates, causes severe problems with overcrowding and the lack of available capacity to house youth committed to Corrections. Treating youth as adult felons would cause treating Class X and Class 1 juvenile delinquents in the same terms of future consequences as a Class X or Class 1 adult felon.

**HOUSE AMENDMENT NO. 1.**

Deletes reference to: Ch. 38, par. 1005-5-3

Deletes title and everything after the enacting clause. Amends the Juvenile Court Act of 1987 to require the prosecution as an adult of a minor 15 years of age or older who has been alleged to have committed a felony, upon motion by the State's Attorney if the Juvenile Judge determines that such minor has previously been adjudicated delinquent for commission of a forcible felony and the offense was committed in furtherance of criminal activity by an organized gang. Also requires prosecution of a minor 15 years of age or older as an adult if the minor was alleged to have committed a forcible felony, upon motion by the State's Attorney if the Juvenile Judge determines that the minor was previously adjudicated delinquent for commission of a felony and the offense was committed in furtherance of criminal activity by an organized gang. Defines organized gang.

**SENATE AMENDMENT NO. 1.**

Adds reference to: New Act; Ch. 38, pars. 12-6.1, 33B-1, 1005-5-3, new par. 2-23

Creates the Streetgang Criminal Liability Law. Makes it a Class 4 felony to knowingly join or be a member of a streetgang. Makes it a Class 3 felony to solicit membership in a streetgang. Makes it a Class 1 felony to compel membership in a streetgang. Provides enhanced penalties for certain streetgang related felonies. Amends the Criminal Code of 1961 to add definition of streetgang. Adds to list of crimes in determining habitual criminal offender status the offense of streetgang related homicide. Makes streetgang related homicide nonprobationable.

Specifies matters to be included in the study. Provides that the Departments shall present a report based on their study to the Governor and the General Assembly no later than September 1, 1990. Effective immediately.

**FISCAL NOTE (DCCA)**

HB 2537 has no immediate direct impact on State revenues. However, the scope of the required study and the mandated due date suggest the need for extensive use of external contractor services by IDOT and/or DCCA which could result in the need for up to \$900,000 of additional expenditures.

**FISCAL NOTE (Dept. of Transportation)**

Based upon the costs of the already completed feasibility study of joint use of Scott Air Force Base, the Chicago-Kansas City Toll Road Study and the Southwest Illinois Economic Development Strategy, the probable range of the second part of the study would be \$250,000 to \$500,000. It is likely that the contract would be nearer the lower end of the range.

**STATE MANDATES ACT MAY REQUIRE REIMBURSEMENT TO LOCAL GOV'TS.**

**STATE MANDATES ACT FISCAL NOTE**

In the opinion of DCCA, HB 2609 creates a tax exemption mandate for which reimbursement of the revenue loss to units of local government would normally be required. However, HB 2609 amends the State Mandates Act to relieve the State of reimbursement liability. Due to a lack of data, no estimate of the revenue loss to units of local government created by HB 2609 is available.

**STATE MANDATES ACT FISCAL NOTE (State Board of Education)**

The SBE is unable to project the impact of HB-2609 due to a lack of information on property owned and leased for farming purposes.

Requires the Board of Higher Education to budget, report and monitor programs (rather than direct and monitor a program) to improve race and ethnic relations. Requires that coursework on such improvement be included through an existing course. Removes provision for review and recommendations concerning criminal penalties, and provides that a person who commits, on a campus of a public institution of higher education, a crime directed against a person or property on account of race, ethnicity or religion shall be subject to the penalties provided for the crime of ethnic intimidation.

## FISCAL NOTE (Board of Higher Education)

Costs for the various required development of course curriculum and faculty training will vary from campus to campus.

It is not possible to estimate the fiscal implications of reporting allegations of intimidation.

## SENATE AMENDMENT NO. 1.

Requires course work on improving race and ethnic relations in requirements for obtaining a baccalaureate or associate degree. Adds effective date of September 1, 1990.

## GOVERNOR MESSAGE

Recommends requiring public institutions of higher education to include, in curricular or co-curricular programs required of all baccalaureate or associate degree students, instruction on improving race and ethnic relations to address racism on their campuses (rather than include coursework on that subject in the general education requirements for obtaining a degree). Requires that allegations of racial, ethnic or religious intimidation be reported to the Illinois Department of Human Rights (rather than the Human Rights Commission and the Attorney General).

Amends the State Agency Employees Child Care Services Act. Provides that any State agency which enters into a contract to construct, acquire or lease a substantial portion of a building after July 1, 1989, must provide on-site child care services for State employees. Effective July 1, 1989.

FISCAL NOTE (Dept. of Central Management Services)  
 This bill would result in increased cost to the State. The annual operating cost for such a facility per child is approximately \$3,300. These costs are partially being offset by individuals utilizing this child care service. For example, at the Department of Revenue facility, parents pay expenses based on family size and gross income. These costs range annually from \$2750 per child to \$3300 per child. The cost for establishing a child care facility in a newly acquired building is \$100 per square foot. At the Department of Revenue facility, this cost was approximately \$210,000, which was not offset by parental payments.
