In the opinion of DCCA, HB-120, as amended, constitutes a local government organization and structure mandate for which no reimbursement is required.

STATE MANDATES ACT FISCAL NOTE (State Board of Education)

HB-0499 LEVIN - WHITE - FLOWERS AND PRESTON.

(Ch. 120, pars. 500.23-1 and 500.23-1a)

Amends The Revenue Act of 1939 to increase the senior citizens homestead exemption from \$2,000 to \$4,000 and the general homestead exemption from \$3,500 to \$5,000. Effective January 1, 1990.

STATE MANDATES ACT MAY REQUIRE REIMBURSEMENT TO LOCAL GOV'TS.

STATE MANDATES ACT FISCAL NOTE (State Board of Education)

Increasing the senior citizens' exemption would result in a loss of \$39,550,310 to districts. Increasing the general homestead exemption would result in a loss of \$114,997,892.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB 499 creates a tax exemption mandate for which reimbursement of the revenue loss to units of local government would normally be required under the State Mandates Act. However, due to a statutory exception, no reimbursement of the revenue loss to units of local government is required.

The annual revenue loss to governments could be as much as \$387 million, depending upon certain conditions.

FISCAL NOTE (Dept. of Revenue)

The bill would have a minimal positive affect on State revenues. Local governments would lose more interest and penalty than the State. The exact fiscal impact of the bill cannot be determined since the Dept. does not know the number of delinquent taxpayers nor the total amount of outstanding liability.

(New Act)

Provides that no State agency may purchase, or contract to purchase, food, food-stuffs, agricultural or dairy products or other edible things intended for consumption by persons in its custody or care, or by persons for whom it has a supervisory responsibility within a residential or confined setting, unless such items or edible things have been grown or raised within the United States, or are otherwise of American origin. Exempts from the purchasing requirements of this Act food items which are not grown or raised in the United States. Effective immediately.

FISCAL NOTE (Central Management Services)

House Bill 1338 would result in the state paying higher costs to acquire domestically produced commodities. For example, coffee is grown in Hawaii. However, it is much more expensive than South American coffee. Under the requirements of this legislation, we would be forced to purchase the more expensive Hawaiian coffee. In addition, growing seasons and weather conditions also impact the cost and availability of domestically produced foodstuffs.

STATE MANDATES ACT MAY REQUIRE REIMBURSEMENT TO LOCAL GOV'TS.

FISCAL NOTE, AS AMENDED (Attorney General Neil Hartigan)

(New Act)

Creates the Senior Citizens Child Care Support Act. Establishes a training program for senior citizens in child care in order to link senior citizens in need of additional income with parents in need of child care. Designates the Department on Aging and the Department of Children and Family Services as the agencies responsible for establishing the program.

FISCAL NOTE (Dept. on Aging)

The additional duties and responsibilities of this bill would require the employment of a FTE, Social Service Program Planner III. The total annual expenditures required if this bill passes for the Department would be approximately \$35,000. However, the Department feels the costs to the Area Agencies for establishing a referral system would be much higher.

HB-1561 YOUNGE,W.

(Ch. 122, new par. 2-3.92)

Amends The School Code to grant the State Board of Education power to make loans to school districts in severe financial distress.

HOUSE AMENDMENT NO. 1. (Tabled May 23, 1989)

Provides that the State Board of Education may make grants as well as loans to school districts in severe financial distress.

FISCAL NOTE (State Board of Education)

The fiscal impact of HB-1561 would be defined by the extent of the loan authority authorized by the G.A., and by the repayment provisions. The extent to which a given district can receive loan benefits is not identified; therefore, no basis exists for establishing "need" for loan authority.

FISCAL NOTE, AS AMENDED (State Board of Education)

The fiscal impact of H-am 1 depends upon specific amount of grants approved by the General Assembly.

(Ch. 95 1/2, pars. 11-601 and 11-604)

Amends The Illinois Vehicle Code. Increases the speed limit to 65 miles per hour (now 50) for second division vehicles over 8,000 pounds, and authorizes local authorities to increase the speed limit to 65 miles per hour on appropriate highways within urban districts. Effective immediately.

FISCAL NOTE (Dept. of Transportation)

The cost of changing speed limit signs on State highways would be \$1,078,000. In addition, speed limit signs on local routes outside urban districts would have to be changed accordingly. The combined cost of speed limit sign changes on local routes would probably be far in excess of the cost on State highways.

HOUSE AMENDMENT NO. 1.

Adds reference to: Ch. 95 1/2, pars. 11-602 and 11-603

Increases the speed limit to 65 mph for any house car, camper, private living coach, vehicle licensed as a recreational vehicle and any vehicle towing a vehicle when operating upon the interstate system outside of an urbanized area of 50,000 population or more.

Amends the Revenue Act of 1939 to provide that for the 1989 assessment year and subsequent assessment years, the Department of Revenue shall not certify an equalization factor for any county higher than the equalization factor certified for that county in 1985. STATE MANDATES ACT MAY REQUIRE REIMBURSEMENT TO LOCAL GOV'TS.**STATE MANDATES ACT FISCAL NOTE**

In the opinion of DCCA, HB-1967 constitutes a tax exemption mandate for which reimbursement of the revenue loss to local governments would normally be required. However, HB-1967 amends the Mandates Act to be exempt from that Act. The amount of local government revenue loss may be substantial, but it cannot be estimated due to the uncertain factors involved.

(Ch. 127, new pars. 46.19g and 49.25i)

Amends the Civil Administrative Code. Provides that the Department of Commerce and Community Affairs and the Department of Transportation shall jointly conduct a study of the feasibility and potential of the civilian use of Scott Air Force Base and the attraction of aerospace and other high technology industries to the Metro-East area. Specifies matters to be included in the study. Provides that the Departments shall present a report based on their study to the Governor and the General Assembly no later than September 1, 1990. Effective immediately.

FISCAL NOTE (DCCA)

HB 2537 has no immediate direct impact on State revenues. However, the scope of the required study and the mandated due date suggest the need for extensive use of external contractor services by IDOT and/or DCCA which could result in the need for up to \$900,000 of additional expenditures.

FISCAL NOTE (Dept. of Transportation)

Based upon the costs of the already completed feasibility study of joint use of Scott Air Force Base, the Chicago-Kansas City Toll Road Study and the Southwest Illinois Economic Development Strategy, the probable range of the second part of the study would be \$250,000 to \$500,000. It is likely that the contract would be nearer the lower end of the range.

Due to a lack of data, no estimate of the revenue loss to units of local government created by HB 2609 is available.
