Changes the title and adds provisions that amend the Revenue Act of 1939 and the School Code. In the provisions of the School Code under which a contiguous portion of an elementary or high school dist. comprising 10% or less of a district's EAV is detached and annexed to another district by the regional board of school trustees (upon petition of 2/3 of the registered voters of such portion), provides that the petition shall be granted if that would make the affected segment of the boundaries of the district such portion is to be annexed to coterminus, and prohibits the regional board of school trustees from hearing evidence on or considering issues other than the issues necessary to determine whether the criteria established by the statutory provision in question for such detachment and annexation have been meant. Also provides for the manner of filling a determined vacancy in the committee of 10 in school district boundary change proceedings, allows an attorney to act for the committee of 10 for purposes of submitting a petition to the State Superintendent of Education for action if the regional board of school trustees fails to act within the time allowed, and allows the State Superintendent to appoint a hearing officer to act in such cases. Provides that the EAV of real property that hasn't been used as a farm for at least 20 consecutive years shall not be determined under farmland assessment methods, and that such property, if no other use is established, shall be deemed used for open space purposes and valued accordingly. In the provisions relating to the county clerk's determination of the rate per cent upon a district's EAV for extension purposes, deletes provisions for a percentage of EAV exclusion agreed to by taxing districts with respect to enterprise zone property upon which an abatement of taxes is made. Effective immediately.

Provides that in any death, the human remains shall not be cremated until the crematory has a coroner's permit (now written authorization from the coroner) and an executed cremation authorization form.

SENATE AMENDMENT NO. 2.

Makes stylistic and grammatical changes.

HOUSE AMENDMENT NO. 1.

Deletes everything after the enacting clause. Creates the Crematory Regulation Act. Requires all crematories to register with the Comptroller. Requires crematories to have a cremation authorization form before cremating any human remains. Establishes who is authorized to execute the form. Establishes liabilities and exemptions from liabilities. Provides penalties for violations of the Act. Effective January 1, 1993.

¹ Fiscal Note Act may be applicable.

⁷ Fiscal Note Act, Correctional Budget and Impact Note Act may be applicable.

HOUSE AMENDMENT NO. 2.

Changes the definition of "final disposition". Increases the registration and filing fees. Provides that a crematory's annual report shall be filed by March 15 or 75 days after the end of its fiscal year. Imposes penalties for failure to file an annual report. Makes a violation of any cremation procedure a Class 4 felony. Makes other changes.

HOME RULE NOTE, AS AMENDED

Very few home rule units currently license or regulate crematoriums. Cook County currently monitors compliance of crematoriums with environmental regulations; while the text of the bill would seem to authorize continuance of this monitoring, the preemption would appear to prohibit the activity.

Provides for collection of the tax by the Department of Revenue and for payment of the tax into the Statewide Educational Service Region Income Tax Fund pending distribution of the tax to school districts within the educational service region on a per capita allocation basis. Limits use of the funds so received by school districts to capital improvement purposes, subject to backdoor or front door referendum, depending upon the amount of capital improvement expenditure involved; and provides for use of such funds for debt service or operations and maintenance purposes if the funds are not used for capital improvements. If the funds are used for operations and maintenance purposes, requires a corresponding abatement in the district's tax levy for such purpose. Excludes consideration of the abatement in computing the district's operating tax rate for State aid formula purposes. Effective immediately.

Amends the Pension Code to rewrite and restructure Article 13, pertaining to the Metropolitan Water Reclamation District. Makes many substantive and administrative changes. Effective January 1, 1992.

STATE MANDATES ACT MAY REQUIRE REIMBURSEMENT TO LOCAL GOV'TS.

PENSION IMPACT NOTE

This bill may have a fairly significant financial impact on the system due to the increased early retirement benefit provisions and the extension of the optional benefit provisions.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, SB 777 constitutes a retirement benefit mandate for which reimbursement of the increased cost to a unit of local government is required. No estimate of the amount of reimbursement required is available, but it could be substantial.

PENSION NOTE, CORRECTED

Due to the extension of the optional benefit provisions:

Increase in accrued liability	\$12,000,000
Increase in total annual cost	\$ 1,565,000
Increase in total annual cost as % of payroll	1.82%

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, SB-777 constitutes a retirement benefit mandate for which reimbursement of the increased cost to a unit of local government is required. The estimated annual cost of reimbursement is \$1,565,000, plus some additional relatively minor costs. However, if the G.A. finds that the provisions of SB-777 accommodate a request of the unit of local government affected, and this finding is explicitly stated in the bill, no reimbursement is required.

STATE MANDATES ACT MAY REQUIRE REIMBURSEMENT TO LOCAL GOV'TS.**STATE MANDATES ACT FISCAL NOTE**

In the opinion of DCCA, SB 831 constitutes a service mandate for which reimbursement of 50% to 100% of the increased cost to units of local government is required. However, if the G.A. finds that this bill imposes additional duties of a nature which can be carried out by existing staff and procedures at no appreciable net cost increase, and this is explicitly stated in the bill, no reimbursement is required.

FISCAL NOTE, AS AMENDED (Dept. of Public Aid)

SENATE AMENDMENT NO. 2.

Adds reference to: Ch. 127, par. 403

Provides that the rate for penalty interest is the greater of 1.25% or 1/12th of 5% above the prime commercial rate as announced by the largest commercial banking institution located in Illinois.

FISCAL NOTE, AS AMENDED (Dept. of Public Aid)
The actual cost would be \$45.4 million less the amount of interest payments provider would have requested if this legislation did not pass. No interest liability is included for areas other than Medical.

FISCAL NOTE (DCMS)

If SB-1588, amended, passes, the overall liability to the State from CMS operations alone could reach \$11.4 million by the end of FY93. Tying the penalty interest rate to the prime interest rate would subject the State's liability to variable market forces and would become more difficult to predict and fund from period to period.

(New Act; Ch. 21, pars. 49 and 64.6; Ch. 120, par. 2-205)

Creates the Cemetery Labor Relations Act. Provides that a cemetery authority of a privately owned cemetery in a county of at least 500,000 population and a labor organization representing employees who dig graves shall irrevocably agree to binding arbitration and to refrain from strikes and lockouts. Provides that cemetery authorities and labor organizations that fail to make such agreements shall lose certain tax exemptions. Authorizes the Attorney General and the State's Attorney to seek injunctive relief against parties violating agreements made under the Act, and provides that parties to agreements may have those agreements enforced in civil actions. Provides that the Act shall not be construed to infringe on rights guaranteed under federal labor law. Provides that nothing in the Act shall be deemed to be in derogation of the common law rights of surviving relatives to bury the deceased in accordance with religious and other traditions and to obtain access to burial plots to bury the deceased. Amends the Cemetery Organization Act, Cemetery Care Act, and Illinois Income Tax Act to conform to the new Act.

SENATE AMENDMENT NO. 1.

Deletes reference to: Ch. 21, pars. 49 and 64.6
Ch. 120, par. 2-205
Adds reference to: Ch. 21, pars. 100 and 101; Act title preceding par. 100, new par. 102.1

Deletes everything. Amends the Burial on Sunday or Holiday Act. Changes the short title to the Burial Rights Act. Provides that the owner of a burial lot and his or her heirs, next of kin and executor or administrator have a right of access to and from, and a right to use of, a burial lot for burial purposes. Provides that, if those rights are violated or threatened, injunctive relief, attorney's fees, costs, litigation expenses and penalties may be awarded. Provides methods for accomplishing burials in the case of labor disputes or other disruptions of burial services at a cemetery. The circuit court shall give priority to actions under these provisions over other civil actions. Effective immediately.

¹ Fiscal Note Act may be applicable.

HOUSE AMENDMENT NO. 1.

Deletes reference to: (Ch. 21, par. 101; Act title preceding par. 100, new par. 102.1)

Deletes everything except the provision changing the short title to the Burial Rights Act.

HOUSE AMENDMENT NO. 2.

Adds reference to: (New Act; Ch. 21, pars. 49 and 64.6, Act title preceding par. 100; pars. 100 and 101; new par. 102.1; Ch. 120, par. 2-205)

Deletes everything. Restores contents of the bill as originally introduced. Also amends the Burial on Sunday or Holiday Act. Changes the short title to the Burial Rights Act. Provides that if the owner of a "burial right" or his or her heirs, next of kin, and executor or administrator desire to use a "burial right" for burial purposes necessitated by the decedent's religious beliefs, and there is a labor dispute at the cemetery that has disrupted burials, the owner of the "burial right" may designate workers, selected from a pool of workers, selected by management and labor at the cemetery, to perform the burial work. Makes other changes. Effective immediately.

HOUSE AMENDMENT NO. 3.

Deletes reference to: (New Act, Ch. 21, pars. 49, 64.6 and 101; Ch. 120, par. 2-205)

Deletes everything. Inserts language similar to the language in Senate Amendment No. 1; however, refers to access to "interment rights" (rather than access to "burial lots"), and provides that the owner of the "interment right" (or his heir, legatee, executor, or administrator) may have the work done by a pool of workers selected jointly by the cemetery and the labor union. Makes other changes. Effective immediately.

HOUSE AMENDMENT NO. 5.

Adds reference to: (Ch. 21, new pars. 102.2 and 103.1)

Provides that "an agreement establishing such pool of workers to provide for the religiously required interments" shall be negotiated and entered into within 120 days after this amendatory Act takes effect. Failure to negotiate in good faith constitutes a willful violation of the Act. Provides that sanctions and court proceedings apply only to religious burials and do not apply to labor disputes between cemeteries and their workers. Makes imposition of injunctions and fines for violations mandatory (rather than discretionary). Makes other changes.

Amends the Revenue Act of 1939 to increase the senior citizen homestead exemption from \$2,000 to \$2,500 in counties with 2,000,000 or more inhabitants beginning January 1, 1993.

STATE MANDATES ACT MAY REQUIRE REIMBURSEMENT TO LOCAL GOV'TS.**STATE MANDATES ACT FISCAL NOTE**

In the opinion of DCCA, SB 1723 creates a tax exemption mandate under the State Mandates Act. However, due to a statutory exception no reimbursement of the revenue loss to units of local government is required. SB 1723 causes an annual revenue loss for local governments in Cook County which would be less than \$10.7 million, depending upon certain conditions.

STATE MANDATES ACT MAY REQUIRE REIMBURSEMENT TO LOCAL GOV'TS.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, SB 1756 creates a tax exemption mandate for which reimbursement of the revenue loss to units of local government would normally be required. However, due to a statutory exception, no reimbursement of the revenue loss to units of local government is required. SB 1756 causes an annual revenue loss for local governments in Cook County which would be less than \$102.7 million, depending upon certain conditions.

PENSION IMPACT NOTE

The impact of this bill cannot be determined.

SB-1771 JONES.

(Ch. 108 1/2, pars. 13-302, 13-304, 13-306, and 13-601)

Amends the Metropolitan Water Reclamation District Article of the Pension Code. Compounds the 3% annual increase in retirement and surviving spouse annuities. Makes the surviving spouses of certain employees with less than 10 years of service eligible for annual increases. Provides minimum monthly annuities for certain classes of retirees and surviving spouses. Increases the maximum allowable participation in the Optional Plan to 15 years of service and 15% of salary. Provides for payment of 3% interest on refunds of surviving spouse contributions. Finds that there is no reimbursement required under the State Mandates Act because the bill accommodates a local government request.

STATE MANDATES ACT MAY REQUIRE REIMBURSEMENT TO LOCAL GOV'TS.**STATE MANDATES ACT FISCAL NOTE**

In the opinion of DCCA, SB 1771 creates a retirement benefit mandate for which reimbursement would normally be required. However, SB 1771 includes a finding that such reimbursement is not required because the provisions of the bill accommodate a request from the local government affected. Such a request has been filed with the Department by the Metropolitan Water Reclamation District of Greater Chicago.

PENSION IMPACT NOTE

Increase in accrued liability \$67.2M

Increase in annual cost \$7.0M

Increase in total annual cost as a % of payroll 7.77%

SENATE AMENDMENT NO. 1.

Deletes reference to: Ch. 108 1/2, pars. 13-302, 13-306 and

13-601

Deletes everything, except the provisions relating to the Optional Plan. Also deletes the State Mandates Act finding.

SB-1787 REA.

(Ch. 48, par. 401)

Amends the Unemployment Insurance Act. Provides that for any week beginning after January 1, 1993, an individual's "prior average weekly wage" means the total wages for insured work paid to the individual during the calendar quarter of his or her base period in which the total wages were highest, divided by 13 (instead of the total wages for insured work paid to the individual during the 2 calendar quarters of his or her base period in which the total wages were highest, divided by 26).

FISCAL NOTE (Dept. Employment Security)

While there would be little fiscal impact to the agency for administration, the State's Unemployment Insurance Trust Fund would experience an average increase in weekly benefit amounts of almost 4.5%. The net cumulative cost to this Fund through the year 2000 is estimated to be \$225 million. Of that amount, \$127 million would be attributable to higher benefit levels not yet recovered from increased revenues, with the remaining \$98 million due to lost interest.

SB-1788 REA.

(Ch. 48, pars. 138.16 and 138.19)

Amends the Workers' Compensation Act. Changes criteria for determining whether certain conduct by an employer (or its agent or insurance carrier) constitutes a basis for imposition of additional benefits, penalties, attorney's fees and costs, and changes certain penalties. Provides that penalties may be assessed if an injury is caused by a willful violation of the federal Occupational Safety and Health Act.

FISCAL NOTE (DCMS)

The provisions of SB-1788 could have a significant magnifying effect on the cost of each case brought against the State, as well as encourage more frequent action against the State. Such cases have been rare, but a current pending case is expected to carry \$50,000 in costs and penalties if the State should lose. This bill would greatly increase such amounts in the future.

1 SB-1796 DUNN,T - LUFT.

(Ch. 120, par. 15-1501)

Amends the Illinois Income Tax Act to include within the definition of a "financial organization" any person with 80 per cent of their assets consisting of bonds, notes, commercial paper, mortgages, loans and other similar debt instruments and listed stocks or securities; or 80 per cent of such person's income is derived from such instruments and income from extending and servicing loans. Permits taxpayers which own or are owned by a financial institution to qualify as a financial institution for the purposes of the Act for the tax year and all prior years. Effective immediately.

FISCAL NOTE (Dept. of Revenue)

SB-1796 represents a dramatic decrease in IL Income Tax liabilities due the State. Not only does the Act have detrimental effects for current year tax liability, but further revenue losses will be realized since taxpayers are allowed to amend prior year returns. The number of qualified taxpayers cannot be immediately determined; however, the impact on State revenue would be considerable.

SENATE AMENDMENT NO. 1.

Amends to change the definition of financial organization.

HOUSE AMENDMENT NO. 1. (House recedes January 12, 1993)

(Ch. 127, pars. 63b13.2, 145, 151a, and 157)

Amends the Civil Administrative Code of Illinois and the State Finance Act. Requires the Department of Central Management Services to notify the Comptroller when an option to purchase property is exercised. Includes in the definition of contractual services, a lease with an option to purchase before the option to purchase has been exercised or before title passes to the purchaser. Provides that permanent improvements for purposes of the State Finance Act includes expenditures made under certain lease or installment contract purchases.

FISCAL NOTE (State Comptroller)

SB-2066 would have no net impact on State revenue or expenditures but could increase the risk that installment payments may not be made in a timely manner thus possibly adding to the cost of future State borrowing.

FISCAL NOTE, AMENDED (DCMS)

If agencies continue renting, an estimated 17% cost savings could be lost. Every quarter of a percent in increased interest rates for compensation of investors would increase State payment costs by 2 1/2%. For large properties the loss of savings could be substantial.

1 SB-2075 BERMAN AND KARPIEL.

(New Act)

Creates the School Visitation Rights Act. Permits employees who are parents or guardians of school children up to 8 hours of school visitation rights throughout the normal school year. Establishes procedures for compensation, or the recompense of time. Requires schools to verify such visitations to employers. Establishes rights of employees and employers. Effective July 1, 1993.

**STATE MANDATES ACT MAY REQUIRE REIMBURSEMENT TO LOCAL GOV'TS.
SENATE AMENDMENT NO. 1.**

Includes visitation for behavioral as well as educational conferences within the Act's purpose. Defines visitation. Places a 4-hour maximum on an employee's request on one day's visitation. Requires 7 days', rather than 24 hours', notice to an employer by an employee. Permits 24 hours' notice in an emergency. Permits an employer's refusal of request if the greater of 5% of his workforce or 5 employees have requested visitation rights at the same time. Specifies the standard form of documentation of a school visitation. Makes employees eligible under Act after 7 months, rather than 30 days, of employment. Removes the July 1, 1993, effective date.

HOUSE AMENDMENT NO. 1.

Subjects a parent or guardian who fails to submit the required verification of his school visitation to his employer within the time allowed to standard disciplinary procedures for unexcused absences from work, and deletes a provision which extended the Act's applicability to an employer who employs 50 or more workers at a facility within 200 miles of the facility at which the employee requesting leave is employed.

FISCAL NOTE, AMENDED (DCMS)

SB-2075, amended, would have several economic consequences for the State: If one eligible Code employee per family took 8 hours school leave, it would cost an estimated \$2,284,332 in annual lost productivity. If overtime was required to cover in such situations, there would be additional time and a half pay. These figures are available only for Code employees and the true economic impact would be larger when considering all State employees.

FISCAL NOTE, CORRECTED (DCMS)

There would be a negative effect on the productivity of the State workforce. It could cost the State \$1,142,166 if one Personnel Code employee per eligible household took the allotted leave and if OT was paid.

HOUSE AMENDMENT NO. 2.

Permits an employer to deny an employee's requested visitation time if it would unduly disrupt employer operations, and provides that in such case the employer shall reschedule with the employee another visitation time. Allows an employer to require an employee to make up leave hours within the same pay period if unpaid leave under the Act would conflict with the unreduced compensation requirement for exempt employees under federal law.

¹ Fiscal Note Act may be applicable.

CONFERENCE COMMITTEE REPORT NO. 1.

Recommends that the Senate concur in H-ams 1 and 2.

Recommends that the bill be further amended as follows:

Makes a technical change in sequential numbering.

GOVERNOR'S MESSAGE

Revises the Act's definitions of an employee and employer. Eliminates the definition of "visitation", but provides for the granting of leave to attend school conferences or classroom activities related to an employee's child if the conferences or activities can't be scheduled during nonwork hours. Requires an employee to exhaust all accrued vacation, personal, compensatory and other leave (excepting sick and disability leaves) before taking any school conference or activity leave. Provides that reasonable opportunity for make-up time does not include scheduling that would require payment of overtime wages. Adds that an employer is not required to grant school conference or activity leave if doing so would result in more than 5% of a workforce shift taking that leave at the same time, and eliminates a provision that excepted an employer from the duty of granting such leave if doing so would result in more than 5 employees taking that leave at the same time.

(Ch. 110, par. 7-102.1)

Amends the Code of Civil Procedure. Makes certain notice and information requirements that apply in eminent domain proceedings that are initiated by State agencies inapplicable if the property owner is unknown or a nonresident of Illinois, and also provides that those requirements may be waived by the record title owner or owners. Effective immediately.

FISCAL NOTE (DOT)

An exact calculation of a fiscal impact is impossible due to the number of assumptions that would have to be made. The most common reason for a project not making a letting date is problems with land acquisition. Any projects delayed are affected

by escalating land costs. The number of projects subject to impact in a multi-million dollar program is real and considerable.

SENATE AMENDMENT NO. 1.

Provides that the notice and information requirements are not applicable if the owner's name or residence is unknown and can't be determined by a search of the tax records and obtaining a title commitment.

Amends The School Code. Requires the State Board of Education to annually determine and report the number of special education students with limited English proficiency. Requires the Board to develop rules to define "qualified bilingual specialists." Requires the individualized educational program of low English proficiency students to reflect the special education, cultural and linguistic needs of the student. Requires teachers who provide special education services to limited English proficient students to be certified in Bilingual Special Education and requires the Board to develop such a certification. Requires the Board to provide Teacher Shortage Scholarships to bilingual individuals who are interested in Special Education. Effective immediately.

FISCAL NOTE (State Board of Education)

The fiscal impact upon the State Board would not be dramatic. Some additional clerical staff might be required to address the increased demand for certification services. The report would require additional staff and a possible field survey but could be compiled with a probable cost of less than \$10,000.

SENATE AMENDMENT NO. 1.

Adds reference to: Ch. 122, pars. 14-3.01, 14C-13

Requires the Advisory Council on Bilingual Education to establish subcommittees that it deems appropriate to review bilingual education issues, including certification, finance, and special education. Effective immediately.

FISCAL NOTE (State Board of Education)

The required report could be compiled in less than a month with probable cost of less than \$10,000. The requirements imposed by this legislation upon local districts are already in place and hence will not impose additional costs.

FISCAL NOTE (LRB)

It is impossible to put a dollar amount on additional costs and anticipated savings. It is anticipated that the cost of providing publishers with access to the new statute database will be recovered from providing that access; that transition costs will be minor and should be spread out over a reasonable period of time; and that in the future statute books should be more competitively priced. It is believed that over the long run any additional costs will be more than offset by savings.

Provides procedures for the reimbursement of pharmacies for participation in the medicaid program based on actual acquisition costs. Requires certain reports by pharmacists and wholesalers. FISCAL NOTE (Dept. of Public Aid)

The pharmacy reimbursement policies and procedures required by HB-155 would conflict with provisions in the Omnibus Budget Reconciliation Act of 1990 which strictly prohibits states from reducing the fees paid to pharmacies. As a result, HB-155 would cause Illinois' \$238 million Medicaid pharmacy reimbursement program to be out of compliance with federal mandates and could result in substantial penalties and disallowances in the State's FY92 federal matching funds allocation.
