(Ch. 127, par. 133b11)

Amends the State Property Control Act. Requires the Director of Central Management Services, upon receiving a request from a municipality under 5,000, to transfer to the municipality a surplus State motor vehicle for use by the municipality for a period of not more than 2 years. Allows the municipality to keep the vehicle for longer than 2 years upon payment of an amount agreed upon by the Director and the municipality. Prohibits the transfer of more than one vehicle to any municipality in any 12 month period.

FISCAL NOTE (CMS)

State Surplus Property relies on the proceeds from the sales and the sales and actions of these vehicles for up to 50% or \$503,400 of their operating budget. The surplus property program would be operationally defunct within one year to 18 months since the vehicles would not be available for resale. All other state agencies would also feel the fiscal impact of this bill since they rely on the services of the State Surplus Property Section to provide them with office furniture, computer equipment, etc.

HOUSE AMENDMENT NO. 1.

Adds reference to: Ch. 127, par. 49.28

Amends the Civil Administrative Code. Requires the Department of Transportation to give notice of the availability of used vehicles to qualifying local governmental units (fire protection districts, road districts, townships, and municipalities under 2,500 population) and give those units the first opportunity to take ownership of those vehicles at no charge. (Now, units of local government and the Department of Conservation are notified and given the first opportunity to purchase used vehicles.) Requires the Director of Central Management Services to transfer surplus State vehicles to qualifying local governmental units (rather than municipalities under 5,000 population) for their use for 2 years. HB-1007 WENNLUND - LANG.

(Ch. 40, par. 505)

Amends the Marriage and Dissolution of Marriage Act to permit the reduction of "net income", for purposes of determining a person's child support obligation, by the amount of the reasonable costs of caring for the person's children by an earlier marriage who are in the person's custody.

HOUSE AMENDMENT NO. 1.

Deletes all amendatory language in the original bill. Provides that "net income" shall not include: child support received by the obligor; money actually spent for children residing with the obligor for whom the obligor has a duty to provide support (however, this extension for money actually spent may not exceed the amount that the person would be required to pay to support those children under the support guidelines).

SENATE AMENDMENT NO. 2. (Senate recedes December 2, 1992)

Deletes language providing that the following shall be deducted from an obligor's net income for purposes of determining the obligor's support obligation: child sup-

¹ Fiscal Note Act may be applicable.

port received by the obligor, and sums expended for any child residing with the obligor whom the obligor has a duty to support. Makes other changes.

CONFERENCE COMMITTEE REPORT NO. 2.

Recommends that the Senate recede from S-am 2.

Recommends that the bill be further amended as follows:

- Deletes Reference To: (Ch. 40, par. 505)
- Adds Reference To: (Ch. 40, pars. 709; Ch. 110, pars. 7-103, 12-701, 12-705, 12-707, 12-710, 12-711, 12-716, 12-804, 12-808, and 13-217)

Deletes everything. Amends provisions of the Marriage and Dissolution of Marriage Act relating to the payment of child support in certain counties. Makes it discretionary for the court to direct that child support payments be made to the circuit clerk (except in certain cases where it is mandatory). Provides that the clerk may deposit money collected for child support in an interest bearing account or other securities, but that this does not alter the clerk's obligation to make timely payments to payees. Amends the Code of Civil Procedure. Allows the use of "quick-take" under the Southwestern Illinois Development Act for 7 (instead of 3) years after 1987. Amends non-wage garnishment provisions by specifying the form of the garnishment notice and also making numerous changes regarding: garnishment affidavits, interrogatories, answers to interrogatories, trials, costs. Effective immediately. Amends wage deduction provisions by providing that ERISA plans shall be considered retirement funds for purposes of those provisions relating to limitation periods in certain actions after a federal court dismissal for improper venue. Effective immediately.

HB-1195 MCGANN.

(Ch. 91 1/2, new par. 100-12.2)

Amends the Department of Mental Health and Developmental Disabilities Act. Requires the Department to maintain a program of psychiatric care at any hospital in a county over 1,000,000 population that is covered by the County Hospitals Law in the Counties Code.

FISCAL NOTE (DMHDD)

Restoration of Cermak funding would require \$579,800. Contracts with each hospital for specified days of care (4 hospitals x 20 beds x 365 days x \$350) would require \$10,220,000.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB 1195 fails to meet the definition of a mandate under the State Mandates Act.

HOUSE AMENDMENT NO. 4.

Adds reference to: Ch. 75, par. 117

Deletes the substantive provisions of the bill. Amends the County Jail Act and the Department of Mental Health and Developmental Disabilities Act. Provides that the cost of providing necessary mental health care to pre-trial detainees shall be shared by the county and DMHDD pursuant to an agreement between the county and the Department and to the extent that moneys are appropriated to the Department for that purpose.

FISCAL NOTE, AS AMENDED (DMHDD)

Fiscal impact would range between \$8,906,250 and \$50,625,000; overall impact is limited by the amount of funding actually appropriated.

Provides an absolute right for any person to attend and be heard at any hearing of the Pollution Control Board on a regulatory or permit matter.

FISCAL NOTE (EPA).

The siting provision would result in additional siting hearings before units of local government as well as the Pollution Control Board. However, in many cases, the costs of such hearings are borne by the developer of the proposed facility, in the form of siting application fees. Therefore, the fiscal impact at the local level would be minimal. To the extent that this proposal would result in additional appeals to the Pollution Control Board, hearing costs would increase. To the extent that hearing costs are recovered from the parties to the appeal, the net impact to the State would be reduced.

FISCAL NOTE (State Treasurer)

A \$100,000 FY92 approp. would be required for initial organization and operations of the FCA. This amount is considered a loan; FCA would be responsible for repayment within 3 years.

FISCAL NOTE (Dept. of Public Aid)

This legislation could have a significant fiscal impact to the Department's long term care appropriations. If this board is comprised of any representative from the long term care industry, LTC rates would certainly increase which would cause IDPA to incur additional liability. An accurate estimate of the cost of this legislation is not possible given the unlimited number of changes this board could make to the current rate methodology.

This measure would represent a need for additional funding due to the 100 days of 24-hour respite services described, which are currently being provided through the Community Care Program on a less than 24-hour basis. According to the National Institute of Governmental Purchasing and the National Association of State Purchasing Officials, prices rise roughly equivalent to the percentage of preference indicated. Based on this estimate, a 10% increase in purchase prices would translate into \$20 million annually in increased expenditures for the State. Administrative costs are estimated at \$645,950 annually.

Amends the Municipal Code and the Criminal Code. Provides that an alderman or trustee of a municipality, in his or her capacity as an alderman or trustee, is not a conservator of the peace or a "peace officer" exempt from certain provisions of the Criminal Code concerning the unlawful use of firearms and shall not be authorized by the municipal corporate authorities to carry or possess a firearm or to act as a peace officer or conservator of the peace. Preempts home rule powers. Effective immediately.

HOME RULE NOTE

The impact of this bill, both immediate and long-range, would be to prohibit elected officials from assuming the role of "peace officer", which is presently possible under State law. HOUSE AMENDMENT NO. 1.

STATE MANDATES ACT MAY REQUIRE REIMBURSEMENT TO LOCAL GOV'TS.**STATE MANDATES ACT FISCAL NOTE**

In the opinion of DCCA, HB-2913 creates a tax exemption mandate for which reimbursement would normally be required. However, the bill amends the State Mandates Act to relieve the State of reimbursement liability. Present law provides for State payment of any shortfall resulting from a loss of revenue due to the various taxes for expansion of McCormick Place. However, there is an estimated \$4 million annual cushion from local revenue generated by the various taxes before State payments are required. No estimate of the amount of funding that would be required should HB-2913 take effect is available at this time.

one sick day per month. Prohibits a unilateral reduction of the number of earned and accrued vacation and sick days available for use by State employees. Applicable in determining the number of sick leave and vacation days earned and accrued by all past and present State employees during all periods of employment subsequent to December 31, 1983. Effective immediately.

FISCAL NOTE (DCMS)

If all eligible non-union employees accrue only one (1) additional unused vacation day per year beyond the current limit, it is estimated the contingent liability to these current and future employees for payment of unused vacation days to be paid at separation from State service would grow at a rate of approximately \$1,600,000 per year in 1992 dollars.

Amends the Illinois Wage Payment and Collection Act. Deletes language providing that the Act does not apply to State employees. Provides that certain criminal and monetary penalties do not apply to the State and its officers and employees. Waives sovereign immunity for purposes of the Act. Effective immediately.

FISCAL NOTE (Dept. of Labor)

There could be an increase in the amount of claims but the Dept. would need appropriations by the legislature in order to resolve the claims. The administrative costs would be negligible. There is no fiscal impact anticipated at this time.

FISCAL NOTE (DCMS)

Direct fiscal impact to the State would be negligible, since the proposed changes would require only minor payroll adjustments, and since the penalty provision does not apply to State employees.

Amends the Illinois Purchasing Act. Requires bidders and contractors to certify that they provide health benefits to their employees in order to be eligible for State contracts.

FISCAL NOTE (DCMS)

Administrative costs are estimated at \$73,000 annually. In addition to the administrative impact, many smaller businesses may find the requirements of this legislation unaffordable, and, as a result, may no longer bid on State contracts. Any decreased competition would create upward pressure on prices, though the effect cannot be reliably quantified.

STATE MANDATES ACT MAY REQUIRE REIMBURSEMENT TO LOCAL GOV'TS.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB 3194 constitutes a service mandate for which reimbursement of 50% to 100% of the cost to counties is required. However, please note that if the General Assembly finds that the bill imposes additional duties of a nature which can be carried out by existing staff and procedures at no appreciable net cost increase, and this is explicitly stated in the bill, no reimbursement is required.

STATE MANDATES ACT FISCAL NOTE, REVISED

In the opinion of DCCA, HB 3194 constitutes a service mandate for which reimbursement of 50% to 100% of the cost to counties is required. The cost of reimbursement in FY'93 would at a minimum be \$17,500 to \$35,000, depending upon the percentage of reimbursement selected.

Creates the Podiatric Scholarship and Residency Act. Requires the Illinois Department of Public Health to distribute funds for residency programs in podiatric medicine and scholarships for podiatry students with the purpose of increasing the number of health care providers in the State, particularly in designated shortage areas. Requires podiatry students who receive scholarships under the Act to agree to practice in designated shortage areas. Imposes a penalty of 3 times the annual scholarship for each year a scholarship recipient fails to fulfill the agreement. Amends the Podiatric Medical Practice Act of 1987 to provide for funding of this Act from the Podiatric Disciplinary Fund. Effective immediately.

FISCAL NOTE (Dept. of Public Health)

According to the Department of Professional Regulation, a 15% transfer from the licensure renewal fees for podiatrists would result in approximately \$35,000 available in 1993 and only \$960 in 1994. As licenses are renewed on a two year basis, this level of funding would continue. The Scholl College of Podiatry reports tuition and fees at approximately \$15,000 per student per year. With the amount of funding proposed, two scholarships could be provided per year. These figures do not take into account costs that the Department would incur in administration of this Act. Estimates for legislation similar to this in previous sessions has put Department costs at approximately \$40,000.

Amends the Legislative Reference Bureau Act to direct the promulgation of the Illinois Compiled Statutes. The compilation shall take effect on January 1, 1993. Amends the Administrative Procedure Act to exempt from rulemaking. Effective immediately.

FISCAL NOTE (LRB)

It is impossible to put a dollar amount on additional costs and anticipated savings. It is anticipated that the cost of providing publishers with access to the new statute database will be recovered from providing that access; that transition costs will be minor and should be spread out over a reasonable period of time; and that in the future statute books should be more competitively priced. It is believed that over the long run any additional costs will be more than offset by savings.

SENATE AMENDMENT NO. 1.
