**HB-3886 GIORGI - ROTELLO.**

(Ch. 23, par. 5-2)

Amends the Illinois Public Aid Code. Extends benefits to persons 18 years of age and older (now 18 years and younger) who have been receiving specialized care at home. Requires an annual determination of need by a physician licensed to practice medicine in all of its branches. Does not make eligibility under Federal Financial Participation a criteria for receiving benefits as is now required for persons 18 years of age and younger.

**FISCAL NOTE (Dept. of Public Aid)**

IDPA would be required to appropriate an estimated \$108,300 in additional GRF to implement the continuation of services required by HB-3886. Conversely, the DORS appropriation would be reduced by this amount. It is estimated that approximately 2 persons age out of the Model Waiver per year. Costs would be cumulative in future fiscal years. The extended coverage beyond age 18 requirement is not contingent on FFP eligibility. Therefore, this bill would shift these expenditures from the current 50% FFP to 100% State-funded.

**HOUSE AMENDMENT NO. 1.**

Replaces references to children or pupils with special or exceptional needs with references to students with disabilities. Pushes back to September 30, 1993 (from June 30, 1993) the completion date for the required statewide study on the use of behavioral interventions. Takes the Advisory Council out of the process by which the scope of the study is developed. Eliminates the State Board's proposed duty to adopt rules governing behavioral intervention usage and the specific requirements for what those rules were to do, and replaces those proposals with a requirement that the State Board of Education issue guidelines based on the statewide study addressing appropriate behavioral interventions and proper documentation of the need for and use of behavioral interventions. Requires school boards through a parent-advisory committee to develop policies and procedures that conform to the specifications of the State Board of Education guidelines on the use of behavioral interventions.

**SENATE AMENDMENT NO. 1. (Tabled June 22, 1992)**

Adds reference to: (Ch. 122, new par. 2-3.107)

Further amends the School Code. Requires the State Board of Education to develop rules and regulations specifying a State policy on the use of corporal punishment in schools by August 1, 1993. Specifies certain proscribed and permitted conduct that the policy must reflect.
