35 ILCS 205/19.23-1	from Ch. 120, par. 500.23-1
---------------------	-----------------------------

Amends the Revenue Act of 1939 to freeze the assessed value of property for determining the senior citizens homestead exemption. Revises the senior citizens homestead exemption to provide that beginning with the 1993 levy year the exemption is the greater of either: (1) \$2,500 in counties with over 2,000,000 inhabitants and \$2,000 in all other counties; or (2) the difference between the value as equalized or assessed during the current levy year and (i) the 1992 equalized or assessed value or (ii) the equalized or assessed value for the levy year in which the current owner and occupant first became eligible for the homestead exemption on the property if later than the 1992 levy year. Requires certain property improvements to be added to the value as equalized or assessed by the Department under certain circumstances. Effective immediately.

SENATE AMENDMENT NO. 1.

Limits the provisions to senior citizens with a federal adjusted gross household income of \$30,000 or less.

SENATE AMENDMENT NO. 2.

Adds reference to:	from Ch. 122, par. 18-8
105 ILCS 5/18-8	

Changes the title. Amends the School Code. Removes provisions requiring the Department of Revenue to add to the equalized assessed value of taxable property of each school district situated in counties with 2,000,000 or more inhabitants an amount equal to the senior citizen homestead exemption.

FISCAL NOTE (Department of Revenue)

While the Department cannot provide a precise determination of fiscal impact resulting from SB 5 as amended by S-ams 1 & 2, it can be said that this would narrow the tax base for local governments in future years in those areas where this increased exemption would be utilized. In addition, if this legislation is considered to be a State mandate, the State may have to reimburse local governments for the resulting loss of revenue.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, SB 83 creates a personnel retirement benefit mandate for which reimbursement of the increased cost to units of local government is required under the State Mandates Act. Amends the Downstate Police Article of the Pension Code in relation to establishing eligibility to participate. Requires the board to grant a hearing before denying eligibility. For purposes of pension eligibility, provides that actual performance of police duties is conclusive evidence of the person's fitness to perform police duties during the period of satisfactory performance, and requires granting of service credit for those periods upon payment of the corresponding employee contributions. Specifies factors that may not be used in determining fitness. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, SB-108 constitutes a personnel/retirement benefit mandate for which reimbursement of the increased cost would normally be required under the State Mandates Act. However, SB-108 amends the State Mandates Act to relieve the State of reimbursement liability. The annual cost to local governments is expected to be minor.

PENSION IMPACT NOTE

This bill would have a very minor financial impact.

Specifies other powers and duties of the Inspector General. Reduces the aggregate reserved fund balances minimum required to be maintained by the Board for the 1994 and subsequent fiscal years to \$100,000,000. Provides that the Board's Financial Plans submitted to the Authority shall cover 2 (now 3) fiscal years and requires submission to the Authority of the Financial Plan applicable to fiscal years 1994 and 1995 within 90 days after the Act's effective date. Gives the Authority 15 (now 30) days to either approve or reject the Financial Plan and Budget of the Board. Adds provisions relative to interim operations of the Board for fiscal year 1994 pending adoption and approval of its budget for that fiscal year, and provides that the Board's failure to have an approved Financial Plan within 90 days of the Act's effective date does not affect the operations of the Board or its power to contract. Authorizes the Authority to approve a provisional budget of the Board for any fiscal year, subject to an annualized expenditure limitation established by the Authority. Adds provisions requiring the Board to submit staffing plans to the Authority for its review and approval or rejection and establishes procedures to assure compliance with an approved staffing plan. Requires management audits of the Board every 2 years and additional management and financial assessments in 1994 and 1995. Authorizes the School Finance Authority to issue up to \$427,000,000 of additional bonds for specified purposes of the Board and related purposes, authorizes the levy of taxes by the Authority to pay debt service on those bonds, adds provisions relative to bond maturity and to create debt service and debt service reserve funds, and makes a related change concerning the county clerk's determination of the rate for the extension of taxes levied by the Authority. Places the Engineer in Charge and the Food Service Manager under the general supervision of the principal, provides that principals are employed to supervise the operation of attendance centers, and authorizes the principal to determine the hours when the attendance center is open and available for use, provided the use complies with Board rules and policies and collective bargaining agreements. Allows refunded utility charges and credits and excess amounts budgeted for utility charges to be used and transferred for any other proper school purpose. Provides that amounts deposited in any debt service fund of the Board and not required for payment of principal or interest on any obligation may be withdrawn by the board without the necessity of any tax abatement incident to the withdrawal. Provides that a principal, with the concur-

rence of at least 63.5% through August 31, 1995 and 51% thereafter of the attendance center's personnel in the teachers' bargaining unit may declare waived a provision of the teachers' bargaining agreement; also provides that waiver procedures in a collective bargaining agreement involving any other bargaining unit shall require the concurrence of the above percentages of the personnel in the unit; but provides that salaries, benefits, and other forms of compensation are not subject to waiver. Provides for annual evaluation of subdistrict superintendents by the general superintendent and the subdistrict council, and makes satisfactory completion of each evaluation a condition precedent to renewal of a subdistrict superintendent's performance contract. Provides that a subdistrict superintendent may appeal an unsatisfactory evaluation to the Board of Education. Authorizes the Board to promulgate guidelines for use by the general superintendent in evaluating the performance of subdistrict superintendents. Authorizes the Chicago Board of Education to by resolution before January 1, 1995 call a special election to be held between January 1, 1995 and May 31, 1995 on a proposition to increase the district's educational purposes tax rate, and provides that if the Board fails to call a special election before January 1, 1995 that the City of Chicago may by ordinance call and hold a special election before July 1, 1995 on the proposition to increase that educational purposes tax rate. Provides a program of early retirement incentives for Chicago teachers and reserve teachers. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately, except provisions amending the Property Tax Code take effect January 1, 1994.

Changes the manner of determining the State aid entitlement of laboratory schools and alternative schools. Effective immediately.

 105 ILCS 5/34-84 from Ch. 122, par. 34-84

Deletes everything and changes the title. Amends the School Code. Authorizes Chicago school principals to fill new and vacant teaching positions based on merit and ability to perform without regard to seniority, length of service, or supernumerary status (now, without regard to seniority or length of service, but subject to an applicable collective bargaining agreement). Limits the principal's duty to give first consideration to supernumerary teachers for interview purposes to cases where the supernumerary is certificated in the area called for by the position for which the interviewing is being done. Provides for dismissal of teachers during their probationary period by a principal rather than the board of education, and without the necessity of the general superintendent of schools giving written reasons for those dismissals. Deletes a requirement that the board employ a supernumerary teacher in a collectively bargained position if the supernumerary is not selected to fill a new or vacant position and limits the continuing salary, seniority accrual, and tenure rights of such a supernumerary to the 60 day period commencing when supernumerary status begins. Terminates all salary and benefits upon expiration of the 60 day period unless and until the supernumerary is selected from an eligible pool by a principal to fill a new or vacant position. Creates an exception for supernumeraries who, within a 2 year period after their benefits cease, attain certification in a new area of teacher qualification and are selected from an eligible pool to fill a new or vacant position by a principal.

30 ILCS 805/8.17 new

Amends the Chicago Police Article of the Pension Code to provide early retirement incentives. Grants up to 5 years of creditable service and up to 5 years of age enhancement. Requires employee contributions at half the regular rate. Requires the City to pay the resulting unfunded accrued liability to the Fund over 7 years, with interest. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, SB 154 creates a personnel retirement benefit mandate for which reimbursement of the increased cost to a unit of local government would normally be required. However, SB 154 amends the State Mandates Act to relieve the State of reimbursement liability. No estimate of amount of the unfunded accrued liability created by this benefit is currently available, but, according to information provided by the City of Chicago, the cost could be substantial.

PENSION IMPACT NOTE

According to Chicago Policemen's Retirement Fund, as of March 8, 1993, the cost of SB-154 has not been determined.

Changes the manner of determining the State aid entitlement of laboratory schools and alternative schools.

HOUSE AMENDMENT NO. 1. (House recedes June 29, 1993)

Eliminates block grant authorization for arts planning for kindergarten through grade 6.

HOUSE AMENDMENT NO. 2. (House recedes June 29, 1993)

Provides that full days used for parent-teacher conferences (as distinct from both, full days used for parent-teacher conferences and days that are devoted in part to sessions of 3 or more clock hours with the remainder devoted to parent-teacher conferences) shall not be considered in computing average daily attendance for State aid formula purposes.

HOUSE AMENDMENT NO. 3. (House recedes June 29, 1993)

Revises the changes proposed to the provisions authorizing grants for parenting programs. Provides for those grants to be made in early childhood parenting programs for parents of children in the period of life from birth to kindergarten, and provides that the total grants awarded for those birth to kindergarten early childhood parenting programs shall not be less than the total amount awarded during

FY93, subject to appropriations. Adds essentially identical language providing for grants to be made in K-12 parenting programs for parents of children in the period of life from kindergarten through high school, but does not establish FY93 as a base year for determining the minimum amount of total grants to be awarded in a fiscal year for the K-12 parenting programs. CONFERENCE COMMITTEE REPORT NO. 1.

Recommends that the House recede from H-ams 1, 2, 3, 4, and 6.

Recommends that the bill be amended as follows:

Adds reference to:

30 ILCS 235/2

from Ch. 85, par. 902

105 ILCS 5/2-3.94

from Ch. 122, par. 2-3.94

110 ILCS 305/1c

from Ch. 144, par. 22c

Changes the title, deletes everything after the enacting clause, restores the provisions of H-ams 1, 2, 3, and 6 (from which the House receded), and replaces the provisions of H-am 4 with provisions prohibiting home visits or in-home training without the prior, written, informed consent of the participating parents. Specifies the form of consent required and provides for its revocation. Prohibits all home visits and in-home parenting training under the programs after July 1, 1995. Requires the General Assembly to report on the effectiveness of home visits as a component of the parenting program by July 1, 1995. Also amends the Public Funds Investment Act to authorize community college districts to invest their public funds in any mutual funds that invest primarily in corporate investment grade or global government short term bonds. Also amends the University of Illinois Act to prohibit the University's Board of Trustees from excluding from course catalogs and transcripts any U.S. armed forces training program or organization because the program or organization complies with federal rules, regulations, or policies. Effective immediately.

GOVERNOR'S MESSAGE

Recommends removing the proposed consent requirement for home visits and in-home parenting training under the existing birth to kindergarten early childhood training program, deleting a provision that would invalidate any consent for home visits or in-home parenting training that is obtained within 4 weeks of a child's birth, limiting application of a provision that will sunset home visits and in-home parental training after July 1, 1995 to K-12 parenting skill programs, and eliminating a proposal to give parents a right of action against program personnel for knowing or reckless inclusion of derogatory (as distinct from defamatory) information with program records.

Amends the Illinois Solid Waste Management Act to direct the Department of Energy and Natural Resources to create a grant and loan program to encourage recycling and waste reduction programs. Gives priority to proposals that will create small businesses or jobs in enterprise zones. Effective immediately.

FISCAL NOTE (DENR)

The fiscal impact of SB-188 to DENR is dependent on the number of grant and low interest loan applications submitted to the Dept. as a result of the bill. Since it is not possible to assess how many applications will be received, the Dept. cannot estimate the program's costs for staff, recycling grant awards and low interest loan amounts.

SENATE AMENDMENT NO. 1.

Deletes supplemental amounts to Dept. of Professional Regulation for State Board of Pharmacy, to Dept. of Rehabilitation Services for Lekoteks and to Secretary of State for publication of an explanation of the proposed constitutional amendments. Adds supplemental amounts to Dept. of Rehab. Services for devices and services for persons with disabilities, to LIS for EDP equipment, and to Secretary of State for contractual and printing lines.

SENATE AMENDMENT NO. 2.

Reduces supplemental amount to Dept. of Public Aid for State Transitional Assistance.

SENATE AMENDMENT NO. 3.

Makes supplemental appropriations to the Dept. of Revenue for nursing home grants.

SENATE AMENDMENT NO. 4.

Increases supplemental amounts to Guardianship & Advocacy Comm.

SENATE AMENDMENT NO. 5.

Adds supplemental amount to CDB for work at the Philip J. Rock Center and School Building in Glen Ellyn.

SENATE AMENDMENT NO. 7.

Increases supplemental amounts to DCMS for payment of State's share of certain medical insurance.

SENATE AMENDMENT NO. 10.

Replaces supplemental amounts to DCFS with amounts to Regional Offices for counseling and for Title IV-E Reimbursement Enhancement.

SENATE AMENDMENT NO. 11.

Adds supplemental amount to State Treasurer for payments to counties under the Estate Tax Law.

BALANCED BUDGET NOTE

GRF supplementals will not affect existing FY93 appropriations or programs. Supplementals are affordable through increased

revenues and by making less progress to improve lapse period spending than previously anticipated. Offsetting those increases, in addition to the supplementals, are increased appropriations from overrides and increased transfers out.

BALANCED BUDGET NOTE

For FY-93, the Treasurer's revised estimate of revenues is \$175 million. This exceeds projections made by the Bureau of the Budget, the Economic & Fiscal Commission and, earlier this year, our own office by amounts ranging from \$25-50 million.

SENATE AMENDMENT NO. 12.

Amends PA87-864 to transfer an amount from the equipment line to contractual services in the appropriation for Legislative Reference Bureau. Makes technical changes.

SENATE AMENDMENT NO. 13.

Amends PA87-864 to appropriate supplemental amounts to DOT in the State-wide and Engineering lines for projects of the Dept.

SENATE AMENDMENT NO. 14.

Deletes and restores Section for supplemental appropriation to DCFS.

HOUSE AMENDMENT NO. 1.

Appropriates federal funds to the State Board of Education for Chapter 1-Summer School and for Christa McAuliffe Fellowship. Appropriates funds to the Comptroller to pay attorney fees in the case *Ostenburg v. Regan*.

35 ILCS 205/146 from Ch. 120, par. 627
35 ILCS 205/20d-5 new

Amends the Revenue Act of 1939 to require the county assessor in counties with over 3,000,000 population to establish a formula for assessing income producing property that takes the income and expenses related to the property into consideration. Effective January 1, 1994.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, SB 384 creates a local government organization and structure mandate for which no reimbursement is required under the State Mandates Act.

SENATE AMENDMENT NO. 1.

Changes a reference from "fair cash market value" to "fair market value". Removes the provision including the financial indebtedness requirements of the property in the calculation of the fair market value of income producing property.

FISCAL NOTE (Dept. of Revenue)

The Department of Revenue cannot determine with certainty any fiscal impact upon the State or local government.

SENATE AMENDMENT NO. 2.

Deletes everything and reinserts the bill plus changes a reference from "fair cash market value" to "fair market value". Removes the provision including expenses incurred in the operation of the property and the financial indebtedness requirements of the property in the calculation of the fair market value of revenue, rather than income-producing property.

SB-0387 DEANGELIS - O'DANIEL.

35 ILCS 145/3

from Ch. 120, par. 481b.33

Amends the Hotel Operator's Occupation Tax Act to provide that the tax does not apply to receipts from selling food or beverages, renting videotapes, selling theater tickets, or other activities not connected with the renting of rooms.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, SB-387 constitutes a tax exemption mandate for which reimbursement of the revenue loss to units of local government is required. Due to a lack of data, no estimate of the amount of revenue loss is available.

FISCAL NOTE (Dept. of Revenue)

By limiting the applicability of this tax, State hotel tax receipts will decrease. As it cannot be determined from return data the amount of non-taxable receipts (pay per view movies, etc.) that tax is being remitted on nor can it be determined from return data which operators are currently remitting tax on non-taxable receipts, a precise negative fiscal impact may not be determined. However, it may be determined that a direct loss of tax revenues will be realized by this Act.

SENATE AMENDMENT NO. 2.

Removes all substantive changes in the bill. Makes a technical change.

Amends the School Code. Changes the reimbursement level for school district's providing extraordinary special education services and facilities to a child because of the child's disability. Provides for reimbursement if the district's per capita cost of educating the child is in excess of one and one-half times the district's per capita tuition charge for the prior year, the reimbursement (if that qualifying condition is met) to be equal to the lesser of \$2,000 or the excess of the per capita cost of educating the child over the district's per capita tuition charge for the prior year: (Currently a district is reimbursed in that manner as long as its per capita cost of education the child is in excess of --- though not as much as one and one-half times as great as --- its per capita tuition charge for the prior year). Effective immediately.

SENATE AMENDMENT NO. 1.

Adds reference to:
105 ILCS 5/14-8.01

Adds provisions further amending the School Code. Limits the State Board of Education's duty to provide special education room and board costs not provided by

any other State agency to providing those costs only to the extent of available funds. Replaces a reference to the State Board of Education's share of PL-142 federal monies with a reference to IDEA PART B federal moneys. Provides that after special education room and board costs are paid from appropriated IDEA PART B federal moneys, the remainder of those appropriated funds shall be used for similar expenditures for children in community based programs that serve as alternatives to residential placement.

FISCAL NOTE, AMENDED

There would be no immediate impact on State government as the State has not been appropriating sufficient money to cover all claims in recent years and is unlikely to do so in FY94. Hence, there will be no savings to State government.

requirements for all retirement systems and pension funds under the Code. Increases penalties for failure to report. Makes other changes. Amends the Securities Law of 1953 to make persons who advise public pension funds to make unauthorized investments subject to disciplinary action.

PENSION IMPACT NOTE

The first-year total for fees collected is estimated to be \$623,000.

FISCAL NOTE (Dept. of Insurance)

A 3-year phase out of GRF funding would cost the 573 pension funds \$311,775 in FY94, \$523,980 in FY95, and \$781,990 in FY96 which would reduce the GRF component of the Department's budget in those FYs. Collected fees in the new fund would allow the Dept. to progress toward automation of its operation, establish biennial exams for police and firefighter funds and increase Public Pension Div. staff.

PENSION IMPACT NOTE, AMENDED

The impact of S-am 2 cannot be determined.

SENATE AMENDMENT NO. 3.

Adds reference to:

40 ILCS 5/1-118 new

Amends the General Provisions Article of the Pension Code to provide for the issuance of Qualified Illinois Domestic Relations Orders (QILDRO's). Specifies conditions and procedures. Requires the member's written consent before a QILDRO is effective against a current member. Section effective July 1, 1994.

FISCAL NOTE, S-AM 3 (Dept. of Insurance)

Total annualized cost to the Dept. of Insurance, including SS & retirement: \$88,864.

PENSION NOTE, S-AM 3

There would probably be a minor increase in administrative costs to the systems.

FISCAL NOTE (Economic & Fiscal Commission)
SB-591 could decrease State and local revenue by a significant amount that cannot be determined.

FISCAL NOTE, AMENDED (Dept. of Revenue)
Under a broad interpretation of this exemption, State tax receipts will decrease. Such an interpretation would include fuels and consumables which would substantially increase the loss of revenues. As it cannot be determined what is applicable, a precise negative fiscal impact may not be determined. However, it may be determined that a direct and significant loss in tax revenues will be realized by this Act.

SB-0592 CRONIN - DUDYCZ - O'MALLEY - FARLEY - DELEO AND FITZGERALD.

New Act

Creates the Scholarship Schools Pilot Program Act. Establishes a 4-year pilot program in one subdistrict in Chicago to give parents of children residing in the subdistrict an educational scholarship to attend the scholarship school of their choice. Repealed August 1, 1998. Effective immediately.

SENATE AMENDMENT NO. 1.

Provides that each scholarship school shall meet at least one of the bill's standards.

FISCAL NOTE (State Board of Education)

The current General State Aid per pupil for Chicago is \$1,147 exclusive of the Chapter 1 weighting. If the assumption is made that the maximum scholarship payment to be made by the State Board is \$2,500. This would be the net cost to the State Board. As the legislation specifies that only 2,000 scholarships can be given in any year, the total cost to the state would be a maximum of \$2.7 million (\$1,351 x 2,000).

HOUSE AMENDMENT NO. 1. (Tabled November 14, 1993)

Changes the manner of funding the scholarships and the manner in which the scholarship amount is determined. Provides for payment of the scholarships from a separate appropriation made for that purpose, and deletes a provision that would have required the State Board of Education to reduce the State aid otherwise due to the Chicago school district by the total amount paid for scholarships under the program.

New Act

Creates the Home and Community-Based Services Act. Requires the Department of Public Aid to develop and implement, not later than one year after the effective date of this Act, a comprehensive home and community-based services program for Medicaid-eligible individuals age 65 and older, as an alternative to institutional care. Effective immediately.

SENATE AMENDMENT NO. 1.

Makes the Home and Community-Based Services Act applicable to persons age 60 (rather than 65) and older. Makes a purpose of the Act to expand home and community-based services offered by the State (rather than to offer those services). Deletes provisions concerning program development and implementation. Adds provisions creating a Home and Community-Based Services Task Force to study

the feasibility of developing a comprehensive home and community-based services program for persons age 60 and older who are eligible for Medicaid. Requires the Task Force to report to the Governor and General Assembly by July 1, 1994. Effective immediately.

SENATE AMENDMENT NO. 2.

35 ILCS 120/2-45

from Ch. 120, par. 441-45

Amends the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act to provide that the manufacturing pro-

cess, for purposes of the machinery and equipment exemption, commences with the introduction of raw material onto the premises where the manufacturing process is conducted.

FISCAL NOTE (Dept. of Revenue)

Since the Dept. cannot ascertain the total amount of materials that would be exempt, nor what is likely to be exempt for research and development, the negative fiscal impact may not be determined. However, if figures from other states with similar exemptions are compared and adjusted for the rate proposed in this legislation, it may be estimated that a direct loss in tax revenues exceeding \$550 million for machinery and equipment and exceeding \$50 million for research and development will be realized by this Act.

105 ILCS 5/20-8 from Ch. 122, par. 20-8

Amends the School Code. Requires any balance in a working cash fund generated by a bond issue after January 1, 1993 and later abolished to be first used to reduce the district's next subsequent tax levy for the payment of principal and interest on any outstanding general obligation bonds. Effective immediately.

FISCAL NOTE (State Board of Education)
 The fiscal impact of SB 670 is that certain bond proceeds remaining in the working cash fund upon its being abolished would no longer be available for transfer to the education fund. The amount of funds potentially involved is unknown because the bill addresses bonds issued after January 1, 1993.

105 ILCS 5/27-23.4 new

Amends the School Code. Requires school districts to provide not less than 16 hours of violence prevention and conflict resolution instruction each school year in each of grades 4 through 12. Provides that the required instruction be included in the courses of study regularly taught in those grades. Requires the State Board of Education to develop a model curriculum, to distribute the curriculum format and instructional materials therefor to schools maintaining any of grades 4 through 12, and to assist in training teachers to provide effective instruction in the required curriculum. Requires the State Board of Education to implement the program in connection with grants made available from private sources or federal sources.

SENATE AMENDMENT NO. 1.

Redefines violence prevention and conflict resolution education by excluding negotiating strategies for adolescents from that definition. Replaces the requirements that the State Board of Education develop a model curriculum of at least 16 instructional hours per school year and distribute the curriculum format and its instructional materials to schools, with provisions that the State Board prepare and make available to school boards instructional materials for use as guidelines in developing a violence prevention program and that school boards determine the appropriate curriculum for meeting the statutory program requirements. Authorizes (instead of requires) school boards to include violence prevention and conflict resolution education instruction in courses of study regularly taught. Adds an immediate effective date.

STATE MANDATES ACT FISCAL NOTE (State Board of Education)

The State Board of Education would incur costs for curriculum development and teacher training estimated to be \$1.7 million. Most of this would be used for teacher training workshops (\$1.5 million) that would cover 25,000 teachers. The remainder would be used for consultants to develop the materials, for production of reports and for meeting costs.

SENATE AMENDMENT NO. 2.

Changes provisions relative to implementation of the violence prevention and conflict resolution education requirements. States that neither the State Board of Education or school districts are required to implement the program requirements unless grants are made available and received after July 1, 1993 from private sources or the federal government in amounts sufficient to enable the State Board and school boards to meet program requirements.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, SB-765 creates a service mandate for which reimbursement of 50% to 100% of the increased cost to units of local government is required. Information upon which to base an estimate was not available from Cook County, but amount is not expected to be substantial.

Amends the Court Reporters Act. Provides court reporters annual, sick, and special leaves of absence; leave for personal business; sick pay; and family responsibility leave on the same terms as certain State employees. Effective immediately.

FISCAL NOTE (Administrative Office of Ill. Courts)

The primary fiscal impact of SB-766 results from the application of DCMS policies which provide additional paid leave for personal business and in the obligation to provide lump sum payments for accrued sick leave upon termination of employment. Due to variables such as length of service, the actual amounts would be difficult to estimate, but additional appropriations would be needed to pay for accrued sick leave and vacation time and additional court reporters may need to be hired on a full or part-time basis to provide coverage for personal leave absences.

FISCAL NOTE (Administrative Office of Ill. Courts)

Total annual costs would be \$444,400.

Imposes additional eligibility requirements for disability and survivor benefits. Applies an age discount to the minimum surviving spouse benefit. Changes the salary used in the calculation of alternative benefits for district commissioners. Changes the conditions for payment of contributions for leaves of absence and the optional plan of additional benefits. Makes other changes in the manner of administering the Fund. Amends the State Mandates Act to require implementation without reimbursement.

PENSION IMPACT NOTE

SB774 would have little, if any, financial impact.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, SB-774 creates a personnel/retirement benefit mandate. However, if the General Assembly finds that it creates offsetting savings, and this is explicitly stated in the bill, no reimbursement is required. It also amends the State Mandates Act to relieve the State of reimbursement liability. SB-774 will result in a reduction in costs for the Metropolitan Water Reclamation District.

Amends the School Code. In the school aid formula defines each clock hour that is to be counted for day of attendance purposes to mean 60 minutes of academically beneficial instruction to students, excluding time spent for study hall, recess, lunch, student movement between classes, and similar activities. Provides for a Chicago school principal's development of a local school improvement plan by, in addition to other current requirements, cooperation with (now, consultation with) all categories of school staff. Requires the professional personnel advisory committee at each Chicago attendance center (along with the local school council as currently required) to monitor implementation of the local school improvement plan. Adds to the scope of the duties of those professional personnel advisory committees, but changes their responsibility of "advising" the principal and local school council to "cooperating" with them. Broadens the category of "nonperforming schools" in Chicago to include schools whose school improvement plans are imprudent or inadequate, and eliminates the probationary period that currently follows an unsuccessful remediation period and precedes board intervention. Permits a Chicago subdistrict superintendent, upon a supermajority vote of 75% of the subdistrict council members present and voting, to find irremediability and recommend immediate intervention by the board. Further permits the board, when intervention is approved, to replace teachers without regard to the teacher evaluation and remediation provisions that are otherwise applicable.

New Act

Creates the Scholarship Schools Act. Authorizes parents of qualifying children residing in Chicago to send those children to any nonpublic elementary or secondary school in Illinois meeting certain criteria and to receive scholarship grants, not exceeding the scholarship school's actual charges, of \$1,000 for elementary school children and \$1,500 for secondary school children. Makes scholarship awards subject to availability under resource allocation priorities that are based upon implementation of the Act from set-aside funds, family low-income levels, and roughly equal scholarship distribution between children switching to private from public schools and children already in private schools. Requires the State Board of Education to set aside, with respect to each qualifying child electing to transfer to a scholarship school from a public school in that child's district of residence, an amount equal to the average State funding per child in that district, the set aside amount to be pooled and automatically renewed each year, without linking the renewing set-aside amount to the particular child whose transfer produced the initial set aside. Provides that scholarships are renewable despite a change in family low-income level, requires scholarships to be augmented for reasonable transportation needs of low income families, and states that scholarship grants do not constitute taxable income. Limits transfers from public to scholarship schools during the first 5 years of the program to 3% of district enrollment during the first 2 and 5% of district enrollment during the next 3 program years. Requires scholarship schools to be afforded maximum flexibility to educate their students, free from unnecessary, burdensome or onerous regulation. Defines terms. Other related provisions.

Amends the School Code. Empowers local school councils to ratify collective bargaining agreements between the Chicago board of education and representatives of its educational employees, and requires ratification of each such agreement by a majority of those councils before the board signs it. Grants Chicago principals authority to direct the work of all school personnel, including security personnel, the engineer in charge, the food service manager, and all other custodial and food service employees; and eliminates inconsistent provisions now applicable to such employees. Eliminates provisions making a principal's appointment power over new and vacant positions subject to the collective bargaining agreement covering supernumerary teachers. Gives principals final authority (i) to select teachers to fill new and vacant positions based on merit and ability without regard to seniority, supernumerary status, or length of service, and (ii) to direct the hours of the attendance

center and coordinate staff scheduling. Eliminates mandatory appointment of Chicago teachers to permanent assignments after completion of a probationary period, and provides for their dismissal during that period by principals (now, by the board). Limits supernumerary teacher rights to receive salary and benefits, accrue seniority, and retain tenure to a 60 day period. In the provisions relating to teacher evaluation, requires each district's evaluation plan to comply with minimum competency standards. Places the burden of proof in proceedings to dismiss a teacher in any school district or a Chicago school principal upon the teacher or the principal. Specifies what teachers must show by a preponderance of the evidence to disprove charges of incompetence. Authorizes (now, requires) a hearing officer in dismissal cases to consider teacher evaluations. Eliminates a requirement that the classroom observation of a teacher required in all school districts occur in Chicago on at least 2 different school days. Authorizes removal of Chicago teachers due to a board decision to decrease the number of teachers or to discontinue a particular type of teaching under a procedure followed in all other school districts. Deletes a requirement that notice of charges in proceedings to dismiss teachers in school districts outside Chicago be given by the board itself.

720 ILCS 5/9-1

from Ch. 38, par. 9-1

Amends the Criminal Code of 1961. Provides a person who kills an individual without lawful justification commits first degree murder if, in performing the act which caused the death, the defendant was a principal administrator, organizer, or leader of a calculated criminal drug conspiracy and the defendant counseled, commanded, induced, procured, or caused the intentional killing of the murdered person; or the defendant was a principal administrator, organizer, or leader of a calculated criminal drug conspiracy and the defendant counseled, commanded, induced, procured, or caused a person to unlawfully deliver a controlled substance to another, and any person died as a result of the use, injection, inhalation, or ingestion of any amount of the controlled substance.

CORRECTIONAL NOTE

There would be some impact on the prison population. Average per capita cost for inmates sentenced to death is \$19,000 per year; inmates may be in the condemned unit over 10 years prior to execution. Life imprisonment sentence costs would be approx. \$125.7 thousand per offender, averaging serving 40 years. A murder sentence averaging a 12-year length of stay costs \$37.7 thousand per offender.

SENATE AMENDMENT NO. 1.

Provides that a person commits first degree murder if while performing the acts which caused the death, that person held a position of principal administrator, organizer, or leader consisting of a heirarchical position of authority superior to that of all other members of the conspiracy. Provides that a person commits first degree murder if the person intentionally caused the death of another and the death of the person killed involved torture.

FISCAL NOTE (Dept. of Revenue)
State tax receipts would decrease due to a tax credit. There would be no impact until FY94 revenues. As it cannot be determined what businesses would take advantage of the credit nor how many employees would be involved, a precise negative fiscal impact may not be determined. However, a direct loss in tax revenues will result.

65 ILCS 5/11-42-6 from Ch. 24, par. 11-42-6

Amends the Illinois Municipal Code. Provides that municipalities that license, tax, or regulate taxicabs shall require taxicab drivers to pick up and deliver passengers at or to any location requested by the passenger. Preempts home rule.

HOME RULE IMPACT NOTE

According to information provided by the IL Municipal League and the City of Chicago, municipalities that license and regulate taxicabs are currently in compliance with this bill. They all place the requirement outlined in HB 72 upon licensees. However, the extent to which municipalities are able to enforce this requirement is dependent upon the reporting of infractions by customers. HB 72 does not address enforcement issues.

from Ch. 40, par. 2520

210 ILCS 85/11.4 new

Amends the Illinois Public Aid Code, the Illinois Marriage and Dissolution of Marriage Act, the Non-Support of Spouse and Children Act, the Revised Uniform Reciprocal Enforcement of Support Act, the Illinois Parentage Act of 1984, and the Hospital Licensing Act. Provides that unemployment insurance benefits are a form of income subject to be withheld if an order for child support is disobeyed. Provides that the willful failure to pay child support is a Class 3 felony and conviction shall result in the suspension of any professional license. Requires hospitals to ask fathers to acknowledge paternity at the time of birth.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB 92 constitutes a service mandate for which reimbursement of 50% to 100% of the increased cost to units of local government is required under the State Mandates Act. However, if the General Assembly finds that the bill imposes additional duties of a nature which can be carried out by existing staff and procedures at no appreciable net cost increase, and this is explicitly stated in the bill, no reimbursement is required.

305 ILCS 5/4-4.1 new

Amends the Illinois Public Aid Code. Provides that AFDC recipients who receive benefits for the care of a child under 5 years of age must provide proof to the Illinois Department of Public Aid that the child has received certain immunizations.

HOUSE AMENDMENT NO. 1.

Adds reference to:
 305 ILCS 5/11-15 from Ch. 23, par. 11-15
 305 ILCS 5/11-19 from Ch. 23, par. 11-19

Deletes everything. Adds bill as introduced. Further amends Illinois Public Aid Code to provide that a child shall not be immunized in contravention of the stated objection of a parent, guardian, or relative with custody of the child because of religious grounds. Provides that the Department of Public Aid shall provide all families with children under 18 years of age applying for financial aid with information, orally by an intake worker and in writing when the application is filed, about the availability and location of immunization services. Provides that the Department may require that an immunization history be submitted with a change in circumstance report for recipients under 6 years of age.

FISCAL NOTE, AS AMENDED (Dept. of Public Aid)
 The Department currently pays for immunizations for Medicaid children. Depending on the actual program developed, vaccine utilization would probably increase for those children under 5 years of age beyond what is envisioned in the Healthy Moms/Healthy Kids program.

SENATE AMENDMENT NO. 1.

Adds reference to:
 305 ILCS 5/4-4.2 new

Further amends the Illinois Public Aid Code. Provides that no AFDC grant payment shall be made on behalf of a minor under the age of 18 who has never married and who has a child or is pregnant unless the minor resides with a parent, legal guardian, or other relative or in a foster home, maternity home, or other adult supervised living arrangement. Provides exceptions if the individual has no parent or legal guardian, the Department of Public Aid determines that the health or safety of the individual or her child would be in jeopardy, or the individual has lived apart from her parents or legal guardian for at least one year before the birth of her child or applying for benefits. Effective September 1, 1994.

Amends the Counties Code to increase the minimum annual compensation for sheriffs outside Cook County, beginning December 1, 1994. Also grants a \$2000 State stipend to sheriffs who do not operate a county jail.

STATE MANDTES ACT FISCAL NOTE

In the opinion of DCCA, HB 177 creates a personnel mandate for which State reimbursement of 100% of the increased cost to units of local government is required. The cost of reimbursement will be \$554,200 the first year, \$717,200 the second year, \$880,200 the third year, and \$1,043,200 the fourth year. In addition, the cost of State grants required by HB 177 is \$18,000 annually.

STATE MANDATES ACT FISCAL NOTE, REVISED

In the opinion of DCCA, HB-177 creates a personnel mandate for which State reimbursement of 100% of the increased cost to units of local government is required. The cost of reimbursement will be \$163,000 the first year, \$326,000 the second year, \$489,000 the third year, and \$652,000 the fourth year. In addition, the cost of State grants required by HB-177 is \$18,000 annually.

FISCAL NOTE (DCCA)

The increase in minimum annual compensation for sheriffs outside Cook County is determined by the DCCA to be a "personnel Mandate" for which the State must reimburse units of local government for 100% of the increased costs. Therefore, DCCA staff estimates the cost of this increased annual compensation to be as follows: 1995-\$163,000; 1996-\$326,000; 1997-\$489,000; 1998-\$652,000; Total-\$1,630,000. Additionally, beginning December 1, 1994 the State shall grant an annual stipend to the nine counties that do not operate a jail, which will cost the State an additional \$18,000 per year.

Creates the Illinois Labor Equity Act. Prohibits the State, units of local government and school districts from entering into contracts with, making loans or grants to, surveying lands on behalf of, or purchasing the securities of any employer which has offered or granted the status of a permanent replacement employee to an indi-

vidual for performing bargaining unit work for the employer during a labor dispute. Amends the Advertisement for Strike Workers Act. Changes the title to the Advertisement for and Employment of Strike Workers Act. Provides that no public or educational employer may hire permanent replacements for employees lawfully striking under the Public Labor Relations Act or Educational Labor Relations Act. Provides that a court may grant injunctive relief to enforce those provisions. Amends the Labor Dispute Act to provide that it does not apply to injunctions issued by a court under the Advertisement for and Employment of Strike Workers Act.

FISCAL NOTE (Dept. of Labor)

Total administrative costs for development and one year FY costs are \$84,632. The start up cost for the first year could be decreased depending on the effective date of the Act. There is no easily accessible data to assist the Dept. in anticipating the number of cases that would be filed in a 12-mo. period.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB241 creates a local government organization and structure mandate for which no reimbursement is required. HB-241 may also create a personnel mandate for which reimbursement of the increased cost, if any, to units of local government is required.

Amends the Revenue Act of 1939 to exempt from property taxes property owned by Masonic organizations. Exempts any mandate created by this amendatory Act from the requirements of the State Mandates Act.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB 245 constitutes a tax exemption mandate for which State reimbursement of the revenue loss to units of local government would normally be required. However, HB-245 amends the State Mandates Act to relieve the State of reimbursement liability. Due to a lack of data, no Statewide estimate of revenue loss is available. However, from information provided by a Statewide masonic fraternal organization, at least 350 different real properties would be exempted from paying property taxes.

35 ILCS 205/164b new

Amends the Revenue Act of 1939 to require the county collector of each county to send a notice of proposed real estate taxes, on January 1 of each year or as soon thereafter as possible, to every owner of property on the assessment list. Provides that the notice shall set forth the change in the levy rate for each taxing district from the previous year, the change in the equalized assessed valuation from the previous year, and the change in taxes due from the previous year. Requires the county collector to hold a public hearing on the proposed real estate taxes. Allows a taxpayer to protest real estate taxes before receiving the tax bill, based on the notice of proposed real estate taxes. Allows a taxpayer to pay taxes in an amount equal to those paid in the previous year if a protest is pending when the taxes come due.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB 308 creates a local government organization and structure and a due process mandate for which no reimbursement is required. Due to a lack of data, no State-wide cost estimate of complying with HB 308 is available. However, information provided by Cook County indicates that the County's cost for mailing of the notice would be a minimum of \$350,000.

FISCAL NOTE (Dept. of Public Aid)
Corrections inmates, who are eligible for AFDC when released, may currently receive a one-time \$150 assistance payment through the New Start Program. However, savings that could be realized through making felons ineligible would be minimal as New Start payments have totalled only \$10,000 in Fy'93 (through January) not convicted felons. Additional GF savings would also be minimal. Openings for discharged correctional inmates have averaged only 30 persons/month in FY'93 (through February). Federal waivers would be required to prevent payment to AFDC clients.

 30 ILCS 212/10

Amends the Deposit of State Moneys Act to provide that interest on moneys deposited under that Act shall be determined according to deposit agreements between the Treasurer and the financial institution holding the deposit. Amends the State Treasurer's Bank Services Trust Fund Act. Provides that moneys in that Fund shall be used to pay the cost of banking services related to the Treasurer's constitutional and statutory responsibilities. Effective immediately.

FISCAL NOTE (State Treasurer)

The State will receive a higher rate of return on deposited funds as a result of reducing each institution's cost of paying interest. At this point, we are unable to project how many institutions may ultimately be affected. However, for each \$250 million in deposits, an interest rate premium of 1/10th of 1%

would translate to an additional \$250,000 annually. Since the Treasurer currently pays for all registered bond processing through compensating balances, passage would be revenue positive by approximately \$50,000 annually as a result of the conversion of the compensating balances to investments earning a higher rate of return.

Creates the Tax Freedom Act. Provides that no taxing district, including home rule units, may adopt a property tax levy in excess of their levy in 1987, excluding a levy for bonded indebtedness incurred prior to the effective date of the Act. Also restricts user fees and taxes other than property taxes to the 1988 level. These limitations may be exceeded by referendum approval of 60% of the voters in a taxing district. Repeals the Truth in Taxation Act. Repeals the Property Tax Extension Limitation Act. Amends the Statute on Statutes and the Election Code to strike references to the Property Tax Extension Limitation Act. Amends the Revenue Act of 1939 to change the due dates for tax bills and to provide that beginning in 1994 property taxes be paid in 2 installments in all counties, the first installment being an estimated installment based on 50% of the prior year's tax bill and the second installment being the balance of the amount of taxes actually due. Terminates equalization of assessments by the Department of Revenue. Establishes the assessed valuation of property in 1987 as the permanent assessed valuation unless the assessed value increases in a subsequent year due to improvements or unless the assessed value decreases in a subsequent assessment year or unless the property was unimproved in 1987 in which case the property is reassessed when it is improved with a structure. Amends the Election Code to remove the limit of the number of referenda appearing on a ballot. Amends the Statute on Statutes to provide that after January 1, 1994, equalized assessed valuation means assessed valuation or assessed valuation as equalized by local assessing officials. Effective immediately.
