New Act

30 ILCS 105/5.360 new

Creates the Budget Stabilization Act and amends the State Finance Act to create the Budget Stabilization Fund. Provides, subject to amendment of the Act, that an amount equal to 3% of the total appropriations from the General Revenue Fund shall be set aside by July 1, 1999, in the Budget Stabilization Fund. Money in the Budget Stabilization Fund shall be used only for covering an unanticipated budget deficit. Requires an amendment to the Budget Stabilization Act to withdraw any money from the Fund. Effective immediately.

FISCAL NOTE (Office of the Comptroller)

This proposal would result in an increase in transfers out and an offsetting reduction in amounts available for appropriation from GRF through FY99. After FY99 the amount of transfers would depend on growth in GRF appropriations and investment income in the fund. Once the balances in the fund reach the desired percentage the Budget Stabilization would be self-financing.

Amends the Solid Waste Planning and Recycling Act to require every municipality with a population of 10,000 or more to implement a recycling program that provides for the separate collection of glass, plastics, aluminum, steel, tin and bimetal cans, corrugated cardboard, and newsprint from single family residences. STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB-477 creates a service mandate for which State reimbursement of 50% to 100% of the increased cost to units of local government is required. The estimated cost of reimbursement to units of local government is \$365.9 million in 1994; \$369.9 million in 1995; and \$367.7 million every year thereafter.

HOME RULE IMPACT NOTE

HB-477 may require certain municipalities to modify their current practices concerning recycling if those practices do not provide for recycling as required in the bill. There would be substantial cost for affected municipalities.

FISCAL NOTE (DENR)

The Department would need to hire two additional resource planners and one clerical staff if HB 477 were to become law. To provide these services there would be a total annual cost of approximately \$80,000.

Amends the Revenue Act of 1939 to provide for a senior citizens tax freeze homestead exemption, for senior citizens with household income under \$25,000, that is the difference between the current equalized assessed valuation of a senior citizen's occupied residential homestead property and the equalized assessed valuation of that property in the assessment year in which the senior citizen was first both 65 years of age or older and was occupying the premises as a residence. If the property is owned by more than one person, the exemption is available only when the youngest owner becomes 65. The senior citizens tax freeze homestead exemption does not apply while any other homestead exemption is in effect or if any improvement, which would increase the assessed value of the property, has been constructed after the taxpayer has qualified for this homestead exemption.

Pushes back all dates related to claiming, certifying, and receiving payment of summer school program grants, and requires the superintendent of a school district (instead of specified school board officers) to certify the claim to the regional superintendent. Eliminates a requirement that regional superintendents of schools submit a certified statement of expenditures from their respective supervisory expense funds to the State Board of Education. In the school aid formula, provides that the number of low income eligible pupils in a district is the low income eligible count from the most recently available federal census (now the Education Consolidation and Improvement Act of 1981 Chapter 1 count for the immediately preceding year). Deletes provisions requiring school districts to pre-file their State aid claims. Allows interest earned from the investment of working cash fund moneys to be transferred to other funds. In the provisions relating to claims for reimbursement under the Driver Education Act in the School Code, eliminates a requirement that the State Board of Education submit a copy of each reimbursement claim to the Secretary of State and the corresponding duty of the latter to report to the State Board the name of each person listed on the reimbursement claim as finishing the entire course or acquiring a valid license who, in fact, does not hold or did not acquire a license. FISCAL NOTE (Dept. Human Rights)

The Department anticipates an influx of charges if this bill becomes law and feels that they cannot be handled with existing staff. If 100 or more charges are filed per year, additional staff would be needed. The fiscal impact then would be approximately \$448,850 per 100 charges. This would support the additional staff needed to handle the increase in cases.

FISCAL NOTE (Dept. of Revenue)

HB-609 does not affect State tax receipts so there is no direct revenue loss or gain. Administrative costs would be minimal. The Dept. has no way of knowing what communities that would qualify to impose this tax would actually do so and therefore cannot determine how much revenue would be generated at the local level.

FISCAL NOTE (DCCA)

Also requires payment of a 5 cent refundable deposit on such containers. Makes violations of the Act a business offense with a \$500 fine for each violation. Effective immediately.

FISCAL NOTE (DENR)

There would be an interminable fiscal impact upon ENR if HB 668 were to become law. However, it is likely that this bill would place greater demands on recycling grants administered by ENR, while it is unknown whether or not a higher level of funding for said grants would be realized by HB 668.

35 ILCS 205/19.23-3
105 ILCS 5/18-8

Amends the Revenue Act of 1939 to increase the senior citizen homestead exemption to \$3000 in counties over 2,000,000 population and \$2500 in all other counties; the general homestead exemption to \$5500 in counties over 2,000,000 and \$4500 in all other counties; and the homestead improvement exemption to \$45,000 in all counties. Amends the School Code to require the Department of Revenue to add to the equalized assessed value of all taxable property of each school district within a county with 2,000,000 or more inhabitants an amount equal to the amount by which homestead exemptions exceed the total amount of homestead exemption that would have been allowed if the senior citizens and general homestead exemptions were \$2500 and \$4500, respectively.

STATE MANDATES ACT FISCAL NOTE, WITH H-AM 1

In the opinion of DCCA, HB-685, as amended by H-am 1, creates both a local government organization and structure mandate for which no reimbursement is required, and a tax exemption mandate for which State reimbursement of the revenue loss to local governments as a result of the downstate homestead exemption is required. Due to a statutory exemption, no reimbursement is required for revenue loss to local governments created by the general, senior citizens' and Cook County homestead improvements exemptions. Department staff estimates the annual net revenue loss to local governments to be approximately \$145 million, for all of the exemptions. State reimbursement could be as much as \$25.5 million.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB 718 constitutes a tax exemption mandate for which reimbursement of the revenue loss to all local governments would normally be required. However, due to a statutory exception, no State reimbursement is required for the loss of revenue in Cook County. Department staff estimates the annual net revenue loss to all units of local government to be approximately \$28 million. State reimbursement required could be as much as \$25.5 million.

20 ILCS 405/67.15 from Ch. 127, par. 63b13.15

Amends the Civil Administrative Code of Illinois. Requires the Department of Central Management Services to acquire, cooperate in the acquisition of, and provide the fueling facilities for flexible fueled vehicles for the State and other governmental units.

HOUSE AMENDMENT NO. 1.

Deletes everything after the enacting clause. Amends the Civil Administrative Code of Illinois. Requires the Department of Central Management Services to provide fueling facilities for State-owned flexible fueled vehicles and other alternate fueled vehicles as the Department deems feasible. Requires the Department to acquire flexible fueled vehicles in fiscal year 1994 for the constitutional offices and to make any other such vehicles it acquires available in fiscal year 1995 to other governmental units.

FISCAL NOTE (DCMS)

Estimated minimum cost of establishing the necessary fueling sites would be \$200,000 for the cost of fuel only. Additional personnel may eventually be needed to man some of the sites. Once 50% of the State fleet has been converted to flexible fuel vehicles, it is estimated that annual extra fuel costs would exceed \$500,000 in today's dollars, and could be much higher depending on the ethanol mix and the relative future market prices of fuels. Another \$500,000 would be expended annually by DCMS alone for the extra cost to procure ethanol burning vehicles.

775 ILCS 5/8B-103	from Ch. 68, par. 8B-103

Amends the Illinois Human Rights Act. Provides that parties to a civil rights violation action before the Human Rights Commission may file a confidential position statement and other materials in support of their case. Provides that if the Director of the Department of Human Rights does not determine whether a civil rights violation has been committed within 2 years after the charge has been filed, the Department shall dismiss the charge. Provides that the Department shall conclude an investigation if a complaint has been filed after a dismissal of the charge by the Department or the time to file the complaint has expired, and failure to conclude an investigation constitutes grounds for a court to enjoin the investigator and award damages, if any, to the respondent. Authorizes an alternative hearing procedure as an alternative to having the matter heard by the Commission. Provides that the alternative hearing officer has the authority to issue final orders, and that there is no right to appeal a final order issued by a hearing officer except in cases of fraud or duress. Effective January 1, 1994 and applies to charges filed after January 1, 1994.

FISCAL NOTE (Dept. of Human Rights)

If 1) the unassigned cases are dismissed, the Dept. could lose federal funding of \$1.8 million per year, could be faced with a lawsuit, and the processing of cases burden would shift to the Human Rights Commission; or 2) additional staff is hired to investigate the new cases, approximate cost for the 2-year investigation is \$1,389,258 the first year and \$1,861,200 the second year.

HOUSE AMENDMENT NO. 1.

Adds reference to:
775 ILCS 5/8-105 from Ch. 68, par. 8-105

Further amends the Illinois Human Rights Act. Provides that the Department of Human Rights shall issue a notice of default to any respondent who fails to file a verified response to a charge 60 days from the receipt of the notice of the charge (now, from the date the charge was filed). Provides that the Department shall (now may) dismiss certain charges if certain criteria have been satisfied. Provides that the findings and recommended order need not be written by the hearing officer who presides at the hearing if all parties agree and the presiding officer transmits his or her impression of witness credibility to the officer who will write the order if there are questions of witness credibility.

New Act

Creates the Educational Choice Act. Provides for the issuance by the State Board of Education of vouchers to the parents or guardians of pupils in any Illinois public or private elementary or secondary schools for reasonable expenses incurred by the pupil's attendance. Establishes a formula for the amount of such vouchers and makes various misuses of them a Class 3 felony.

HOUSE AMENDMENT NO. 1.

Adds additional findings by the General Assembly, including a finding that characterizes the academic freedom of tax paying parents to choose for their children schools acceptable to their educational convictions and life outlooks as an inherent and inalienable personal right under the Illinois and U.S. Constitutions. Replaces references to "vouchers" in the bill as introduced with the term "scholarship" certificates. Also finds that granting educational benefits for children in nonpublic schools in the form of scholarship certificates may not be denied on grounds of any relationship between church and State and does not violate State and U.S. Constitutions. Redefines "qualified education expenses" to mean the cost of education.

FISCAL NOTE, AS AMENDED (State Board of Education)

This bill could require additional staff and support services estimated to cost \$1.5 million.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB 903 creates a personnel mandate for which State reimbursement of the increased cost to units of local government would normally be required. However, HB 903 amends the State Mandates Act to relieve the State of reimbursement liability. Due to a lack of data, no estimate of the cost to counties, municipalities, fire protection districts and school districts is available.

Deletes provision authorizing a township to spend certain federal moneys to construct a swimming pool or other recreational facilities. Provides that townships appropriating less than \$200,000 annually may have their records audited by an independent public accountant (now, an audit by a certified public accountant is required). Authorizes the issuance of bonds for remodeling or renovating a township community building board of managers (rather than by township electors). Prohibits a road district commissioner in certain counties from levying a separate tax for salaries of elected road district officials unless the tax is approved by the voters. HB-1031 TURNER - COWLISHAW - JONES,SHIRLEY - JONES,LOU.

110 ILCS 947/50

Amends the Higher Education Student Assistance Act. Allows otherwise qualified students who are enrolling for the last semester of their senior year to retain their eligibility for minority teacher scholarships if they enroll for at least 6 credit hours. Authorizes the Student Assistance Commission to establish rules relating to its collection activities when repayment of scholarships is required. Defers the duty of a scholarship recipient who withdraws from the program but who remains enrolled in school to pursue post-secondary studies on a full-time basis from repaying his or her scholarship while he remains so enrolled. Also makes technical changes by incorporating the changes that were made in the Minority Teachers of Illinois Scholarship Program by P.A. 87-920 (which includes Asian Americans and Native Americans as minority students) and by P.A. 87-1004 (which eliminates the requirement that minority students graduate in the top 20% of their high school class in order to qualify as eligible applicants), those changes having been made by those 2 public Acts when the Minority Teachers of Illinois Scholarship Program was part of the School Code and before that program was removed (by repeal) from the School Code and included as part of the Higher Education Student Assistance Act. Effective July 1, 1993.

HOUSE AMENDMENT NO. 1.

Expands the definition of an eligible applicant for Minority Teachers of Illinois Scholarship Program purposes. Includes as an eligible applicant one who has received General Educational Development Certification (now, high school graduation is required), as long as the post secondary minimum GPA requirement also is met by the applicant.

Replaces the title and everything after the enacting clause. Creates the Small Business Surety Bond Guaranty Act. Creates the Small Business Surety Bond Guaranty Fund, a special fund in the State treasury. Authorizes the Illinois Development Finance Authority, rather than the Treasurer, to administer the Act and to guarantee surety bonds when a small business is unable to obtain adequate bonds on reasonable terms through regular channels. Establishes program criteria and fixes penalties for violation. Creates the Small Business Surety Bond Guaranty Fund Advisory Council. Defines terms. Amends the Small Business Development Article of the Build Illinois Act. Provides for the Dept. of Commerce and Community Affairs to make loans to or equity investments in small businesses through financial intermediaries rather than loans to or investments in small business incubators. Authorizes the Department to provide staff and related support for programs authorized under the Act. Authorizes the transfer of funds from the Illinois Capital Revolving Loan Fund to the Public Infrastructure Construction Loan Revolving Fund. Provides that grants made under the Act are available only to not-for-profit organizations.

FISCAL NOTE (State Treasurer)

The administration costs would be \$50,000 in FY 94 and 95.

The remainder of the revenues, \$450,000 in FY 94 and 95, would

be for the Small Business Surety Bond Guaranty Fund.
FISCAL NOTE (DCCA)

This new program would require start-up funding from some source in order to support the liability of the State for the surety guarantees. However, DCCA is not aware of any initial funding that has been identified. Without knowing the intended size, or source/level of start-up funding for the program the specific cost to the State is unknown.

625 ILCS 5/18c-4306	from Ch. 95 1/2, par. 18c-4306

Amends the Illinois Vehicle Code. Authorizes the Secretary of State to cancel the driving privileges of a person who fails to pay civil penalties due under the Code. Also changes current statutory organizational titles of police and tariff program personnel of the Illinois Commerce Commission. Provides that failure to pay a franchise tax, a license fee, or a penalty under the Business Corporation Act of 1983 is grounds for the revocation of commercial relocators' licenses. In the Illinois Commercial Transportation Law Article, provides that the Commerce Commission may approve the transfer of a license, without notice and hearing and without making certain findings, when the transfer of control is to a member of the transferor partnership.

HOUSE AMENDMENT NO. 1.

Limits the Secretary of State's proposed authority to cancel the driving privileges of a person who fails to pay civil penalties due under the Illinois Vehicle Code to cases where those unpaid civil penalties are due to the Illinois Commerce Commission. Adds provisions allowing the Commerce Commission to approve a license transfer (on an expedited basis without notice and hearing) as a single transaction in a single application even though 2 or more specified types of transactions are involved so long as (i) those transactions in fact represent a single, contemporaneous transaction, and (ii) the applicants carry the burden of demonstrating they are entitled to such treatment by setting forth the individual qualifying transactions as if each were being filed as an individual application. Adds an immediate effective date.

New Act
 220 ILCS 5/3-105 from Ch. 111 2/3, par. 3-105
 220 ILCS 5/9-213 from Ch. 111 2/3, par. 9-213
 220 ILCS 5/9-215 from Ch. 111 2/3, par. 9-215
 220 ILCS 5/9-215.2 new

Creates the Hydroelectric Power Utilization Act. Provides that electric utilities must purchase electric energy produced hydroelectrically by limited producers of electricity. Establishes minimum contract requirements and price terms for those purchases. Defines terms. Amends the Public Utilities Act to provide that capacity purchased from limited producers is not to be included in the calculation of excess capacity and to authorize the Commission to waive certain audit requirements in relation to limited producers of hydroelectric power.

HOUSE AMENDMENT NO. 1.

Provides that a contractor may sell the electricity generated by a limited producer. Provides that certain liens shall, rather than may, be subordinated to construction financing. Provides that the minimum rate paid to limited producers located in counties having more than 200,000, but fewer than 300,000, inhabitants and having capacity of between 50 and 80 megawatts shall be not less than \$0.06 nor more than \$0.08 per kilowatt hour. Provides that when a contract to purchase electric energy is extended beyond its original term, the minimum rate means the utility's avoided cost of electricity.

HOUSING AFFORDABILITY NOTE

A reliable dollar estimate of the impact on the cost of a single family residence cannot be established due to variable cost impact among municipal electric services. Probable fiscal impact would be extensive litigation costs.

HOUSE AMENDMENT NO. 2.

Adds reference to:
 35 ILCS 620/3 from Ch. 120, par. 470

Replaces the title and everything after the enacting clause. Creates the Hydroelectric Power Utilization Act. Provides that electric utilities must purchase electric energy produced hydroelectrically by limited producers of electricity. Establishes minimum contract requirements and price terms for those purchases. Defines terms. Provides that electric utilities that purchase electricity from limited producers may receive a credit against taxes imposed under the Public Utilities Revenue Act. Amends the Public Utilities Revenue Act concerning that credit. Authorizes large capacity limited producers in a county with more than 200,000 but fewer than 300,000 inhabitants. Authorizes an alternative minimum rate and alternative contract terms for large capacity limited producers. Allows third parties authorized to sell output from limited producers to contract with electric utilities for the purchase and sale of electrical output. Requires electric utilities to purchase all electric energy offered by a limited producer in specified geographical areas or under specific conditions. Amends the Public Utilities Act to provide that capacity purchased from limited producers is not to be included in the calculation of excess capacity and to authorize the Commission to waive certain audit requirements in relation to limited producers of hydroelectric power.

HOUSE AMENDMENT NO. 3.

Explicitly includes large capacity limited producers within the scope of provisions requiring utilities to purchase power and within provisions relating to capacity calculations under the Public Utilities Act.

SENATE AMENDMENT NO. 1.

Adds January 1, 1994 effective date.

SENATE AMENDMENT NO. 2.

Adds reference to:
220 ILCS 5/9-221.2 new

Amends the Public Utilities Act. Provides that any additional utility costs resulting from a franchise fee or other requirement imposed on a public utility by a municipality shall be borne only by "customers of that municipality".

FISCAL NOTE (Ill. Commerce Commission)

Estimated total revenue loss for all hydropower projects currently being contemplated is approximately \$69.6 million for the period of 1997 - 2008.

40 ILCS 5/17-128

from Ch. 108 1/2, par. 17-128

Amends the Chicago Teacher Article of the Pension Code to specify the amount of the annual State contribution. Effective immediately.

PENSION IMPACT NOTE

If the Chicago Board of Education pension tax levy is re-directed back to the Chicago Teachers Retirement System the FY 1994 State contribution per HB 1262 would be \$4.7 million, or \$55 million less than the FY 1992 and 1993 State appropriations to the Chicago Teachers' Retirement System. The cost would increase to \$20.0 million in FY 2000, which is still \$49.9 million less than the FY 1992 and 1993 State appropriation. If the pension tax levy continues to directed to the Chicago Board of Education, the required State contribution in FY 1994 would be \$54.4 million, or \$5.3 million less than the FY 1992 and 1993 State appropriations. The cost would increase to \$71.7 million in Fy 2000, which is \$12.0 million more than the FY 1992 and FY 1993 State appropriations.

Amends the Public Aid Code. Deletes provision that Earnfare participants engage in employment assigned activities equal to the amount of their food stamp benefits divided by the federal minimum wage. Requires that participants be offered the opportunity to earn up to \$265 (now, \$154).

FISCAL NOTE (Dept. of Public Aid)

The annual fiscal impact of HB 1271 would be approximately \$7.6 million based on 5,700 average monthly slots. Earnfare participants would still be able to work the same number of hours, however rather than working off the value of their food stamps participants would be able to earn additional wages of \$111 per month. Therefore each participant's benefit level may increase up to \$111 per month. Within a fixed allocation, an alternative impact of increasing wages would be to have fewer funded slots.

Amends the Counties Code to increase the minimum annual compensation for certain county officers in counties other than Cook County, beginning December 1, 1994.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB-1274 creates a personnel mandate for which State reimbursement of 100% of the increased cost to units of local government is required. The cost of reimbursement could be as much as \$146,820 the first year, \$293,640 the second year, \$440,460 the third year, and \$587,280 the fourth year.

FISCAL NOTE (DCCA)

Increasing the annual salaries of County Treasurers, County Clerks, Recorders and Auditors (excluding Cook County) could cost the state as much as \$146,820 in 1995, \$293,640 in 1996, \$440,460 in 1997 and \$587,280 in 1998 and subsequent years. This estimated level of State reimbursement could be less to the extent that some counties pay their officers more than the 1994 minimum salary set by current law.

Replaces the title of the bill and everything after the enacting clause. Amends the Township Law of 1874. With respect to townships appropriating more than \$200,000 during a fiscal year (exclusive of road funds), deletes provision that the township board may have an audit performed by an independent public accountant (as an alternative to a CPA). Authorizes townships appropriating less than \$200,000 during a fiscal year (exclusive of road funds) to levy a tax at a rate sufficient to produce an amount to cover the cost of an audit (but not exceeding \$6,000) performed with respect to a period ending on or before the last day of a township's fiscal year 1994. For audits performed with respect to periods ending on or after the first day of fiscal year 1995, authorizes an annual levy to produce an amount not exceeding \$1,500 each year. Effective immediately.

Provides that, for purposes of custody modification proceedings, a change of circumstances of the child and his or her custodian has occurred if the custodian has requested leave to remove the child from Illinois, if the custodian has temporarily removed the child for more than 30 days and the removal causes a denial of the non-custodial parent's visitation rights, or if the custodian has permanently removed the child from Illinois without obtaining permission from the court. Deletes the requirement that the statement be read to the patient in a language the patient understands if the patient is unable to read the statement, and instead requires that the hospital make a reasonable effort to provide the statement to the patient's authorized guardian or representative. Allows a similar statement required by the Joint Commission on Accreditation of Healthcare Organizations or similar accrediting organization to be provided instead of the statement.

STATE MANDATES ACT FISCAL NOTE, AMENDED

In the opinion of DCCA, HB1355 as amended by H-am 1 creates a service mandate which would require reimbursement to units of local government. However, if the General Assembly finds that HB-1355, as amended, imposes additional duties of a nature which can be carried out by existing staff and procedures at no appreciable net cost increase, and this is explicitly stated in

the bill, no reimbursement is required.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB 1388 creates a personnel mandate for which State reimbursement of the increased cost to units of local government would normally be required. New Act

30 ILCS 340/3.1 new

Creates the Illinois Fiscal and Economic Stability Act, and creates a Fund with that name in the State treasury, separate from State general funds. Requires the

Department of Revenue to deposit a specified portion of monthly net income tax receipts (called the "Annual Budget Reserve") into the Fund. Defines the "Maximum Budget Reserve" as a specified percentage of estimated or actual appropriations from general funds. Provides that deposits into the Fund shall cease, starting in FY2000, if the balance in the Fund exceeds the Maximum Budget Reserve. Provides that moneys in the Fund may be used, starting April 1, 1999, to cover a budget shortfall. Contains text of a proposed Act to be prepared when moneys are sought to be appropriated from the Fund. Authorizes borrowing to cover a shortfall under specified circumstances. Amends the Casual Deficit Act by repealing the Act on April 1, 1999. Effective immediately.

FISCAL NOTE (Comptroller)

The fiscal impact on HB 1624 would be the same as the Governor's revenue estimate of \$15,348 million, the Act would require a deposit of \$153.5 million in fiscal year 1994. If the General Assembly enacts total appropriations at the Governor's recommended level, the deposit would be \$142.9 million in FY94.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB 1712 fails to meet the definition of a mandate under the State Mandates Act.

FISCAL NOTE (CMS)

Passage of this bill would eliminate the State's risk financing options and at the same time weaken loss control activities. Administrative savings would amount to about \$50,000.

The bill would result in higher costs for Worker's Compensation coverage which could outweigh any administrative savings.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB 1725 creates a local government organization and structure mandate for which no reimbursement is required, and a personnel mandate for which reimbursement of the increased cost to a unit of local government is required. The estimated increase in cost is \$5,000. A letter from the Metropolitan Water Reclamation District of Greater Chicago to the DCCA indicates that this legislation was introduced at their request. If the General Assembly finds pursuant to 30 ILCS 805/8 that the provisions of this bill accommodate the request of a unit of local government, and this is explicitly stated in the bill, no reimbursement is required.

HB-1732 LAURINO - CAPPARELLI.

New Act

Creates the Scholarship Schools Act. Authorizes parents of qualifying children residing in Chicago to send those children to any nonpublic elementary or secondary school in Illinois meeting certain criteria and to receive scholarship grants, not exceeding the scholarship school's actual charges, of \$1,000 for elementary school children and \$1,500 for secondary school children. Makes scholarship awards subject to availability under resource allocation priorities that are based upon implementation of the Act from set-aside funds, family low-income levels, and roughly equal scholarship distribution between children switching to private from public schools and children already in private schools. Requires the State Board of Education to set aside, with respect to each qualifying child electing to transfer to a scholarship school from a public school in that child's district of residence, an amount equal to the average State funding per child in that district, the set aside amount to be pooled and automatically renewed each year, without linking the renewing set-aside amount to the particular child whose transfer produced the initial set aside. Provides that scholarships are renewable despite a change in family low-income level, requires scholarships to be augmented for reasonable transporta-

tion needs of low income families, and states that scholarship grants do not constitute taxable income. Limits transfers from public to scholarship schools during the first 5 years of the program to 3% of district enrollment during the first 2 and 5% of district enrollment during the next 3 program years. Requires scholarship schools to be afforded maximum flexibility to educate their students, free from unnecessary, burdensome or onerous regulation. Defines terms. Other related provisions.

Amends the State Employees Group Insurance Act of 1971. Eliminates the State's option to self insure its health insurance plan.

FISCAL NOTE (CMS)

A recent independent audit of the State's self-insurance plan

concluded that the State has achieved a cumulative net savings net savings of \$44.2 million over the 5 year period of self-insurance, compared with what would have occurred had the State continued to purchase insurance. Additionally, it was calculated that it would cost the State \$133 million in reduced cash flows to discontinue self-insurance and return to a traditional indemnity plan. Additional costs would be incurred for soliciting and evaluating insurance proposals, as well as for consulting and actuarial services. Finally, any changes in the plan could significantly impact the PPO network and result in a loss of most or all of the current PPO savings of \$31.4 million.

30 ILCS 805/8.17 new	

Amends the Chicago Sanitary District Article of the Pension Code. Grants automatic annual increases to certain persons who retired before July 1, 1985. Imposes additional eligibility requirements for disability and survivor benefits. Applies an age discount to the minimum surviving spouse benefit. Changes the salary used in the calculation of alternative benefits for district commissioners. Changes the conditions for payment of contributions for leaves of absence and the optional plan of additional benefits. Makes other changes in the manner of administering the Fund. Amends the State Mandates Act to require implementation without reimbursement.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB-1801 creates a personnel/retirement benefit mandate. However, if the General Assembly finds that HB-1801 creates offsetting savings, and this is explicitly stated in the bill, no reimbursement is required. HB-1801 also amends the State Mandates Act to relieve the State of reimbursement liability. This bill will result in a reduction in costs for the Metropolitan Water Reclamation District.

PENSION IMPACT NOTE

According to the Fund's actuary, this bill will result in no additional cost to the Fund. However, the Illinois Economic & Fiscal Commission estimates that some of the provisions in this bill would result in minor costs to the Fund.

105 ILCS 5/34-20.2 new	
105 ILCS 5/34-21	from Ch. 122, par. 34-21

Changes the title, deletes everything after the enacting clause, restores the provisions deleted, and further amends the School Code. Beginning with the 1993-94 school year changes the date of local school council elections from the sixth week of the school year to Parent Report Card Pick-up day during the twelfth week of the school year, and terminates a parent's membership and voting rights on a local school council whenever a parent ceases to have a child enrolled in the attendance center due to the child's graduation or transfer to another attendance area. Makes other changes relating to internal accounts and fund-raising. Also provides that, in Chicago, local school councils determine methods used to assess fundamental learning areas. In the Chicago school reform goals, replaces a national norm standard with a State performance standard. Allows a shift in emphasis from year-to-year, and from one to another priority goal, by an attendance center under its school improvement plan. Requires significant annual progress in meeting and exceeding State performance standards for all students regardless of race, ethnicity, gender or income status. Establishes a public hearing and notice procedure that the Chicago Board of Education is required to follow before it may enter into any lease as lessor

of any school playground or other school property that is to be leased for parking purposes and that adjoins or forms a part of an attendance center or a subdistrict office. Eliminates the necessity of a hearing if, after notice, there are no objectors to the proposed use who demand a hearing. Requires that at least 50% of the parking lease rentals be paid to the attendance center or subdistrict office at which or adjoining which the parking use will occur. Effective immediately.

HOUSE AMENDMENT NO. 1.

Deletes substance of the bill. Provides that when a defendant's personal appearance is not constitutionally required, the court may allow the defendant to personally appear at a pre-trial or post-trial proceeding by way of closed circuit television when the defendant is incarcerated because he or she is denied bail or because the defendant is serving a sentence for a prior offense, and the Director of Corrections, sheriff, or other authority has certified that facilities are available for this purpose.

SENATE AMENDMENT NO. 2.

Makes bill applicable only to post-trial proceedings and deletes limitation for the appearance of the incarcerated defendant by way of closed circuit television because the defendant has been denied bail or is serving a sentence for a prior offense. Just leaves provision that the defendant must be incarcerated and the authority in which the defendant is incarcerated has certified that facilities are available for closed circuit television appearance.

Amends the Insurance Code. Redefines the term "dependent" for purposes of determining eligibility for coverage under an accident or health insurance policy. Allows a disabled adult child to remain eligible for benefits under a parent's health or accident insurance policy if the disabled individual is incapable of gainful employment and is dependent on the parent or other care providers for care, maintenance, or supervision.

215 ILCS 165/15a

Deletes everything. Amends the IL Insurance Code, the Health Maintenance Organization Act, and the Voluntary Health Services Plan Act. Requires continued health insurance for persons who, because of a handicapped condition that occurred before attainment of the limiting age is incapable of self-sustaining employment and is dependent on others for lifetime care and supervision. Defines "dependent on other care providers" as requiring a community Integrated Living Arrangement, group home, supervised apartment, or other residential services.

HOUSE AMENDMENT NO. 2.

Replaces everything after the enacting clause. Reinserts content of H-am 1, but provides that the attainment of the limiting age does not terminate coverage for the handicapped dependents rather than requiring that the insurance policy, health maintenance organization contract, or the voluntary health services plan subscription certificate must provide that coverage does not terminate.

New Act

Creates the Infrastructure Development Act. Contains only a short title provision.

HOUSE AMENDMENT NO. 2.

Replaces the title and everything after the enacting clause. Creates the Business Development Corporation Act. Establishes the Business Development Corporation Working Group within the Department of Commerce and Community Affairs. Provides that the Working Group shall study and report on the feasibility of establishing a corporation to invest in and administer business development programs. Requires the report to be submitted to the Governor and General Assembly by November 1, 1994.

HOUSE AMENDMENT NO. 3.

Includes the Secretary of State among those to receive the report of the Business Development Corporation Working Group.

FISCAL NOTE (DCCA)

Since DCA is the coordinating agency of the working group, it is assumed that DCCA would be expected to pay the costs of the group. Although identifying the specific cost of this legislation is not possible, related expenses of other councils (that DCCA reimburses through existing appropriations) range between \$50,000 to \$65,000 annually. The bill does not contain an effective date, therefore the working group may only exist for a partial year in FY94.

HOUSE AMENDMENT NO. 4.

Deletes consideration of whether it is appropriate for business development programs in which a business development corporation invests to continue to be administered by the State from the scope of the report to the General Assembly.

HB-2284 EDLEY.

New Act

Creates the Debt Issuance Reform Act. Requires bonds issued by specified State agencies to be sold to the highest bidder, by sealed bid, for an interest rate not ex-

ceeding the maximum rate fixed in the order authorizing the issuance of the bonds. Prohibits employees of specified State officers and agencies from any discussions or dealings on matters pertaining to bond issuance with a former employee of a State agency or office for one year after the employee's termination of employment, if specified conditions are met. Requires former employees of State offices or agencies who engage in work related to the issuance of bonds by the State or its agencies to register with the Secretary of State. Willful failure to register is a Class A misdemeanor. Provides that registration statements shall be made available to State agencies upon request.

FISCAL NOTE (Bureau of the Budget)

The fiscal impact of HB 2416 is unclear but probably not significant. There will be a minor cost to promulgating rules to permit negotiated sales. In addition, it is possible that the inability to contract with former employees will delay the use of a creative financing technique in the future that could have saved the State money.

30 ILCS 505/3 from Ch. 127, par. 132.3

Amends the Illinois Purchasing Act. Sets forth criteria for determining whether an entity is a "responsible bidder" for purposes of awarding contracts under the Act. Criteria include maintenance of certain benefits and insurance, participation in apprenticeship programs, and remittance of withholding from wages to the Illinois Department of Revenue.

FISCAL NOTE (DCMS)

HB2286 will have minimal administrative fiscal impact on DCMS. However, there could be a significant increase in the prices the State pays for goods and services. In 1992, DCMS made purchases totaling \$240 million, which would mean \$2.4 million more for each 1% increase in prices.

FISCAL NOTE, (Dept. of Public Health)

HB-2416 EDLEY.

New Act

Creates the Debt Issuance Reform Act. Requires bonds issued by specified State agencies to be sold to the highest bidder, by sealed bid, for an interest rate not exceeding the maximum rate fixed in the order authorizing the issuance of the bonds. Prohibits employees of specified State officers and agencies from any discussions or dealings on matters pertaining to bond issuance with a former employee of a State agency or office for one year after the employee's termination of employment, if specified conditions are met. Requires former employees of State offices or agencies who engage in work related to the issuance of bonds by the State or its agencies to register with the Secretary of State. Knowingly failing to register is a Class A misdemeanor. Provides that registration statements shall be made available to State agencies upon request. Establishes procedures for bidding professional services contracts for certain services.

FISCAL NOTE (Bureau of the Budget)

The fiscal impact of HB 2416 is unclear but probably not significant. There will be a minor cost to promulgating rules to permit negotiated sales. In addition, it is possible that the inability to contract with former employees will delay the use of a creative financing technique in the future that could have saved the state money.

Amends the Unemployment Insurance Act to provide that a locked out employee is not disqualified from receiving unemployment insurance benefits under specified circumstances. Makes numerous changes in the criteria to be used in determining whether a locked out employee is disqualified from receiving benefits. Effective immediately.

FISCAL NOTE (Dept. of Employment Security)
Using historical data for the years 1983 thru 1992 and a set of modeling assumptions, the annual increase in benefit outlay ranged from zero increase in one year to over \$24 million in another year thereby demonstrating the great variability of the underlying data. Changes in behavior of employers and workers and their collective bargaining representatives due to changes in the lockout provisions further make the fiscal impact of this proposed legislation on Illinois' benefit account indeterminate.
