Changes the title, deletes everything after the enacting clause, and adds provisions amending the School Code, the Revenue Act of 1939, the Property Tax Code, the Illinois Pension Code, the State Mandates Act, the Election Code and the Ill. Governmental Ethics Act. Requires the Chicago School Finance Authority to appoint an Inspector General with authority to conduct investigations into allegations or incidents of waste, fraud, and financial mismanagement in public education by employees or contractors of the Chicago Board of Education. Specifies other powers and duties of the Inspector General. Reduces the aggregate reserved fund balances minimum required to be maintained by the Board for the 1994 and subsequent fiscal years to \$100,000,000. Provides that the Board's Financial Plans submitted to the Authority shall cover 2 (now 3) fiscal years and requires submission to the Authority of the Financial Plan applicable to fiscal years 1994 and 1995 within 90 days after the Act's effective date. Gives the Authority 15 (now 30) days to either approve or reject the Financial Plan and Budget of the Board. Adds provisions relative to interim operations of the Board for fiscal year 1994 pending adoption and approval of its budget for that fiscal year, and provides that the Board's failure to have an approved Financial Plan within 90 days of the Act's effective date does not affect the operations of the Board or its power to contract. Authorizes the Authority to approve a provisional budget of the Board for any fiscal year, subject to an annualized expenditure limitation established by the Authority. Adds provisions requiring the Board to submit staffing plans to the Authority for its review and approval or rejection and establishes procedures to assure compliance with an approved staffing plan. Requires management audits of the Board every 2 years and additional management and financial assessments in 1994 and 1995. Authorizes the School Finance Authority to issue up to \$427,000,000 of additional bonds for specified purposes of the Board and related purposes, authorizes the levy of taxes by the Authority to pay debt service on those bonds, adds provisions relative to bond maturity and to create debt service and debt service reserve funds, and makes a related change concerning the county clerk's determination of the rate for the extension of taxes levied by the Authority. Allows a local school council to use supplemental State Chapter 1 funds in the 1993-94 school year to restore and support regular and basic programs of the school. Requires statements of economic interest to be filed with respect to local school council members under the Illinois Governmental Ethics Act. Revises provisions relative to filling teacher vacancies on local school councils and terminates a parent's membership on a local school council if that parent ceases to have a child enrolled at the school due to graduation or transfer. Deletes provisions relating to the employment of supernumerary teachers and adds provisions concerning selection of reserve teachers to fill new, vacant, or

collectively bargained positions. Authorizes principals to approve contracts of up to \$10,000 if the local school council endorses the contracts. Places the Engineer in Charge and the Food Service Manager under the general supervision of the principal, provides that principals are employed to supervise the operation of attendance centers, and authorizes the principal to determine the hours when the attendance center is open and available for use, provided the use complies with Board rules and policies and collective bargaining agreements. Allows refunded utility charges and credits and excess amounts budgeted for utility charges to be used and transferred for any other proper school purpose. Provides that amounts deposited in any debt service fund of the Board and not required for payment of principal of or interest on any obligation may be withdrawn by the board without the necessity of any tax abatement incident to the withdrawal. Provides that a principal, with the concurrence of at least 63.5% through August 31, 1995 and 51% thereafter of the attendance center's personnel in the teachers' bargaining unit may declare waived a provision of the teachers' bargaining agreement; also provides that waiver procedures in a collective bargaining agreement involving any other bargaining unit shall require the concurrence of the above percentages of the personnel in the unit; but provides that salaries, benefits, and other forms of compensation are not subject to waiver. Provides for annual evaluation of subdistrict superintendents by the general superintendent and the subdistrict council, and makes satisfactory completion of each evaluation a condition precedent to renewal of a subdistrict superintendent's performance contract. Provides that a subdistrict superintendent may appeal an unsatisfactory evaluation to the Board of Education. Authorizes the Board to promulgate guidelines for use by the general superintendent in evaluating the performance of subdistrict superintendents. Authorizes the Chicago Board of Education to by resolution before January 1, 1995 call a special election to be held between January 1, 1995 and May 31, 1995 on a proposition to increase the district's educational purposes tax rate, and provides that if the Board fails to call a special election before January 1, 1995 that the City of Chicago may by ordinance call and hold a special election before July 1, 1995 on the proposition to increase that educational purposes tax rate. Provides a program of early retirement incentives for Chicago teachers and reserve teachers. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately, except provisions amending the Property Tax Code take effect January 1, 1994.

New Act

Creates the Scholarship Schools Pilot Program Act. Establishes a 4-year pilot program in one subdistrict in Chicago to give parents of children residing in the sub-district an educational scholarship to attend the scholarship school of their choice. Repealed August 1, 1998. Effective immediately.

SENATE AMENDMENT NO. 1.

Provides that each scholarship school shall meet at least one of the bill's standards.

FISCAL NOTE (State Board of Education)

The current General State Aid per pupil for Chicago is \$1,147 exclusive of the Chapter 1 weighting. If the assumption is made that the maximum scholarship payment to be made by the State Board is \$2,500. This would be the net cost to the State Board. As the legislation specifies that only 2,000 scholarships can be given in any year, the total cost to the state

would be a maximum of \$2.7 million (\$1,351 x 2,000).

HOUSE AMENDMENT NO. 1. (Tabled November 14, 1993)

Changes the manner of funding the scholarships and the manner in which the scholarship amount is determined. Provides for payment of the scholarships from a separate appropriation made for that purpose, and deletes a provision that would have required the State Board of Education to reduce the State aid otherwise due to the Chicago school district by the total amount paid for scholarships under the program.
