35 ILCS 205/19.23-1 from Ch. 120, par. 500.23-1

Amends the Revenue Act of 1939 to freeze the assessed value of property for determining the senior citizens homestead exemption. Revises the senior citizens homestead exemption to provide that beginning with the 1993 levy year the exemption is the greater of either: (1) \$2,500 in counties with over 2,000,000 inhabitants and \$2,000 in all other counties; or (2) the difference between the value as equalized or assessed during the current levy year and (i) the 1992 equalized or assessed value or (ii) the equalized or assessed value for the levy year in which the current owner and occupant first became eligible for the homestead exemption on the property if later than the 1992 levy year. Requires certain property improvements to be added to the value as equalized or assessed by the Department under certain circumstances. Effective immediately.

SENATE AMENDMENT NO. 1.

Limits the provisions to senior citizens with a federal adjusted gross household income of \$30,000 or less.

SENATE AMENDMENT NO. 2.

Adds reference to: from Ch. 122, par. 18-8.
105 ILCS 5/18-8

Changes the title. Amends the School Code. Removes provisions requiring the Department of Revenue to add to the equalized assessed value of taxable property of each school district situated in counties with 2,000,000 or more inhabitants an amount equal to the senior citizen homestead exemption.

FISCAL NOTE (Department of Revenue)

While the Department cannot provide a precise determination of fiscal impact resulting from SB 5 as amended by S-ams 1 & 2, it can be said that this would narrow the tax base for local governments in future years in those areas where this increased exemption would be utilized. In addition, if this legislation is considered to be a State mandate, the State may have to reimburse local governments for the resulting loss of revenue.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, SB-42 creates both a local government organization and structure mandate for which no reimbursement is required, and a tax exemption mandate for which reimbursement of the revenue loss to units of local government is required. Due to the nature of the bill, no estimate of the amount of reimbursement required is available, but it could be substantial.

Amends the Downstate Police Article of the Pension Code in relation to establishing eligibility to participate. Requires the board to grant a hearing before deny-

ing eligibility. For purposes of pension eligibility, provides that actual performance of police duties is conclusive evidence of the person's fitness to perform police duties during the period of satisfactory performance, and requires granting of service credit for those periods upon payment of the corresponding employee contributions. Specifies factors that may not be used in determining fitness. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, SB-108 constitutes a personnel/retirement benefit mandate for which reimbursement of the increased cost would normally be required under the State Mandates Act. However, SB-108 amends the State Mandates Act to relieve the State of reimbursement liability. The annual cost to local governments is expected to be minor.

PENSION IMPACT NOTE

This bill would have a very minor financial impact.

Amends the School Code. Changes the criteria for determining when a school district is in financial difficulty. Prohibits recomputation of State aid claims if the adjustment would be based on an EAV change, unless the EAV change is greater than \$250,000 or 2%. Takes into account, for reimbursement formula purposes, children that have not been identified as eligible for special education. Changes the manner of determining the State aid entitlement of laboratory schools and alternative schools. Effective immediately.

 105 ILCS 5/34-84 from Ch. 122, par. 34-84

Deletes everything and changes the title. Amends the School Code. Authorizes Chicago school principals to fill new and vacant teaching positions based on merit and ability to perform without regard to seniority, length of service, or supernumerary status (now, without regard to seniority or length of service, but subject to an applicable collective bargaining agreement). Limits the principal's duty to give first consideration to supernumerary teachers for interview purposes to cases where the supernumerary is certificated in the area called for by the position for which the interviewing is being done. Provides for dismissal of teachers during their probationary period by a principal rather than the board of education, and without the necessity of the general superintendent of schools giving written reasons for those dismissals. Deletes a requirement that the board employ a supernumerary teacher in a collectively bargained position if the supernumerary is not selected to fill a new or vacant position and limits the continuing salary, seniority accrual, and tenure rights of such a supernumerary to the 60 day period commencing when supernumerary status begins. Terminates all salary and benefits upon expiration of the 60 day period unless and until the supernumerary is selected from an eligible pool by a principal to fill a new or vacant position. Creates an exception for supernumeraries who, within a 2 year period after their benefits cease, attain certification in a new area of teacher qualification and are selected from an eligible pool to fill a new or vacant position by a principal.

SB-0154 DUDYCZ - HENDON.

40 ILCS 5/5-132.3 new
30 ILCS 805/8.17 new

Amends the Chicago Police Article of the Pension Code to provide early retirement incentives. Grants up to 5 years of creditable service and up to 5 years of age enhancement. Requires employee contributions at half the regular rate. Requires the City to pay the resulting unfunded accrued liability to the Fund over 7 years, with interest. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, SB 154 creates a personnel retirement benefit mandate for which reimbursement of the increased cost to a unit of local government would normally be required. However, SB 154 amends the State Mandates Act to relieve the State of reimbursement liability. No estimate of amount of the unfunded accrued liability created by this benefit is currently available, but, according to information provided by the City of Chicago, the cost could be substantial.

PENSION IMPACT NOTE

According to Chicago Policemen's Retirement Fund, as of March 8, 1993, the cost of SB-154 has not been determined.

New Act

Creates the Government Contract Employee Notice Act. Requires contracts for the furnishing of goods or services to a State agency, unit of local government, or school district to contain a requirement that the contractor shall post a notice to the contractor's employees involved in the performance of the contract. The notice shall state: that employees have the right to join, or refrain from joining, a union; that a union may not spend a member's dues on certain activities if the member objects; that a member is entitled to a refund of dues and reduction of future dues if the union spends the dues on those activities; and the addresses and telephone numbers of National Labor Relations Board offices in Illinois. Provides that the Director of Labor shall prescribe the size and form of the notice and that the Department of Labor shall provide the notice to employers at cost.

FISCAL NOTE (Dept. of Labor)

One year start-up/administrative costs would be \$42,600.

FISCAL NOTE (DCMS)

SB-376 will have minimal administrative fiscal impact on DCMS.

However, there could be a significant increase in the prices the State pays for goods and services. In 1992, DCMS made purchases totaling \$240 million, which would mean \$2.4 million more for each 1% increase in prices.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, SB 384 creates a local government organization and structure mandate for which no reimbursement is required under the State Mandates Act.

SENATE AMENDMENT NO. 1.

Changes a reference from "fair cash market value" to "fair market value". Removes the provision including the financial indebtedness requirements of the property in the calculation of the fair market value of income producing property.

Amends the Hotel Operator's Occupation Tax Act to provide that the tax does not apply to receipts from selling food or beverages, renting videotapes, selling theater tickets, or other activities not connected with the renting of rooms.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, SB-387 constitutes a tax exemption mandate for which reimbursement of the revenue loss to units of local government is required. Due to a lack of data, no estimate of the amount of revenue loss is available.

FISCAL NOTE (Dept. of Revenue)

By limiting the applicability of this tax, State hotel tax receipts will decrease. As it cannot be determined from return data the amount of non-taxable receipts (pay per view movies, etc.) that tax is being remitted on nor can it be determined from return data which operators are currently remitting tax on non-taxable receipts, a precise negative fiscal impact may not be determined. However, it may be determined that a direct loss of tax revenues will be realized by this Act.

Amends the Pension Code to expand the investment authority of downstate police and fire pension funds. Allows appointment of investment managers. Authorizes investment in certain kinds of securities. Changes the annual reporting requirements for all retirement systems and pension funds under the Code. Increases penalties for failure to report. Makes other changes. Amends the Securities Law of 1953 to make persons who advise public pension funds to make unauthorized investments subject to disciplinary action.

PENSION IMPACT NOTE

The first-year total for fees collected is estimated to be \$623,000.

FISCAL NOTE (Dept. of Insurance)

A 3-year phase out of GRF funding would cost the 573 pension funds \$311,775 in FY94, \$523,980 in FY95, and \$781,990 in FY96 which would reduce the GRF component of the Department's budget in those FYs. Collected fees in the new fund would allow the Dept. to progress toward automation of its operation, establish biennial exams for police and firefighter funds and increase Public Pension Div. staff.

PENSION IMPACT NOTE, AMENDED

The impact of S-am 2 cannot be determined.

SENATE AMENDMENT NO. 3.

Adds reference to:

40 ILCS 5/1-118 new

Amends the General Provisions Article of the Pension Code to provide for the issuance of Qualified Illinois Domestic Relations Orders (QILDRO's). Specifies conditions and procedures. Requires the member's written consent before a QILDRO is effective against a current member. Section effective July 1, 1994.

FISCAL NOTE, S-AM 3 (Dept. of Insurance)

Total annualized cost to the Dept. of Insurance, including SS & retirement: \$88,864.

PENSION NOTE, S-AM 3

There would probably be a minor increase in administrative costs to the systems.

and (iv) water tanks, water towers, water lines, and electrical service. Provides that property that was classified as personal property before the adoption of the Illinois Constitution of 1970 shall be considered personal property for purposes of this Act.

FISCAL NOTE (Dept. of Revenue)

The Department is not able to provide a precise negative fiscal impact upon local taxing districts resulting from this legislation. The impact will vary county by county and will depend upon assessment practices utilized in each county, both current and prior to the IL Constitution of 1970. However, it may be determined that a direct and substantial loss in real estate tax revenues will be realized by local taxing districts.

SENATE AMENDMENT NO. 1.

Corrects a technical error.

SENATE AMENDMENT NO. 2.

Deletes all substantive changes in the bill. Amends the Revenue Act of 1939 to provide that determinations as to whether items are real or personal property shall be made according to legal precedents and rules in effect before the adoption of the 1970 Illinois Constitution.

FISCAL NOTE, AS AMENDED (Dept. of Revenue)

This legislation will not directly impact State revenues.

New Act

Creates the Scholarship Schools Pilot Program Act. Establishes a 4-year pilot program in one subdistrict in Chicago to give parents of children residing in the sub-district an educational scholarship to attend the scholarship school of their choice. Repealed August 1, 1998. Effective immediately.

SENATE AMENDMENT NO. 1.

Provides that each scholarship school shall meet at least one of the bill's standards.

FISCAL NOTE (State Board of Education)

The current General State Aid per pupil for Chicago is \$1,147 exclusive of the Chapter 1 weighting. If the assumption is made that the maximum scholarship payment to be made by the State Board is \$2,500. This would be the net cost to the State Board. As the legislation specifies that only 2,000 scholarships can be given in any year, the total cost to the state would be a maximum of \$2.7 million (\$1,351 x 2,000).

HOUSE AMENDMENT NO. 1. (Tabled November 14, 1993)

Changes the manner of funding the scholarships and the manner in which the scholarship amount is determined. Provides for payment of the scholarships from a separate appropriation made for that purpose, and deletes a provision that would have required the State Board of Education to reduce the State aid otherwise due to the Chicago school district by the total amount paid for scholarships under the program.

FISCAL NOTE (Dept. of Revenue)

Since the Dept. cannot ascertain the total amount of materials that would be exempt, nor what is likely to be exempt for research and development, the negative fiscal impact may not be determined. However, if figures from other states with similar exemptions are compared and adjusted for the rate proposed in this legislation, it may be estimated that a direct loss in tax revenues exceeding \$550 million for machinery and equipment and exceeding \$50 million for research and development will be realized by this Act.

Amends the Court Reporters Act. Provides court reporters annual, sick, and special leaves of absence; leave for personal business; sick pay; and family responsibility leave on the same terms as certain State employees. Effective immediately.

FISCAL NOTE (Administrative Office of Ill. Courts)

The primary fiscal impact of SB-766 results from the application of DCMS policies which provide additional paid leave for personal business and in the obligation to provide lump sum payments for accrued sick leave upon termination of employment. Due to variables such as length of service, the actual amounts would be difficult to estimate, but additional appropriations would be needed to pay for accrued sick leave and vacation time and additional court reporters may need to be hired on a full or part-time basis to provide coverage for personal leave absences.

FISCAL NOTE (Administrative Office of Ill. Courts)

Total annual costs would be \$444,400.

Amends the Chicago Sanitary District Article of the Pension Code. Grants automatic annual increases to certain persons who retired before July 1, 1985. Imposes additional eligibility requirements for disability and survivor benefits. Applies an age discount to the minimum surviving spouse benefit. Changes the salary used in the calculation of alternative benefits for district commissioners. Changes the conditions for payment of contributions for leaves of absence and the optional plan of additional benefits. Makes other changes in the manner of administering the Fund. Amends the State Mandates Act to require implementation without reimbursement.

PENSION IMPACT NOTE

SB774 would have little, if any, financial impact.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, SB-774 creates a personnel/retirement benefit mandate. However, if the General Assembly finds that it creates offsetting savings, and this is explicitly stated in the bill, no reimbursement is required. It also amends the State Mandates Act to relieve the State of reimbursement liability. SB-774 will result in a reduction in costs for the Metropolitan Water Reclamation District.

105 ILCS 5/34-8.3	from Ch. 122, par. 34-8.3

Amends the School Code. In the school aid formula defines each clock hour that is to be counted for day of attendance purposes to mean 60 minutes of academically beneficial instruction to students, excluding time spent for study hall, recess, lunch, student movement between classes, and similar activities. Provides for a Chicago school principal's development of a local school improvement plan by, in addition to other current requirements, cooperation with (now, consultation with) all categories of school staff. Requires the professional personnel advisory committee at each Chicago attendance center (along with the local school council as currently required) to monitor implementation of the local school improvement plan. Adds to the scope of the duties of those professional personnel advisory committees, but changes their responsibility of "advising" the principal and local school council to "cooperating" with them. Broadens the category of "nonperforming schools" in Chicago to include schools whose school improvement plans are imprudent or inadequate, and eliminates the probationary period that currently follows an unsuccessful remediation period and precedes board intervention. Permits a Chicago subdistrict superintendent, upon a supermajority vote of 75% of the subdistrict council members present and voting, to find irremediability and recommend immediate intervention by the board. Further permits the board, when intervention is approved, to replace teachers without regard to the teacher evaluation and remediation provisions that are otherwise applicable.

New Act

Creates the Scholarship Schools Act. Authorizes parents of qualifying children residing in Chicago to send those children to any nonpublic elementary or secondary school in Illinois meeting certain criteria and to receive scholarship grants, not exceeding the scholarship school's actual charges, of \$1,000 for elementary school children and \$1,500 for secondary school children. Makes scholarship awards subject to availability under resource allocation priorities that are based upon implementation of the Act from set-aside funds, family low-income levels, and roughly equal scholarship distribution between children switching to private from public schools and children already in private schools. Requires the State Board of Education to set aside, with respect to each qualifying child electing to transfer to a scholarship school from a public school in that child's district of residence, an amount equal to the average State funding per child in that district, the set aside amount to be pooled and automatically renewed each year, without linking the renewing set-aside amount to the particular child whose transfer produced the initial set aside. Provides that scholarships are renewable despite a change in family low-income level, requires scholarships to be augmented for reasonable transportation needs of low income families, and states that scholarship grants do not constitute taxable income. Limits transfers from public to scholarship schools during the first 5 years of the program to 3% of district enrollment during the first 2 and 5% of district enrollment during the next 3 program years. Requires scholarship schools to be afforded maximum flexibility to educate their students, free from unnecessary, burdensome or onerous regulation. Defines terms. Other related provisions.

Changes the title, deletes everything after the enacting clause, and adds provisions amending the School Code. In the provisions of the School Code relating to the Chicago school reform requirements, makes changes relating to local school council powers and elections; encourages a training program for members. Provides that whenever a vacancy in the office of a Chicago school principal occurs, the vacancy shall be filled by the selection of a new principal to serve under a 4 year performance contract (now, for the unexpired term of the performance contract of the principal creating the vacancy). In the Article relating to the organization of new community unit school districts, provides that if the election of the board of education of the new district doesn't occur in the same calendar year in which the proposition to create the new district is approved, the districts from which the new district was formed may, by joint agreement and with approval of the regional superintendent, levy in the same calendar year in which the creation of the new district is approved at the rates specified in the proposition, even though taxes for that calendar year must be extended before an annual school budget is adopted. In the provisions relating to bonds issued by the governing board of a special education joint agreement, makes each district party to the agreement jointly and severally liable for the amount of any deficiency in debt service payments. Authorizes different debt service payment schedules for districts party to the agreement. Prohibits an annual contribution for bond payments from member districts in excess of 0.15% (in the case of dual districts) or 0.30% (in the case of unit districts) of EAV, and makes that limitation applicable to other taxes levied by the district to pay debt service. Authorizes an additional indebtedness (\$5,500,000) above the debt limitation otherwise applicable to a school district that the district may incur for construction of a junior high building if (i) the principal town, city, or village in the district has a population of not less than 1500 nor more than 2500 and (ii) the district is situated in a county with a population of not less than 350,000 nor more than 360,000. Provides that the changes made by P.A. 88-555 to certain School Code provisions that provide supplementary State aid to school districts as a reorganization incentive apply if the requisite petitions are filed after January 1, 1995. Also amends the Public Community College Act. Provides that the board of trustees (now the State Board of Elections) of a community college district that has been contiguous to an experimental college district shall reapportion trustee districts following each decennial census. Eliminates term of office specifications for incumbent board members. Also amends the Education for Homeless Children Act. Defines the term "parent" and revises the definition of a "homeless person, child, or youth." Requires parents or guardians to make a good faith effort to provide or arrange for transportation of a homeless child to and from the school of origin and makes changes in the obligations of school districts in providing or arranging for transportation of homeless children

and sharing the cost thereof. Authorizes school districts to require from parents or guardians of a homeless child an address or other contact information such as the district requires from the parents or guardians of nonhomeless children. Makes it a Class C misdemeanor to knowingly or willfully present false information to a school district concerning the homelessness of a child sought to be enrolled in a school. Effective immediately.

Amends the School Code. Empowers local school councils to ratify collective bargaining agreements between the Chicago board of education and representatives of its educational employees, and requires ratification of each such agreement by a majority of those councils before the board signs it. Grants Chicago principals authority to direct the work of all school personnel, including security personnel, the engineer in charge, the food service manager, and all other custodial and food service employees; and eliminates inconsistent provisions now applicable to such employees. Eliminates provisions making a principal's appointment power over new and vacant positions subject to the collective bargaining agreement covering supernumerary teachers. Gives principals final authority (i) to select teachers to fill new and vacant positions based on merit and ability without regard to seniority, supernumerary status, or length of service, and (ii) to direct the hours of the attendance center and coordinate staff scheduling. Eliminates mandatory appointment of Chicago teachers to permanent assignments after completion of a probationary period, and provides for their dismissal during that period by principals (now, by the board). Limits supernumerary teacher rights to receive salary and benefits, accrue seniority, and retain tenure to a 60 day period. In the provisions relating to teacher evaluation, requires each district's evaluation plan to comply with minimum competency standards. Places the burden of proof in proceedings to dismiss a teacher in any school district or a Chicago school principal upon the teacher or the principal. Specifies what teachers must show by a preponderance of the evidence to disprove charges of incompetence. Authorizes (now, requires) a hearing officer in dismissal cases to consider teacher evaluations. Eliminates a requirement that the classroom observation of a teacher required in all school districts occur in Chicago on at least 2 different school days. Authorizes removal of Chicago teachers due to a board decision to decrease the number of teachers or to discontinue a particular type of teaching under a procedure followed in all other school districts. Deletes a requirement that notice of charges in proceedings to dismiss teachers in school districts outside Chicago be given by the board itself.

Provides that no real property taxes shall be levied by the annexing district in the annexed territory for as long as the annexing district continues to receive annual annexation grants.

SENATE AMENDMENT NO. 2.

Deletes everything after the enacting clause and then restores the deleted provisions, except: (i) does not restore provisions relative to State funded retirement incentives for faculty and staff of the districts affected; (ii) changes the term of the supplemental annexation grants to 7 fiscal years instead of 11 fiscal years, and does not restore provisions for changing the grant amount based on Consumer Price Index increases; and (iii) provides that the term of the trustee initially appointed to represent the 8th trustee district shall end when a trustee is elected from that district at the 1997 nonpartisan election (to serve until 7 new trustees are again elected following decennial reapportionment in 2001). Adds an immediate effective date.

FISCAL NOTE (Dept. of Revenue)

State tax receipts would decrease due to a tax credit. There would be no impact until FY94 revenues. As it cannot be determined what businesses would take advantage of the credit nor how many employees would be involved, a precise negative fiscal impact may not be determined. However, a direct loss in tax revenues will result.

70 ILCS 2405/12 from Ch. 42, par. 311

Amends the North Shore Sanitary District Act and the Sanitary District Act of 1917. Authorizes a sanitary district to levy and collect taxes by referendum and issue bonds for complying with the federal Comprehensive Environmental Response, Compensation and Liability Act of 1980 and other related purposes (now, only for treating sewage).

SENATE AMENDMENT NO. 1.

Changes the 30 day period to 60 days for filing a petition requesting that an adopted resolution levying a tax for clean up under the federal Comprehensive Environmental Response, Compensation and Liability Act of 1980, be submitted to the electors of that district. Lowers the percentage of electors required to sign the petition from 10% to 5%. Raises the time period from 30 to 60 days after publication or posting of a resolution after which the taxing district will be authorized to levy and collect the tax unless a valid petition is filed during that time.

SENATE AMENDMENT NO. 2.

Makes technical corrections.

HOUSE AMENDMENT NO. 1.

Provides that, in the case of sanitary districts located in counties contiguous to a county over 2,000,000, the tax to pay costs related to the federal Comprehensive Environmental Response, Compensation and Liability Act is subject to the Property Tax Extension Limitation Act.

PENSION IMPACT NOTE

The fiscal impact of SB 1206 cannot be determined, but could be substantial to some local police pension funds.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, SB 1208 constitutes a personnel/retirement benefit mandate for which reimbursement of the increased cost would normally be required under the State Mandates Act. However, SB 1206 amends the State Mandates Act to relieve the State of reimbursement liability. The annual cost to local governments cannot be determined, but could be substantial to some local police pension funds.

Provides that on certain streets and highways, the overall length of a truck tractor-semitrailer combination shall not exceed 65 feet (currently limited to 55 feet from the front axle to the rear axle). Eliminates provisions that require persons or firms licensed under the Private Detective, Private Alarm, and Private Security Act of 1993 who seek disclosure of personally identifiable information on the record to be employed by, or acting on behalf of, government, financial institutions, attorneys, insurers, automobile associated businesses, and other business entities. Removes the limitation of allowing a person to solicit contributions from the occupant of a vehicle only at intersections where all traffic is required to come to a full stop. Requires the municipality, city, or village where the highway is located to determine by ordinance where and when the solicitation may take place based upon certain factors. Provides that an ordinance enacted by a governmental entity concerning the solicitation of contributions may not allow interference with the operation of official traffic control devices. Makes requirements concerning rear fender splash guards applicable to second division vehicles on any highway (now highways outside urban areas). Prohibits excessive use of the left lane on rural controlled access highways. Provides that no vehicle shall obstruct the normal flow of traffic by being in the left lane for an excessive amount of time at a speed under the posted limit. Permits, when posted, left lane use other than passing on rural controlled access highways. Provides that 4 axles shall be used for determination of

gross weight when a table for vehicles or combinations having 4 axles is applied to a vehicle having more than 4 axles that is not in combination. Removes restriction of certain tables to special hauling vehicles. Changes certain cross references so that they refer to requirements concerning second division vehicles rather than to the Federal Highway Users Tax. Deletes the requirement that the Department of Transportation or the appropriate local governing body require signs to be posted denoting the last exit before a construction zone for vehicles with loads exceeding 8 feet 6 inches in width. Amends the Joliet - Marquette Trail Act. Allows the Department of Transportation and local agencies in their jurisdictions to erect appropriate plaques anywhere along the Illinois River Road (currently states that the plaques may be erected in rest areas). Amends the Illinois Highway Code. Increases the penalty for removal of a sign, traffic control device, or barrier erected on a public highway from a Class B misdemeanor punishable by a fine of at least \$250 to a Class A misdemeanor punishable by a fine of at least \$500. Includes the knowing possession of such a sign, traffic control device, or barrier as a violation with the same penalty. Makes other changes.

235 ILCS 5/6-16

from Ch. 43, par. 131

235 ILCS 5/6-21.1 new

Amends the Liquor Control Act. Prohibits a parent or guardian from permitting a residence to be used by a child or ward under age 21 (or underage invitees) for the illegal consumption of alcohol. Prohibits the owner or occupant of any premises from permitting a person under age 21 (other than a child or ward) to remain on the premises while the underage person possesses or consumes alcohol. Imposes specified civil liability upon any person selling or giving alcohol to a person under age 21 if the underage person subsequently causes injury to any person or his or her property.

SENATE AMENDMENT NO. 1

Deletes reference to:
235 ILCS 5/6-21.1 new

In provisions of the Liquor Control Act regarding underage drinking, changes various penalties to Class A misdemeanors, and changes existing provisions prohibiting gatherings where minors are drinking liquor by making those provisions apply where persons under age 21 (rather than 18) are drinking liquor. Deletes new provisions regarding liability of persons supplying liquor to persons under age 21.

HOUSE AMENDMENT NO. 1. (Tabled June 8, 1994)

Changes provisions prohibiting a parent or guardian from permitting his or her residence to be used by a minor for the consumption of liquor as follows: Prohibits a parent or guardian from permitting his or her residence to be used by his or her child's underage invitee for the consumption of liquor. Presumes that a parent or guardian has permitted such use by failing to control access to liquor. Violation is a Class A misdemeanor with a fine of not less than \$500. Creates an exception for liquor used in religious services.

HOUSE AMENDMENT NO. 2. (Tabled June 8, 1994)

Adds reference to:
235 ILCS 5/7-5 from Ch. 43, par. 149
235 ILCS 5/7-9 from Ch. 43, par. 153
235 ILCS 5/9-2 from Ch. 43, par. 167

Amends the Liquor Control Act. Changes provisions relating to referenda to prohibit the sale of liquor in a precinct (or at an establishment in the precinct) in a municipality with a population over 200,000 by providing that if the first petition filed with the city clerk is not in proper form or is invalid, the clerk shall consider other petitions setting forth the same proposition. Requires a license appeal commission in a municipality of more than 500,000 to make its decision in an appeal from an order of a local liquor control commission within 30 days after the appeal is heard (rather than within 20 days after the appeal is filed). Requires the local liquor control commissioner, in an appeal to the license appeal commission, to file a certified record of the proceedings with the license appeal commission promptly after the appellant licensee delivers the transcript to the local liquor control commission (rather than within 5 days after notice of filing of the appeal).

HOUSE AMENDMENT NO. 3. (Tabled June 8, 1994)

Adds reference to:
235 ILCS 5/6-21.1 new

Imposes specified civil liability upon any person selling or giving alcohol to a person under age 21 if the underage person subsequently causes injury to any person or his or her property.

HOUSE AMENDMENT NO. 5.

Deletes reference to:
235 ILCS 5/6-21.1 new

Deletes everything and reinserts provisions: prohibiting a parent or guardian from permitting a residence to be used by an underage invitee of his or her child for the consumption of liquor and changing certain penalties relating to permitting underage drinking; permitting more than one referendum to prohibit sale of liquor in a precinct to be filed with the city clerk for the same election; and changing procedures pertaining to license appeal commissions. This amendment does not include provisions imposing civil liability on persons selling or giving liquor to a person under 21 who subsequently causes injury to any person or his or her property.

HOUSE AMENDMENT NO. 6.

Amends provisions pertaining to referenda to prohibit the sale of liquor at a particular licensed establishment in a precinct. Provides that referenda may seek to prohibit the sale of liquor at particular street addresses (rather than at particular licensed establishments).

SENATE AMENDMENT NO. 1

105 ILCS 5/10-22.31 from Ch. 122, par. 10-22.31

Amends the School Code. In the provisions relating to bonds issued by the governing board of a special education joint agreement, makes each district party to the agreement jointly and severally liable for the amount of any deficiency in debt service payments. Increases the proportionate share of the debt service that unit districts party to the agreement are to pay (as compared to dual districts). Authorizes different debt service payment schedules for districts party to the agreement and authorizes those districts to levy a debt service tax at a rate not exceeding 0.15% for dual districts and 0.30% for unit districts.

STATE MANDATES ACT FISCAL NOTE (State Board of Education)

Special education joint agreement member unit districts would increase their share of the debt service payments and dual districts' debt service share would be reduced. Financial impact of a district's absorbing another district's default cannot be determined at this time.

FISCAL NOTE (State Board of Education)

No change from State Mandates Fiscal Note.

SENATE AMENDMENT NO. 1

Replaces the provisions relating to the levy of an annual tax to pay debt service on the joint agreement bonds as proposed in the bill as introduced with provisions that (i) prohibit an annual contribution for bond payments from member districts in excess of 0.15% (in the case of dual districts) or 0.30% (in the case of unit districts) of the district's EAV, and makes that limitation applicable to other taxes levied by the district to pay debt service. Provides that the proposed changes do not constitute an exception to property tax limitations applicable to other specified levies of the district.

Amends the School Code. Authorizes creation of charter schools under contracts between school boards and governing bodies of charter schools. Requires a charter school to comply with its charter and the Charter Schools Law and exempts it from all other State laws and regulations governing public schools. Requires approval by the State Board of Education of proposed charter school contracts but authorizes

the State Board to require modifications in a proposed contract to achieve consistency with the Charter Schools Law before certifying the charter. Provides that a charter school shall be a public school operated in a nonsectarian, nonreligious, non-home based manner. Limits the number of charter schools operating at any one time. Makes the charter school subject to statutory and constitutional prohibitions against discrimination, provides that it shall not charge tuition, and provides for its administration by a governing body in a manner provided by its charter. Prescribes terms required to be included in a charter school submission and contract. If the charter school is to be established by converting an existing public school to charter school status, requires approval by a majority of the certified teachers at that school, by a majority of the parents and guardians of pupils enrolled in that school who are present at a meeting held to vote on the proposal, and (in Chicago) by the local school council before a proposal to convert to charter school status may be submitted to the State Board of Education. Adds provisions relative to material revision of a charter, the period of time for which a charter may be granted, charter renewals, employee options, financing, evaluation, and reporting. Also amends the Board of Higher Education Act and the Acts relating to the governance of the University of Illinois, Southern Illinois University, the Regency Universities, and the universities under the jurisdiction of the Board of Governors of State Colleges and Universities to prohibit discrimination in the higher education admissions process against an applicant for admission because of the applicant's enrollment in a charter school. Effective immediately.

Amends the Southern Illinois University Management Act and the University of Illinois, Board of Governors, and Regency Universities Acts. Provides that the governing board of a university subject to any of those Acts may waive, for individuals with the requisite academic, athletic, or other abilities, that percentage of its undergraduate tuition that is authorized under the tuition waiver limitation established by the Illinois Board of Higher Education. In the provisions authorizing 50% tuition waivers to children of University employees if specified conditions are met, includes as a University employee a person employed within any of the 3 divisions of the Department of Energy and Natural Resources that carries out the functions of the Scientific Surveys; but requires that a majority of the person's compensation from the employment be earned under University grant or contractual agreements and paid by the University from grant funds that it administers. Requires each of the colleges

and universities to offer 50% tuition waivers for undergraduate education to children of employees of any other such college or university if those employees have been employed an aggregate of 7 years by one or more of those colleges and universities and if their children meet certain age and academic requirements. Also provides that if the university issues tuition waivers in excess of those limitations, the Illinois Board of Higher Education may reduce the budget request submitted with respect to that university for the succeeding fiscal year by the amount of the tuition waiver excess. Amends the Illinois Educational Facilities Authority Act relative to the Authority's purpose of providing an alternate method of initial project financing and project refinancing. Redefines terms, changes Authority membership requirements and revises conflict of interest provisions applicable to Authority members, expands investment authority, provides for issuance of Authority bonds to refund bonds issued under the Higher Education Loan Act, eliminates the prohibition against issuing refunding bonds unless the Authority has the requisite lease financing arrangement with the participating institution, eliminates the requirement that the Authority take some type of security interest for each financing, and provides that the exercise of the Authority's powers under the Higher Education Loan Act constitute an essential public function, the income from which is exempt from State and local taxation. Also amends the Higher Education Loan Act to reference definitions and powers applicable to the Authority under the Illinois Educational Facilities Authority Act and to repeal numerous provisions parallel to provisions of the latter Act.

New Act

305 ILCS 5/5-2

from Ch. 23, par. 5-2

Creates the Healthy Kids Plan Act and amends the Public Aid Code. Provides for voluntary enrollment in the Healthy Kids Plan to provide health care services for children not eligible for medical assistance and not otherwise insured. Provides for enrollment fees. Provides for administration of the Plan by the Department of Public Aid in cooperation with the Departments of Insurance and Public Health. Requires that the Department of Public Aid provide medical assistance to pregnant women and their infants and children (rather than authorizes the Department to conduct a demonstration for that purpose).

HOUSE AMENDMENT NO. 1.

Provides that implementation of the Healthy Kids Plan shall begin July 1, 1994 (rather than 1993). Delays the following by one year: filing of certain reports; the appointment of Healthy Kids Advisory Board members; and the provision of medical assistance to low-income pregnant women, infants and children by the Department of Public Aid.

HOUSE AMENDMENT NO. 2.

Adds, as an ex officio, non-voting member of the Healthy Kids Advisory Board, the State Superintendent of Education or his or her designee.

FISCAL NOTE (Dept. of Public Aid)

The required coverage of those children age 9 or under whose family income is at or below 250% and above specified standards would be strictly State-funded. Assuming an even phase-in of that coverage, estimated expenditures would generate a net FY95

cost of \$29.5 million and Out-Year cost of \$59.6 million.

HOUSE AMENDMENT NO. 3.

Adds the Department of Alcoholism and Substance Abuse to the Departments administering the plan and provides that its director shall serve as an ex officio, non-voting member of the Healthy Kids Advisory Board.

from Ch. 24, par. 8-11-2

Amends the Illinois Municipal Code and the State Mandates Act. Excludes from the definition of "gross receipts" (as used in connection with municipal utility taxes) taxes and other amounts added to utility bills under the provisions of the Public Utilities Act. Exempt from the State Mandates Act. Effective January 1, 1994, and applies to utility bills issued on and after that date.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB-36 creates a tax exemption mandate for which State reimbursement for the revenue loss to local governments would normally be required. However, the bill amends the State Mandates Act to relieve the State of reimbursement liability. The estimated amount of revenue loss to municipalities for the first year is \$11.8 million.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB 92 constitutes a service mandate for which reimbursement of 50% to 100% of the increased cost to units of local government is required under the State Mandates Act. However, if the General Assembly finds that the bill imposes additional duties of a nature which can be carried out by existing staff and procedures at no appreciable net cost increase, and this is explicitly stated in the bill, no reimbursement is required.

New Act

Creates the International Boycott Act. Requires that State contracts in excess of \$5,000 include the material condition that the contractor not participate in international boycotts in violation of federal law. Permits the State Comptroller to void or forfeit a violated contract.

HOUSE AMENDMENT NO. 1.

Authorizes the Secretary of Transportation, rather than the Comptroller, to void contracts administered by the Department of Transportation. Effective immediately.

SENATE AMENDMENT NO. 2.

Deletes everything. Creates the International Anti-Boycott Certification Act. Requires that State contracts in excess of specified amounts include certification that the contractor does not participate in federally prohibited international boycotts. Authorizes the State agency with jurisdiction over the procurement to forfeit or void noncomplying contracts. Effective immediately.

SENATE AMENDMENT NO. 3

Authorizes the Department of Transportation to issue implementing rules for contracts in its jurisdiction.

GOVERNOR’S MESSAGE

Limits the required certification of nonparticipation in international boycotts to those international boycotts that are “in violation of” (as opposed to those international boycotts that are “defined by”) the federal Export Administration Act of 1979. Also eliminates a nonexclusive reference to foreign companies that are subject to the certification requirement but that are not governed by the federal Export Administration Act of 1979 as the regulations promulgated under that Act.

In the opinion of DCCA, HB 129 creates a service mandate for which State reimbursement of 50% to 100% of the increased cost to units of local government is required. The first-year State-wide cost of compliance with HB 129 is estimated to be between \$800,000 and \$3.5 million, depending upon the final form of rules established by the Illinois Commerce Commission.

Authorizes the Department of State Police to operate an emergency cellular phone network and creates the necessary fund in the State treasury. Authorizes the Department to make grants to certain emergency telephone system boards that provide emergency cellular telephone services. Imposes a surcharge on cellular telephone bills for cellular 9-1-1 services. Directs the Illinois Commerce Commission to change the amount of the monthly surcharge for cellular 9-1-1 services to reflect the actual costs incurred, and allows the Commission to set a separate rate for any city with a population over 1,000,000. Includes other provisions.

FISCAL NOTE (State Police)

The ICC would lose approximately \$36,000 in annual revenue. For FY94 the ISP would receive approximately \$3,528,000 to operate the program. The surcharge will be reviewed annually and could be adjusted to meet operational costs. Without the surcharge, GRF would have to finance the operational support or the State would have to discontinue the service.

 305 ILCS 5/11-15 from Ch. 23, par. 11-15
 305 ILCS 5/11-19 from Ch. 23, par. 11-19

Further amends Illinois Public Aid Code to provide that a child shall not be immunized in contravention of the stated objection of a parent, guardian, or relative with custody of the child because of religious grounds. Provides that the Department of Public Aid shall provide all families with children under 18 years of age applying for financial aid with information, orally by an intake worker and in writing when the application is filed, about the availability and location of immunization services. Provides that the Department may require that an immunization history be submitted with a change in circumstance report for recipients under 6 years of age.

FISCAL NOTE, AS AMENDED (Dept. of Public Aid)
 The Department currently pays for immunizations for Medicaid children. Depending on the actual program developed, vaccine utilization would probably increase for those children under 5 years of age beyond what is envisioned in the Healthy Moms/Healthy Kids program.

The cost of reimbursement will be \$554,200 the first year, \$717,200 the second year, \$880,200 the third year, and \$1,043,200 the fourth year. In addition, the cost of State grants required by HB 177 is \$18,000 annually.

STATE MANDATES ACT FISCAL NOTE, REVISED

In the opinion of DCCA, HB-177 creates a personnel mandate for which State reimbursement of 100% of the increased cost to units of local government is required. The cost of reimbursement will be \$163,000 the first year, \$326,000 the second year, \$489,000 the third year, and \$652,000 the fourth year.

In addition, the cost of State grants required by HB-177 is \$18,000 annually.

FISCAL NOTE (DCCA)

The increase in minimum annual compensation for sheriffs outside Cook County is determined by the DCCA to be a "personnel Mandate" for which the State must reimburse units of local government for 100% of the increased costs. Therefore, DCCA staff estimates the cost of this increased annual compensation to be as follows: 1995-\$163,000; 1996-\$326,000; 1997-\$489,000; 1998-\$652,000; Total-\$1,630,000. Additionally, beginning December 1, 1994 the State shall grant an annual stipend to the nine counties that do not operate a jail, which will cost the State an additional \$18,000 per year.

Creates the Illinois Labor Equity Act. Prohibits the State, units of local government and school districts from entering into contracts with, making loans or grants to, surveying lands on behalf of, or purchasing the securities of any employer which has offered or granted the status of a permanent replacement employee to an individual for performing bargaining unit work for the employer during a labor dispute. Amends the Advertisement for Strike Workers Act. Changes the title to the Advertisement for and Employment of Strike Workers Act. Provides that no public or educational employer may hire permanent replacements for employees lawfully striking under the Public Labor Relations Act or Educational Labor Relations Act. Provides that a court may grant injunctive relief to enforce those provisions. Amends the Labor Dispute Act to provide that it does not apply to injunctions issued by a court under the Advertisement for and Employment of Strike Workers Act.

FISCAL NOTE (Dept. of Labor)

Total administrative costs for development and one year FY costs are \$84,632. The start up cost for the first year could be decreased depending on the effective date of the Act. There is no easily accessible data to assist the Dept. in anticipating the number of cases that would be filed in a 12-mo. period.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB241 creates a local government organization and structure mandate for which no reimbursement is required. HB-241 may also create a personnel mandate for which reimbursement of the increased cost, if any, to units of local government is required.

Amends the Revenue Act of 1939 to exempt from property taxes property owned by Masonic organizations. Exempts any mandate created by this amendatory Act from the requirements of the State Mandates Act.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB 245 constitutes a tax exemption mandate for which State reimbursement of the revenue loss to units of local government would normally be required. However, HB-245 amends the State Mandates Act to relieve the State of reimbursement liability. Due to a lack of data, no Statewide estimate

of revenue loss is available. However, from information provided by a Statewide masonic fraternal organization, at least 350 different real properties would be exempted from paying property taxes.

30 ILCS 805/8.17 new
35 ILCS 205/19.25 new

Amends the Revenue Act of 1939 to exempt from property taxes property owned by fraternal organizations. Exempts any mandate created by this amendatory Act from the requirements of the State Mandates Act.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB 277 constitutes a tax exemption mandate for which State reimbursement of the revenue loss to units of local government would normally be required under the State Mandates Act. However, HB 277 amends the State Mandates Act to relieve the State of reimbursement liability. Due to a lack of data, no estimate of the amount of revenue loss is available.

215 ILCS 5/143.31 new thru 5/143.34 new

Amends the Illinois Insurance Code. Requires insurers to make a preinsurance inspection of motor vehicles before providing collision or comprehensive coverage. Requires insurers to maintain inspection reports and use the reports in the settlement of certain claims. Applies to coverage provided after June 30, 1994 for private passenger vehicles. Requires the Director of Insurance to issue rules for the implementation of the inspection requirements. Effective July 1, 1994.

FISCAL NOTE (Dept. of Insurance)
 A conservative cost estimate would be \$52,000/year. It is impossible at this time to determine an upper limit of Departmental costs due to the uncertainty surrounding the increase in complaints from this proposal.

HOUSE AMENDMENT NO. 1.

Adds reference to: (215 ILCS 5/424)

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB 308 creates a local government organization and structure and a due process mandate for which no reimbursement is required. Due to a lack of data, no State-wide cost estimate of complying with HB 308 is available. However, information provided by Cook County indicates that the County's cost for mailing of the notice would be a minimum of \$350,000.

FISCAL NOTE (Dept. of Public Aid)

Corrections inmates, who are eligible for AFDC when released, may currently receive a one-time \$150 assistance payment through the New Start Program. However, savings that could be realized through making felons ineligible would be minimal as New Start payments have totalled only \$10,000 in Fy'93 (through January) not convicted felons. Additional GF savings would also be minimal. Openings for discharged correctional inmates have averaged only 30 persons/month in FY'93 (through February). Federal waivers would be required to prevent payment to AFDC clients.

35 ILCS 205/19.23-1 from Ch. 120, par. 500.23-1

Amends the Revenue Act of 1939. For tax years beginning on and after January 1, 1993, extends the homestead exemption provisions to disabled persons as defined under the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB 410 constitutes a tax exemption mandate. However, no State reimbursement of the revenue loss to units of local government is required due to a statutory exception. Based upon information provided by the Dept. of Revenue, the Dept. estimates the annual net loss to local governments to be approximately \$3.3 million.

HOUSE AMENDMENT NO. 1.

Provides that beginning with the 1993 levy year, persons eligible for a circuit breaker grant are entitled to an exemption that is the greater of the statutory amount or the difference between the current equalized assessed valuation and the equalized assessed value of 1993 or a subsequent year when the taxpayer first became eligible for the senior citizen homestead exemption.

HOUSE AMENDMENT NO. 2.

Deletes reference to:
 35 ILCS 205/19.23-1
 Adds reference to:
 35 ILCS 205/19.23-01 new

Deletes substantive changes. Provides for a senior citizens tax freeze homestead exemption that provides, to persons aged 65 and over with a household income of \$35,000 or less, a reduction in the equalized assessed value of the homestead property equal to the amount of increase in the equalized assessed value of the property since 1993 or the year in which the taxpayer becomes 65 years of age. Adds an immediate effective date.

FISCAL NOTE, AMENDED (Dept. of Revenue)

HB-410, as amended by H-am 2, would have the following effect:
 With application of the current homestead exemptions as well as the freeze exemption, statewide loss to taxing districts would be \$198.2M (base year EAV rule) and \$237.6M (base year less homestead exemption rule). If ineligible for the current homestead exemption upon application for the freeze exemption, statewide loss would be \$76.0M (base year EAV rule) and \$107.2M (base year less homestead exemption rule).

SENATE AMENDMENT NO. 3.

Deletes reference to:
 35 ILCS 205/19.23-01 new
 Adds reference to:
 35 ILCS 200/15-172 new

reduction in the equalized assessed value of the homestead property equal to the amount of increase in the equalized assessed value of the property since 1993 or the year in which the taxpayer becomes 65 years of age. Adds an immediate effective date.

FISCAL NOTE, AMENDED (Dept. of Revenue)
 The total tax impact for the first year would be \$40.6 million and the second year \$83.0 million. The Department cannot determine the indirect benefits, if any.

HOUSING AFFORDABILITY IMPACT NOTE

Most of the changes of the proposed bill are expected to have no fiscal impact on a single-family residence. Some of the proposed changes could impact the cost of owning a single-family residence, depending on the possible impact on local property taxes. A dollar estimate cannot be provided due to the impact on local property taxes which would be determined at the local level, and which would vary among townships.

Requires the board of education for certain school districts to utilize available federal funding to establish a school breakfast program and a summer food service program. Requires the Department of Public Aid to utilize federal funds to create a food stamp and outreach program. Provides that the State shall increase its funding of the Women, Infants and Children Nutrition Program each year by 5% of the sum of federal plus State funds allocated to the program in the preceding State fiscal year. Effective immediately.

FISCAL NOTE (State Board of Education)

Local districts would be able to receive additional federal reimbursement and would be eligible to submit claims to the State. The estimated additional reimbursement that would be claimed is \$5-6 million. Local districts would not be expected to incur additional local costs.

FISCAL NOTE (Dept. of Public Aid)

The increased food stamp only caseload will result in a minimal fiscal impact, as food stamps are 100% federally funded and food stamp administration is 50% federal match. The outreach will also increase the medical assistance and income assistance caseloads which will result in a \$5.5 million increase in expenditures, including administrative costs.

New Act
 30 ILCS 105/5.360 new

Creates the Budget Stabilization Act and amends the State Finance Act to create the Budget Stabilization Fund. Provides, subject to amendment of the Act, that an amount equal to 3% of the total appropriations from the General Revenue Fund shall be set aside by July 1, 1999, in the Budget Stabilization Fund. Money in the Budget Stabilization Fund shall be used only for covering an unanticipated budget deficit. Requires an amendment to the Budget Stabilization Act to withdraw any money from the Fund. Effective immediately.

FISCAL NOTE (Office of the Comptroller)

This proposal would result in an increase in transfers out and an offsetting reduction in amounts available for appropriation from GRF through FY99. After FY99 the amount of transfers would depend on growth in GRF appropriations and investment income in the fund. Once the balances in the fund reach the desired percentage the Budget Stabilization would be self-financing.

Amends the Solid Waste Planning and Recycling Act to require every municipality with a population of 10,000 or more to implement a recycling program that provides for the separate collection of glass, plastics, aluminum, steel, tin and bimetal cans, corrugated cardboard, and newsprint from single family residences. Preempts home rule. Requires waste management plans under the Act to include an implementation plan to accomplish source reduction and the evaluation of the feasibility of various disposal fees.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB-477 creates a service mandate for which State reimbursement of 50% to 100% of the increased cost to units of local government is required. The estimated cost of reimbursement to units of local government is \$365.9 million in 1994; \$369.9 million in 1995; and \$367.7 million every year thereafter.

HOME RULE IMPACT NOTE

HB-477 may require certain municipalities to modify their current practices concerning recycling if those practices do not provide for recycling as required in the bill. There

would be substantial cost for affected municipalities.

FISCAL NOTE (DENR)

The Department would need to hire two additional resource planners and one clerical staff if HB 477 were to become law. To provide these services there would be a total annual cost of approximately \$80,000.

Amends the Revenue Act of 1939 to provide for a senior citizens tax freeze homestead exemption, for senior citizens with household income under \$25,000, that is the difference between the current equalized assessed valuation of a senior citizen's occupied residential homestead property and the equalized assessed valuation of that property in the assessment year in which the senior citizen was first both 65 years of age or older and was occupying the premises as a residence. If the property is owned by more than one person, the exemption is available only when the youngest owner becomes 65. The senior citizens tax freeze homestead exemption does not apply while any other homestead exemption is in effect or if any improvement, which would increase the assessed value of the property, has been constructed after the taxpayer has qualified for this homestead exemption.

In the opinion of DCCA, HB 493 constitutes a tax exemption mandate for which State reimbursement of the revenue loss to units of local government is required under the State Mandates Act.

Amends the Insurance Code to include discrimination on the basis of sex as a prohibited practice in the business of insurance.

FISCAL NOTE (Dept. Human Rights)

The Department anticipates an influx of charges if this bill becomes law and feels that they cannot be handled with existing staff. If 100 or more charges are filed per year, additional staff would be needed. The fiscal impact then would be approximately \$448,850 per 100 charges. This would support the additional staff needed to handle the increase in cases.

Adds an Unemployed Parents Work Experience component to the Department of Public Aid's education, training, and employment program for AFDC recipients. Makes the component applicable to assistance units receiving AFDC-U. Provides that the Department of Public Aid may, by rule, establish a program under which the payment of a monthly AFDC-U grant for a particular month, or the amount of that grant for a particular month, or both, is based on work actually performed by the parent recipients during the preceding month in the Unemployed Parents Work Experience component of the Department's education, training and employment program for AFDC recipients.

FISCAL NOTE, AMENDED (Dept. of Public Aid)

Twenty hours of participation in the program is already included in the Department's budget, and sponsors are covered by non-financial agreements. Cost savings could result if clients fail to meet the work requirements for the month and their grants are not authorized.

HOUSE AMENDMENT NO. 1.

Provides that the foreign trade zone shall stimulate trade worldwide (rather than with the Dominican Republic and Haiti).

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB-652 fails to meet the definition of a mandate. However, the cost to the Dept. is estimated to be \$50,000.

FISCAL NOTE (DCCA)

In order to maintain current programs, an additional \$50,000 would be needed for one new position and support costs for one year.

HOUSE AMENDMENT NO. 2.

Deletes everything. Amends provisions of the Medical Assistance Article of the Public Aid Code pertaining to eligibility for assistance. Requires the Department of Public Aid to take all actions necessary to seek a federal waiver to enable the Department to enter into agreements with individuals under which an individual agrees to make payments to reduce his or her non-exempt assets to levels required for eligibility, and the individual shall be eligible for assistance while he or she is in compliance with the agreement.

FISCAL NOTE (Dept. of Public Aid)

There could be a minimal impact to the Department. There will be very little incentive for a recipient to make "installment" payments in the amount of the spenddown after he/she has received the services.

New Act

Creates the Container Fee and Deposit Act. Imposes a refundable advance disposal fee on certain containers that are not being recycled at a rate of at least 50%. Also requires payment of a 5 cent refundable deposit on such containers. Makes violations of the Act a business offense with a \$500 fine for each violation. Effective immediately.

FISCAL NOTE (DENR)

There would be an interminable fiscal impact upon ENR if HB 668 were to become law. However, it is likely that this bill would place greater demands on recycling grants administered by ENR, while it is unknown whether or not a higher level of funding for said grants would be realized by HB 668.

35 ILCS 205/330 from Ch. 120, par. 811

Amends the Revenue Act of 1939. Makes technical corrections in provision governing the short title of the Act.

HOUSE AMENDMENT NO. 1.

Deletes reference to:

35 ILCS 205/330

Adds reference to:

35 ILCS 205/19.23-1

35 ILCS 205/19.23-1a

35 ILCS 205/19.23-2

35 ILCS 205/19.23-3

105 ILCS 5/18-8

Amends the Revenue Act of 1939 to increase the senior citizen homestead exemption to \$3000 in counties over 2,000,000 population and \$2500 in all other counties; the general homestead exemption to \$5500 in counties over 2,000,000 and \$4500 in all other counties; and the homestead improvement exemption to \$45,000 in all counties. Amends the School Code to require the Department of Revenue to add to the equalized assessed value of all taxable property of each school district within a county with 2,000,000 or more inhabitants an amount equal to the amount by which homestead exemptions exceed the total amount of homestead exemption that would have been allowed if the senior citizens and general homestead exemptions were \$2500 and \$4500, respectively.

STATE MANDATES ACT FISCAL NOTE, WITH H-AM 1

In the opinion of DCCA, HB-685, as amended by H-am 1, creates both a local government organization and structure mandate for which no reimbursement is required, and a tax exemption mandate for which State reimbursement of the revenue loss to local governments as a result of the downstate homestead exemption is required. Due to a statutory exemption, no reimbursement is required for revenue loss to local governments created by the general, senior citizens' and Cook County homestead improvements exemptions. Department staff estimates the annual net revenue loss to local governments to be approximately \$145 million, for all of the exemptions. State reimbursement could be as much as \$25.5 million.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB 718 constitutes a tax exemption mandate for which reimbursement of the revenue loss to all local governments would normally be required. However, due to a statutory exception, no State reimbursement is required for the loss of revenue in Cook County. Department staff estimates the annual net revenue loss to all units of local government to be approximately \$28 million. State reimbursement required could be as much as \$25.5 million.

Amends the Civil Administrative Code of Illinois. Requires the Department of Central Management Services to acquire, cooperate in the acquisition of, and provide the fueling facilities for flexible fueled vehicles for the State and other governmental units.

HOUSE AMENDMENT NO. 1.

Deletes everything after the enacting clause. Amends the Civil Administrative Code of Illinois. Requires the Department of Central Management Services to provide fueling facilities for State-owned flexible fueled vehicles and other alternate fueled vehicles as the Department deems feasible. Requires the Department to acquire flexible fueled vehicles in fiscal year 1994 for the constitutional offices and to make any other such vehicles it acquires available in fiscal year 1995 to other governmental units.

FISCAL NOTE (DCMS)

Estimated minimum cost of establishing the necessary fueling sites would be \$200,000 for the cost of fuel only. Additional personnel may eventually be needed to man some of the sites. Once 50% of the State fleet has been converted to flexible fuel vehicles, it is estimated that annual extra fuel costs would exceed \$500,000 in today's dollars, and could be much higher depending on the ethanol mix and the relative future market prices of fuels. Another \$500,000 would be expended annually by DCMS alone for the extra cost to procure ethanol burning vehicles.

775 ILCS 5/8B-103 from Ch. 68, par. 8B-103

Amends the Illinois Human Rights Act. Provides that parties to a civil rights violation action before the Human Rights Commission may file a confidential position statement and other materials in support of their case. Provides that if the Director of the Department of Human Rights does not determine whether a civil rights violation has been committed within 2 years after the charge has been filed, the Department shall dismiss the charge. Provides that the Department shall conclude an investigation if a complaint has been filed after a dismissal of the charge by the Department or the time to file the complaint has expired, and failure to conclude an investigation constitutes grounds for a court to enjoin the investigator and award damages, if any, to the respondent. Authorizes an alternative hearing procedure as an alternative to having the matter heard by the Commission. Provides that the alternative hearing officer has the authority to issue final orders, and that there is no right to appeal a final order issued by a hearing officer except in cases of fraud or duress. Effective January 1, 1994 and applies to charges filed after January 1, 1994.

FISCAL NOTE (Dept. of Human Rights)

If 1) the unassigned cases are dismissed, the Dept. could lose federal funding of \$1.8 million per year, could be faced with a lawsuit, and the processing of cases burden would shift to the Human Rights Commission; or 2) additional staff is hired to investigate the new cases, approximate cost for the 2-year investigation is \$1,389,258 the first year and \$1,861,200 the second year.

HOUSE AMENDMENT NO. 1.

Adds reference to:
775 ILCS 5/8-105 from Ch. 68, par. 8-105

Further amends the Illinois Human Rights Act. Provides that the Department of Human Rights shall issue a notice of default to any respondent who fails to file a

verified response to a charge 60 days from the receipt of the notice of the charge (now, from the date the charge was filed). Provides that the Department shall (now may) dismiss certain charges if certain criteria have been satisfied. Provides that the findings and recommended order need not be written by the hearing officer who presides at the hearing if all parties agree and the presiding officer transmits his or her impression of witness credibility to the officer who will write the order if there are questions of witness credibility.

Requires training in first aid (including CPR) for probationary and permanent police officers, sheriffs and deputies, and fire fighters and for auxiliary policemen. Preempts home rule powers. Requires that teachers have that training for certification and renewal of certification. Requires (rather than permits) basic first aid training in all elementary and secondary schools. Exempt from the State Mandates Act. Effective January 1, 1994.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB 903 creates a personnel mandate for which State reimbursement of the increased cost to units of local government would normally be required. However, HB 903 amends the State Mandates Act to relieve the State of reimbursement liability. Due to a lack of data, no estimate of the cost to counties, municipalities, fire protection districts and school districts is available.

410 ILCS 45/7.3 new

Amends the Lead Poisoning Prevention Act. Requires that all students in grades 3, 6, and 8 receive lead poisoning screening. If a student tests positive, requires the Department of Public Health or the local health department to implement appropriate intervention strategies.

HOUSE AMENDMENT NO. 1.

Requires lead poisoning screening for students in kindergarten and grades 5 and 9, rather than in grades 3, 6, and 8. Provides that a screening or test is not required for a child whose parent or guardian objects on account of religious beliefs.

FISCAL NOTE (Dept. of Public Health)

Estimated net cost to the State would be \$3.15 million. The Dept. is unable to estimate costs to parents for lab tests, physician charges, etc.

FISCAL NOTE, AS AMENDED (State Board of Education)

There is no data to indicate the extent of the required screening; no overall fiscal impact estimate can be made. The cost of screening can apparently range from \$25 to \$65 per child.
