This new program would require start-up funding from some source in order to support the liability of the State for the surety guarantees. However, DCCA is not aware of any initial funding that has been identified. Without knowing the intended size, or source/level of start-up funding for the program the specific cost to the State is unknown.

Provides that a principal may be either a prime contractor or a subcontractor. Provides that the Authority may guarantee a surety up to 90% of its losses on a performance bond on a contract of not more than \$500,000, rather than \$1,000,000. Specifies when funds from the Small Business Surety Bond Guarantee Fund shall be obligated and de-obligated. Provides for a representative of surety bond companies to be a member of the Illinois Small Business Surety Bond Guaranty Fund Advisory Council.

Creates a separate Law applicable to the governance and operation of each such university and creates a separate revenue bond Law for each such university. Changes the name of Sangamon State University to the University of Illinois at Springfield and places that university under the governance of the Board of Trustees of the University of Illinois, making it a branch of that University. Provides that one student from each campus of the University of Illinois (now, 2 students, one from each campus)

shall be a nonvoting student member of the University's Board of Trustees. Creates the Illinois Universities Appointment Advisory Council and specifies its duties and the Governor's with respect to all gubernatorial appointments of voting members to the governing boards of public universities. Provides for assumption of the contracts, bonds, and other obligations of the abolished boards by the new Boards of Trustees and for the transfer of income and funds with respect thereto. Makes numerous other changes and amends and repeals numerous Acts in connection therewith. Effective July 1, 1994.

Adds provisions allowing the Commerce Commission to approve a license transfer (on an expedited basis without notice and hearing) as a single transaction in a single application even though 2 or more specified types of transactions are involved so long as (i) those transactions in fact represent a single, contemporaneous transaction, and (ii) the applicants carry the burden of demonstrating they are entitled to such treatment by setting forth the individual qualifying transactions as if each were being filed as an individual application. New Act

220 ILCS 5/3-105	from Ch. 111 2/3, par. 3-105
220 ILCS 5/9-213	from Ch. 111 2/3, par. 9-213
220 ILCS 5/9-215	from Ch. 111 2/3, par. 9-215
220 ILCS 5/9-215.2 new	

Creates the Hydroelectric Power Utilization Act. Provides that electric utilities must purchase electric energy produced hydroelectrically by limited producers of electricity. Establishes minimum contract requirements and price terms for those purchases. Defines terms. Amends the Public Utilities Act to provide that capacity purchased from limited producers is not to be included in the calculation of excess capacity and to authorize the Commission to waive certain audit requirements in relation to limited producers of hydroelectric power.

HOUSE AMENDMENT NO. 1.

Provides that a contractor may sell the electricity generated by a limited producer. Provides that certain liens shall, rather than may, be subordinated to construction financing. Provides that the minimum rate paid to limited producers located in counties having more than 200,000, but fewer than 300,000, inhabitants and having capacity of between 50 and 80 megawatts shall be not less than \$0.06 nor more than \$0.08 per kilowatt hour. Provides that when a contract to purchase electric energy is extended beyond its original term, the minimum rate means the utility's avoided cost of electricity.

HOUSING AFFORDABILITY NOTE

A reliable dollar estimate of the impact on the cost of a single family residence cannot be established due to variable cost impact among municipal electric services. Probable fiscal impact would be extensive litigation costs.

HOUSE AMENDMENT NO. 2.

Adds reference to:

35 ILCS 620/3 from Ch. 120, par. 470

Replaces the title and everything after the enacting clause. Creates the Hydroelectric Power Utilization Act. Provides that electric utilities must purchase electric energy produced hydroelectrically by limited producers of electricity. Establishes minimum contract requirements and price terms for those purchases. Defines terms. Provides that electric utilities that purchase electricity from limited producers may receive a credit against taxes imposed under the Public Utilities Revenue Act. Amends the Public Utilities Revenue Act concerning that credit. Authorizes large capacity limited producers in a county with more than 200,000 but fewer than 300,000 inhabitants. Authorizes an alternative minimum rate and alternative contract terms for large capacity limited producers. Allows third parties authorized to sell output from limited producers to contract with electric utilities for the purchase and sale of electrical output. Requires electric utilities to purchase all electric energy offered by a limited producer in specified geographical areas or under specific conditions. Amends the Public Utilities Act to provide that capacity purchased from limited producers is not to be included in the calculation of excess capacity and to authorize the Commission to waive certain audit requirements in relation to limited producers of hydroelectric power.

HOUSE AMENDMENT NO. 3.

Explicitly includes large capacity limited producers within the scope of provisions requiring utilities to purchase power and within provisions relating to capacity calculations under the Public Utilities Act.

SENATE AMENDMENT NO. 1.

Adds January 1, 1994 effective date.

SENATE AMENDMENT NO. 2.

Adds reference to:

220 ILCS 5/9-221.2 new

305 ILCS 5/12-4.4 from Ch. 23, par. 12-4.4

Amends the Public Aid Code. Deletes provision that Earnfare participants engage in employment assigned activities equal to the amount of their food stamp benefits divided by the federal minimum wage. Requires that participants be offered the opportunity to earn up to \$265 (now, \$154).

FISCAL NOTE (Dept. of Public Aid)

The annual fiscal impact of HB 1271 would be approximately \$7.6 million based on 5,700 average monthly slots. Earnfare participants would still be able to work the same number of hours, however rather than working off the value of their food stamps participants would be able to earn additional wages of \$111 per month. Therefore each participant's benefit level may increase up to \$111 per month. Within a fixed allocation, an alternative impact of increasing wages would be to have fewer funded slots.

HB-1274 SANTIAGO.

55 ILCS 5/4-6001 from Ch. 34, par. 4-6001

Amends the Counties Code to increase the minimum annual compensation for certain county officers in counties other than Cook County, beginning December 1, 1994.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB-1274 creates a personnel mandate for which State reimbursement of 100% of the increased cost to units of local government is required. The cost of reimbursement could be as much as \$146,820 the first year, \$293,640 the second year, \$440,460 the third year, and \$587,280 the fourth year.

FISCAL NOTE (DCCA)

Increasing the annual salaries of County Treasurers, County Clerks, Recorders and Auditors (excluding Cook County) could cost the state as much as \$146,820 in 1995, \$293,640 in 1996, \$440,460 in 1997 and \$587,280 in 1998 and subsequent years. This estimated level of State reimbursement could be less to the extent that some counties pay their officers more than the 1994 minimum salary set by current law.

HB-1302 SKINNER - LANG.

750 ILCS 5/610 from Ch. 40, par. 610

Amends the Marriage and Dissolution of Marriage Act. Provides that, for purposes of custody modification proceedings, a change of circumstances of the child and his or her custodian has occurred if the custodian has requested leave to remove the child from Illinois, if the custodian has temporarily removed the child for more than 30 days and the removal causes a denial of the non-custodial parent's visitation rights, or if the custodian has permanently removed the child from Illinois without obtaining permission from the court. Permits a motion to modify a custody judgment less than 2 years after its entry if one of the above conditions exists. Effective immediately.

HOUSE AMENDMENT NO. 1.

Adds reference to:
750 ILCS 5/609

Amends provisions regarding petitions for leave to remove a child from Illinois by creating an automatic 21-day stay of an order granting such leave (unless the petition is uncontested). If the non-custodial parent files a petition to modify custody within the 21-day period, the stay remains in effect until the disposition of the custo-

dy modification petition by the court. If the the non-custodial parent does not file a custody modification petition within the 21-day period, the stay expires. Changes grounds for filing custody modification petitions by providing that such a petition may be filed within 21 days after the custodial parent has been granted leave to remove a child from Illinois. Deletes the mere filing of a petition for leave to remove a child as a basis for seeking a custody modification.

HOUSE AMENDMENT NO. 2.

Changes the custody modification criteria by changing the minimum period of temporary removal of a child from Illinois from 30 days to 45 days.

SENATE AMENDMENT NO. 1.

Deletes reference to:
750 ILCS 5/609

Deletes everything. Restores contents of the bill as originally introduced in the House.

Amends the Revenue Act of 1939. Provides that a homestead exemption shall be granted that is limited to a reduction in the equalized assessed value of homestead property equal to \$4,500 in counties with 2,000,000 or more inhabitants and \$3,500 in all other counties. Provides that this exemption may not reduce the value of homestead property to less than 50% of its current equalized assessed value. Amends the Criminal Code of 1961. Prohibits storing a loaded firearm in a location and manner that makes the firearm accessible to a minor under 14 years of age. Provides exemptions. If the minor gains access to the firearm, the person responsible for storing the firearm is guilty of a Class C misdemeanor. If the minor causes death or great bodily harm using the firearm, the person responsible for storing the firearm is guilty of a Class A misdemeanor and is civilly liable for treble the amount of actual damages caused by use of the firearm.

FISCAL NOTE (Dept. of Financial Institutions)

HB-1649 would require no new State spending. It will not change the volume of unclaimed remittances or claims processed by the Dept. Amends the Public Labor Relations Act. Changes numerous provisions regarding: classification of employees as supervisors; inclusion of certain contractors subcontractors in the definition of "public employer"; matters subject to collective bargaining; grievance procedures; the effect of the Act upon historical bargaining units; matters constituting unfair labor practices and orders relating to those practices; disputes involving certain public health and safety workers; selection of arbitrators; and applicability of the Act to certain units of local government with fewer than 35 employees. Makes community college security department personnel subject to the Public Labor Relations Act rather than the Educational Labor Relations Act, and amends both Acts to conform to that change.

HB-1715 MCGUIRE.

New Act

Creates the Workplace Safety Committee Act. Provides that each public and private employer of at least 11 employees shall establish a safety committee at each of the employer's primary places of employment (as defined in the Act). Provides for: composition, meetings, records, and training of committees; and duties of committees relating to hazard assessment and control, safety and health planning, developing procedures for accident investigations, and other specified matters.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB-1715 creates a personnel mandate for which reimbursement of 100% of the increased cost to units of local government is required. The estimated annual cost for downstate municipalities is \$3 million. Total Statewide costs for all local governments is not currently available, but would be substantial.

HOUSE AMENDMENT NO. 1.

Provides that, in the case of employees who have an exclusive representative for collective bargaining purposes, the employee members of the safety committee shall be chosen by the exclusive representative.

FISCAL NOTE, AS AMENDED (State Board of Education)

The teachers would be compensated at an annual cost of \$360 per school (2 people x 2 hours x 3 meetings x \$30). There are 5,586 attendance centers in the state. Therefore, the estimated cost of implementation is \$2.0 million (5,586 x \$360).

STATE MANDATES ACT FISCAL NOTE, AS AMENDED (State Board of Ed)
No change from previous note.

HOUSE AMENDMENT NO. 2.

Increases the number of employees on the safety committee from 11 to 50. Requires that safety committees consist of no fewer than 4 members (now, no fewer than 2 or 4 members per each 20 or fewer employees).

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB 1725 creates a local government organization and structure mandate for which no reimbursement is required, and a personnel mandate for which reimbursement of the increased cost to a unit of local government is required. The estimated increase in cost is \$5,000. A letter from the Metropolitan Water Reclamation District of Greater Chicago to the DCCA indicates that this legislation was introduced at their request. If the General Assembly finds pursuant to 30 ILCS 805/8 that the provisions of this bill accommodate the request of a unit of local government, and this is explicitly stated in the bill, no reimbursement is required.

5 ILCS 375/13.1	from Ch. 127, par. 533.1
5 ILCS 375/6.2 rep.	

Amends the State Employees Group Insurance Act of 1971. Eliminates the State's option to self insure its health insurance plan.

FISCAL NOTE (CMS)

A recent independent audit of the State's self-insurance plan concluded that the State has achieved a cumulative net savings of \$44.2 million over the 5 year period of self-insurance, compared with what would have occurred had the State continued to purchase insurance. Additionally, it was calculated that it would cost the State \$133 million in reduced cash flows to discontinue self-insurance and return to a traditional

indemnity plan. Additional costs would be incurred for soliciting and evaluating insurance proposals, as well as for consulting and actuarial services. Finally, any changes in the plan could significantly impact the PPO network and result in a loss of most or all of the current PPO savings of \$31.4 million.

Amends the Chicago Sanitary District Article of the Pension Code. Grants automatic annual increases to certain persons who retired before July 1, 1985. Imposes additional eligibility requirements for disability and survivor benefits. Applies an age discount to the minimum surviving spouse benefit. Changes the salary used in the calculation of alternative benefits for district commissioners. Changes the conditions for payment of contributions for leaves of absence and the optional plan of additional benefits. Makes other changes in the manner of administering the Fund. Amends the State Mandates Act to require implementation without reimbursement.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB-1801 creates a personnel/retirement benefit mandate. However, if the General Assembly finds that HB-1801 creates offsetting savings, and this is explicitly stated in the bill, no reimbursement is required. HB-1801 also amends the State Mandates Act to relieve the State of reimbursement liability. This bill will result in a reduction in costs for the Metropolitan Water Reclamation District.

PENSION IMPACT NOTE

According to the Fund's actuary, this bill will result in no additional cost to the Fund. However, the Illinois Economic & Fiscal Commission estimates that some of the provisions in this bill would result in minor costs to the Fund.

105 ILCS 5/34-20.2 new	
105 ILCS 5/34-21	from Ch. 122, par. 34-21

Changes the title, deletes everything after the enacting clause, restores the provisions deleted, and further amends the School Code. Beginning with the 1993-94 school year, changes the date of local school council elections from the sixth week of the school year to Parent Report Card Pick-up day during the twelfth week of the school year, and terminates a parent's membership and voting rights on a local school council whenever a parent ceases to have a child enrolled in the attendance center due to the child's graduation or transfer to another attendance area. Makes other changes relating to internal accounts and fund-raising. Also provides that, in Chicago, local school councils determine methods used to assess fundamental learning areas. In the Chicago school reform goals, replaces a national norm standard with a State performance standard. Allows a shift in emphasis from year-to-year, and from one to another priority goal, by an attendance center under its school improvement plan. Requires significant annual progress in meeting and exceeding State performance standards for all students regardless of race, ethnicity, gender or income status. Establishes a public hearing and notice procedure that the Chicago Board of Education is required to follow before it may enter into any lease as lessor of any school playground or other school property that is to be leased for parking purposes and that adjoins or forms a part of an attendance center or a subdistrict office. Eliminates the necessity of a hearing if, after notice, there are no objectors to the proposed use who demand a hearing. Requires that at least 50% of the parking lease rentals be paid to the attendance center or subdistrict office at which or adjoining which the parking use will occur. Effective immediately.

HB-2268 KOTLARZ – OSTENBURG – KASZAK – HAWKINS.

New Act

Creates the Infrastructure Development Act. Contains only a short title provision.

HOUSE AMENDMENT NO. 2.

Replaces the title and everything after the enacting clause. Creates the Business Development Corporation Act. Establishes the Business Development Corporation Working Group within the Department of Commerce and Community Affairs. Provides that the Working Group shall study and report on the feasibility of establishing a corporation to invest in and administer business development programs. Requires the report to be submitted to the Governor and General Assembly by November 1, 1994.

HOUSE AMENDMENT NO. 3.

Includes the Secretary of State among those to receive the report of the Business Development Corporation Working Group.

FISCAL NOTE (DCCA)

Since DCA is the coordinating agency of the working group, it is assumed that DCCA would be expected to pay the costs of the group. Although identifying the specific cost of this legislation is not possible, related expenses of other councils (that DCCA reimburses through existing appropriations) range between \$50,000 to \$65,000 annually. The bill does not contain an effective date, therefore the working group may only exist for a partial year in FY94.

HOUSE AMENDMENT NO. 4.

Deletes consideration of whether it is appropriate for business development programs in which a business development corporation invests to continue to be administered by the State from the scope of the report to the General Assembly.

New Act

Creates the Debt Issuance Reform Act. Requires bonds issued by specified State agencies to be sold to the highest bidder, by sealed bid, for an interest rate not exceeding the maximum rate fixed in the order authorizing the issuance of the bonds. Prohibits employees of specified State officers and agencies from any discussions or dealings on matters pertaining to bond issuance with a former employee of a State agency or office for one year after the employee's termination of employment, if specified conditions are met. Requires former employees of State offices or agencies who engage in work related to the issuance of bonds by the State or its agencies to register with the Secretary of State. Willful failure to register is a Class A misdemeanor. Provides that registration statements shall be made available to State agencies upon request.

FISCAL NOTE (Bureau of the Budget)

The fiscal impact of HB 2416 is unclear but probably not significant. There will be a minor cost to promulgating rules to permit negotiated sales. In addition, it is possible that the inability to contract with former employees will delay the use of a creative financing technique in the future that could have saved the State money.

HB2286 will have minimal administrative fiscal impact on DCMS. However, there could be a significant increase in the prices the State pays for goods and services. In 1992, DCMS made purchases totaling \$240 million, which would mean \$2.4 million more for each 1% increase in prices.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB-2314 creates a local government organization and structure mandate for which no reimbursement is required, and a personnel mandate for which reimbursement of the increased cost to a unit of local government is required.

820 ILCS 405/604 from Ch. 48, par. 434

Amends the Unemployment Insurance Act to provide that a locked out employee is not disqualified from receiving unemployment insurance benefits under specified circumstances. Makes numerous changes in the criteria to be used in determining whether a locked out employee is disqualified from receiving benefits. Effective immediately.

FISCAL NOTE (Dept. of Employment Security)

Using historical data for the years 1983 thru 1992 and a set of modeling assumptions, the annual increase in benefit outlay ranged from zero increase in one year to over \$24 million in another year thereby demonstrating the great variability of the underlying data. Changes in behavior of employers and workers and their collective bargaining representatives due to changes in the lockout provisions further make the fiscal impact of this proposed legislation on Illinois' benefit account indeterminate.

Amends the Civil Administrative Code, the State Finance Act, the Police Training Act, the Counties Code, and the Vital Records Act. Adds 3 coroners to the Advisory Board on Necropsy Service to Coroners; adds one coroner to the Police Training Board. Requires the State Registrar of Vital Records to charge an additional fee of \$2 for a certified copy of a death certificate; requires local registrars and county clerks to make the same charge. Requires that fee moneys be used for research, to provide certain support services, training, and continuing education for coroners, and to encourage and promote organ and tissue donation. In counties of 3,000,000 or more, requires that \$1 of the \$2 fee collected by a local registrar or county clerk be paid to the county treasurer to be used for health and public safety purposes. Effective immediately.

FISCAL NOTE (DCCA)

If the remaining counties issued all 55,000 death certificates, the 2 State funds would receive approximately \$385,000, which would result in an estimated \$560,000 deposited into the Necropsy Research and Coroners Training Funds annually. Any requests for death certificates received by the State Registrar, but recorded in Cook County, would reduce allocations to Cook County for health and public safety purposes and increase deposits into the Necropsy Research and Coroners Training Funds.

Further amends the School Code. 105 ILCS 5/17-2.11 from Ch. 122, par. 17-2.11

Amends the School Code. In the provisions relating to the levy of taxes for life-safety purposes, requires at least one publication notice at least 7 days before the public hearing that is held to determine the existence of the required threat to pupil welfare that warrants levy of a life safety tax.

SENATE AMENDMENT NO. 1.

Adds reference to:
625 ILCS 5/6-408.5

Changes title and adds a provision amending the Illinois Vehicle Code. Prohibits licensed driver training schools or instructors from requesting a certificate of completion from the Secretary of State under the provisions relating to qualifications of driver training instructors for a dropout under 18 years old unless the dropout has received a passing grade in at least 8 courses during the 2 semesters last ending before the date on which the certificate of completion is requested. Adds that the superintendent of schools of the school district in which the dropout resides at the time of dropping out may waive the coursework requirement. Adds immediate effective date.

SENATE AMENDMENT NO. 2.

Replaces proposed changes of S-am 1 with provisions that amend the Illinois Vehicle Code. With respect to persons enrolled in secondary schools at the time instruction from a licensed driver training school or instructor is to be provided, and with respect to students so enrolled during the semester last ended if the instruction is to be provided between semesters or during the summer, prohibits requesting a certificate of completion from the Secretary of State (currently, furnishing instruction is prohibited) unless the student has received a passing grade in at least 8 courses during the 2 semesters last ending prior to the driver training school or instructor requesting the certificate of completion. Deletes the prohibition in current law against furnishing instruction to those students. Makes the new provisions applicable as well to dropouts under age 18 unless the dropout has obtained a GED certificate or enrolled in a GED or alternative education program, or unless the person before dropping out had received a passing grade in at least 8 courses during the 2 semesters last ending before requesting a certificate of completion or unless the regional superintendent and either the dropout's parents or guardian consent. Requires students to be notified of these provisions at the time they register for a course from a licensed driver training school. Makes other related changes.

Requires fees and penalties collected under the Act to be deposited into the Aggregate Operations Regulatory Fund instead of the General Revenue Fund. Amends the State Finance Act to establish the Aggregate Operation Regulatory Fund and provide that moneys in the fund shall be used for enforcement of laws regulating aggregate mining operations and training in the use of explosives.

HOUSE AMENDMENT NO. 1.

Adds reference to:
 5 ILCS 140/7 from Ch. 116, par. 207

Replaces everything after the enacting clause. Amends the Surface-Mined Land Conservation and Reclamation Act to require the Department of Mines and Minerals to establish rules for regulating and licensing the use of explosives in mining operations. Requires fees and penalties collected under the Act to be deposited into the Aggregate Operations Regulatory Fund instead of the General Revenue Fund. Amends the State Finance Act to establish the Aggregate Operation Regulatory Fund and provide that moneys in the fund shall be used for enforcement of laws regulating aggregate mining operations and training in the use of explosives. Amends the Freedom of Information Act to exempt blasting records required to be kept under the Surface-Mined Land Conservation and Reclamation Act from disclosure requirements. Effective immediately.

FISCAL NOTE (Dpt. Mines and Minerals)

By establishing a dedicated fund and revamping IDMM's fee/fine structure, the Dpt. would be able to decrease its reliance on GRF and support the program with an industry-supported fund. In addition, the Dpt. would notice a programmatic cost for the aggregate blasting program. Because HB-2685 acts only as enabling legislation, there would not be an impact in FY95; however the Dpt. would expect additional program costs in FY96.

Amends the School Code to require the Department of Revenue to add to the equalized assessed value of all taxable property of each school district within a county with 3,000,000 or more inhabitants an amount equal to the amount by which homestead exemptions exceed the total amount of homestead exemption that would have been allowed if the senior citizens and general homestead exemptions were \$2,500 and \$4,500 respectively.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB 2713 creates a local government organization and structure mandate, for which no reimbursement is required, and a tax exemption mandate, for which State reimbursement of the revenue loss to local governments as a result of the downstate homestead improvement exemption is required. Due to statutory exemption, no reimbursement is required for the revenue loss to local governments created by the increase in the homestead improvement exemption for Cook County, the general homestead exemption and the senior citizens' homestead

exemption. Department staff estimates the annual net revenue loss to local governments to be approximately \$146 million, for all of the exemptions. State reimbursement required could be as much as \$28.5 million.

30 ILCS 105/25a new	
30 ILCS 105/30	from Ch. 127, par. 166
30 ILCS 105/25 rep.	

Amends the Civil Administrative Code of Illinois, the Bureau of the Budget Act, and the State Finance Act. Requires the Governor, in preparing the State budget, and the State Comptroller, in the State's appropriation system, to gradually implement generally accepted accounting principles beginning with fiscal year 1996. Changes the system of expending lapsed appropriations. Requires that the Governor monitor each State agency's budgetary compliance and report quarterly to the General Assembly.

FISCAL NOTE (Bureau of the Budget)

The most recent CAFR indicates that while the state general funds had a GAAP deficit of approximately \$1.9 B in FY 1993, the state, in total, was balanced on a GAAP basis. If House Bill 2774 applies only to the state general funds and all future budgets are GAAP balanced, the annual fiscal impact in each of the next five years would be approximately twenty percent of \$1.9 B or \$380 M.

FISCAL NOTE (Dept. of Public Aid)

The fiscal impact of this bill is dependent on the amount of medical bills that are currently provided in one fiscal year but paid from the following year's appropriation. In FY'93 that amount was \$1.5 billion. In FY'94 that amount is expected to increase by \$450 million to reach \$2 billion. Given the FY'94 amount the initial FY'96 phase in of 20% would equal \$400 million. Given available resources, if the bill had been effective FY'94, the only alternative would have been severe rate or program reductions.

STATE DEBT IMPACT NOTE

House Bill 2774 will not affect State indebtedness.

FISCAL NOTE (DCMS)

Removal of certain exclusions from lapse period spending exclusions would mean that contingent liabilities for various claims would not be funded past the end of the fiscal year,

although the State would remain obligated by statute to pay the incoming claims. Additionally, agencies would be forced to commit funds much earlier in a fiscal year, thereby preventing effective use of reserves to control spending and provide for unforeseen operational needs. There would be an estimated loss of \$29.7 in collections for revolving funds, which bad debts would affect viability of the funds. Payment obligations to vendors could not be met which would cause an increase in cases brought to the Court of Claims and an increase in penalties. Finally, minor costs would be involved to develop and implement accrual basis accounting for CMS funds.

HOUSE AMENDMENT NO. 1.

Adds reference to:

New Act from Ch. 127, par. 412
 20 ILCS 3005/2
 20 ILCS 3005/2.7 new

Creates the Zero-Based Budget Act. Provides that, beginning with the FY96 budget, the Governor's executive budget shall include a financial plan containing specified elements. Provides that 10% of the "budget units" in the budget shall be prepared on a "zero base". Provides that the Bureau of the Budget shall develop forms for presentation of zero-based budgets. Provides for legislative oversight of zero-based budgeting. Amends the Bureau of the Budget Act to require the Bureau of the Budget to carry out its duties under the Zero-Based Budget Act.

105 ILCS 5/14-7.03 from Ch. 122, par. 14-7.03

Amends the School Code. Provides that beginning with fiscal year 1994 if the fiscal year appropriation for orphanage reimbursement claims is less than the amount required to pay all claims in full, the amount needed to eliminate the reimbursement shortage shall be paid by September 30 of the succeeding fiscal year, before any current fiscal year claims are paid. Effective immediately.

FISCAL NOTE (State Bd. of Ed.)

For FY94, there would be a \$3.7 million shortfall to pay all claims at 100%, which would require that amount to be taken from the FY95 appropriation. To avoid the problem getting worse over the years, the FY95 appropriation would have to be increased by an amount equal to the estimated shortfall.

STATE MANDATES FISCAL NOTE (State Bd. of Ed.)

No change from fiscal note, above.

HOUSE AMENDMENT NO. 3.

Adds reference to:

30 ILCS 105/25 from Ch. 127, par. 161
105 ILCS 5/18-3 from Ch. 122, par. 18-3

Makes the same changes to the orphanage reimbursement provisions of the School Code that apply to orphans and dependent, abandoned, or maladjusted children generally that the bill as introduced makes to the provisions of the School Code that apply to special education classes for such children. Also amends the State Finance Act to permit payment of orphanage reimbursement claims from appropriations made for those purposes for any fiscal year, even though the claims are attributable to a prior fiscal year.

Amends the Property Tax Code. Provides that townhomes and condominiums used as demonstration models shall be assessed at the value of the lot prior to construction (now only model homes are assessed this way). Changes area in which demonstration model units may be located from “10 mile area” to “3 mile radius”.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB 3127 constitutes a tax exemption mandate for which State reimbursement of the revenue loss to units of local government is required under the State Mandates Act. Information provided to the Department indicates that the bill will likely not result in a change in current practice by local governments. Therefore, this State mandate should have no effect on local government revenues. However, should there be a unit or units of local government that are currently assessing property taxes for townhomes and condominiums at a rate higher than that outlined in HB 3127, this bill represents a tax exemption mandate for those units.

FISCAL NOTE (Dpt. of Revenue)

There is no direct revenue loss or gain to the State. Adminis-

trative costs would be minimal.

735 ILCS 5/3-112	from Ch. 110, par. 3-112

Amends the Code of Civil Procedure by providing for actions to assure governmental accountability. Provides that every government agency that, under color of statute, ordinance, regulation, custom, or usage of either the State or any other government agency, causes any citizen of the State or any other person within the jurisdiction of the State to be deprived of any rights, privileges, or immunities secured by the Constitution of the State of Illinois or any law of the State or other government agency shall be liable to any party injured by that action. Makes other changes.

HOUSE AMENDMENT NO. 1.

Provides that the Section concerning actions to assure governmental accountability shall be interpreted consistently with 42 U.S.C. Section 1983, except insofar as Section 1983 authorizes types of relief not authorized under the Section concerning actions to assure governmental accountability or authorizes lawsuits against persons or entities not subject to a lawsuit under that Section.

HOUSE AMENDMENT NO. 2.

Deletes the requirement that when a plaintiff prevails in an action to assure governmental accountability, the circuit court shall award the plaintiff an amount that is sufficient to make the plaintiff whole for any monetary losses he or she has suffered and to compensate the plaintiff for any other damages he or she has suffered. Changes references of "government agency" to "the State".

FISCAL NOTE, AMENDED (DCMS)

HB-3468 has the potential for causing tremendous expenditures by the State for legal fees and court costs. The State would be liable for its own costs as well as the costs incurred by a prevailing plaintiff. Potential exists for clogging courts with non civil rights-related cases.

720 ILCS 5/24-3 from Ch. 38, par. 24-3

720 ILCS 5/24-3.1 from Ch. 38, par. 24-3.1

Amends the Criminal Code of 1961 relating to unlawful possession of firearms. Changes the minimum age from age 18 to age 21 at which a person may have a concealable firearm in his or her possession. Changes the minimum age from age 18 to age 21 for persons to whom a concealable firearm may be sold or given.

CORRECTIONS IMPACT NOTE

Current statute bans delivery to persons under 18, so only buyers between 18 and 20 will be effected by this legislation. In addition, there is no method to determine how this legislation will be enforced by police and prosecuted by the courts. Each offender would be sentenced to a Class 4 felony with an average length of stay of 7 months and additional marginal cost of \$1,833.

JUDICIAL NOTE

HB3673 would neither decrease nor increase the need for the number of judges in the State.

65 ILCS 5/10-3-13 new
30 ILCS 805/8.18 new

Amends the Illinois Municipal Code. Provides that municipalities that provide both police and firefighting services must do so through separate police and fire departments and not through "public safety officers" or other personnel who are intended to perform both police and firefighting duties on a regular basis. Also provides that members of a municipal fire department may not carry firearms in the course of their official duties, except as provided in the Peace Officer Fire Investigation Act. Limits the concurrent use of home rule powers. Amends the State Mandates Act to require implementation without reimbursement.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB 3682 creates a personnel mandate for which reimbursement of the increased cost to units of local government would normally be required. However, HB 3682 amends the State Mandates Act to relieve the State of reimbursement liability. While the overall Statewide cost is expected to be minor, the cost to certain communities could be substantial.

New Act

Creates the Firearm Tax Act. Imposes a tax on all persons engaged in the business of selling firearms. Establishes procedures for collection of the tax and how the tax is to be distributed.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB 3788 fails to meet the definition of a mandate under the State Mandates Act.

FISCAL NOTE (Dept. of Revenue)

The administrative impact created by the passage of HB 3788 would be significant. A completely new tax system would have to be established in order to impose, collect and enforce this tax. It is estimated that it would cost the Department approximately \$180,000 to make the necessary modifications to the Department’s computer system.

New Act

Beginning with fiscal year 1995, and in each fiscal year thereafter, provides that until the sum of State and federal spending for elementary and secondary education for the fiscal year represents 50% of the total revenues that the State Superintendent of Education estimates are available from local, State, and federal sources for elementary and secondary education for that fiscal year, the amount appropriated by the General Assembly from general funds for educational programs for that fiscal year shall be at least equal to the sum of (1) 33 1/3% of total new general funds available for spending from certain sources during that fiscal year, plus (2) the total amount appropriated from general funds for educational programs during the preceding fiscal year. FISCAL NOTE (State Board of Education)

It would be required that amounts appropriated would need to be at least 33 1/3% of the new general funds available for spending in the upcoming year. This formula would remain in force until the sum of State and federal revenues equals 50% of the total funds available for elementary and secondary education.

Amends the Township Open Space Article of the Township Code. Changes definition of "open space" that may be acquired by a township to mean an area of 5 (now, 50) acres or more. Prohibits a township from acquiring by condemnation a separate parcel of land or water or both, having an area of less than 50 acres. Provides that property acquired by a township for open space purposes is exempt from real property taxation, regardless of whether the township leases all or part of the property to another party for all or part of an assessment year. Effective immediately.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB 4205 constitutes a tax exemption mandate for which State reimbursement of the revenue loss to units of local government is required under the State Mandates Act. Due to variables such as uses and sizes of parcels of any property which may be obtained by township open space districts, a projection of revenue loss to affected units of local government cannot be calculated.

FISCAL NOTE (Dept. of Public Aid)

While passage of HB4216 would not directly affect the Dept., it would adversely affect Department-funded domestic violence providers. HB4216 would require all domestic violence programs, most of whom are currently operating under a deficit, to hire attorneys to supervise their domestic violence advocates. The Dept. anticipates the programs would request assistance from Public Aid in funding these new positions and the necessary training.
