The Digest is published by the Legislative Reference Bureau and prepared for print through the computer services of the Legislative Information System.

The format of the Digest includes synopses of bills and resolutions pending in the House of Representatives and the Senate and indices by statute reference, subject matter, and sponsor.

The Digest is published periodically during the time the General Assembly is in Session. It is available by subscription through the Legislative Reference Bureau for \$55.00 per calendar year.

A synopsis contained in the Digest does not purport to be an analysis of the bill described. It is intended to give only sufficient information concerning the subject matter so that the reader may determine whether he or she is interested in examining the bill to determine its full content and effect.

New Act

Creates the Education Reform Act of 1995.

SENATE AMENDMENT NO. 1.

Deletes reference to:

Education Reform Act of 1995

Adds reference to:

Scholarship Schools Pilot Program Act

Changes the title and replaces everything after the enacting clause. Creates the Scholarship Schools Pilot Program Act. Creates a new class of schools known as scholarship schools, which are private schools entitled to redeem educational scholarships. Creates a 5 member Scholarship School Council appointed by the Governor and 4 legislative leaders and requires it to conduct public hearings and select an elementary subdistrict in Chicago to operate the pilot program. Prescribes criteria for scholarship eligibility of students and for eligibility for scholarship school status. Establishes an application procedure for enrollment in a scholarship school. Adds provisions relative to the scholarship amount and method of funding the scholarships. Requires the Chicago school district to provide pupil transportation. Repeals the Act on August 1, 2000. Effective immediately.

SENATE AMENDMENT NO. 2.

In the criteria applicable to pupil eligibility for scholarships, provides that the Scholarship Schools Council shall define and verify the family income level. Permits students who were not enrolled in any school during the preceding school year, but

who meet other criteria, to be eligible for scholarships in the succeeding school year. Provides for a random selection process for awarding scholarships if more than 2,000 pupils apply during a school year. Authorizes the Council to establish pupil enrollment limits at individual schools. Increases the number of standards that must be met for scholarship school status. Provides for an independent evaluation of the pilot program, updated annually and then comprehensively at the end of the pilot period.

SENATE AMENDMENT NO. 3.

Deletes reference to:
 Scholarship Schools Pilot Program Act
 Adds reference to:
 Educational Choice Act
 35 ILCS 5/203

Changes the title, deletes everything after the enacting clause and adds provisions creating the Educational Choice Act. Creates a pilot program under which, beginning with the 1996-97 school year, the parents or guardians of pupils residing within a selected elementary subdistrict in Chicago are entitled to vouchers for payment of qualified education expenses incurred by the pupils while enrolled at public or non-home based, nonpublic elementary or secondary schools that are located in the selected elementary subdistrict. A pupil must be a member of a family that has a total family income that does not exceed one and one-half times the family income level necessary to qualify for free meals under the National School Lunch Act in order to participate in the program. The State Board of Education is to reimburse the school at which a pupil enrolls for the amount of the voucher (which cannot exceed the lesser of \$2500 or the pupil's qualified education expenses reasonably incurred at the school at which the pupil is enrolled). Creates a Council of Advisers that is to select the one elementary subdistrict that is to be the locus for the pilot program. Defines terms. Adds provisions relative to the manner in which vouchers are requested, issued, and paid. Provides for a reduction in the Chicago school district's State aid by an amount equal to total vouchers paid, subject to a maximum reduction in one year of \$5,000,000. Provides that the amount of a voucher is not taxable for Illinois income tax purposes to a person who redeems the voucher. Amends the Illinois Income Tax Act to provide that an amount equal to a redeemed voucher shall be deducted from the adjusted gross income that constitutes the base income of an individual for Illinois income tax purposes. Provides that the Act is repealed July 1, 2000.

SENATE AMENDMENT NO. 4.

Revises the findings and declarations applicable to the enactment of the Educational Choice Act. Also makes the entitlement of the custodian (parent or guardian) of a qualifying pupil to a voucher subject to equitable allocation among qualifying pupils if the amount needed to fund the voucher in any year exceeds \$5,000,000.

STATE MANDATES FISCAL NOTE (State Board of Education)
 SB17 will not create an additional State cost.
 FISCAL NOTE (State Board of Education)
 No change from SBE mandates note.

HOUSE AMENDMENT NO. 6.

Replaces everything after the enacting clause. Amends the School Code. Authorizes creation of charter schools under contracts between school boards and governing bodies of charter schools. Requires a charter school to comply with its charter and the Charter Schools Law and exempts it from other State laws and regulations governing public schools, with specified exceptions. Requires approval by the State Board of Education of proposed charter school contracts but authorizes the State Board to require modifications in a proposed contract to achieve consistency with the Charter Schools Law before certifying the charter. Provides that a charter school shall be a public school operated in a nonsectarian, nonreligious, non-home based manner. Limits the number of charter schools operating at any one time. Makes the charter school subject to statutory and constitutional prohibitions against discrimination, provides that it shall not charge tuition, and provides for its administration by a governing body in a manner provided by its charter. Prescribes terms required to be included in a charter school submission and contract. If the charter school is to be established by converting an existing public school to charter school status, requires a showing of majority support for the proposal from the certified teachers at that school, the parents and guardians of pupils enrolled in that school, and (in Chicago) the local school council before a proposal to convert to charter school status may be submitted to the State Board of Education. Adds provisions relative to material revision of a charter, the period of time for which a charter may be granted, charter renewals, employee options, financing, evaluation, and reporting. Amends the Pension Code to include certified staff of a charter school in the definition of "teacher" under the Downstate and Chicago Teacher's Articles. Also amends the Board of Higher Education Act and the Acts relating to the governance of the University of Illinois, Southern Illinois University, the Regency Universities, and the universities under the jurisdiction of the Board of Governors of State Colleges and Universities to prohibit discrimination in the higher education admissions process against an applicant for admission because of the applicant's enrollment in a charter school. Effective immediately.

SENATE AMENDMENT NO. 3.

Adds that charter schools are to be encouraged to solicit and utilize volunteer speakers and other instructional resources when providing instruction on the Holocaust and other historical events.

SENATE AMENDMENT NO. 4.

Changes a Section caption and replaces a provision that authorized charter schools to employ non-certificated personnel with provisions authorizing charter schools to employ in instructional positions either certificated individuals or individuals meeting specified other criteria. Provides that charter schools employing non-certificated personnel in instructional positions must provide such mentoring, training and staff development for those individuals as the charter schools determine necessary. Authorizes charter schools to employ non-certificated staff in all other positions.

STATE MANDATES FISCAL NOTE (State Bd. of Ed.)

Fiscal impact cannot be determined until specific designations are made and fund allocations are determined.

FISCAL NOTE (State Bd. of Ed.)

No change from SBE mandates note.

HOUSE AMENDMENT NO. 51.

Deletes everything after the enacting clause and restores all provisions deleted, except (i) changes to 5 years from 3 years the minimum length of the leave of absence period that a school board is required to grant to those of its teachers who accept employment with a charter school, and (ii) eliminates provisions that authorized a teacher to request up to a 2 year extension of the leave of absence period and that prevented a school district from unreasonably denying the request. In the provisions requiring the teacher to either return to the school district at the end of the leave of absence period or resign, adds that the return shall be to a comparable position. In the provisions requiring school boards, in the evaluation of charter school proposals, to give preference to those demonstrating a high level of specified

types of support, adds that the required types of support shall be local in nature. Also adds a provision authorizing a teacher at a charter school to resign only by giving notice of resignation to the charter school's governing body at least 60 days before the end of the school term and provides that the resignation must take effect immediately upon the end of the school term.

STATE MANDATES FISCAL NOTE, AMENDED

Fiscal impact cannot be determined until specific designations are made and fund allocations are determined.

FISCAL NOTE, AMENDED (State Board of Ed.)

No change from previous note.

Provides for the transfer of disruptive students to alternative schools. Defines terms. Authorizes at least one alternative school in each educational service region with the regional board of school trustees serving as the school board of the alternative school and the regional superintendent of schools being responsible for staffing and personnel matters (except that in suburban Cook County, the educational service centers and their executive directors function in those respective capacities). Adds provisions relative to procedures that must be followed for transfer of disruptive students in grade 6 or higher to an alternative school and from an alternative school back to a non-alternative school. Includes provisions relating to curriculum (including an individualized optional educational plan for each transferred student) and receipt of diplomas by transferred students who complete graduation requirements. Effective immediately.

 105 ILCS 5/3A-17

Changes the title. Amends the School Code. Provides that State assessment tests shall be delivered in labeled, sealed packages to the regional office of education that has jurisdiction over the schools of the district in which the test is to be administered. Requires the regional office of education to develop a system to supervise the distribution of the sealed test packages to the appropriate attendance centers at the end of the last school day preceding the school day in which the test is to be adminis-

tered. Requires proceedings for dismissal to be instituted against principals of a school district who intentionally alter or attempt to alter test results by unprofessional tactics. Provides that neither the State Board of Education nor the State Superintendent of Education is authorized to train or require or provide training for a regional office of education oversight board or its members, or to require any oversight board member to obtain or participate in any training, or to dismiss, remove, or declare vacant the office of any regional office of education oversight board member for any reason. Provides that any rules inconsistent with those limitations are of no legal force or effect. Effective immediately, except changes related to assessment tests take effect January 1, 1996.

HOUSE AMENDMENT NO. 7. (House recedes May 25, 1995)

FISCAL NOTE, AMENDED (State Board of Education)

Each alternative school would cost approximately \$225,000. Storage and distribution costs for assessment tests will vary by office. (DuPage County would be responsible for 660 sets at 3 tests x 220 schools.) If regional sup'ts. are to be responsible for oversight board training, costs would be dependent on the nature of the training, which would be a local decision.

Amends the University Retail Sales Act. Changes the long and short titles of the Act, and prohibits a State institution of higher learning and a retail store operated by that institution or on property held or leased for the use of the institution from issuing credit cards or making credit sales when the credit so extended is the credit of the retail store or the institution itself. Removes exceptions that permitted credit sales of certain lines of products and of educational items required for classroom activities. Effective January 1, 1996.

SENATE AMENDMENT NO. 1.

Deletes the provisions prohibiting, without exception, the issuance of credit cards or the making of credit sales when the credit extended is that of an institution of higher learning or of a retail store operated by or located on property held or leased for the use of that institution. Provides instead for the use of a debit card issued by the institution or otherwise so long as private retail merchants in the community are afforded a reasonable opportunity to participate in those debit card sales. Also provides that sales on credit by the institution to its students of textbooks, food, beverages, and educational items used in classroom activities are not prohibited if private retail merchants in the community are afforded a reasonable opportunity to participate, by agreements with the institution, in those credit sales under agreements with the institution.

STATE MANDATES FISCAL NOTE

It does not appear that this bill would create any mandate, and therefore, there are no costs associated with any mandate.

FISCAL NOTE (University of Ill.)

It is difficult at this time to value this additional administrative cost to the University, but it would almost certainly mean termination of present credit arrangements for students.

Transfers the health benefit program for retired and disabled downstate teachers to the Department of Central Management Services. Creates the Teachers Health Insurance Security Fund (as an appropriated special fund in the State Treasury). Diverts \$25,000,000 from each year's appropriation for State aid to school districts into the Fund. Requires active downstate teachers to pay 0.5% of their salaries into the Fund. Provides that up to 75% of the "insurance rate" may be paid from the Fund if managed care is selected or unavailable, and up to 50% in other cases. Provides that the insurance rates shall never be lower than they were in FY95. Grants an increase in the minimum retirement annuity for both downstate and Chicago teachers. Effective immediately.

PENSION NOTE

SB114, engrossed, would not have a fiscal impact on accrued liabilities of any public pension fund or retirement system in Illinois. Estimated increase in minimum annuities would increase accrued liabilities by \$6.4 million. Estimated first year payout for TRS would be \$4.5 million.

Amends the Property Tax Code to require the county assessor in counties with over 3,000,000 population to establish a formula for assessing income producing property that considers income and expenses related to the property. Effective January 1, 1996.

STATE MANDATES ACT FISCAL NOTE

SENATE AMENDMENT NO. 1.

FISCAL NOTE, AMENDED (Dept. of Revenue)

SB213, with S-am 1, affects local units of government and, therefore, not State receipts. However, on its face, this would shift the property tax burden in Cook County to homeowners who would not receive the same consideration.

FISCAL NOTE (DCCA)
 SB284 has no fiscal impact on DCCA.

STATE MANDATES ACT FISCAL NOTE

However, if the G.A. finds that the bill imposes a cost that is wholly or largely recovered from external sources, and this is explicitly stated in the bill, no reimbursement is required.

FISCAL NOTE (DCCA)

No change from previous fiscal note.

STATE MANDATES ACT FISCAL NOTE, AMENDED

Changes the title, deletes everything after the enacting clause, and adds provisions amending the School Code. Authorizes a school district located in Cook County outside of Chicago to waive nonresident tuition for a student and to furnish the student with school services and transportation on the same basis as provided to resident students. Permits the nonresident district to count the student for general apportionment purposes. In the provisions relating to the organization of community unit school districts, requires the proposition to organize the new district to be approved by a majority of all of the electors from all of the school districts, all or any part of the territory of which is to be included in the new district, voting on the proposition at the referendum (instead of a majority of the voters in each of the affected districts). Also authorizes public school teachers and administrators to use, read from, or post historically significant documents, writings, and records. Prohibits content based censorship of American history or heritage based on any religious references contained in such documents, writings, or records. Effective immediately.

New Act

Creates the Roller Skating Rink Safety Act. Sets forth a skating rink operator's duties regarding posting of signs, maintenance of facilities, compliance with safety codes, and other measures. Provides that roller skaters have responsibilities concerning maintaining reasonable control and speed, proper look-out, heeding all posted signs and warnings, and other matters. Provides that roller skaters are deemed to have knowledge of and assume the risk of injuries caused by falls or collisions that are not attributable to a violation of a rink operator's duties set forth in the Act. Makes the assumption of risk set forth in the Act a complete bar and a complete defense to any lawsuit concerning a roller skater's injuries unless the rink operator has violated his or her duties and responsibilities under the Act.

SENATE AMENDMENT NO. 1.

Requires at least one supervisor (instead of at least one guard) on duty for every 200 skaters when the rink is open. States that roller skaters and spectators are deemed to assume risks not otherwise attributable to an operator's breach of duty, including injuries that involve structures such as support columns, walls, doors, lockers, benches, railings, and other properly placed structures.

Amends the Criminal Proceeding Interpreter Act. Provides that the court shall appoint an interpreter in a criminal case only if the court finds that the accused person is financially unable to pay for the costs of an interpreter. Provides that the court may assess all or some of the costs of interpreter services against the accused to the extent of the accused's ability to pay for those costs. Interpreter services not paid by the accused shall be paid out of the general county funds (presently the court must appoint an interpreter and the county must pay the costs for the interpreter even if the accused is financially able to pay).

SENATE AMENDMENT NO. 1.

Provides that, except when a sign language interpreter is appointed, the court shall require the defendant, with the assistance of the court-appointed interpreter, to file an affidavit of the defendant's financial condition, (rather than providing that the court must find the defendant unable to pay for the costs of an interpreter). Provides for a defendant's liability to the county for the value of the court-appointed interpreter's services if the defendant procures those services unjustly based on a false affidavit.

20 ILCS 505/5

from Ch. 23, par. 5005

Changes the title, deletes everything after the enacting clause and amends the School Code to create the Illinois Early Childhood Education and Care Law. Authorizes an early childhood facility (which includes a day care center, day care home, or group day care home licensed under the Child Care Act of 1969 and a pre-kindergarten program established by a school district and a federal Head Start program) to qualify as a Ready to Learn Program beginning on July 1, 1997. Requires an early childhood facility that wishes to qualify as a Ready to Learn Program to meet specified performance standards. Authorizes early childhood facilities, beginning on January 1, 1996, to apply for and use start-up grants to work toward meeting performance standards that would qualify those facilities as a Ready to Learn Program. Adds provisions relative to the start-up grants and other funding for a program that qualifies as a Ready to Learn Program. Requires the State Board of Education to establish a full-time Pre-Kindergarten Demonstration Project under which school districts that receive a project grant may contract with an early childhood facility to operate a full-time pre-kindergarten demonstration program. Creates the Illinois Ready to Learn Council and prescribes its responsibilities. Adds provisions relating to consolidated local planning for all human services related to children and families. Amends the Children and Family Services Act to provide for development of a statewide computer system to assist in delivery of subsidized services in early childhood education and care programs, and provides that the Department shall manage the budget for all available subsidies and pay for subsidized early childhood education and care from all funding sources for which a child is eligible. Adds a July 1, 1995 effective date.

SENATE AMENDMENT NO. 3.

Changes to July 1, 1996 (from January 1, 1996) the date on and after which early childhood start-up grants may be applied for and awarded. Authorizes (instead of requires) the State Board of Education to establish a full-time pre-kindergarten demonstration project. Provides that the public members of the Illinois Ready to Learn Council shall be appointed by the State Superintendent of Education (instead of by the Governor), who (or whose designee) shall be co-chair of the Council (instead of the Governor (or the Governor's designee) serving as co-chair). Makes related changes of style.

HOUSE AMENDMENT NO. 2.

Adds provisions authorizing an early childhood facility to discontinue participation in a Ready to Learn program by notifying the State Board of Education and the parents of children enrolled in the facility. Adds a parental consent requirement before the facility may arrange for a child enrolled in the facility to receive medical and dental health screenings, necessary immunizations, or referrals for treatment of detected health problems. Changes to October 1, 1995 (from November 1, 1995) the date by which public members of the Illinois Ready to Learn Council are to be appointed. Requires facilities, in supplementing the home environment and daily nutritional needs of children, to recognize (instead of cultural diversity) individual differences in age, stage of development, and culture. Limits facility referrals of parents to community services and resources to those referrals which are made in cooperation with the parents and on a voluntary basis. In the provisions relating to grants made to school districts by a Full Time Pre-Kindergarten Demonstration Project established by the State Board of Education, deletes language limiting the grants to the level of appropriations specifically available for that purpose. Includes among the responsibilities of the Illinois Ready to Learn Council developing a state-wide plan for early childhood services designated to accomplish specified objectives. Requires the Council by January 1, 1996 to develop a plan for funding start up grants to an early childhood facility that elects to comply with applicable performance standards of a Ready to Learn Program. Requires the plan to recommend the amount necessary to fund the start up grants and the available public and private resources to provide the funding. Provides that moneys for the start-up grants are to be appropriated.

GOVERNOR'S AMENDATORY VETO MESSAGE

Recommends changing the definition of an "early childhood facility" by excluding day care homes and group day care homes licensed under the Child Care Act of 1969 from the definition and by limiting the definition to only day care centers, pre-kindergarten programs established by school districts, and Head Start programs established under federal rules and regulations. Removes other references to such day care homes and group day care homes from the Illinois Early Childhood

Education and Care Law. Provides for appointment of the public members of the Illinois Ready to Learn Council by the Governor (instead of the State Superintendent of Education), changes the number of the public members to be so appointed to 2 (from up to 12), and provides that one of those public members shall be appointed to represent day care centers and the other to represent pre-school programs. Provides that the chair of the Council shall be the Governor or the Governor's designee (instead of the State Superintendent of Education or his or her designee) and that the chair (instead of the State Superintendent of Education) shall convene Council meetings. Eliminates all provisions relating to consolidated planning for all human services related to children and families, including provisions for the establishment of Ready to Learn Committees and other planning bodies.

| 50 ILCS 705/8.1 | from Ch. 85, par. 508.1 |
| 30 ILCS 805/8.19 new | |

Amends the Police Training Act. Requires all persons employed by a local governmental agency as law enforcement officers to successfully complete the minimum standards basic law enforcement training course. Requires home rule units to conform to the requirements of the Act. Amends the State Mandates Act to require implementation without reimbursement. Effective July 1, 1995.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, SB-441 creates a personnel mandate upon units of local government for which State reimbursement of the increased cost is normally required under the State Mandates Act. However, the bill amends the State Mandates Act to require implementation without reimbursement. The statewide cost for municipalities and counties to comply with SB-441 is not readily available due to the nature of the bill.

SENATE AMENDMENT NO. 1.

Adds reference to:

| 50 ILCS 705/8.2 new | |
| 50 ILCS 705/10.1 | from Ch. 85, par. 510.1 |
| 50 ILCS 720/2 | from Ch. 85, par. 562 |

Deletes reference to:

30 ILCS 805/8.19 new

Deletes everything. Amends the Illinois Municipal Code to allow municipalities to appoint part-time police officers. Amends the Illinois Police Training Act to require certification and training of part-time police officers and part-time county corrections officers. Applies to persons employed by home rule units. Amends the Intergovernmental Law Enforcement Officer's In-Service Training Act to provide that Mobile Team In-Service Training Units shall provide the part-time officer training. Effective January 1, 1996.

SENATE AMENDMENT NO. 2.

Provides that the part-time training courses must be of similar content and the same duration as the full-time courses. Provides that part-time police officers shall not be used as permanent replacements for permanent full-time police officers.

FISCAL NOTE, AMENDED (Ill. Law Enforcement & Training Bd.)

Training costs for 300 new officers would total \$1,200,000; and, for each of the 3,000 presently-employed officers would be \$3,000.

HOME RULE IMPACT NOTE

Most municipalities that utilize part-time police require the officer to receive some form of training. Almost all police departments that have a full-time force currently require officers to receive training through the Ill. Police Training Standards Board. The bill preempts home rule to provide for the concurrent exercise of authority.

Amends the Agrichemical Facility Response Action Program provisions of the Pesticide Act to: require Department of Agriculture notice to the EPA of contamination of Class III groundwater; provide that the EPA may (rather than shall) approve a groundwater management zone after implementation of a corrective action plan; and provide for confidentiality of soil contamination assessment information when an assessment is initiated independent of any requirement under the Agrichemical Facility Response Action Program.

Replaces a provision concerning powers of the Agrichemical Facility Response Action Program Board to make recommendations concerning notices of closure; deletes requirement that the Department of Agriculture must have recommended a soil pesticide contaminant assessment. Provides that the Director of Agriculture may investigate site contamination when requested by an agrichemical facility owner or operator and may recommend a voluntary assessment of soil pesticide contamination after completion of the investigation. Provides that the Director of Agriculture may review and make recommendations on a corrective action plan submitted to the Board by an agrichemical facility owner or operator (rather than review and recommend a corrective action plan to be submitted to the Board). Changes references to "agricultural pesticide" to "pesticide". Provides for judicial review of Department of Agriculture final administrative decisions. Amends the Downstate Forest Preserve District Act. Provides that if the boundaries of a forest preserve district are co-extensive with the boundaries of a county having a population between 700,000 and 3,000,000, district commissioners shall be elected from county board districts. (Now, county board members perform the

duties of forest preserve district commissioners.) Allows the board of a forest preserve district in a county with a population of less than 100,000 to enter into a long-term lease for a minimum of 15 years with any county fair board participating in the Agricultural Premium Fund in 1994. Amends the Sanitary District Act of 1917. Requires a board of trustees to be created consisting of 5 members in any sanitary district which includes one or more municipalities with a population over 95,000 (now 100,000) but less than 500,000. Removes provision that states that no more than 3 members of a 5 member board of trustees may be of the same political party.

Amends the Illinois Income Tax Act and the School Code. Beginning July 1, 1995 increases the income tax rate to 4% (from 3%) for individuals and to 6.4% (from 4.8%) for corporations. Beginning with the 1995-96 school year, decreases the educational purposes tax rate of unit school districts by 0.8% and of dual districts by 0.4%. Revises the State aid formula to provide for computation of State aid with reference to the mean per capita cost statewide of maintaining the schools of the district. Provides for payment of additional State aid to maintain combined State aid and property tax revenues of school districts at a level at least equal to the level for the 1994-95 school year, before the revised State aid formula and decreased educational purposes tax rates begin to apply. Effective July 1, 1995.

SENATE AMENDMENT NO. 1.

Changes the manner of computing State aid as proposed in the bill as introduced. Provides for its computation with reference to the median unrestricted revenue per student statewide (instead of the mean per capita cost statewide of maintaining schools), provides for adjustment of a component of the revised formula by the Collapsed McMahon (instead of the McMahon) Index, and changes the manner of determining the operating tax rate of the district that is to be used in the formula. Changes the per student Chapter 1 weighting factor for low income eligible pupils under the State aid formula and increases to 0.75 (from 0.625) the maximum adjustment allowed per eligible low income student as a result of the application of that weighting factor. Changes the amount of the proposed decrease in the educational purposes tax rate of unit and dual school districts to, respectively, 0.92% and 0.46%.

Authorizes the Comptroller to inspect such documents and records at any time. Effective immediately.

 30 ILCS 105/25.3 new

Amends the State Comptroller Act and the State Finance Act. Allows the Comptroller to collect a fee of the greater of 2% of the amount to be deducted or \$5 when the Comptroller draws a warrant on the treasury for an amount due and payable to the State by a person entitled to a warrant or other payment from the treasury or other fund held by the State Treasurer. Requires the moneys to be held in the Comptroller's Administrative Fund. Provides that payment may be made from an unexpired appropriation during the 2-month period expiring on August 31 of each year for secular textbooks purchased by the State Board of Education where delivery of the textbooks occurred after June 30 but before August 31. Amends the Comptroller Merit Employment Code. Repeals Sections concerning the Merit Advisory Board and its terms, compensation, meetings, and powers.

FISCAL NOTE (Comptroller)

Ultimately, electronic vouchering would allow for significant administrative cost reductions in the Comptroller's Office, State agencies, boards and commissions. No fiscal impact attaches to elimination of the merit advisory board or to the exemption to lapse period changes for school textbook purchases. The 2% administrative fee for the offset program can be expected to generate approximately \$110,000.

35 ILCS 735/3-3

Deletes everything. Amends the Illinois Income Tax Act, Retailers' Occupation Tax Act, Uniform Penalty and Interest Act, Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act. Provides that if a taxpayer fails to sign a return within 30 days (now 6 months) after proper notice and demand for signature, the return shall be considered valid. Amends the Illinois Income Tax Act, the Retailers' Occupation Tax Act, the Uniform Penalty and Interest Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act. Provides that if a taxpayer fails to sign a return within 30 days (now 6 months) after proper notice and demand for signature, the return shall be considered valid. Removes provision that states that a notice of deficiency may not be issued by the Department of Revenue relative to any return or annual transmittal form for wage and tax statements sooner than 30 days after the Department has mailed the preliminary notice to taxpayer. States that if the correction of a return results in an amount of tax that is understated on the taxpayer's return due to a mathematical error, the Department shall notify the taxpayer that the amount of tax in excess of that shown on the return is due and has been assessed. No such notice of additional tax due shall be issued on and after each July 1 and January 1 covering gross receipts received during any month or period of time more than 3 years prior to such July 1 and January 1, respectively. The notice of additional tax due shall not be considered a notice of tax liability nor shall the taxpayer have any right of protest. States that a penalty equal to 2% (now 5%) of the tax required to be shown due on a return up to a maximum of \$250 shall be imposed for failure to file the tax return. Provides that if any return is not filed within 30 days of notice of non-filing an additional penalty amount shall be imposed equal to the greater of \$250 or 2% of the tax shown on the return not to exceed \$5,000. Effective immediately, the penalty for failure to file any type of tax return required to be filed more frequently than annually shall be abated if the failure to file is shown to be nonfraudulent and has not occurred in the 2 years immediately preceding the failure to file. Effective immediately, requires the Department of Revenue to conduct an effectiveness study of Section 3-3 regarding penalties for failure to file a tax return 3 years from the effective date of this amendatory Act of 1995. Makes other changes.

HOUSE AMENDMENT NO. 1.

Provides that "land development" means to construct or acquire by gift or purchase, reconstruct, improve, better, or extend any project in Lake County, related to Fort Sheridan. Allows 3 or more cities that are contiguous to or encompass all or part of Fort Sheridan to establish the Fort Sheridan Redevelopment Commission by intergovernmental agreement approved by ordinance. Gives the Commission only those powers set forth in the intergovernmental agreement. Allows members of the Commission to enter into intergovernmental agreements between themselves if consented to by all the members to implement the intergovernmental agreement or any redevelopment plan, land development, or project approved by the Commission. Provides that the agreements may provide for: (i) the joint exercise, combination, or transfer of any power or function among or between any of the contracting parties, (ii) the performance, by any one or more of the contracting parties, of any service, activity, or undertaking that any of the contracting parties is authorized to perform; and (iii) the limitation or restriction of the exercise of any power or function, or the performance of any service, activity, or undertaking, by any of the contracting parties; provided, however, that no such agreement shall empower the Commission to exercise directly either zoning or taxing powers not expressly authorized by this Act. Provides that the Commission may be given the power to dispose of interests in property for consideration that is less than market value.

STATE MANDATES ACT FISCAL NOTE, AMENDED

In the opinion of DCCA, SB 774, with H-am 1, is a tax exemption mandate which requires 100% reimbursement of the amount of loss in revenue of local government. Due to the nature of the bill, no estimate of the amount of reimbursement is available.

FISCAL NOTE, AMENDED (DCCA)

It is impossible to determine the increase or decrease in State revenues or expenditures as a result of SB 774 with H-am 1. It is estimated that there will be changes in State or local tax bases; and, some State agencies may incur expenses for attending meetings of and providing assistance to the Commission.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, SB 910, as introduced in the House fails to meet the definition of a State mandate.

105 ILCS 5/29-6.3 new

Amends the School Code. Provides that if a school district that provides pupil transportation on its own buses with its own drivers receives a timely request from an interested private school bus contactor to provide pupil transportation under contract, the district must solicit sealed bids and publicly announce its fully allocated costs of providing transportation of its pupils to and from school under its present system. Provides that after the bidding process is completed the district may either elect to award its pupil transportation contract to the lowest responsible bidder or elect to continue providing pupil transportation under its present system. Provides that regardless of the election made by the district, the district's claim for transportation expense reimbursement shall be based upon the lower of (1) the amount of the lowest responsible bid or (2) the fully allocated costs of providing pupil transportation under its present system. Adds provisions defining fully allocated costs and related terms. Requires the State Board of Education to by rule set forth the manner in which a district's fully allocated costs of providing pupil transportation under a non-contractual system shall be determined and computed, consistent with recognized principles of fully allocated costing analysis in the transportation industry.

SENATE AMENDMENT NO. 1.

Provides that a request that the district provide pupil transportation under contract awarded by sealed bids shall not be considered timely unless made in writing by certified mail, return receipt requested not more than 24 months not less than 3 months before expiration of the collective bargaining or other agreement governing the terms and conditions of the district's school bus driver employees.

SENATE AMENDMENT NO. 2.

Provides that a school district shall publicly announce the district's fully allocated costs of providing transportation of its pupils to and from school under its present system at the conclusion of the bidding process (instead of at the time it solicits sealed bids).

SENATE AMENDMENT NO. 3.

Replaces the provisions requiring the district's claim for transportation expense reimbursement to be based upon the lower of the amount of the lowest responsible bid or the fully allocated costs of providing pupil transportation under the district's present system with provisions requiring the school board, if it elects to continue providing pupil transportation under its present system even though the fully allo-

cated costs of doing so exceed the amount of the lowest responsible bid, to publicly announce at a regularly scheduled meeting held within 30 days after making its election the amount of its fully allocated costs under its present system and the amount of each of the bids submitted to the board.
