Further amends the Adoption Act. **STATE MANDATES ACT FISCAL NOTE**

In the opinion of DCCA, HB 98 constitutes a personnel mandate for which State reimbursement of the increased cost to units of local government is normally required under the State Mandates Act. However, the bill amends the Act to require implementation without reimbursement. Due to the nature of the provisions of the bill, the cost to units of local government cannot be determined; however, for some units of government, the cost could be substantial.

Amends the Municipal Code and the Local Governmental and Governmental Employees Tort Immunity Act. Requires a municipality to indemnify a police officer for a judgment recovered against the officer on account of an injury caused by the officer where the injury occurs as a result of the officer's performance of his or her duties (rather than to indemnify except where the injury results from the wilful misconduct of the officer). Removes \$500,000 cap for certain municipalities. Removes provision that, as a matter of public policy, no local public entity may elect to indemnify an employee for any portion of a judgment representing an award of punitive or exemplary damages. Makes grammatical changes. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

**STATE MANDATES ACT FISCAL NOTE**

In the opinion of DCCA, HB 99 constitutes a personnel mandate for which State reimbursement of the increased cost to units of local government is normally required under the State Mandates Act. However, the bill amends the Act to require implementation without reimbursement. Due to a lack of data, no Statewide estimate of the cost to units of local government is available; however, the cost could be significant for some communities.

As amended, HB 193 is not anticipated to have a significant fiscal impact.

**FISCAL NOTE (DCFS)**

This would be a very time consuming process in the field. There were over 28,000 case openings in FY 94 and there will be more in FY95. If there was only a 1% increase in workforce, the budget would increase by \$1.2 million. A 5% increase (\$6 M) is more likely. In addition, it would cost approximately \$200,000 for programming and \$200,000 for staffing.

Changes the title, deletes everything after the enacting clause, and amends the State Finance Act and School Code. Creates the School Technology and Capital Enhancement Program to provide technology based learning resources for schools and improve educational opportunities and student achievement. For fiscal years 1996 through 2000, authorizes the State Board of Education to make grants to eligible districts under the program from funds appropriated out of the School Technology and Capital Enhancement Fund created in the State treasury. Requires districts to match grants based on the matching grant index. Also adds provisions that extend the repayment period for interfund loans from one year to 3. Authorizes interfund transfers between the Education, Operations and Maintenance, and Transportation funds, provided that the amount transferred does not exceed 20% of the property tax actually received in the fund. Adds other provisions to authorize all school districts to request the waiver or modification of certain mandates required under the School Code when the school district can address the intent of the mandate in a more effective, efficient, or economical manner or when it is necessary to stimulate innovation or improve student performance. Creates the Chicago Learning Zone Implementation Law within the School Code. Creates the Chicago Learning Zone Commission consisting of 9 members (4 ex-officio and 5 public members, with a demonstrated knowledge or interest and experience in Chicago school reform, appointed by the Governor). Prescribes member terms and the functions of the Commission relative to the evaluation of applications from attendance centers for Learning Zone designation, criteria and principles applicable to Learning Zone designations, non-waivable statutes and regulations, the filing and taking effect of Commission reports or their disapproval or amendment by the legislature, lump sum allocations to participating attendance centers in a designated Learning Zone, revocation of Learning Zone designations, and conflicting employment interests. Effective immediately.

**STATE MANDATES FISCAL NOTE, AMENDED**

**FISCAL NOTE, AMENDED (State Board of Education)**

Fiscal impact cannot be determined until designations are made and fund allocations are determined.

**FISCAL NOTE, AMENDED, REVISED (State Board of Education)**

Changes the title, deletes everything after the enacting clause and amends the School and Pension Codes and the State Mandates and Illinois Educational Labor Relations Acts. In the Chicago Teachers' Article of the Pension Code, requires incremental increases in the Chicago Board of Education's contributions to the pension fund in amounts sufficient to bring total fund assets up to 90% of total actuarial liabilities of the fund by the end of FY 2045, and requires minimum board of education contributions in subsequent fiscal years to maintain that level of funding. Creates a 5 member Chicago School Reform Board of Trustees to replace the Chicago Board of Education until June 30, 1999. Provides for appointment by the Mayor, without city council approval, of a new 7 member board to serve staggered 4 year terms beginning on July 1, 1999. Provides for block grant funding for FY 1996 through FY 1999 for the Chicago schools with respect to specific programs and authorizes use of the block grant funds for those programs and for any of the board's lawful purposes. In the provisions relating to State aid attributable to the Chapter 1 weighting factor in the State aid formula, eliminates a requirement that the average per pupil expenditure for an attendance center be at least 90% of the average per pupil expenditure for that attendance center for the preceding school year. Also eliminates a provision prohibiting a reduction in per pupil support incident to implementation of the Chapter 1 distribution formula in the State aid formula. Beginning with the 1995-96 school year, requires not more than \$261,000,000 of State Chapter 1 funds to be allocated each school year to atten-

dance centers and authorizes the board to use for any lawful school purpose any State Chapter 1 funds not required to be so allocated except for political or lobbying purposes. Revises teacher evaluation provisions and shortens the authorized additional remediation period for Chicago teachers to 6 months. Abolishes subdistricts and the position of subdistrict superintendent, and generally provides for assumption of the subdistrict superintendent's duties by the general superintendent. Abolishes the status of reserve teachers. Provides for staggered 4 year terms for the parent, community resident, and teacher members of local school councils. Requires attendance center expenditure plans to be consistent with and subject to board contracts for services entered into with third parties. Provides that lump sum allocation for attendance centers shall be based on a formula determined by the board. Eliminates a provision that prohibits waiver of collective bargaining agreements without agreement of the unions affected by the waiver. Eliminates quotas of teachers for attendance centers and provides for adjustment in teacher numbers due to layoff, reduction in force, lack of funds or work, change in subject requirements, third party contracts, or other legitimate reasons. Authorizes local school councils to permit use of school facilities for certain purposes. Provides that local school councils may approve internal account policies, receipts, and expenditures and non-school organization fundraising involving the school. Requires LSC members to complete a 3-day training program provided by Chicago-area universities within 6 months of taking office and creates a vacancy for noncompliance with that requirement. Adds Whistle Blower Protection for board employees and LSC members. Specifies the powers and duties of the Reform Board of Trustees. Provides that the Mayor designates the President of the Trustees. Provides that the Mayor is to appoint a full time, compensated chief executive officer and that the person designated as President of the Trustees may also be designated by the Mayor as the chief executive officer. Provides for appointment by the chief executive officer, with the approval of the Trustees, of chief operating, fiscal, educational, and purchasing officers. Abolishes the School Board Nominating Commission. Creates the Chicago Schools Academic Accountability Council and prescribes its duties. Removes the Inspector General from the jurisdiction of the School Finance Authority and places that office under the jurisdiction of the Trustees for the 4 year period when the Trustees are in office. Suspends the School Finance Authority's powers during that 4 year period with respect to board budgets, financial plans, contracts and staffing levels. Increases the powers and duties of principals relative to the direction, supervision, evaluation, and suspension of employees assigned to the attendance center and relative to educational and other operations at the attendance center. Requires new collective bargaining agreements to contain waiver procedures under which 51% of bargaining unit personnel may agree to waiver of provisions of the agreements, and deletes provisions that currently prohibit waiver of salaries, benefits, or other forms of compensation. Adds provisions relative to exclusion of a job requiring an Illinois Type 75 General Administrative Certificate from bargaining unit membership. Revises provisions relating to remediation and probation of attendance centers and adds provisions relative to reconstitution of and intervention at attendance centers. Abolishes the Chicago Learning Zone Commission and provides for the assumption of its duties by the board. Deletes provisions that make civil service law protections applicable to certain officers and employees of the board. Authorizes use of nonteaching personnel for library duties and supervision of school-sponsored extracurricular activities. Authorizes the board to contract with third parties for services otherwise performed by employees, including bargaining unit employees, under 5-year contracts and to layoff affected employees. Authorizes the board to promulgate rules establishing procedures governing the layoff or reduction in force of employees and the recall of employees. Changes the board's current duty to equip, maintain, and operate playgrounds to a power. Requires board contracts over \$10,000 to be let by record vote. Disqualifies former board members and certain entities from which a board member receives \$1,500 annual income or more from board employment and receipt of board contracts for one year after the member's term of office ends. Requires the State Board of Education in consultation with

the board to review and evaluate existing conflict of interest and disclosure laws and regulations applicable to executive officers and governing bodies of the district and to develop appropriate reporting forms and procedures. Provides for a 9/1/96 6/30/97 fiscal year and for a 7/1 - 6/30 fiscal year thereafter. Collapses for a 4 year period the levy of 7 different school district tax levies into a single levy rate of 3.07% plus the "difference tax" rate. Revises removal-for-cause hearing procedures. In the Illinois Educational Labor Relations Act, specifies certain matters that are prohibited subjects of collective bargaining between an educational employer in Chicago and an exclusive representative of its employees, prohibits all strikes by educational employees employed in the Chicago school district at any time within 18 months after the amendatory Act's effective date, provides that during that 18-month period an educational employer in that district is not required to submit to a binding dispute resolution process, and provides for discipline of those employees who violate the prohibition against striking. Exempts implementation of any mandates created by the amendatory Act from reimbursement under the State Mandates Act. Adds an immediate effective date.

**PENSION NOTE, CCR-1**

CTR employer contribution requirement provisions would improve the funded ratio of CTRS from 82% to 90% by FY2045. Funding provisions would make Bd. of Ed. contributions to CTRS a more stable level percent of payroll following a 15-yr. phase-in.

Deletes everything. Amends the School Code. Authorizes creation of charter schools under contracts between school boards and governing bodies of charter schools. Requires a charter school to comply with its charter and the Charter Schools Law and exempts it from other State laws and regulations governing public schools, with specified exceptions. Requires approval by the State Board of Education of proposed charter school contracts but authorizes the State Board to require modifications in a proposed contract to achieve consistency with the Charter Schools Law before certifying the charter. Provides that a charter school shall be a public school operated in a nonsectarian, nonreligious, non-home based manner. Limits the number of charter schools operating at any one time. Makes the charter school subject to statutory and constitutional prohibitions against discrimination, provides that it shall not charge tuition, and provides for its administration by a governing body in a manner provided by its charter. Prescribes terms required to be included in a charter school submission and contract. If the charter school is to be established by converting an existing public school to charter school status, requires

a showing of majority support for the proposal from the certified teachers at that school, the parents and guardians of pupils enrolled in that school, and (in Chicago) the local school council before a proposal to convert to charter school status may be submitted to the State Board of Education. Adds provisions relative to material revision of a charter, the period of time for which a charter may be granted, charter renewals, employee options, financing, evaluation, and reporting. Amends the Pension Code to include certified staff of a charter school in the definition of "teacher" under the Downstate and Chicago Teacher's Articles. Also amends the Board of Higher Education Act and the Acts relating to the governance of the University of Illinois, Southern Illinois University, the Regency Universities, and the universities under the jurisdiction of the Board of Governors of State Colleges and Universities to prohibit discrimination in the higher education admissions process against an applicant for admission because of the applicant's enrollment in a charter school. Effective immediately.

65 ILCS 5/8-11-2

from Ch. 24, par. 8-11-2

Amends the Illinois Municipal Code and the State Mandates Act. Excludes from the definition of "gross receipts" (as used in connection with municipal utility taxes) taxes and other amounts added to utility bills under the provisions of the Public Utilities Act. Provides that the legislative finding against requiring a municipality to refund taxes or charges attributable to the municipality's interpretation of gross receipts of a public utility before October 19, 1979 does not apply to taxes imposed after the effective date of this amendatory Act. Provides that "gross receipts" do not include charges to recover a surcharge imposed under the Emergency Telephone System Act. Exempts from the State Mandates Act. Effective January 1, 1996.

**STATE MANDATES ACT FISCAL NOTE**

In the opinion of DCCA, HB 238 creates a tax exemption mandate for which reimbursement of the revenue loss to units of local government is required. 30 ILCS 105/6d	from Ch. 127, par. 142d

Amends the State Finance Act. Provides that items of income received by the University of Illinois, Southern Illinois University, the Regency Universities, and the State Colleges and Universities under the jurisdiction of the Board of Governors for general operational and educational purposes (including tuition and fees) and currently required to be paid into their respective income funds in the State Treasury, shall instead be retained by the college or university in a separate income account in its own treasury, to be used for the support and improvement of the college or university. Requires all moneys currently in the several income funds maintained in the State Treasury for those colleges and universities to be transferred and paid over to the college or university and credited to the separate income account maintained by the college or university in its own treasury. Effective July 1, 1995.

FISCAL NOTE (Economic & Fiscal Commission)

HB258 will decrease tuition and fee receipts to the State Treasury by approximately \$418 M and increase the respective income accounts for the U of I, SIU, Regency Universities and Board of Governors by the same amount.

FISCAL NOTE (State Treasurer)

Future income revenues would shift from GRF to the respective college and university treasuries. Cost to GRF in terms of lost investment earnings would be approximately \$2.9 to \$4.1 M per year. In addition, each increase or decrease in short-term interest rates of 1% will increase or decrease the loss to GRF another \$586,000 to \$833,000 per year, respectively.

FISCAL NOTE (University of Ill.)

Not changing the effective date of the SSU transfer would add to the transition costs. There is a significant, positive impact from accelerating the academic planning process and a beneficial impact on sharpening focus of academic program offerings at the future UofI at Springfield. Shifting control

of financial resources at SSU to UofI at the beginning of the FY will help management decisions about use of resources to be made in the context of its new role within the UofI.

New Act

30 ILCS 105/5.400 new  
35 ILCS 5/21 new

Creates the Economic Development Income Tax Credit Board Act. Creates the Economic Development Income Tax Credit Board and authorizes the Board to enter into tax credit agreements with taxpayers that grant income tax credits to taxpayers who create jobs. The tax credits shall be in the amount and for the duration determined by the Board on a case by case basis. Establishes certain conditions for qualifying for a tax credit. Amends the State Finance Act to establish the Economic Development for Illinois' Economy Fund. Amends the Illinois Income Tax Act to provide for credit awarded under the Economic Development Income Credit Board Act. Effective immediately.

FISCAL NOTE (Dept. of Revenue)

HB313 has an undeterminable fiscal impact on State revenue as it is not known to what extent it would increase economic development that might otherwise have occurred under current law. However, the State would see a loss of revenue at least in the short-term when the credits are awarded.

Provides for the transfer of chronically disruptive students to alternative schools. Defines terms. Adds provisions relative to procedures that must be followed for transfer of chronically disruptive students in grade 6 or higher to an alternative school and from an alternative school back to a non-alternative school. Includes provisions relating to curriculum (including an individualized optional educational plan for each transferred student) and receipt of diplomas by transferred students who complete graduation requirements. Requires the State to provide funding for alternative schooling within each educational service region in an amount equal to 1% of the aggregate amount of the budgets of all public schools in the educational service region, and provides that a school district shall not suffer a reduction in State aid as a result of the transfer of any of its students to an alternative school. Effective immediately.

30 ILCS 805/8.19 new  
35 ILCS 200/9-155

Amends the Property Tax Code to provide that if the assessed value of a parcel of residential property increases in a general assessment year by more than 10%, exclusive of improvements, the assessor shall increase the assessed value entered on the books by 10% per year until the full amount of the increase in the assessed value is reflected in the assessment books. Excepts counties with a population of 3,000,000 or more and counties contiguous to a county with a population of 3,000,000 or more from this requirement. Amends the State Mandates Act to exempt this Act from the reimbursement requirements of the State Mandates Act.

**STATE MANDATES ACT FISCAL NOTE**

In the opinion of DCCA, the provisions of HB 446 constitute a tax exemption mandate for which 100% reimbursement of the tax loss to local governments would normally be required. However, the bill amends the State Mandates Act to require implementation without reimbursement. Due to the unknown implications of the bill, no estimate of the Statewide loss to units of local government is available from the Ill. Department of Revenue.

**HOUSE AMENDMENT NO. 1.**

Provides that the 10% assessment increase cap applies to all property except farmland, instead of just residential property. Provides that the 10% assessment cap applies only in counties not subject to the Property Tax Extension Limitation Law. Provides that if the property is sold or if the property was located in a redevelopment project area that was terminated, the assessment cap shall not apply.

Changes the title, deletes everything after the enacting clause, and amends the State Finance Act and School Code. Creates the School Technology and Capital Enhancement Program to provide technology based learning resources for schools and improve educational opportunities and student achievement. For fiscal years 1996 through 2000, authorizes the State Board of Education to make grants to eligible districts under the program from funds appropriated out of the School Technology and Capital Enhancement Fund created in the State treasury. Requires districts to match grants based on the matching grant index. Also adds provisions that extend the repayment period for interfund loans from one year to 3. Authorizes interfund transfers between the Education, Operations and Maintenance, and Transportation funds, provided that the amount transferred does not exceed 20% of the property tax actually received in the fund. Adds other provisions to authorize all school districts to request the waiver or modification of certain mandates required under the School Code when the school district can address the intent of the mandate in a more effective, efficient, or economical manner or when it is necessary to stimulate innovation or improve student performance. Creates the Chicago Learning Zone Implementation Law within the School Code. Creates the Chicago Learning Zone Commission consisting of 9 members (4 ex-officio and 5 public members, with a demonstrated knowledge or interest and experience in Chicago school reform, appointed by the Governor). Prescribes member terms and the functions of the Commission relative to the evaluation of applications from attendance centers for Learning Zone designation, criteria and principles applicable to Learning Zone designations, non-waivable statutes and regulations, the filing and taking effect of Commission reports or their disapproval or amendment by the legislature, lump sum allocations to participating attendance centers in a designated Learning Zone, revocation of Learning Zone designations, and conflicting employment interests. 105 ILCS 5/2-3.117 new

Amends the Ill. School Code. Authorizes the State Board of Education to make school construction and renovation and new technology grants to school districts, from funds appropriated for those purposes, in accordance with standards and grant criteria that the State Board shall promulgate to administer and implement the grant program.

## FISCAL NOTE (State Board of Education)

Costs associated with the development of standards and grant criteria will be relatively minor. The real fiscal impact of this bill will come at the time the General Assembly actually appropriates money for the grants, at which time ISBE will also seek an appropriation to cover its administrative costs, which will depend on the size of the grant program.

New Act

Creates the Scholarship Schools Act. Authorizes parents of qualifying children residing in Chicago to send those children to any nonpublic elementary or secondary school in Illinois meeting certain criteria and to receive scholarship grants, not exceeding the scholarship school's actual charges, of \$1,000 for elementary school children and \$1,500 for secondary school children. Makes scholarship awards subject to availability under resource allocation priorities that are based upon implementation of the Act from set-aside funds, family low-income levels, and roughly equal scholarship distribution between children switching to private from public schools and children already in private schools. Requires the State Board of Education to set aside, with respect to each qualifying child electing to transfer to a scholarship school from a public school in that child's district of residence, an amount equal to the average State funding per child in that district, the set aside amount to be pooled and automatically renewed each year, without linking the renewing set-aside amount to the particular child whose transfer produced the initial set aside. Provides that scholarships are renewable despite a change in family low-income level, requires scholarships to be augmented for reasonable transportation needs of low income families, and states that scholarship grants do not constitute taxable income. Limits transfers from public to scholarship schools during the first 5 years of the program to 3% of district enrollment during the first 2 and 5% of district enrollment during the next 3 program years. Requires scholarship schools to be afforded maximum flexibility to educate their students, free from unnecessary, burdensome or onerous regulation. Defines terms. Other related provisions. Effective immediately.

Increase in accrued liability .....	\$7.8M	\$12.4M	\$17.1M			
Increase in total annual cost .....	\$ .9M	\$ 1.4M	\$ 2.0M

Defers the repeal of the latter Act (from December 31, 1995) until January 1, 2006. Revises requirements and prescribes program criteria for continuing education for cosmetologists, estheticians, nail technicians, and teachers. Exempts cosmetologists who meet specified conditions from continuing education requirements. Changes requirements for registration as a cosmetologist, esthetician, nail technician, and teacher. Changes the refund procedure applicable to cosmetology schools and the grounds for refusing to issue or renew a license to operate a cosmetology school and adds equivalent provisions for esthetics and nail technology schools. Provides for the assistance of a translator/reader at examinations of applicants for certificates of registration. Revises provisions relating to the number of times and conditions under which an examination for certification may be taken. Provides for issuance of a single, combined certificate when a person becomes qualified for certification as a teacher of cosmetology, esthetics, or nail technology. Requires a certificate of registration to own or operate a cosmetology, esthetics, and nail technology salon or a barber shop. Provides for internship programs for students of registered schools at cosmetology, esthetics, and nail technology salons. Revises the composition of the Barber, Cosmetology, Esthetics and Nail Technology Committee. Makes other related changes. Effective January 1, 1996.

**FISCAL NOTE, AMENDED (Dept. of Professional Reg.)**

While the additional regulation of shops will create costs related to Board, licensing staff and enforcement staff activities, as of this date the Dept. has no estimate of the actual number of potential registrants and cannot, therefore, accur-

ately project those costs. Since fees are set by rule, the Dept. will be able to set fees at adequate levels to support the cost when known, thereby offsetting the negative fiscal impact of additional licensing responsibilities.

Provides for the formation, operation, and regulation of health purchasing groups for the purchase and sale of health benefit products to employers, employees, and their dependents. Authorizes employers to form groups for the purchase of health benefits for employees. Defines terms. Specifies minimum coverage requirements.

**HOUSE AMENDMENT NO. 1.**

Replaces everything after the enacting clause. Creates the Health Care Purchasing Group Act. Authorizes the formation, operation, and regulation of health care purchasing groups. Provides that health care purchasing groups may be organized by 2 or more employers, an HPG sponsor, or a risk-bearer for the purpose of contracting for health coverage for employees and dependents of HPG members. Establishes prerequisites for the formation of an HPG. Sets forth minimum coverage requirements and underwriting provisions. Does not authorize employers to self-insure through risk pooling. Defines terms. Provides for regulation by the Department of Insurance.

**FISCAL NOTE, AMENDED (Dept. of Insurance)**

The Dept. does not foresee any additional costs to the State.

Any additional income from the registration of Health Purchasing Groups would depend on the number of groups which form. It is impossible to gauge how many of these entities there may be, but at \$100 per registration the amounts will be minimal.

Changes the name of the oversight boards to the regional office of education advisory boards and changes their responsibilities from an oversight-advisory function to a purely advisory responsibility. Revises the duties of the boards accordingly. Effective immediately.

35 ILCS 5/206 from Ch. 120, par. 2-206

Amends the Natural Resources Act and the Illinois Income Tax Act. Requires the Illinois Coal Development Board to develop a program to seek, accept, and utilize sulfur-dioxide emission allowances that may be donated to the State. Gives corporations an income tax credit of 20% of the fair market value of sulfur-dioxide emission allowance credits donated to the State. Effective immediately.

**FISCAL NOTE (Dept. of Revenue)**

HB 841 would result in a reduction in corporate income tax receipts. It is not possible to determine the amount of such losses, since it is not known to what extent allowances would be donated to the State and the tax liability of those corporations making such donations. However, current information suggests that the fair market value of an allowance is \$145. Using this figure as the fair market value, and, for purposes of illustrating the potential decrease in revenues, assuming 100,000 allowances are donated annually to the State, income tax revenues would be reduced by \$2.9 million.

Amends the School Code and the Election Code. Provides for the creation of 10 independent school districts within Chicago, each with an elected 7 member school board which exercises all powers and duties commonly exercised by school boards throughout the State except for local school council functions and lump sum allocation, bonding, and taxing powers. Preserves the City of Chicago as a single taxing district for the 10 independent districts, and vests all taxing and bonding powers and final budgetary power in the City Council. Creates the Central Education Committee composed of the president of each school board plus 11 additional members appointed by the Mayor of Chicago, and defines the Committee's powers and duties. Revises provisions relative to bonding, personnel and teacher certification. Provides for the repeal, effective May 1, 1996, of various provisions of Article 34 and provisions relating to the School Finance Authority. Limits the exercise by home rule units of any powers inconsistent with the provisions of the amendatory Act. Effective November 1, 1995 except as otherwise provided.

**FISCAL NOTE (State Board of Education)**

HB863 will have a major fiscal impact since the School Finance Authority will be abolished and final taxing and budgeting authority will be placed with a newly-created Chicago City Council. A major unknown is how the City's EAV would be distributed among the 10 new districts. Until these variables are known, it is impossible to determine the fiscal impact on ISBE.

Amends the Code of Civil Procedure to require private and public hospitals, physicians, clinical psychologists, and clinical social workers to furnish copies of patient records free of charge if a request is made in connection with a patient's claim for compensation as a disabled veteran, Social Security benefits, or assistance under the Public Aid Code. Provides that records must be furnished within 30 (rather than 60) days of receipt of a request. Makes other changes.

**STATE MANDATES ACT FISCAL NOTE**

In the opinion of DCCA, HB 930 constitutes a service mandate for which State reimbursement of 50% to 100% of the increased cost to units of local government is required. Due to a lack of data, no estimate of the increased cost to local government-owned hospitals is available at this time. However, for some hospitals, the cost could be substantial.

Provides that a board of review may issue a certificate of error at any time (now, at any time before judgment) and that the certificate may be used as the basis for an objection at any time. Provides that a certificate of error may not be issued for an assessment year before the date of the last sale of the property or the last quadrennial reassessment.
