520 ILCS 5/3.1 from Ch. 61, par. 3.1

520 ILCS 5/3.2 from Ch. 61, par. 3.2

Amends the Wildlife Code. Changes the class of people who must show proof of a previous hunting license issued to them in this State or some other form of competency before they can be issued a hunting license from those under the age of 16 to those born after January 1, 1980. Provides that those persons born after January 1, 1980 must have proof of successful completion of a Hunter Safety Education Course before a hunting license will be issued.

FISCAL NOTE (Dept. of Conservation)

Grandfathering in the hunter safety requirement for all first--time hunters is expected to have a minimal cost impact. Over a period of years, the Dpt. would incur additional costs to train instructors and purchase supplies and materials. Any additional cost would be eligible for federal reimbursement with the 25% State match provided by volunteer safety instructors, resulting in no out-of-pocket expense to the State.

SENATE AMENDMENT NO. 1.

Deletes reference to:

520 ILCS 5/3.1

Deletes provision requiring residents of farm lands born after January 1, 1980, to have successfully completed a Hunter Safety Education Course prior to hunting certain protected species on their land.

105 ILCS 5/14-1.09.1 new

Amends the School Code. Requires school psychological services to be provided by a qualified specialist who holds a Type 73 School Service Personnel Certificate endorsed for school psychology and specifies types of services that constitute school psychological services. Effective immediately.

STATE MANDATES FISCAL NOTE (State Board of Education)

HB991 would increase demand for school psychologists, exacerbating the shortage. Costs to local school districts could range from \$2.244 to \$5 million, depending on how many of the new Type 73 certificated employees would actually be needed.

FISCAL NOTE (State Board of Education)

No change from previous note.

HOUSE AMENDMENT NO. 6.

Replaces everything after the enacting clause. Restores the provisions deleted except limits the application of the provisions to the public schools, provides that school psychological services may (instead of shall) include specified types of services, changes the types of specified services that may be included as school psychological services, and adds that the provisions are not intended to prohibit other qualified specialists (such as certified school social workers or certified school counselors) from providing such of the specified services for which they are appropriately trained and certified under rules of the State Board of Education. Effective immediately.

HOUSE AMENDMENT NO. 7.

Deletes a provision that school psychological services “shall be” provided by a qualified specialist holding a Type 73 School Service Personnel Certificate endorsed for school psychology. Provides instead that the school psychological services provided by those qualified specialists may include the services enumerated in the amended bill. Also eliminates language providing that when other qualified specialists such as certified school social workers or certified school counselors who are appropriately trained to provide school psychological services provide those services, they be “certified under the rules of the State Board of Education”.

SENATE AMENDMENT NO. 1.

Provides that “other qualified professionals” (now, “qualified specialists, for example, certified school social workers or certified school counselors”) may provide the school psychological services for which they are qualified.

Amends the Property Tax Code to revise the procedures concerning tax objections. Provides for separate procedures for filing complaints in circuit court for objections concerning assessments and objections concerning extensions and levies. Provides that objections shall be trials de novo with the court's decision based on the weight of the evidence and not constructive fraud. Provides for compromise agreements on assessment complaints. Effective immediately.

JUCICIAL NOTE

It is anticipated that there will be an increase in the number of property tax assessment cases filed in circuit court due to HB1055. However, it cannot be determined what impact it would have on the need to increase the number of judges in the State.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB 1055 imposes a local government organization and structure mandate upon county clerks. No State reimbursement to units of local government is required due to the imposition of this type of mandate. It should be noted that implementation could reasonably be accomplished with existing staff and resources.

JUCICIAL NOTE, AMENDED

Based on a review of the bill, as amended, it cannot be determined what impact the bill will have on the need to increase or decrease the number of judges in the State.

STATE MANDATES ACT FISCAL NOTE, AMENDED

In the opinion of DCCA, HB 1055, as amended, constitutes a due process mandate for which no State reimbursement is required.

FISCAL NOTE, AMENDED (Dept. of Revenue)

HB1123 as amended does not have a fiscal impact on the State unless it becomes subject to the State Mandates Act.

STATE MANDATES ACT FISCAL NOTE, AMENDED

In the opinion of DCCA, HB1123, as amended, constitutes a tax exemption mandate for which State reimbursement of the revenue loss to local governments is required. In addition, the bill creates a tax exemption mandate for which State reimbursement is not required due to a statutory exemption. Due to unknown implications of the bill, no estimate of the revenue loss to local governments is available; however, it could potentially be substantial.

STATE MANDATES ACT FISCAL NOTE, AMENDED

In the opinion of DCCA, HB1123, as amended, constitutes a tax exemption mandate for which State reimbursement of the revenue loss to local governments normally would be required. However, due to a statutory exception, no reimbursement is required. No estimate of the amount of revenue loss to local governments is available, but it could be substantial.

Creates the Tax Freedom Act. Provides that no taxing district, including home rule units, may adopt a property tax levy in excess of its levy in 1989, excluding a levy for bonded indebtedness incurred before the effective date of the Act. Also restricts user fees and taxes other than property taxes to the 1990 level. Prohibits a taxing district from issuing additional bonds. These limitations may be exceeded by referendum approved by 60% of the voters in a taxing district. Repeals the Truth in Taxation Law and the Property Tax Extension Limitation Law in the Property Tax Code. Eliminates all equalization of assessments. Amends the Statute on Statutes and the Election Code to strike references to the Property Tax Extension Limitation Law. Amends the Property Tax Code to change the due dates for tax bills and to provide that beginning in 1996 property taxes shall be paid in 2 installments in all counties, the first installment being an estimated installment based on 50% of the prior year's tax bill and the second installment being the balance of the amount of taxes actually due. Terminates equalization of assessments by the Department of Revenue. Establishes the assessed valuation of property in 1989 as the permanent assessed valuation unless the assessed value increases in a subsequent year due to improvements or unless the assessed value decreases in a subsequent assessment year or unless the property was unimproved in 1989 in which case the property is reassessed when it is improved with a structure. Amends the Election Code to remove the limit of the number of referenda appearing on a ballot. Effective January 1, 1996.

Amends the School Code and the Natural Resources Act. Requires the State Board of Education and Department of Energy and Natural Resources to conduct a joint study to determine the feasibility of and to develop preliminary plans for implementation of a statewide school recycling program. Requires the State Board of Education and Department of Energy and Natural Resources to provide technical assistance, workshops, and information to assist schools in implementing recycling programs developed under the study.

STATE MANDATES FISCAL NOTE (State Board of Education)

The bulk of work would fall on DENR. The Board would assist in the study design and arranging technical assistance to local schools requesting it. There would be little fiscal impact on the Board; DENR costs could be significant.

FISCAL NOTE (State Board of Education)

No change from previous note.

FISCAL NOTE (DENR)

DENR estimates that it would cost \$50,000 to conduct the study and develop a report of findings and recommendations. Mandatory and uniform recycling at all schools would require several additional full-time professional staff at an annual approximate cost of \$150,000-\$300,000.

Deletes provision requiring insurer to fill out form with Secretary of State affirming that the stolen vehicle was recovered without damage. Provides that if a salvage or junk vehicle is sold at auction, the seller shall send the certificate of title to the Secretary of State and a title shall then be issued in the purchaser's name. Provides that insurance companies and certain other used vehicle dealers may exchange a salvage certificate for a certificate of title that does not say "rebuilt" if the vehicle is properly inspected after being recovered from theft. Provides that junk vehicles include those vehicles that are incapable of operation on roads or highways and have no value except as a source of scrap or parts. Provides that salvage vehicles include those vehicles that have been damaged by collision, fire, flood, accident, trespass, or other occurrence to the extent that their fair salvage value plus the cost of repairing the vehicle for legal operation on the roads or highways would exceed the fair market value of the vehicle immediately prior to the occurrence causing its damage. Provides that possession, for purposes of certain penalties, does not include possession during the course of the State Police affixing a replacement vehicle identification number plate on the vehicle. Provides that licensees are required to keep records of used essential parts other than quarter panels and transmissions. Provides that the Secretary of State may conduct a random inspection of rebuilt vehicles, rather than a required inspection. Provides that this inspection may include checking records and other license requirements of the licensee. HB1658 would have no fiscal impact.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB1658 creates a service mandate for which reimbursement of 50% to 100% of the increased costs to local government is required. However, if the General Assembly finds that HB1658 imposes additional duties of a nature which can be carried out by existing staff at no appreciable net cost increase, and this is explicitly stated in the bill, no reimbursement is required.

New Act

Creates the Workplace Safety and Alcohol and Drug Abuse Prevention Committee Act. Provides that each public and private employer of at least 50 employees shall establish a safety committee at each of the employer's primary places of employment (as defined in the Act). Provides for: composition, meetings, records, and training of committees; and duties of committees relating to hazard assessment and control, safety and health planning, developing procedures for accident investigations, and other specified matters.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB-1780 creates a personnel mandate for which State reimbursement of 100% of the increased cost to units of local government is required. Based upon information provided by various municipalities, the estimated cost for downstate municipalities is approximately \$3 million. Total Statewide costs for all local governments is not currently available, but it would be substantial.

765 ILCS 1025/17	from Ch. 141, par. 117
765 ILCS 1025/28.5 new	

Amends the Uniform Disposition of Unclaimed Property Act. Provides that "business association" includes a public corporation. Provides that property held in an individual retirement account is not presumed abandoned earlier than 5 years after the owner attains the age at which distributions from the account become mandatory. Provides that if multiple sales are held for abandoned property, notice need only be given for the first sale. Provides that deadly weapons are immediately presumed abandoned if they are found in a safe deposit box or other safekeeping repository on which the lease or rental period has expired. Provides that these abandoned weapons shall be transferred to the Department of State Police. Effective immediately.

FISCAL NOTE (Dept. of Financial Inst.)

Fiscal impact of HB 1795 is negligible. The Dpt. might receive up to 10 such weapons in a typical year, averaging \$100 each in value. If 10 such weapons were transferred to the State Police instead of being auctioned, unclaimed property remittances would decrease by \$1000 for that year.

HOUSE AMENDMENT NO. 1.

Provides that deadly weapons shall not be presumed abandoned unless they are unclaimed by the owner for more than 5 years. Provides that prior to the transfer of the abandoned weapons to the State Police, the holder of the weapon shall communicate to the owner at his or her last known address, if any is known, setting forth the procedures necessary to prevent the assumption of abandonment.

STATE MANDATES ACT FISCAL NOTE, AMENDED

In the opinion of DCCA, HB 1795, as amended, fails to meet the definition of a mandate.

FISCAL NOTE, AMENDED (Dept. of Financial Inst.)

HB-1884 KENNER - DAVIS,STEVE.

105 ILCS 5/2-3.117 new

Amends the School Code. Provides that the State Board of Education shall establish and administer in participating school districts a work-study program under which high school students with a B average may participate for up to 20 hours per week and receive both academic credit and wages for their efforts. Provides for State grants to be made to the employers of the students in an approved program equal to 50% of the gross wages of the students. Effective immediately.

FISCAL NOTE (State Board of Education)

Granting back to the employer 50% of the cost of hiring the student would cost the State Board \$50 per student per week. There is no information about which districts may participate, availability of the program to public and private schools, if the program is per school year or fiscal year, or how many students may participate, making a complete analysis impossible. Administrative costs are not known at this time.

from Ch. 56 1/2, par. 503.14

Amends the Pharmacy Practice Act of 1987 and the Illinois Food, Drug and Cosmetic Act. Adds Section captions; makes no substantive change.

HOUSE AMENDMENT NO. 1.

Provides limitations on drug substitutions. Requires that the selected drug does not utilize a technology or mechanism that is different from that utilized by the prescribed drug to control, enhance or direct the release, targeting, systemic absorption, or other delivery of a dosage regimen in the body. Provides that selection is limited to products listed in the United States Food and Drug Administration publication entitled "Approved Drug Products with Therapeutic Equivalence Evaluations" that carry an "A" rating in that publication and to products that are marketed under the identical New Drug Application approved by the FDA for the original brand name drug.

FISCAL NOTE, AMENDED (Dept. of Public Aid)

A sampling of drugs were used to come up with a 21.5% price differential per prescription between brand names and generics. Drugs with high, middle and low prescription prices were used to represent the base price. It has been assumed that patents for 20 drugs may expire in FY'96. Based on these factors it is estimated that this legislation will cost the Dept. \$1.9 million in FY'96, with similar costs each year after.

FISCAL NOTE, AMENDED (Dept. of Public Health)

IDPH is not the appropriate agency to provide a fiscal note on this bill. State agencies which pay for pharmaceuticals would be the most appropriate agencies to provide fiscal impact statements on this legislation, such as Public Aid, Mental Health and CMS.

HB-1974 WINTERS – WAIT – SCOTT.

105 ILCS 5/14-7.03 from Ch. 122, par. 14-7.03

Amends the School Code. In the provisions relating to residential placement of disabled students, provides that the costs of educating the student also are eligible

for reimbursement when placement is paid for in part by the State, and also makes the district of residence in such cases (i) responsible for the actual costs of the program and (ii) eligible for reimbursement.

STATE MANDATES FISCAL NOTE (State Board of Education)

Costs that are the districts' responsibility will shift to the State. The number of students eligible for this funding could expand to twice the individual students claimed and double or more the funding needed which, during FY94, totaled \$35.4 M. Concerning LEAs, districts currently absorb two per capita tuition rates per pupil funded in private schools and all costs except \$2000 for public school-served children. HB1974 would allow full cost reimbursement.

Amends the School Code. In the provisions relating to block grants, changes the current authority of the State Board of Education to award block grants to the authority to award funds from appropriations made for block grant purposes. Eliminates a provision that specifies programs for which block grants are available. Eliminates a requirement that the State Board of Education include in its annual report to the leadership of the General Assembly relating to progress made in implementing the block grant Article, recommendations of additional programs for block grant funding. Establishes Project Jumpstart under which the State Superintendent of Education, from funds appropriated for the project, is to provide assistance (such as staff development resources, curriculum planning and implementation resources, and mentoring) to schools that have not met State IGAP standards. Also requires the State Superintendent of Education, from funds appropriated for the purpose, to provide to schools assistance for the implementation or improved utilization of technology, and gives examples of the type of assistance that may be provided. In the provisions relating to certification, defines a certificate to include a license to teach in the common schools, includes the State Superintendent of Education as an entity that has authority to issue or endorse a certificate, makes a high school teaching license a grade of certificate, and authorizes the State Superintendent of Education in consultation with the State Teacher Certification Board to establish and implement a high school teacher licensure program under which persons meeting statutory criteria are issued a 3 year license (thereafter renewable for 5-year periods) for teaching in grades 9 through 12.

FISCAL NOTE, AMENDED (State Board of Education)

Since the initiatives are permissive, there is no fiscal impact. The Board's FY96 budget request contains \$5 M for Project Jumpstart, \$18 M for Technology for Success program, and \$975 M increase in State's general obligation bond authority to be dedicated to school technology and construction.

Provides that if in 2 of the last 3 school years the mean IGAP test scores of the students of a school district for each grade in which an IGAP test in the same curricular area is administered is no less than 120% of the mean of the statewide scores of all students in those same grades who take the same test, the district is exempt for the 2 succeeding school years from all requirements of the school improvement plan and recognition process relating to the curricular area in which the mean of the IGAP test scores of the students of the district attained the required level. Adds other related provisions, including provisions relative to the statement of exemption that a district files with the State Board of Education.

FISCAL NOTE (State Board of Education)

Net cost is estimated at \$120,000 (\$155,000 costs and \$35,000)

savings). Local school districts would save an approximate average of \$10 per student.

STATE MANDATES FISCAL NOTE (State Board of Education)

No change from fiscal note.

SENATE AMENDMENT NO. 1.

Deletes the definitions of assessment test and curricular area contained in the en-grossed bill and also replaces the bill's conditions for a 2 year exemption from requirements of the school improvement plan and recognition process. Provides instead that if a school district completes school improvement plans in all applicable curricular areas, and in 2 of the 3 most recent school years the composite assessment test scores of students at a school in the district place that school in the "exceeds" or top 15% of the "meets" standards categories established by the State Board, that the school is exempt for the next 2 succeeding school years from all requirements relating to the school improvement plan and from quality review visits. Eliminates the necessity for an exemption statement and authorizes instead of requires the State Board to promulgate rules necessary to implement the exemption process.

HB-2125 STEPHENS AND COWLISHAW.

625 ILCS 5/11-202.5 new

Amends the Illinois Vehicle Code. Provides that regulating, restricting, limiting, or banning the use of first division non-commercial passenger vehicles on any public roadway in a county with a population of more than 2,000,000 is an exclusive power and function of the State. Preempts home rule units with a population of more than 2,000,000.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB 2125, as currently drafted, would appear to create a tax exemption mandate for which State reimbursement of the revenue loss to units of local government is required under the State Mandates Act. No estimate of the annual cost of reimbursement is available at this time.

HOME RULE NOTE

The immediate and long range impact of this legislation would appear to prohibit the City of Chicago and Cook County from regulating, restricting, limiting or banning the use of first division non-commercial passenger vehicles on any public roadway. As currently drafted, this provision may have the effect of reducing current revenues of the City of Chicago received through the current imposition of a vehicle sticker tax.

Provides that, if the analysis reveals that particular goods or a particular service can be supplied at a lower cost by a private entity, the governmental entity shall have the goods or services provided by a private entity.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB2136 creates a local gov't. organization and structure mandate for which State reimbursement of increased cost to units of local government is not required. Deletes language from definition of "permittee" requiring a permit to be issued to the owner designated under the operating agreement (when ownership consists of fractional undivided working interests) or in the absence of an agreement to the owner designated by the majority in interest of the owners of the well and inserts this language in the definition of "owner". Defines "well-site equipment" as production-related equipment or materials specific to a well. Allows the Department of Mines and Minerals to inspect gas storage fields. Requires the Director's decision affirming, vacating, or modifying a notice of violation to be sent by first class mail (now certified mail) and requires (now permits) the Department to refuse to issue a permit or revoke a permit if an applicant has falsified information or failed to abate a violation specified in a final administrative decision. Requires persons owning not less than 51% working interest (now 60%) to sign proposed plans of unitization. Makes other changes. Effective immediately.

HOUSE AMENDMENT NO. 1.

Amends the Illinois Oil and Gas Act. Requires a permit to be issued to an owner of the well instead of a person or entity owning the right to drill under an oil or gas lease. Requires the owner to be responsible for compliance with all statutory or regulatory requirements instead of the person designated by the majority of fractional undivided working interests. When the right to drill or produce is held by more than one person, then the "owner" is the person designated in writing by a majority in interest of persons holding drilling and production rights.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB 2165 constitutes a tax exemption mandate for which State reimbursement of the revenue loss to units of local government would normally be required under the State Mandates Act. However, HB 2165 amends the State Mandates Act to relieve the State of reimbursement liability. Due to a lack of data, no Statewide estimate of the amount of revenue loss is available. However, from information provided by a statewide masonic fraternal organization, at least 350 different real properties would qualify for the property tax exemption.

Amends the Property Tax Code. Increases the downstate senior citizens homestead exemption to \$4,000 (now, \$2,000). Increases the downstate general homestead exemption to \$7,000 (now, \$3,500).

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB 2222 creates a tax exemption mandate for which State reimbursement of the revenue loss to local governments would normally be required. Due to a statutory exemption, no reimbursement is required for revenue loss created by the general and senior citizens' homestead exemptions. Estimated annual net revenue loss to local governments is \$173.2 M for both exemption increases.

FISCAL NOTE (Dept. of Public Aid)

Handwritten text, likely bleed-through from the reverse side of the page. The text is extremely faint and illegible due to the low contrast and the nature of the bleed-through. It appears to be a dense block of text, possibly a list or a series of entries, but the individual words and sentences cannot be discerned.
