The Digest is published by the Legislative Reference Bureau and prepared for print through the computer services of the Legislative Information System.

The format of the Digest includes synopses of bills and resolutions pending in the House of Representatives and the Senate and indices by statute reference, subject matter, and sponsor.

The Digest is published periodically during the time the General Assembly is in Session. It is available by subscription through the Legislative Reference Bureau for \$55.00 per calendar year.

A synopsis contained in the Digest does not purport to be an analysis of the bill described. It is intended to give only sufficient information concerning the subject matter so that the reader may determine whether he or she is interested in examining the bill to determine its full content and effect.

Deletes everything. Amends the Property Tax Code to make the Property Tax Extension Limitation Law also applicable to non-home rule taxing districts in a county with 3,000,000 or more inhabitants. Creates the One-year Property Tax Extension Limitation Law that limits the extensions of non-home rule taxing districts in a county with 3,000,000 or more inhabitants or in a county contiguous to a county with 3,000,000 or more inhabitants that were not previously subject to the Property Tax Extension Limitation Law. Exempts this amendatory Act from the reimbursement requirements of the State Mandates Act. Effective immediately.

FISCAL NOTE, AS AMENDED (Dept. of Revenue)

If the 1992 extension had been limited to 105% of the 1991 extension plus new construction, the extensions would have approximately \$74 million less; if limited to 102.7% plus new construction, approximately \$93 million less.

740 ILCS 150/8

Adds reference to:

820 ILCS 405/200 from Ch. 48, par. 310

Deletes everything. Amends the Unemployment Insurance Act. Makes stylistic changes.

FISCAL NOTE, ENGROSSED (Dpt. of Employment Security)

The new revenue speed bump would raise the 1998 taxable wage base to \$10,000; the new benefit speed bump would lower maximum weekly benefit amounts by reducing the 1998 Statewide Average Wage to \$491. Any administrative operating costs would be insignificant. By 1997, the UI Trust Fund would be \$159 M lower due to reduced taxes from employers and increased benefits to claimants. However, as the Trust Fund has a present balance of \$1.7 billion, the reduction will not present an immediate solvency risk, and long-term projections indicate that no borrowing will be required over the 8-year forecast.

HOUSE AMENDMENT NO. 3.

Deletes reference to:

820 ILCS 405/200

Adds reference to:

820 ILCS 405/235 from Ch. 48, par. 345

820 ILCS 405/401 from Ch. 48, par. 401

Deletes everything. Amends the Unemployment Insurance Act. Provides that with respect to the year 1998 (now, 1997), the term "wages" includes only the remuneration paid to an individual by an employer that does not exceed \$10,000; for other years, the term includes only the remuneration that does not exceed \$9,000. Deletes provision that the statewide average weekly wage for the benefit period of 1997 is \$474; provides that the statewide average weekly wage for the benefit period of 1998 is \$491.

New Act

Creates the Education Reform Act of 1995.

SENATE AMENDMENT NO. 1.

Deletes reference to:

Education Reform Act of 1995

Adds reference to:

Scholarship Schools Pilot Program Act

Changes the title and replaces everything after the enacting clause. Creates the Scholarship Schools Pilot Program Act. Creates a new class of schools known as scholarship schools, which are private schools entitled to redeem educational scholarships. Creates a 5 member Scholarship School Council appointed by the Governor and 4 legislative leaders and requires it to conduct public hearings and select an elementary subdistrict in Chicago to operate the pilot program. Prescribes criteria for scholarship eligibility of students and for eligibility for scholarship school status.

Establishes an application procedure for enrollment in a scholarship school. Adds provisions relative to the scholarship amount and method of funding the scholarships. Requires the Chicago school district to provide pupil transportation. Repeals the Act on August 1, 2000. Effective immediately.

SENATE AMENDMENT NO. 2.

In the criteria applicable to pupil eligibility for scholarships, provides that the Scholarship Schools Council shall define and verify the family income level. Permits students who were not enrolled in any school during the preceding school year, but who meet other criteria, to be eligible for scholarships in the succeeding school year. Provides for a random selection process for awarding scholarships if more than 2,000 pupils apply during a school year. Authorizes the Council to establish pupil enrollment limits at individual schools. Increases the number of standards that must be met for scholarship school status. Provides for an independent evaluation of the pilot program, updated annually and then comprehensively at the end of the pilot period.

SENATE AMENDMENT NO. 3.

Deletes reference to:
Scholarship Schools Pilot Program Act
Adds reference to:
Educational Choice Act
35 ILCS 5/203

Changes the title, deletes everything after the enacting clause and adds provisions creating the Educational Choice Act. Creates a pilot program under which, beginning with the 1996-97 school year, the parents or guardians of pupils residing within a selected elementary subdistrict in Chicago are entitled to vouchers for payment of qualified education expenses incurred by the pupils while enrolled at public or non-home based, nonpublic elementary or secondary schools that are located in the selected elementary subdistrict. A pupil must be a member of a family that has a total family income that does not exceed one and one-half times the family income level necessary to qualify for free meals under the National School Lunch Act in order to participate in the program. The State Board of Education is to reimburse the school at which a pupil enrolls for the amount of the voucher (which cannot exceed the lesser of \$2500 or the pupil's qualified education expenses reasonably incurred at the school at which the pupil is enrolled). Creates a Council of Advisers that is to select the one elementary subdistrict that is to be the locus for the pilot program. Defines terms. Adds provisions relative to the manner in which vouchers are requested, issued, and paid. Provides for a reduction in the Chicago school district's State aid by an amount equal to total vouchers paid, subject to a maximum reduction in one year of \$5,000,000. Provides that the amount of a voucher is not taxable for Illinois income tax purposes to a person who redeems the voucher. Amends the Illinois Income Tax Act to provide that an amount equal to a redeemed voucher shall be deducted from the adjusted gross income that constitutes the base income of an individual for Illinois income tax purposes. Provides that the Act is repealed July 1, 2000.

SENATE AMENDMENT NO. 4.

Revises the findings and declarations applicable to the enactment of the Educational Choice Act. Also makes the entitlement of the custodian (parent or guardian) of a qualifying pupil to a voucher subject to equitable allocation among qualifying pupils if the amount needed to fund the voucher in any year exceeds \$5,000,000.

STATE MANDATES FISCAL NOTE (State Board of Education)
SB17 will not create an additional State cost.
FISCAL NOTE (State Board of Education)
No change from SBE mandates note.

110 ILCS 705/8g	from Ch. 144, par. 308g

Replaces everything after the enacting clause. Amends the School Code. Authorizes creation of charter schools under contracts between school boards and governing bodies of charter schools. Requires a charter school to comply with its charter and the Charter Schools Law and exempts it from other State laws and regulations governing public schools, with specified exceptions. Requires approval by the State Board of Education of proposed charter school contracts but authorizes the State Board to require modifications in a proposed contract to achieve consistency with the Charter Schools Law before certifying the charter. Provides that a charter school shall be a public school operated in a nonsectarian, nonreligious, non-home based manner. Limits the number of charter schools operating at any one time. Makes the charter school subject to statutory and constitutional prohibitions against discrimination, provides that it shall not charge tuition, and provides for its administration by a governing body in a manner provided by its charter. Prescribes terms required to be included in a charter school submission and contract. If the charter school is to be established by converting an existing public school to charter school status, requires a showing of majority support for the proposal from the certified teachers at that school, the parents and guardians of pupils enrolled in that school, and (in Chicago) the local school council before a proposal to convert to charter school status may be submitted to the State Board of Education. Adds provisions relative to material revision of a charter, the period of time for which a charter may be granted, charter renewals, employee options, financing, evaluation, and reporting. Amends the Pension Code to include certified staff of a charter school in the definition of "teacher" under the Downstate and Chicago Teacher's Articles. Also amends the Board of Higher Education Act and the Acts relating to the governance of the University of Illinois, Southern Illinois University, the Regency Universities, and the universities under the jurisdiction of the Board of Governors of State Colleges and Universities to prohibit discrimination in the higher education admissions process against an applicant for admission because of the applicant's enrollment in a charter school. Effective immediately.

SENATE AMENDMENT NO. 3.

Adds that charter schools are to be encouraged to solicit and utilize volunteer speakers and other instructional resources when providing instruction on the Holocaust and other historical events.

SENATE AMENDMENT NO. 4.

Changes a Section caption and replaces a provision that authorized charter schools to employ non-certificated personnel with provisions authorizing charter schools to employ in instructional positions either certificated individuals or individuals meeting other specified criteria. Provides that charter schools employing non-certificated personnel in instructional positions must provide such mentoring, training and staff development for those individuals as the charter schools determine necessary. Authorizes charter schools to employ non-certificated staff in all other positions.

STATE MANDATES FISCAL NOTE (State Bd. of Ed.)

Fiscal impact cannot be determined until specific designations are made and fund allocations are determined.

FISCAL NOTE (State Bd. of Ed.)

No change from SBE mandates note.

HOUSE AMENDMENT NO. 51.

Deletes everything after the enacting clause and restores all provisions deleted, except (i) changes to 5 years from 3 years the minimum length of the leave of absence period that a school board is required to grant to those of its teachers who accept employment with a charter school, and (ii) eliminates provisions that authorized a teacher to request up to a 2 year extension of the leave of absence period and that prevented a school district from unreasonably denying the request. In the provisions requiring the teacher to either return to the school district at the end of the leave of absence period or resign, adds that the return shall be to a comparable position. In the provisions requiring school boards, in the evaluation of charter school proposals, to give preference to those demonstrating a high level of specified types of support, adds that the required types of support shall be local in nature. Also adds a provision authorizing a teacher at a charter school to resign only by giving notice of resignation to the charter school's governing body at least 60 days before the end of the school term and provides that the resignation must take effect immediately upon the end of the school term.

STATE MANDATES FISCAL NOTE, AMENDED

Fiscal impact cannot be determined until specific designations are made and fund allocations are determined.

FISCAL NOTE, AMENDED (State Board of Ed.)

No change from previous note.

CONFERENCE COMMITTEE REPORT NO. 1.

110 ILCS 680/25-85

110 ILCS 685/30-85

110 ILCS 690/35-85

Recommends that the bill be further amended to delete a requirement that charter school proposals be submitted to local school boards by January 9, 1996 if a charter school is proposed to be established in the fall of 1996. Replaces a provision requiring a charter school teacher at the end of an authorized leave of absence period to either return to the school district in a comparable position or resign with a provision that continues to require the teacher to return to the district or resign, but adds that a teacher choosing to return must be assigned to a position that requires the teacher's certification and legal qualifications. Replaces admissions requirement provisions applicable to universities under the jurisdiction of the former Board of Regents and Board of Governors of the State Colleges and Universities with provisions that amend the several Acts relating to the management of the 7 universities formerly under the jurisdiction of those former Boards. Amends the Downstate Police and Fire Articles of the Pension Code to delete provisions limiting military service credit to wartime. Eliminates age and fitness requirements for participation and allows credit to be established for certain periods of past service during which a person was not allowed to participate because of those age and fitness requirements. Amends the Illinois Municipal Code and the Fire Protection District Act to remove age restrictions on the appointment of police officers and firefighters. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION IMPACT NOTE

The fiscal impact of SB 101 cannot be determined. Some local pension funds may experience an increase in costs as officers and firefighters with pre-existing conditions would increase disability costs.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, SB 101 constitutes a personnel/retirement benefit mandate for which State reimbursement of the increased cost to units of local government would normally be required. However, SB 101 amends the State Mandates Act to require implementation without reimbursement. According to information provided by the Ill. Economic and Fiscal Commission the annual statewide cost for units of local government to comply with SB 101 cannot be determined at this time.

PENSION IMPACT NOTE

The fiscal impact of SB 101, as engrossed, cannot be determined. Some local pension funds may experience an increase in costs as officers and firefighters with pre-existing conditions would increase disability costs.

35 ILCS 200/10-27 new

35 ILCS 200/17-5

Amends the Property Tax Code to require the county assessor in counties with over 3,000,000 population to establish a formula for assessing income producing property that considers income and expenses related to the property. Effective January 1, 1996.

STATE MANDATES ACT FISCAL NOTE

In the opinion of the DCCA, SB 213 creates a local government organization and structure mandate for which no reimbursement is required under the State Mandates Act.

SENATE AMENDMENT NO. 1.

Provides that the formula for determining the percentage of fair cash market value of certain income producing property shall include, but is not limited to, the gross income derived from the operation of the property and expenses incurred in the operation of the property (now, the gross income derived from the operation of the property, expenses incurred in the operation of the property, and the financial indebtedness requirements of the property).

FISCAL NOTE, AMENDED (Dept. of Revenue)

SB213, with S-am 1, affects local units of government and, therefore, not State receipts. However, on its face, this would shift the property tax burden in Cook County to homeowners who would not receive the same consideration.

Creates the Medicaid Cost Savings Suggestion Award Program Act. Authorizes the Medicaid Cost Savings Suggestion Award Program Board to make cash or honorary awards to employees of providers of medical assistance under Article V of the Public Aid Code whose adopted suggestions to the Division of Program Integrity of the Illinois Department of Public Aid result in substantial savings or improvement in the State medical assistance program.

FISCAL NOTE (Dept. of Public Aid)

Fiscal impact would be in the form of net savings, which may be reduced by administrative costs.

FISCAL NOTE, H-AM 2 (DCMS)

HMOs may incur increased costs which would then be passed on to the State. DCMS estimates an increase in premiums of approximately 1%-2% annually, an increase in State expenditures of approximately \$1.9-\$3.8 million.

STATE MANDATES ACT FISCAL NOTE, H-AM 2

In the opinion of DCCA, SB-217, with H-am 2, constitutes a personnel mandate for which reimbursement is required.

HOME RULE NOTE, H-AM 2

SB217, with H-am 2, does not preempt home rule authority.

Provides that the Commission will consist of 8 legislative members appointed by the legislative leaders and 4 nonvoting members appointed by the Governor. Amends the Pension Impact Note Act to provide that notes shall be prepared by the Pension Laws Commission. Authorizes the purchase of up to 5 years of additional creditable service and provides an equal period of age enhancement. Requires adoption by the employer. Effective immediately.

PENSION IMPACT NOTE

Assuming 40% of eligible members participate in the early retirement program, SB251 is estimated to increase accrued liability of IMRF by \$169.6 million. Under a 10-year amortization schedule, the increase in the employer's annual cost as a % of payroll is estimated to be 0.79% for regular members and 1.34% for sheriffs' law enforcement employees (SLEP); if 39-yr. amortization schedule, the increase in employer's annual cost as a % of payroll is estimated at 0.30% for regular members, 0.51% for SLEP members. FISCAL NOTE (DCCA)

SB284 has no fiscal impact on DCCA.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, SB284 creates a service mandate for which reimbursement of 50% to 100% of the increased costs to a unit of local government is required. However, if the G.A. finds that the bill imposes a cost that is wholly or largely recovered from external sources, and this is explicitly stated in the bill, no reimbursement is required.

FISCAL NOTE (DCCA)

No change from previous fiscal note.

STATE MANDATES ACT FISCAL NOTE, AMENDED

In the opinion of DCCA, SB 284, as amended, fails to meet the definition of a State mandate.

FISCAL NOTE, AMENDED (DCCA)

SB284, as amended, has no impact upon State revenues.

In the provisions relating to the organization of community unit school districts, requires the proposition to organize the new district to be approved by a majority of all of the electors from all of the school districts, all or any part of the territory of which is to be included in the new district, voting on the proposition at the referendum (instead of a majority of the voters in each of the affected districts). Amends the Criminal Proceeding Interpreter Act. Provides that the court shall appoint an interpreter in a criminal case only if the court finds that the accused person is financially unable to pay for the costs of an interpreter. Provides that the court may assess all or some of the costs of interpreter services against the accused to the extent of the accused's ability to pay for those costs. Interpreter services not paid by the accused shall be paid out of the general county funds (presently the court must appoint an interpreter and the county must pay the costs for the interpreter even if the accused is financially able to pay).

SENATE AMENDMENT NO. 1.

Provides that, except when a sign language interpreter is appointed, the court shall require the defendant, with the assistance of the court-appointed interpreter, to file an affidavit of the defendant's financial condition, (rather than providing that the court must find the defendant unable to pay for the costs of an interpreter). Provides for a defendant's liability to the county for the value of the court-appointed interpreter's services if the defendant procures those services unjustly based on a false affidavit.

Amends the Illinois Pension Code to allow persons employed by the office of the Cook County State's Attorney on January 1, 1995 to transfer creditable service from the Chicago police pension fund to the Cook County pension fund. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION IMPACT NOTE

SB653 would have a minimal fiscal impact on the Fund.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, SB 653 creates a personnel/retirement benefit mandate for which reimbursement of the increased cost to a unit of local government would normally be required. However, SB 653 amends the State Mandates Act to relieve the State of reimbursement liability. The fiscal impact of SB 653 is expected to be minimal.

Amends the Property Tax Extension Limitation Law in the Property Tax Code and the School Code. Provides for approval of a proposition to create a community unit school district by the favorable vote of a majority of the electors voting upon the proposition (instead of by a majority of the voters in each of the affected districts) if each of the districts affected has a student enrollment of less than 1,000. Provides for staggered increases over a 5 year period in the statutory maximum rates at which unit and elementary districts may levy taxes for educational and for operations and maintenance purposes; but reduces the educational tax rates of districts that immediately prior to the effective date of the amendatory Act are authorized to levy above maximum reduced educational purposes tax rate levels that are established under the amendatory Act and reduces by 0.06% the educational purposes tax rate of the Chicago school district. Authorizes unit districts to levy up to .10% and other districts up to .05% for capital improvements purposes and to accumulate the tax proceeds without referendum. Increases the transportation tax rate and life safety tax rate for unit school districts. Provides for supplementary State aid to school districts that, due to consolidation, eliminate at least one high school of less than 500 students and must construct a new high school with an enrollment of more than 500 students. Provides for supplemental grants to school districts that suffer from the reduced rate limitations applicable to their educational purposes tax levies. Repeals back door referendum provisions applicable to down-state school districts. Increases the working cash fund tax rate maximum applicable to unit school districts. Makes substantial revisions to the State aid formula in order to guarantee a per pupil foundation level deemed adequate under the methodology developed by the State Board of Education. Deletes everything. Amends the School Code. Authorizes creation of charter schools under contracts between school boards and governing bodies of charter schools. Requires a charter school to comply with its charter and the Charter Schools Law and exempts it from other State laws and regulations governing public schools, with specified exceptions. Requires approval by the State Board of Education of proposed charter school contracts but authorizes the State Board to require modifications in a proposed contract to achieve consistency with the Charter Schools Law before certifying the charter. Provides that a charter school shall be a

public school operated in a nonsectarian, nonreligious, non-home based manner. Limits the number of charter schools operating at any one time. Makes the charter school subject to statutory and constitutional prohibitions against discrimination, provides that it shall not charge tuition, and provides for its administration by a governing body in a manner provided by its charter. Prescribes terms required to be included in a charter school submission and contract. If the charter school is to be established by converting an existing public school to charter school status, requires a showing of majority support for the proposal from the certified teachers at that school, the parents and guardians of pupils enrolled in that school, and (in Chicago) the local school council before a proposal to convert to charter school status may be submitted to the State Board of Education. Adds provisions relative to material revision of a charter, the period of time for which a charter may be granted, charter renewals, employee options, financing, evaluation, and reporting. Amends the Pension Code to include certified staff of a charter school in the definition of "teacher" under the Downstate and Chicago Teacher's Articles. Also amends the Board of Higher Education Act and the Acts relating to the governance of the public universities of the State to prohibit discrimination in the higher education admissions process against an applicant for admission because of the applicant's enrollment in a charter school. Effective immediately.

750 ILCS 50/12.1

750 ILCS 50/12.2 new

Amends the Adoption Act. Directs DCFS to establish a Mother's Putative Father Registry to provide notice to putative fathers of children born to women to whom the fathers were not married. Requires a pregnant woman who is unmarried to identify the father to DCFS unless the pregnancy is the result of rape or incest or unless the woman reasonably believes identification of the father would risk abuse of the woman or a member of her household. Requires health care providers to provide affidavit forms to pregnant women and submit executed affidavits to DCFS. Provides that failure to comply with Mother's Putative Father Registry provisions is a petty offense; makes providers who fail to comply subject to disciplinary action by their licensing agency. Effective January 1, 1996.

Further amends the Adoption Act. Provides for sufficiency of a father's consent to adoption or surrender of a child for adoption if the father has timely registered

with the Putative Father Registry and, "either before registering or within 30 days after registering" (rather than "prior to the expiration of 30 days from the date of such registration"), has commenced legal proceedings to establish paternity. Provides that if a mother's affidavit identifying a child's biological father is executed before 72 hours after the child's birth (rather than executed before the child's birth), the affidavit does not change the statutory time period for taking a consent to adoption or surrender of a child for adoption. Restates provision of mother's affidavit concerning penalty for intentionally giving false statements. Deletes provisions, with respect to a best interests hearing, concerning a court presumption if custody of a child has been secured or retained through fraudulent or unlawful actions. FISCAL NOTE, H-AM 1 (Comm. of Savings & Residential Finance)

The FY97 budget request for the new agency represents a \$357,000 decrease from the FY96 levels of the two predecessor agencies. Minor, one-time costs of less than \$5000 will be incurred as a result of the merger. The new agency will be entirely non-GRF and will be self-supporting through regu-

latory and supervisory fees. The merger will not change the revenues for the specified dedicated funds nor the purposes for which the funds' moneys will be used.

SB-1418 WATSON - MADIGAN - REA - LUECHTEFELD - BURZYNSKI AND O'DANIEL.

105 ILCS 5/3A-4 from Ch. 122, par. 3A-4

Amends the School Code. Eliminates provisions that, beginning in August of 1999, require each educational service region to contain at least 80,000 inhabitants, limit the number of educational service regions to 35, and require consolidation of educational service regions if necessary to meet those limitations.

SENATE AMENDMENT NO. 1.

Adds reference to:
105 ILCS 5/29-6.3

Further amends the School Code. Eliminates a requirement that a van used by a school district to transport students to and from interscholastic activities be operated under rental or for hire arrangement entered into by the district with respect to the specific activity in connection with which the transportation is to be furnished. Also eliminates a requirement that the district's insurance liability insurance covering the use and operation of the van be with a company that is licensed and authorized to write that coverage in Illinois. Adds an immediate effective date.

FISCAL NOTE, ENGROSSED (State Board of Ed.)
SB1418 would eliminate the \$1 million annual savings as well as local savings which would be realized if the 10 regional offices of education were eliminated. Permitting the use of passenger vans owned by the school district would result in some savings of rental and contract expenses.

Amends the State Finance and Higher Education Student Assistance Acts. Creates the Illinois Student Assistance Commission Higher EdNet Fund in the State treasury, provides for deposit into that Fund of all fee revenues received by the Commission in exchange for Higher EdNet Services, and authorizes appropriations from that Fund for the Commission's Higher EdNet and student assistance outreach activities. Also creates the Illinois Incentive for Access grant program and provides for grant payments subject to a separate appropriation, in amounts not exceeding \$500 per applicant per year for up to 2 semesters or 3 quarters. Determines grant eligibility based solely on the financial resources of the applicant (who must be a participant in the MAP program administered by the Commission) and the applicant's family. Increases the full-time and part-time undergraduate monetary award program grants by \$100 and \$50, respectively, to \$4,000 for full-time and \$2,000 for part-time undergraduate enrollment over a period of 2 semesters or 3 quarters. Effective immediately.

SENATE AMENDMENT NO. 1.

Adds a provision requiring the Commission to submit a written evaluation of the Illinois Incentive for Access program to the Governor, General Assembly, and Board of Higher Education by October 1, 1999, and to include in the evaluation a report of progress made toward a goal of increasing access and retention rates for Illinois Incentive for Access grant recipients.

HOUSE AMENDMENT NO. 4. (Tabled May 8, 1996)

Provides that a recipient of an Illinois Incentive for Access grant is not eligible for more than 4 semesters or 6 quarters of award payments (disbursable in an amount not exceeding \$500 for 4 semesters or 6 quarters of undergraduate enrollment in an academic year). Requires the grant to be disbursed to the institution of higher learning in which the grant recipient enrolls, for use by the grant recipient solely to purchase books and supplies required for classes and activities that are part of the recipient's academic program at the institution. Requires the institution to return grant funds not used for authorized purposes to the Commission. Provides that use of grant funds by the grant recipient does not constitute the extension of credit by the institution of higher learning or the store at which the grant funds are used to make a purchase of books or supplies.

625 ILCS 5/6-500	from Ch. 95 1/2, par. 6-500

Amends the Illinois Vehicle Code. Requires the owner of an apportioned vehicle registered at 64,001 pounds or more to pay an additional \$24. Requires the owner of an apportioned trailer or semi-trailer to pay a one time fee of \$10 for an apportioned trailer license plate (instead of paying a \$12 annual fee). Creates a definition for restricted plates. Provides that the bond that an owner of a second division vehicle electing to pay on a mileage weight tax basis files shall be with a surety company approved by the Illinois Department of Insurance (instead of a surety satisfactory to the Secretary of State). For a second division vehicle for which the owner has elected to pay the flat weight tax, eliminates the requirement that the Secretary of State assign plates which have a color combination distinguishable from the number plates assigned. For purposes of the Uniform Commercial Driver's License Act, provides that firefighting and other emergency equipment with audible and visual signals is not included in the definition of commercial vehicle (instead of all firefighting and other emergency equipment). Certain provisions effective April 1, 1997, other provisions effective immediately.

Harbor while a member of the armed forces. Eliminates the requirement that the owner of an apportioned vehicle registered at 64,000 pounds or more pay an additional \$24 in fees. Eliminates the requirement that the owner of an apportioned trailer or semi-trailer pay a one time fee of \$10 for an apportioned trailer license plate.
