Deletes everything. Amends the Property Tax Extension Limitation Law in the Property Tax Code. Allows the county board of a county not subject to the Property Tax Extension Limitation Law to submit to the voters of the county the question of whether to make all non-home rule taxing districts that have all or the majority of their equalized assessed valuation situated in the county subject to the Law. Provides that "debt service extension base" for a taxing district subject to this law in accordance with a referenda means an amount equal to that portion of extension for a taxing district for the levy year a referenda is approved, constituting an extension for payment of principal and interest on bonds issued by the taxing district without referendum. Amends the Election Code to exempt a referendum held on this question from the 3 question limit. Exempt from reimbursement under the State Mandates Act. Excludes from the definition of aggregate extension those extensions that are made for a qualified airport authority to pay interest or principal on general obligation bonds issued for the purpose of paying obligations due, under, or financing airport facilities required to be acquired, constructed, installed, or equipped under contracts entered into before March 1, 1996. Defines "qualified airport authority" as an authority located in a county bordering Wisconsin and having a population in excess of 200,000 and not greater than 500,000. Provides that the provisions of this amendatory Act are severable. Some parts effective immediately, and others effective June 1, 1996.

Amends the Counties Code to require a county to indemnify a sheriff or deputy for a judgment arising out of an injury caused by the willful misconduct of the sheriff or deputy. Also removes the \$500,000 cap on indemnities. Amends the Local Governmental and Governmental Employees Tort Immunity Act to allow the indemnification of a sheriff or deputy for any portion of a judgment representing an award of punitive or exemplary damages. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB 98 constitutes a personnel mandate for which State reimbursement of the increased cost to units of local government is normally required under the State Mandates Act. However, the bill amends the Act to require implementation without reimbursement. Due to the nature of the provisions of the bill, the cost to units of local government cannot be determined; however, for some units of government, the cost could be substantial.

Amends the Municipal Code and the Local Governmental and Governmental Employees Tort Immunity Act. Requires a municipality to indemnify a police officer for a judgment recovered against the officer on account of an injury caused by the officer where the injury occurs as a result of the officer's performance of his or her duties (rather than to indemnify except where the injury results from the wilful misconduct of the officer). Removes \$500,000 cap for certain municipalities. Removes provision that, as a matter of public policy, no local public entity may elect to indemnify an employee for any portion of a judgment representing an award of punitive or exemplary damages. Makes grammatical changes. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB 99 constitutes a personnel mandate for which State reimbursement of the increased cost to units of local government is normally required under the State Mandates Act. However, the bill amends the Act to require implementation without reimbursement. Due to a lack of data, no Statewide estimate of the cost to units of local government is available; however, the cost could be significant for some communities.

40 ILCS 5/7-109.3	from Ch. 108 1/2, par. 7-109.3
30 ILCS 805/8.19 new

Replaces a requirement that a school be on an academic watch list for 2 years before a school improvement panel is appointed and that such a panel be appointed for each school in the district that is on the watch list with a provision requiring that a single school improvement panel be appointed for a school district as soon as one (or more) schools of the district are placed on the watch list. Reduces to 2 years from 4 years the length of time a district or school must remain on an academic watch list before specified State intervention actions may be taken. Limits to those special education joint agreements that do not have an administrative district and that are composed of more than 20 school districts, a majority of which are located wholly or partly in Cook County, provisions that (i) require a majority of the appointed executive board members to be members of school boards of the cooperating districts, and (ii) require any non-school board members to be superintendents of the cooperating districts. In the provisions relating to the determination of the resident district of a handicapped child, provides that when the resident district depends upon which of 2 parents who retain legal custody of the child claims the child as a dependent for

federal income tax purposes, the right to claim the child as a dependent shall not be changed for the purpose of accessing the educational programs of a school district. Also adds provisions that permit a school district meeting specified 1995 EAV requirements to issue bonds, subject to a front door referendum, for capital improvement, renovation, rehabilitation, or replacement of certain existing school buildings in an amount, including existing indebtedness, that does not exceed 27% of the district's EAV, notwithstanding any debt limitations otherwise applicable to the district. Also repeals the Education to Careers work-based experience learning program as created in the School Code. Effective immediately.

SENATE AMENDMENT NO. 6.

Deletes reference to:
105 ILCS 5/10-22.31
Adds reference to:
105 ILCS 5/1A-4
105 ILCS 5/2-31.3a
105 ILCS 5/14-7.03
105 ILCS 5/18-4.4
105 ILCS 5/19-3

Further amends the School Code. Eliminates language making the State Board of Education responsible for educational policies and guidelines for private schools. Excepts student transfers into the Department of Corrections school district from a provision that prohibits expelled or suspended students who transfer into a public school from attending class in that school until the entire period of suspension or expulsion imposed by the school from which a student transfers is first served. Provides that a school is to serve 2 years on the State Board of Education's Early Academic Warning List before being placed on the Academic Watch List. Deletes a proposal to change provisions applicable to membership on the executive board that administers a joint agreement. Replaces statutory provisions that, in cases where both parents retain legal guardianship or custody of a disabled child, fix as the resident school district the district of the parent who claims the child as a dependent on his or her income tax return with a provision that fixes as the resident district the district of the parent who provides the child's primary regular fixed night-time abode. Eliminates a provision authorizing the resident school district of a disabled child who is placed in a residential facility located in another school district which provides special education program services to that child to delay paying tuition to the district providing those services until the end of the school year in which the services are provided. Requires those tuition payments to be made quarterly, and increases to 125% from 110% the percentage of the unpaid tuition that is to be withheld from the State aid or categorical aid payment due to a resident district that fails to make timely tuition payments. Delays for 3 fiscal years (to July 1, 2001) the scheduled repeal of the school district tax equivalent grant program and increases the grant formula for fiscal years after FY97 to 5% (now 3%) of the EAV of State-owned land within the district. Revises notice and ballot provisions applicable to school district bond issue referenda. Authorizes a community unit district that is located in a county of more than 240,000 but less than 260,000 inhabitants and that meets other specified statistical criteria to issue bonds pursuant to front door referendum in an amount equal to 27% of the district's EAV, without regard to debt limitations that otherwise would be applicable to the school district. Replaces the Education to Careers work-based experience learning program as created in the School Code.

Allows persons holding a permit issued by the Secretary of State to sell motor vehicles on Sunday in a trade show exhibition or display exhibition and eliminates condition that 2 licensed dealers participate in the exhibition. Includes condominium complex unit owners' association in the group of persons a municipality or county may contract with for regulating parking and traffic in the parking area owned by those persons. Provides that general speed restrictions apply to 2nd division vehicles designed or used for the carrying of a gross weight of 8,000 pounds or less (instead of a gross weight of less than 8,000 pounds) and 2nd division vehicles designed or used for the carrying of a gross weight of 8,001 pounds or more (instead of a gross weight of 8,000 pounds or more). Excludes emergency medical services and fire service personnel from the prohibition against wearing headset receivers while driving. Eliminates the prohibition of the transportation of an implement of husbandry with a width greater than 8 feet 6 inches on another vehicle on a road that is under construction or repair.

Amends the School Code. Creates a system of alternative schools in Illinois beginning with the 1996-97 school year, except delays creation of the system within the Chicago public schools until the 1997-98 school year. Provides for the transfer of chronically disruptive students to alternative schools. Defines terms. Provides that there shall be at least one alternative school in each educational service region, with the regional board of school trustees serving as the school board of the alternative school and the regional superintendent of schools being responsible for staffing and personnel matters (except that in suburban Cook County, the educational service centers and their executive directors function in those respective capacities). Adds provisions relative to procedures that must be followed for transfer of chronically disruptive students in grade 6 or higher to an alternative school and from an alternative school back to a non-alternative school. Includes provisions relating to curriculum (including an individualized optional educational plan for each transferred student) and receipt of diplomas by transferred students who complete graduation requirements. Requires the State to provide funding for alternative schooling within each educational service region in an amount equal to 1% of the aggregate amount of the budgets of all public schools in the educational service region, and provides that a school district shall not suffer a reduction in State aid as a result of the transfer of any of its students to an alternative school. Effective immediately.

HB-0446 RUTHERFORD - STEPHENS - WINTERS.

30 ILCS 805/8.19 new
35 ILCS 200/9-155

Amends the Property Tax Code to provide that if the assessed value of a parcel of residential property increases in a general assessment year by more than 10%, exclusive of improvements, the assessor shall increase the assessed value entered on the books by 10% per year until the full amount of the increase in the assessed value is reflected in the assessment books. Excepts counties with a population of 3,000,000 or more and counties contiguous to a county with a population of 3,000,000 or more from this requirement. Amends the State Mandates Act to exempt this Act from the reimbursement requirements of the State Mandates Act.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, the provisions of HB 446 constitute a tax exemption mandate for which 100% reimbursement of the tax loss to local governments would normally be required. However, the bill amends the State Mandates Act to require implementation without reimbursement. Due to the unknown implications of the bill, no estimate of the Statewide loss to units of local government is available from the Ill. Department of Revenue.

HOUSE AMENDMENT NO. 1.

Provides that the 10% assessment increase cap applies to all property except farmland, instead of just residential property. Provides that the 10% assessment cap applies only in counties not subject to the Property Tax Extension Limitation Law. Provides that if the property is sold or if the property was located in a redevelopment project area that was terminated, the assessment cap shall not apply.

Replaces everything after the enacting clause. Adds provisions amending the School District Financial Oversight Panel and Emergency Financial Assistance Law in the School Code. Creates additional powers for the Financial Oversight Panel of a school district that has its financial plan rescinded by the State Board of Education because of the district's failure to comply with that financial plan. Includes among those additional powers the power: to execute contracts, leases, and other agreements and to purchase, sell, and encumber real and personal property necessary or convenient for the Panel's purposes; to employ and fix compensation for agents and employees of the Panel; to appoint an Inspector General to investigate allegations of waste, fraud, and mismanagement in district affairs; to prescribe

standards for, approve, reject, and assure compliance with a staffing plan for the district; to examine and audit the accounts of the school board of the district; to initiate, direct, and implement financial and managerial assessments and management audits of the school board; and to otherwise act in the name of the school district if the school board refuses or fails to follow the Panel's directives. Amends the provisions of the School Code relating to the powers, duties, and employment contracts of superintendents and principals to make such of those provisions as are inconsistent with the additional powers of the Financial Oversight Panel inapplicable in a school district in which that Panel is authorized to exercise such additional powers. Amends the Illinois Educational Labor Relations Act to provide that collective bargaining shall not include specified subjects if the educational employer that is under a duty to bargain is also under a Financial Oversight Panel because of the district's violation of a financial plan. Prohibits educational employees of a school district that is under such a Financial Oversight Panel from engaging in a strike at any time during the first 3 years after the Panel is established. Adds a severability clause and an immediate effective date.

SENATE AMENDMENT NO. 4. (Tabled May 16, 1996)

Adds reference to:
105 ILCS 5/10-22.5

Provides that a unit school district with an enrollment of at least 25,000 but less than 50,000 must assure: (i) that each community in the district that has a population of at least 19,000 and that is in 2 different counties, one of which counties has a population exceeding 750,000 and the other of which counties has a population exceeding 2,000,000 is not subdivided by high school attendance boundaries; and (ii) that high school students residing within the community are assigned to the same high school attendance center.

SENATE AMENDMENT NO. 5. (Senate recesses May 23, 1996)

Deletes reference to:
115 ILCS 5/4.5
115 ILCS 5/13
Adds reference to:
105 ILCS 5/1B-12
115 ILCS 5/2
115 ILCS 5/14

For a Financial Oversight Panel established for a district that had its financial plan rescinded for violating that plan, provides that the financial plan approved by the Panel shall include a specified staffing plan, provisions for addressing Inspector General and audit findings or violations, provisions for implementing Panel directives, and the district's plan for long term financial stability upon termination of the Panel's authority. Gives the Panel additional powers relative to the collective bargaining process that prevent a school board from making or considering a proposal that does not comply with a collective bargaining budget approved by the Panel or from entering into a final agreement (binding on the district) that has not been approved by the Panel. Replaces the changes proposed by S-am 2 to the Illinois Labor Relations Act with provisions that amend that Act to exclude a Financial Oversight Panel (created because of a district's violation of a financial plan) from the Act's definition of an "educational employer", and provides that actions of such a Panel, including its actions in reviewing, approving, or rejecting a school district budget or collective bargaining agreement, do not constitute an unfair labor practice or evidence thereof.

HB-0547 COWLISHAW – HUGHES AND NOVAK.

105 ILCS 5/2-3.117 new

Amends the School Code. Authorizes the State Board of Education to make school construction and renovation and new technology grants to school districts, from funds appropriated for those purposes, in accordance with standards and grant criteria that the State Board shall promulgate to administer and implement the grant program.

FISCAL NOTE (State Board of Education)

Costs associated with the development of standards and grant criteria will be relatively minor. The real fiscal impact of this bill will come at the time the General Assembly actually appropriates money for the grants, at which time ISBE will also seek an appropriation to cover its administrative costs, which will depend on the size of the grant program.

STATE MANDATES FISCAL NOTE (State Board of Education)

No change from fiscal note.

New Act

Creates the Scholarship Schools Act. Authorizes parents of qualifying children residing in Chicago to send those children to any nonpublic elementary or secondary school in Illinois meeting certain criteria and to receive scholarship grants, not exceeding the scholarship school's actual charges, of \$1,000 for elementary school children and \$1,500 for secondary school children. Makes scholarship awards subject to availability under resource allocation priorities that are based upon implementation of the Act from set-aside funds, family low-income levels, and roughly equal scholarship distribution between children switching to private from public schools and children already in private schools. Requires the State Board of Education to set aside, with respect to each qualifying child electing to transfer to a scholarship school from a public school in that child's district of residence, an amount equal to the average State funding per child in that district, the set aside amount to be pooled and automatically renewed each year, without linking the renewing set-aside amount to the particular child whose transfer produced the initial set aside. Provides that scholarships are renewable despite a change in family low-income level, requires scholarships to be augmented for reasonable transportation needs of low income families, and states that scholarship grants do not constitute taxable income. Limits transfers from public to scholarship schools during the first 5 years of the program to 3% of district enrollment during the first 2 and 5% of district enrollment during the next 3 program years. Requires scholarship schools to be afforded maximum flexibility to educate their students, free from unnecessary, burdensome or onerous regulation. Defines terms. Other related provisions. Effective immediately.

Changes the title, deletes everything after the enacting clause, and adds provisions that amend the Regulatory Agency Sunset Act and the Barber, Cosmetology, Esthetics, and Nail Technology Act of 1985. Defers the repeal of the latter Act (from December 31, 1995) until January 1, 2006. Revises requirements and prescribes program criteria for continuing education for cosmetologists, estheticians, nail technicians, and teachers. Exempts cosmetologists who meet specified conditions from continuing education requirements. Changes requirements for registration as a cosmetologist, esthetician, nail technician, and teacher. Changes the refund procedure applicable to cosmetology schools and the grounds for refusing to issue or renew a license to operate a cosmetology school and adds equivalent provisions for esthetics and nail technology schools. Provides for the assistance of a translator/reader at examinations of applicants for certificates of registration. Revises provisions relating to the number of times and conditions under which an examination for certification may be taken. Provides for issuance of a single, combined certificate when a person becomes qualified for certification as a teacher of cosmetology, esthetics, or nail technology. Requires a certificate of registration to own or operate a cosmetology, esthetics, and nail technology salon or a barber shop. Provides for internship programs for students of registered schools at cosmetology, esthetics, and nail technology salons. Revises the composition of the Barber, Cosmetology, Esthetics and Nail Technology Committee. Makes other related changes. Effective January 1, 1996.

FISCAL NOTE, AMENDED (Dept. of Professional Reg.)

While the additional regulation of shops will create costs related to Board, licensing staff and enforcement staff activities, as of this date the Dept. has no estimate of the actual number of potential registrants and cannot, therefore, accurately project those costs. Since fees are set by rule, the Dept. will be able to set fees at adequate levels to support the cost when known, thereby offsetting the negative fiscal impact of additional licensing responsibilities.

New Act

Creates the Health Purchasing Group Act. Provides for the formation, operation, and regulation of health purchasing groups for the purchase and sale of health benefit products to employers, employees, and their dependents. Authorizes employers to form groups for the purchase of health benefits for employees. Defines terms. Specifies minimum coverage requirements.

HOUSE AMENDMENT NO. 1.

Replaces everything after the enacting clause. Creates the Health Care Purchasing Group Act. Authorizes the formation, operation, and regulation of health care purchasing groups. Provides that health care purchasing groups may be organized by 2 or more employers, an HPG sponsor, or a risk-bearer for the purpose of contracting for health coverage for employees and dependents of HPG members. Establishes prerequisites for the formation of an HPG. Sets forth minimum coverage requirements and underwriting provisions. Does not authorize employers to self-insure through risk pooling. Defines terms. Provides for regulation by the Department of Insurance.

FISCAL NOTE, AMENDED (Dept. of Insurance)

The Dept. does not foresee any additional costs to the State. Any additional income from the registration of Health Purchasing Groups would depend on the number of groups which form. It is impossible to gauge how many of these entities there may be, but at \$100 per registration the amounts will be minimal.

New Act

Creates the Roller Skating Rink Safety Act. Makes legislative findings and declarations and defines terms. Sets forth a skating rink operator's duties regarding posting of signs, maintenance of facilities, compliance with safety codes, and other measures. Provides that roller skaters have responsibilities concerning maintaining reasonable control and speed, proper look-out, heeding all posted signs and warnings, and other matters. Provides that roller skaters are deemed to have knowledge of and assume the risk of injuries caused by falls or collisions that are not attributable to a violation of a rink operator's duties set forth in the Act. Makes the assumption of risk set forth in the Act a complete bar and a complete defense to any lawsuit concerning a roller skater's injuries unless the rink operator has violated his or her duties and responsibilities under the Act.

HOUSE AMENDMENT NO. 1.

Requires at least one supervisor instead of guard on duty for every 200 skaters when the rink is open. States that roller skaters and spectators are deemed to assume risks not otherwise attributable to an operator's breach of duty, including injuries that involve structures such as support columns, walls, doors, lockers, benches, railings, and other properly placed structures.

35 ILCS 5/206from Ch. 96 1/2, par. 7408
from Ch. 120, par. 2-206

Amends the Natural Resources Act and the Illinois Income Tax Act. Requires the Illinois Coal Development Board to develop a program to seek, accept, and utilize sulfur-dioxide emission allowances that may be donated to the State. Gives corporations an income tax credit of 20% of the fair market value of sulfur-dioxide emission allowance credits donated to the State. Effective immediately.

FISCAL NOTE (Dept. of Revenue)

HB 841 would result in a reduction in corporate income tax receipts. It is not possible to determine the amount of such losses, since it is not known to what extent allowances would be donated to the State and the tax liability of those corporations making such donations. However, current information suggests that the fair market value of an allowance is \$145. Using this figure as the fair market value, and, for purposes of illustrating the potential decrease in revenues, assuming 100,000 allowances are donated annually to the State, income tax revenues would be reduced by \$2.9 million.

Amends the School Code and the Election Code. Provides for the creation of 10 independent school districts within Chicago, each with an elected 7 member school board which exercises all powers and duties commonly exercised by school boards throughout the State except for local school council functions and lump sum allocation, bonding, and taxing powers. Preserves the City of Chicago as a single taxing district for the 10 independent districts, and vests all taxing and bonding powers and final budgetary power in the City Council. Creates the Central Education Committee composed of the president of each school board plus 11 additional members appointed by the Mayor of Chicago, and defines the Committee's powers and duties. Revises provisions relative to bonding, personnel and teacher certification. Provides for the repeal, effective May 1, 1996, of various provisions of Article 34 and provisions relating to the School Finance Authority. Limits the exercise by home rule units of any powers inconsistent with the provisions of the amendatory Act. Effective November 1, 1995 except as otherwise provided.

FISCAL NOTE (State Board of Education)

HB863 will have a major fiscal impact since the School Finance Authority will be abolished and final taxing and budgeting authority will be placed with a newly-created Chicago City Council. A major unknown is how the City's EAV would be distributed among the 10 new districts. Until these variables are known, it is impossible to determine the fiscal impact on ISBE.

New Act

Creates the Health Care Purchasing Group Act. Authorizes the formation, operation, and regulation of health care purchasing groups. Provides that health care purchasing groups may be organized by 2 or more employers, an HPG sponsor, or a risk-bearer for the purpose of contracting for health coverage for employees and dependents of HPG members. Establishes prerequisites for the formation of an HPG. Sets forth minimum coverage requirements and underwriting provisions. Defines terms. Provides for regulation by the Department of Insurance.

FISCAL NOTE (Dept. of Insurance)

The Dept. does not foresee any additional costs to the State. Any additional income from the registration of Health Purchasing Groups would depend on the number of groups which form. It is impossible to gauge how many of these entities there may be, but at \$100 per registration the amounts will be minimal.

FISCAL NOTE, AMENDED (Dept. of Insurance)

No change from previous note.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB 930 constitutes a service mandate for which State reimbursement of 50% to 100% of the increased cost to units of local government is required. Due to a lack of data, no estimate of the increased cost to local government-owned hospitals is available at this time. However, for some hospitals, the cost could be substantial.

70 ILCS 1205/8-1

Amends the Park District Code. Requires the annexing ordinance to be filed in the county where the annexation takes place rather than in each county in which the district lies. Allows park district owned property used as a recreational area to be annexed to the district by passage of an ordinance if the property is separated from the district by 1 1/2 miles or less and is not within the boundaries of any park district. Requires the ordinance and an accurate map of the annexed territory to be filed in the county clerk's and recorder's office of each county in which the annexation takes place. Gives condemnation power to park districts located in counties with a population over 450,000 but with no territory located in a county over 3,000,000. Under current law, a park district located in more than one county with the majority of its territory located in a county over 450,000 in population and none of its territory located in a county over 1,000,000 in population has condemnation power. Provides that whenever any property that is located within a park district also lies within a municipality that has established a recreation board, and the property is being taxed by both entities, 10% or more of the legal voters residing in the territory may petition to be disconnected from the park district. Applies only in counties over 3,000,000 and municipalities between 22,000 and 25,000. Establishes referendum procedures. Repeals these provisions on January 1, 1998. Amends the Downstate Forest Preserve District Act. Authorizes a forest preserve district located in a county under 400,000 to sell parcels of land under one acre in size. Provides that the board may, by ordinance, establish procedures as it deems necessary concerning all matters involving district personnel. Effective immediately.

HOUSE AMENDMENT NO. 2.

Deletes reference to:

70 ILCS 1205/8-1

70 ILCS 805/18.1

from Ch. 96 1/2, par. 6335

Provides that any forest preserve district may lease or contract out the management and operation of, but shall not itself operate unless currently doing so gift shops, cafeterias, snack bars, or restaurants.

Amends the Property Tax Code to revise the procedures concerning tax objections. Provides for separate procedures for filing complaints in circuit court for objections concerning assessments and objections concerning extensions and levies. Provides that objections shall be trials de novo with the court decisions based on the weight of the evidence and not constructive fraud. Provides for compromise agreements on assessment complaints. Effective immediately.

JUDICIAL NOTE

It is anticipated that there will be an increase in the number of property tax assessment cases filed in circuit court due to HB1055. However, it cannot be determined what impact it would have on the need to increase the number of judges in the State.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB 1055 imposes a local government organization and structure mandate upon county clerks. No State reimbursement to units of local government is required due to the imposition of this type of mandate. It should be noted that implementation could reasonably be accomplished with existing staff and resources.

JUDICIAL NOTE, AMENDED

Based on a review of the bill, as amended, it cannot be determined what impact the bill will have on the need to increase or decrease the number of judges in the State.

STATE MANDATES ACT FISCAL NOTE, AMENDED

In the opinion of DCCA, HB 1055, as amended, constitutes a due process mandate for which no State reimbursement is required.

FISCAL NOTE, AMENDED (Dept. of Revenue)

Deletes everything after the enacting clause. FISCAL NOTE, AMENDED (Dept. of Revenue)

HB1123 as amended does not have a fiscal impact on the State unless it becomes subject to the State Mandates Act.

STATE MANDATES ACT FISCAL NOTE, AMENDED

In the opinion of DCCA, HB1123, as amended, constitutes a tax exemption mandate for which State reimbursement of the revenue loss to local governments is required. In addition, the bill creates a tax exemption mandate for which State reimbursement is not required due to a statutory exemption. Due to unknown implications of the bill, no estimate of the revenue loss to local governments is available; however, it could potentially be substantial.

PENSION IMPACT NOTE

Assuming 40% of eligible members participate in the early retirement program, HB 1213 is estimated to increase the accrued liability of IMRF by \$169.6 million. Under a 10-year amortization schedule, the increase in the employers' annual cost as a percent of payroll is estimated to be 0.79% for regular members and 1.34% for sheriffs' law enforcement employees (SLEP). Under a 39-year amortization schedule, the increase in the employers' annual cost as a percent of payroll is estimated to be 0.30% for regular members and 0.51% for SLEP members. These are the aggregate contribution rates for all IMRF employers. The effect of the early retirement program on individual employers will vary.

Creates the Tax Freedom Act. Provides that no taxing district, including home rule units, may adopt a property tax levy in excess of its levy in 1989, excluding a levy for bonded indebtedness incurred before the effective date of the Act. Also restricts user fees and taxes other than property taxes to the 1990 level. Prohibits a taxing district from issuing additional bonds. These limitations may be exceeded by referendum approved by 60% of the voters in a taxing district. Repeals the Truth in Taxation Law and the Property Tax Extension Limitation Law in the Property Tax Code. Eliminates all equalization of assessments. Amends the Statute on Statutes and the Election Code to strike references to the Property Tax Extension Limitation Law. Amends the Property Tax Code to change the due dates for tax bills and to provide that beginning in 1996 property taxes shall be paid in 2 installments in all counties, the first installment being an estimated installment based on 50% of the prior year's tax bill and the second installment being the balance of the amount of taxes actually due. Terminates equalization of assessments by the Department of

Revenue. Establishes the assessed valuation of property in 1989 as the permanent assessed valuation unless the assessed value increases in a subsequent year due to improvements or unless the assessed value decreases in a subsequent assessment year or unless the property was unimproved in 1989 in which case the property is re-assessed when it is improved with a structure. Amends the Election Code to remove the limit of the number of referenda appearing on a ballot. Effective January 1, 1996.

STATE MANDATES ACT FISCAL NOTE

In the opinion of DCCA, HB-1299 imposes a local government or-
ganization and structure mandate upon local election boards.

State reimbursement to units of local government for increased
costs is not required due to the imposition of this type of
mandate. However, it has been determined that the requirements
created by this bill can be accomplished with existing staff
and resources.

Amends the Illinois Pension Code. Adopts provisions relating to fiduciaries and investment advisers. Expands the investment authority of downstate police and fire pension funds. Creates a new Article 1A relating to the powers of the Public Pension Division of the Department of Insurance, substantially incorporating the provisions of current Article 22, Division 5 (with numerous substantive and technical changes); repeals Article 22, Division 5 of the Code. Imposes a regulation fee on downstate police and fire pension funds and significantly increases the annual report filing fees for other pension funds. Amends the State Finance Act to create the Public Pension Regulation Fund. Amends the Public Funds Investment Act to exclude downstate police and fire pension funds. Amends the Illinois Securities Law of 1953 to specify that dealers, salespersons, and investment advisers may be disciplined for causing or advising a public pension fund to make an investment or engage in a transaction not authorized under the Illinois Pension Code. Effective immediately.

PENSION IMPACT NOTE

The Dept. of Insurance estimates expanding these investment authorities would increase annual investment returns by 0.75%, resulting in approximately \$479.7M in additional investment income over the next 10 years, assuming all eligible pension funds will invest 35% of assets in equities (mutual funds or stocks), beginning January 1, 1996.

35 ILCS 200/15-180

Amends the Property Tax Code to provide that residential structures that have been rebuilt following a natural disaster qualify for the homestead improvement exemption.

HOUSE AMENDMENT NO. 1.

Adds reference to:
 30 ILCS 805/8.20 new

Provides that the exemption is available following a "catastrophic event" (rather than "natural disaster"). Defines "catastrophic event" as an occurrence of widespread or severe damage or loss of property resulting from any catastrophic cause. Amends the State Mandates Act to exempt this amendatory Act of 1996 from the reimbursement requirements. Provides that to be eligible for an exemption after a catastrophic event, the residential structure must be rebuilt within 4 years after the catastrophic event. Provides that the exemption for rebuilt structures applies to the increase in value of the rebuilt structure over the value of the structure before the catastrophic event.

STATE MANDATES FISCAL NOTE, AMENDED
 In the opinion of DCCA, HB 1645, as amended, is a tax exemption mandate which would normally require reimbursement of 100% of the loss in revenue of a local government directly attributable to the mandate exemption. However, the bill amends the State Mandates Act to relieve the State of reimbursement liability. Due to the nature of the bill, no estimate of the cost to local governments is available.

FISCAL NOTE, AMENDED (Dept. of Revenue)
 HB1645, amended, will impact local authorities and has no
 direct fiscal impact on the Dept. of the State.

GOVERNOR'S AMENDATORY VETO MESSAGE

Recommends providing that the residential structure must be rebuilt within 2 (now 4) years of the catastrophic event. Removes "mine subsidence" from the definition of a "catastrophic event". Provides that in the case of a residential structure affected by flooding, the structure shall not be eligible for the homestead improvement exemption unless it is located within a local jurisdiction that is participating in the National Flood Insurance Program.

Provides that junk vehicles include those vehicles that are incapable of operation on roads or highways and have no value except as a source of scrap or parts. Provides that salvage vehicles include those vehicles that have been damaged by collision, fire, flood, accident, trespass, or other occurrence to the extent that their fair salvage value plus the cost of repairing the vehicle for legal operation on the roads or highways would exceed the fair market value of the vehicle immediately prior to the occurrence causing its damage. FISCAL IMPACT NOTE (Dpt. of Corrections)

No change from correctional note.

FISCAL IMPACT NOTE (Dpt. of Public Aid)

In FY95, 147,000 cases were submitted to IRS for offset, which would require 163 additional Attorney Generals or States Att.

and staffs (approximately 326 total staff), at a cost of \$15.0

million to the Attorney General's or State Attorney's Office.

A high profile prosecution of a few cases could result in full payment or payment plans for the remainder who would want to avoid prosecution, thereby reducing some staffing needs.

STATE MANDATES ACT FISCAL NOTE

Provides that after the bidding process is completed the district may either elect to award its pupil transportation contract to the lowest responsible bidder or elect to continue providing pupil transportation under its present system. Provides that regardless of the election made by the district, the district's claim for transportation expense reimbursement shall be based upon the lower of (1) the amount of the lowest responsible bid or (2) the fully allocated costs of providing pupil transportation under its present system. Requires the State Board of Education to by rule set forth the manner in which a district's fully allocated costs of providing pupil transportation under a non-contractual system shall be determined and computed.
