20 ILCS 405/35.10 new  
 105 ILCS 5/29-18 new  
 625 ILCS 5/12-807.2 new

Amends the School Code, Illinois Vehicle Code, and the Civil Administrative Code of Illinois. Establishes a matching grant reimbursement program under which

school districts are reimbursed, from a separate appropriation made for that purpose, for one-third of the approved additional costs which they incur as a result of the installation of crossing control arms on school buses. Subject to a limited exemption for school buses from sister states, prohibits operating a school bus in Illinois after December 31, 1997 unless the bus is equipped with a crossing control arm meeting standards promulgated by the Department of Transportation. Provides that if a school bus is manufactured after December 31, 1997 the crossing control arm must be installed by the original bus body manufacturer. Provides that if the crossing control arms are installed on buses manufactured before December 31, 1997 on school buses owned, purchased, or leased by a school district, the district, in order to qualify for matching grant reimbursement, must purchase the crossing control arms from the Department of Central Management Services. Provides for the Department of Central Management Services to purchase or contract for the purchase of crossing control arms and to sell them to school districts at the competitively bid State contract price. Adds provisions relative to the procedure for obtaining reimbursement. Effective July 1, 1997.

**SENATE AMENDMENT NO. 1.**

Deletes reference to:  
 20 ILCS 405/35.10 new  
 105 ILCS 5/29-18 new

Deletes all changes proposed by the bill as introduced to the Civil Administrative Code (relative to DCMS purchasing crossing control arms and reselling them to school districts) and to the School Code (relative to establishing a matching grant reimbursement program for costs incurred by the school districts as a result of installing crossing control arms on school buses). Changes to 12/31/99 (from 12/31/97) the date after which operation of a Type I or Type II school bus (even if manufactured before 12/31/97) may not be operated or used as a school bus in Illinois.

**FISCAL NOTE (State Bd. of Ed.)**  
 Commercial cost to equip all buses would be \$5.4 M to \$21.6 M (at \$300 to \$1200 per unit), minus the cost for dists. that will have received funds in FY97 and FY98. All responsibility would be on the LEAs for payment of the safety devices.  
**STATE MANDATES FISCAL NOTE (State Board of Education)**  
 No change from SBE fiscal note.

**HOUSE AMENDMENT NO. 1.**

Corrects a reference to a Section number of the Illinois Compiled Statutes. Replaces a provision stating that a crossing control arm shall be designed to require children crossing in front of a school bus to walk a sufficient distance from the front of the bus to be clearly observed by the bus driver with a provision stating that the crossing control arm shall be designed as prescribed by rules promulgated by the State Board of Education.

**FISCAL NOTE, REVISED (State Bd. of Ed.)**  
 Retrofitting would cost approximately \$4.5 M (at \$150 to \$1200 commercial cost per unit). Local schools can be reimbursed for these costs under the transportation reimbursement program.

Amends the Property Tax Code. Provides that a county may, by ordinance, establish a date for submission of applications for the Senior Citizens Assessment Freeze Homestead Exemption that is different than July 1 (now, earlier than July 1). Provides that any taxing district, upon a majority vote of its governing authority, may order the clerk of the county to abate the taxes on property devoted exclusively to affordable housing for older persons. Defines "older households" as those households (i) that qualify as "housing for older persons" under the Illinois Human Rights Act and (ii) whose annual income does not exceed 80% of the area gross median income. Amends the Property Tax Extension Limitation Law in the Property Tax Code. Provides that for municipalities that terminated the designation of an area as a redevelopment project area prior to 1994, "recovered tax increment value" means the amount of the EAV in the first year after the municipality terminates the designation, of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial EAV of each property in the redevelopment project area. Allows the county treasurer to mark the tax books to reflect the issuance of a homestead certificate of error issued up to and including 3 years (now 2 years after the first day of January of the second year after the year for which the homestead exemption should have been allowed). Amends the Illinois Municipal Code. Provides that a municipality (i) that imposes telecommunications taxes and (ii) whose territory includes part of another unit of local government or school district may, by ordinance, exempt the unit or district from the taxes. Amends the Metropolitan Water Reclamation District Act. Allows a sanitary district to deposit additional surplus funds into the Local Improvement Revolving Loan Fund. Allows the sanitary district to make loans from the Local Improvement Revolving Loan Fund to municipalities and other units of local government (now, municipalities) to rehabilitate the local sewerage systems. Amends the State Mandates Act to require implementation without reimbursement. Makes provisions severable. Makes other changes.

#### GOVERNOR'S AMENDATORY VETO MESSAGE

Recommends deleting amendatory provisions defining "recovered tax increment value" for municipalities that terminated the designation of an area as a redevelopment project area prior to 1994. Provides instead that, for the 1997 levy year, the recovered tax increment value for a non-home rule taxing district, first subject to the Law in the 1995 levy year because a majority of its 1994 equalized assessed value was in an affected county or counties, shall be increased by an amount equal to the 1994 equalized assessed value of each taxable lot, block, tract, or parcel of real property in the redevelopment project area over and above the initial equalized assessed value of each property in the redevelopment project area if the municipality terminated the designation of an area in 1993 as a redevelopment project area.

Provides that the building codes of a county and not the building codes of any other unit of local government in which the affected district property is located, shall apply to all construction projects on property owned by the district. Provides that when a forest preserve district is located within a county governed by a county human resource ordinance (now any law regulating its civil service and the method of selecting its employees), then the district's employees shall be selected under and subject to the human resource ordinance (now, the law regulating the civil service).

Provides that a county board may, upon a municipality's formal request, demolish, repair, declare abandoned, enforce a lien upon, or remove garbage from dangerous, uncompleted, or abandoned buildings within the territory of the county, but outside (now not within) the territory of any municipality after notice and a hearing. Repeals other provisions concerning the authority of a county board to demolish or repair dangerous, uncompleted, or abandoned buildings outside the territory of a municipality. Provides that the repeal of these provisions does not effect a cause of action filed before the effective date of this amendatory Act. Reenacts the provisions authorizing a county board in a county with a county health department to demolish or repair dangerous, uncompleted, or abandoned buildings within the territory of a municipality having a population of less than 50,000.

415 ILCS 5/39

from Ch. 111 1/2, par. 1039

Amends the Environmental Protection Act. Provides that a subsequent owner of a new pollution control facility is not required to submit proof that the location of the facility has been approved pursuant to the local siting review process if the location has already been approved by a local siting body, the Pollution Control Board, or a court of competent jurisdiction prior to the transfer of ownership to the subsequent owner.

**SENATE AMENDMENT NO. 1.**

Adds reference to:

415 ILCS 5/39.2

from Ch. 111 1/2, par. 1039.2

Replaces the title and everything after the enacting clause. Amends the Environmental Protection Act. Provides that local siting approval is transferrable to a subsequent owner or operator. Requires the Environmental Protection Agency to evaluate the prior experience in waste management of a prospective operator of a waste transfer station or incinerator facility before issuing a permit to the prospective operator. Requires the Agency to evaluate the waste management history of the subsequent owner of a facility, that has already been subject to local siting review, before issuing a permit to the subsequent owner. Adds immediate effective date.

**SENATE AMENDMENT NO. 2.**

Provides that a subsequent owner of a pollution control facility, upon application for an Environmental Protection Agency permit, shall notify the county board or governing body of the municipality that granted approval for the facility and any party to the original siting proceeding. Requires the Agency to conduct an evaluation of a prospective operator's prior waste management experience in the case of a sanitary landfill, waste treatment facility, and waste storage site.

Amends the Property Tax Extension Limitation Law in the Property Tax Code and the School Code. Provides for approval of a proposition to create a community unit school district by the favorable vote of a majority of the electors voting upon the proposition (instead of by a majority of the voters in each of the affected districts) if each of the districts affected has a student enrollment of less than 1,000. Provides for staggered increases over a 5 year period in the statutory maximum rates at which unit and elementary districts may levy taxes for educational and for operations and maintenance purposes; but reduces the educational tax rates of districts that immediately prior to the effective date of the amendatory Act are authorized to levy above maximum reduced educational purposes tax rate levels that are established under the amendatory Act and reduces by 0.06% the educational purposes tax rate of the Chicago school district. Authorizes unit districts to levy up to .10% and other districts up to .05% for capital improvements purposes and to accumulate the tax proceeds without referendum. Increases the transportation tax rate and life safety tax rate for unit school districts. Provides for supplementary State aid to school districts that, due to consolidation, eliminate at least one high school of less than 500 students and must construct a new high school with an enrollment of more than 500 students. Provides for supplemental grants to school districts that suffer from the reduced rate limitations applicable to their educational purposes tax levies. Repeals back door referendum provisions applicable to down-state school districts. Increases the working cash fund tax rate maximum applicable to unit school districts. Makes substantial revisions to the State aid formula in order to guarantee a per pupil foundation level deemed adequate under the methodology developed by the State Board of Education. 65 ILCS 5/11-74.4-3 from Ch. 24, par. 11-74.4-3

Amends the Tax Increment Allocation Redevelopment Act in the Illinois Municipal Code. Redefines “blighted area” to mean any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where the majority of certain buildings or improvements within the area and the area as a whole exhibit significant evidence of blight because of the presence of a combination of factors or if the area designated is vacant and the sound growth of the taxing district is impaired by certain factors. Redefines “conservation area” to require certain factors to be present throughout the area as a whole so that the municipality can certify that, absent investment that will not occur unless the area is designated as a redevelopment project area, the continued existence of the area constitutes a threat to public safety, health, and welfare and the sound growth of the taxing district and the area will become a “blighted area”. Requires a redevelopment plan to include evidence demonstrating that the area on the whole will not be subject to future growth and development without the blighted or conservation area designation. Redefines “redevelopment project” to mean any public and private development or redevelopment project in furtherance of the objectives of a redevelopment plan when the development or redevelopment takes place through the use of incremental revenue or the powers otherwise granted to the municipality. New Act

Creates the Employee Leasing Company Act to ensure that an employer that leases its workers obtains workers' compensation insurance coverage for all of its employees and that premium is paid commensurate with exposure and anticipated claim experience. Provides that an employee leasing company shall obtain a license from the Department of Insurance. Provides for registration in order to obtain a license. Provides that it is the employee leasing company's responsibility to purchase and maintain a separate policy providing standard worker's compensation and employers' liability insurance for each client company. Provides that a violation of the Act is grounds for cancellation or nonrenewal of a workers' compensation insurance policy. Provides that insurers shall audit policies issued under this Act. Contains other provisions.

**SENATE AMENDMENT NO. 1.**

Defines "long-term temporary arrangement". Provides that an employee leasing company may not engage in business in this State without first registering with the Department of Insurance (instead of without first obtaining a license from the Department). Provides that the registration shall include a list of the officers and directors of the company (instead of listing each and every person or entity who owns or owned a 5% or greater interest in the business). Provides that each registrant shall pay to the Department upon each renewal annually (instead of every 3 years) a registration fee of \$500 (instead of \$1,000). Removes the provision that prohibits registered organizations from referring to the registration in advertisements, marketing material, or publications. Provides that if any person is aggrieved by the misconduct of a registrant, that person may maintain an action (instead of maintaining an action, for misconduct of a licensee, in the person's own name upon the bond of the licensee or an amount not to exceed \$100,000). Removes the provision that allows the Department to adjust any premiums when warranted. Provides that a person or entity that deprives one or more insurers of premiums otherwise properly payable commits a Class A misdemeanor (instead of a business offense). Includes failing to remit premiums on behalf of a client company and otherwise converting money or other funds remitted by the client company for payroll, insurance premiums, or other benefits in this penalty provision. Provides that upon conviction the person or entity shall be subject to restitution and a fine of \$1,000 or the amount specified in the offense, whichever is greater (instead of a fine of not to exceed \$1,000 for a natural person and not to exceed \$5,000 for an organization).

**HOUSE AMENDMENT NO. 1.**

Provides that the term "employee leasing arrangement" means an arrangement whereby one business leases all or a majority (instead of all or a significant) number of its workers from another business. Provides that the term "lessee" or "client company" means an entity that obtains all or a majority (instead of all or part) of its work force from another entity through an employee leasing arrangement. Provides that the term "long-term temporary arrangement" means an arrangement where all or a majority (instead of significant number) of employees from one company are leased to another for a certain period. Provides that an insurer may require an employee leasing company (instead of making it the employee leasing company's responsibility) to purchase and maintain a separate policy providing standard workers' compensation and employers' liability insurance for each client company. Moves the provisions requiring an employee leasing company to maintain and furnish to the insurer sufficient information to permit the calculation of an experience modification factor and requires the experience modification to be utilized in the calculation of any premium charged to the client company or lessee. Removes the provisions concerning civil penalties. Adds provisions requiring the Director of Insurance to issue an order to an employee leasing company stating the grounds upon which the removal of the registrant's eligibility is based and provides for a hearing. Makes other changes.

Amends the State Universities Article of the Pension Code. Increases the System's authority to issue bonds, allowing up to \$20,000,000 to be outstanding at any one time. Limits existing benefits by: (i) excluding certain earnings after June 30, 1997 from the calculation of the final rate of earnings; (ii) imposing additional requirements on return to service following a leave of absence; (iii) requiring a return to service within one year after discharge in order to obtain credit for military service; and (iv) removing a provision allowing beneficiaries to elect to receive death benefits in multiple payments. (Article 13, Section 5 of the Illinois Constitution may prevent these limitations from applying to certain current or former members.) For new participants only, limits credit for unused sick leave to a maximum of one year. Changes the definition of "effective rate of interest" by adding additional factors to be included in determining the rate, including the desirability of minimizing volatility in the rate from year to year; states that the change is a clarification of existing law. Changes provisions relating to the calculation of interest when purchasing military service credit. Deletes provisions that suspend or reduce the annuity of certain persons who return to employment after retirement. Grants the Secretary of the Board the power to issue subpoenas. Allows annuitants and beneficiaries to authorize withholding from their annuities and benefits. Allows the System to pay benefits to the trustee of a trust created for the benefit of a minor or person under legal disability; provides that the System is not responsible for determining the validity of the trust and must conclusively rely on the representations of the trustee. Also makes technical changes. Effective immediately.

105 ILCS 5/29-3

from Ch. 122, par. 29-3

Amends the School Code. Provides that "adequate transportation for the public" as used when determining pupils entitled to be provided with free transportation

shall not be deemed available if conditions are such that walking between a pupil's home or assigned school and a pick-up point or bus stop on the regular route along which public transportation is available constitutes a serious safety hazard due to vehicular traffic. Adds other provisions under which the pupil transportation requirements of the School Code will not be deemed to have been met if a pupil, including a pupil residing within 1 1/2 miles of school, is required to walk between home or school and a pick-up point or bus stop when walking constitutes a serious safety hazard due to vehicular traffic. Requires a school board, on petition of a parent or guardian of a pupil allegedly having to walk to or from school, pick-up points, or bus stops along roads or streets where a serious safety hazard due to vehicular traffic exists, to conduct a study and make findings (that are to be reviewed by the Department of Transportation, which makes a final administrative decision) on that issue.

#### SENATE AMENDMENT NO. 1.

Deletes the provisions of the bill as introduced, except for the provisions relating to conditions under which school boards may provide free transportation for pupils residing within 1.5 miles from the school attended and except for provisions requiring a school board, on petition of a parent or guardian of a certain type of pupil, to conduct a study and make findings (to be reviewed by the Department of Transportation) on the issue of whether a serious safety hazard due to vehicular traffic exists. Makes rail crossings a condition which, like vehicular traffic, may constitute a serious safety hazard to pupils who are walking to or from school or to or from a pick-up point or bus stop.

#### FISCAL NOTE, ENGROSSED (State Bd. of Ed.)

There will subsequently be more students eligible for free transportation thereby increasing costs, but the numbers of students affected cannot be calculated at this time.

#### STATE MANDATES FISCAL NOTE, ENGROSSED (State Bd. of Ed.)

**SB-0559 WATSON.**

105 ILCS 5/24-12 from Ch. 122, par. 24-12

Amends the School Code. Provides that a person must have a minimum of 5 years of experience in cases involving labor and employment relations between educational employers and educational employees or their collective bargaining representatives in order to be included on State Board of Education lists for service as a prospective hearing officer in proceedings for the removal or dismissal for cause of downstate teachers. Revises the procedure under which hearing officers may be selected in such proceedings, providing for a second list and for an alternative selection procedure. Eliminates the \$300 maximum per diem for a hearing officer and also eliminates a requirement that the hearing be public if either the teacher or school board request. Requires a hearing officer to make a decision within 30 days from the conclusion of the hearing, and adds provisions relative to removal of a hearing officer from the master list of hearing officers and for rehearing of a case if a hearing officer fails to render a timely decision. Effective immediately.

**SENATE AMENDMENT NO. 1.**

Changes the 5 year experience requirement for hearing officers from experience "in cases involving" certain labor and employment relations matters to experience "directly related to" those matters. Deletes a proposal to eliminate the requirement of a written warning before setting a hearing on charges if the teacher's conduct is criminal or injures or endangers the health and safety of students. Extends until 30 days from the closure of the record (if that is later than 30 days after the conclusion of the hearing) the time by which a hearing officer is to make a decision, and changes from not "less" than 24 months to not "more" than 24 months the period for which a hearing officer, who without good cause fails to make a decision within the applicable 30 days period, may have his or her name stricken from the list of hearing officers. Provides that the failure of a hearing officer to render a decision within a specified 3 month period must be without good cause in order for the State Board of Education to be required to provide the parties with a new list of prospective hearing officers and in order for the name of the hearing officer to be removed from the master list of hearing officers. Provides that the changes made by the amendatory Act apply to hearings requested after its effective date.

 35 ILCS 5/304 from Ch. 120, par. 3-304

Amends the Illinois Income Tax Act. Provides that if a person other than a resident derives business income from this State and others, the business income shall

be apportioned to this State by multiplying the income by the sales factor (now by multiplying the income by a fraction, the numerator of which is the sum of the property factor, the payroll factor, and 200% of the sales factor and the denominator of which is 4 reduced by the number of factors other than the sales factor which have a denominator of zero and by an additional 2 if the sales factor has a denominator of zero). Deletes provisions in the definition of sales factor stating that sales are in this State if the property is shipped from this State and the purchaser is the government or is otherwise exempt from taxation. Deletes provision stating that sales are not in this State if the seller and purchaser would be members of the same unitary business group but for the fact that one of them is a person with 80% or more of total business activity outside of the United States and the property is purchased for resale. Provides that the provision excluding dividends and Subpart F income from the sales factor shall apply to taxable years ending on or after December 31, 1995 (now taxable years ending on or after December 31, 1995 and excluding taxable years ending after December 31, 1997). Effective immediately.

FISCAL NOTE (Dept. of Revenue)

Adoption of a single apportionment formula based on sales would lower revenue collections of Ill. corporate income tax receipts by an estimated minimum \$30 million, annually. Personal Property Replacement Income Tax fund receipts will proportionately decline an additional minimum of \$16 million, annually. The potential cost associated with SB 592 may be considerably higher if those companies outside of Ill. that are adversely affected by the formula change successfully appeal to the Director claiming "income distortion" and retain the current formula.

SENATE AMENDMENT NO. 1.

Adds reference to:

- 35 ILCS 5/804 from Ch. 120, par. 8-804
- 35 ILCS 5/1501 from Ch. 120, par. 15-1501

Deletes everything. Amends the Illinois Income Tax Act. Provides that for tax years ending on or after December 31, 1997, persons other than residents who derive business income from this State and one or more other states shall apportion their business income using a single factor sales formula. Provides that this sales factor shall be a fraction, the numerator of which is the total sales of the person in this State during the taxable year, and the denominator of which is the total sales of the person everywhere during the taxable year. Excludes certain amounts from the sales factor for taxable years ending on or after December 31, 1995. Provides that no penalty shall be imposed for failure to pay the estimated tax due before the effective date of this amendatory Act if the underpayments are solely attributable to the change in the apportionment of income. In the definition of "unitary business group", provides that if the members' accounting periods differ, the common parent's accounting period, or if there is no common parent, the accounting period of the member that is expected to have, on a recurring basis, the greatest Illinois income tax liability must be used to determine which apportionment method to use. Provides that the provisions of this amendatory Act apply to tax years ending on or after December 31, 1997. Effective immediately.

Creates the Fund Education First Act and amends the State Finance Act, Illinois Income Tax Act, Property Tax Code, and School Code. Beginning with FY 1998 requires appropriations to be made for elementary and secondary education that are at least equal to the sum of (i) the total amount appropriated from general funds revenues for elementary and secondary education for the preceding fiscal year (exclusive of revenues that beginning in FY 1999 are appropriated from the Education Funding Reform Fund); (ii) 50% of the growth in general funds revenues during a current fiscal year over the preceding fiscal year (exclusive of growth in revenues deposited into the Education Funding Reform Fund); and (iii) for FY 1999 and thereafter, 100% of the amount deposited in the Education Funding Reform Fund during the preceding fiscal year. Establishes a continued minimum funding level after the aggregate amount appropriated under the foregoing method represents 50% of total revenues available from local, State, and federal sources. Increases the income tax rates to 3.25% for individuals and 5.2% for corporations beginning July 1, 1997 and earmarks the increase for deposit into the Education Funding Reform Fund created in the State treasury. Requires the county clerk to abate a school district's educational purposes tax on farmland and residential property in an amount that equals the amount the district receives from the Education Funding Reform Fund during the calendar year preceding the extension year. Provides that amounts in the Education Funding Reform Fund are to be used solely for appropriation and distribution to school districts based on the ratio of the aggregate value of farmland and residential property in each district to the aggregate value of all farmland and residential property in the State. Provides for an income tax credit equal to 2.5% of the real property taxes paid by a taxpayer on commercial and industrial property. Provides that if the maximum rate at which a school district may levy a school tax (other than to pay debt service on long term obligations) increases after the amendatory Act's effective date, the voters of the district may by referendum require the tax rate to be reduced to a lower rate. Effective immediately.

Deletes everything. Amends the Illinois Pension Code to allow a former member of the General Assembly who transferred his credits under the State Employees' Retirement System to the General Assembly Retirement System to retransfer a portion of those credits back to the State Employees' Retirement System. Amends the Illinois Municipal Retirement Fund (IMRF) Article of the Illinois Pension Code. Deletes provisions limiting the early retirement incentive program to once every 6 years. Provides that employees of the governing board of the Special Education District of Lake County must begin participating in the Fund as of July 1, 1997. Provides that current employees shall receive free credit for up to 5 years of their prior service with that employer, but employee contributions must be paid in order to receive credit for the remainder of that prior service. Provides that the school districts participating in a special education joint agreement created under Section 10-22.31 of the School Code that is a participating instrumentality may include their proportionate share of the employer contribution for current or prior service in the districts' IMRF tax levy. Amends the Property Tax Extension Limitation Law to exclude from the aggregate extension any amounts levied by school districts that participate in the Special Education District of Lake County to pay for their share of the District's IMRF costs. Amends the Cook County Article of the Pension Code to provide for a program of early retirement incentives. Also applies to the Cook County Forest Preserve District pension fund. Amends the State Universities Article of the Pension Code. Increases the System's authority to issue bonds, allowing up to \$20,000,000 to be outstanding at any one time. Limits existing benefits by: (i) excluding certain earnings after June 30, 1997 from the calculation of the final rate of earnings; (ii) imposing additional requirements on return to service following a leave of absence; (iii) requiring a return to service within one year after discharge in order to obtain credit for military service; (iv) removing a provision allowing beneficiaries to elect to receive death benefits in multiple payments; and (v) limiting credit for unused sick leave. (Article 13, Section 5 of the Illinois Constitution may prevent these limitations from applying to certain current or former members.) Changes the definition of "effective rate of interest" by adding additional factors to be included in determining the rate, including the desirability

of minimizing volatility in the rate from year to year; states that the change is a clarification of existing law. Changes provisions relating to the calculation of interest when purchasing military service credit. Grants the Secretary of the Board the power to issue subpoenas. Allows annuitants and beneficiaries to authorize withholding from their annuities and benefits. Allows the System to pay benefits to the trustee of a trust created for the benefit of a minor or person under legal disability; provides that the System is not responsible for determining the validity of the trust and must conclusively rely on the representations of the trustee. Allows certain university firefighters and police officers to have their benefits based on their salary on the last day of service as a firefighter or police officer. Extends the deadline for early retirement without discount to September 1, 2002. Also makes technical changes. Amends the Downstate Teacher Article to extend to January 1, 1998 the deadline for certain surviving spouses who were married for at least 12 months, but not the 12 months immediately preceding the member's death, to apply for benefits as a dependent beneficiary. Allows up to 5 years of credit to be established for periods between January 1, 1959 and December 31, 1963 during which a teacher was employed by Southern Illinois University - Carbondale. Amends the Judges Article of the Pension Code. In the Section that provides for transfer of State employee and teacher credits to the Judges Retirement System, provides that a judge who was legal adviser to the State Board of Education can transfer up to 11 years of these credits at a reduced cost and at a reduced rate of interest. Amends the Mechanics Lien Act. Provides that a person who furnishes labor, services, or materials for the improvement of lands and who does not have privity of contract with the contractor must, in addition to meeting other Act requirements for perfection of his or her lien, give a written Notice of Furnishing if the person without privity is furnishing the labor, services, or materials for an improvement project on which a Notice of Commencement has been filed by the owner, owner's agent, or contractor. Provides that the burden shall be on the Department to justify the child's placement elsewhere. Requires licensed child welfare agencies to develop plans for the creation of adequate pools of foster and adoptive families and plans for training those families. Requires State reimbursement of adoption service providers at various rates based upon type of placement. Requires DCFS to establish an Illinois Adoption Information Exchange. A significant portion of these cost are eligible for federal reimbursement and would not be unfunded additional costs.

Deletes reference to:

New Act

5 ILCS 140/7

from Ch. 116, par. 207

Deletes everything. Creates the Illinois Prepaid Tuition Act and amends the Freedom of Information Act. Establishes the Illinois prepaid tuition program under which a purchaser enters into and makes the payments required under a prepaid tuition contract in order to provide a higher education for the beneficiary of the contract. The contractual payments must be made in advance of enrollment and assure payment upon the beneficiary's enrollment in a public university or community college of tuition and fee costs for the number of credit hours purchased under the contract. Provides for administration of the program by the Illinois Student Assistance Commission in conjunction with a 3-member board. Specifies provisions required to be included in the prepaid tuition contracts. Provides for deposit of contract payments into the Prepaid Tuition Trust Fund. Requires the tuition and fee payments due under the contracts to be made from the Trust Fund. Makes the contracts general obligations of the State and provides for continuing appropriations to discharge those obligations if moneys in the Trust Fund are insufficient. Contains other related provisions, including provisions under which information relating to the purchasers and qualified beneficiaries of prepaid tuition contracts is exempted from inspection, copying or disclosure under the Freedom of Information Act. Effective immediately.

**HOUSE AMENDMENT NO. 1.**

Deletes provisions in the engrossed bill that create a Prepaid Tuition Review Board and provides for the performance of what were to be the responsibilities of that Board by the Illinois Student Assistance Commission or an advisory panel. Provides that the advisory panel shall give advice and counsel to the Commission, which is to administer the prepaid tuition program. Provides that the advisory panel shall consist of 7 members appointed by the Commission, including one recom-

mended by the State Treasurer, one recommended by the State Comptroller, one recommended by the Director of the Bureau of the Budget, and one recommended by the Executive Director of the Board of Higher Education. Revises the definition of a MAP-eligible institution. Provides that the start-up period for the program (during which administrative costs are to be paid by appropriations from the General Revenue Fund) shall be up to 18 months (instead of 12 months). Provides that each appropriation constitutes a loan that is to be repaid to the General Revenue Fund within 5 years by the Commission from prepaid tuition program contributions. Revises provisions relative to the conversion of prepaid tuition contract benefits for use at an out-of-state college or university and provides that the benefits of such a contract may not be used at for-profit educational institutions that are located outside of Illinois.

#### HOUSE AMENDMENT NO. 2.

Deletes provisions making the prepaid tuition contracts direct obligations of the State for the payment of which the full faith and credit of the State are pledged. Also deletes a continuing appropriation provision mandating transfer to the Prepaid Tuition Trust Fund of amounts necessary to discharge obligations under the contracts if the amounts appropriated by the General Assembly for that purpose are insufficient. Provides instead for certification by the Illinois Student Assistance Commission to the Governor, Board of Higher Education, President of the Senate, and Speaker of the House of Representatives of any shortfall in the ability to meet contractual obligations in a succeeding fiscal year, and requires the Governor to request the General Assembly to make an appropriation of the amount necessary to discharge all contractual obligations that could not otherwise be met.

FISCAL NOTE, H-AMS 1 & 2 (Ill. Student Assistance Comm.)

Minimal, if any, fiscal impact on State revenues; one-time start-up costs would total \$1.75 M during FY98 and FY99.

STATE DEBT NOTE, H-AMS 1 & 2

No direct impact on the level of State bonded indebtedness.

STATE MANDATES FISCAL NOTE, H-AMS 1 & 2

Fails to create a State mandate.

#### GOVERNOR'S AMENDATORY VETO MESSAGE

Recommends, with respect to those situations in which there are insufficient monies in the Prepaid Tuition Trust Fund to pay contractual obligations in the next succeeding fiscal year and the Illinois Student Assistance Commission certifies to the Governor and others the amount necessary to meet those obligations, replacing a provision that requires the Governor to request the General Assembly to transfer into the Illinois Prepaid Tuition Trust Fund the amount necessary to fully pay and discharge contractual obligations arising under the Act that otherwise could not be discharged with a provision that requires the Governor, in those situations, to submit the amount so certified to the General Assembly as soon as practicable and before the end of the current State fiscal year.

Amends the School Code. Makes changes in the legislative findings and purposes that are part of the Charter Schools Law. Authorizes enrollment in a charter school on a space available basis for pupils residing in a school district outside the geographic boundaries of the area served by the local school board. Provides that approval of a charter school proposal shall not be withheld because a charter school building is not under lease, so long as at least 2 potentially available sites are identified in the submission. Clarifies that charter school submissions do not have to demonstrate unequivocally that the charter school will meet each of the declared purposes of the Charter Schools Law. Replaces references to "innovative" in describing educational and teaching techniques and programs with alternative terminology. Provides that charter school proposals may not be denied by a local school board unless the board is able to demonstrate that the proposal does not meet statutory requirements. Provides that the State Board is to review actions of the local school board in denying, refusing to renew, or revoking a charter, and requires the State Board to overrule the local school board if the charter school meets statutory requirements. Adds additional provisions relative to pupil transportation, start-up loans for textbooks and equipment, and payment schedules for funds that a charter school is to receive from a local school board. Revises provisions relating to petitions currently required to be filed in support of charter school proposals. Makes other related changes.

320 ILCS 25/2

**SENATE AMENDMENT NO. 1.**

Deletes reference to:

320 ILCS 25/2

Adds reference to:

320 ILCS 25/4

Deletes everything. Amends the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act. Conditions eligibility for a grant on annual household income of less than \$16,000 for grant year 1997 and thereafter (now, \$14,000). Effective immediately.

**HOUSE AMENDMENT NO. 1.**

Provides that in no event is the grant to exceed (1) \$700 less 4.5% of household income for the year if the household income is less than \$14,000 or (2) \$70 if the household income for that year is \$14,000 or more but less than \$16,000 (now may not exceed (1) \$700 less 4.5% of household income for that year for those with an income of \$14,000 or less or (2) \$70 if household income for that year is more than \$14,000 but less than or equal to \$24,000). Increases the household limitation for the pharmaceutical assistance program from \$14,000 to \$16,000. Changes the effective date from immediately to January 1, 1998.

FISCAL NOTE, H-AM 1 (Dept. of Revenue)

If only 20% of the new claimants use the Pharmaceutical Assistance Program at an average of \$500 per claimant, the increase cost will be \$4.9 million. Thus, the total cost of increasing the income ceiling from \$14,000 to \$16,000 as provided in this bill is estimated to be \$8.3 million.

Effective January 1, 1998.

**SENATE AMENDMENT NO. 1.**

Provides that no graduated license holder or person under the age of 18 years shall operate a motor vehicle, except for a motor driven cycle or motorcycle (instead of a first division motor vehicle titled or licensed by the Secretary), with more than one passenger in the front seat and no more passengers in the back seats than the number of available seat safety belts. Provides that the Secretary may suspend or revoke a person's driving privileges upon a showing that the person has operated a motor vehicle when the person's permit was invalid under provisions concerning an instruction permit for a minor. Provides that a driver under the age of 18 years operating a second division vehicle having a gross weight rating of 8,000 pounds or less that contains only a front seat may operate the vehicle with more than one passenger in the front seat, provided that each passenger is wearing a seat belt. Provides that provisions concerning a court entering an order for supervision of a defendant do not apply to a defendant under the age of 21 years charged with violating a serious traffic offense unless the defendant completes a traffic safety program or if the defendant has previously been sentenced to supervision for a serious traffic offense (instead of the provisions not applying if the defendant is under 18 years of age or the defendant is between 18 and 20 years of age and has previously been sentenced to supervision or been convicted of a serious traffic offense).

Adds membership interests to provisions concerning a change in control. Amends the Limited Liability Company Act, the Business Corporation Act of 1983, the Uniform Partnership Act, and the Revised Uniform Limited Partnership Act in relation to mergers with and conversions into limited liability companies. Amends the Limited Liability Company Act in relation to definitions, a company’s name, the nature of business, powers, records, supplemental principles of law, organization, articles of organization, amendment by managers, articles of amendment, filing an authorization, amendment or dissolution by judicial act, admission of members, liability of members and managers, the right to information, the agency of members and managers, company liability, management, standards of conduct, the operating agreement, the right to payments and reimbursement, actions by members, liability for contributions, distributions, claims against a dissolved company, distributional interests, rights of a transferee, rights of a creditor, dissolution, a member’s dissociation, a right of action, proper plaintiffs, the law governing and admission of foreign liability companies, annual reports, fees, penalties, transitional provisions, and the effective date. Repeals certain provisions in relation to a member’s business transactions with the company, amendment by managers and members, decisions of members, indemnification, sharing of profits and losses, distributions, resignation of a member, substituted members, and dissolution. Effective January 1, 1998.

SENATE AMENDMENT NO. 2.

Adds reference to:  
805 ILCS 180/150-10 rep.

Provides that an operating agreement may determine whether a dissociation is wrongful, and it may eliminate or vary the obligation of the limited liability company to purchase the dissociated member's distributional interest (instead of allowing the agreement to restrict the right of a member to dissociate and to restrict or modify the obligation of the company to purchase the dissociated member's interest). Provides an exception to the provisions concerning a limited liability company being dissolved and requiring its business to be wound up upon the occurrence of certain events for when the members unanimously waive the right to have the company's business wound up and the company terminated. Provides that upon the filing of the articles of dissolution, the existence of the company shall terminate (instead of cease). Provides that the manager or managers at the time of termination (instead of dissolution) shall be trustee for the members and creditors. Provides that the member or members at the time of termination shall be trustee for the members and creditors. Provides that upon a member's dissociation from a limited liability company, the member's fiduciary duties terminate (instead of the member's duty of loyalty to refrain from competing with the company before the dissolution of the company terminates). Further amends the Limited Liability Company Act to repeal provisions concerning indemnification of managers, employees and agents and insurance.

Amends the Capital Development Board Act by changing the grant index applicable to grants to school districts for school construction projects to an enrollment based formula from a weighted average daily attendance based formula. Also amends the General Obligation Bond Act to increase the State’s bonding authority by \$1,000,000,000, earmarking that increase exclusively for specified types of school construction projects over a 10 year period. Effective immediately.

**FISCAL NOTE (State Board of Education)**

Both the minimum and maximum amounts of construction funding available to school districts would increase; the amounts each district would receive depend on where the district fits into the formula. Changing to an enrollment based index would have minimal effect. Increasing the State’s bonding authority would increase State indebtedness by \$1 billion.

**STATE MANDATES FISCAL NOTE (State Board of Education)**

No change from SBE fiscal note.

**STATE DEBT IMPACT NOTE**

Increase in potential general obligation debt .....	1.9 billion

**BALANCED BUDGET NOTE**

HB 18 does not authorize, increase, decrease or reallocate any general funds appropriation for fiscal year 1997.

**FISCAL NOTE, H-AM 1 (State Bd. of Ed.)**

The change from TWADA to an enrollment based index would have minimal effect. Increasing the State’s bonding authority would increase the State’s indebtedness by \$1 billion.

**STATE MANDATES FISCAL NOTE, H-AM 1 (State Bd. of Ed.)**

No change from SBE fiscal note, amended.

**HOUSE AMENDMENT NO. 1.**

Replaces the text of a Section in the General Obligation Bond Act proposed to be amended by the bill as introduced with the text of that Section as amended by P.A. 90-1, and increases the State’s bonding authority (as established in that Section by P.A. 90-1) by \$1,000,000,000.

**STATE DEBT IMPACT NOTE, H-AM 1**

No change from previous debt impact note.

New Act

30 ILCS 340/3.1 new

Creates the Illinois Fiscal and Economic Stability Act, and creates a Fund with that name in the State treasury, separate from State general funds. Requires the Department of Revenue to deposit a specified portion of monthly net income tax receipts (called the “Annual Budget Reserve”) into the Fund. Defines the “Maximum Budget Reserve” as a specified percentage of estimated or actual appropriations from general funds. Provides that deposits into the Fund shall cease, starting in FY2002, if the balance in the Fund exceeds the Maximum Budget Reserve. Provides that moneys in the Fund may be used, starting April 1, 2001, to cover a budget shortfall. Contains text of a proposed Act to be prepared when moneys are sought to be appropriated from the Fund. Authorizes borrowing to cover a shortfall under specified circumstances. Amends the Short Term Borrowing Act by repealing the Act on April 1, 2001. Effective immediately.

**FISCAL NOTE (Bureau of Budget)**

FY98 impact of the deposit to the FESF under HB 35 would equal approximately \$190 million reduction in general funds that are otherwise available for appropriation. Eventually the MBR would equal over \$1 billion that had been taken away from programs.

- 15 ILCS 20/38.1 rep.
- 15 ILCS 20/38.2 rep.
- 30 ILCS 105/13.4 rep.

Creates the Illinois Open Budgets Act. Provides that the Governor shall present a State budget to the General Assembly on the first Wednesday in March of each year. Specifies elements to be included in the budget. Provides that each State agency, State college and university, and public and quasi-public corporation shall submit, by January 1, a budget request for the next fiscal year. Provides that the Bureau of the Budget and the Economic and Fiscal Commission shall produce, by January 15, a revenue estimate for the next fiscal year. Provides that the Governor shall submit recommended appropriations with the budget. Creates a Budget Advisory Panel to oversee development of accountability reports (and repeals language in the Civil Administrative Code pertaining to a Budget Advisory Panel). Creates an Open Budget Conference to approve certain forms and procedures. Repeals language in the State Finance Act regarding preparation and introduction of appropriation bills. Effective immediately.

**FISCAL NOTE (Bureau of Budget)**

The major financial issue raised by HB 37 is the requirement that the Budget maintain sufficient balances to pay all Section 25 liabilities. The Comptroller reports FY96 Section 25 liabilities of \$888.5 M. Assuming these grow with the budget, HB 37 would require the Governor to recommend a FY98 balance of approximately \$975 M rather than \$400 M and to reduce appropriations for programs by approximately \$575 M.

## New Act

Creates the Fund Education First Act. Beginning with fiscal year 1997, and in each fiscal year thereafter, provides that until the sum of State and federal spending for elementary and secondary education for the fiscal year represents 50% of the total revenues that the State Superintendent of Education estimates are available from local, State, and federal sources for elementary and secondary education for that fiscal year, the amount appropriated by the General Assembly from general funds for educational programs for that fiscal year shall be at least equal to the sum of (1) 50% of total new general funds available for spending from certain sources during that fiscal year, plus (2) the total amount appropriated from general funds for educational programs during the preceding fiscal year. Requires the Governor, beginning with fiscal year 1998, to include in his annual budget an allocation for education that conforms to the provisions of the Fund Education First Act. Effective immediately.

## FISCAL NOTE (State Board of Ed.)

For purposes of this analysis, we are assuming level federal funding, a 4 1/2% increase in state general revenues, a \$400 million annual increase in local property tax revenues, and a 2/3 share of funding going to elementary and secondary education with 1/3 going to higher education. It is also assumed that no fundamental changes are made in our education financing system. Under this scenario, the 50% level for state funding will be reached in the year 2020, with elementary and secondary education revenues reaching \$15.8 billion in that year (not cumulative).

## STATE MANDATES FISCAL NOTE (State Board of Ed.)

No change from SBE fiscal note.

40 ILCS 5/15-191	from Ch. 108 1/2, par. 15-191

Amends the State Universities Article of the Pension Code. Increases the System's authority to issue bonds, allowing up to \$20,000,000 to be outstanding at any one time. Limits existing benefits by: (i) excluding certain earnings after June 30, 1997 from the calculation of the final rate of earnings; (ii) imposing additional requirements on return to service following a leave of absence; (iii) requiring a return to service within one year after discharge in order to obtain credit for military service; (iv) removing a provision allowing beneficiaries to elect to receive death benefits in multiple payments; and (v) limiting credit for unused sick leave. (Article 13, Section 5 of the Illinois Constitution may prevent these limitations from applying to certain current or former members.) Changes the definition of "effective rate of interest" by adding additional factors to be included in determining the rate, including the desirability of minimizing volatility in the rate from year to year; states that the change is a clarification of existing law. Changes provisions relating to the calculation of interest when purchasing military service credit. Grants the Secretary of the Board the power to issue subpoenas. Allows annuitants and beneficiaries to authorize withholding from their annuities and benefits. Allows the System to pay benefits to the trustee of a trust created for the benefit of a minor or person under legal disability; provides that the System is not responsible for determining the validity of the trust and must conclusively rely on the representations of the trustee. Extends the deadline for early retirement without discount to September 1, 2002. Allows a person formerly employed by the University of Illinois athletic association to become a participant. Also makes technical changes.

Effective immediately.

**FISCAL NOTE (Dpt. Public Aid)**

Assistance would total \$55 million, all GRF and non-matchable by federal funds. These costs would diminish over time.

**HOUSE AMENDMENT NO. 1.**

Adds reference to:

305 ILCS 5/3-1	from Ch. 23, par. 3-1
305 ILCS 5/3-1.8 new

Amends the Aid to the Aged, Blind or Disabled Article, the Aid to Families with Dependent Children Article, and the General Assistance Article to provide that persons who are otherwise eligible for assistance under these Articles are not ineligible for assistance if they are legal permanent residents or permanently residing under color of law in the United States. Further amends the Aid to the Aged, Blind or Disabled Article to provide that to be eligible for assistance under this Article a person eligible for the Old Age, Survivors, and Disability Insurance or Supplemental Security Income programs must accept those benefits first.

**FISCAL NOTE, AMENDED (Dpt. of Public Aid)**

This amendment will require an additional \$142.0 million, increasing the total cost to approximately \$200 million.

Amends the Senior Citizens Assessment Freeze Homestead Exemption in the Property Tax Code. Allows counties, by ordinance, to establish a date for the submission of applications that is different (now earlier) than July 1.

STATE MANDATES FISCAL NOTE

In the opinion DCCA, HB 167 creates a "tax exemption mandate" which ordinarily requires reimbursement in the amount of 100% of the loss in revenue of certain local governments directly attributable to the exemption. However, HB 167 contains an express exemption under the State Mandates Act which relieves the State of any reimbursement liability.

5 ILCS 140/7 from Ch. 116, par. 207

Deletes everything. Creates the Illinois Prepaid Tuition Act and amends the Freedom of Information Act. Establishes the Illinois prepaid tuition program under which a purchaser enters into and makes the payments required under a prepaid tuition contract in order to provide a higher education for the beneficiary of the contract. The contractual payments must be made in advance of enrollment and assure payment upon the beneficiary's enrollment in a public university or community college of tuition and fee costs for the number of credit hours purchased under the contract. Provides for administration of the program by the Illinois Student Assistance Commission in conjunction with a 3-member board. Specifies provisions required to be included in the prepaid tuition contracts. Provides for deposit of contract payments into the Prepaid Tuition Trust Fund. Requires the tuition and fee payments due under the contracts to be made from the Trust Fund. Makes the contracts general obligations of the State and provides for continuing appropriations to discharge those obligations if moneys in the Trust Fund are insufficient. Contains other related provisions, including provisions under which information relating to the purchasers and qualified beneficiaries of prepaid tuition contracts is exempted from inspection, copying or disclosure under the Freedom of Information Act. Effective immediately.

**SENATE AMENDMENT NO. 1.**

Provides that each appropriation constitutes a loan that is to be repaid to the General Revenue Fund within 5 years by the Commission from prepaid tuition program contributions. Revises provisions relative to the conversion of prepaid tuition contract benefits for use at an out-of-state college or university and provides that the benefits of such a contract may not be used at for-profit educational institutions that are located outside of Illinois.

**SENATE AMENDMENT NO. 2.**
