Those assessed may apply for and receive a refund from the Council in the amount of the assessment. No assessment funds may be used for lobbying. The price of propane shall be determined by market forces and assessment fees may not be passed on to consumers.

FISCAL NOTE (Dept. of Agriculture)

Makes other changes.

FISCAL NOTE, AMENDED (Dept. of Agriculture)

With H-am 1, HB 279 would have no fiscal impact on IDOA.

Amends the Illinois Vehicle Code, Counties Code, and Illinois Municipal Code to provide that the corporate authorities of a municipality or the county board and the owner of a commercial and industrial facility that controls a parking area may by contract empower the municipality to regulate parking. Amends the Vehicle Code to provide that upon a certified report from a municipality stating that a vehicle owner has failed to pay a fine or penalty for 10 or more violations of a municipality's standing, parking, or compliance regulations (instead of 10 or more violations of a municipality's standing and parking regulations), the Secretary of State shall suspend driving privileges. Amends the Counties Code to provide that the Supervisor of Safety shall advise the county board as to contracts negotiated regulating traffic of parking areas of commercial and industrial facilities.

**HOUSE AMENDMENT NO. 1.**

Provides that a municipality may cause a suspension of a driver's license by making a report to the Secretary of State upon a failure to satisfy a fine or penalty imposed for 10 or more violations of local standing, parking, and compliance regulations (instead of 10 or more violations of local standing and parking regulations). Provide that any municipality may provide by ordinance for the sending of

notice of impending license suspension to the person who has failed to satisfy a fine or penalty imposed for 10 or more violations of local standing, parking, and compliance regulations (instead of 10 or more violations of local standing and parking regulations). Changes the title and replaces everything after the enacting clause. Adds provisions amending the School Code. For school districts with a population of less than 500,000 eliminates provisions for separate educational, operations and maintenance, transportation, working cash fund, and special education purposes tax levies and provides instead for a general operating fund levy to support those purposes. Provides that the rate of a district's general operating tax fund levy shall be the sum of the maximum rates at which the district was authorized by statute or referendum to levy taxes immediately before the amendatory Act's effective date for its educational, operations and maintenance, transportation, working cash, and special education funds. Provides for transfer of moneys from the general operating fund to the individual purpose funds and for transfer among the individual purpose funds as determined by the school board. Authorizes increases in the general operating fund levy rate, subject to certain limits, for certain purposes pursuant to referendum. Repeals various provisions of the Article of the School Code relating to school district tax levies, including provisions inconsistent with the changes proposed by the amendatory Act and provisions authorizing a supplemental tax levy by certain districts. Effective immediately.

**FISCAL NOTE, H-AM 1 (State Board of Education)**

There would be no fiscal impact on SBE for staffing. Modification of local districts' systems (assuming 850 districts) would total \$850,000. A State database would cost SBE \$50,000.

No change from SBE fiscal note.

Amends the Illinois Income Tax Act to increase the individual income tax rate, beginning January 1, 1997, to 3.15% and the corporate rate to 5.04%. Increases the rates incrementally until January 1, 2000, when the rates shall be 3.55% and 5.68%, respectively. Provides for a tax credit of 10% of property taxes paid on a residence or 5% of rent constituting real property taxes paid on rented property. Provides for supplemental returns, additional withholding, and increased estimated payments to reflect the additional tax liability imposed beginning January 1, 1997. Provides that a portion of the tax collected attributable to the portion of the tax rate in excess of 3% for individuals or 4.8% for corporations shall be deposited into the School Property Tax Relief Fund. Amends the State Finance Act to create that Fund. The Fund shall be used to assist funding school districts. Amends the Property Tax Code to direct the county clerk of each county to reduce the amount of the levy for education based on the amount received from the School Property Tax Relief Fund. Amends the School Code to require each school district to prepare a Public District Fall Enrollment Housing Report and to require the State Board of Education to compute a figure representing the "statewide dollar-per-student-enrolled" to be used in calculating the reduction in real estate taxes. Provides for disbursement from the School Property Tax Relief Fund. Amends the State Revenue Sharing Act to include amounts deposited into the School Property Tax Relief Fund as net revenue realized for purposes of the Local Government Distributive Fund. Amends the State Mandates Act to exempt this amendatory Act from any reimbursement requirement. Effective immediately.

**STATE MANDATES FISCAL NOTE**

In the opinion of DCCA, HB 537 creates a "local gov't organiza-

tion and structure mandate“ for which no reimbursement by the State is required. HB 537 amends the State Mandate Act to relieve the State of reimbursement liability. This note makes no representation as to the impact of HB 537 upon the revenues of local school districts. Such an analysis is the responsibility of the State Board of Education.

FISCAL NOTE (Dpt. of Revenue)

Net estimated FY98 increase, \$138 million; FY99, \$505 million; FY2000, \$749 million; FY2001, \$1.1 billion.

5 ILCS 315/3 from Ch. 48, par. 1603

Amends the Illinois Public Labor Relations Act. Excludes officers of the Department of State Police below the rank of lieutenant from the provisions determining supervisor or manager status. Provides that a bargaining unit for peace officers in the Department of State Police determined by the Illinois State Labor Relations Board shall not include both peace officers in the rank of master sergeant and peace officers in the ranks of sergeant or trooper, unless the Department agrees to the unit.

**FISCAL NOTE (Ill. State Police)**

The Ill. State Police cannot accurately determine the financial impact upon the department, although we would submit costs would be significant. An example of the exposure to additional

cost is the fact the bill dictates ISP Master Sergeants would no longer be considered supervisors, which would require an expensive and time-consuming restructuring of the department.

35 ILCS 5/304

from Ch. 120, par. 3-304

Amends the Illinois Income Tax Act. Provides that if a person other than a resident derives business income from this State and others, the business income shall be apportioned to this State by multiplying the income by the sales factor (now by multiplying the income by a fraction, the numerator of which is the sum of the property factor, the payroll factor, and 200% of the sales factor and the denominator of which is 4 reduced by the number of factors other than the sales factor which have a denominator of zero and by an additional 2 if the sales factor has a denominator of zero). Deletes provisions in the definition of sales factor stating that sales are in this State if the property is shipped from this State and the purchaser is the government or is otherwise exempt from taxation. Deletes provision stating that sales are not in this State if the seller and purchaser would be members of the same unitary business group but for the fact that one of them is a person with 80% or more of total business activity outside of the United States and the property is purchased for resale. Provides that the provision excluding dividends and Subpart F income from the sales factor shall apply to taxable years ending on or after December 31, 1995 (now taxable years ending on or after December 31, 1995 and excluding taxable years ending after December 31, 1997). Effective immediately.

35 ILCS 5/1501

Deletes everything. Amends the Illinois Income Tax Act. Provides that for tax years ending on or after December 31, 1997, persons other than residents who derive business income from this State and one or more other states shall apportion their business income using a single factor sales formula. Provides that this sales factor shall be a fraction, the numerator of which is the total sales of the person in this State during the taxable year, and the denominator of which is the total sales of the person everywhere during the taxable year. Excludes certain amounts from the sales factor for taxable years ending on or after December 31, 1995. Provides that no penalty shall be imposed for failure to pay the estimated tax due before the effective date of this amendatory Act if the underpayments are solely attributable to the change in the apportionment of income. In the definition of "unitary business group", provides that if the members' accounting periods differ, the common par-

ent's accounting period, or if there is no common parent, the accounting period of the member that is expected to have, on a recurring basis, the greatest Illinois income tax liability must be used to determine which apportionment method to use. Provides that the provisions of this amendatory Act apply to tax years ending on or after December 31, 1997. Effective immediately.

New Act

30 ILCS 105/5.449 new

820 ILCS 405/1506.3 from Ch. 48, par. 576.3

Creates the Employment Training Act. Creates an Employment Training Panel in the Department of Commerce and Community Affairs. Creates an Employment Training Fund in the State Treasury (and amends the State Finance Act to include that Fund as a special fund). Amends the Unemployment Insurance Act to impose an extra 0.1% on employer contributions, with the extra amount to be deposited into the Fund. Provides that the Panel shall: prepare an annual plan and an annual report; enter into contracts for the provision of employment training; allocate the Fund; evaluate projects; coordinate job training programs; and perform other duties.

**FISCAL NOTE (DCCA)**

FY98 fiscal impact on DCCA is \$10.5 M; FY99 and each fiscal

year thereafter, fiscal impact is estimated at \$42 M.  
 FISCAL NOTE (Dpt. Employment Security)  
 An additional payroll tax would generate approximately \$42 million annually. Potential loss of Federal Unemployment Tax Act tax credit could total up to \$2 billion annually, and up to \$160 million annually in loss of federal grants. Piggy-backing a State tax on a federally-financed collection of State unemployment insurance tax requires approximately \$750,000 to \$1,000,000 annually to be reimbursed to the federal gov't. In order to avoid loss of federal funding totalling about \$110 million annually. There would be additional administrative costs for management, banking costs, computer programming which could total several hundreds of thousands of dollars annually.

65 ILCS 5/11-74.4-3 from Ch. 24, par. 11-74.4-3

Amends the Tax Increment Allocation Redevelopment Act in the Illinois Municipal Code. Redefines "blighted area" to mean any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where the majority of certain buildings or improvements within the area and the area as a whole exhibit significant evidence of blight because of the presence of a combination of factors or if the area designated is vacant and the sound growth of the taxing district is impaired by certain factors. Redefines "conservation area" to require certain factors to be present throughout the area as a whole so that the municipality can certify that, absent investment that will not occur unless the area is designated as a redevelopment project area, the continued existence of the area constitutes a threat to public safety, health, and welfare and the sound growth of the taxing district and the area will become a "blighted area". Requires a redevelopment plan to include evidence demonstrating that the area on the whole will not be subject to future growth and development without the blighted or conservation area designation. Redefines "redevelopment project" to mean any public and private development or redevelopment project in furtherance of the objectives of a redevelopment plan when the development or redevelopment takes place through the use of incremental revenue or the powers otherwise granted to the municipality. Makes other changes.

Amends the School Code. Deletes a provision which includes as a form of legal custody used in determining a pupil’s district of residence custody exercised by an adult who demonstrates that he has assumed and exercises legal responsibility for the pupil and provides the pupil with a regular fixed night-time abode for purposes other than to have access to the educational programs of a school district. Also replaces a provision that provides that the residence of a person who has legal custody is deemed to be the residence of the pupil with language that provides that the residence of a pupil is deemed to be the residence of a person who has legal custody of the pupil.

**STATE MANDATES FISCAL NOTE (State Board of Ed.)**

It is assumed that since the burden of proof would become more stringent, fewer students will be able to establish legal residency outside of their “true” districts of residence. This will have a positive fiscal effect on individual districts that no longer have to serve particular students tuition-free. The size of the effect will vary from district to district and is impossible to calculate since no data are collected on the number and whereabouts of students in this situation.

35 ILCS 5/245 new

Amends the State Finance Act and the Illinois Income Tax Act. Provides that a person may forgo claiming certain standard income tax exemptions or the property tax credit and may instead direct that the additional amount of tax resulting from not claiming the exemptions or credit shall be deposited into the Do-It-Yourself School Funding Fund, a special fund created in the State treasury. Provides that the Department of Revenue shall distribute to each school district the amount deposited into the Fund attributable to taxpayers that reside in that school district. Provides that if a taxpayer does not reside in a unit school district, the funds deposited into the Fund and attributable to that taxpayer shall be distributed equally to the elementary school district and high school district in which the taxpayer resides.

**FISCAL NOTE (Dept. of Revenue)**

HB 752, an indeterminate amount of new revenues will be increased to be allocated back to school districts. However, HB 752 also will increase the Dept. of Revenue's administrative costs to implement the new allocation system.

415 ILCS 5/57.18 new

Amends the Environmental Protection Act to provide that a portion of a site or facility used for treatment of petroleum contaminated materials and for storage of petroleum contaminated materials before treatment is not a pollution control facility for purposes of the Act. Allows persons completing documents required under the Underground Storage Tank Title of the Act to use forms not prescribed by the Agency, except in the case of certain cover sheets or certifications. Provides that legal defense costs are recoverable as corrective action under that Title if incurred by the owner or operator of an affected site or underground storage tank in the course of appealing a final Environmental Protection Agency decision to recover other corrective action costs.

**FISCAL NOTE (EPA)**

The fiscal impact of HB 757 on EPA would be an annual reduction in the Leaking Underground Storage Tank Fund. The amount of that reduction is unclear as it is based upon an undetermined number and cost of appeals however, it is anticipated that it will significantly reduce the amount of funds available for reimbursing corrective action costs.

Amends the School Code. Creates the Professional Teacher Standards Board consisting of 19 members appointed by the Governor, with the advice and consent of the Senate, to administer the Article of the School Code governing the certification of teachers and other certificated school personnel and the approval of teacher and administrator preparation programs. Gives the Professional Teacher Standards Board all powers and duties currently exercised by the State Board of Education and the State Teacher Certification Board with respect to administration of the certification and program approval process, and abolishes the State Teacher Certification Board. Authorizes the Professional Teacher Standards Board to employ an Executive Director and such other staff members as are necessary to exercise its powers and duties and carry out its functions. Effective January 1, 1998.

**FISCAL NOTE (State Bd. of Ed.)**

The cost would likely be several million dollars. SBE costs do not serve as a good estimate since many expenses are shared among a variety of agency programs.

**STATE MANDATES FISCAL NOTE (SBE)**

**STATE MANDATES FISCAL NOTE, H-AM 1 (SBE)**

30 ILCS 105/9c new

Amends the State Finance Act. Requires the Comptroller to compile and maintain a list of the names and addresses of all persons and entities that have invested in public bonds or any other form of State debt, the amount the persons or entities invested, the type of investment, and, for purposes of certificates of participation only, the project for which the certificates were issued. Requires the list to be available for review by the public upon request by any person and by means of a searchable database that is accessible through the World Wide Web.

**FISCAL NOTE (Comptroller)**

Based on \$25.7 billion in bond issues, the Comptroller could need to maintain a database of 257,000 entities. Cost to compile the database could extend into the millions. There would be a one-time cost of \$16,000 plus \$36,000 annually to load and maintain the database, plus additional costs for updating and distributing the information. Access through the World Wide Web could be costly and creation of a web page could cost upwards of \$70,000, plus maintenance costs.

**HOUSE AMENDMENT NO. 1.**

Prescribes the type of notice required to be given of each public hearing. Effective immediately.

**FISCAL NOTE**

The estimated cost to the University would be \$12,795.

Requires the Board to promulgate regulations governing the application for and award of scholarships and for administration of the scholarship program. Effective immediately.

**FISCAL NOTE (U of I)**

The total cost in the first year would be \$170,960 and \$341,920 in the second year of the program. The cost would also rise in out years as tuition and fees increase.

110 ILCS 305/7

from Ch. 144, par. 28

Amends the University of Illinois Act. Provides that persons who contract with the University of Illinois to acquire from the University and develop land and buildings which the University acquired by purchase, lease, or exercise of the power of eminent domain in an area located on or adjacent to the University's Chicago campus shall pay 1% of the equalized assessed value of the land or buildings to the University. Requires the University to retain those amounts in its own treasury in a separate account designated as the Relocation Assistance Account. Requires the University to develop and implement a relocation assistance plan for businesses and residential and other property owners displaced as a result of the University's acquisition and the development of the area in which the displaced businesses and residential and other property owners were located. Requires use of amounts in the Relocation Assistance Account solely to implement the relocation plan, under which substitute property within one mile of the displacement area may be acquired by the Board of Trustees for the benefit of the displaced businesses and property owners. Effective immediately.

**FISCAL NOTE (U of I at Chicago)**

If a 1% fee is permitted, approximately \$40,000 would be generated from land remaining and targeted for acquisition by UIC.

If UIC sells land to community groups or developers for \$25 M, about \$90,000 would be generated; if the developer pays the 1%, cost would be approximately \$90,000. The relocation program would therefore be self-supporting. However, due to UIC's tax status, there is no assessed value of the land, so there would not be any funds set aside for the relocation program.

In the opinion of DCCA, HB855 fails to meet the definition of a State mandate.

loan and grant moneys appropriated from that Fund to school districts for temporary relocation expenses incurred due to natural or man-made disasters which destroy school buildings or due to condemnation by a regional superintendent of a school building that is unsafe, unsanitary, or unfit for occupancy. Provides that a school district must levy a temporary relocation expense tax and pay over the proceeds to the State for deposit into the Temporary Relocation Expenses Revolving Grant Fund (instead of the General Revenue Fund) in order to repay amounts distributed to the district from the newly created fund for its temporary relocation expenses. New Act  
 30 ILCS 105/5.449 new

Creates the Rainy Day and Education First Act and amends the State Finance Act. Creates the Revenue Stabilization Fund as a special fund within the State treasury for use in meeting the State’s obligations and casual deficits. Provides that for any year when the State’s estimated general funds revenues exceed the prior year’s general funds revenues by more than 4% the Governor shall submit a proposed budget to the General Assembly that includes transfers into the Revenue Stabilization Fund of an amount not less than 0.25% of the anticipated general funds revenues. Provides that the General Assembly shall appropriate no less than 0.25% of the estimated revenues to the Revenue Stabilization Fund. Provides for the transfer of funds into the Revenue Stabilization Fund. Sets a maximum Revenue Stabilization Fund balance and provides for transfers into the Educational Assistance Fund when that maximum is met. Effective immediately.

**FISCAL NOTE (Comptroller)**

The fiscal impact will vary year by year. However, for fiscal year 1996, the Governor would have built into his budget an appropriation of \$42.5 million to move money from the general funds to the Revenue Stabilization Fund according to the .25% rule. For fiscal year 1996, .25% of general funds revenues actually equaled \$44.8 million. The difference in the amount that would have been requested in the Governor’s budget and the amount that could actually have been transferred reflects the fact that revenues were higher than originally estimated in FY 1996.

Amends the State Universities Article of the Pension Code. Increases the System's authority to issue bonds, allowing up to \$20,000,000 to be outstanding at any one time. Limits existing benefits by: (i) excluding certain earnings after June 30, 1997 from the calculation of the final rate of earnings; (ii) imposing additional requirements on return to service following a leave of absence; (iii) requiring a return to service within one year after discharge in order to obtain credit for military service; and (iv) removing a provision allowing beneficiaries to elect to receive death benefits in multiple payments. (Article 13, Section 5 of the Illinois Constitution may prevent these limitations from applying to certain current or former members.) For new participants only, limits credit for unused sick leave to a maximum of one year. Changes the definition of "effective rate of interest" by adding additional factors to be included in determining the rate, including the desirability of minimizing volatility in the rate from year to year; states that the change is a clarification of existing law. Changes provisions relating to the calculation of interest when purchasing military service credit. Deletes provisions that suspend or reduce the annuity of certain persons who return to employment after retirement. Grants the Secretary of the Board the power to issue subpoenas. Allows annuitants and beneficiaries to authorize withholding from their annuities and benefits. Allows the System to pay benefits to the trustee of a trust created for the benefit of a minor or person under legal disability; provides that the System is not responsible for determining the validity of the trust and must conclusively rely on the representations of the trustee. Also makes technical changes. Effective immediately.

Amends the State Finance Act and the Illinois State Collection Act of 1986. Requires that the Auditor General establish a Debt Collection Unit for the collection of overdue debts owed to the State. Beginning July 1, 1998, requires State agencies other than universities to determine the uncollectibility of debts using rules adopted by the Auditor General and to turn over to the Debt Collection Unit debts more than 90 days overdue. Exempts confidential debts owed to the Department of Revenue. Permits universities to use the Auditor General's rules and to turn debts over to the Debt Collection Unit. Requires that 10% of debts collected by the Debt Collection Unit be deposited into a special fund in the State treasury for payment of the Unit's administrative costs. Requires the Auditor General to report semi-annually to the General Assembly and State Comptroller upon debts owed to the State and upon collection efforts. Abolishes in 1998 the Debt Collection Board, the Comptroller's use of special account receivable funds, and the use of private collection services by individual State agencies. Effective immediately.

**FISCAL IMPACT NOTE (Dept. of Revenue)**

HB 960 will not have a fiscal impact upon the Dept.

**FISCAL NOTE (Auditor General)**

Total start-up cost would be \$2,490,250, not including any dollar amount for office space. Cost of acquiring additional office space is not known or estimative at this time.

**FISCAL NOTE (Comptroller)**

Total annual staffing cost and fringe would be \$1,254,000 for 34 employees. Annual support costs would average \$2,300 per employee for a total of \$1,332,200.

**JUDICIAL NOTE**

There may be an increase in judicial workloads. However, HB960 would not increase the need for the number of judges in the State.

**STATE MANDATES FISCAL NOTE**

In the opinion of DCCA, HB 960 fails to create a State mandate under the State Mandates Act.

**JUDICIAL NOTE**

There may be an increase in judicial workloads. It is not possible to determine what impact there will be on the need to increase the number of judges in the State.

**FISCAL NOTE (Dpt. Public Aid)**

HB964 will have a fiscal impact on administrative costs which must either be borne by the State's Attorneys or which will become part of contracts with DPA. An average case will require 1/2 day of man-hours and a fee of \$8 to \$30 to register the lien. If the State's Attorneys were successful in securing such liens, it would be reasonable to assume there would be an increase in collections. The amount cannot be determined at this time.

**STATE MANDATES FISCAL NOTE**

In the opinion of DCCA, HB 964 fails to create a State mandate under the State Mandates Act.

110 ILCS 947/30

Amends the Higher Education Student Assistance Act. Increases the amount of the merit scholarship award to \$3,000 from \$1,000 for the 1998-99 and subsequent academic years. Reduces the \$3,000 award to an amount equal to the educational expenses that the award recipient will incur during the academic year in which the award is effective if those educational expenses are less than the amount of the increased merit scholarship award. Effective July 1, 1997.

FISCAL NOTE (Student Assistance Commission)

There is no fiscal impact in FY 1998. In FY 1999 and thereafter, if HB 972 became law, the Commission would seek increased appropriations in the regular budget development process to provide \$3,000 awards, rather than \$1,000 awards to statutorily eligible students. The estimated cost to fully fund this legislation for the top 5.0 percent of Ill. high school graduating seniors would be \$12.5 million per year, beginning in FY 1999.

New Act

35 ILCS 5/203

from Ch. 120, par. 2-203

Creates the Educational Choice Act. Establishes a pilot program under which, beginning with the 1998-99 school year, the parents or guardians of pupils residing within a selected geographic region of the Chicago school district are entitled to vouchers for payment of qualified education expenses incurred by the pupils while enrolled at public or non-home based, nonpublic elementary or secondary schools that are located in the region selected. A pupil must be a member of a family that has a total family income that does not exceed one and one-half times the family income level necessary to qualify for free meals under the National School Lunch Act in order to participate in the program. The State Board of Education is to reimburse the school at which a pupil enrolls for the amount of the voucher (which cannot exceed the lesser of \$2,500 or the pupil's qualified education expenses reasonably incurred at the school at which the pupil is enrolled, subject to equitable allocation of a lower amount if the aggregate amount needed to fund vouchers for all qualifying pupils would otherwise exceed \$5,000,000 in any year). Creates a Council of Advisers that is to select the region that is to be the locus of the pilot program. Defines terms. Adds provisions relative to the manner in which vouchers are requested, issued, and paid. Provides for a reduction in the Chicago school district's State aid by an amount equal to total vouchers paid, subject to a maximum reduction in one year of \$5,000,000. Provides that the amount of a voucher is not taxable for Illinois income tax purposes to a person who redeems the voucher. Amends the Illinois Income Tax Act to provide that an amount equal to a redeemed voucher shall be deducted from the adjusted gross income that constitutes the base income of an individual for Illinois income tax purposes. Provides that the Act is repealed July 1, 2002. Effective immediately.

Also deletes from the Authority's name the phrase "for Behavior Disturbed or Severe Emotionally Disturbed Individuals". Specifies 4 events, any of which creates a vacancy on the Authority. Replaces references to placements of individuals with a reference to a plan of service for individuals. In the provisions relating to required installation of sprinkler systems in school buildings, additions, or project areas that constitute school construction, changes the definition of school construction, adds that new areas or uses of buildings in which sprinkler systems are not required shall be protected by installation of an automatic fire detection system, and deletes provisions of current law that require school boards to submit plans and specifications for proposed sprinkler systems to the regional superintendent of schools for forwarding to the State Board of Education for review and approval. Expands the State Assessment program to provide for assessment of pupils in grades 4, 7, 8, 10, and 11. Revises provisions relative to the Prairie State Achievement Examination. Adds provisions relative to expedited hearings in accordance with the federal Individuals with Disabilities Education Act for the purpose of moving or challenging a decision to move a student from his or her current placement to an alternative educational setting because of dangerous misconduct. Authorizes school boards to seek zoning changes, variations, and special uses for school property. Authorizes laboratory schools to apply for and receive any grants administered by the State Board of Education that are available to other school districts. Prohibits school boards from knowingly employing persons who, in proceedings under Article II of the Juvenile Court Act of 1987, are found to be perpetrators of sexual or physical abuse of minors under 18 years of age. Requires the appropriate regional superintendent of schools or the State Superintendent of Education to initiate proceedings for the suspension or revocation of the teaching or administrative certificates of such perpetrators. Makes other changes to the School Code concerning alternatives to the dissection of animals, pupils attending school on a tuition free basis, the validation of certain tax levies and extensions, studying the Irish Famine, attendance centers, and school truants. Amends the Illinois School Student Records Act to allow the dissemination of records to a governmental agency to investigate a student's school attendance. Also amends the Juvenile Court Act of 1987 to require the Department of State Police to include in its background investigation report to a school district covering a person who applies for school district employment information reported by a court to the Department concerning the court's determination that such person inflicted physical or sexual abuse upon a minor. 225 ILCS 446/80

Amends the Private Detective, Private Alarm, Private Security, and Locksmith Act of 1993. New staff would cost approximately \$57,800 for the renewal cycle only. New applications (approximately 52,000 per year), with photographs, would require 1,733 additional hours of processing, approximately \$30,680 with additional staff.

**HOUSE AMENDMENT NO. 1.**

New Act

Creates the Re-employment Support Program Act. Creates a program similar to the Unemployment Insurance program, to be administered by the Department of Employment Security and funded with appropriations from general revenue funds of the State, for employees who lose their job for reasons other than misconduct, are ineligible for Unemployment Insurance, and would be eligible for the Temporary Assistance for Needy Families (TANF) program created by the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996. Funds used shall qualify for the State's maintenance of effort requirements under the TANF program. Eligibility for benefits shall be determined in coordination with the Department of Human Services.

**FISCAL NOTE (Dpt. Employment Security)**

Assuming 40,000 eligible individuals, the new program benefits could range from \$38 million to \$232 million annually. Estimated implementation costs could range from \$2 million to \$5 million annually. Indirect operation costs would average \$12,000 annually. Total annual on-going administrative costs would be approximately \$8,595,000. Increase in overhead for postage could reach \$65,000 per year.

**STATE MANDATES FISCAL NOTE**

In the opinion of DCCA, HB1088 fails to create a State mandate.

**HOME RULE NOTE**

HB 1088 does not preempt the power of home rule units of local gov't.

**HOUSE AMENDMENT NO. 1.**

Deletes everything and reinserts only the short title and purpose provisions of the bill as introduced. Creates the Re-employment Support Program Act. Provides that the purpose of the Act is to expand the coverage of the re-employment strategy used by the Unemployment Insurance program by using general revenue funds to serve workers who do not qualify for Unemployment Insurance and who would otherwise likely resort to public assistance to sustain their families while they search for re-employment.

Amends the Check Number Act. Changes the short title to the Check Printer and Check Number Act. Provides that persons not affiliated with a financial institution and engaged in the business of printing checks must register with the Commissioner of Banks and Real Estate. Requires these check printers to verify the name, address, telephone number, and social security number of check purchasers and to refuse to distribute ordered checks if the information cannot be verified. Requires these check printers to post a bond. Creates a civil cause of action for persons damaged by a check printer's failure to verify. Authorizes minimum damages of \$1,000 plus attorneys' fees. Provides that making a false statement on the registration form is a Class 3 felony. Effective immediately.

FISCAL NOTE (Dpt. of Financial Institutions)

HB 1113 would have no fiscal impact on the Dept.

FISCAL NOTE (Office of Banks and Real Estate)

The number of entities which would need to register is unknown, but if 200 check printers registered, OBRE estimates start-up costs of about \$25,000, plus annual expenditures of \$10,000.

There is no provision for registration fees or some other way to recover costs.

CORRECTIONAL NOTE

HB1113 will have minimal fiscal and prison population impact.

Amends the State Finance Act to create the Museums Educational Programs Fund. Amends the Riverboat Gambling Act. Changes the wagering tax from a flat tax on adjusted gross receipts to a graduated tax on those adjusted gross receipts. Amends the Environmental Protection Act to redefine "special waste". Provides that certain industrial process waste and pollution control waste shall be managed as special waste unless the generator provides a specified certification. Effective immediately.

**HOUSE AMENDMENT NO. 2.**

Provides that, to the extent that a term or condition of an existing permit requires the permittee to treat as special waste a material that is made a non-special waste under this amendatory Act of 1997, that term or condition is hereby superseded, and the permittee may treat that material as a non-special waste, even if the material is identified in the permit as part of a particular waste stream rather than identified specifically as a special waste. Excludes portable devices and containers with up to one inch of special waste residue from the category of industrial process waste or pollution control waste that is considered to be special waste. Deletes the provision limiting the effectiveness of a non-special waste certification to 3 years. Removes the requirement that the certification be maintained on site. Requires the certifying generator to maintain the certification while it is effective and for 3 years following termination of its effectiveness. Allows the Agency to require a generator to analytically test waste following certification if it believes the certification to be inaccurate. Deletes potentially infectious medical waste and hazardous waste from the list of waste categories that a generator may certify to that his or her own waste does not fall under and, therefore, that his or her waste is not industrial process waste or pollution control waste (or special waste).

Amends the Aid to Families with Dependent Children Article of the Illinois Public Aid Code. Provides that the Department of Human Services, as the successor agency to the Department of Public Aid for the purpose of administering the AFDC program, shall apply the same budgeting process to income from child support as it does for earned income, but not counting as income the first \$50 in child support received each month. Provides that families may choose to have the unearned income of a household member who is not included in the assistance unit budgeted as earned income of the assistance unit. Effective July 1, 1997.

**STATE MANDATES FISCAL NOTE**

HB 1129 fails to create a State mandate.

**FISCAL NOTE (Dept. of Public Aid)**

HB1129 would have a significant impact on the child support enforcement trust fund which is used to operate the State's Child Support Program. By passing onto the client not only the first \$50 collected, but also \$2 of each additional \$3 collected, the trust fund would ultimately go bankrupt without the infusion of general revenue funds.

**HOUSE AMENDMENT NO. 1.**

Deletes everything and reinserts language similar to the bill as introduced, but provides that the provisions regarding budgeting child support income apply to families who have income from employment as well as child support income. Provides that the Dept. shall distribute child support to the family not exceeding the amount required to be paid to the family each month. Provides that implementation of the budgeting process in these provisions is contingent on the Department of Health and Human Services granting a waiver or agreeing not to claim child support money distributed to families as the federal share of the amount collected. Effective July 1, 1997.

STATE MANDATES FISCAL NOTE, H-AM 1

FISCAL NOTE, H-AM 1 (Dept. of Public Aid)

**HOUSE AMENDMENT NO. 2.**

Replaces provisions regarding budgeting earned income and child support income for families receiving cash assistance. Provides that the Department shall reduce the cash assistance grant by an amount equal to one-third of the child support paid to the household and that the family shall continue to be eligible for cash assistance if the budgeted earned income and child support does not exceed the federal poverty level. Deletes provisions regarding budgeting unearned income.

Deletes everything. Creates the Telecommunications Municipal Infrastructure Maintenance Fee Act. Imposes a personal property replacement tax on telecommunications retailers in the amount of 0.5% of all gross charges charged to an address on the telecommunications originating or received in this State. Allows the governing body of a municipality to impose an infrastructure maintenance fee on telecommunications retailers by ordinance or resolution in an amount not to exceed (1) in a municipality with a population of more than 500,000, 2% of all gross charges to service addresses in the municipality and (2) in a municipality with a population of 500,000 or less, 1% of all gross charges to service addresses in the municipality. Changes references in the Telephone Company Act from “public right-of-way” to “right-of-way”.

**SENATE AMENDMENT NO. 3.**

Amends the School Code. Provides for the creation by the Chicago Board of Education of a Task Force on Harassment Suppression to receive and investigate charges of, and take other related action with respect to, harassing and punitive action taken by school officials or other school employees against local school council members or members of their families. Effective immediately.

**FISCAL NOTE (State Board of Education)**

Estimated office-related costs for the Chicago School Reform Board would be \$22,000. Liability insurance for members and investigators and attorneys' fees for outside attorneys would add a substantial amount.

**STATE MANDATES FISCAL NOTE (SBE)**

No change from SBE fiscal note.

**HOUSE AMENDMENT NO. 1.**

Revises the size of the Task Force and the manner in which its members are to be appointed. Eliminates provisions under which the Task Force may act by a panel of 9 members. Provides that if the general superintendent of schools determines that suspension or removal for cause proceedings should not be instituted with respect to a matter referred by the Task Force, that the general superintendent of schools shall provide written reasons for that determination to both the Task Force and the board of education.

**STATE DEBT IMPACT NOTE**

HB 1202 would not have an impact on the level of State debt.

**FISCAL NOTE, H-AM 1 (State Bd. of Ed.)**

We estimate that the Chicago School Reform Board of Trustees would incur an expense of approximately \$11,000 for these costs. Task force members and persons conducting investigations on their behalf are likely to need liability insurance. There will undoubtedly be attorneys' fees associated with the work of the task force.

105 ILCS 5/10-20.12b

Amends the School Code. Replaces provisions that determine a pupil's residency based on the residence of the person with whom the pupil resides for reasons other than to have access to the educational programs of a school district with provisions that determine the pupil's residency based on the residence of the person with whom the pupil resides unless the pupil's custody is granted to or exercised by that person solely for the purpose of the pupil's transfer from one school district to another in order to access the educational programs of the latter district. In the provisions including as a form of legal custody the custody exercised by an adult who assumes and exercises legal responsibility for the pupil and provides the pupil with a regular night-time place of abode, provides that the term "adult" includes a family member and replaces "legal responsibility" with "physical custody and care". Effective immediately.

Amends the Human Rights Act. Provides that nothing in the Act shall be construed as requiring any employer, employment agency, or labor organization to give preferential treatment or other affirmative action based on sexual orientation. Provides that discrimination against a person because of his or her sexual orientation constitutes unlawful discrimination under the Act. Provides that it is a civil rights violation to engage in blockbusting in real estate because of the present or prospective entry of persons with a particular sexual orientation into the vicinity. Provides that the owner of an owner-occupied residential building with 4 or fewer units is not prohibited from making decisions regarding whether to rent to a person based upon that person's sexual orientation. Defines "sexual orientation".

**FISCAL NOTE (Human Rights Commission)**

There would be no fiscal impact on the Commission in FY98. If there is a 5% increase (as in Chicago/Cook County), the Comm. anticipates approximately 26 more complaints. For every 80 to 90 additional complaints, the Commission would need an additional administrative law judge (ALJ), and for every 5 ALJs, one Assistant General Counsel, and for every 3 ALJs, a clerical support person. Total estimated for all additional staff would be between \$89,000 and \$92,000.

**STATE MANDATES FISCAL NOTE**

In the opinion of DCCA, HB1241 fails to create a State mandate under the State Mandates Act.

**FISCAL NOTE (Dpt. Human Services)**

Charges are expected to increase by \$250,000 annually.

**JUDICIAL NOTE**

It has been determined that the bill would neither decrease nor increase the need for the number of judges in the state.

HOME RULE NOTE

HB 1241 does not preempt home rule authority.

HOUSING AFFORDABILITY NOTE

Amends the Secured Transactions Article of the Uniform Commercial Code. Removes the provision that in order to perfect a security interest in equipment used in farming, farm products, items related to the sale of farm products by a farmer, or crops growing or to be grown, filing must occur in the office of the appropriate county recorder, instead of requiring filing in the office of the Secretary of State. Makes provisions for filings completed at county recorders offices before the effective date of this Amendatory Act of 1997. Effective January 1, 1998.

**HOUSE AMENDMENT NO. 1.**

Adds reference to:  
 55 ILCS 5/3-5018 from Ch. 34, par. 3-5018  
 810 ILCS 5/9-403 from Ch. 26, par. 9-403

Deletes everything. Reinserts language identical to the bill as introduced and additionally provides that on and after the effective date of this amendatory Act of 1997, a debtor who is a resident of Illinois using such items as collateral shall, within 30 days after filing with the Secretary of State, send to the recorder of the county of the debtor's residence, for informational purposes only, a copy of the financing statements filed with the Secretary of State, along with a \$10 fee. Provides that these double filing requirements are inoperative after the earlier of July 1, 1999 or the effective date of changes made to the Code in conformance with recommendations of the National Conference of Commissioners on Uniform State Laws to make the office of the Secretary of State the proper place to file a financing statement described in these provisions. Provides that failure to file with the recorder does not affect the validity of the security interest. Amends the Counties Code to reflect changes to the Uniform Commercial Code. Effective January 1, 1998.

Requires the Bureau of the Budget to administer and issue the certificates. Provides that the Comptroller and Treasurer shall approve the certificates. Effective immediately.

## STATE DEBT IMPACT NOTE

HB1591 would increase State debt as follows:

COPs principal .....	\$125.0 million
Estimated COPS debt service .....	\$241.5 million
Annual debt service payments .....	\$ 10.2 million

## FISCAL NOTE (State Treasurer)

HB1591 will have a minimal fiscal impact on State resources with new operations costs being absorbed by existing staffs.

## FISCAL NOTE (Comptroller)

Total estimated cost for publication & support is \$16,000.

## FISCAL NOTE (Bureau of the Budget)

HB1591 appears to permit only BOB to issue up to \$125 M of COPs for real or personal property (currently the \$125 M limit applies only to real property). Eliminating third party issue authority will make the COP form of financing less flexible and efficient. The required notifications and reports will add minor administrative costs.
