Amends the School Code and the General State Aid Continuing Appropriation Law. For supplementary grants in aid, provides that the amount of the aggregate general State aid in combination with supplemental general State aid for which each school district is eligible for the 1998-1999 school year and any subsequent school year (instead of just the 1998-1999 school year) shall be no less than the amount of the aggregate general State aid entitlement that was received by the district for the 1997-98 school year and removes the provision that requires the supplementary payments that districts are to receive to be prorated if the amount appropriated is insufficient. Adds as one of the eligibility criteria to qualify for a general State aid adjustment grant that the operating tax rate of the school district in the preceding tax year would have been, absent any reduction by the Clerk of the County as a result of the requirements of the Property Tax Extension Limitation Law, at least 3.00%, 2.30%, or 1.41% depending on the school district. Provides that claims for general State aid adjustment grants shall be paid in a lump sum from appropriations made expressly for claims (instead of only from appropriations made by the General Assembly expressly for claims) and removes a provision that requires the appropriation available for claims to be proportionately prorated if the appropriation is insufficient. Adds references to provisions concerning supplementary grants in aid and general State aid adjustment grants to the General State Aid Continuing Appropriation Law. Makes other changes. Amends the Capital Development Board Act by changing the grant index applicable to grants to school districts for school construction projects to an enrollment based formula from a weighted average daily attendance based formula. Also amends the General Obligation Bond Act to increase the State's bonding authority by \$1,000,000,000, earmarking that increase exclusively for specified types of school construction projects over a 10 year period. Effective immediately.

FISCAL NOTE (Bureau of Budget)

Total debt service will be approximately \$1.845 billion.

FISCAL NOTE (State Board of Education)

Both the minimum and maximum amounts of construction funding available to school districts would increase; the amounts each district would receive depend on where the district fits into the formula. Changing to an enrollment based index would have minimal effect. Increasing the State's bonding authority would increase State indebtedness by \$1 billion.

STATE MANDATES FISCAL NOTE (State Board of Education)

No change from SBE fiscal note.

STATE DEBT IMPACT NOTE

Increase in:

general obligation principal .....	\$ 1.0 billion
potential general obligation debt .....	1.9 billion
maximum annual debt service payment (in FY2022) .....	78.3 million
Increase in potential general obligation debt .....	1.9 billion

BALANCED BUDGET NOTE

HB 18 does not authorize, increase, decrease or reallocate any general funds appropriation for fiscal year 1997.

FISCAL NOTE, H-AM 1 (State Bd. of Ed.)

The change from TWADA to an enrollment based index would have minimal effect. Increasing the State's bonding authority would increase the State's indebtedness by \$1 billion.

STATE MANDATES FISCAL NOTE, H-AM 1 (State Bd. of Ed.)

No change from SBE fiscal note, amended.

**HOUSE AMENDMENT NO. 1.**

Replaces the text of a Section in the General Obligation Bond Act proposed to be amended by the bill as introduced with the text of that Section as amended by P.A. 90-1, and increases the State's bonding authority (as established in that Section by P.A. 90-1) by \$1,000,000,000.

STATE DEBT IMPACT NOTE, H-AM 1

No change from previous debt impact note.

**SENATE AMENDMENT NO. 1. (Senate recedes May 21, 1998)**

Restores the grant index to a weighted average daily attendance based formula and eliminates the bill's immediate effective date clause.

New Act  
 30 ILCS 340/3.1 new

Creates the Illinois Fiscal and Economic Stability Act, and creates a Fund with that name in the State treasury, separate from State general funds. Requires the Department

of Revenue to deposit a specified portion of monthly net income tax receipts (called the "Annual Budget Reserve") into the Fund. Defines the "Maximum Budget Reserve" as a specified percentage of estimated or actual appropriations from general funds. Provides that deposits into the Fund shall cease, starting in FY2002, if the balance in the Fund exceeds the Maximum Budget Reserve. Provides that moneys in the Fund may be used, starting April 1, 2001, to cover a budget shortfall. Contains text of a proposed Act to be prepared when moneys are sought to be appropriated from the Fund. Authorizes borrowing to cover a shortfall under specified circumstances. Amends the Short Term Borrowing Act by repealing the Act on April 1, 2001. Effective immediately.

**FISCAL NOTE (Bureau of Budget)**

FY98 impact of the deposit to the FESF under HB 35 would equal approximately \$190 million reduction in general funds that are otherwise available for appropriation. Eventually the MBR would equal over \$1 billion that had been taken away from programs.

 15 ILCS 20/38.1 rep.

Creates the Illinois Open Budgets Act. Provides that the Governor shall present a State budget to the General Assembly on the first Wednesday in March of each year. Specifies elements to be included in the budget. Provides that each State agency, State college and university, and public and quasi-public corporation shall submit, by January 1, a budget request for the next fiscal year. Provides that the Bureau of the Budget and the Economic and Fiscal Commission shall produce, by January 15, a revenue estimate for the next fiscal year. Provides that the Governor shall submit recommended appropriations with the budget. Creates a Budget Advisory Panel to oversee development of accountability reports (and repeals language in the Civil Administrative Code pertaining to a Budget Advisory Panel). Creates an Open Budget Conference to approve certain forms and procedures. Repeals language in the State Finance Act regarding preparation and introduction of appropriation bills. Effective immediately.

**FISCAL NOTE (Bureau of Budget)**

The major financial issue raised by HB 37 is the requirement that the Budget maintain sufficient balances to pay all Section 25 liabilities. The Comptroller reports FY96 Section 25 liabilities of \$888.5 M. Assuming these grow with the budget, HB 37 would require the Governor to recommend a FY98 balance of approximately \$975 M rather than \$400 M and to reduce appropriations for programs by approximately \$575 M.

625 ILCS 5/18c-7402 from Ch. 95 1/2, par. 18c-7402

Amends the Vehicle Code to require the Commerce Commission and the Metropolitan Transit Authority to conduct a pilot project in the Village of Fox River Grove, the

site of a fatal school bus accident at a railroad crossing, in order to improve railroad crossing safety. Directs the Commission to set the maximum speed limit for Metropolitan Transit Authority trains at 50 miles per hour in the Village of Fox River Grove. Provides that if the Authority deliberately fails to comply with this speed limit, an entity shall appropriately reduce or eliminate funding. Requires the Commission and the Authority to report annually to the Governor and General Assembly on the project.

HOUSE AMENDMENT NO. 1.

Replaces references to the Metropolitan Transit Authority with the Regional Transportation Authority and its Board of the Commuter Rail Division. Provides that the maximum train speed limit is 50 miles per hour at intersections on that portion of the rail line (instead of 50 miles per hour on that portion of the rail line) located in the Village of Fox River Grove.

SENATE AMENDMENT NO. 1.

Adds reference to:  
625 ILCS 5/18c-7402.5 new

Deletes everything. Reinserts the engrossed bill but with the following changes. Provides that the provisions concerning requiring the Commerce Commission to conduct a pilot project by setting the speed limit for Metropolitan Transit Authority trains at 50 miles per hour in the Village of Fox River Grove are inoperative after February 1, 2001. Provides that the Commission (instead of the Commission and the Authority) shall report on the project to the Governor and General Assembly in January 1999, January 2000, and January 2001, with a final report in January 2001 also (instead of reporting annually). Further amends the Vehicle Code. Requires the Commerce Commission to conduct a safety study at railroad crossings in the Village of Fox River Grove, in consultation with the Village of Fox River Grove. Requires the Commission to conduct at least one public forum to discuss railroad crossing safety, including the impact of lowering train speeds. Requires the Commission to report to the Governor and the General Assembly on the results of this study and forum. Repeals these safety study and forum provisions on February 1, 2001. Adds a January 1, 1998 effective date.

## New Act

Creates the Fund Education First Act. Beginning with fiscal year 1997, and in each fiscal year thereafter, provides that until the sum of State and federal spending for elementary and secondary education for the fiscal year represents 50% of the total revenues that the State Superintendent of Education estimates are available from local, State, and federal sources for elementary and secondary education for that fiscal year, the amount appropriated by the General Assembly from general funds for educational programs for that fiscal year shall be at least equal to the sum of (1) 50% of total new general funds available for spending from certain sources during that fiscal year, plus (2) the total amount appropriated from general funds for educational programs during the preceding fiscal year. Requires the Governor, beginning with fiscal year 1998, to include in his annual budget an allocation for education that conforms to the provisions of the Fund Education First Act. Effective immediately.

**FISCAL NOTE (State Board of Ed.)**

For purposes of this analysis, we are assuming level federal funding, a 4 1/2% increase in state general revenues, a \$400 million annual increase in local property tax revenues, and a 2/3 share of funding going to elementary and secondary education with 1/3 going to higher education. It is also assumed that no fundamental changes are made in our education financing system. Under this scenario, the 50% level for state funding will be reached in the year 2020, with elementary and secondary education revenues reaching \$15.8 billion in that year (not cumulative).

**STATE MANDATES FISCAL NOTE (State Board of Ed.)**

No change from SBE fiscal note.

Also allows persons who retire under the alternative (State police) formula to have their benefits based on last-day salary rather than a 48-month average. Increases the required State contribution to the System through FY 2011. Amends the State Universities Article of the Pension Code to provide for a new retirement formula of 2.2% per year of service. Increases the maximum retirement annuity from 75% to 80% of the final rate of

Amends the State Employees Group Insurance Act of 1971 to require that certain new annuitants and survivors of the State Employees' Retirement System and the State Universities Retirement System make contributions toward the cost of their basic group health insurance. Requires the Executive Secretary of SERS to verify health care premiums. Amends the State Finance Act to provide that State employees shall not be entitled to compensation for unused sick leave accumulated on or after January 1, 1998. Effective immediately.

40 ILCS 5/15-191	from Ch. 108 1/2, par. 15-191

Amends the State Universities Article of the Pension Code. Increases the System's authority to issue bonds, allowing up to \$20,000,000 to be outstanding at any one time. Limits existing benefits by: (i) excluding certain earnings after June 30, 1997 from the calculation of the final rate of earnings; (ii) imposing additional requirements on return to service following a leave of absence; (iii) requiring a return to service within one year after discharge in order to obtain credit for military service; (iv) removing a provision allowing beneficiaries to elect to receive death benefits in multiple payments; and (v) limiting credit for unused sick leave. (Article 13, Section 5 of the Illinois Constitution may prevent these limitations from applying to certain current or former members.) Changes the definition of "effective rate of interest" by adding additional factors to be included in determining the rate, including the desirability of minimizing volatility in the rate from year to year; states that the change is a clarification of existing law. Changes provisions relating to the calculation of interest when purchasing military service credit. Grants the Secretary of the Board the power to issue subpoenas. Allows annuitants and beneficiaries to authorize withholding from their annuities and benefits. Allows the System to pay benefits to the trustee of a trust created for the benefit of a minor or person under legal disability; provides that the System is not responsible for determining the validity of the trust and must conclusively rely on the representations of the trustee. Extends the deadline for early retirement without discount to September 1, 2002. Allows a person formerly employed by the University of Illinois athletic association to become a participant. Also makes technical changes.

105 ILCS 5/27-23.5 new

Amends the School Code. Gives public school students the right to exercise freedom of speech and freedom of the press through publication and distribution of expression in publications that are school sponsored, whether or not the publications are supported financially by the school, by the use of school facilities, or are produced in conjunction with a class. Limits certain types of expression such as expression that incites students to imminent lawless action. Makes student editors of school-sponsored publications responsible for determining the content of the publications subject to prescribed limitations and standards. Requires school boards to adopt a freedom of expression policy. Protects school districts and officials that have not interfered with or altered the content of student expression from civil or criminal liability for expressions made or published by students. Authorizes actions for injunctive or declaratory relief to enforce freedom of expression rights.

**HOUSE AMENDMENT NO. 1.**

Replaces everything after the enacting clause. Provides that public high school students have the right to exercise freedom of the press and that expressions contained in a high school newspaper are not subject to prior restraint except for expressions that are libelous, obscene, or harmful to minors, constitute an unwarranted invasion of privacy, or incite students to imminent lawless action. Provides that the governing board of a school district that publishes a high school newspaper shall adopt a student freedom of expression policy. Adds provisions relative to the responsibility of student editors of high school newspapers and of journalism advisors. Authorizes injunctive or declaratory relief actions to enforce rights provided by the amendatory Act, provides that school districts are not required to have a student newspaper and are not prohibited from adopting otherwise valid rules relating to certain oral or other written student materials, and adds a severability clause.

**STATE MANDATES FISCAL NOTE**

In the opinion DCCA, HB 167 creates a “tax exemption mandate” which ordinarily requires reimbursement in the amount of 100% of the loss in revenue of certain local governments directly attributable to the exemption. However, HB 167 contains an express exemption under the State Mandates Act which relieves the State of any reimbursement liability.

HOUSE AMENDMENT NO. 1.

Deletes reference to:

35 ILCS 5/203

Adds reference to:

New Act

5 ILCS 140/7

from Ch. 116, par. 207

Deletes everything. Creates the Illinois Prepaid Tuition Act and amends the Freedom of Information Act. Establishes the Illinois prepaid tuition program under which a purchaser enters into and makes the payments required under a prepaid tuition contract in order to provide a higher education for the beneficiary of the contract. The contractual payments must be made in advance of enrollment and assure payment upon the beneficiary's enrollment in a public university or community college of tuition and fee costs for the number of credit hours purchased under the contract. Provides for administration of the program by the Illinois Student Assistance Commission in conjunction with a 3-member board. Specifies provisions required to be included in the prepaid tuition contracts. Provides for deposit of contract payments into the Prepaid Tuition Trust Fund. Requires the tuition and fee payments due under the contracts to be made from the Trust Fund. Makes the contracts general obligations of the State and provides for continuing appropriations to discharge those obligations if moneys in the Trust Fund are insufficient. Contains other related provisions, including provisions under which information relating to the purchasers and qualified beneficiaries of prepaid tuition contracts is exempted from inspection, copying or disclosure under the Freedom of Information Act. Effective immediately.

SENATE AMENDMENT NO. 1.

Deletes provisions in the engrossed bill that create a Prepaid Tuition Review Board and provides for the performance of what were to be the responsibilities of that Board by the Illinois Student Assistance Commission or an advisory panel. Provides that the advisory panel shall give advice and counsel to the Commission, which is to administer the prepaid tuition program. Provides that the advisory panel shall consist of 7 members appointed by the Commission, including one recommended by the State Treasurer, one recommended by the State Comptroller, one recommended by the Director of the Bureau of the Budget, and one recommended by the Executive Director of the Board of Higher Education. Revises the definition of a MAP-eligible institution. Provides that the start-up period for the program (during which administrative costs are to be paid by appropriations from the General Revenue Fund) shall be up to 18 months (instead of 12 months). Provides that each appropriation constitutes a loan that is to be repaid to the General Revenue Fund within 5 years by the Commission from prepaid tuition program contributions. Revises provisions relative to the conversion of prepaid tuition contract benefits for use at an out-of-state college or university and provides that the benefits of such a contract may not be used at for-profit educational institutions that are located outside of Illinois.

SENATE AMENDMENT NO. 2.

Deletes provisions making the prepaid tuition contracts direct obligations of the State for the payment of which the full faith and credit of the State are pledged. Also deletes a continuing appropriation provision mandating transfer to the Prepaid Tuition Trust Fund of amounts necessary to discharge obligations under the contracts if the amounts appropriated by the General Assembly for that purpose are insufficient. Provides instead for certification by the Illinois Student Assistance Commission to the Governor, Board of Higher Education, President of the Senate, and Speaker of the House of Representatives of any shortfall in the ability to meet contractual obligations in a succeeding fiscal year, and requires the Governor to request the General Assembly to make an appropriation of the amount necessary to discharge all contractual obligations that could not otherwise be met.

The price of propane shall be determined by market forces and assessment fees may not be passed on to consumers.

Amends the Residential Real Property Disclosure Act. Provides that the Act applies only to a "seller" who is a person or entity with a legal or equitable interest in the residential real property and either has occupied or has had management responsibility for the property. Provides that the seller shall supplement the disclosure document if it contains known errors or is subsequently rendered inaccurate before closing. Adds to the disclosure report form a note that the disclosures reflect the current condition of the premises and do not include previously corrected problems. Provides that if a material defect is disclosed in a supplemental document, then the prospective buyer shall not have the right to terminate the contract unless the seller had actual knowledge of the defect before the initial disclosure. Provides that if the seller fails or refuses to deliver the disclosure document before the conveyance of the residential property, then the buyer shall have the right to terminate the contract.

## HOUSE AMENDMENT NO. 1.

Replaces the amendatory provisions defining "seller" to provide that the Residential Real Property Disclosure Act applies to all sellers who have a legal or equitable interest in the residential real property, but does not apply to a person who has neither occupied nor managed the property. Deletes the amendatory provision requiring the seller to supplement the disclosure document if the document is rendered inaccurate by any occurrence before closing. Provides that the disclosure document does not include problems the seller reasonably believes have been corrected.

In the definition of "civil legal services", clarifies that the legal representation or advice shall be provided for non-criminal or traffic matters that either (i) are pending in courts in Illinois or (ii) have a reasonable potential for court action in Illinois based on the nature of the matter at issue, provided, however, representation and advice in traffic matters shall not include representation in formal court proceedings. Changes the title and replaces everything after the enacting clause. Adds provisions amending the School Code. For school districts with a population of less than 500,000 eliminates provisions for separate educational, operations and maintenance, transportation, working cash fund, and special education purposes tax levies and provides instead for a general operating fund levy to support those purposes. Provides that the rate of a district's general operating tax fund levy shall be the sum of the maximum rates at which the district was authorized by statute or referendum to levy taxes immediately before the amendatory Act's effective date for its educational, operations and maintenance, transportation, working cash, and special education funds. Provides for transfer of moneys from the general operating fund to the individual purpose funds and for transfer among the individual purpose funds as determined by the school board. Authorizes increases in the general operating fund levy rate, subject to certain limits, for certain purposes pursuant to referendum. Repeals various provisions of the Article of the School Code relating to school district tax levies, including provisions inconsistent with the changes proposed by the amendatory Act and provisions authorizing a supplemental tax levy by certain districts. Effective immediately.

FISCAL NOTE, H-AM 1 (State Board of Education)

There would be no fiscal impact on SBE for staffing. Modifica-

tion of local districts' systems (assuming 850 districts) would total \$850,000. A State database would cost SBE \$50,000.  
 STATE MANDATES NOTE, H-AM 1 (State Board of Education)  
 No change from SBE fiscal note.

New Act

Creates the Dies and Molds Ownership Transfer Act of 1997. Provides that if a customer does not take possession of its die, mold, form, jig, or pattern within 3 years of the fabricator's last use of it, the fabricator may have all rights, title, and interest transferred to him or her for purposes of destruction of the materials by sending written notice by registered mail that the fabricator intends to terminate the customer's rights in the materials. If a customer does not act within 90 days of the date notice is sent, all rights in the materials are transferred to the fabricator for purposes of destruction of the materials. This Act does not grant the customer any rights to a die, mold, form, jig, or pattern; does not affect any written agreement between a fabricator and a customer; does not affect the rights of a customer under federal patent or copyright law or State or federal laws pertaining to unfair competition; and does not affect the rights granted under the Plastics Dies and Molds Ownership Transfer Act. Such an analysis is the responsibility of the State Board of Education.

115 ILCS 5/13 from Ch. 48, par. 1713

115 ILCS 5/4.5 rep.

Amends the Illinois Educational Labor Relations Act. Repeals provisions added by Public Act 89-15 that establish prohibited subjects of collective bargaining between an

educational employer whose territorial boundaries are coterminous with those of a city having a population in excess of 500,000 and an exclusive representative of the employees of that educational employer. Also eliminates language added by that Public Act that prohibits educational employees employed by the Chicago school district from engaging in strikes for an 18 month period beginning on the effective date of that Public Act and that prohibits payment of compensation to employees participating in a prohibited strike. Effective immediately.

FISCAL NOTE (Educational Labor Relations Bd.)

Since there has not been a noticeable decrease in the number of cases filed involving Chi. Board of Ed. or Chi. prior to the restoration of bargaining obligations, there is unlikely now to be an increase in the number of cases filed.

5 ILCS 315/3 from Ch. 48, par. 1603

Amends the Illinois Public Labor Relations Act. Excludes officers of the Department of State Police below the rank of lieutenant from the provisions determining supervisor or manager status. Provides that a bargaining unit for peace officers in the Department of State Police determined by the Illinois State Labor Relations Board shall not include both peace officers in the rank of master sergeant and peace officers in the ranks of sergeant or trooper, unless the Department agrees to the unit.

FISCAL NOTE (Ill. State Police)

The Ill. State Police cannot accurately determine the financial impact upon the department, although we would submit costs would be significant. An example of the exposure to additional cost is the fact the bill dictates ISP Master Sergeants would no longer be considered supervisors, which would require an expensive and time-consuming restructuring of the department.

35 ILCS 5/304 from Ch. 120, par. 3-304

Amends the Illinois Income Tax Act. Provides that if a person other than a resident derives business income from this State and others, the business income shall be apportioned to this State by multiplying the income by the sales factor (now by multiplying the income by a fraction, the numerator of which is the sum of the property factor, the payroll factor, and 200% of the sales factor and the denominator of which is 4 reduced by the number of factors other than the sales factor which have a denominator of zero and by an additional 2 if the sales factor has a denominator of zero). Deletes provisions in the definition of sales factor stating that sales are in this State if the property is shipped from this State and the purchaser is the government or is otherwise exempt from taxation. Deletes provision stating that sales are not in this State if the seller and purchaser would be members of the same unitary business group but for the fact that one of them is a person with 80% or more of total business activity outside of the United States and the property is purchased for resale. Provides that the provision excluding dividends and Subpart F income from the sales factor shall apply to taxable years ending on or after December 31, 1995 (now taxable years ending on or after December 31, 1995 and excluding taxable years ending after December 31, 1997). Effective immediately.

**HOUSE AMENDMENT NO. 1.**

Adds reference to:

- 35 ILCS 5/804 from Ch. 120, par. 8-804
- 35 ILCS 5/1501 from Ch. 120, par. 15-1501

Deletes everything. Amends the Illinois Income Tax Act. Provides that for tax years ending on or after December 31, 1997, persons other than residents who derive business

income from this State and one or more other states shall apportion their business income using a single factor sales formula. Provides that this sales factor shall be a fraction, the numerator of which is the total sales of the person in this State during the taxable year, and the denominator of which is the total sales of the person everywhere during the taxable year. Excludes certain amounts from the sales factor for taxable years ending on or after December 31, 1995. Provides that no penalty shall be imposed for failure to pay the estimated tax due before the effective date of this amendatory Act if the underpayments are solely attributable to the change in the apportionment of income. In the definition of "unitary business group", provides that if the members' accounting periods differ, the common parent's accounting period, or if there is no common parent, the accounting period of the member that is expected to have, on a recurring basis, the greatest Illinois income tax liability must be used to determine which apportionment method to use. Provides that the provisions of this amendatory Act apply to tax years ending on or after December 31, 1997. Effective immediately.

Provides that the Panel shall: prepare an annual plan and an annual report; enter into contracts for the provision of employment training; allocate the Fund; evaluate projects; coordinate job training programs; and perform other duties.

**FISCAL NOTE (DCCA)**

FY98 fiscal impact on DCCA is \$10.5 M; FY99 and each fiscal year thereafter, fiscal impact is estimated at \$42 M.

**FISCAL NOTE (Dpt. Employment Security)**

An additional payroll tax would generate approximately \$42 million annually. Potential loss of Federal Unemployment Tax Act tax credit could total up to \$2 billion annually, and up to \$160 million annually in loss of federal grants. Piggy-backing a State tax on a federally-financed collection of State unemployment insurance tax requires approximately \$750,000 to \$1,000,000 annually to be reimbursed to the federal gov't. in order to avoid loss of federal funding totalling about \$110 million annually. There would be additional administrative costs for management, banking costs, computer programming which could total several hundreds of thousands of dollars annually.

**STATE MANDATES FISCAL NOTE, H-AM 1**

In the opinion of DCCA, HB629, with H-am 1, creates a service mandate which requires a 50% to 100% reimbursement. The cost, if any, is expected to be minimal. If the General Assembly finds the cost to be less than \$1000 per unit of local government, or less than \$50,000 in the aggregate for all units of local government, no reimbursement is required.

**HOME RULE NOTE, H-AM 1**

Does not preempt home rule authority.

**FISCAL NOTE, H-am 1 (Dept. of Public Health)**

The Dept. expects this legislation would require one additional FTE (HFSN) to respond to inquiries and complaints. Total fiscal implications will be approximately \$50,000.

FISCAL NOTE (CMS)

The Dept. of CMS estimates that HB 643 will result in a 1.8 to 2.5 percent increase in HMO cost, which would equate to \$4.6 million to \$6.2 million.

105 ILCS 5/2-3.25g from Ch. 122, par. 2-3.25g

Amends provisions of the School Code relating to waivers and modifications of School Code mandates. Prohibits school districts from requesting waivers of anything that would jeopardize school accreditation. Requires the local public hearing on a district’s waiver or modification application to be held on a day other than a regular school board meeting day, requires the district to give written notice of the public hearing to affected collective bargaining agents and to the State legislators who represent the district, and requires a district to attest to the district’s compliance with applicable notification and procedural requirements. Requires (now authorizes) the State Board of Education to disapprove a request for a waiver or modification of an administrative rule or a modification of a mandate in specified instances. Provides that the State Board of Education waiver request reports that are required to be filed with the General Assembly must include an analysis of how the waiver would address statutory criteria for waiver approval. Eliminates a requirement of filing waiver reports with the Secretary of State. Provides that a waiver or modification may be changed during the period that it is to remain in effect under the same procedure as is applicable to an initial waiver or modification request, and adds that if neither the State Board of Education nor the General Assembly disapproves, the change is deemed granted. Effective immediately.

**HOUSE AMENDMENT NO. 1.**

Eliminates the requirement that the local public hearing on a district’s waiver or modification application be held on a day other than a regular school board meeting day.

**FISCAL IMPACT NOTE (State Bd. of Ed.)**

Costs, incurred only if a dist. sought a waiver or modification, would not appear to increase fiscal burdens. New costs for notification are nominal and could be absorbed in existing budgets. Costs to SBE could be absorbed in existing budget.

**STATE MANDATES FISCAL NOTE (SBE)**

No change from SBE fiscal note.

**FISCAL NOTE, H-AM 1 (State Bd. of Ed.)**

HB689, with H-am 1, will have only a minor fiscal impact on SBE and local school districts. These costs can be absorbed within current budgets.

**STATE MANDATES FISCAL NOTE, H-AM 1 (SBE)**

No change from SBE fiscal note.

**HOUSE AMENDMENT NO. 3.**

Replaces everything after the enacting clause. Amends provisions of the School Code relating to waivers and modifications of School Code mandates. Requires a school district to notify those State legislators who represent the district of the time, date, place, and general subject matter of a public hearing that the district is required to hold concerning its intent to obtain a waiver or modification of School Code mandates or administrative rules. Provides that the notice of the hearing that affected exclusive collective bargaining agents are entitled to receive shall be given at least 7 days before

the date of the hearing. Provides that a waiver or modification may be changed during the period that it is to remain in effect under the same procedure as is applicable to an initial waiver or modification request, and adds that if neither the State Board of Education nor the General Assembly disapproves, the change is deemed granted. Effective immediately.

FISCAL NOTE, H-AM 3 (State Bd. of Ed.)

HB 689, with H-am 3 will have only a minor fiscal impact.

STATE MANDATES FISCAL NOTE, H-AM 3 (SBE)

No change from SBE fiscal note, with H-am 3.

STATE DEBT IMPACT NOTE, H-AM 3

105 ILCS 5/10-20.12b

Amends the School Code. Deletes a provision which includes as a form of legal custody used in determining a pupil's district of residence custody exercised by an adult who demonstrates that he has assumed and exercises legal responsibility for the pupil and provides the pupil with a regular fixed night-time abode for purposes other than to have access to the educational programs of a school district. Also replaces a provision that provides that the residence of a person who has legal custody is deemed to be the residence of the pupil with language that provides that the residence of a pupil is deemed to be the residence of a person who has legal custody of the pupil.

## STATE MANDATES FISCAL NOTE (State Board of Ed.)

It is assumed that since the burden of proof would become more stringent, fewer students will be able to establish legal residency outside of their "true" districts of residence. This will have a positive fiscal effect on individual districts that no longer have to serve particular students tuition-free. The size of the effect will vary from district to district and is impossible to calculate since no data are collected on the number and whereabouts of students in this situation.

105 ILCS 5/2-3.25g

from Ch. 122, par. 2-3.25g

Amends the School Code. In the provisions relating to waivers of School Code mandates and administrative rules, adds that waivers may not be requested from provisions relating to a regional superintendent's exercise of supervision and control over school districts in his or her educational service region. Effective July 1, 1997.

**STATE MANDATES FISCAL NOTE**

The bill would affect school districts to the extent that certain cost savings afforded by waivers would no longer be available to them. There is no basis for calculating the extent of this effect, since each district is different and the waivers requested vary from location to location.

Amends the Environmental Protection Act to provide that a portion of a site or facility used for treatment of petroleum contaminated materials and for storage of petroleum contaminated materials before treatment is not a pollution control facility for purposes of the Act. Allows persons completing documents required under the Underground Storage Tank Title of the Act to use forms not prescribed by the Agency, except in the case of certain cover sheets or certifications. Provides that legal defense costs are recoverable as corrective action under that Title if incurred by the owner or operator of an affected site or underground storage tank in the course of appealing a final Environmental Protection Agency decision to recover other corrective action costs.

**FISCAL NOTE (EPA)**

The fiscal impact of HB 757 on EPA would be an annual reduction in the Leaking Underground Storage Tank Fund. The amount of that reduction is unclear as it is based upon an undetermined number and cost of appeals however, it is anticipated that it will significantly reduce the amount of funds available for reimbursing corrective action costs.

Amends the State Finance Act. Requires the Comptroller to compile and maintain a list of the names and addresses of all persons and entities that have invested in public bonds or any other form of State debt, the amount the persons or entities invested, the type of investment, and, for purposes of certificates of participation only, the project for which the certificates were issued. Requires the list to be available for review by the public upon request by any person and by means of a searchable database that is accessible through the World Wide Web.

FISCAL NOTE (Comptroller)

Based on \$25.7 billion in bond issues, the Comptroller could need to maintain a database of 257,000 entities. Cost to compile the database could extend into the millions. There would be a one-time cost of \$16,000 plus \$36,000 annually to load and maintain the database, plus additional costs for updating and distributing the information. Access through the World Wide Web could be costly and creation of a web page could cost upwards of \$70,000, plus maintenance costs.

Prescribes the type of notice required to be given of each public hearing. Effective immediately.

Requires the Board to promulgate regulations governing the application for and award of scholarships and for administration of the scholarship program. Effective immediately.

FISCAL NOTE (U of I)

**HB-0855 SILVA, GILES AND TURNER,ART.**

110 ILCS 305/7 from Ch. 144, par. 28

Amends the University of Illinois Act. Provides that persons who contract with the University of Illinois to acquire from the University and develop land and buildings which the University acquired by purchase, lease, or exercise of the power of eminent domain in an area located on or adjacent to the University's Chicago campus shall pay 1% of the equalized assessed value of the land or buildings to the University. Requires the University to retain those amounts in its own treasury in a separate account designated as the Relocation Assistance Account. Requires the University to develop and implement a relocation assistance plan for businesses and residential and other property owners displaced as a result of the University's acquisition and the development of the area in which the displaced businesses and residential and other property owners were located. Requires use of amounts in the Relocation Assistance Account solely to implement the relocation plan, under which substitute property within one mile of the displacement area may be acquired by the Board of Trustees for the benefit of the displaced businesses and property owners. Effective immediately.

FISCAL NOTE (U of I at Chicago)

If a 1% fee is permitted, approximately \$40,000 would be generated from land remaining and targeted for acquisition by UIC.

If UIC sells land to community groups or developers for \$25 M, about \$90,000 would be generated; if the developer pays the 1%, cost would be approximately \$90,000. The relocation program would therefore be self-supporting. However, due to UIC's tax status, there is no assessed value of the land, so there would not be any funds set aside for the relocation program.

- New Act  
 30 ILCS 105/5.449 new
- Creates the Rainy Day and Education First Act and amends the State Finance Act. Creates the Revenue Stabilization Fund as a special fund within the State treasury for use in meeting the State's obligations and casual deficits. Provides that for any year when the State's estimated general funds revenues exceed the prior year's general funds revenues by more than 4% the Governor shall submit a proposed budget to the General Assembly that includes transfers into the Revenue Stabilization Fund of an amount not less than 0.25% of the anticipated general funds revenues. Provides that the General Assembly shall appropriate no less than 0.25% of the estimated revenues to the Revenue Stabilization Fund. Provides for the transfer of funds into the Revenue Stabilization Fund. Sets a maximum Revenue Stabilization Fund balance and provides for transfers into the Educational Assistance Fund when that maximum is met. Effective immediately.
- FISCAL NOTE (Comptroller)  
 Fiscal impact will vary year by year. For FY1996, the Gov's budget would have included \$42.5 M to move money from general funds to the Revenue Stabilization Fund (the .25% rule). For FY1996, this .25% amount actually equaled \$44.8 M, reflective of revenues that were higher than originally estimated.

Amends the State Universities Article of the Pension Code. Increases the System's authority to issue bonds, allowing up to \$20,000,000 to be outstanding at any one time. Limits existing benefits by: (i) excluding certain earnings after June 30, 1997 from the calculation of the final rate of earnings; (ii) imposing additional requirements on return to service following a leave of absence; (iii) requiring a return to service within one year after discharge in order to obtain credit for military service; and (iv) removing a provision allowing beneficiaries to elect to receive death benefits in multiple payments. (Article 13, Section 5 of the Illinois Constitution may prevent these limitations from applying to certain current or former members.) For new participants only, limits credit for unused sick leave to a maximum of one year. Changes the definition of "effective rate of interest" by adding additional factors to be included in determining the rate, including the desirability of minimizing volatility in the rate from year to year; states that the change is a clarification of existing law. Changes provisions relating to the calculation of interest when purchasing military service credit. Deletes provisions that suspend or reduce the annuity of certain persons who return to employment after retirement. Grants the Secretary of the Board the power to issue subpoenas. Allows annuitants and beneficiaries to authorize withholding from their annuities and benefits. Allows the System to pay benefits to the trustee of a trust created for the benefit of a minor or person under legal disability; provides that the System is not responsible for determining the validity of the trust and must conclusively rely on the representations of the trustee. Also makes technical changes. Effective immediately.

820 ILCS 115/4.5 new

Amends the Wage Payment and Collection Act. Provides that before employing a person as an employee, an employer shall ask the person whether he or she currently owes a duty to pay child support. Provides that if an employer pays wages in cash to an employee who at the time of payment owes a duty to pay child support and if that payment of wages in cash enables the employee to evade his or her duty to pay child support, then the employer commits a business offense punishable by a fine equal to 3 times the amount of support owed by the employee plus the costs of collecting that support. Provides that upon collecting the fine, the clerk of the court shall pay the amount of the fine to the custodial parent or other legal guardian of the child for whom the employee owed the support, for the benefit of the child.

Amends the Illinois Marriage and Dissolution of Marriage Act, the Non-Support of Spouse and Children Act, the Revised Uniform Reciprocal Enforcement of Support Act, and the Illinois Public Aid Code. Provides that for the purposes of enforcement of a child support order a transfer made by a child support obligor is fraudulent as to an obligee if the obligor made the transfer with the intent to defraud the obligee or without receiving equivalent value for the transfer. Provides that in an action for relief from a transfer by a child support obligor the State's Attorney may obtain avoidance of the transfer, an attachment of the asset transferred, an injunction, appointment of a receiver, or any other relief circumstances may require.

**JUDICIAL NOTE**

There may be an increase in judicial workloads. It is not possible to determine what impact there will be on the need to increase the number of judges in the State.

**FISCAL NOTE (Dpt. Public Aid)**

HB964 will have a fiscal impact on administrative costs which must either be borne by the State's Attorneys or which will become part of contracts with DPA. An average case will require 1/2 day of man-hours and a fee of \$8 to \$30 to register the lien. If the State's Attorneys were successful in securing such

liens, it would be reasonable to assume there would be an increase in collections. The amount cannot be determined at this time.

#### STATE MANDATES FISCAL NOTE

In the opinion of DCCA, HB 964 fails to create a State mandate under the State Mandates Act.

Deletes everything after the enacting clause. Reinserts the bill as amended but with the following changes. Provides that the Secretary of State shall begin to replace multi-year registration plates (instead of requiring the Secretary to conduct a replating process every 5 years and issue new plates for all registered motor vehicles at that time). Provides that after completion of the replacement of the plates, the Secretary shall, in the Secretary's discretion, periodically replace multi-year registration plates. Provides that a person who violates the provision prohibiting a person from operating a vehicle or permitting the operation of a vehicle upon which is displayed a registration plate or sticker after the termination of the registration period or expiration date is guilty of petty offense and shall be fined not less than \$100 and not more than \$500. Provides that beginning January 1, 1998, of the moneys collected as registration fees under the provisions concerning the term of multi-year registration plates, 75 cents of each registration or renewal fee shall be deposited in the Secretary of State Registration Plate Replacement Fund and requires that moneys in this Fund, subject to appropriation, be used for plate manufacturing and plate processing costs for registrations issued under the provisions concerning the term of multi-year registration plates. Further amends the State Finance Act to create the Secretary of State Registration Plate Replacement Fund. Further amends the Vehicle Code to allow the Secretary of State to adopt rules for the enforcement of vehicle registrations to insure compliance with certain provisions concerning registration. Effective immediately.

**HOUSE AMENDMENT NO. 3.**

Provides that moneys appropriated from the Secretary of State Registration Plate Replacement Fund are in addition to any moneys otherwise appropriated to the Secretary of State for plate manufacturing and plate processing costs for registrations issued under provisions concerning the term of multi-year registration plates or similar purposes (instead of in addition to any moneys otherwise appropriated to the Secretary).

Amends the Higher Education Student Assistance Act. Increases the amount of the merit scholarship award to \$3,000 from \$1,000 for the 1998-99 and subsequent academic years. Reduces the \$3,000 award to an amount equal to the educational expenses that the award recipient will incur during the academic year in which the award is effective if those educational expenses are less than the amount of the increased merit scholarship award. Effective July 1, 1997.

FISCAL NOTE (Student Assistance Commission)  
 There is no fiscal impact in FY1998. In FY1999 and thereafter, if HB 972 became law, the Commission would seek increased appropriations in the regular budget development process to provide \$3,000 awards, rather than \$1,000 awards to statutorily eligible students. The estimated cost to fully fund this legislation for the top 5.0 percent of Ill. high school graduating seniors would be \$12.5 million per year, beginning in FY1999.

New Act

Creates the Child Advocate Act. Provides that the Governor, with the advice and consent of the Senate, shall appoint a Child Advocate to direct the Office of the Child Advocate. Sets forth the powers and duties of the Office in relation to: child welfare; evaluation of service delivery, procedures, and laws; education; advocacy; intervention and representation in court actions; and other matters. Provides that the Child Advocate shall have access to specified types of records relating to children and families. Protects the Office from liability under specified circumstances.

FISCAL NOTE (Bureau of Budget)

If the Child Advocate was part of the Dept. of Human Services it likely would have a minimal cost, probably under \$200 thousand. If a separate bureaucracy is created the cost would likely be more significant, probably \$1 to \$2 million.

New Act

35 ILCS 5/203

from Ch. 120, par. 2-203

Creates the Educational Choice Act. Establishes a pilot program under which, beginning with the 1998-99 school year, the parents or guardians of pupils residing within a selected geographic region of the Chicago school district are entitled to vouchers for payment of qualified education expenses incurred by the pupils while enrolled at public or non-home based, nonpublic elementary or secondary schools that are located in the region selected. A pupil must be a member of a family that has a total family income that does not exceed one and one-half times the family income level necessary to qualify for free meals under the National School Lunch Act in order to participate in the program. The State Board of Education is to reimburse the school at which a pupil enrolls for the amount of the voucher (which cannot exceed the lesser of \$2,500 or the pupil's qualified education expenses reasonably incurred at the school at which the pupil is enrolled, subject to equitable allocation of a lower amount if the aggregate amount needed to fund vouchers for all qualifying pupils would otherwise exceed \$5,000,000 in any year). Creates a Council of Advisers that is to select the region that is to be the locus of the pilot program. Defines terms. Adds provisions relative to the manner in which vouchers are requested, issued, and paid. Provides for a reduction in the Chicago school district's State aid by an amount equal to total vouchers paid, subject to a maximum reduction in one year of \$5,000,000. Provides that the amount of a voucher is not

taxable for Illinois income tax purposes to a person who redeems the voucher. Amends the Illinois Income Tax Act to provide that an amount equal to a redeemed voucher shall be deducted from the adjusted gross income that constitutes the base income of an individual for Illinois income tax purposes. Provides that the Act is repealed July 1, 2002. Effective immediately.

Deletes everything. Amends the School Code. In the provisions relating to the Community and Residential Services Authority, replaces references to individuals who are behavior disturbed or severe emotionally disturbed persons with references to individuals with a behavior disorder or a severe emotional disturbance. Also deletes from the Authority's name the phrase "for Behavior Disturbed or Severe Emotionally Disturbed Individuals". Specifies 4 events, any of which creates a vacancy on the Authority. Replaces references to placements of individuals with a reference to a plan of service for individuals. In the provisions relating to required installation of sprinkler systems in school buildings, additions, or project areas that constitute school construction, changes the definition of school construction, adds that new areas or uses of buildings in which sprinkler systems are not required shall be protected by installation of an automatic fire detection system, and deletes provisions of current law that require school boards to submit plans and specifications for proposed sprinkler systems to the regional superintendent of schools for forwarding to the State Board of Education for review and approval. Expands the State Assessment program to provide for assessment of pupils in grades 4, 7, 8, 10, and 11. Revises provisions relative to the Prairie State Achievement Examination. Authorizes the State Board of Education as part of its statewide school technology program to contract with private colleges and universities in the areas of technology, telecommunications, and information access. Also includes non-profit, non-public colleges within the definition of a non-public school to which the State Board of Education, for a charge, may provide port access to its educational network so long as that access does not diminish services available to public schools and students. Adds provisions relative to expedited hearings in accordance with the federal Individuals with Disabilities Education Act for the purpose of moving or challenging a decision to move a student from his or her current placement to an alternative educational setting because of dangerous misconduct. Authorizes school boards to seek zoning changes, variations, and special uses for school property. Authorizes laboratory schools to apply for and receive any grants administered by the State Board of Education that are available to other school districts. Authorizes regional superintendents of schools to contract with school districts and community college districts for the operation of alternative schools, and authorizes the operation of alternative schools serving more than one educational service region on such terms as are agreed upon by the regional superintendents of those regions. Prohibits school boards from knowingly employing persons who, in proceedings under Article II of the Juvenile Court Act of 1987, are found to be perpetrators of sexual or physical abuse of minors under 18 years of age. Requires the appropriate regional superintendent of schools or the State Superintendent of Education

to initiate proceedings for the suspension or revocation of the teaching or administrative certificates of such perpetrators. Makes other changes to the School Code concerning alternatives to the dissection of animals, pupils attending school on a tuition free basis, the validation of certain tax levies and extensions, studying the Irish Famine, attendance centers, and school truants. Amends the Critical Health Problems and Comprehensive Health Education Act concerning administering first aid and cardiopulmonary resuscitation. Also amends the Juvenile Court Act of 1987 to require the Department of State Police to include in its background investigation report to a school district covering a person who applies for school district employment information reported by a court to the Department concerning the court's determination that such person inflicted physical or sexual abuse upon a minor. 225 ILCS 446/80

Amends the Private Detective, Private Alarm, Private Security, and Locksmith Act of 1993. Requires the Department of Professional Regulation to complete a criminal background investigation of an applicant for a permanent employment registration card seeking employment with a private security contractor agency. Imposes a fine not to exceed \$1,000 against a private security contractor agency that employs a person convicted of a felony if the conviction is revealed in the person's criminal background investigation. Makes additional substantive changes.

FISCAL NOTE (Dept. of Professional Reg.)

Investment in equipment and personnel at levels high enough to ensure turnaround would be prohibitively expensive, particularly as this profession would pay for this change through fee increases; current revenue from fees would be inadequate.

STATE MANDATES FISCAL NOTE

HB1041 fails to create a State mandate.

FISCAL NOTE, H-AM 1 (Dept. of Professional Reg.)

Without photographs, 30,000 renewals can be processed in 3.33 weeks; with photographs would require 3,500 hours additional time, an additional 93 weeks, with no additional staff. New staff would cost approximately \$57,800 for the renewal cycle only. New applications (approximately 52,000 per year), with photographs, would require 1,733 additional hours of processing, approximately \$30,680 with additional staff.

**HOUSE AMENDMENT NO. 1.**

Deletes the one-year limitation on the validity of permanent employee registration cards. Extends the deadline by which the Department of Professional Regulation shall report its criminal investigation findings in the case of an applicant seeking employment with a private security contractor agency from 10 business days to 12 weeks after the receipt of an application. Provides that no person may be employed by a private detective agency, private security contractor agency, private alarm contractor agency, or locksmith agency without holding a valid and active permanent employee registration card.

Provides that moneys in the Nursing Dedicated and Professional Fund shall be used to fund Program. Provides that if a registered professional nurse who is an administrator or officer in a health care facility believes that a nurse is addicted to habit-forming drugs or alcohol or unlawfully uses or possesses certain drugs, he or she shall report it to the Assistance Program for Nurses rather than to the Department. New Act

Creates the Re-employment Support Program Act. Creates a program similar to the Unemployment Insurance program, to be administered by the Department of Employment Security and funded with appropriations from general revenue funds of the State, for employees who lose their job for reasons other than misconduct, are ineligible for Unemployment Insurance, and would be eligible for the Temporary Assistance for Needy Families (TANF) program created by the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996. Funds used shall qualify for the State's maintenance of effort requirements under the TANF program. Eligibility for benefits shall be determined in coordination with the Department of Human Services.

**FISCAL NOTE (Dpt. Employment Security)**

Assuming 40,000 eligible individuals, the new program benefits could range from \$38 million to \$232 million annually. Estimated implementation costs could range from \$2 million to \$5 million annually. Indirect operation costs would average \$12,000 annually. Total annual on-going administrative costs would be approximately \$8,595,000. Increase in overhead for postage could reach \$65,000 per year.

**STATE MANDATES FISCAL NOTE**

In the opinion of DCCA, HB1088 fails to create a State mandate.

**HOME RULE NOTE**

HB 1088 does not preempt the power of home rule units of local gov't.

**HOUSE AMENDMENT NO. 1.**

Deletes everything and reinserts only the short title and purpose provisions of the bill as introduced. Creates the Re-employment Support Program Act. Amends the Environmental Protection Act to redefine "special waste". Provides that certain industrial process waste and pollution control waste shall be managed as special waste unless the generator provides a specified certification. Effective immediately.

**HOUSE AMENDMENT NO. 2.**

Provides that, to the extent that a term or condition of an existing permit requires the permittee to treat as special waste a material that is made a non-special waste under this amendatory Act of 1997, that term or condition is hereby superseded, and the permittee may treat that material as a non-special waste, even if the material is identified in the permit as part of a particular waste stream rather than identified specifically as a special waste. Excludes portable devices and containers with up to one inch of special waste residue from the category of industrial process waste or pollution control waste that is considered to be special waste. Deletes the provision limiting the effectiveness of a non-special waste certification to 3 years. Removes the requirement that the certification be maintained on site. Requires the certifying generator to maintain the certification while it is effective and for 3 years following termination of its effectiveness. Allows the Agency to require a generator to analytically test waste following certification if it believes the certification to be inaccurate. Deletes potentially infectious medical waste and hazardous waste from the list of waste categories that a generator may certify to that his or her own waste does not fall under and, therefore, that his or her waste is not industrial process waste or pollution control waste (or special waste).

305 ILCS 5/4-20 new

Amends the Aid to Families with Dependent Children Article of the Illinois Public Aid Code. Provides that the Department of Human Services, as the successor agency to the Department of Public Aid for the purpose of administering the AFDC program, shall apply the same budgeting process to income from child support as it does for earned income, but not counting as income the first \$50 in child support received each month. Provides that families may choose to have the unearned income of a household member who is not included in the assistance unit budgeted as earned income of the assistance unit. Effective July 1, 1997.

STATE MANDATES FISCAL NOTE

HB 1129 fails to create a State mandate.

FISCAL NOTE (Dept. of Public Aid)

HB1129 would have a significant impact on the child support enforcement trust fund which is used to operate the State's Child Support Program. By passing onto the client not only the first \$50 collected, but also \$2 of each additional \$3 collected, the trust fund would ultimately go bankrupt without the infusion of general revenue funds.

**HOUSE AMENDMENT NO. 1.**

Deletes everything and reinserts language similar to the bill as introduced, but provides that the provisions regarding budgeting child support income apply to families who have income from employment as well as child support income. Provides that the Dept. shall distribute child support to the family not exceeding the amount required to be paid to the family each month. Provides that implementation of the budgeting process in these provisions is contingent on the Department of Health and Human Services granting a waiver or agreeing not to claim child support money distributed to families as the federal share of the amount collected. Effective July 1, 1997.

STATE MANDATES FISCAL NOTE

No change from previous mandates note.

FISCAL NOTE (Dpt. of Public Health)

The bill would be cost neutral to the State.

HOME RULE NOTE

HB 1129 does not preempt home rule authority.

HOUSE AMENDMENT NO. 2.

Replaces provisions regarding budgeting earned income and child support income for families receiving cash assistance. Provides that the Department shall reduce the cash assistance grant by an amount equal to one-third of the child support paid to the household and that the family shall continue to be eligible for cash assistance if the budgeted earned income and child support does not exceed the federal poverty level. Deletes provisions regarding budgeting unearned income.

Deletes everything. Creates the Telecommunications Municipal Infrastructure Maintenance Fee Act. Imposes a personal property replacement tax on telecommunications retailers in the amount of 0.5% of all gross charges charged to an address on the telecommunications originating or received in this State. Allows the governing body of a municipality to impose an infrastructure maintenance fee on telecommunications retailers by ordinance or resolution in an amount not to exceed (1) in a municipality with a population of more than 500,000, 2% of all gross charges to service addresses in the municipality and (2) in a municipality with a population of 500,000 or less, 1% of all gross charges to service addresses in the municipality. Premepts home rule. Amends the State Revenue Sharing Act to require all amounts realized from the personal property tax replacement fee imposed by the Telecommunications Infrastructure Maintenance Fee Act to be deposited into the Personal Property Replacement Fund. Amends the Public Utilities Act to require the Commission to order any rate adjustments that are necessary, for telecommunications carriers that are regulated by the Commission, to ensure that the implementation of the Telecommunications Municipal Infrastructure Maintenance Fee Act has no significant impact on the net income of the telecommunications carriers. Amends the Telephone Company Act to provide that every telecommunications carrier may enter upon, take, or damage private property in conformity with certain provisions. Makes other changes.

## SENATE AMENDMENT NO. 2.

Makes technical changes. Changes references in the Municipal Telecommunications Infrastructure Maintenance Fee Act from “unit of local government” to “municipality”. Deletes current provisions concerning franchise agreements in existence on the effective date of the Act and provides instead that a municipality that receives compensation from a telecommunications retailer for use of the public way under a franchise agreement in existence on the effective date of the Act may impose a municipal infrastructure maintenance fee if the municipality (1) waives its right to receive all fees, charges, and other compensation under all existing franchise agreements or the like with telecommunications retailers during the time that the municipality imposes a municipal infrastructure maintenance fee and (2) imposes by ordinance (or other proper means) a municipal infrastructure maintenance fee that becomes effective no sooner than 90 days after the municipality has provided written notice by certified mail to each telecommunications retailer with whom the municipality has an existing franchise agreement, that the municipality waives all compensation under such existing franchise agreement. Changes references in the Telephone Company Act from “public right-of-way” to “right-of-way”.

## SENATE AMENDMENT NO. 3.

Deletes provision stating that the plans, specifications, and documentation be reasonably required by the municipal authorities or highway commissioners in their applicable standards. Provides instead that a telecommunications retailer provide “plans, specifications, and documentation available”.

Amends the Hazardous Material Emergency Response Reimbursement Act. Provides that it is the intent of the General Assembly to alleviate the financial hardship imposed on all (instead of small) communities that respond to emergency incidents involving hazardous materials. Provides that appropriations shall be made from designated sources to the Emergency Response Reimbursement Fund. Provides that if an emergency response agency is not reimbursed by a responsible party within 180 days after the agency incurs costs and without the agency having to institute a civil action against the responsible party, money in the Fund shall be used to reimburse the agency (instead of if the agency is not reimbursed by the responsible party, money in the Fund shall be used to reimburse the agency). Provides that cost recovery from the Fund is limited to the payment of costs incurred by the agency or a contractor hired by the agency and replacement of expended materials (now limited to replacement of expended materials). Removes the limitation on reimbursement that provides that the applicable cost of supplies must exceed 5% of the agency's budget. Provides that upon judgment for the State Fire Marshal in a civil action, the State is entitled to punitive damages. Effective immediately.

HOUSE AMENDMENT NO. 1.

Provides that upon judgment for the State Fire Marshal in a civil action to recover costs because of the failure to reimburse the emergency responder or the Emergency Response Reimbursement Fund, the State may (instead of shall) be entitled to punitive damages.

HOUSE AMENDMENT NO. 2.

**SENATE AMENDMENT NO. 1.**

Adds reference to:

110 ILCS 805/2-16.02 from Ch. 122, par. 102-16.02

Adds provisions further amending the Public Community College Act. Authorizes the Illinois Community College Board to specify the measures that will be used to distribute grants to community colleges. Authorizes the Board to apply a percentage factor to the statewide threshold in determining the level of equalization funding and a minimum equalization grant for a qualifying district that becomes ineligible for any or for full equalization funding due to threshold prorations. Requires community college districts to maintain in-district tuition rates per semester credit hour as determined by the State Board and provides for a reduction in equalization funding for districts that fail to meet the minimum required rate until, by July 1, 2001, districts fail to qualify for equalization funding if they do not meet the required minimum in-district tuition rate. Also revises provisions relative to small district, special populations, and workforce preparation grants and provides for deferred maintenance grants based upon criteria established by the State Board. Eliminates provisions under which a one-time operating expense start-up grant was provided to Community College District No. 540. Adds a July 1, 1997 effective date.

**SENATE AMENDMENT NO. 2.**

Further amends the Public Community College Act. Raises from \$1,500,000 to \$4,500,000 the limit on amounts a local community college district can borrow for alterations or repairs necessary for energy conservation, health or safety, environmental protection, or handicapped accessibility.

Amends the Illinois Vehicle Code to change certain provisions dealing with driving while under the influence. Changes the penalties and period of suspension of driving privileges by basing these on the person's alcohol concentration level. Provides that the period of suspension is 270 days (instead of 6 months) and if not a first offender, 2 and one-half years (instead of 2 years) for refusing or failing to complete an alcohol or drug concentration test. Provides that a first offender may be issued a restricted driving permit. Adds the requirement that a breath alcohol interlock ignition device be installed in a person's vehicle if a person with a second or subsequent violation for driving while under the influence is issued a restricted driving permit. Provides that a person convicted for driving while under the influence shall be subject to fines. Provides that a first offender shall be subject to community service. Increases the fine and hours of community service for when the offense was committed while transporting a person 16 years of age or younger (instead of under 16). Adds that after a person is found guilty of driving while under the influence, that person shall be required to complete an approved alcohol or drug education course. Makes other changes. Effective January 1, 1998.

Amends the School Code. Provides for the creation by the Chicago Board of Education of a Task Force on Harassment Suppression to receive and investigate charges of, and take other related action with respect to, harassing and punitive action taken by school officials or other school employees against local school council members or members of their families. Effective immediately.

FISCAL NOTE (State Board of Education)

Estimated office-related costs for the Chicago School Reform Board would be \$22,000. Liability insurance for members and investigators and attorneys' fees for outside attorneys would add a substantial amount.

STATE MANDATES FISCAL NOTE (SBE)

No change from SBE fiscal note.

**HOUSE AMENDMENT NO. 1.**

Revises the size of the Task Force and the manner in which its members are to be appointed. Eliminates provisions under which the Task Force may act by a panel of 9 members. Provides that if the general superintendent of schools determines that suspension or removal for cause proceedings should not be instituted with respect to a matter referred by the Task Force, that the general superintendent of schools shall provide written reasons for that determination to both the Task Force and the board of education.

STATE DEBT IMPACT NOTE

HB 1202 would not have an impact on the level of State debt.

FISCAL NOTE (State Bd. of Ed.)

We estimate that the Chicago School Reform Board of Trustees would incur an expense of approximately \$11,000 for these costs. Task force members and persons conducting investigations on their behalf are likely to need liability insurance. There will undoubtedly be attorneys' fees associated with the work of the task force.

105 ILCS 5/10-20.12b

Amends the School Code. Replaces provisions that determine a pupil's residency based on the residence of the person with whom the pupil resides for reasons other than to have access to the educational programs of a school district with provisions that determine the pupil's residency based on the residence of the person with whom the pupil resides unless the pupil's custody is granted to or exercised by that person solely for the purpose of the pupil's transfer from one school district to another in order to access the educational programs of the latter district. In the provisions including as a form of legal custody the custody exercised by an adult who assumes and exercises legal responsibility for the pupil and provides the pupil with a regular night-time place of abode, provides that the term "adult" includes a family member and replaces "legal responsibility" with "physical custody and care". Effective immediately.

- 775 ILCS 5/3-106 from Ch. 68, par. 3-106

Amends the Human Rights Act. Provides that nothing in the Act shall be construed as requiring any employer, employment agency, or labor organization to give preferential treatment or other affirmative action based on sexual orientation. Provides that discrimination against a person because of his or her sexual orientation constitutes unlawful discrimination under the Act. Provides that it is a civil rights violation to engage in blockbusting in real estate because of the present or prospective entry of persons with a particular sexual orientation into the vicinity. Provides that the owner of an owner-occupied residential building with 4 or fewer units is not prohibited from making decisions regarding whether to rent to a person based upon that person's sexual orientation. Defines "sexual orientation".

**FISCAL NOTE (Human Rights Commission)**

There would be no fiscal impact on the Commission in FY98. If there is a 5% increase (as in Chicago/Cook County), the Comm. anticipates approximately 26 more complaints. For every 80 to 90 additional complaints, the Commission would need an additional administrative law judge (ALJ), and for every 5 ALJs, one Assistant General Counsel, and for every 3 ALJs, a clerical support person. Total estimated for all additional staff would be between \$89,000 and \$92,000.

**STATE MANDATES FISCAL NOTE**

In the opinion of DCCA, HB1241 fails to create a State mandate under the State Mandates Act.

**FISCAL NOTE (Dpt. Human Services)**

Charges are expected to increase by \$250,000 annually.

**JUDICIAL NOTE**

It has been determined that the bill would neither decrease nor increase the need for the number of judges in the state.

**HOME RULE NOTE**

HB 1241 does not preempt home rule authority.

**HOUSING AFFORDABILITY NOTE**

No fiscal effect on a single-family residence.

If the audit requirement is repealed, the \$180,000 cost of the audit would be saved. Net savings to the State would be zero since the audit cost is fully reimbursable by the District.

810 ILCS 5/9-401A new

Amends the Secured Transactions Article of the Uniform Commercial Code. Removes the provision that in order to perfect a security interest in equipment used in farming, farm products, items related to the sale of farm products by a farmer, or crops growing or to be grown, filing must occur in the office of the appropriate county recorder, instead of requiring filing in the office of the Secretary of State. Makes provisions for filings completed at county recorders offices before the effective date of this Amendatory Act of 1997. Effective January 1, 1998.

**HOUSE AMENDMENT NO. 1.**

Adds reference to:

55 ILCS 5/3-5018

from Ch. 34, par. 3-5018

810 ILCS 5/9-403

from Ch. 26, par. 9-403

Deletes everything. Reinserts language identical to the bill as introduced and additionally provides that on and after the effective date of this amendatory Act of 1997, a

debtor who is a resident of Illinois using such items as collateral shall, within 30 days after filing with the Secretary of State, send to the recorder of the county of the debtor's residence, for informational purposes only, a copy of the financing statements filed with the Secretary of State, along with a \$10 fee. Provides that these double filing requirements are inoperative after the earlier of July 1, 1999 or the effective date of changes made to the Code in conformance with recommendations of the National Conference of Commissioners on Uniform State Laws to make the office of the Secretary of State the proper place to file a financing statement described in these provisions. Provides that failure to file with the recorder does not affect the validity of the security interest. Amends the Counties Code to reflect changes to the Uniform Commercial Code. Effective January 1, 1998.

Amends the School Code. Creates the Early Childhood Education Collaboration Law to provide a continuum of early childhood education opportunities in community settings to prepare children from birth through 5 years of age for school. Makes program participation voluntary for any school district, early childhood program, or family. Provides that the State Board of Education is to administer the Collaboration, in cooperation with the Department of Human Services and the Early Childhood Education Advisory Board, and promulgate rules for that purpose, including rules for a grant application procedure and program reporting processes. Specifies the purposes for which grants may be made to school districts and provides that those grants are in addition to and intended to supplement other State grants for related purposes. Effective July 1, 1997.
