Provides that classifications in the lines of promotion (now offices or places next lower) are solely eligible for the examination. Amends the Tax Increment Allocation Redevelopment Act in the Illinois Municipal Code. Amends the Public Community College Act. Authorizes the board of a community college district in a city with a population of 500,000 or more to contract for the provision of child care services primarily for students of one or more community colleges in the district when a need for those services exists. Requires the Bureau of the Budget to administer and issue the certificates. Provides that the Comptroller and Treasurer shall approve the certificates. Effective immediately.

STATE DEBT IMPACT NOTE

HB1591 would increase State debt as follows:

COPs principal .....	\$125.0 million
Estimated COPS debt service .....	\$241.5 million
Annual debt service payments .....	\$ 10.2 million

FISCAL NOTE (State Treasurer)

HB1591 will have a minimal fiscal impact on State resources with new operations costs being absorbed by existing staffs.

FISCAL NOTE (Comptroller)

Total estimated cost for publication & support is \$16,000.

FISCAL NOTE (Bureau of the Budget)

HB1591 appears to permit only BOB to issue up to \$125 M of COPs for real or personal property (currently the \$125 M limit applies only to real property). Eliminating third party issue authority will make the COP form of financing less flexible and efficient. The required notifications and reports will add minor administrative costs.

Amends the "Public Assistance Fraud" Article of the Public Aid Code. Makes it unlawful to do any of the following: defraud any State or federally funded or mandated health plan in connection with the delivery of or payment for health care benefits; directly or indirectly give or offer anything of value to a health care official with the intent to influence or reward any act or decision of a health care official; falsify or conceal a material fact or make a false statement or representation in connection with the provision of health care; or engage in any unfair or deceptive marketing practice in connection with providing any health care service or health plan. Provides for enhanced penalties for violators other than individuals.

**HOUSE AMENDMENT NO. 1.**

Provides that offering a benefit to a person as an inducement to select or to refrain from selecting a health plan or health care service or provider is not an unfair or deceptive marketing practice if the benefit is permitted by the Department of Public Aid or the Department of Human Services.

**SENATE AMENDMENT NO. 1.**

In the Section added to the Public Aid Code concerning managed health care fraud, provides that "health plan" includes (i) any health care reimbursement plan sponsored wholly or partially by the State (rather than any government-sponsored health care reimbursement plan) and (ii) any insurance carrier or other entity that contracts to provide or provides goods or services that are reimbursed by or are a required benefit of a health benefits program funded wholly or partially by the State (rather than that are reimbursed by or are a required benefit of a State or federally funded health benefits program). In provisions concerning bribery and graft in connection with health care, creates an exception for certain actions "specifically allowed by law". In provisions concerning the elements of the offense of unfair or deceptive marketing practices, includes acting knowingly and willfully as an element of the offense.

Expands the authority of the Cook County pension fund to invest in securities of foreign and domestic corporations. Amends the State Employee Article. Allows a person who rendered contractual services to a member of the General Assembly as a worker providing constituent services to persons in the member's district to establish creditable service for up to 8 years of those contractual services. ## HOUSE AMENDMENT NO. 1.

Deletes reference to:  
625 ILCS 5/6-204

Limits the definition of “automated red light enforcement system” to a system in a municipality with a population of 1,000,000 or more. Removes provisions concerning a municipality forwarding a report of an adjudication to determine liability for a violation recorded by an automated red light enforcement system to the Secretary of State instead of requiring the clerk of the court to forward a report of the conviction to the Secretary. In provisions holding the owner of a vehicle used in a red signal violation liable for the violation if the violation was recorded by a red light enforcement system, adds an exception for if the violation occurred when the vehicle was rented to another. In the provision concerning the exception for when the violation occurred when the vehicle was leased to another, provides that within 30 (instead of 10) days of receiving notice of the violation, the owner shall submit the name and address of the lessee. Provides that a municipality may enact an ordinance that provides for the use of an automated red light enforcement system to enforce the red signal violation provisions of the Vehicle Code that result in or involve a motor vehicle accident, leaving the scene of a motor vehicle accident, or reckless driving that results in bodily injury.

## HOUSE AMENDMENT NO. 2.

Provides that the provisions concerning an owner of a vehicle used in the red signal violation being liable for the violation if the violation was recorded by the red light enforcement system are subject to prosecutorial discretion.

Amends the provisions of the School Code relating to alternative schools. Provides that a teacher who holds an elementary or high school certificate may teach any class in the alternative school program. Eliminates a provision under which a school district in which an alternative program is located and from which a student is administratively transferred has its average daily attendance funding with respect to that student trans-

ferred to the alternative school program. Provides instead that the alternative school program is to receive general State aid under the formula established for alternative schools. Provides that the curriculum of an alternative school program may include work-based learning and community service work for which academic credit is earned and includes time spent by a student in such activities in the number of clock hours of daily school work required to constitute a day of attendance for State aid purposes. Provides that the school districts for which an alternative school program is operated may agree to provide additional funding to support the program, and authorizes the program to accept and expend gifts, legacies, and federal and other grants received for purposes directly relating to the conduct and operation of the program.

New Act

Creates the International Commercial Arbitration Act. Provides that the Act applies to international commercial arbitration in the State of Illinois. Provides for the receipt of written communications, the waiver of the right to object, the extent of court intervention, functions of a court, arbitration agreements, the composition of an arbitral tribunal, the jurisdiction of an arbitral tribunal, the conduct of arbitral proceedings, and the making of an award and the termination of proceedings. Effective immediately.

HOUSE AMENDMENT NO. 1.

Provides that an arbitration is international if the parties to an arbitration agreement have, at the time of the conclusion of execution of that agreement (instead of at the time of the conclusion of that agreement), their places of business in different countries. Provides that an arbitration is international if the place where the predominant part (instead of a substantial part) of the obligations of the commercial relationship is to be performed is situated outside the country or countries (instead of country) in which the parties have their places of business. Provides that provisions that prohibit certain decisions from being subject to appeal shall not preclude the parties from raising any ground for setting aside or refusing to recognize or enforce an arbitral award to the extent otherwise permitted under applicable federal law. Provides that provisions concerning an expert being appointed by an arbitral tribunal apply unless objected to by one or both parties (instead of unless otherwise agreed to by the parties). Makes other changes.

 20 ILCS 505/5.15  
 Adds reference to:  
 305 ILCS 5/9A-11

Deletes everything. Amends the Illinois Public Aid Code in provisions regarding child care assistance. Provides that the Department of Human Services shall allocate not less than 2.5% of the funds appropriated to the Department for child care services to provide child care services to persons at risk of becoming TANF recipients whose family income is below the threshold for eligibility and who are enrolled and making satisfactory progress in certain specified employment or education programs. Provides that the income of a parent of an applicant claimed as a tax dependent on that parent's federal income tax return shall be considered in determining the eligibility of certain applicants for child care services who are at risk of becoming TANF recipients. Requires the Department to collect identifying information and data on persons who apply for child care services who are at risk of becoming recipients of TANF whom the Department is unable to serve due to a lack of sufficient resources. Changes the income eligibility threshold for services from 50% of State median income to 60% of current State median income. Effective immediately.

**HOUSE AMENDMENT NO. 2.**

**HOUSE AMENDMENT NO. 3.**

HOUSE AMENDMENT NO. 4.

Creates a Task Force on Child Care Rates for the purposes of reviewing the results of the 1998 child care market rate survey conducted by the Department of Human Services and making recommendations to the General Assembly, the Governor, and the Secretary of Human Services regarding the implementation of the findings of the 1998 market rate survey. Provides that the Task Force shall consist of 15 members, appointed by the Governor, the Majority and Minority Leaders of the General Assembly, the Secretary of Human Services, and the Director of Children and Family Services. Provides that the Task Force shall submit a report of its findings and recommendations to the General Assembly and to the Governor by December 1, 1998 and that the Task Force is abolished on January 1, 1999.

HOUSE AMENDMENT NO. 5.

Provides that co-payments for child care for a family with one child in care shall not exceed 8% of the family's gross annual income, and for a family with 2 children in care shall not exceed 10% of the family's gross annual income, with nominal increases for additional children. Makes allowances for newly employed families and for summer care rates for school-aged children of families in good standing. Provides that non-profit and governmental entities that receive State subsidies for the provision of child care and collect no less than 90% of co-payment fees due per month shall be reimbursed by the Department of Human Services for any remaining fees not collected up to 10% of those due.

HOUSE AMENDMENT NO. 7.

Deletes everything. Reinserts language identical to the bill as previously amended but removes provisions detailing the assistance to be provided to families at risk of becoming TANF recipients and provisions changing the income eligibility guidelines for child care services.

FISCAL NOTE, H-am 7 (DHS)

The Department's child care fee scale indicates that a weekly fees for more than two children in care increase by only \$0-1.00 for each additional child at the same earnings levels. If a family's income increases by certain amounts and they have an additional child in care, fees increase by more than \$1.00. Co-payments would be reduced for families who make \$19,638 (45% of the SMI for a family of three) or more. The amendment does not address where (or how) providers would make up the lost revenues.

The budgetary impact of the Dept. assuming these co-payments will cost approximately \$1.8 million annually. This cost estimate assumes 25% of current cases (with new earnings) and newly approved earned income cases will qualify based on an average monthly co-payment benefit of \$50 per case.

Requires that certain families be charged a full-time summer co-payment equal to the part-time school-year fee. The fiscal impact would be a reduction in co-payments collected by child care providers.

Requires reimbursement by the Dept. to certain providers for uncollected fees. Whatever amount is estimated, additional appropriations would be required to meet this purpose.

625 ILCS 5/18c-7402 from Ch. 95 1/2, par. 18c-7402

Amends the Illinois Vehicle Code. In provisions regarding safety requirements for railroad operations, prohibits the operation of trains in Illinois by remote control. Places restrictions on the minimum number of persons required to operate a locomotive and their qualifications and duties. Provides that any person who violates these rules may be fined not less than \$500 but not more than \$1,000 for the first offense, not less than \$1,000 but not more than \$2,000 for a second offense committed within 3 years of the first offense, not less than \$2,000 but not more than \$5,000 for a third offense committed within 3 years of the first offense, and \$10,000 for a fourth or subsequent offense committed within 3 years of the first offense. Effective immediately.

HOUSE AMENDMENT NO. 1.

Changes the definition of “rail carrier” to mean any form of nonhighway ground transportation that runs on rails or electromagnetic guideways, not including rapid transit operations in an urban area that are not connected to the general railroad system. Provides that “remote control” does not (1) include the use of, testing of, or reliance upon any train control device, signal, radio, or computer used to enhance the safety of rail operations by allowing remote observation or monitoring of train location and operation; (2) include devices used to interface train operators with protective or warning devices at grade crossings with public roads; or (3) include a train consist that is operated by a control cab that is not a power unit. Makes other changes.

PENSION NOTE, AMENDED

No fiscal impact on public pension funds or retirement systems.

STATE MANDATES FISCAL NOTE, H-AM 1

HB 2667 fails to create a State mandate.

HOUSE AMENDMENT NO. 2.

Redefines “rail carrier” to include an exception for rapid transit operations in an urban area that are not connected to the general railroad system of transportation. Provides an exception to the definition of “remote control” when used on non-revenue trains moving between terminals and servicing areas.

FISCAL NOTE, H-AMS 1 & 2 (Dpt. Transportation)

No immediate fiscal impact because of the current 3-year agreement with Amtrak; future agreements could cause operating subsidies to increase by an uncertain amount.

STATE MANDATES ACT FISCAL NOTE, H-AM 2

Creates a “personnel mandate” requiring 100% reimbursement.

20 ILCS 2505/39b54 new

Amends the Civil Administrative Code. Provides that the Director of Revenue shall annually disclose a list of all taxpayers, including but not limited to individuals, trusts, partnerships, corporations, and other taxable entities, that are delinquent in the payment of their State tax liabilities in an amount greater than \$5,000 for a period of 6 months from the time that the taxes were assessed. Requires that at least 90 days before the disclosure of the name of any delinquent taxpayer, the Director shall mail a written notice to each delinquent taxpayer by certified mail detailing the amount and nature of the delinquency and the intended disclosure of the delinquency. Provides that if the delin-

quent tax has not been paid 60 days after the notice, the Director shall disclose the name in the list of delinquent taxpayers. Provides that the name shall not be included if the delinquent taxpayer has a payment plan with the Department or if the tax is under appeal before a court, the Department, or the Property Tax Appeal Board. Provides that the list shall be available for public inspection at the Department or by other means of publication, including the Internet. Effective January 1, 1999.

#### HOUSE AMENDMENT NO. 1.

Provides that the Director of Revenue may (rather than shall) disclose a list of taxpayers that are delinquent in the payment of liabilities collected by the Department of Revenue (rather than delinquent in the payment of State taxes). Provides that the list shall contain, in the case of a corporate taxpayer, the name of the current president of record of the corporation. Provides that the Director shall not disclose a delinquent tax in the list if the taxpayer has corrected the default or entered into an agreement with the Department for the payment of the tax since the notice was mailed. Provides that the unpaid tax shall not be deemed delinquent if the tax liability is the subject of an administrative hearing, administrative review, or judicial review (rather than if the tax liability is under appeal before a court, the Department, or the Property Tax Appeal Board in another case involving the same question). Provides that any disclosure made by the Director in a good faith effort to comply with the disclosure provisions shall not be considered a violation of any statute prohibiting disclosure of taxpayer information.

#### SENATE AMENDMENT NO. 1.

Further amends the Civil Administrative Code. Provides that under certain circumstances the Department of Revenue may disclose a delinquent tax in the list of delinquent taxpayers if the delinquent tax has not been paid 60 days after the notice was delivered or the Department has been notified that delivery was refused or unclaimed (rather than if the tax has not been paid 60 days after mailing the notice).

Amends the School Code. Revises the State aid formula applicable during the 1998-99 and subsequent school years. Changes the manner of computing the Available Local Resources for school districts maintaining grades 9 through 12 and the manner of adjusting the equalized assessed valuation of the taxable property of those districts because of enterprise zone and other tax abatements by reducing a component of the formulas used to make those computations and adjustments to 1.10% from 1.20%. Also changes the manner of determining the Low Income Concentration Level of school districts of less than 500,000 inhabitants for the 1999-2000 and 2000-2001 school years. Deletes language requiring that if the aggregate amount of any hold-harmless payments that school districts are to receive in any such school year, as computed under the applicable formula for that school year, is greater than the aggregate amount appropriated for that purpose, the hold-harmless payments that school districts receive for that school year are to be prorated accordingly. Also amends the General State Aid Continu-

ing Appropriation Law. Changes the Law's short title and includes hold-harmless payments required to be made to school districts under the State aid formula within the ambit of that Law's application. Effective immediately, except the amendment of the School Code takes effect July 1, 1998.

FISCAL NOTE (State Board of Education)

Amends the School Code and the Local Governmental and Governmental Employees Tort Immunity Act. Provides that the Local Governmental and Governmental Employees Tort Immunity Act does not authorize the issuance of bonds or the levying of taxes by the board of a local taxing entity that is a school district to fund the costs of complying with equitable remedies or relief or with an injunction agreed to by the school board of that local taxing entity or ordered by any court. Defines the terms "damages" and "liability" to exclude from the meaning of those terms the cost or obligation incurred by a school district in complying with equitable remedies or relief or with an injunction. Provides that a financially distressed school district may not transfer from the Tort Immunity Fund to any other school district fund any amount of moneys to fund the cost of complying with equitable remedies or relief or with an injunction agreed to by the school district or ordered by any court. Adds that those provisions are declaratory of existing law.

Effective 6 months after becoming law.

Replaces everything. Amends the General Assembly Article of the Pension Code. Allows a participant with no eligible survivor's annuity beneficiaries to elect to cease making contributions for survivor's annuity and to receive a refund of contributions already paid for that purpose. Provides that no survivor's annuity is payable upon the death of a person who has made this election unless the unpaid and refunded contributions are repaid to the System, with 4% interest. Removes the age 50 limitation for certain surviving spouses who have in their care a child who is not the child of the deceased member. Amends the Downstate Police Article to provide an occupational disease disability benefit for certain police officers who also have firefighting duties and become disabled by heart disease, respiratory disease, or certain cancers and for their dependent children and survivors. Amends the Chicago Police Article of the Code. Increases the minimum widow's annuity from \$700 to \$800 per month. Increases the earnings limitation for persons receiving disability benefits from 100% to 150% of salary. Provides that the City shall pay the required employee contributions for periods during which a policeman receives an occupational disease disability benefit. Inserts references to occupational disease disability benefits in certain Sections relating to proof of eligibility and the duty disability reserve. Amends the Chicago Firefighter Article of the Code. Beginning January 1, 1997, increases the minimum widow's annuity to \$800 per month for surviving spouses of persons who retire at age 50 with at least 20 years of service. Also requires the City to make an additional annual contribution to the Fire and Police Funds during the years 1999 through 2013, to reduce the unfunded liability of those Funds. Amends the Chicago Municipal and Laborer Articles of the Pension Code. Compounds the 3% automatic annual increase in retirement pension. Provides a new minimum retirement annuity for persons retiring at age 60 with at least

10 year of service. Reduces the tax multiplier. Changes the minimum age for an undiscouted widow's annuity from 55 to 50 for widows of certain employees who die on or after January 1, 1998 at age 50 or over with at least 30 years of service or at age 55 or over with at least 25 years of service. Provides that a child's annuity may be payable upon the death of an employee who withdraws from service after June 27, 1997 and after age 50 with at least 30 years of service (currently withdrawal after age 55 is required). Changes the conditions relating to reversionary annuities. Provides a minimum widow's annuity of \$800 per month for certain surviving spouses. Provides a minimum retirement annuity of \$850 per month for certain annuitants. In the Chicago Municipal Article, adds provisions allowing the withholding of labor organization dues from annuities and requiring the City and the Fund to cooperate with labor organizations in preparing mailings to certain annuitants. Also allows the purchase of service credit for service rendered to the Public Building Commission. Allows a person purchasing that credit to reinstate credits terminated by refund, without a return to service. In the Chicago Laborer Article, adds three additional persons to the Board: one elected annuitant member, one employee appointed by the civil service commission, and one employee appointed by the president of the predominant local labor organization. Amends the Illinois Municipal Retirement Fund Article. Allows a retiring employee who is entitled to a refund of surviving spouse contributions or excess SLEP (sheriff's law enforcement employee) contributions to elect to receive a separate annuity instead of a refund. Provides that periods of qualified leave granted in compliance with the federal Family and Medical Leave Act shall be ignored for purposes of determining eligibility for disability benefits. Allows an employee to make payment of optional contributions through tax-deferred payroll deductions. Amends the Chicago Park District Article. For persons with at least 30 years of service, removes the requirement that the person must attain age 60 before beginning to receive the automatic annual increase in retirement annuity. Provides an early retirement program for certain employees who withdraw from service on or after August 31, 1998 and no later than December 31, 1998. Allows the retiree to establish up to 5 years of additional service credit; requires an additional employee contribution. Also expands the investment authority of the Board. Amends the State Employee Article of the Code. Changes the method of calculating interest when purchasing service credit for certain periods spent on leave of absence. Allows a member to establish creditable service for up to one year of participation in the Illinois Legislative Staff Internship Program. Changes the deadline for applying for certain federal and out-of-state optional service credit to June 30, 1999. In the General Assembly, Judges, and State Employee Articles, with respect to the deadline for payment of optional contributions, provides that timely execution of an irrevocable election to have the contributions picked up by the employer and paid by payroll deduction is sufficient for compliance with the deadline, provided that the contributions are in fact paid to the System as provided in the election. Amends the State Universities Article. Makes numerous changes in relation to the implementation and administration of the optional retirement program (renamed the self-managed plan) and the portable benefit package. Makes participants in the self-managed plan eligible for certain benefits under the Retirement Systems Reciprocal Act. Provides that for a police officer or firefighter who retires on or after the effective date and receives a money-purchase annuity calculated under Rule 2, the additional normal contributions required to be paid by police officers and firefighters shall be included in the calculation of the annuity rather than refunded to the annuitant. Provides that the Board, rather than physicians and the employer, shall determine disability. Provides that the Board may consider hospital records, laboratory test results, and other information to determine the employment capacity and condition of the claimant. Reduces from 2 to one the minimum number of physician certificates that the claimant must provide. Requires the System to pay for the cost of any additional medical examination or other additional requirement imposed on a particular disability benefit claimant that is not imposed generally on all disability benefit claimants. Accelerates by one year the 7% automatic increase in disability benefit for persons whose benefit was granted on the first day of January. Specifies that a participant in the optional retirement program is ineligible to receive a disability retirement annuity. Also specifies that required age 70 1/2 distributions are payable regardless of whether an ap-

plication has been filed, and delays those required distributions for one year in the case of persons turning age 70 1/2 before April 1 of a calendar year. Provides that the System need not make an involuntary age 70 1/2 distribution to a person who is employed under any retirement system that participates in the Retirement Systems Reciprocal Act. Provides that a past participant who is employed by a State or national teacher organization may elect to participate in the System and may purchase service credit for certain prior employment in that capacity. Amends the Judges Article of the Code to allow an unmarried participant to receive a refund of contributions for survivor's annuity. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

Amends the Metropolitan Water Reclamation District Article of the Illinois Pension Code. Decreases the duty disability benefit from 75% to 50% of salary and delays payment until final adjudication of the issue of compensability under the Workers' Compensation Act or the Workers' Occupational Diseases Act. Provides for termination of both duty and ordinary disability benefits if the disabled employee (i) fails to follow medical advice, (ii) refuses to authorize the Board to examine his or her medical and hospital records, or (iii) fails to provide complete information relating to other employment. Expands application of the workers' compensation offset to benefits other than disability benefits and child and surviving spouse annuities and provides that interest shall not be considered in certain calculations. (Article XIII, Section 5 of the Illinois Constitution may prevent these benefit reductions and limitations from applying to current or former members.) Also provides for an increase in the child's annuity, the minimum retirement annuity, and the minimum surviving spouse annuity. Allows conversion of a surviving spouse's term annuity into a minimum surviving spouse annuity. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

New Act

Creates the Contractor Unified License and Permit Bond Act. Establishes a unified license and permit bond for contractors to file with the county recorder to be used instead of individual license or permit bonds required by the county or a municipality within that county. Provides that the bond shall be in the amount of at least \$10,000. Provides that the unified license and permit bond does not prohibit reasonable local license and permit fees. Defines contractor. Preempts home rule. Effective immediately.

HOUSE AMENDMENT NO. 1.

Deletes the provision requiring the municipal or county clerk to issue the unified bonds. Provides that when the bond is filed, the county clerk may charge a reasonable administration fee as determined by the county board or board of county commissioners.

HOUSE AMENDMENT NO. 2.

Defines unified license and permit bond, and defines municipality to include townships. Raises the amount of the unified license and permit bond from \$10,000 to \$50,000 for counties included within the provision of the Northeastern Illinois Planning Act and to \$25,000 for all other counties. Provides that if a municipality where a contractor is doing work is included within more than one county, then the contractor shall file a unified bond with each of the respective county clerks. Provides that a contractor shall file a certified copy of the unified bond with the municipal clerk of the municipality where the contractor is doing work and the municipal clerk may charge a reasonable administration fee. Provides that the Act does not prohibit local performance bonds.
