625 ILCS 5/18c-7402	from Ch. 95 1/2, par. 18c-7402

Amends the Illinois Vehicle Code. Defines a "minor alteration" for purposes of the authority of the Illinois Commerce Commission to order minor alterations of any railroad crossing on a highway or public road to preserve or promote the safety or convenience of the public. Creates the offense of chronic obstruction of a grade crossing by a railroad within the Chicago switching district. Provides that the Illinois Commerce Commission may, after an investigation, make a determination that a railroad has engaged in the chronic obstruction of a grade crossing. Provides that after that designation of the railroad as chronically obstructing a grade crossing, the penalty for obstructing the grade crossing is a Class C misdemeanor for a first offense and a Class B misdemeanor for a second or subsequent offense, with a fine 3 times the amount of the fine for the previous offense. Provides that any railroad employee who is not a supervisor may not be prosecuted for chronic obstruction of a grade crossing by a railroad for any act or omission committed under rules or orders of the railroad or its supervisory personnel. Effective immediately.

SENATE AMENDMENT NO. 1.

Adds reference to:

625 ILCS 5/18c-1703

from Ch. 95 1/2, par. 18c-1703

Amends the Illinois Vehicle Code. Provides that a violation of the prohibition against chronic obstruction of a grade crossing is an exception to the Code provision stating that no rail carrier employee may be arrested for violation of the Illinois Commercial Transportation Law. Makes a technical change to the provision providing that any railroad employee who is not a supervisor may not be prosecuted for chronic obstruction of a railroad crossing by a railroad for any act or omission committed under rules or orders of the railroad or its supervisory personnel.

SENATE AMENDMENT NO. 2.

Deletes amendatory changes concerning grade crossing obstruction and provides that the Commission shall find that chronic obstruction of a grade crossing has occurred if, within a 2-week period, a railroad's trains have stopped traffic at that crossing for 20 minutes or longer 3 or more times within the Chicago switching district. Once a railroad is designated as chronically obstructing a railroad crossing, the Commission shall forward the results of the investigation to the State's Attorney, of the county where the crossing is located, for prosecution.

FISCAL NOTE (Illinois Commerce Commission)

ICC would incur costs in developing a program to determine whether rail carriers were creating chronic crossing obstructions. Such a program could involve additional rail safety inspectors to monitor chronic crossings. However, a reasonable estimate of the total fiscal impact of a monitoring program cannot be made at this time.

FISCAL NOTE (Department of Transportation)

This legislation would have no fiscal impact on IDOT.

CORRECTIONAL NOTE (Department of Corrections)

There would be no fiscal or corrections population impact.

JUDICIAL NOTE, HA #1 (Administrative Office of Ill. Courts)

This legislation would not increase or decrease the number of judges needed in the State.

STATE MANDATES NOTE, HA #1

(Department of Commerce and Community Affairs)

This legislation does not create a State mandate under the State Mandates Act.

HOME RULE NOTE, HA #1

(Department of Commerce and Community Affairs)

This legislation does not contain language indicating a pre-emption of home rule powers and functions and, therefore, does not pre-empt home rule authority.

FISCAL NOTE, HA #1 (Department of Transportation)

Same as previous DOT fiscal note.

HOUSE AMENDMENT NO. 1.

Deletes language providing that a violation of the prohibition against chronic obstruction of a grade crossing is an exception to the Code provision stating that no rail carrier employee may be arrested for violation of the Illinois Commercial Transportation Law. Provides that a rail carrier employee may be arrested and prosecuted for chronic obstruction of a grade crossing within the Chicago switching district if he or she has certain managerial responsibilities. Provides that a person having those responsibilities commits the offense if a train or combination of trains has stopped traffic within the Chicago switching district for 20 minutes or longer at the same crossing 3 times within a 2 week period, and either the train or combination of trains or the construction, maintenance, or improvements that caused the delay were subject to that person's oversight. Provides that the railroad which employs the responsible person is also liable for the offense. Provides that railroads operating or engaging in construction activity within the Chicago switching district, as well as their officers and directors, have consented to prosecution under these provisions.

from Ch. 122, par. 14-8.02

Amends the Children with Disabilities Article of the School Code. Provides that the provision requiring the assignment of a surrogate parent for educational matters does not apply to a child who resides with a foster parent. Requires a surrogate parent (who is an employee of a nonpublic agency that provides only non-educational care) to be assigned for educational matters if the child is a ward of the State residing in a residential facility. Effective immediately.

SENATE AMENDMENT NO. 1.

For a child who is a ward of the State residing in a residential facility, allows (instead of requires) the surrogate parent to be an employee of a nonpublic agency that provides only non-educational care.

HOUSE AMENDMENT NO. 1.

Removes language that provides that the provision requiring the assignment of a surrogate parent for educational matters does not apply to a child who resides with a foster parent. Provides instead that the term "parent" includes a foster parent in that Section.

HOUSE AMENDMENT NO. 2. (Tabled April 5, 2000)

Adds reference to:

105 ILCS 5/21-28 new

Further amends the School Code. Requires special education teachers to be categorically certified, so that in order to teach students with a specific disability, a special education teacher must be certified for that specific disability category. Prohibits the State Board of Education from requiring any other type of certification relating to more than one disability category.

FISCAL NOTE, H-AM 1, 2 (State Board of Education)

There will be little if any fiscal impact to implement this legislation. However, if the teacher certification process mandated by the bill does not comply with the federal IDEA and the Corey H. court settlement agreement, there could be fines and sanctions against the State. It is difficult to quantify this possibility or the financial magnitude of such fines and sanctions.

STATE MANDATES NOTE, H-AM 1, 2 (State Board of Education)

Same as SBE fiscal note.

FISCAL NOTE, AMENDED (Dept. of Children and Family Services)

The legislation, as amended, does not cause costs for the Department beyond those of the surrogate parent training now being offered to foster parents. No additional costs to the Department are anticipated, nor does the Department anticipate additional costs to foster parents or residential facilities as the result of the legislation.

Amends the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act. Provides that, beginning January 1, 2001, if a taxpayer's average monthly tax liability to the Department of Revenue under these Acts exceeds \$50, the taxpayer is eligible to file returns on a quarter annual basis, except for retailers who sell only motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State. Provides that the Department shall provide, by reasonable rules, for a phase-in period not to exceed one year for the conversion to quarter annual filing of returns and the methodology for determining a taxpayer's quarter annual filing periods. Provides that this amendatory Act does not change the thresholds or requirements provided in this Section for the payment of tax due by electronic funds transfer. Makes other changes. Effective immediately.

FISCAL NOTE (Department of Revenue)

The bill is believed to have a potentially considerable impact on State funds. Because the Department will be unable to deter-

mine portions of sales tax to be allocated to local governments as well as monies received from local taxes, State and local tax dollars will be held until return information is received. If the Department estimates allocations prior to receiving the return information, reconciliation of the estimated allocations will be required on a quarterly basis. Reconciling under-allocations is a cost to local governments, and over-allocations is a significant cost to the State. The Department has regulations requiring that local government will not be impacted by more than 5% of their average monthly allocation when recovering over-allocated funds, leaving the Department, and ultimately the State, in the position of advancing (sometimes considerable) amounts to these jurisdictions. Under-allocations and over-allocations are anomalies of the current system and can be expensed without notice. Under SB 1453, recovery of over-allocations will become the norm.

230 ILCS 15/8.1 from Ch. 85, par. 2308.1

Deletes everything. Amends the Election Code and the Raffles Act. Requires the State Board of Elections to impose civil penalties for late filing or nonfiling of a political committee's statement of organization. Sets the penalty at \$25 per business day of violation, up to \$5,000, except for political committees for statewide offices, for which the penalty is \$50 per business day of violation, up to \$10,000. In the statement of organization form, corrects an obsolete reference to the penalty for willful filing of a false or incomplete statement. With relation to the 2-business day deadline for filing with the Board a report of a contribution of \$500 or more, provides that the Board must receive the report within that 2-day period. Removes the requirement that the Board impose specified civil penalties for violation of that 2-day reporting requirement, and instead permits the Board to impose a civil penalty up to 50% of the amount of the untimely reported contribution but in no case less than 10%. Removes language barring a person from the ballot who owes civil penalties imposed after noncompliance with an order of the State Board. Bars a person from the ballot who owes any civil penalty imposed under the Campaign Finance Article. Disqualifies as a raffle licensee any political committee that owes, or is the subject of disputed civil penalties for untimely filing of, statements of organizations and campaign finance reports as well as civil penalties re-

sulting from noncompliance with State Board orders. Removes the provision that a raffle license applicant must have existed as a political committee for at least one year. Effective immediately.

755 ILCS 45/3-3 from Ch. 110 1/2, par. 803-3

Amends the Illinois Power of Attorney Act. Adds a new Section which defines "incapacitated principal" and requires that an agent provide a record of all receipts, disbursements, and significant actions taken under authority of the agency to certain State officials and to other persons according to a prioritized list. Revises the statutory short form power of attorney for property to require an additional witness. Effective immediately.

SENATE AMENDMENT NO. 1

Deletes a provision that requires an agent to provide a record of receipts, disbursements, and significant actions taken to certain requesters according to a prioritized list, and deletes related provisions. Adds a statement to the short form power of attorney that explains when the requirement of an additional witness applies.

SENATE AMENDMENT NO. 2.

Changes one of the criteria for determining whether a principal is considered incapacitated, as an alternative to that principal's being under a legal disability under the Probate Act of 1975, by requiring that the principal lack decision making capacity (instead of requiring that the principal be unable to give prompt and intelligent consideration to financial affairs). Provides a cause of action for an agent who is required to provide records of receipts, disbursements, and significant actions taken under the authority of an agency and the disclosure produces no evidence of wrongdoing. Requires the agent to name as defendant the person who reported a suspicion of wrongdoing to an agency designated to receive such reports or the agency itself. Entitles the agent to reasonable attorney fees and costs as determined by the circuit court in its discretion.

HOUSE AMENDMENT NO. 1.

Deletes a provision that permits an agent to bring a civil action to recover costs incurred if a disclosure of records is required and no evidence of wrongdoing is discovered.

FISCAL NOTE, H-AM 1 (Department on Aging)

The Department would not incur any additional costs for this legislation.

FISCAL NOTE (Office of the Attorney General)

Other than the burden of representing the agency as to allegations of wrongfully requesting certain records from an agent of a disabled person, there is no burden on the A.G.'s Office.

Further amends the Telecommunications Excise Tax Act. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

SENATE AMENDMENT NO. 1.

Provides that "prepaid telephone calling arrangement" does not include an arrangement whereby the service provider reflects the amount of a purchase as a credit on an account for a customer under an existing agreement, rather than, does not include an arrangement whereby a customer purchases a payment card and pursuant to which the service provider reflects the amount of such purchase as a credit on an invoice issued to that customer under an existing subscription plan. Provides that the telecommunications excise tax is not imposed on interstate telecommunications as well (now, excluded only from intrastate telecommunications). Provides that prepaid telephone calling arrangements shall not be subject to the tax imposed under the provisions of the Illinois Municipal Code taxing the transmission of messages from inside the municipality, rather than that prepaid telephone calling arrangements shall not be considered "telecommunications" subject to the tax imposed under the Act. Also makes a technical correction.

FISCAL NOTE, H-AM 1, 2 (Department of Transportation)

The legal description of the property for which the Fox Metro Water Reclamation District is given quick-take authority to acquire includes operating State right-of-way. While the local agency does not have the authority to sue the State to condemn the property, there could be a cost to DOT to defend this position in court.

In provisions setting forth the criteria to have a tax sale declared to be a sale in error, replaces references to “tax purchaser” and “tax purchaser or his or her assignee” with “owner of the certificate of purchase.” Provides that the changes made by this amendatory Act of the 91st General Assembly are declaratory of existing law.

HOUSE AMENDMENT NO. 1. (Tabled April 6, 2000)

735 ILCS 5/12-144.5 new

735 ILCS 5/12-145

from Ch. 110, par. 12-145

Further amends the Property Tax Code. Provides that in counties of 3,000,000 or more inhabitants, each person purchasing property at a tax sale shall pay to the county collector a fee of \$80 for each item purchased plus an additional sum equal to 5% of taxes, interest, and penalties paid by the purchaser (now, 5% of total taxes, interest, and penalties paid). Provides that the additional 5% fees (rather than only one of the 2 additional 5% fees imposed in this provision) are not required after December 31, 2006. In language requiring the court to declare a tax sale to be a sale in error under certain conditions, includes as one of those conditions the situation in which a county official has made an error (other than an error of judgment as to the value of any property). Changes the application of procedures after a declaration of a sale in error. Removes language providing that the changes to the “sales in error” Section are declaratory of existing law. Provides that, upon application of an owner of homestead property at any time before the issuance of a tax deed, the court shall declare a tax sale to be a sale in error if (i) the property owner has tendered timely payment of the property taxes that he or she reasonably believed were due and owing on the homestead property; and (ii) the taxes were not properly applied to the property identification number of the homestead property by the county collector. Provides that, on demand of the property owner in this circumstance, the county collector shall refund the amount paid, pay certain interests and costs, and cancel the certificate of purchase. In provisions regarding redemption procedures, changes a reference from property purchased under a Section concerning redemption of forfeited property to a reference to property purchased under a Section concerning special assessments withdrawn or forfeited and provides that the changes to these provisions made by this amendatory Act are declaratory of existing law. Amends the Code of Civil Procedure. Adds a provision requiring the legal holder of the certificate with respect to real estate sold in satisfaction of a court judgment to submit a report to the court if the property is not redeemed. Adds a provision for a court hearing upon the submission of the report, at which the court shall order confirmation of the sale unless notice requirements were not fulfilled, the sale was unconscionable, the sale was conducted fraudulently, or justice was otherwise not done. Changes the requirement for time of execution of a redemption certificate to take into account a court order confirming a judgment sale entered pursuant to the new provision. Provides that the changes to the Property Tax Code concerning the amount of redemption take effect upon becoming law.

Further amends the Property Tax Code. Provides that in counties of 3,000,000 or more inhabitants, each person purchasing property at a tax sale shall pay to the county collector, in addition to other fees, a sum equal to 5% of taxes, interest, and penalties paid by the purchaser (now, 5% of total taxes, interest, and penalties paid). Provides that the additional 5% fees (rather than only one of the 2 additional 5% fees imposed in this provision) are not required after December 31, 2006. In language requiring the court to declare a tax sale to be a sale in error under certain conditions, includes as one

of those conditions the situation in which a county official has made an error (other than an error of judgment as to the value of any property). Changes the application of procedures after a declaration of a sale in error. Removes language providing that the changes to the "sales in error" Section are declaratory of existing law. Requires declaration of a sale in error when the court is satisfied that (i) the property owner has tendered timely and full payment of the property taxes that he or she reasonably believed were due and owing on the homestead property; and (ii) the taxes were not properly applied to the homestead property by the county collector. Provides that, on demand of the property owner in this circumstance, the county collector shall refund the amount paid, pay certain interests and costs, and cancel the certificate of purchase. In provisions regarding redemption procedures, changes a reference from property purchased under a Section concerning redemption of forfeited property to a reference to property purchased under a Section concerning special assessments withdrawn or forfeited and provides that the changes to these provisions made by this amendatory Act are declaratory of existing law. Amends the Code of Civil Procedure. Adds a provision requiring the legal holder of the certificate with respect to real estate sold in satisfaction of a court judgment to submit a report to the court if the property is not redeemed. Adds a provision for a court hearing upon the submission of the report, at which the court shall order confirmation of the sale unless notice requirements were not fulfilled, the sale was unconscionable, the sale was conducted fraudulently, or justice was otherwise not done. Changes the requirement for time of execution of a redemption certificate to take into account a court order confirming a judgment sale entered pursuant to the new provision. Provides that the changes to the Property Tax Code concerning the amount of redemption take effect upon becoming law.

HOUSE AMENDMENT NO. 4.

Requires declaration of a sale in error when the court is satisfied that (i) the property owner (now the owner or his or her agent) has tendered timely and full payment to the county collector that the owner reasonably believed was due and owing on the homestead property; and (ii) that the county collector did not apply the payment to the homestead property. This provision applies only to homeowners, not their agents or third-party payors.

PENSION NOTE (Pension Laws Commission)

SB 1697 will have an indirect cost to the Fund, as the increased amount paid as reimbursement for health insurance costs will no longer be available for reinvestment by the Fund. Therefore, the potential for slightly lower investment earnings in future years exists.

Amends the State Employee Article of the Illinois Pension Code. Provides an additional benefit payment for certain survivors and retirees. Applies only to fiscal years before 2005 in which the System's return on investment exceeds the actuarial assumed rate of return. Effective immediately.

PENSION NOTE (Pension Laws Commission)

There is no increase in accrued liability associated with

SB 1702, but there is a cost (that cannot be determined), as some investment returns that would normally remain with SERS to be reinvested would instead be paid out as benefits. This would increase State contributions over time by an amount that cannot be determined.

PENSION NOTE (Pension Laws Commission)

 30 ILCS 805/8.24 new

Amends the Retailers' Occupation Tax Act. Changes the Section that exempts the sale in an enterprise zone of building materials to be incorporated into real estate in that enterprise zone to instead exempt the sale of building materials sold by a retailer in Illinois to be incorporated into real estate in any enterprise zone in Illinois. Exempts the provisions of the Section from the sunset requirements. Amends the State Mandates Act to require implementation without reimbursement.

FISCAL NOTE (Department of Revenue)

For FY99 the Enterprise Zone exemption is expected to create an estimated \$16.8 million loss in State and local sales and use taxes. Allowing sales of building materials to be exempt, when purchased from any retailer located in Illinois, expands the exemption somewhat, but it is not known by how much. There is only so much building that is currently being done within enterprise zones, and most materials used now are exempt, even if extraordinary measures are necessary to obtain the exemption.

Extends the early retirement without discount option through 2007 and allows the required employee contribution to be paid in either pre-retirement or post-retirement installments. In the special plan for Commissioners, allows payment of the additional contribution for past service in installments and authorizes employer pick-up. Extends the optional plan of additional benefits through 2007; makes the plan available to employees entering service after June 30, 1997 and increases the rate of optional contributions required under the plan. Accelerates the initial automatic annual increase by one month for persons retiring on the last day of the month. Allows the Board to adopt a new actuarial table for calculating reversionary annuities. With respect to the repayment of refunds, allows employees to pay in installments, authorizes employer pick-up, and changes the manner of calculating the required interest. Makes other changes. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

 40 ILCS 5/9-219 from Ch. 108 1/2, par. 9-219
 30 ILCS 805/8.24 new

Amends the Cook County Article of the Pension Code. Increases the retirement formula to 2.4% of average salary for each year of service for persons with at least 10 years of service. Also provides a special retirement formula for a person who withdrew from service in July of 1996 with at least 8 years of service credit. Increases the widow's annuity for certain surviving spouses of members who die on or after January 1, 2001. Allow certain members to purchase up to 5 years of service credit for time spent working as a benefits processor for a firm under contract with the Fund and up to 10 years of service credit for time spent rendering contractual services (other than legal services) to the Board. Requires payment of an employee contribution, but no employer contribution or interest. Allows a person establishing credit for contractual service to reinstate credit in this Fund and repay a refund without a return to service. Allows widows who remarry to continue receiving an annuity. Allows a county correctional officer to establish credit for periods spent as an officer or employee of a labor organization that represents employees. Requires payment of employee and employer contributions plus interest; waives the employer contributions if application is made before July 1, 2001. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Pension Laws Commission)

There is only one provision of SB 1850 which would have a significant fiscal impact--increasing the retirement benefit formula to 2.4% of salary for each year of service credit.

This would increase the accrued liability of the Fund by an estimated \$180 million. The payment required to amortize the increase in accrued liability over 40 years is \$15.2 million, and the increase in annual normal cost is \$13.7 million. Therefore, the increase in first year cost is \$28.8 million, or 2.70% of payroll.

40 ILCS 5/14-104 from Ch. 108 1/2, par. 14-104

Amends the State Employee Article of the Pension Code to allow purchase of certain military service credits at a reduced cost. Effective immediately.

PENSION NOTE (Pension Laws Commission)

SERS estimates there are over 10,000 employees with qualifying military service credit at a cost roughly estimated to be \$4,655 per member. If every member of SERS with prior military service purchases the credit, accrued liability would increase by an estimated \$46.6 million. Assuming only 50% of SERS members with prior military service purchased the credit (which is more likely) it is estimated accrued liability would increase by \$23.3 million.

If every member of SERS with prior military service purchases the credit, accrued liability would increase by an estimated \$35.0 million. 105 ILCS 5/10-22.22c from Ch. 122, par. 10-22.22c

Amends the cooperative high school attendance center provisions of the School Code. Changes references from cooperative high school attendance centers to cooperative high schools. Requires joint operation to be taken for a minimum period of 20 (instead of 5) years. Allows a district to withdraw from an agreement for joint operation during its initial 20-year term only if the district is consolidating with one or more districts under other provisions of the School Code. Removes the requirement that the agreement for joint operation be executed on forms provided by the State Board of Education and changes some of the provisions that the agreement must include. Changes references from the advisory board to the governing board. Requires the governing board to administer the cooperative high school in accordance with the agreement. Gives the governing board additional powers. Removes a provision concerning providing transportation for students. Removes provisions setting forth how the per capita cost of educating students is to be computed. Provides instead that the manner of determining per capita cost shall be set forth in the agreement. Requires each district to pay the amount owed to the governing board from the fund that the district would have used if the district had incurred the costs directly. Allows each district to levy taxes and issue bonds to make payments to the governing board. Replaces provisions concerning administrators, teachers, and other staff continuing to be subject to employment by and to maintain all rights, privileges, and benefits in the districts from which they were assigned with provisions requiring the position of a high school teacher to be transferred to the governing board.

HOUSE AMENDMENT NO. 1.

Allows the governing board to adopt a budget for the cooperative high school (instead of recommending a budget, which must then be approved by each of the participating districts).

HOUSE AMENDMENT NO. 2.

Allows a district to withdraw from an agreement if the district is reorganizing (instead of consolidating) with one or more districts. Provides that the membership of the governing board shall be set by the agreement (provided that membership is not less than 6 nor more than 10). Changes the provisions concerning the transfer of teachers upon formation of the cooperative high school. Adds provisions concerning the transfer of educational support personnel.

Provides that the conditions placed upon municipalities to receive tax revenue for redevelopment project costs are effective only for those payments made by the county on or before December 31, 1999. Provides that the county may send a liability notice and seek a refund for an erroneous overpayment of tax revenue made to the municipal treasurer. Provides that the refund shall be limited to the amount of the overpayment. Makes other changes. Amends the State Mandates Act to require implementation without reimbursement. Effective the first day of the third month after becoming law.

New Act

Creates the Mental Health Services Community Reinvestment Act. Provides that whenever any appropriation, or portion thereof, for any fiscal year relating to the funding of any mental health facility operated by the Department of Human Services is reduced because of the closing of any mental health facility, the reduction in the number of available beds in any mental health facility, or a reduction in the qualifications required of staff employed in any mental health facility, those funds shall be added to the funds appropriated to the Department of Human Services to be used for mental health services in the same community service area as the mental health facility whose funding is being reduced or eliminated. Provides that this provision shall not be circumvented and that, with 2 exceptions, the total amount of funds appropriated in any fiscal year for mental health services shall not be reduced below the amount appropriated for the previous fiscal year, adjusted for inflation. Effective January 1 of the year following the year it becomes law.

HOUSE AMENDMENT NO. 1.

750 ILCS 5/505

from Ch. 40, par. 505

Amends the Illinois Marriage and Dissolution of Marriage Act. In a provision requiring that the final child support order in all cases state the support level in dollar amounts, provides that the dollar amount requirement shall be complied with to the extent possible and that the court may also enter any other appropriate order to properly apply the percentage support guidelines so that the proper support amount is collected on a timely basis. Effective immediately.

HOUSE AMENDMENT NO. 1.

Replaces the amendatory language in the bill with a provision that, if the court finds that the child support amount cannot be expressed exclusively as a dollar amount because all or a portion of the payor's net income is uncertain as to source, time of payment, or amount, the court may order a percentage amount of support either in addition to or in lieu of a dollar amount and enter other orders to collect support on a timely basis.

GOVERNOR'S AMENDATORY VETO MESSAGE

Recommends the removal of the conditional phrase "to the extent possible" from the existing requirement that a final child support order state the support level in dollar amounts. Recommends that the amendatory language authorizing the court to order support as a percentage of income in lieu of a stated dollar amount be removed, and instead provides that support shall be stated as a specific dollar amount, allowing it to be stated as a percentage of income in addition.

230 ILCS 10/16 from Ch. 120, par. 2416

Amends the Riverboat Gambling Act. Makes a technical change in the Section concerning the annual report of the Board.

FISCAL NOTE, H-AM 1 (Illinois Gaming Board)

Passage of this bill would clearly reduce the amount wagered and the amount of gaming tax revenue taken in by the State. There would likely be both immediate and long term reductions in wagering and State revenue. The magnitude of this reduction is impossible to predict; however, we would estimate it to be 20% or more. Each 1% reduction in adjusted gross receipts (AGR) reduces wagering tax revenue by approximately \$3 million on an annual basis.

Amends the Metropolitan Water Reclamation District Article of the Illinois Pension Code. Decreases the duty disability benefit from 75% to 50% of salary for new employees and delays payment until final adjudication of the issue of compensability under the Workers' Compensation Act or the Workers' Occupational Diseases Act. Provides for termination of both duty and ordinary disability benefits if the disabled employee (i) fails to follow medical advice, (ii) refuses to authorize the Board to examine his or her medical and hospital records, or (iii) fails to provide complete information relating to other employment. Expands application of the workers' compensation offset to benefits other than disability benefits and child and surviving spouse annuities and provides that interest shall not be considered in certain calculations. (Article XIII, Section 5 of the Illinois Constitution may prevent these benefit reductions and limitations from applying to current or former members.) Also provides for an increase in the child's annuity, the minimum retirement annuity, and the minimum surviving spouse annuity. Allows conversion of a surviving spouse's term annuity into a minimum surviving spouse annuity. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

625 ILCS 5/6-106.1

from Ch. 95 1/2, par. 6-106.1

Amends the Illinois Vehicle Code to require a person to successfully complete a class on cardiopulmonary resuscitation in order to receive or renew a school bus driver permit.

FISCAL NOTE (Dept. of Transportation)

HB528 will have no fiscal impact on IDOT.

HOUSE AMENDMENT NO. 1.

Provides that a person has 60 days after receipt of a school bus driver permit to complete a certified class on cardiopulmonary resuscitation, and that failure to do so shall result in the suspension of the permit until he or she provides certification to the Secretary of State that he or she has successfully completed the class.

FISCAL NOTE, H-AM 1 (State Board of Education)

The fiscal impact to local school districts/local school bus contracts would be about \$1.2 million, based on 25,000 school bus drivers and an estimate of \$50/course. This would be in addition to the current \$25 fingerprinting fee, the cost for a school bus driver physical examination, the \$4 fee for initial and refresher training, and the cost of the appropriate licenses and permit. The fiscal impact to the State Bd. of Ed. would be the additional costs claimed on the annual claim for transportation reimbursement by districts.

STATE MANDATES NOTE, H-AM 1 (State Board of Education)

Same as SBE fiscal note.

HOUSE AMENDMENT NO. 2.

Deletes everything after the enacting clause. Amends the Illinois Vehicle Code to provide that the annual refresher course in first aid required to be taken by school bus drivers shall include a certified class in cardiopulmonary resuscitation during the first year and every 5 years thereafter.

In provisions concerning the educational services block grant for a school district having a population exceeding 500,000 inhabitants, provides that the grant shall include funding for children requiring special education services. Removes the extraordinary and private tuition components of the Special Education program that the educational services block grant includes. In provisions concerning children with disabilities attending private schools, public out-of-state schools, public school residential facilities, or private special education facilities, removes the requirement that transportation to and from home to a residential school more than once each school term be subject to prior approval by the State Superintendent of Education. Replaces certain provisions in the Children with Disabilities Article of the School Code concerning State reimbursement to a school district with new provisions governing payments for children requiring special education services. Effective immediately.

Amends the Charter Schools Law in the School Code. Provides that when the State Board of Education reverses a local school board's decision to deny, revoke, or not renew a charter, the State Board, not the local school board, shall provide the funding necessary to pay the costs of the charter school from a separate appropriation. Provides that the amount of State aid paid to the school district shall not be reduced because the State Board is providing the funding, and requires that days of attendance by pupils at the charter school be accredited to and counted by the school district in which those pupils reside for purposes of determining the average daily attendance of and State aid payable to that district. Provides that the funding, services, and time of payment shall be negotiated by the State Board and charter school. Provides that the amount of funding for a charter school after the first school year of operation is based on an average daily attendance figure for the charter school instead of the number of students residing in the school district who are enrolled in the charter school. Provides that these changes apply beginning June 1, 1998. Effective immediately.

Amends the Illinois Vehicle Code. Provides that new vehicle dealers and used vehicle dealers must provide automobile liability for the amount of \$20,000 for bodily injury to, or death of, any person, \$40,000 for bodily injury to, or death of, 2 or more persons in any one accident, and \$15,000 for damage to property for any permitted user of the new vehicle dealer's vehicle or used vehicle dealer's vehicle if the permitted user has no automobile liability insurance of his or her own or has automobile insurance coverage of less than the minimum limits provided.

FISCAL NOTE (Dept. of Insurance)

HB604 will have no fiscal impact on the Department.

HOUSE AMENDMENT NO. 1.

Deletes everything. Reinserts the bill as introduced with certain exceptions. Provides that the required liability insurance policy of new and used vehicle dealers shall have minimum coverage of \$100,000 for bodily injury to, or death of, any person, \$300,000 for bodily injury to, or death of, two or more persons in any one accident, and \$50,000 for damage to property for any permitted user of the new vehicle dealer's auto if the permitted user has no automobile liability insurance of his or her own or has insurance below specified levels of coverage (instead of limits of \$20,000, \$40,000, or \$15,000, respectively). Applies only to actions commenced or pending on or after the effective date of this amendatory Act.

SENATE AMENDMENT NO. 1.

Further amends the Illinois Vehicle Code to provide that the automobile liability coverage that new and used automobile dealers are required to provide applies only to permitted users. Provides that a permitted user's insurance is the primary insurance. Defines "permitted user" to exclude certain officers, directors, and employees of new and used vehicle dealers, as well as their spouses.

GOVERNOR'S AMENDATORY VETO MESSAGE

Recommends that the bill be amended to delete language providing that the dealer's insurance would apply only as excess over any available underinsured motorists' coverage. Also recommends deletion of language that limits the dealer's liability coverage to \$100,000 for bodily injury to or the death of any one person, to \$300,000 for bodily injury to or the death of 2 or more persons, and to \$50,000 for property damage.

Removes the requirements that such a microfilmed version must be retained as long as the original record and that the Local Records Commission must be notified of its disposal. Amends the Counties Code. Provides that the county board of a county that provides and maintains a geographic information system may provide for an additional charge of \$3 for filing every instrument, paper, or notice for record. Provides that \$2 of the additional fee must be deposited into a special fund in the county treasury and used solely for the equipment, materials, and necessary expenses incurred by the county in implementing and maintaining the geographic information system. Provides that the remaining \$1 must be deposited into the recorder's special funds and may be used, in the recorder's discretion, to defray the cost of implementing or maintaining the system.

SENATE AMENDMENT NO. 2.

Further amends the Local Records Act. Deletes current provisions requiring the written permission of a Local Records Commission before certain documents may be digitized, microfilmed, or disposed of. Provides that any public record may be reproduced in a microfilm or digitized form (now, in a digitized form). Allows the original of a reproduced record to be disposed of when (i) the reproduction process forms a durable medium that accurately and legibly reproduces the original in all details, that does not

permit additions, deletions, or changes to the original, and, if electronic, that is stored in a trustworthy manner so that the information is accessible and useable for reference at all times while the information must be retained, (ii) the reproduction is retained for the prescribed retention period, and (iii) the Local Records Commission is notified when the original record is disposed of and when the reproduced record is disposed of.

SENATE AMENDMENT NO. 1.

Deletes reference to:

720 ILCS 5/16A-6

Adds reference to:

720 ILCS 5/12-3.2

from Ch. 38, par. 12-3.2

720 ILCS 5/12-11

from Ch. 38, par. 12-11

720 ILCS 5/19-1

from Ch. 38, par. 19-1

720 ILCS 5/19-3

from Ch. 38, par. 19-3

Deletes everything. Amends the Criminal Code of 1961. Provides that certain offenses of domestic violence committed in the presence of a minor will be subject to a minimum sentence of imprisonment for 10 days or 300 hours community service, or both. Includes various offenses of criminal sexual assault as a basis for charging a now lesser-included felony offense of home invasion. Broadens the definition of the felony offense of residential burglary to include situations where the offender entered with authority but then unlawfully remained in order to commit a felony or theft, and to include

situations where the offender entered not only a dwelling, but also “any part thereof”. Revises the law so that burglary and residential burglary are no longer mutually exclusive, making burglary a lesser-included offense of residential burglary.

GOVERNOR’S AMENDATORY VETO MESSAGE

Recommends making home invasion a Class X felony if criminal sexual assault, aggravated criminal sexual assault, predatory criminal sexual assault of a child, criminal sexual abuse, or aggravated criminal sexual abuse is committed against a person within the dwelling place.

Amends the School Code. Creates a student promotion policy grant program to be implemented and administered by the State Board of Education. Provides for the award of grants by the State Board of Education, from appropriations made for purposes of the program, to school districts that establish and implement a student promotion policy. Provides that a school district is not eligible to receive a grant unless its student promotion policy includes, for students who do not qualify for or may require remedial assistance in order to qualify for promotion to the next higher grade, a summer bridge program of no less than 90 hours or a program of increased instructional time under which students receiving remedial assistance receive more clock hours of instruction in a school day and school week than are required for non-remedial assistance students. Effective July 1, 1999.

FISCAL NOTE (State Board of Education)

Administrative costs would be minimal; costs for additional student services grants would be significant, but cannot be estimated. Current summer school services funding totals \$1,548,500 for General State Aid, and \$3,395,600 for special education.

105 ILCS 5/10-22.6 from Ch. 122, par. 10-22.6

Amends the School Code. Adds gender-neutral references to provisions of the School Code relating to student discipline.

FISCAL NOTE, H-AM 2 (State Board of Education)
 There will be no additional cost for a school assessment audit and safety plan. The National Public Safety Training Institute offers a 40-hour course and certificate in this area for \$500 for officers. An initial estimate for FY 2000 would be \$500,000 to train 1000 such officers, with plans to train additional officers in future years. There would be additional responsibility at the State level for the Task Force on School Safety. It may be necessary to pay expenses for those who are not government employees. Local fiscal impact would be minimal in terms of reporting responsibilities. There would be additional expense beyond community or State resources to provide this information; local districts would bear the financial burden. The extent of that need is not known at the State level.
 STATE MANDATES FISCAL NOTE, H-AM 2 (State Board of Education)
 Same as SBE fiscal note for H-am 2.
