 605 ILCS 10/37 new

Amends the Illinois Highway Code by repealing the Section permitting the Department of Transportation to convey title to certain lands, rights, or properties to the Illinois State Toll Highway Authority without compensation. Amends the Toll Highway Act. Deletes the provision authorizing the Toll Highway Authority to accept the conveyance of land from the Department of Transportation. Requires the Illinois State Toll Highway Authority to reimburse the Department of Transportation or other agency or department of the State of Illinois for all costs and administrative overhead associated with the development, planning, promotion, construction, land acquisition, contracting, and other improvements incurred on behalf of the Authority. Requires the Authority to comply with the same eminent domain requirements as other State agencies.

FISCAL NOTE, H-AM 1 (Department of Transportation)  
 Cost is estimated at approximately \$47.4 million.

 Adds reference to:  
 605 ILCS 5/4-508.1 from Ch. 121, par. 4-508.1

Deletes everything. Amends the Illinois Highway Code. Provides that when the Department of Transportation conveys to the Illinois State Toll Highway Authority an interest in land, rights or other property acquired in connection with a federal-aid project that ceases to exist, the Department must receive compensation equal to the fair market value of the interest conveyed (instead of without compensation) to be deposited into the Road Fund.

FISCAL NOTE, H-AM 1 (Illinois Toll Highway Authority)

Amends the State Finance Act and the Illinois State Collection Act of 1986. Requires that the Auditor General establish a Debt Collection Unit for the collection of overdue debts owed to the State. Beginning July 1, 1999, requires State agencies other than universities to determine the uncollectibility of debts using rules adopted by the Auditor General and to turn over to the Debt Collection Unit debts more than 90 days overdue. Exempts confidential debts owed to the Department of Revenue. Permits universities to use the Auditor General's rules and to turn debts over to the Debt Collection Unit. Requires that 10% of debts collected by the Debt Collection Unit be deposited into a special fund in the State treasury for payment of the Unit's administrative costs. Requires the Auditor General to report semi-annually to the General Assembly and State Comptroller upon debts owed to the State and upon collection efforts. Abolishes in 1999 the Debt Collection Board, the Comptroller's use of special account receivable funds, and the use of private collection services by individual State agencies. Effective immediately.

FISCAL NOTE (Auditor General)

We estimate the Debt Collection Unit would have a projected workload of approximately \$2.5 billion. With a start-up Unit consisting of 5 managers, 2 lawyers, 5 support staff and 50 debt collection specialists (each responsible for approximately \$50 million in collections). The total start-up would cost \$2,575,450.

Creates the Uniform Statutory Rule Against Perpetuities to supersede the common law rule. Amends the Statute Concerning Perpetuities, the Perpetuities Vesting Act, and the Trust Accumulation Act. Contains provisions under which the disposition of nonvested property interests and powers of appointment that would have been valid under the common law rule remain valid as of their creation under the statutory rule. Instead of invalidating an interest or power because of what might happen, as the common law rule does, adopts an approach of waiting to see what does happen by establishing a period of 90 years from the creation of the interest or power as a permissi-

ble vesting period. Provides for postponement and nonstaggered commencement of the time when certain interests and powers are treated as being created for purposes of determining the vesting period. 230 ILCS 5/34.2 new

230 ILCS 10/13.2 new

230 ILCS 10/18

from Ch. 120, par. 2418

Amends the Illinois Horse Racing Act of 1975 and the Riverboat Gambling Act. Provides that no person may conduct or authorize the installation of automated teller machines, the cashing of a post-dated check, the cashing of a welfare check, or the loaning of money to a person on the grounds of the race track or the inter-track wagering facility or inter-track wagering location facility of an organization licensee under the Illinois Horse Racing Act of 1975 or the riverboat or dock of an owners licensee under the Riverboat Gambling Act. Provides that a violation is a Class B misdemeanor. Effective immediately.

**FISCAL NOTE (Illinois Gaming Board)**

There would likely be both immediate and long term reductions in wagering and State revenue. Based on current figures, each 1% reduction in adjusted gross receipts would reduce wagering tax revenue by approximately \$4.5 million annually.

**FISCAL NOTE (Department of Corrections)**

There would be no corrections population or fiscal impact.

**CORRECTIONAL NOTE (Department of Corrections)**

Same as DOC fiscal note.

**HOUSE AMENDMENT NO. 1.**

Further amends the Illinois Horse Racing Act of 1975 and the Riverboat Gambling Act. Removes the provisions prohibiting the authorization or installation of automated teller machines at facilities licensed under either of those Acts. Removes the provisions prohibiting a licensee under either of those Acts or a bank from loaning money to a person at a licensed facility. Changes “welfare check” to “State or municipal government check”.

**FISCAL NOTE, H-AM 1 (Illinois Racing Board)**

HB 2884, as amended by H-am 1, would have virtually no fiscal impact on Illinois Racing Board revenues.

**FISCAL NOTE, H-AM 1 (Department of Corrections)**

Same as previous DOC note.

**CORRECTIONAL NOTE, H-AM 1 (Department of Corrections)**

Same as previous DOC note.

**STATE MANDATES NOTE, H-AM 1**

(Department of Commerce and Community Affairs)

This legislation does not meet the definition of a State mandate under the State Mandates Act.

**FISCAL NOTE, H-AM 1 (Illinois Gaming Board)**

HB 2884, (H-am 1) would not have a fiscal impact on the State.

**FISCAL NOTE, H-AM 2, 3 (Illinois Gaming Board)**

HB 2884, as amended, would potentially reduce the amount wagered and the amount of gaming tax revenue taken by the State. The magnitude of this reduction is impossible to predict. Based on current figures, each 1% reduction in adjusted gross receipts would reduce annual wagering tax revenue by approximately \$4.5 million.

FISCAL NOTE, H-AM 4 (Illinois Gaming Board)  
 Same as Ill. Gaming Board fiscal note, H-ams 2 and 3.

**PENSION NOTE (Pension Laws Commission)**

The fiscal impact has not been calculated, but it is estimated that allowing an unreduced retirement annuity at age 55 with 30 years of service would increase accrued liability by \$613 million at current retirement rates and that retirement at any age with 30 years of service would result in a larger increase.

**PENSION NOTE, REVISED (Pension Laws Commission)**  
 HB2916 would increase the accrued liability by an estimated \$1.15 billion. The required annual contributions have not been calculated, but would be significant.

**BALANCED BUDGET NOTE (Bureau of the Budget)**

Since HB 2924 is not a supplemental appropriation bill, the Balanced Budget Note Act is inapplicable.

**STATE DEBT NOTE (Ill. Economic and Fiscal Commission)**

HB 2924 would not affect the bonding authorization of the State, so there is no direct impact on the level of State indebtedness.

**FISCAL NOTE (State Treasurer)**

Estimated collections total \$377,753,000 for FY00 and \$283,820,000 for FY01. Fifty percent of these would be transferred to the special funds to be spent pursuant to the Authority's discretion. FY02 estimated receipts are \$342,929,000, of which 52% will be transferred to the Authority. This is a total of \$509,109,511 which could be spent by the Authority, along with \$301,500 the Treasurer's Office is allowed to spend from the Tobacco Settlement Recovery Fund. Future estimates are affected by several factors outside the State's control, including inflation, increase or decrease in tobacco sales, and additional settlements by local governments.

**STATE MANDATES NOTE (Dept. of Commerce and Community Affairs)**

HB 2924 does not create a State mandate.

105 ILCS 5/2-3.25d

Amends the School Code. Requires the State Board of Education to implement and administer a student achievement improvement grant program to provide 2-year grants to school districts on the academic watch list and other school districts that have the lowest achieving students. Requires a school district to establish an accountability program in order to receive a grant. Requires a grant to be automatically renewed when achievements goals are met. Effective immediately.

## FISCAL NOTE (State Board of Education)

The cost of this program is essentially a policy issue to be determined in the budget and appropriation process. HB 2954 does not require or define any particular level of spending. Currently, approximately 180 districts have at least one school (900 schools in all) in which less than 50% of the students achieve the State Learning Standards. A \$5 million program could either provide a \$25,000 grant to each such district or a \$5,500 grant to each such school to assist students and their families achieve standards in an after school program.

Replaces references to "jake brakes" with references to "vehicle engine compression brakes". Deletes language limiting application of the provisions to Lake County. Provides that limitations on the use of vehicle engine compression brakes are in force in every county or municipality adopting an ordinance to that effect. Provides that these brakes may be applied in those areas only in an emergency, when necessary for the protection of persons or property. Provides that any municipality or county adopting the Vehicle Code provisions by ordinance shall notify the Department of Transportation to install the necessary signs. Provides that the municipality or county must reimburse the Department for the cost of the signs. Provides that the limitations do not apply to authorized emergency vehicles.

**STATE MANDATES NOTE, H-AM 1**

(Department of Commerce and Community Affairs)

HB 2958 (H-am 1) does not create a mandate under the State Mandates Act.

**HOME RULE NOTE, H-AM 1**

HB 2958 (H-am 1) states that its provisions are in force in each county or municipality which adopts an ordinance to that effect. The legislation does not contain language which pre-empts home rule. Therefore, HB2958 (H-am 1) does not pre-empt home rule authority.

FISCAL NOTE, H-AM 1 (Department of Transportation)  
 The cost to the Department for installing and maintaining signs along State Highways is unknown, as the Department cannot estimate how many communities will adopt such prohibitions. However, the cost of each individual sign is estimated to be \$90.

105 ILCS 5/27-23.6 new

Amends the School Code. Requires every public high school to include in its curriculum a unit of instruction concerning clinical depression and suicide prevention. Allows the State Superintendent of Education to prepare and make available to school boards instruction materials that may be used as guidelines for development of the unit of instruction.

FISCAL NOTE (State Board of Education)  
 Development of materials would cost approximately \$15,000; there would be minimal costs for distribution through the ISBE WEB site and for printing and distribution of a 100-page "unit".  
 STATE MANDATES NOTE (State Board of Education)

## HOUSE AMENDMENT NO. 1.

Deletes reference to:

105 ILCS 5/27-23.6 new

Adds reference to:

105 ILCS 110/3 from Ch. 122, par. 863

Deletes everything. Amends the Critical Health Problems and Comprehensive Health Education Act. Requires a comprehensive health education program to include instruction in secondary schools on clinical depression and suicide prevention.

## HOME RULE NOTE, H-AM 1

(Department of Commerce and Community Affairs)

HB2962 pertains to requirements established for elementary and secondary schools in Illinois. The legislation does not contain any language indicating a pre-emption of home rule. Therefore, HB2962 (H-am 1) does not pre-empt home rule authority.

## FISCAL NOTE, H-AM 1 (State Board of Education)

The State Board of Education could develop materials for the instruction of clinical depression and suicide prevention for approximately \$25,000. Distribution costs could be minimal if this was limited to publication on the SBE website. Printing and distribution of a 100 page "unit" would likely be less than \$5,000.

## STATE MANDATES NOTE, H-AM 1 (State Board of Education)

Same as SBE fiscal note.

## HOUSE AMENDMENT NO. 2.

Adds reference to:

105 ILCS 5/2-3.131 new

105 ILCS 5/10-23.13 new

105 ILCS 5/34-18.21 new

Amends the School Code. Provides that the State Board of Education and the Department of Public Aid may enter into an intergovernmental agreement whereby school districts or their agents may claim Medicaid matching funds for Medicaid-eligible children. Allows a school district, if the school district provides early periodic screening and diagnostic testing services to correct or improve health impairments of Medicaid-eligible children, to access federally funded health care resources. These provisions effective immediately.

## FISCAL NOTE, H-AM 1, 2 (State Board of Education)

Development of materials would cost approximately \$15,000; there would be minimal costs for distribution through the ISBE WEB site and for printing and distribution of a 100-page "unit". Expanding the School Based Medicaid Program might generate additional federal revenues, but would not require additional State cost because the State claim is based on local school district spending rather than State spending. It is difficult to estimate the potential for additional revenue because schools do not currently charge non-disabled students for school-based services.

## STATE MANDATES NOTE, H-AM 1, 2 (State Board of Education)

Amends the School Code. Provides that the State Board of Education has the duty to improve the reading and study skills of children from kindergarten through twelfth (instead of through sixth) grade in school districts. Provides that one of the uses for Reading Improvement Block Grant Program funds shall be to continue direct reading instruction for grades 4 through 12 (instead of through 6). Makes related changes. Effective immediately.

FISCAL NOTE (State Board of Education)

The cost of the State's reading program under these block grants is essentially a policy issue to be determined in the budget and appropriation process. HB 2985 does not require or define any particular level of spending, nor does it specifically require additional funds. Currently approximately \$83.4 million is appropriated to K-6 districts (\$58 per K-6 student and \$135 per K-6 ESEA-Title I student). If the same amount were provided for each K-12 student and K-12 ESEA-Title I student, the appropriation would need to be approximately \$151 million, an increase of approximately \$70 million.

PENSION NOTE, H-AM 1, 2 (Ill. Pension Laws Commission)

This legislation would not affect the accrued liabilities or annual cost of any Illinois public pension fund or retirement system.

STATE DEBT NOTE, H-AM 2 (Economic and Fiscal Commission)

This legislation would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

CORRECTIONAL NOTE, H-AM 2 (Department of Corrections)

There would be no corrections population or fiscal impact.

JUDICIAL NOTE, H-AM 2 (Administrative Office of Ill. Courts)

It has been determined that the bill would neither decrease nor increase the number of judges needed in the state.

HOUSING AFFORDABILITY NOTE, H-AM 2

(Ill. Housing Development Authority)

There will be no fiscal impact on a single-family residence.

STATE MANDATES NOTE, H-AM 2

(Department of Commerce and Community Affairs)

HB 2993 (H-am 2) does not create a State mandate.

HOME RULE NOTE, H-AM 2

(Department of Commerce and Community Affairs)

HB 2993 (H-am 2) pertains to services for senior citizens funded by tobacco settlement proceeds and does not contain language indicating a pre-emption of home rule powers and functions.

Therefore, HB 2993 (H-am 2) does not pre-empt home rule authority.

FISCAL NOTE, H-AM 2 (State Treasurer)

Estimated collections for FY00 are \$377,753,000 and FY01 are \$283,820,000; 25% of this amount would be \$165,393,250. FY02 collections are estimated to be \$342,929,000; 25% of this would be \$85,732,250. Future estimates are affected by several factors outside the State's control, including inflation, increase or decrease in tobacco sales, and additional settlements by local governments.

New Act

Creates the Predatory Home Loan Practices Act. Prohibits various practices and charges in connection with home loans made to persons with respect to their primary residence. Prohibits the imposition of prepayment penalties, flipping of loans, and lender financing of credit insurance. Imposes limitations on high-cost loans. Prohibits loans unless the lender reasonably believes that the borrower is able to make scheduled payments to repay the loan without respect to the borrower's equity in the property. Authorizes a borrower to obtain damages for violations of the Act.

HOUSE AMENDMENT NO. 1.

Replaces the title and everything after enacting clause. Creates the Predatory Home Loan Practices Act. Includes provisions of the bill as introduced. Adds restrictions on home-improvement contracts. Provides that remedies under the Act are not exclusive.

HOUSING AFFORDABILITY NOTE, H-AM 1 (Housing Development Auth.)

It is anticipated that this legislation will decrease the cost of purchasing or owning a home for those that access high cost home loans. However, it is not possible to determine the number of high cost loans that will be avoided because of this Act.

Therefore, there is insufficient information available to determine the fiscal effect to the cost of purchasing or owning a single family residence.

FISCAL NOTE, H-AM 1 (Dept. of Financial Institutions)

There would be a total fiscal impact of \$528,207, which would include 9 additional employees.

STATE DEBT NOTE, H-AM 1 (Ill. Economic and Fiscal Commission)

HB 3007, as amended, would not change the amount of authorization for any type of State-issued or State-supported bond, and therefore, would not affect the level of State indebtedness.

HOME RULE NOTE, H-AM 1

(Department of Commerce and Community Affairs)

This legislation does not relate to the activities of home rule units of government, and therefore does not preempt home rule authority.

FISCAL NOTE, H-AM 1 (Department of Corrections)

New Act

30 ILCS 105/5.541 new

Creates the Senior Citizen Prescription Drug Discount Program Act. Provides that the Department of Revenue shall (i) enroll eligible senior citizens into the Program to qualify them for a discount on the purchase of prescription drugs at an authorized pharmacy, (ii) enter into rebate agreements with drug manufacturers, and (iii) reimburse pharmacies for the cost of providing discounts using the proceeds from the manufacturer rebate agreements. Provides that eligible seniors are Illinois residents 65 years of age or older. Provides that any person who is eligible for pharmaceutical assistance under the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act is eligible for this Program. Sets out provisions for the administration of the Act and authorizes the Department to promulgate rules to administer the Act. Provides that rebates paid by drug manufactures to the Department be deposited into the Senior Citizen Prescription Drug Discount Program Fund to be used to administer the Act. Amends the State Finance Act to create the Fund. Effective July 1, 2000.

HOUSE AMENDMENT NO. 1.

Deletes everything. Reinserts the provisions of the bill as introduced with the following changes: provides that the Department of Revenue shall compensate authorized pharmacies subject to the requirements of the State Prompt Payment Act and may adjust the amount of compensation to authorized pharmacies based upon the availability of funds in the Senior Citizen Prescription Drug Discount Program Fund; requires drug manufacturers to enter into rebate agreements under the Program for all prescription

drugs sold in Illinois; removes language setting negotiating strategies for the Department; provides that the Department shall deposit the enrollment fees collected into the Senior Citizen Prescription Drug Discount Program Fund and separately account for the fees; changes the size of a prescription covered from one lasting 34 days to one lasting 90 days; removes language about assignment of benefits under the Program; and makes other changes. Effective July 1, 2000.

STATE MANDATES NOTE, H-AM 1

(Department of Commerce and Community Affairs)

HB 3036 (H-am 1) does not create a State mandate.

HOME RULE NOTE, H-AM 1

(Department of Commerce and Community Affairs)

HB 3036 (H-am 1) does not pre-empt home rule authority.

FISCAL NOTE, H-AM 1 (Department of Revenue)

Implementation of HB 3036 will require at least 210 additional employees and, including salaries, benefits and related equipment, with corresponding costs for Systems and Programming support, is estimated to cost \$13.65 million. Based on current estimates, the \$25 fee charged to participants should offset the calculated implementation costs. The Department cannot determine the overall shared impact to the State, or to the manufacturers, but it is believed that HB 3036 will have a potentially significant fiscal impact to the State. Under the bill, the Department is clearly liable for reimbursement payments to pharmacies, at the expense of the Illinois taxpayers, even before the requisite manufacturer rebates may be received to cover the costs incurred by the pharmacies. With the total program cost estimated at \$706.5 million, the State's potential interim liability is likely to be significant.

PENSION NOTE, H-AM 3 (Pension Laws Commission)

The legislation would not affect the accrued liabilities or annual cost of any Illinois public pension fund or retirement system.

STATE DEBT NOTE, H-AM 3 (Ill. Economic and Fiscal Commission)

HB 3036, as amended, would not change the amount of authorization for any type of State-issued or State-supported bond and, therefore, would not affect the level of State indebtedness.

CORRECTIONAL NOTE, H-AM 3 (Department of Corrections)

There would be no corrections population or fiscal impact.

STATE MANDATES NOTE, H-AM 3

(Department of Commerce and Community Affairs)

Same as previous mandate note, H-am 1.

HOME RULE NOTE, H-AM 3

(Department of Commerce and Community Affairs)

Same as previous home rule note, H-am 1.

BALANCED BUDGET NOTE, H-AM 3 (Bureau of the Budget)

Since this bill is not a supplemental appropriation bill, the Balanced Budget Note Act is inapplicable.

JUDICIAL NOTE, H-AM 3 (Administrative Office of Ill. Courts)

This legislation would neither increase or decrease the number of judges needed in the State.

HOUSE AMENDMENT NO. 3.

Deletes everything. Reinserts the provisions of House Amendment No. 1 with the following changes: (1) provides that the discount program begins January 1, 2001 and that, for drugs not listed on the Federal Supply Schedule, the eligible seniors shall pay the AWP minus 35%; (2) provides that the compensation paid by the Department of Revenue to authorized pharmacies shall be from the Senior Citizen Prescription Drug Discount Program Fund and that the amount paid shall be the difference between the amount paid by eligible seniors and the AWP minus 10% (now, the amount above the Federal Supply Schedule price charged to a participant in the Program up to the AWP minus 10%); (3) instead of requiring rebate agreements for all manufacturers with prescription drugs sold in Illinois, requires a rebate agreement under this Program for those that already have an agreement with any payor of prescription drug benefits that results in a reduction in price for prescription drugs sold by an authorized pharmacy; (4) provides that, within 30 days after the effective date of this amendatory Act of the 91st

General Assembly, the State Comptroller shall direct and the State Treasurer shall transfer \$27,000,000 from the General Revenue Fund to the Senior Citizen Prescription Drug Discount Program Fund to facilitate the payment of reimbursements to authorized pharmacies, with repayment, subject to the obligation to reimburse authorized pharmacies, beginning July 1, 2001, with 7.5% interest per annum; (5) provides that the Department may reduce the annual enrollment fee by rule if the revenue from the enrollment fees is in excess of the costs to carry out the Program, rather than that the Department may reduce the dispensing fee if annual enrollment fees exceed Program administration costs; and (6) makes other changes. Effective July 1, 2000.

FISCAL NOTE, H-AM 3 (Department of Revenue)

The estimated administrative costs of HB 3036, as amended, based on 210 additional employees, would be \$13.65 million. The fee charged to participants in the program should offset these estimated administrative costs. The transfer of \$27 million from GRF to the Senior Citizen Prescription Drug Discount Program Fund is to be paid back to GRF, with interest at 7.5%, over the program's first year; this transfer creates an initial fiscal impact to GRF of \$27 million. The Department is required to pay pharmacy claims for excess charges; these claims are to be paid from the proceeds of drug manufacturer rebates. The repayment schedule will not result in a cost to the State as long as the initial \$27 million transfer and the manufacturer rebates keep pace with the claims for payment from member pharmacies. The Department believes the State is liable for payment of all valid claims filed. The maximum total cost of the rebate program is estimated to be \$706.5 million. If rebate funds are not sufficient to keep pace with pharmacy claims and the initial \$27 million transfer has been exhausted, HB 3036, as amended, will have a potentially significant fiscal impact to the State.

Amends various Acts relating to the governance of the public universities in Illinois. Requires any university facility that delivers health services to university students to offer meningitis vaccines and to keep the vaccine in stock. Provides that at the beginning of each academic year, the university shall inform each of its students and the student's parents or guardian about meningitis, its transmission, and the number of meningitis cases reported at the university in the previous academic year. Effective July 1, 2000.

HOUSE AMENDMENT NO. 1.

Replaces everything after the enacting clause. Amends various Acts relating to the governance of the public universities in Illinois. Provides that at the beginning of each academic year, the university shall inform each of its students and the student's parents

or guardian about meningitis and its transmission. Requires the University to recommend meningitis vaccination and, for those students deciding not to be vaccinated, to obtain a signed waiver indicating the student's receipt of the information provided and the student's rejection of the recommended vaccination. Requires any university facility that delivers health services to university students to offer meningitis vaccines. Effective July 1, 2000.

FISCAL NOTE (Board of Higher Education)

While it is not possible to predict the exact number of people who would choose to take the vaccination, it is possible to predict the costs related to a certain number of persons. Public universities report that the estimated cost of a single meningitis vaccination ranges from \$60 to \$85. If 10% of the 194,235 students enrolled in public universities in fall 1999 chose to take the vaccination and there was no required student co-payment, the cost to public universities would range between \$1.2 and \$1.7 million.

HOUSE AMENDMENT NO. 2.

Requires the meningitis information to be provided to a university's incoming freshmen and transfer students (instead of to all of its students) and to be provided at the beginning of each semester (instead of each academic year).

HOUSE AMENDMENT NO. 3.

Deletes everything after the enacting clause. Amends various Acts relating to the governance of the public universities in Illinois. Requires a public university to include in the information it provides to its incoming freshmen and transfer students information about meningitis, its transmission, a college student's increased risk of contracting meningitis, and the meningitis vaccine. Requires the university to make the meningitis vaccine available to its students, subject to availability of the vaccine. Effective July 1, 2000.

New Act

Creates the Riparian Rights Act. Establishes rights to the access and use of the water and bottomland associated with the ownership of the bank or shore of an inland lake or stream. Provides that the owner of these rights has the right to do the following: (a) place a seasonal structure on bottomland to facilitate private noncommercial recreational use of the water if it does not unreasonably interfere with the use of the water by others entitled to use the water or interfere with water flow; (b) reasonably sand beaches to the existing water's edge; (c) construct and operate a pollution control facility that is approved for construction by the Environmental Protection Agency under the Environmental Protection Act; (d) construct and maintain minor drainage structures and facilities that are identified by rule established by the Department of Natural Resources; or (e) construct and maintain privately owned cooling or storage ponds used in connection with a public utility except at the interface with public waters.

**HOUSE AMENDMENT NO. 1.**

Deletes the definition of "bottomland" from the Act. Deletes references to "stream". Excludes from the definition of "drain" agricultural draining tile or agricultural drainage tile outlets. Excludes from the definition of "inland lake" a body of water that the Department of Natural Resources owns or has a property interest in. Provides that an inland lake includes a lake or pond that has a surface area of less than 5 acres. Limits the riparian rights of owners to the owners of land located in counties exceeding 3,000,000 persons or in counties that are adjacent to counties with over 3,000,000 persons. Deletes provisions permitting a riparian owner to construct and maintain minor drainage structures and facilities that are identified by Department rule. Provides that a riparian owner may only construct and maintain privately owned cooling or storage ponds used in connection with a public utility that are approved by the Environmental Protection Agency. Provides that the Act does not prohibit a public utility or a power plant from lawful construction, maintenance, or removal of facilities on lakes, streams, or waterways to ensure the safe, reliable, and efficient operation of the public utility or power plant.

Amends the State Employee and Downstate Teacher Articles of the Pension Code. Provides an early retirement incentive program for certain State employees who retire between January 1, 2001 and July 1, 2001 (in certain cases, as late as January 1, 2002).

Requires the Pension Laws Commission to report on the net savings or cost of the program. Requires the State to fund the program through separate contributions made in fiscal years 2002 through 2008. Amends the State Pension Funds Continuing Appropriation Act to guarantee those contributions through continuing appropriations. Amends the State Finance Act to restrict personal service contracts with these early retirees. Requires the lump sum payment for unused vacation and sick leave to be separate from the final payment of salary and requires the use of specified withholding rates. Provides that a lump sum payment payable to a person who terminates State service during June of 2001 may be paid during July or August of 2001 from either a fiscal year 2001 or fiscal year 2002 appropriation. Provides that in fiscal year 2003 the General Assembly shall not fund the vacated positions at more than 85% of the rate of compensation payable at the time of retirement. Effective immediately.

**PENSION NOTE (Pension Laws Commission)**

There are approximately 17,800 members eligible to participate in the ERI. Assuming 6,200 (35%) retire early, it is estimated the accrued liability of SERS would increase by approximately \$537.2 million. Employee contributions are expected to total \$33.2 million, and therefore the increase in accrued liability the State would be required to amortize is estimated to be \$503.9 million.

**PENSION NOTE, REVISED (Pension Laws Commission)**

According to the Commission's actuary, there are approximately 20,275 members of SERS who would be eligible to participate in the ERI. Assuming 7,100 (approximately 35%) members retire early, it is estimated the accrued liability of SERS would increase by \$620.3 million. Required employee contributions are expected to total \$36.1 million. Therefore the increase in accrued liability the State would be required to amortize is estimated to be \$584.2 million.

HB 3101 requires the State to contribute \$90 million to SERS and \$1 million to TRS in FY 2002 to amortize the increase in accrued liability. The bill requires the remainder of the accrued liability to be amortized in 6 equal annual installments, beginning in FY 2003. The Commission's actuary estimates the annual payments to be \$108.5 million.

HB 3124 would decrease the unfunded liability of the Chicago Firefighters' Fund by an estimated \$16.0 million, which matches an amount that would be transferred from the Chicago Municipal Fund, based on the contributions of 380 paramedics who took refunds from the Chicago Municipal Fund in 1984, and who are currently participating in the Chicago Firefighters' Fund. HB 3125 would increase the accrued liability of the Chicago Firefighters' Fund by an estimated \$2.5 million. The level dollar annual payment needed to amortize the estimated increase in unfunded liability over 40 years is \$206,000. The estimated annual increase in normal cost is \$186,000, or 0.01% of payroll. Therefore, the estimated increase in total annual cost is \$392,000, or 0.02% of payroll.  30 ILCS 805/8.24 new

Amends the Chicago Firefighter Article of the Pension Code. Compounds the automatic annual increase in retirement annuity. Increases the rate of increase to 3% and removes the 30% maximum for all firemen, regardless of date of birth. For certain

firemen with at least 20 years of service, makes the initial annual increase occur on the first anniversary of retirement, regardless of age. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Pension Laws Commission)

40 ILCS 5/6-111 from Ch. 108 1/2, par. 6-111  
 30 ILCS 805/8.24 new

Amends the Chicago Firefighter Article of the Pension Code. Changes the definition of salary to include duty availability pay. Allows certain persons to have their salary for pension purposes retroactively adjusted to include duty availability pay previously received, upon payment of the corresponding employee contributions, without interest. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Pension Laws Commission)  
 HB 3170 would increase the accrued liability of the Chicago Firefighters' Fund by an estimated \$10.2 million. The level dollar annual payment needed to amortize the estimated increase in unfunded liability over 40 years is \$0.9 million. The estimated annual increase in normal cost is \$2.3 million, or 0.87% of payroll. Therefore, the estimated increase in total annual cost is \$3.2 million, or 1.22% of payroll. Although there will be a fiscal impact in allowing certain members to make contributions for past duty availability pay and have their annuity recalculated, this impact has not been determined.

STATE MANDATES NOTE (Dept. of Commerce and Community Affairs)

HB 3177 does not create a State mandate under the State Mandates Act.

FISCAL NOTE (Dept. of Employment Security)

Making IDES information available to municipal revenue enforcement agencies is not a covered or allowable activity in which IDES can expend its Federal Employment Security administrative grant funds, the Dept's. primary source of funds. IDES can, however, request reimbursement for such costs. In that IDES would supply the information only on a reimbursable cost basis, no new State or Federal revenues would be required. It is possible that there would be some potential future need to increase IDES expenditure authority to cover this self-financing activity if activity levels were high and of material expense. Of the 1282 Illinois municipalities listed in the 1992 census, how many would ask for information on a reimbursable basis is unknown.

HOUSE AMENDMENT NO. 1.

 75 ILCS 10/8.4 from Ch. 81, par. 118.4

Amends the Illinois Library System Act. In awarding annual equalized grants to public libraries for which a tax of at least .13% is levied, requires that the library tax produce less than \$10 revenue per capita, rather than \$4.25 per capita. Also requires that at least 10% of the population in the library's territory has a personal income at or below the poverty level. Changes the formula for calculating the annual grant amount. Specifies that a grant recipient that was disqualified from future grants by the reduction of its tax levy regains eligibility when its levy is increased to or exceeds its original rate. Increases the amount of school library grants from \$0.75 per student to \$1.25 per student. Effective immediately.

HOUSE AMENDMENT NO. 1.

Changes from \$10 to \$7.50 the maximum per capita revenue an annual equalized grant recipient's library tax may produce. Changes from \$4.25 to \$7.50 the maximum per capita revenue an annual equalized grant recipient's library tax may produce when the recipient is subject to the Property Tax Extension Limitation Law in the Property Tax Code, and removes the prohibition against such a recipient receiving further grants if it reduces its levy below the rate levied when its original application was approved.

FISCAL NOTE, H-AM 1 (Secretary of State)

This legislation would require an additional appropriation of \$1.8 million for the Office of Secretary of State, and is included in the FY 2001 budget request.

FISCAL NOTE, H-AM 1 (Department of Revenue)

The Department of Revenue does not have authority under the Library System Act, nor does the Department pay or administer the library grants of issue within the bill. Therefore, the Department of Revenue is not the proper agency to fulfill the fiscal note request.

Amends the Charitable Games Act. Adds wagering on videotaped horse races to the list of games authorized under the Charitable Games Act. Effective immediately.

## FISCAL NOTE (Department of Revenue)

It is unknown how many charitable organizations will decide to hold videotaped racing events. Therefore, the Department is unable to estimate the potential fiscal impact of HB 3267.  105 ILCS 5/34-18.4 from Ch. 122, par. 34-18.4

Amends the School Code to require the State Board of Education to provide after school program grants to qualifying school districts for the purpose of assisting individual students who fail to meet State academic standards and their families. Effective immediately.

**FISCAL NOTE (State Board of Education)**

The cost of the program outlined in HB 3315 is essentially a policy issue to be determined in the budget and appropriation process; HB 3315 does not require or define any particular level of spending. Currently, approximately 180 districts have at least one school (900 schools in all) in which less than 50% of the students achieve the state Learning Standards. SBE has included \$5 million in its FY01 budget for extended day programs, which could either provide a \$25 thousand grant to each such district or a \$5.5 thousand grant to each such school.

**STATE MANDATES NOTE (State Board of Education)**

Same as SBE fiscal note.

**BALANCED BUDGET NOTE (Bureau of the Budget)**

Since HB 3315 is not a supplemental appropriation bill, the Balanced Budget Note Act is inapplicable.

**STATE DEBT NOTE (Economic and Fiscal Commission)**

HB 3315, House Amendment #1, would not change the amount of authorization for any type of State-issued or State-supported bond; therefore, this bill would not affect the level of State indebtedness.

**JUDICIAL NOTE, H-AM 1 (Administrative Office of Ill. Courts)**

HB 3315, as amended, would neither decrease nor increase the number of judges needed in the State.

**HOME RULE NOTE, H-AM 1**

(Department of Commerce and Community Affairs)

This legislation does not pre-empt home rule authority.

**FISCAL NOTE, H-AM 1 (State Board of Education)**

Since HB 3315, as amended, is subject to appropriation, the bill in and of itself will have no fiscal impact. Costs would be limited to the amount of money, if any, appropriated by the General Assembly.

**STATE MANDATES NOTE, H-AM 1 (State Board of Education)**

Amends the Illinois Vehicle Code with regard to intermodal trailer, chassis, and container safety. Provides that the owner (including the lessor or the designated operator under a pooling agreement) of any vehicle (defined as an intermodal trailer, chassis, or container) is responsible for its maintenance, regardless of whether that person has tendered the vehicle for interchange from one party to another for subsequent movement. Provides that the owner may not knowingly permit the interchange of any vehicle that violates the requirements of the U.S. Department of Transportation Federal Motor Carrier Safety Regulations and may not put a defective vehicle into commerce until required repairs have been completed. Provides that if a vehicle is put out of service as a result of a roadside inspection that occurs within 2 hours after the transfer of the vehicle from the owner to another operator, the owner must reimburse the operator within 60 days for any fines, penalties, and repair expenses necessary to restore the vehicle to service, unless the fines, penalties, and repair expenses were caused by the actions or omissions of the operator in failing to discover the defect during the inspection required by the Section. Provides that the Code is not intended to eliminate the operator's duty to inspect the vehicle. Provides that the Code, rather than the Section, is not to be applied, construed, or implemented in any manner that conflicts with federal motor carrier safety regulations. Effective July 1, 2000.

Deletes everything. Amends the Property Tax Code. In provisions authorizing the county board to institute a civil action for the whole amount due for taxes and special assessments on the delinquent or forfeited property after final judgement and order of sale against the delinquent property has been entered, provides that the county board institutes the action as trustee for all taxing districts having an interest in the property's taxes or special assessments. In a Section authorizing the notice of expiration of the period of redemption to be served by a special process server appointed by the circuit court in lieu of service by the sheriff or coroner in counties of 3,000,000 or more inhabitants where a taxing district is a petitioner for a tax deed, expands those who may avail themselves of this provision to include any county board that is petitioner for a tax deed. 605 ILCS 10/18 from Ch. 121, par. 100-18  
 605 ILCS 10/24 from Ch. 121, par. 100-24

Amends the Toll Highway Act. Provides that the Toll Highway Act shall constitute an irrevocable and continuing appropriation from the Illinois State Toll Highway Authority Fund for amounts to pay principal, interest, and other bond expenses and obligations (instead of the Fund being considered always appropriated for the purposes of repayment of debt service and other bond obligations). Provides that all other expenses,

including ordinary and contingent expenses, are subject to annual appropriation by the General Assembly from the Fund (or from other funds as provided under a Section of the Act concerning repayment of State funds) for each fiscal year. Provides that only those amounts appropriated to the Authority other than from the Fund shall be repaid.

HOUSE AMENDMENT NO. 1.

Adds reference to:

605 ILCS 10/14.1 from Ch. 121, par. 100-14.1  
 605 ILCS 10/23 from Ch. 121, par. 100-23

Deletes everything. Reinserts the provisions of the original bill, with additions. Amends the Toll Highway Act. Provides that before bonds may be issued for or construction may be commenced on any new segment of toll highway, the issuance of bonds for or the commencement of construction of that particular segment must be approved by the General Assembly by law (rather than being authorized by joint resolution of the General Assembly). Provides that any general increase in toll rates must have the prior approval of the General Assembly, by a three-fifths majority vote. Provides that the Toll Highway Authority may issue bonds to implement its capital plan only in amounts and for purposes that have been approved by law. Provides that for all outstanding bonds issued by the Authority before the effective date of the amendatory Act, the State guarantees the timely payment of any principal or interest that is not paid by the Authority when due, with recourse to the Court of Claims. The Authority shall, with respect to all revenue bonds outstanding as of the effective date of the amendatory Act, maintain in a debt service fund an amount equal to 140% of the amount needed to pay annual debt service or the bonds.

STATE DEBT NOTE, H-AM 1 (Economic and Fiscal Commission)  
 HB 3423, as amended by House Amendment #1 would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

FISCAL NOTE, H-AM 1 (State Toll Highway Authority)  
 This legislation makes a fundamental change in the credit structure of the Authority's debt, which is likely to require refunding of outstanding bonds. Based on the costs of refunding these bonds, and the loss of tax exempt status on most existing bond issues, this legislation is estimated to require \$100 million in increased debt payments on the Authority's current bond debt. The Authority's entire \$860 million debt amount would become a contingent liability of the State and would impact the State's credit. The credit value and the dollar impact of this guarantee are difficult to quantify, especially because the State's obligation to pay is subject to legislative discretion through the Court of Claims process. The bill also subjects the creditworthiness of the Authority to possible further downgrade.

430 ILCS 15/2 from Ch. 127 1/2, par. 154

Amends the Gasoline Storage Act. Makes a technical change in the Section concerning jurisdiction and regulation of tanks.

FISCAL NOTE, H-AM 1 (State Fire Marshal)

Approximately \$100,000 to \$200,000 revenue per year may be needed to initiate and maintain a safety and inspection program. Expenses are expected to cost \$150,000. Revenue from fees established to fund this mandate should be sufficient to support the new duties of fire safety inspections, regulatory compliance and the necessary clerical activities for a permitting program. More definitive costs could be projected when the number of potential companies is known.

STATE MANDATES NOTE, H-AM 1

(Department of Commerce and Community Affairs)

This legislation creates a service mandate for which 50% to 100% of the increased costs to units of local government is required under the State Mandates Act. Until such time as rules are promulgated, the extent to which costs, if any, may be imposed is unknown.

HOME RULE NOTE, H-AM 1

(Department of Commerce and Community Affairs)

The section of the law being amended currently pre-empt home rule authority. Therefore, home rule units of local government would be required to comply with any regulations promulgated by the State Fire Marshal relating to the refueling of vehicles owned, leased, or operated by such units.

BALANCED BUDGET NOTE, H-AM 1 (Bureau of the Budget)

Since this legislation is not a supplemental appropriation bill, the Balanced Budget Note Act is inapplicable.

HOUSING AFFORDABILITY NOTE, H-AM 1

(Housing Development Authority)

There would be no fiscal effect on constructing, purchasing, owning or selling a single-family residence.

Amends the Illinois Procurement Code. Requires that contractors awarded construction contracts of \$1,000,000 or more funded by Illinois FIRST moneys must provide certain job opportunity information to applicants at the work site and to the Department of Employment Security using the Department's forms and procedures. Requires the Department to post the information at various job centers. Requires the contractor to supply information on employment of women and minorities quarterly to a State agency designated by the Governor. Effective immediately.

HOUSE AMENDMENT NO. 1.

Provides that the postings must include apprenticeship and journeymen hours "available" (as well as "required") for contracts "and" (rather than "or") subcontracts to be awarded for the project "and" (rather than "or") other employment opportunity.

FISCAL NOTE, H-AM 1,2 (Dept. of Central Management Services)

As amended, the estimated fiscal impact is now \$27,000, if CMS is designated by the Governor to receive information on women and minorities employed because of a \$1,000,000 or more construction contract in Cook County funded in whole or part by Illinois FIRST funds. That amount includes an estimated \$12,000 for one part-time contractual worker and the remainder for document storage and computer capacity.

FISCAL NOTE (Department of Employment Security)

IDES, as part of its Federally funded Job Service program, maintains a State of Illinois Internet site for all job opportunities it receives which is accessible to all Illinois Employment and Training Centers and all Internet users. If this site fits the criteria of HB 3482, there would be quite nominal additional costs to meet the job opportunities posting requirements of this bill and those costs could be charged to IDES' Federal administrative grants.

Amends the Illinois Lottery Law to ban persons under 21 years of age from purchasing lottery tickets. Amends the Illinois Horse Racing Act of 1975 to ban persons under 21 years of age from being a patron of the pari-mutuel system of wagering. Effective immediately.

STATE DEBT NOTE, H-AM 1 (Economic and Fiscal Commission)

This legislation would not affect the bonding authorization of the State, and, therefore, has no direct impact on the level of State indebtedness.

FISCAL NOTE, AMENDED (Illinois State Lottery)

The fiscal impact of HB 3490 would be very difficult to determine. As little as a 5% decrease in lottery play would have a \$75 million impact on sales. After payment of lottery prizes, deduction of administrative costs, and various payments to vendors, approximately 36% of lottery profits are transferred to the Common School Fund. It is estimated that HB 3490 will result in a decrease of transfers to the Common School Fund of several million dollars.

**HOUSE AMENDMENT NO. 1.**

Further amends the Illinois Lottery Law and the Illinois Horse Racing Act of 1975. Provides that the provisions increasing the minimum legal age for purchasing lottery tickets and for participating in the pari-mutuel system of wagering do not apply to persons who are in active duty in the United States armed services.

20 ILCS 605/605-455 new

30 ILCS 105/5.541 new

Amends the Department of Commerce and Community Affairs Law of the Civil Administrative Code of Illinois. Creates a Municipal Assistance Commission in the Department of Commerce and Community Affairs. Provides that the Commission shall make grants to units of local government, other than the city of Chicago, that (i) are located in areas in need of economic development, (ii) have specific proposals for economic development, and (iii) lack the local revenues necessary to carry out the proposal. Sets criteria for the Commission to consider when making the grants. Requires the Commission to monitor projects carried out with grant moneys. Amends the State Finance Act to create the Municipal Assistance Grant Fund. Effective January 1, 2001.

FISCAL NOTE (Dept. of Commerce and Community Affairs)  
DCCA will incur additional costs to provide administrative support for the Commission. These expenses have not been addressed by this legislation. It is unlikely that a part-time Commission, which is only paid for expenses, would be able to carry out the tasks associated with establishing a grant program, such as drafting rules, creating application forms, developing funding criteria, reviewing applications, preparing grant awards, monitoring ongoing projects, etc. It is impossible to provide a reasonable estimate for increased operational costs at this time without knowing the amount of money available for grants.

STATE MANDATES NOTE (Dept. of Commerce and Community Affairs)

HB 3535 does not create a State mandate under the State Mandates Act.

STATE MANDATES NOTE, H-AM 1

Provides that units of local government eligible for assistance from the Office must (i) be located in an area in need of economic development, (ii) have developed a specific proposal for economic development, and (iii) lack available local revenues, resources, or knowledge necessary to implement the proposal. Repeals the provisions concerning the Office on January 1, 2005. Effective January 1, 2001.

FISCAL NOTE, H-AM 1 (Dept. of Commerce and Community Affairs)

Six additional staff would be required with salary and other support costs totaling \$400,000. In addition, DCCA will require \$350,000 for consulting services to assist with the provision of training, technical support and assistance to local officials.

New Act

20 ILCS 1105/8.2 new

30 ILCS 330/7

from Ch. 127, par. 657

Creates the Illinois Clean Air and Coal Mining Jobs Act. Provides air emissions standards for fossil coal-fired generating units on or after January 1, 2006. Provides for the promulgation of rules by the Pollution Control Board to achieve the emissions reduction requirements. Amends the Energy Conservation and Coal Development Act. Provides that the Department of Commerce and Community Affairs shall have the power to assist in funding the cost of sulfur dioxide and nitrogen oxide emission control systems for coal-fired generating units. Amends the General Obligation Bond Act. Adds \$100,000,000 to the amount the Department of Commerce and Community Affairs is authorized to use for coal and energy development purposes, which is to be used to assist in funding the cost of sulfur dioxide and nitrogen oxide emission control systems for coal-fired generating units. Effective immediately.

HOUSE AMENDMENT NO. 1.

Deletes reference to:  
 20 ILCS 1105/8.2 new  
 30 ILCS 330/7

Deletes everything but the short title Section of the Illinois Clean Air and Coal Mining Jobs Act.

STATE MANDATES NOTE, H-AM 2  
 (Dept. of Commerce and Community Affairs)

This legislation imposes requirements on local government units which own/operate coal-fired electric generating units and creates a service mandate for which 50% to 100% of the increased costs to units of local government is required under the State Mandates Act. No estimate of the increased costs to units of local government is available.

HOME RULE NOTE, H-AM 2 (Dept. of Commerce and Community Affairs)

The legislation does not contain language indicating a pre-emption of home rule powers and functions.

FISCAL NOTE, H-AM 2 (Pollution Control Board)

This legislation would cost approximately \$200,000 for additional staff required to accomplish the bill's complex rule-making requirements.

FISCAL NOTE, H-AM 2 (Dept. of Commerce and Community Affairs)

The fiscal impact on DCCA is estimated to be \$70,000 from the Coal Technology Development Assistance Fund (based on an estimated average cost of \$25 million per emission control system). Additional costs to GRF will be at least \$100 million to repay principal and interest associated with this bond sale.

Deletes everything. Amends the Illinois Consortium for Educational Opportunity Act. Increases the maximum amount of a grant award under the Act from \$10,000 annually to \$15,000 annually. Effective July 1, 2000.

FISCAL NOTE, H-AM 1 (Board of Higher Education)

The number of awards made annually under the Act is dependent upon the annual appropriation. In FY 2000, 157 maximum awards of \$10,000 and 6 partial awards of \$5,000 were granted. If an equal number of awards are granted in FY 2001, at \$15,000 and \$7,500, an appropriation of \$2.4 million would be required. If the FY 2001 appropriation is less than \$2.4 million, the Board would either grant a fewer number of total awards or a fewer number of maximum awards.

Authorizes the Illinois Student Assistance Commission to promulgate rules relating to the scholarships. Effective January 1, 2002.

HOUSE AMENDMENT NO. 1.

Changes the name of the Act to the Higher Education Scholarship Act. Allows scholarships to be awarded to students at public community colleges in this State.

HOUSE AMENDMENT NO. 2.

Requires a student, as a condition for receiving a scholarship, to certify that he or she has applied for other federal and State grants.

HOUSE AMENDMENT NO. 3.

Changes the effective date from January 1, 2002 to July 1, 2001.

FISCAL NOTE, H-AM 1,2,3 (Ill. Student Assistance Commission)

The cost of the Higher Education Scholarship Act has been calculated by multiplying the number of students enrolled in Illinois public universities and community colleges, full-time or part-time, by 55% (the approximate percentage of students who earn a B average) and the mean cost of tuition and fees at Illinois public universities and community colleges. Subtracting the amount of federal grants and Illinois MAP grants received by Illinois students at public universities and community colleges bring the total fiscal impact of HB 3831 to an

estimated \$100 million annually.

FISCAL NOTE, H-AM 1 thru 4 (Ill. Student Assistance Commission)

Same as the SAC fiscal note, as amended, but with an increased impact of \$170 million annually.

#### HOUSE AMENDMENT NO. 4.

Allows students at all community colleges, colleges, and universities located in the State to be awarded scholarships (instead of just those students at public community colleges and universities). Provides that a scholarship for a private institution of higher education includes tuition and approved mandatory fees in an amount not to exceed the maximum amount allowed to be awarded each academic year under the Monetary Award Program.

**HB-3832 KLINGLER – POE.**

40 ILCS 5/14-115.1 new

Amends the State Employee Article of the Illinois Pension Code. Provides an additional benefit payment for certain survivors and retirees. Applies only to fiscal years before 2005 in which the System's return on investment exceeds the actuarial assumed rate of return. Effective immediately.

PENSION NOTE (Pension Laws Commission)

There is no increase in accrued liability associated with HB 3832, but there would be an increase in State contributions over time (by an amount that cannot be determined), as some investment returns would be paid out as benefits instead of reinvested.

105 ILCS 5/2-3.131 new

Amends the School Code. Requires the State Board of Education to award grants to school districts to offset the expenses associated with educating foster children. Effective July 1, 2000.

STATE MANDATES NOTE (State Board of Education)

It is not clear what costs HB 3858 is intended to fund so it is difficult to estimate a cost. Current law and appropriations already subsidize all special education costs associated with such children and their regular education costs are funded in the general State aid formula. DCFS estimates that the number of foster children likely to be in public schools and partici-

pate in this program will be 20,000. Given the inclusive nature of the costs HB 3858 appears to cover, as well as the needs of foster children who typically score below average on State tests, it is likely that a school district's minimum documented costs, above the general State aid formula, will range from \$1000 to \$3000. It is also possible that these costs could be as high as \$5000 per child (above the GSA amount). Thus, HB 3858 could cost between \$20 and \$100 million.

Deletes everything. Amends the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers’ Occupation Tax Act. Provides that beginning October 1, 2000, the tax imposed by the Acts on the sale of motor fuel and gasohol shall be at the rate of 1.25% (now imposed at the rate of 6.25% on everything except certain food, medicines, and medical equipment). Provides for the reversion of the rate to 6.25% if a certain tax revenue growth is not attained. Provides that beginning February 1, 2001, and so long as the rate remains at 1.25%, each month the Department of Revenue shall pay into the County and Mass Transit District Fund 20% and into the Local Government Tax Fund 80% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol. Reduces from \$0.04 to 0.8 cents the amount per gallon of motor fuel and from \$0.03 to 0.6 cents the amount per gallon of gasohol that a motor fuel retailer shall prepay to a registered distributor, supplier, or other reseller of motor fuel. Amends the Motor Fuel Tax Law to provide that the part (b) rate of the tax imposed upon the use of motor fuel upon highways of this State by commercial motor vehicles shall be determined using a 1.25% rate rather than a 6.25% rate from July 1, 2000 through December 31, 2000. Amends the Counties Code, the Illinois Municipal Code, the Salem Civic Center Law of 1997 in the Civic Center Code, the Local Mass Transit District Act, the Regional Transportation Author-

ity Act, and the Water Commission Act of 1985 to provide that a taxing authority (including a home rule unit) that has not imposed a motor fuel tax or a use or occupation tax on the sale, selling price, or use of motor fuel or gasohol before the effective date of this Act shall not impose such a tax on or after that date. Provides that taxing authorities (including a home rule unit) that have imposed a tax on the sale, selling price, or use of motor fuel or gasohol before the effective date of this Act shall not increase the rate of the tax on or after that date. Preempts home rule. Provides that the amendatory provisions in the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, the Retailers' Occupation Tax Act, and the Motor Fuel Tax Law take effect January 1, 2001. Provides that the amendatory provisions in the Counties Code, the Illinois Municipal Code, the Salem Civic Center Law of 1997 in the Civic Center Code, the Local Mass Transit District Act, the Regional Transportation Authority Act, and the Water Commission Act of 1985 take effect immediately.

SENATE AMENDMENT NO. 3.

**FISCAL NOTE** (Dept. of Insurance)

HB 3903 creates an indeterminable fiscal impact to the Department, specifically in the first year of enactment. There may be a need for additional personnel, and it will require training Department personnel to ensure that companies are in compliance with the provisions. **STATE MANDATES NOTE** (Dept. of Commerce and Community Affairs)

HB 3903 does not create a State mandate under the State Mandates Act.

**HOME RULE NOTE** (Dept. of Commerce and Community Affairs)

New Act

Creates the Factory Built Housing Ombudsman Act administered by the Secretary of State. Requires licenses for manufacturers and installers of factory built homes and establishes license fees. Requires that installer employees meet training requirements. Establishes an ombudsman program whereby owners of factory built homes can complain about home or installation quality. Establishes a review board to review complaints. Repeals the Act 3 years after the effective date. Effective immediately.

STATE MANDATES NOTE (Dept. of Commerce and Community Affairs)  
 HB 3928 does not create a State mandate under the State Mandates Act.

FISCAL NOTE (Department of Public Health)  
 While an estimated \$2,000,000 will be generated annually (based on 4,000 homes installed annually), no funding is designated to DPH for complaint investigation. Though it is difficult to estimate the number of investigations which would occur, the Department estimates a \$400 expense associated with each investigation.

HOUSING AFFORDABILITY NOTE (Housing Development Authority)  
 The cost to purchase a factory-built home will increase by \$500 per home as a result of per-home fees to be charged to the manufacturer and installer. This will affect a small number of homes purchased in Illinois. There were 3,896 new manufactured homes sold and shipped into Illinois during CY 1999.

STATE MANDATES NOTE, H-AM 1  
 (Dept. of Commerce and Community Affairs)  
 Same as previous State mandates note.

**HOUSING AFFORDABILITY NOTE, H-AM 1 (Housing Development Auth.)**

The cost to purchase a manufactured home will increase by \$25 per home as a result of per-home fees to be charged to the manufacturer and installer. This will affect a small number of homes purchased in Illinois. There were 3,896 new manufactured homes sold and shipped into Illinois during CY 1999.

**FISCAL NOTE, H-AM 1 (Dept. of Public Health)**

The Department anticipates an annual revenue of \$190,000 that will cover the cost of the administration of this program.

**HOUSE AMENDMENT NO. 1.**

Deletes everything. Creates the Manufactured Home Quality Assurance Act. Provides that the Illinois Department of Public Health must administer the Act and is responsible for enforcing federal standards that ensure proper installation of manufactured homes. Provides that home manufacturers and installers must be licensed by the Department, and describes license requirements, duration, and fees. Provides that the Department must serve as a liaison between the various parties likely to be involved in disputes and that the Department must investigate complaints to facilitate their non-binding resolution. Creates the Manufactured Housing Quality Board to advise the Department and describes its membership, member terms, meetings, and compensation to members for travel. Requires the Department to refer Act violations to the Attorney General for enforcement and to promulgate rules to implement the Act. Provides penalties for Act violations. Effective one year after becoming law.

**SENATE AMENDMENT NO. 1.**

Adds to the Manufactured Housing Quality Assurance Board an 11th member who works with consumer financing. Deletes a requirement that the Department of Public Health must refer Act violations to the Attorney General. Changes a penalty provision by permitting the Department, instead of the Attorney General, to revoke licenses issued under this Act and by deleting a provision which permits the Attorney General to fine violators of this Act. Adds a provision concerning injunctive relief against installers or manufacturers operating without a valid license. Adds a provision that exempts from this Act individuals who install their own mobile home on their own agricultural land. Preempts home rule powers. Changes the effective date to January 1, 2001. to January 1, 2001.

**SENATE AMENDMENT NO. 2.**

Reduces the membership of the Manufactured Housing Quality Assurance Board from 11 to 9 members by eliminating a building official familiar with mobile home installation and one individual who works with consumer financing. Requires certain Board members to be active members of the Illinois Manufactured Housing Association or the Illinois Housing Institute. Requires that Board meetings in addition to those required 3 times each year must be called by the Illinois Department of Public Health instead of by 3 members of the Board. Requires that license revocation under this Act by the Department must be for a violation of this Act. Provides that this Act does not apply to home rule municipalities with a population of more than 1,000,000.

**HB-3935 FLOWERS – DAVIS, MONIQUE – SCOTT – O’BRIEN – DART, GILES, SHARP AND HOWARD.**

- 705 ILCS 405/1-5 from Ch. 37, par. 801-5
- 750 ILCS 50/20 from Ch. 40, par. 1524

Amends the Juvenile Court Act of 1987 and the Adoption Act. Provides that all contested proceedings in which the termination of a parent’s parental rights is sought shall be tried by a jury. Provides that no jury demand is required and the right to a trial by jury may not be waived.

FISCAL NOTE (Administrative Office of the Illinois Courts)  
 HB 3935 would require jury trials for contested cases involving termination of parental rights. The use of juries in these cases would result in increased expense for jurors fees and increased demands on court resources. A dollar estimate of the impact of HB 3935 is not possible, because the number of cases that would be affected is unknown.

**HOUSE AMENDMENT NO. 1.**

- Adds reference to:
- 705 ILCS 405/2-21 from Ch. 37, par. 802-21
  - 705 ILCS 405/2-27 from Ch. 37, par. 802-27
  - 705 ILCS 405/2-29 from Ch. 37, par. 802-29
  - 705 ILCS 405/3-30 from Ch. 37, par. 803-30
  - 705 ILCS 405/4-27 from Ch. 37, par. 804-27
  - 750 ILCS 50/8 from Ch. 40, par. 1510

Replaces amendatory language in the original bill with language providing that, notwithstanding any other provision of law, all contested proceedings in which the termination of a parent's parental rights is sought may be tried by a jury and that, in all such proceedings, a jury demand is required and the right to a trial by jury may be waived. Adds language providing that, notwithstanding any other provision of law, in all contested proceedings in which the termination of a parent's parental rights is sought, the petitioner has the burden of proving the allegations in the petition beyond a reasonable doubt. Amends various provisions concerning the burden of proof in parental unfitness matters to conform to the new language.

**JUDICIAL NOTE (Administrative Office of the Illinois Courts)**

There may be an increase in judicial workloads. However, it is not possible to determine what impact the bill will have on the number of judges needed in the State.

**STATE MANDATES NOTE, H-AM 1**

(Dept. of Commerce and Community Affairs)

HB3935 (H-am 1) does not create a State mandate.

**HOME RULE NOTE, H-AM 1**

(Dept. of Commerce and Community Affairs)

HB3935 (H-am 1) pertains to contested cases involving termination of parental rights. Among other items, the legislation states that such proceedings may be tried by a jury. HB 3935 (H-am 1) concerns the judicial branch of State government. Therefore, in the opinion of DCCA, HB 3935 (H-am 1) does not pre-empt home rule authority.

**JUDICIAL NOTE, H-AM 2 (Administrative Office of Ill. Courts)**

Although there may be a minimal increase in judicial workloads, there would be no increase in the number of judges needed in the State.

**JUDICIAL NOTE, H-AM 3 (Administrative Office of Ill. Courts)**

Same as previous judicial note.

**FISCAL NOTE, AMENDED (Dept. of Children and Family Services)**

The Department estimates this legislation would have a fiscal impact of \$3.2 million in FY 2001, funds not included in the

Department's FY 2001 appropriation request. These costs would increase in following years as it is anticipated that the average length of stay in residential care will increase.

Amends the Illinois Securities Law of 1953 by revising: definitions; Act applicability; criteria for denial, suspension, or revocation of registration under the Law; the time within which the Secretary of State may institute registration revocation or suspension proceedings; duties and powers of the Secretary of State; the time within which the Secretary of State may temporarily prohibit or suspend registration to prevent imminent violation of the Act; and descriptions of Act violations to include violations by investment adviser representatives. Amends the Illinois Loan Brokers Act of 1995 by deleting loan broker bond requirements. Amends the Business Brokers Act of 1995 by deleting a notice of lien filing fee requirement and by providing that violation of any one provision of 3 Sections, instead of violation of all 3, voids a business brokering services contract. Amends the Business Opportunities Sales Law of 1995 by revising: the definition of "business opportunity"; the exclusion of sellers or offerers of business opportunities from registration requirements by requiring them not to advertise, solicit, or sell the business opportunity for more than \$500. Adds: that the Secretary of State may enter into an agreement with a business opportunity seller instead of denying, suspending, or revoking seller registration; that denial, suspension, or revocation by the Secretary of State is subject to judicial review.

New Act

Creates the Partnership for Home Ownership Act. Authorizes the Illinois Housing Development Authority to make grants to employers, municipalities, counties, and nonprofit housing organizations for promoting employer-assisted housing programs and to enact regulations establishing eligibility for these grants. Establishes guidelines for investments by employers that the Authority may support with grant funds. Provides that grant funds may be used to support administration and technical assistance costs. Establishes criteria by which nonprofit housing organizations, municipalities, and counties are eligible for grant funds.

FISCAL NOTE (Housing Development Authority)

Since the majority of the population to be served under this legislation will exceed the Housing Development Authority's current income eligibility requirements, it is likely that substantial additional funding will be required. However, the number of employers accessing the funding, the per-unit cost of assistance, and the number of applications to be approved are presently unknown. Therefore, there is insufficient information to determine the fiscal impact of HB 4074.

HOUSING AFFORDABILITY NOTE (Housing Development Authority)

There will be no fiscal effect on the cost of constructing, purchasing, owning or selling a single family residence.

Amends the Illinois Pension Code. Authorizes a State Policeman to transfer to the State Employees' Retirement System up to 12 years of creditable service accumulated under IMRF for service as a civilian employee of a municipal police department or under SURS for service as a university police officer. Requires payment of the difference between the amounts transferred to the System and the amounts that would have been contributed, plus interest. Effective immediately.

PENSION NOTE (Pension Laws Commission)

The fiscal impact of HB 4115 cannot be determined because the amount of service credit that would be transferred is unknown.

It is estimated to be minor, as the transferred and required employee contributions are intended to offset most of the increase in accrued liability.

Provides that a person is eligible for assistance when, among other things, at least one full monthly installment (instead of 2 full monthly installments) is unpaid after the application of partial payments to the account. Deletes a provision that a person is eligible for assistance when that person is unable to make full mortgage payments before the expiration of a 60-day period beginning on the date that the mortgagee sent notice to the mortgagor of intent to foreclose. Deletes provisions prohibiting a mortgagee from taking certain legal actions during the 30-day period after notice is sent to the mortgagor, during the 30 day period after an initial meeting between the mortgagor and an agency, during the period in which an application for assistance is pending, or if payments toward the mortgage are being made through the Homeowner's Emergency Mortgage Assistance Program. Deletes provisions concerning the requirements for the notice of legal action. Provides that a mortgagee must include in the first delinquency notice a statement that the mortgagor may be eligible for the Homeowner's Emergency Mortgage Assistance Program by calling a toll-free number. Requires the Chairman of the Illinois Housing Development Authority to administer the toll-free number and to provide referrals to designated agencies. Allows a person to request assistance from a designated agency or from any other agency providing financial counseling assistance. Provides that this amendatory Act shall not be construed to impair the legal right of mortgagees to enforce contracts or mortgage agreements. Makes other changes.

**STATE MANDATES NOTE, H-AM 1**

(Dept. of Commerce and Community Affairs)

HB 4324 does not meet the definition of a State mandate under the State Mandates Act.

**HOUSING AFFORDABILITY NOTE, H-AM 1 (Housing Development Auth.)**

There will be no fiscal effect on constructing, purchasing, owning, or selling a single family residence due to this legislation.

**FISCAL NOTE (Housing Development Authority)**

The long range fiscal effect on IHDA is unknown. Data from a similar program in Pennsylvania indicate that since 1984 there have been 88,450 applications and 25,792 mortgage assistance loans with a total appropriation (excluding general and administrative costs) of \$177.45 million. The program's staff has grown from 7 to 37 with an annual administrative budget of \$3 million, including \$1 million for local housing counseling agencies. Loan collections exceeded disbursements for the first time in FY 99 although general and administrative costs were funded with repayments. As a result, additional general revenue funds were not appropriated to the agency last fiscal year. Pennsylvania has disbursed loans totaling \$272.7 million and written off approximately \$48.7 million.

 105 ILCS 5/2-3.71d new

Amends the School Code. Requires the State Board of Education to establish the Department of School Readiness and the Voluntary Prekindergarten Program, to be administered by the Department. Provides that the Program shall be offered free statewide to all children who are residents of this State and who are 4 years of age on or before September 1 of the school year. Provides that the Department shall enter into partnership agreements with licensed child care facilities and public and private schools to provide prekindergarten classes under the Program. Provides for additional services to children at-risk. Includes provisions concerning requirements that a provider must comply with, curricula, funding, resource coordinators, mandatory training, and local coordinating councils. Effective immediately.

**FISCAL NOTE (State Board of Education)**

The fiscal impact of HB 4325 is difficult to determine because the number of children who may attend a voluntary program is unclear, the level of services and cost per child for this type of program vary across similar programs, and the interaction with existing Illinois programs and the federal Head Start Program are unclear. ISBE assumes that at least 75% of the approximate 180,000 children (135,000) that are 4 years of age will attend and that the annual cost per child will be approximately \$6,000. Thus, the total cost of HB 4325 will be approximately \$810 million.

- FISCAL NOTE (Dept. of Children and Family Services)  
In addition to extra staff to hear appeals, the cost of this legislation is anticipated to involve substantial penalties under the federal Multi Ethnic Placement Act, totaling \$6,476,000 in the first year it is effective, \$9,714,000 the second year, and \$16,190,000 per year in the third and each subsequent year.

Removes the bill’s application of the Department’s review and appeal process to certain relatives. Requires the Department to create an advocacy office to receive and resolve complaints about a child’s services. Provides that when a child must be placed outside his or her home and cannot be returned immediately to parents or guardian, an assessment of the child’s special needs must be conducted and race, color, or national origin may be considered in the placement only if that has been assessed as advancing the child’s best interests.

- FISCAL NOTE, H-AM 1 (Dept. of Children and Family Services)  
The expansion of the foster parent toll-free telephone number to any person would have minimal, if any, impact, as that telephone number is available to all persons now and calls alleging employee or contract provider misconduct, misfeasance, or malfeasance are already accepted.
- STATE DEBT NOTE, H-AM 1 (Economic and Fiscal Commission)  
This legislation would not affect the bonding authorization of the State, and, therefore, has no direct impact on the level of State indebtedness.
- BALANCED BUDGET NOTE, H-AM 1 (Bureau of the Budget)

 JUDICIAL NOTE, H-AM 1 (Administrative Office of Ill. Courts)

Amends the Illinois Farm Development Act. Creates the Interest Buy-Back Fund outside the State treasury to receive appropriations unexpended by the Farm Development Authority for the subsidizing of interest costs on farmers' loans. Authorizes the Authority to use the Fund for that same purpose. Requires the Authority to develop and administer a program of loans to Illinois entities for establishment and operation of facilities in Illinois that process, package, or otherwise enhance the value of Illinois farm products and by-products. New Act

Creates the Gender Violence Act. Provides that any person who has been subjected to sex discrimination may bring a civil action for damages, an injunction, or other appropriate relief against the person who committed that act. Requires commencement of such an action within 7 years after the right to bring the action first accrued.

FISCAL NOTE (Administrative Office of the Illinois Courts)

No dollar estimate of the the fiscal impact of HB 4407 on the judicial branch can be provided, because it cannot be determined how many cases would be filed under the Gender Violence Act.

JUDICIAL NOTE (Administrative Office of the Illinois Courts)

There may be an increase in judicial workloads. However, it is not possible to determine what impact the bill will have on the number of judges needed in the State.

FISCAL NOTE (Office of the Governor)

It does not appear that HB 4407, as introduced, will have a fiscal impact on the budget for the Office of the Governor.

This statement does not encompass any other agency or unit that may fall under the purview of the Governor but which has its own individual budget or funding source.

FISCAL NOTE (Dept. of Human Rights)

The Department of Human Rights anticipates no fiscal impact to its operation if HB 4407 passes.

FISCAL NOTE (Human Rights Commission)

There would not be a significant fiscal impact on the Human Rights commission in regard to HB4407 due to the fact that these cases would be litigated in civil court.

STATE MANDATES NOTE (Dept. of Commerce and Community Affairs)

HB 4407 does not create a State mandate.

Amends the Illinois Income Tax Act. Adds a subtraction modification from base income in the case of an S corporation in an amount equal to all amounts of income allo-

cable to a shareholder subject to the Personal Property Tax Replacement Income Tax. Provides an income tax credit for certain partners of a partnership and certain shareholders of S corporations if those partners or shareholders qualified their partnerships or S corporations for a subtraction modification for the Personal Property Tax Replacement Income Tax. Increases the threshold for the required payment of estimated taxes from \$250 to \$500 for non-corporations required to pay estimated taxes. Excludes from the definition of “partnership” any entity that elects to be excluded from the application of the Partners and Partnership subchapter of the Internal Revenue Code under certain provisions of that subchapter. Makes other changes. Amends the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers’ Occupation Tax Act to replace references to specific local occupation and use taxes with a reference to “any local occupation or use tax administered by the Department”. Makes other changes. Further amends the Use Tax Act and the Retailers’ Occupation Tax Act. Provides that a retailer of aircraft, watercraft, motor vehicles, or trailers who transfers more than one of these items to a purchaser for use as qualifying rolling stock may report the transfer of all of the items involved in that transaction to the Department of Revenue on the same reporting form. Amends the Cigarette Tax Act and the Cigarette Use Tax Act. Adds a provision allowing distributors 20 days to protest a Department of Revenue decision regarding a distributor’s license and adds provisions regarding hearings. Effective January 1, 2001.

#### HOUSE AMENDMENT NO. 1.

Adds reference to:

220 ILCS 5/8-403.1

from Ch. 111 2/3, par. 8-403.1

In the subtraction modification for Subchapter S corporations in the Illinois Income Tax Act, exempts the subtraction modification from the sunset provisions of the Act. Amends the Public Utilities Act. Provides that the Department of Revenue (now, the State Treasurer) shall prescribe the forms to be filed by and collect payments from qualified solid waste energy facilities based on the kilowatt hours of electricity sold by them.

#### FISCAL NOTE, H-AM 1 (Department of Revenue)

The Department cannot determine the actual loss in replacement revenues from allowing Subchapter S corporations a subtraction modification for income distributable to shareholders subject to replacement tax, or from provisions concerning investment credits allocations in partnerships, but believes the losses in replacement tax revenues to be minimal. Increasing the threshold for making estimated payments to \$500 will translate into approximately 11,000 fewer penalties being assessed which equates to about \$1 million (at an average tax penalty assessment of \$90). However, not all of this \$1 million can be viewed as lost revenue, due to the fact that much of this penalty is subsequently abated in the reasonable cause penalty abatement process. Including rolling stock in the provisions allowing filing only one sales/use tax return to cover multiple sales/purchases of certain exempt items will cause a decrease in processing costs at the Department, but no loss to the State. Adding protest provisions to the Cigarette Tax and Cigarette Use Tax Acts creates an indeterminable, but very minimal, fiscal impact to the State. Requiring use tax to be paid on tangible personal property that must be titled or registered with the federal government would create State revenues (each such airplane used subsequently in Illinois will generate an estimated \$1.87 million in additional use tax revenues for Illinois).

#### HOUSE AMENDMENT NO. 2.

Deletes reference to:

35 ILCS 105/3-70

35 ILCS 115/3-5

In the Illinois Income Tax Act removes the exclusion from the definition of “partnership” of an entity that elects to be excluded from the application of the Partners and Partnership subchapter of the Internal Revenue Code under certain provisions of that subchapter. In the Use Tax Act removes the changes to a Section concerning property acquired by a nonresident. In the Service Occupation Tax Act removes the changes to the exemptions Section.

FISCAL NOTE, H-AM 1,2 (Department of Revenue)  
 The fiscal impact of H-am 1 remains unchanged. H-am 2 makes technical changes and creates no fiscal impact.  
 STATE MANDATES NOTE, H-AM 1,2  
 (Department of Commerce and Community Affairs)  
 This legislation does not create a State mandate.  
 HOME RULE NOTE, H-AM 1,2  
 (Department of Commerce and Community Affairs)  
 This legislation does not contain language indicating a pre-emption of home rule powers and functions.

625 ILCS 5/12-613 new

Amends the Illinois Vehicle Code to provide that while operating a vehicle, other than a law enforcement vehicle, a driver may use only a telephone equipped with an apparatus that allows the driver to talk and listen without holding the telephone or its handset or receiver. Provides that violation is a petty offense punishable by a \$100 fine. Provides that a violation resulting in an accident involving injury or property damage is a petty offense punishable by a \$250 fine.

625 ILCS 5/6-517	from Ch. 95 1/2, par. 6-517
625 ILCS 5/6-520	from Ch. 95 1/2, par. 6-520

Amends the Illinois Vehicle Code. Lowers the blood alcohol concentration level at which a person with a commercial driver's license operating a commercial motor vehicle is presumed under the influence of alcohol from 0.04 to more than 0.00. Limits application of these provisions to operating commercial motor vehicles in the course of the driver's employment. Provides an exception to the more than 0.00 blood alcohol concentration level if the alcohol concentration is the result of alcohol consumed during a religious service or ceremony or the taking of a prescribed or recommended dosage of a medicine that contains alcohol. Effective immediately.

HOUSE AMENDMENT NO. 1.

Changes from more than 0.00 to 0.02 or more the alcohol level at which a person with a commercial driver's license operating a commercial motor vehicle is presumed to be under the influence of alcohol.

FISCAL NOTE, H-AM 1 (Dept. of Transportation)  
 If this legislation were enacted into law and the Federal Motor Carrier Safety Administration held the 0.02 percent blood alcohol content standard to be incompatible with the Federal Motor Carrier Safety Regulations, Illinois could lose Motor Carrier Safety Assistance Program funds. In FY2000, these funds totaled \$3,847,925. In FY 2001, Motor Carrier Safety Assistance Program funds are expected to be in excess of \$4 million.

JUDICIAL NOTE, H-AM 1  
 (Administrative Office of the Illinois Courts)  
 There may be an increase in judicial workloads. However, the bill would not increase the number of judges needed in the State.

STATE MANDATES NOTE, H-AM 1  
 This legislation does not meet the definition of a State mandate under the State Mandates Act.

420 ILCS 5/4 from Ch. 111 1/2, par. 4304

Amends the Illinois Nuclear Safety Preparedness Act. Provides that the fees assessed for each rail shipment of spent nuclear fuel, high-level radioactive waste, or transuranic waste traversing the State or received at or departing from a nuclear power station or away-from-reactor spent fuel, high-level radioactive waste, or transuranic waste storage facility in this State are assessed per truck for each truck shipment rather than per cask for each truck shipment. Provides that single cask truck shipments of greater than 250 miles in Illinois are subject to a surcharge of \$25 per mile over 250 miles for the first truck in each shipment. Effective immediately.

FISCAL NOTE (Dept. of Nuclear Safety)

Currently, the statute assesses a fee of \$2,500 per cask for each truck shipment. The bill redefines this assessment to

\$2,500 per truck. Since a truck shipment only contains one cask, this change has no fiscal impact. The bill also adds a surcharge of \$25 on each mile over 250 miles for longer shipments, covering the Department's additional costs in inspecting and escorting these longer shipments through the State. Shipment fees collected totaled \$9,000 in FY1999 and \$17,500 in FY2000. These fees have been and continue to be paid primarily by out of state shippers.

605 ILCS 10/36 new

Amends the Toll Highway Act. Provides that revenues generated from tolls collected on an existing segment of a toll highway may not be used to pay any cost of a new segment that has not been constructed as of the effective date of the new provision, unless toll revenues collected on the new segment will pay for 75% of the cost of that new segment within the time period over which the Authority plans to finance the new segment's construction.

STATE DEBT NOTE (Economic and Fiscal Commission)

HB-4525 would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

FISCAL NOTE (State Toll Highway Authority)

As written, this bill will not directly impact fiscal expenditures of the Authority. However, passage of the bill will directly impact the Authority's ability to construct any new toll-road extensions.

Effective immediately.

HOUSE AMENDMENT NO. 2.

In the provisions amending the Metropolitan Water Reclamation District Act, provides that the withholding provisions apply in the case of a debt owing to a county as well as a municipality.

STATE MANDATES NOTE, H-AM 1,2

(Department of Commerce and Community Affairs)

This legislation creates a local government organization and structure mandate for which reimbursement of the increased costs to units of local government is not required under the State Mandates Act.

FISCAL NOTE, H-AM 1,2

(Department of Commerce and Community Affairs)

This legislation will not incur a fiscal impact on DCCA. The fiscal impact on Cook County, the City of Chicago, and other units of local government which already have a wage garnishment system in place would be negligible. In order for the Metropolitan Water Reclamation District to implement a collection system authorized by the legislation, it would be necessary for it to dedicate sufficient funds for start-up costs and ensure that appropriate financial and administrative controls are in place. Therefore, due to the nature of the the legislation, an estimate of the costs incurred by units of local government cannot be determined at this time.

- 35 ILCS 5/208.2 new
- 35 ILCS 5/901 from Ch. 120, par. 9-901

Amends the Illinois Income Tax Act. Provides that an individual taxpayer who paid residential real property taxes in 1999 on the taxpayer's principal residence is entitled to a restructured rebate in an amount equal to 5% of those taxes originally due and paid in 1999 or \$300, whichever is less, minus the amount of any rebate paid to the taxpayer as part of the original homeowner's tax relief rebate. Requires the Department of Revenue to provide application forms and make all rebate payments by May 1, 2001 out of the Homeowners' Tax Relief Fund. Effective immediately.

STATE DEBT NOTE, H-AM 1 (Economic and Fiscal Commission)  
 HB4738, as amended, would not affect the bonding authorization of the State, and, therefore, has no direct impact on the level of State indebtedness.

HOUSE AMENDMENT NO. 1.

Provides that before April 1, 2001, the Comptroller shall order transferred and the Treasurer shall transfer an additional \$24,000,000 from the Tobacco Settlement Recovery Fund to the Homeowners' Tax Relief Fund. Subject to appropriation, the Department of Revenue shall make the restructured homeowners' tax relief rebate payments out of the Homeowners' Tax Relief Fund. Provides that the rebate applies to taxes paid on a taxpayer's "principal Illinois residence" (now "principal residence").

FISCAL NOTE, H-AM 1 (Department of Revenue)  
 The Department cannot identify the number of Illinois property taxpayers that do not file an Illinois income tax return. Since there are too many reasons why an Illinois property taxpayer would not file a State income tax return, and an aggregate number of non-filers are not identifiable, the Department cannot determine the anticipated number of additional rebates to be paid, or the average rebate claimed. Despite the fact that \$24 million is appropriated for this restructured rebate program, the potential exists for taxpayers to file more rebate claims than the Department is given expenditure authority for in this bill.

STATE MANDATES NOTE, H-AM 1  
 (Department of Commerce and Community Affairs)  
 This legislation does not create a State mandate.

Proposes to amend Section 1 of Article X of the Illinois Constitution. Requires the State to provide no less than 50% of the funding for the system of public education. Effective upon being declared adopted in accordance with Section 7 of the Illinois Constitutional Amendment Act.

**BALANCED BUDGET NOTE (Bureau of the Budget)**

Since HJRCA 19 is not a supplemental appropriation bill, the Balanced Budget Note Act is inapplicable.

**STATE DEBT NOTE (Ill. Economic & Fiscal Commission)**

HJRCA #19 would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

**HOME RULE NOTE (Dept. of Commerce and Community Affairs)**

HJRCA 19 relates to State funding of public education in Illinois, not to the activities of home rule units of government.

**FISCAL NOTE (State Board of Education)**

The fiscal impact over time of HJRCA 19 is difficult to estimate, as it requires the State to keep up with the growth of the non-State portion of education funding, does not clarify whether the State must match federal funds, and does not specifically define what programs, or whether all local programs, are included in the definition of "the system of public education". The most recent data for school year 1998-1999 in ISBE's "State, Local, and Federal Financing for Illinois Public Schools" indicates the total receipts for common schools was \$15,559.0 million of which the State provided \$5,654.4 million (or 36.34%). If HJRCA 19 had been law in school year 1998-1999 the additional State contribution would have been \$2,125.1 million.
