Provides that the Department on Aging may enter into any intergovernmental agreements necessary in the administration of the programs and shall report to the General Assembly with respect to the passage of federal legislation concerning assistance with prescription drugs for senior citizens. Amends the Illinois Income Tax Act. Provides that for taxable years ending on or after December 31, 2000, each taxpayer shall be allowed a basic exemption amount of $3,000 (now, $2,000). Exempts this amendatory change from the sunset requirements. Creates an earned income tax credit. Provides that each individual taxpayer is entitled to a credit against the tax imposed by the Act in amount equal to 20% of the federal earned income tax credit allowed. Provides that if the amount of the credit exceeds the tax liability for the year, then the excess credit shall be refunded to the taxpayer. Provides that, if the aggregate tax revenues from motor fuel and gasohol under the Motor Fuel Tax Law during the period from October 1, 2002 through September 30, 2003 are not at least 15% more than the aggregate tax revenues from motor fuel and gasohol under that Law during the period from October 1, 1999 through September 30, 2000, then beginning January 1, 2004, the tax is imposed on motor fuel and gasohol at the 6.25% general rate. Amends the Motor Fuel Tax Law to provide that the part (b) rate of the tax imposed upon the use of motor fuel upon highways of this State by commercial motor vehicles shall be determined using a 1.25% rate rather than a 6.25% rate. Provides that if, as a result of the provisions of this amendatory Act of the 91st General Assembly, the rate of tax imposed on the sale of motor fuel and gasohol by the Retailers' Occupation Tax Act returns to 6.25%, then the amount of prepayment of the tax required of retailers of motor fuel shall return to the amount under the 6.25% rate, the rate of the tax imposed upon the use of motor fuel upon highways of this State by commercial motor vehicles shall return to 6.25%, and the prohibitions concerning imposing a tax or increasing a tax placed upon local taxing units are no longer in effect. Makes other changes concerning motor fuel taxes. Amends the Medicaid Article of the Illinois Public Aid Code. Provides for Medicaid eligibility for persons otherwise eligible for Aid to

the Aged, Blind, or Disabled program but who fail to qualify for that aid on the basis of need and who meet either of the following requirements: (1) their income is equal to or less than 100% of the federal nonfarm income official poverty line or (ii) their income, after the deduction of costs incurred for medical care and for other types of remedial care, is equal to or less than 100% of the federal nonfarm income offical poverty line. Reduces the fee charged for an identification card under the pharmaceutical assistance program and provides that beneficiaries who are below the poverty level shall pay no additional prescription costs per month and those at or above the poverty level shall pay $3 per prescription thereafter (rather than $15 or $25 per month, respectively). Removes a provision that a person is not eligible for pharmaceutical assistance in the calendar year in which he or she turns 65. Provides that eligibility for pharmaceutical assistance shall be determined using the applicant's current income. Makes other changes. Provides that the Act takes effect immediately, except that the amendatory changes to the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act take effect on October 1, 2000.

STATE DEBT NOTE, H-AM 1 (Economic and Fiscal Commission)
This legislation would not affect the bonding authorization of the State, and therefore, has no direct impact on the level of State indebtedness.

BALANCED BUDGET NOTE (Bureau of the Budget)
Since SB 1310 is not a supplemental appropriation bill, the Balanced Budget Note Act is inapplicable.

STATE MANDATES NOTE, H-AM 1
(Department of Commerce and Community Affairs)
This legislation creates a tax exemption mandate for which State reimbursement of the revenue loss to units of local government is required. Due to the nature of the bill, no estimate of the amount of reimbursement required is available.

HOME RULE NOTE, H-AM 1
(Department of Commerce and Community Affairs)
This legislation amends specific provisions of the statutes to state that the amendments are a denial and a limitation of home rule powers to tax. Home rule units affected are: home rule counties imposing sales taxes; home rule counties imposing the public safety sales tax; home rule municipalities imposing sales taxes; and home rule municipalities, if any, which have imposed motor fuel taxes specifically under the Section of the Municipal Code relating to motor fuel taxes.

FISCAL NOTE, H-AM 1 (Department of Revenue)
An earned income tax credit will cost the State an estimated $261 million per year. Reducing the sales tax rate on motor fuel to 1.25% will cost approximately $335 million per year, using average pump prices for 1999. Increasing the basic exemption to $3000 will cost the State an estimated $322 million per year. The total fiscal impact related to the taxes and programs administered by the Department of Revenue is estimated to be almost $1 billion. The cost of the proposed changes to the Circuit Breaker and Pharmaceutical Assistance Program are indeterminable by the Department.
