725 ILCS 5/Title I, Art. 100 heading

725 ILCS 5/100-3 new

Amends the Code of Criminal Procedure of 1963. Provides that, in all cases other than death penalty cases, if an alleged fact (other than the fact of a prior conviction) is not an element of an offense but is sought to be used to increase the range of penalties for the offense beyond the statutory maximum that could otherwise be imposed for the offense, the alleged fact must be included in the charging instrument, submitted to the trier of fact as an element of the offense, and proved beyond a reasonable doubt. Provides that failure to prove the fact beyond a reasonable doubt is not a bar to a conviction for commission of the offense, but is a bar to increasing, based on that fact, the range of penalties for the offense beyond the statutory maximum that could otherwise be imposed for the offense. Provides that, if a conviction is reversed solely for the failure to prove beyond a reasonable doubt a fact used to increase the range of penalties for the offense beyond the statutory maximum that could otherwise be imposed for the offense or solely for the failure to include the fact in the charging instrument, the trial court must conduct a new sentencing hearing for the defendant based on the maximum penalty authorized for the offense. Provides that nothing in the new provisions requires the imposition of a sentence that increases the range of penalties for the offense beyond the statutory maximum that could otherwise be imposed for the offense if the imposition of that sentence is not required by law. Provides that the trier of fact may find a defendant not guilty, guilty with a fact authorizing an increase in the range of penalties, or guilty without a fact authorizing an increase in the range of penalties. Effective immediately.

Deletes the provisions concerning the release of prisoners. Amends the County Jail Act. Reinserts the provisions of the bill as introduced. Provides that the county sheriff may adopt and implement a written policy for the release of a person in the custody of the sheriff to law enforcement personnel or the State's Attorney for the purpose of furthering criminal investigations that are unrelated to the matter for which the person is in custody (instead of for the purpose of furthering criminal investigations). Sets minimum requirements for a policy for the release of persons in custody to law enforcement personnel and the State's Attorney.

FISCAL NOTE (Office of Illinois Courts)

There would be no fiscal impact on the judicial branch.

Amends the Property Tax Code and the School Code. Makes changes to the Property Tax Extension Limitation Law concerning excluding bonds issued by school boards for fire prevention and safety purposes from the definition of "debt service extension base" and the exclusion of certain extensions from the aggregate extension for a school district. Repeals a provision in the Law concerning not reducing a school district's State aid. Makes changes to provisions of the School Code concerning urgent and required items in a school building safety survey report, bonds and taxes for fire prevention, safety, energy conservation, disabled accessibility, school security, and specified repair

purposes, increasing the maximum tax rates that may be levied by certain school districts for certain purposes, referendums for tax levies, the capital improvement tax, and increasing the debt limitations of school districts. Effective immediately.

**SENATE AMENDMENT NO. 1.**

Deletes reference to:  
105 ILCS 5/17-2  
105 ILCS 5/17-2.3

Removes amendatory provisions and restores current law concerning tax levies for operations and maintenance purposes and capital improvement purposes.

**HOUSE AMENDMENT NO. 1. (Tabled May 25, 2001)**

Adds reference to:  
35 ILCS 200/18-190.5 new  
105 ILCS 5/34-53.5 new

Further amends the Property Tax Code and the School Code. Allows the Chicago Board of Education to levy a capital improvement tax to produce, when extended, a maximum specified amount. Allows the Board to issue bonds against any revenues to be collected from the tax and to pledge those revenues as security for the payment of any such bonds. Excludes extensions made pursuant to these provisions from the definition of aggregate extension under the Property Tax Extension Limitation Law. Provides that the requirements under the Law for a direct referendum on the imposition of a new or increased tax rate shall not apply to tax levies that are not included in the aggregate extension pursuant to the amendatory Act. In the backdoor referendum provisions, makes changes concerning who may file a petition requesting that the question of the adoption of a tax levy be submitted to the voters of the district, when a backdoor referendum is required for a rate increase for fire prevention, safety, energy conservation, disabled accessibility, school security, and specified repair purposes, and how many registered voters of a district are required to sign a petition requesting that a proposition to issue bonds for those purposes be submitted to the voters.

STATE DEBT NOTE, H-AM 1 (Economic and Fiscal Commission)  
SB 22 (H-am 1) would not affect the bonding authorization of the State, and, therefore, has no direct impact on the level of State indebtedness.

FISCAL NOTE, H-AM 1 (Department of Revenue)  
SB 22 (H-am 1) has no fiscal impact on the State. All property tax proceeds are local government funds.

STATE MANDATES NOTE, H-AM 1 (State Board of Education)  
SB 22 (H-am 1) creates no State mandate. All decisions are made at the local level and will depend on actions of local school districts in levying health life/safety taxes or in issuing bonds.

**HOUSE AMENDMENT NO. 8.**

Adds reference to:  
105 ILCS 5/1B-4                      from Ch. 122, par. 1B-4  
105 ILCS 5/1B-5                      from Ch. 122, par. 1B-5  
105 ILCS 5/1B-8                      from Ch. 122, par. 1B-8

Deletes everything after the enacting clause. Reinserts the contents of the bill as amended by House amendment No. 1 with the following changes. In the provisions allowing the Chicago Board of Education to levy a capital improvement tax, provides that the failure of the Chicago City Council to take action to approve or disapprove the initial tax levy within the 60-day period shall be deemed disapproval (instead of approval) of the initial tax levy. Amends the School District Financial Oversight Panel and Emergency Financial Assistance Law of the School Code. Allows a financial oversight panel created pursuant to a petition filed by a school district to petition the State Board of Education to be reconstituted as a panel having the powers, duties, legal status, and privileges of a panel established by the State Board for a district that has had its financial plan rescinded by the State Board for violating that plan. Provides that any moneys provided to a board of education as a loan shall not be subject to any limitation on debt established under the Article of the School Code concerning debt limitation. Changes provisions concerning a separate tax levy for emergency financial assistance repayment purposes. Makes other changes. Effective immediately.

HOME RULE NOTE, H-AM 8

(Department of Commerce and Community Affairs)  
 SB 22 (H-am 8) concerns finances of school districts. The legislation does not pre-empt the home rule powers of a local government.

FISCAL NOTE, H-AM 8 (State Board of Education)

SB 22 (H-am 8) will have no fiscal impact at the State level.

The fiscal impact of the underlying health, life, safety provisions at the local level will depend on actions of local school districts in levying health life/safety taxes or in issuing bonds. The provisions relating to Round Lake help provide the climate for the State to agree to the \$5.6 million loan. The maximum amounts of the new capital projects tax levy for the next several years would be as follows (assuming inflation of 2.5%) per Chicago Public School District (CPS) #299:  
 levy year 2001/extension year 2002

maximum tax levy .....	\$ 3.6 million
tax rate with no EAV growth .....	1 cent
impact on home with \$100,000 market value .....	\$1.73

levy year 2002/extension year 2003

maximum tax levy .....	\$ 7.2 million
tax rate with no EAV growth .....	2 cents
impact on home with \$100,000 market value .....	\$3.46

levy year 2003/extension year 2004

maximum tax levy .....	\$11.0 million
tax rate with no EAV growth .....	3 cents
impact on home with \$100,000 market value .....	\$5.27

levy year 2004/extension year 2005

maximum tax levy .....	\$14.8 million
tax rate with no EAV growth .....	4 cents
impact on home with \$100,000 market value .....	\$7.08

levy year 2005/extension year 2006

maximum tax levy .....	\$18.7 million
tax rate with no EAV growth .....	5 cents
impact on home with \$100,000 market value .....	\$8.96

Starting in 2031, after all the existing CPS #299 debt service tax levies have expired in 2030, the extent of the levy would be equal to the inflationary growth described above plus \$142.5 million. This would allow CPS #299 to use, without increasing taxes, all of the tax headroom that will be available when the existing CPS #299 debt service levies expire. The initial tax levy made by the board must have approval by the Chicago City Council. Approval must be affirmative rather than by inaction.

STATE MANDATES NOTE, H-AM 8 (State Board of Education)

SB 22 (H-am 8) creates no State mandate. All decisions are made at the local level and will depend on actions of local school districts in levying health life/safety taxes or in issuing bonds. The provisions relating to Round Lake and CPS are also local decisions or permit State funding of local districts.

HOUSING AFFORDABILITY NOTE, H-AM 8

(Illinois Housing Development Authority)

SB 22 (H-am 8) would likely have the impact of increasing local property taxes, thereby increasing the cost of owning a residential property in the identified geographic areas (i.e. contiguous counties to Cook County). The specific financial impact cannot be determined, however, as none of the individual project budgets/bond issues are known, which will result in differing homeowner impacts based on local tax bases/levies and EAV factors.

Makes provision for repayment with interest if the owner of the station closes the station before the expiration of the contract period. Provides that this authorization for taxing districts to enter into such a contract shall not apply to an electric generating station with an equalized assessed valuation less than \$150,000,000 and that the authorization expires on January 1, 2002.  70 ILCS 2405/11 from Ch. 42, par. 310  
 70 ILCS 2805/14 from Ch. 42, par. 425

Amends the North Shore Sanitary District Act, the Sanitary District Act of 1917, and the Sanitary District Act of 1936. Provides that all contracts for purchases or sales by a sanitary district in excess of the mandatory competitive bid threshold (now \$10,000) shall be subject to a contract bidding process. Contracts for services in excess of the mandatory competitive bid threshold (now \$10,000) may be subject to the bidding process, at the discretion of the sanitary district board of trustees. On bids involving amounts in excess of the mandatory competitive bid threshold, provides that a sanitary district may require the bidder to provide a deposit or surety of up to 10% of the contract amount as a deposit of good faith. Subject to a minimum of \$10,000 and a maximum of \$100,000, defines the "mandatory competitive bid threshold" as a dollar amount of 0.1% of the greater of (1) the total general fixed assets of the sanitary district or (2) the total insured property value of the district. Provides that in an emergency, contracts involving an expense not greater than the emergency contract cap (now \$75,000 under the North Shore Act and \$40,000 under the 1917 and 1936 Acts) may be made without public advertisement or competitive bidding to the extent necessary to resolve the emergency. Subject to a minimum of \$40,000 and a maximum of \$400,000, defines "emergency contract cap" as a dollar amount equal to 0.4% of the greater of (1) the total general fixed assets of the sanitary district or (2) the total insured property value of the district. Provides that the requirements of the North Shore Act and the 1936 Act do not apply to contracts for the construction of a facility or structure that will be designed, built, and tested before being conveyed to the district.

**SENATE AMENDMENT NO. 1.**

Deletes everything. Amends the North Shore Sanitary District Act, the Sanitary District Act of 1917, and the Sanitary District Act of 1936. Provides that contracts in excess of \$40,000 (now, \$10,000) must be let by competitive bidding. Allows certain emergency contracts that do not exceed the emergency contract cap to be let without competitive bidding. Defines "emergency contract cap". Allows sanitary districts to require surety for contracts in excess of \$40,000. Provides that contracts for work or public improvements to be paid for out of a special assessment or tax (now, all contracts) are controlled by certain provisions of the Illinois Municipal Code.

**SENATE AMENDMENT NO. 2.**

Deletes everything. Reinserts the provisions of the bill as introduced but makes the following changes: (1) defines "mandatory competitive bid threshold" as an amount equal to 0.1% of the total general fixed assets of a given district (instead of 0.1% of the total general fixed assets of the district or the total insured property value of a given district, whichever is greater), and provides that the threshold dollar amount shall not be more than \$40,000 (instead of more than \$100,000); (2) defines "emergency contract cap" as an amount equal to 0.4% of the total general fixed assets of a given district (instead of 0.4% of the total general fixed assets of the district or the total insured property

value of a given district, whichever is greater), and provides that the cap dollar amount shall not be more than \$100,000 (instead of more than \$400,000); and (3) provides that, within 30 days after the passage of the resolution or ordinance declaring an emergency affecting the public health or safety, the District shall submit to the Illinois Environmental Protection Agency the full written account of any such emergency along with a copy of the resolution or ordinance declaring the emergency, in accordance with requirements as may be provided by rule.

Provides that the environmental remediation tax credit is extended to 2006 rather than 2010. Provides that the Department of Commerce and Community Affairs (DCCA) may approve remediation costs for the tax credit prior to issuance of a “No Further Remediation Letter” only if the Remediation Applicant will remediate groundwater for more than one year (the actual credit still may not be claimed until the taxpayer receives a “No Further Remediation Letter”). 105 ILCS 5/27A-4

Amends the Charter Schools Law of the School Code. Removes the limit on the number of charter schools that may operate in a specific region of the State. Provides that a charter school that leases or purchases a building that was used as a school during the immediately prior school year may give priority to pupils who were enrolled in the school the prior year. Effective immediately.

SENATE AMENDMENT NO. 1.

Adds a preamble. Deletes everything after the enacting clause. Reinserts the contents of the bill with the following change. Restores current law limiting the number of charter schools that may operate at any one time in a specific region of the State but increases the number of charter schools that may operate at any one time in the City of Chicago from 15 to 30.

BALANCED BUDGET NOTE (Bureau of the Budget)  
Since SB 78 is not a supplemental appropriation bill, the

Balanced Budget Note Act is inapplicable.  
 FISCAL NOTE (State Board of Education)  
 Local school districts fund charter schools. The State provides temporary transition impact aid to help the school district adjust to this payment. The local subsidy is equal to the per capita tuition charge per pupil unless the district negotiates something different with the charter school. The Chicago Public Schools (CPS) have negotiated a lesser amount for their existing charter schools. The total cost to CPS this year for charter schools is estimated to be \$33.4 million (\$5,023 per capita tuition times 6,650 students) while the State transition impact aid to CPS is approximately \$5 million (CPS also receives \$13.0 million in general State aid for these students). While it depends on enrollment, if the number of charter schools in Chicago doubles, it is not unreasonable to predict that the current local and State costs may double as well.

STATE MANDATES NOTE (State Board of Education)  
 Same as SBE fiscal note.

JUDICIAL NOTE (Administrative Office of Illinois Courts)  
 SB 78 would neither increase nor decrease the number of judges needed in the State.

PENSION NOTE (Pension Laws Commission)  
 SB 78 would not affect the accrued liabilities or annual cost of any Illinois public pension fund or retirement system.

40 ILCS 5/14-110

from Ch. 108 1/2, par. 14-110

Amends the State Employee Article of the Illinois Pension Code to put highway maintenance workers employed by IDOT or the Illinois State Toll Highway Authority under the alternative (State Police) retirement formula. Effective immediately.

PENSION NOTE (Pension Laws Commission)

According to the System's actuary, increasing the alternative formula would increase the accrued liability of SERS by an estimated \$280.8 million. The first year cost would be \$2.47 million, or 0.07% of payroll. In FY 2010, the employer contribution would be \$10.73 million, or 0.24% of payroll. There would be a fiscal impact for the other provisions of SB 102, but it has not been determined and is estimated to be minor.

PENSION NOTE, REVISED (Pension Laws Commission)

According to the System's actuary, SB 102 would increase the accrued liability of SERS by \$75.5 million. The increase in annual cost is estimated to be 0.05% of payroll in FY 2001 (\$2.0 million) and incrementally increase to 0.19% of payroll in FY 2010 (\$8.5 million) and thereafter. According to SERS,

SB 102 would add 2,421 regular members of SERS to the alternative formula.

30 ILCS 740/2-2.04 from Ch. 111 2/3, par. 662.04

Amends the Downstate Public Transportation Act. Includes in the definition of “participant” a local mass transit district organized under the Local Mass Transit Act serving a nonurbanized area and receiving federal rural public transportation assistance during Fiscal Year 2001 (rather than on the effective date of the amendatory Act of 1993). Makes an exception to the 10% limit on the increase in funding per year for a participant that received an initial appropriation in Fiscal Year 2002. Effective immediately.

**HOUSE AMENDMENT NO. 2.**

Adds reference to:

30 ILCS 740/2-7 from Ch. 111 2/3, par. 667

Includes in the definition of “participant” a local mass transit district receiving federal rural public transportation assistance on or before June 30, 2002 (rather than during Fiscal Year 2001). Replaces the language making exceptions for the 10% cap on increases in operating expenses with language that provides that with respect to any mass transit district participant that has increased its district boundaries by annexing counties since 1998 and is maintaining a level of local financial support equal to or greater than the level in the State fiscal year ending June 30, 2001, the maximum eligible operating expenses for any State fiscal year after 2002 shall be the amount appropriated for that participant for the State fiscal year ending June 30, 2002, plus, in each State fiscal year, a 10% increase over the preceding State fiscal year. Provides that with respect to a participant that receives an initial appropriation in State fiscal year 2002, the maximum eligible operating expenses for any State fiscal year after 2003 shall be the amount appropriated for that participant for the State fiscal year ending June 30, 2003, plus, in each year, a 10% increase over the preceding year and that for State fiscal year 2003, the maximum eligible operating expenses shall be the amount of projected operating expenses upon which the appropriation for that participant for State fiscal year 2003 is based. Further amends the Downstate Public Transportation Act. Provides that the quarterly reports of any Metro-East Transit District participant must be filed no later than 60 days after the end of each quarter (rather than no later than 30 days after the end of each month) of any fiscal year. Provides that any Metro-East Transit District may either monthly or quarterly for any fiscal year file a request for the participant’s eligible share of the amounts transferred into the Metro-East Public Transportation Fund (rather than providing that the Department of Transportation shall pay the participant its allocated share after determining that the operating deficits were incurred in conformity with the terms of the Act). Provides that any payments from the Fund that exceed the eligible deficit of the participant (rather than any discrepancy between the grants paid and the approved program amount) shall be reconciled by appropriate payment or credit.

30 ILCS 805/8.25 new

Amends the Chicago Municipal Article of the Illinois Pension Code. Allows elected city officials to retire under the special formula at age 55 rather than age 60. Allows participation in the special formula by the city clerk and city treasurer, and by persons holding elected city office on June 1, 1995 who so elect within 30 days. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Illinois Pension Laws Commission)

There would be a fiscal impact associated with SB 141, but it has not been calculated. As members of the Chicago Municipal Employees' Fund, Chicago aldermen who were in office on April 30, 1991, had the option to elect to participate in an optional plan of additional benefits and contributions. The additional contribution is 3% of salary, and the alternative benefit formula is 3% of salary at the time of termination for each of the first eight years of service credit, plus 4% for each of the next four years and 5% for years in excess of twelve, subject to a maximum of 80% of final salary.

 625 ILCS 5/11-1201.1

Amends the Illinois Vehicle Code. Provides that a person who fails to obey a signal indicating the approach of a train will be sentenced to a minimum fine of \$250 for a first conviction and a minimum fine of \$500 for each subsequent conviction. Provides that when this offense is recorded by an automated railroad grade crossing enforcement system: (1) the local law enforcement agency having jurisdiction shall cite the registered owner of the vehicle for the violation; (2) a civil penalty of \$250 shall be imposed for a first violation, and a civil penalty of \$500 shall be imposed for a second or subsequent violation; and (3) the Secretary of State may suspend the registration of the vehicle for a first violation and must suspend the registration of the vehicle for a second or subsequent violation. Makes other changes. Effective immediately.

**SENATE AMENDMENT NO. 1.**

Further amends the Illinois Vehicle Code concerning the offense of failing to obey a signal indicating approach of a train when that offense is recorded by an automated railroad crossing enforcement system. Provides that if the registered owner of the vehicle was not the operator of the vehicle at the time of the alleged offense, and if the registered owner notifies the local law enforcement agency having jurisdiction of the name and address of the operator of the vehicle at the time of the alleged offense, the local law enforcement agency having jurisdiction shall then issue a written Uniform Traffic Citation to the person alleged to have been the operator of the vehicle at the time of the alleged offense. Provides that if the registered owner fails to notify in writing the local law enforcement agency having jurisdiction of the name and address of the operator of the vehicle at the time of the alleged offense, the registered owner may be presumed to have been the operator of the vehicle at the time of the alleged offense. Deletes lan-

guage that there is a rebuttable presumption that the photograph of recorded image is accurate if the camera or recording instrument was in good working order before and after the alleged offense on the day of the alleged offense. Provides, instead, that there is a rebuttable presumption of accuracy if the camera or recording instrument was in good working order at the beginning and the end of the day of the alleged offense. Deletes language providing that a civil penalty will be imposed for the offense and instead, provides that a violation is a petty offense for which a fine will be imposed. Deletes language requiring the Secretary of State to suspend the registration of the vehicle. For a second or subsequent offense, gives the Secretary of State the authority to decide whether or not to suspend the registration of the motor vehicle for a period of at least 6 months.

40 ILCS 5/7-132 from Ch. 108 1/2, par. 7-132

Amends the Illinois Municipal Retirement Fund (IMRF) Article of the Illinois Pension Code to authorize participation in the Fund by employees of the Kaskaskia Regional Port District. Effective immediately.

**PENSION NOTE (Pension Laws Commission)**

Employees of employers joining IMRF receive credit (without making contributions) for 5 years or 20% of service with the employer, whichever is less. Upon joining IMRF, the Kaskaskia Regional Port District would be required to make annual contributions to amortize the unfunded liability (over 10 years) created by employees' past service credit. The resulting increase in unfunded liability and associated annual costs cannot be determined, as the amount of outstanding service that would be granted to current employees of the Kaskaskia Regional Port District is unknown. Allowing the Kaskaskia Regional Port District into IMRF would not affect the accrued liability or annual cost of any other IMRF employer.

Amends the Illinois Pension Code. In the case of DHS security employees who are teachers, allows current employees to elect (and requires future hires) to participate in the State Employees' Retirement System rather than the Teachers' Retirement System; authorizes persons so electing to transfer credits for previous service in that capacity. Effective immediately.

**PENSION NOTE (Pension Laws Commission)**

The fiscal impact of SB 182 cannot be determined, as the amount of service credit that would be transferred from TRS to SERS is unknown. The fiscal impact is estimated to be minor, as the person transferring the service credit is required to pay to SERS the employee and employer contributions, plus interest (less the amount transferred from TRS).

Amends the School Code. Changes how average daily attendance is compiled under the State aid formula. Allows pupils regularly enrolled in a public school for only part of the school day to be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day (instead of on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to the enrollment). Effective July 1, 2001.

**SENATE AMENDMENT NO. 1.**

Removes the provision concerning counting a pupil who on a particular day attends for only a part of the scheduled school day. Restores current law concerning counting pupils regularly enrolled in a public school for only part of the school day. Instead, allows for an exception if a pupil is enrolled in a block-schedule format of 80 minutes or more of instruction, in which case he or she may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

Amends the School Code. Provides that the access allowed official recruiting representatives of the armed forces of Illinois and the United States to a school campus applies only to a high school campus. 40 ILCS 5/15-140.1 new

Amends the State Universities Article of the Illinois Pension Code. Provides for an additional payment to persons receiving a retirement or survivor annuity, equal to half the monthly benefit, to be paid on the December 31 next following a fiscal year in which the System's investment return is at least 190% of the prescribed rate of interest determined for that year by the Board. Terminates the benefit after the System's 2003-2004 fiscal year. Makes the benefit available only if the System's funding ratio is at least 90%. Effective immediately.

**PENSION NOTE (Pension Laws Commission)**

There is no increase in accrued liability associated with SB 413 but there is a cost (that cannot be determined) as some investment returns that would normally remain with SURS to be reinvested would instead be paid out as benefits. This would increase State contributions over time by an amount that cannot be determined. The increase in annual contributions is estimated to be minor, as the 13th check could only be paid a maximum of 4 times (fiscal years 2001 through 2004).

Amends the Code of Criminal Procedure of 1963. Provides that, for defendants arrested on domestic battery charges, the circuit court must require a defendant to refrain from using alcohol or illegal drugs and to undergo domestic violence counseling as conditions of bond.

**SENATE AMENDMENT NO. 1.**

Further amends the Code of Criminal Procedure of 1963. Deletes language requiring, as a condition of bond for a criminal charge where the victim is a family or household member of the defendant, that the defendant refrain from using alcohol or any illegal drug. Requires instead that the defendant be ordered to undergo a professional examination to determine if an alcohol, drug, or intoxicating compound abuse problem exists and the extent of the problem.

## SENATE AMENDMENT NO. 2.

Further amends the Code of Criminal Procedure concerning conditions of bond. Deletes a provision requiring the court to impose as a condition of bond the requirement that the defendant undergo domestic violence counseling. Requires the court, instead, to require the defendant to undergo a domestic violence assessment by a program on the Illinois Department of Human Services' protocol list for perpetrator treatment programs. Provides that this assessment shall be separate from any substance abuse assessment or evaluation that may be required. Also provides that the cost of the domestic violence assessment shall be paid by the defendant and requires the defendant to sign a release allowing the results of the assessment to be sent to the court file, to remain sealed until after he or she is found guilty of a violation.

The fiscal impact of SB 431 cannot be estimated, but is likely to be minor as most employees receive the highest compensation within the last 10 years of service and would not receive larger benefits by increasing the final average compensation period to 15 years.

## HOUSE AMENDMENT NO. 3.

Deletes reference to:  
325 ILCS 20/10.2 new

Replaces everything after the enacting clause. Amends the Early Intervention Services System Act. Makes changes substantially similar to those made by House Amendment No. 1, with differences that include the following: (1) adds definitions of "regional intake entity", "early intervention provider", and "fully credentialed early intervention provider"; (2) eliminates certain specific information required to be included in the annual report of the Illinois Interagency Council on Early Intervention, and requires that the report include material requested by the Early Intervention Legislative Advisory Committee; (3) requires that interagency agreements between the Department of Human Services and other agencies be reviewed and revised to implement the purposes of this amendatory Act; (4) requires the Department of Human Services to maintain an early intervention website; (5) provides for payment of a family's fee obligation in installments (instead of quarterly installments), and provides for an adjustment based on a change in family size; (6) sets forth requirements for documenting extraordinary expenses of other catastrophic circumstances; (7) eliminates provision that a child enrolled in an early intervention program shall be automatically enrolled in certain other programs for which the child may be eligible; (8) with respect to insurance coverage, eliminates provisions concerning deductibles, copayments, and co-insurance, and changes provisions concerning managed care plans; (9) eliminates certain provisions concerning evaluating bids in connection with contracts for the performance of Department of Human Services functions; and (10) makes changes concerning reports to be submitted by the Early Intervention Legislative Advisory Committee, and requires the first such report by September 21, 2001. Effective immediately.

## HOUSE AMENDMENT NO. 4.

In the amendatory changes to the definition of "infants and toddlers", provides that "having been determined to require the continuation of early intervention services" is in addition to (instead of an alternative to) either "having entered the program under certain circumstances and continuing to have any measurable delay" or "not having attained a level of development in certain areas that is at least at the mean of the child's age equivalent peers". In the definition of "fully credentialed early intervention provider", provides that an individual must meet the standards (instead of the highest standards) in the State applicable to the profession. Deletes the requirement that a request for an exemption be made at the regional intake entity. Provides that the Department of Human Services (instead of the manager of the regional intake entity) shall determine whether a family's fee obligation shall be reduced, forgiven, or suspended, and requires that the determination be made within 10 business days (instead of 10 days) after the family's request. Makes other changes.

According to the Funds' actuary, SB 477 would increase the accrued liability by an estimated \$73.6 million. Amends the Cook County Article of the Pension Code. Allows a county correctional officer to establish credit for periods spent as an officer or employee of a labor organization that represents employees. Requires payment of employee and employer contributions plus interest; waives the employer contributions if application is made before July 1, 2002. Allows certain members to purchase up to 5 years of service credit for time spent working as a benefits processor for a firm under contract with the Fund and up to 10 years of service credit for time spent rendering contractual services (other than legal services) to the Board. Requires payment of an employee contribution, but no employer contribution or interest. Allows a person establishing credit for contractual service to reinstate credit in this Fund and repay a refund without a return to service. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

## PENSION NOTE (Pension Laws Commission)

The fiscal impact of SB 480 cannot be determined, as the amount of service credit that would be purchased is unknown. There would be a fiscal impact, but it is expected to be minor as the amount of service credit that would be purchased would probably be small.

## PENSION NOTE (Illinois Pension Laws Commission)

SB 483 would increase the accrued liability of the fund by an estimated \$53.4 million. The annual payment needed to amortize the estimated increase in unfunded liability over 40 years is \$4.5 million, and the estimated annual increase in normal cost is \$4.1 million. 10 years of service. Increases the widow's annuity for certain surviving spouses of members who die on or after January 1, 2001. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Illinois Pension Laws Commission)

SB 486 would increase the accrued liability of the Fund by \$180 million. The payment required to amortize the increase in accrued liability over 40 years is \$15.2 million, and the increase in annual normal cost is \$13.7 million. Therefore, the increase in first year cost is \$28.8 million, or 2.70% of payroll. Annual costs will increase commensurate with payroll.

Creates the Human Cloning Act. Prohibits human cloning. Prohibits a person from purchasing, selling, using, or transporting an ovum, zygote, embryo, or fetus for the purpose of cloning a human being. Establishes administrative penalties for a violation. Provides that nothing in the Human Cloning Act restricts or prohibits biomedical research using cloning technology that is not expressly prohibited by the Act, including cloning human genes, cells, and tissues. Provides that the Act is repealed on January 1, 2007. Amends the Civil Administrative Code of Illinois, the Ambulatory Surgical Treatment Center Act, the Hospital Licensing Act, and the Medical Practice Act of 1987. Provides for the revocation of various licenses for violation of the Human Cloning Act. Amends the Criminal Code of 1961. Prohibits a person from engaging in activity that involves the use of a human somatic cell for the process of producing a human clone. Penalty is a Class 4 felony. Effective immediately.

FISCAL NOTE (Office of Attorney General)

There would be an annual cost of \$200,000 in salaries, benefits and operating costs for an administrative law judge, rules of procedure, a site for administrative hearings, and someone with expertise to analyze complaints. The OAG currently has no mechanism for holding hearings or enforcing the imposition of fines. The OAG might also be expected to handle any criminal

prosecutions.

STATE MANDATES NOTE (Dept. of Commerce and Community Affairs)

In the opinion of DCCA, HB 493 does not meet the definition of a State mandate under the State Mandates Act.

#### HOUSE AMENDMENT NO. 1.

Changes the definition of “human clone” to a human being created by transferring the nucleus from a human somatic cell (rather than from the nucleus of any human cell from whatever source) into a human egg cell from which the nucleus has been removed.

FISCAL NOTE, H-AM 1 (Office of Attorney General)

Same as previous fiscal note.

STATE MANDATES NOTE, HA-1

(Department of Commerce and Community Affairs)

Same as previous State mandates note.

HOME RULE NOTE, HA-1 (Dept. of Commerce and Community Affairs)

It is not anticipated that the legislation would pre-empt home rule powers and functions of local governments.

CORRECTIONAL NOTE, H-AM 1, (Department of Corrections)

The impact is expected to be minimal. Each person sentenced to prison for a Class 4 violation of the Human Cloning Act would serve an average of seven months at a cost of \$11,400. That would also require the construction of one additional prison bed at the cost of \$43,864.

New Act

Creates the Manufactured Home Quality Assurance Act, to be administered by the Department of Public Health. Provides that the Department is responsible for enforcing mobile home setup standards. Requires that a mobile home manufacturer be licensed to sell a mobile home that is to be installed in this State. Provides that after December 31, 2002, a licensed mobile home installer must supervise the installation of a mobile home. Provides that a mobile home installer who has satisfactorily completed a course approved by the Department before January 1, 2002 does not have to take any additional course of study or training to qualify for a license. Authorizes the Department of Public Health to issue licenses to manufacturers and installers. Provides for the deposit of licensing fees into the Facility Licensing Fund. Requires the Department to serve as a liaison between the State, mobile home park owners and tenants, and mobile home manufacturers, dealers, and installers. Creates the Manufactured Housing Quality Assurance Board to advise the Department. Does not require a person who installs a mobile home on his or her own property outside a mobile home park to obtain an installer's license. Preempts home rule powers, except that the Act does not apply to a home rule municipality with a population over 1,000,000. Effective January 1, 2002.

SENATE AMENDMENT NO. 1.

In the list of persons between whom the Department of Public Health is to serve as a liaison, replaces "tenants of mobile home parks" with "purchasers of mobile homes". Provides that the Governor, instead of the Department of Public Health, is to appoint members of the Manufactured Housing Quality Assurance Board.

PENSION NOTE (Pension Laws Commission)  
SERS estimates that there are over 9,000 employees with qualifying military service credit at an estimated average cost of \$2,000 per member. Therefore, if every member of SERS with previous military service purchases the credit, accrued liability is estimated to increase by \$18.0 million.  105 ILCS 5/27A-11.5

Amends the Charter Schools Law of the School Code. Removes the limit on the number of charter schools that may operate at any one time in the City of Chicago. Requires the State Board of Education to provide information to persons and groups preparing or revising charter applications that clearly details the process, timelines, and criteria used to prepare and revise charter applications; allows other information, such as links to external resource organizations, to also be provided. Provides that a grant or loan from the Board for start-up costs may not exceed \$500 (instead of \$250) per student enrolled in the charter school.

**SENATE AMENDMENT NO. 1.**

Deletes reference to:

105 ILCS 5/27A-4

Adds reference to:

105 ILCS 5/34-49

from Ch. 122, par. 34-49

Deletes everything after the enacting clause. Reinserts the contents of the bill with the following changes. Restores current law concerning the limit on the number of charter schools that may operate at any one time in the City of Chicago. Allows a charter school to (i) borrow money without regard to any referendum requirements, (ii) issue bonds, notes, and other obligations, and (iii) secure any of its obligations by pledge, mortgage, or deed on its property. Allows the governing body of a charter school to pledge, as security for the payment of its obligations, grants, other revenues, gifts, or donations expected to be received by the charter school from certain sources. Allows a school board to guarantee the repayment or otherwise enhance the credit of the debt obligations of a charter school. Makes changes concerning State financing.

FISCAL NOTE, S-AM 1 (State Board of Education)

The costs will be approximately \$5-6 million increase over the proposed \$10 million for the Charter School Grant (transition impact aid, no additional cost; start-up grants, \$5-6 million increase due to the start-up grants increasing from up to \$250 per enrollee to a flat \$1,000). These costs are based on proposed charter school enrollments for 2001-2002 school year under current legislation. (Note: SB 78 has Chicago increasing from 15 to 30 charters.) The out-year costs will also increase since the start-up costs go every year regardless of the charter's length.

FISCAL NOTE, S-AM 2 (State Board of Education)

Same as previous note.

SENATE AMENDMENT NO. 2.

Provides that the grants to charter schools for certain costs shall not exceed \$1,000 per student enrolled in the charter school (instead of requiring the grants to be in the amount of \$1,000 per student enrolled in the charter school).

105 ILCS 5/3A-6

from Ch. 122, par. 3A-6

Amends the School Code. Removes a provision that provides that a Section of the School Code concerning the election of a regional superintendent of schools for a consolidated region, filing a bond, and vacancies in an educational service region has no application in an educational service region that is located in any county, including a county that is a home rule unit, if that educational service region has a population of 2,000,000 or more inhabitants. Provides that on or after August 7, 1995, if a vacancy occurs in the office of regional superintendent of schools of an educational service region that is located in a county that is a home rule unit and that has a population of 2,000,000 or more inhabitants, then that vacancy shall be filled by the first assistant superintendent/deputy superintendent until the end of the term to which the regional superintendent was elected. Effective immediately.

**SENATE AMENDMENT NO. 1.**

Further amends the School Code. Provides that a person appointed to fill a vacancy in the office of regional superintendent of schools (of an educational service region that is not located in a county that is a home rule unit) shall serve for the remainder of the term, unless more than 28 months remain in the term, in which case the appointment shall be until the next general election and the vacated office shall be filled by election for the remainder of the term. Includes provisions concerning nominations.

**SENATE AMENDMENT NO. 2.**

Deletes everything after the enacting clause. Reinserts the contents of the bill as introduced but provides that the vacancy shall be filled by appointment of the township committeemen of the same political party as the incumbent in that educational service region (instead of being filled by the first assistant superintendent/deputy superintendent).

220 ILCS 5/8-403.1 from Ch. 111 2/3, par. 8-403.1

Amends the Public Utilities Act. Makes a technical change in a Section concerning tax credits related to qualified solid waste facilities.

**SENATE AMENDMENT NO. 1.**

With regard to the administration and collection of the tax on the sale of electricity by certain qualified solid waste energy facilities to electric utilities, provides that certain provisions of the Retailer’s Occupation Tax Act and the Uniform Penalty and Interest Act shall apply to the extent practical. Adds an immediate effective date.

**SENATE AMENDMENT NO. 3.**

Deletes everything after the enacting clause. Amends the Public Utilities Act. Provides that a qualified solid waste energy facility that fails to timely file the requisite form and payment as required by provisions concerning the filing of the form and payment of the tax imposed on the sale of electricity by the facility shall be subject to penalties and interest in conformance with the provisions of the Illinois Uniform Penalty and Interest Act. Provides that every qualified solid waste energy facility subject to the payment of the tax imposed on the sale of electricity by the facility shall keep and main-

tain records and books of its sales and that, for purposes of enforcement, all such books and records shall be subject to inspection by the Department of Revenue or its duly authorized agents or employees. Authorizes the Department to employ certain enforcement powers as authorized in the Retailers' Occupation Tax Act. Provides that when a qualified solid waste energy facility makes a late tax payment, that payment shall be attributed to the month and corresponding quarter in which the payment should have been made. Authorizes the Department to adopt rules to implement these provisions. Effective immediately.

#### HOUSE AMENDMENT NO. 1.

Provides that, beginning on the effective date of this amendatory Act of the 92nd General Assembly, a qualified solid waste energy facility must file with the Department of Revenue the form concerning the payment of the tax imposed on the sale of electricity by the facility before the 15th of each month regardless of whether the facility received any payment in the previous month. Provides that no tax lien may be imposed or enforced by the Department of Revenue against a qualified solid waste energy facility unless the facility fails to make the payment required. Provides that, only to the extent necessary and for the purpose of enforcing provisions concerning payment of the tax, the Department of Revenue may secure necessary information from a qualified solid waste energy facility in the manner authorized. Changes the criteria under which a municipality is eligible for the distribution of the tax collected under these provisions from one that has within its boundaries an incinerator that "uses" municipal waste as its primary fuel to generate electricity, to one that has within its boundaries an incinerator that "uses or, on the effective date of Public Act 90-813, used" municipal waste as its primary fuel to generate electricity.

New Act

Deletes everything. Creates the Halal Food Act. Contains only a short title provision.  
SENATE AMENDMENT NO. 1.

Adds reference to:  
815 ILCS 505/2KK new

Deletes everything. Creates the Halal Food Act. ("Halal" food is defined to mean food that is prepared under and maintained in strict compliance with the laws of the Islamic religion.) Makes it a Class B misdemeanor for any person to: make a statement that tends to deceive or otherwise lead a reasonable individual to believe that a non-halal food product is halal; falsely represent any food sold, prepared, served, or offered for sale to be halal; remove or destroy the original identification affixed to food

commodities to indicate they are halal; or engage in certain other conduct. Amends the Consumer Fraud and Deceptive Business Practices Act. Provides that a dealer who prepares, distributes, sells, or exposes for sale any food represented to be halal shall disclose the basis upon which that representation is made by posting the information required by the Director of Agriculture in a conspicuous place upon the premises at which the food is sold or exposed for sale. Provides that a violation is an unlawful practice.

SENATE AMENDMENT NO. 2.

In the definition of “advertise”, includes advertising in Internet and electronic media. In the definition of “food”, includes “any beverage” (rather than “any alcoholic or non-alcoholic beverage”).

SENATE AMENDMENT NO. 3.

Replaces everything with provisions substantially similar to those of S-am 1 and S-am 2, creating the Halal Food Act and amending the Consumer Fraud and Deceptive Business Practices Act. Changes from S-am 1 and S-am 2 include the following: (1) In the definition of “halal”, adds a reference to laws and customs as expressed by recognized Islamic entities and scholars; (2) adds references to farms on which animals are raised and references to the growing of animals represented to be grown in a halal way; (3) makes it a Class B misdemeanor to falsely represent any animal sold, grown, or offered for sale to be grown in a halal way to become food for human consumption; and (4) in the Consumer Fraud and Deceptive Business Practices Act, provides that neither an animal represented to be grown in a halal way to become food for human consumption, nor a food commodity represented as halal, may be offered for sale until the dealer has registered documenting information of the certifying Islamic entity.

HOUSE AMENDMENT NO. 1.

In the Halal Food Act, in the definition of “food” and related terms, adds references to inspections of food and food products as required by law and to approval of food preparation sources by the Department of Agriculture. Provides that nothing in the Halal Food Act shall be construed to exempt halal food from any provisions of the federal Humane Methods of Slaughter Act of 1978 that may be applicable. In the amendatory changes to the Consumer Fraud and Deceptive Business Practices Act, requires that documenting information concerning halal food be registered with the Director of Agriculture.

FISCAL NOTE (Department of Agriculture)

SB 750 would not impose any additional cost on the Department to implement. The Department could comply with the increased number of inspections with its current existing staff and resources.

225 ILCS 65/5-22

Amends the Nursing and Advanced Practice Nursing Act. Makes technical changes to a Section concerning social security numbers on license applications.

## SENATE AMENDMENT NO. 1.

Deletes reference to:  
225 ILCS 65/5-22  
Adds reference to:  
225 ILCS 65/20-40

Replaces everything after the enacting clause. Amends the Nursing and Advanced Practice Nursing Act. Provides that, for the fiscal year beginning July 1, 2001 and for each fiscal year thereafter, \$750,000 from the moneys deposited in the Nursing Dedicated and Professional Fund shall be set aside and appropriated to the Department of Public Health for nursing scholarships. Provides that representatives of the Department and the Nursing Education Scholarship Program Advisory Council will review this requirement and the scholarship awards. Effective July 1, 2001.

FISCAL NOTE (Department of Professional Regulation)

The Department expects SB 751 to reduce the Nursing Dedicated and Professional Fund by approximately \$435,000 per year. The balance in the Fund at the end of March 2001 was \$11,959,000. SB 751 would not have any short-term impact on the Fund balance but might over the long-term. However, a provision in the bill would require review of the program and funding every 2 years, which should reduce or eliminate any long-term impact.

Amends the Unemployment Insurance Act. Makes various changes in employers' contribution rates and fund building rates in 2002 and subsequent years.

**FISCAL NOTE** (Department of Employment Security)  
 The 0.1% reduction in the tax rate paid by employers would equate to a maximum tax break of \$9 per covered employee for all affected employers. The estimated first year impact totals \$8 million, less than one percent of all projected tax revenues that first year. Of the 288,584 employers assigned a tax rate for CY 2001, 158,305 (55%) are at the minimum tax rate and would likely benefit from the tax reduction in 2002. Unemployment benefit payments would not be affected by this proposal. Illinois' unemployment trust fund, where employer taxes are deposited and from which unemployment benefits are paid, has a current balance of \$1.7 billion. If future economic changes result in trust fund insolvency, State law triggers benefit freezes or reductions and an additional State surcharge on employers, and federal law triggers penalty taxes on employers and assesses interest on any debt that must be paid with other State funds.

820 ILCS 405/1506.3 from Ch. 48, par. 576.3

Amends the Unemployment Insurance Act. Eliminates provisions specifying fund building rates for certain employers in 2002 and subsequent years.

FISCAL NOTE (Department of Employment Security)  
 Elimination of the 0.4% fund builder would equate to a maximum tax break of \$36 per covered employee for all affected employers. The estimated first year impact totals \$176 million (15% of all projected tax revenues that first year. All 288,584 employers assigned a tax rate for CY 2001 would benefit from the tax reduction in 2002. Unemployment benefit payments would not be affected by this proposal. Illinois' unemployment trust fund, where employer taxes are deposited and from which unemployment benefits are paid, has a current balance of \$1.7 billion. If future economic changes result in trust fund insolvency, State law triggers benefit freezes or reductions and an additional State surcharge on employers, and federal law triggers penalty taxes on employers and assesses interest on any debt that must be paid with other State funds.

Amends the Illinois Groundwater Protection Act. Defines “non-transient, non-community water system” and “substantial compliance”. Provides that a public water system is either a community water system (CWS) or a non-community water system (non-CWS). Provides that, as part of the permit application, all new non-transient, non-community water systems must demonstrate technical, financial, and managerial capacity consistent with the federal Safe Drinking Water Act. Effective immediately.

**SENATE AMENDMENT NO. 1.**

Deletes the definition of “substantial compliance”.

**FISCAL NOTE (Department of Public Health)**

SB 852 will have no fiscal impact on the Department of Public Health, but will have a positive fiscal impact on Illinois EPA. Failure to enact authority for all public water systems subject to the federal Safe Drinking Water Act will force the USEPA to initiate steps that will lead to the loss of federal funding to the State for the Safe Drinking Water grant and could affect Illinois’ primacy status. Failure to enact system capacity legislation will ultimately result in a loss of 20% of the revolving loan funds each year. Based on current levels of funding, the State’s share of \$35 million would be reduced by 10% or \$3.5 million in FFY 2001; 15% or \$4.7 million in FFY 2002; and 20% or \$7 million in each additional year.

820 ILCS 405/500 from Ch. 48, par. 420

Amends the Unemployment Insurance Act. Provides that the Director of Employment Security has authority to issue a blanket approval of qualified job training programs implemented pursuant to the federal Workforce Investment Act of 1998 (rather than the Comprehensive Employment and Training Act and the Job Training Partnership Act).

**HOUSE AMENDMENT NO. 1.**

Adds reference to:

820 ILCS 405/703 from Ch. 48, par. 453

Further amends the Unemployment Insurance Act. Provides that the claims adjudicator may reconsider his or her findings as to the payment of benefits within 3 years after the last day of the week if the issue is whether or not, by reason of a back pay award made by any governmental agency or pursuant to arbitration proceedings, or by reason of a payment of wages wrongfully withheld by an employing unit, an individual has received wages for a week with respect to which he or she has received benefits. Provides that the claims adjudicator may reconsider his or her findings within 3 years (rather than 2 years) if the issue is whether or not the claimant misstated his or her earnings for the week.

FISCAL NOTE, H-AM 1 (Department of Employment Security)  
Up to \$1,885,000 of potential administrative cost is avoided by updating the training program name reference. Under H-am 1, the Department would have another year to recover previously paid unemployment insurance benefits that are now covered under the backpay award. There is no additional administrative cost incurred by the extension of the time period for reconsideration due to the limited scope of the amendment. There would be a net positive gain to the State's Unemployment Insurance Trust Fund account due to the recovery of the benefits that were overpaid due to a backpay award. This amount is not possible to quantify in that the number of backpay awards impacting unemployment insurance claims is stochastic and the number of those awards extending beyond two years beyond the last date of unemployment insurance claim but no longer than three years is simply not known.

Requires that a local emergency planning committee serve as an advisory committee to any emergency services and disaster agency within its planning district. Requires the Illinois Emergency Management Agency to adopt rules for, and review and approve, political subdivision emergency management exercises. Permits the Agency, with the consent of the affected counties, to authorize consolidation of multiple counties' emergency services and disaster agencies. Provides that volunteers, rather than emergency services and disaster agency personnel, participating in a disaster, an exercise, or training related to a political subdivision's emergency operations plan are considered State employees for the purposes of the Workers' Compensation Act and the Workers' Occupational Diseases Act under certain conditions. Redefines certain terms; makes other changes.

**SENATE AMENDMENT NO. 1.**

Includes acts of domestic terrorism within the causes of a disaster. Requires the Agency to cooperate with the Department of Nuclear Safety in the development of certain preparedness and response plans relating to nuclear safety and nuclear accidents. ## SENATE AMENDMENT NO. 2.

20 ILCS 2005/2005-40 was 20 ILCS 2005/71 in part  
30 ILCS 805/8.25 new

Amends the Civil Administrative Code of Illinois. Makes changes in the Department of Nuclear Safety Law in a Section concerning the powers vested in the Environmental Protection Agency. Provides that the Environmental Protection Agency is not required to perform analytical services for community water supplies to determine compliance with containment levels for radionuclides. Provides that community water supply operators may request the Department of Nuclear Safety to perform analytical services to determine compliance with contaminant levels of radionuclides. Requires the Department of Nuclear Safety to adopt rules establishing fees for testing the water supplies. Provides that community water supply operators that choose not to participate in the Department's testing programs must perform their own analysis of all drinking water to determine radionuclide contaminant levels. Requires that all fees collected under this Section be deposited in the Radiation Protection Fund. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

## SENATE AMENDMENT NO. 1.

Provides that rules adopted by the Department of Nuclear Safety concerning the fees charged for the testing of community water supply samples shall reasonably reflect the direct and indirect cost of the testing.

## FISCAL NOTE (Department of Nuclear Safety)

The Department currently incurs approximately \$600,000 in unreimbursed annual costs for performing the types of tests that are called for in SB 880. Lacking a dedicated source of funds, costs for this testing are paid from the Nuclear Safety Emergency Preparedness Fund. The Department will be able to recover its costs incurred for performing radionuclide testing of drinking water samples for public water systems through implementation of a new fee. These costs will be borne by public water systems, rather than the entities that pay fees into the Nuclear Safety Emergency Preparedness Fund.

Provides that the Department may

not determine that a child's household income is unverifiable for the sole reason that an applicant is unable to provide pay stubs or other statements of income. Requires the Department to encourage and facilitate the enrollment of children in the children's health insurance program and Medicaid with their enrollment in the National School Lunch Program and similar programs so that, to the extent possible, a family does not have to submit information needed to determine eligibility for these programs more than once. Repeals the provision repealing the Children's Health Insurance Program Act on July 1, 2002.

105 ILCS 5/17-2C

Amends the School Code. Allows the school board of any school district (i) with a population of less than 50,000, (ii) that has sold tax anticipation warrants during the last 5 years, and (iii) that has a tax base of more than 75% residential property to transfer from the Tort Immunity Fund and the Transportation Fund to any other school district fund an amount of money not to exceed a specified amount. Effective immediately.

**FISCAL NOTE (State Board of Education)**

It is too speculative to estimate what districts might engage in the transfers set forth in SB 899. The transfers could permit more general expenditures that currently cannot occur because the funds are "trapped" in the Transportation and Tort Immunity Funds for limited and specific purposes.

**STATE MANDATES NOTE (State Board of Education)**

Same as SBE fiscal note.

**HOUSE AMENDMENT NO. 1.**

Adds reference to:

105 ILCS 5/17-2A from Ch. 122, par. 17-2A

Further amends the School Code. In a provision allowing interfund transfers by a district having a population of less than 500,000 inhabitants, removes the limit on the amount of money that may be transferred and the limit on the purpose for which the transfer may be made, subject to the limitations of the Property Tax Extension Limitation Law, if applicable.

705 ILCS 15/8 from Ch. 37, par. 24a

Amends the Supreme Court Building Act. Makes a technical change in a Section relating to the uses of the Supreme Court Building.

**SENATE AMENDMENT NO. 1.**

Deletes reference to:  
705 ILCS 15/8  
Adds reference to:  
705 ILCS 15/10 new

Deletes the title and everything after the enacting clause. Amends the Supreme Court Building Act. Provides that after the renovation of the Waterways Building is completed, the building shall be devoted to the uses of the Appellate Court for the Fourth Judicial District. Provides that the care, custody, and control of the building when the renovation is completed shall be vested in the Supreme Court.

**HOUSE AMENDMENT NO. 1.**

Adds an immediate effective date.

**FISCAL NOTE (Office of Illinois Courts)**

SB 931 will have no direct fiscal impact on the judicial branch; however, when the Waterways Building renovations are complete, there will be operational costs associated with the Building. It is not possible to provide a reliable estimate of the operating costs for the Waterways Building, because the facility will essentially be "new" when the renovations are complete. In light of modernization and improvements incorporated in the renovation plans, it is anticipated that operating costs will be consistent with costs for buildings of similar size devoted to court or other governmental uses.

Adds reference to:

105 ILCS 5/7-2a

from Ch. 122, par. 7-2a

Deletes everything after the enacting clause. Amends the School Code. Provides that if a petition is initiated by two-thirds of the registered voters in a school district seeking to annex the district in its entirety to another school district or districts and the board of education of the annexing district or districts has not adopted a resolution agreeing to the annexation, then the annexation, if approved by the regional board of school trustees, is not effective until it is approved by the voters in each affected school district at an election held for the purpose of voting on the question. Requires a regional board of school trustees to conduct a hearing to determine the validity of a petition for dissolution (instead of requiring the board to exercise its discretion on the issue of annexing the territory of a district being dissolved).

**HOUSE AMENDMENT NO. 1.**

Deletes everything after the enacting clause. Reinserts the contents of the bill as engrossed, but (i) restores current law allowing the school district to be dissolved and its territory annexed upon the filing of a petition signed by registered voters of the district (but changes the number of signatures required to two-thirds instead of a majority of the voters) and (ii) restores current law requiring a regional board of school trustees to exercise its discretion on the issue of annexing the territory of the district (instead of requiring the board to conduct a hearing to determine the validity of a petition for dissolution).

820 ILCS 405/235	from Ch. 48, par. 345
------------------	-----------------------

Amends the Unemployment Insurance Act. Provides that the term "wages" does not include the amount of remuneration received by an individual for service as an election judge. Effective immediately.

FISCAL NOTE (Department of Employment Security)

Currently there are a maximum of 57,500 election judges in Ill. being paid wages totaling a maximum of \$17,250,000 per year. If all units of government are contributing employers paying taxes, the maximum amount of annual UI taxes would be between \$345,000 and \$388,000. The State's Unemployment Insurance Trust Fund currently exceeds \$1.7 billion. In addition, most units of government reimburse the Trust Fund the amount of benefits paid charged against their employer account in lieu of paying taxes on wages paid. It is highly unlikely that the unit of government would be the benefit chargeable (the last 30 day) employer of an unemployment insurance claim filed by a former election judge based on their work as an election judge. SB 969 would alleviate the reporting requirement for units of government and no revenues would be lost to the Trust Fund. There might be some potential loss of UI benefits to claimants who may have worked as election judges and have become subsequently unemployed. The low wages and casual employment as election judges do not come close to the minimum monetary eligibility for Unemployment Insurance, which is \$1600 annually, so the magnitude of the potential loss would likely not be too large in the aggregate.

Amends the Downstate Teachers Article of the Illinois Pension Code and the School Code. Allows an annuitant receiving a retirement annuity other than a disability retirement annuity to accept employment as a teacher from a school board without impairing retirement status if the employment is not within 90 days after service was terminated and the annuitant holds a teaching certificate and is being employed to teach in the same area in which he or she was certified to teach before service was terminated (now, only allowed if the employment is not within the school year during which service was terminated and does not exceed 100 paid days or 500 paid hours in any school year).

PENSION IMPACT NOTE (Illinois Pension Laws Commission)

The fiscal impact cannot be calculated as SB 1028 may affect a change in retirement behavior. SB 1028 may encourage teachers to participate in the ERO and then return to work, substantially increasing costs for TRS and local school districts.

from Ch. 30, par. 312.1

Amends the Condominium Property Act. Replaces provisions concerning (i) insurance for condominium associations and (ii) risk pooling trust funds for condominium associations or common interest community associations. Requires that a condominium association maintain property insurance, general liability insurance, and a fidelity bond and liability coverage for directors and officers. Provides that a condominium association may require unit owners to obtain insurance coverage. Requires the Director of Insurance to adopt reasonable rules pertaining to the standards of coverage and administration of risk pooling trust funds.

**GOVERNOR'S AMENDATORY VETO MESSAGE**

Recommends that no policy of insurance shall be delivered to a condominium association, and no policy shall be renewed, unless the policy includes the specified coverages (instead of providing simply that a condominium association must maintain the specified coverages). Requires any investigative, law enforcement, or other agency responsible for investigating any felony offense, or participating in an investigation of any felony offense to provide to the authority prosecuting the offense all reports that have been generated by or have come into the possession of the investigating agency concerning the offense being investigated. Also requires the investigating agency to provide to the prosecuting authority any material or information within its possession or control that would tend to negate the guilt of the accused of the offense charged or reduce his or her punishment for the offense, and requires every investigative and law enforcement agency in this State to adopt policies to ensure compliance with these provisions. Provides that under the Constitution of the State of Illinois, an assertion of substantial denial of rights includes, but is not limited to, an independent claim of actual innocence based on newly discovered evidence. Provides that a proceeding on an independent claim of actual innocence based on newly discovered evidence must be commenced within 6 months after the discovery of the new evidence by the defendant and that the petition must set forth the nature of the evidence and demonstrate that: (i) the new evidence was discovered since the defendant's trial; and (ii) the new evidence could not have been discovered prior to trial by the exercise of due diligence. 730 ILCS 5/5-6-3.1

from Ch. 38, par. 1005-6-3.1

Amends the Juvenile Court Act of 1987 and the Unified Code of Corrections. Provides that a minor who is placed on probation or supervision, as a condition of that probation or supervision, with the consent of the superintendent of the facility, may be required to attend an educational program at a facility other than the school where the offense was committed if the minor was convicted of or placed on supervision for a crime of violence as defined in the Crime Victims Compensation Act and the offense was committed in a school, on the real property comprising a school, or within 1,000 feet of a school. Effective immediately.

FISCAL NOTE (State Board of Education)

It is unclear how often courts will make placements under these

provisions. If placements occur within a single school district with consent of the superintendent, the bill should have no fiscal impact. Placements within school districts, however, may have a fiscal impact if the district does not make the necessary provisions for the funding generated by the student to follow that student to another educational facility. In addition, SB 1097 is unclear whether minors can be ordered to attend an education facility in a district other than the one where they reside and where the offense occurred. In this case, the bill is silent on whether tuition must be paid to the receiving district. Based on FY 99 data from the Department of Corrections, more than 700 minors were adjudicated for Class X and felony offenses. If only 1 in 10 were sent to facilities outside of the school district, the cost to the receiving districts could be in excess of \$400,000.

STATE MANDATES NOTE (State Board of Education)

Provides that (i) the fund must have its primary office in Illinois (ii) at least 50% of the total number of investments in the fund's portfolio must be in companies that are based in Illinois. **FISCAL NOTE, H-AM 7**

(Department of Commerce and Community Affairs)

SB 1171 (H-am 7) will not incur a fiscal impact on DCCA. The legislation pertains to various units of local government, authorizing tax levies and issuance of bonds. Due to the nature of the bill, a fiscal impact cannot be estimated at this time.

**STATE MANDATES NOTE, H-AM 7**

(Department of Commerce and Community Affairs)

In the opinion of DCCA, SB 1171 (H-am 7) creates a local government organization and structure mandate for which reimbursement is not required, and a service mandate for which 50% to 100% of the increased costs to units of local government is required under the State Mandates Act. No estimate of the amount of reimbursement required is currently available to the Department.

**HOME RULE NOTE, H-AM 7**

(Department of Commerce and Community Affairs)

SB 1171 (H-am 7) contains language that constitutes a denial

and limitation of home rule powers and functions. Therefore, in the opinion of DCCA, this legislation pre-empts home rule authority.

**SENATE AMENDMENT NO. 1.**

Deletes reference to:

735 ILCS 5/1-101

Adds reference to:

735 ILCS 5/12-901

Deletes everything. Amends the Code of Civil Procedure. Increases the allowable amount of an estate of homestead from \$7,500 to \$30,000.

## HOUSE AMENDMENT NO. 1.

Increases the allowable amount of an estate of homestead to \$90,000. Eliminates a provision concerning ownership of homestead property by 2 or more individuals. Adds an immediate effective date to the bill.

JUDICIAL NOTE, H-AM 1 (Administrative Office of Ill. Courts)

This bill would neither increase nor decrease the number of judges needed in the State.

FISCAL NOTE, H-AM 1 (Administrative Office of Illinois Courts)

SB 1234 (H-am 1) would have no fiscal impact on the judicial branch.

HOUSING AFFORDABILITY NOTE, H-AM 1

(Illinois Housing Development Authority)

SB 1234 (H-am 1) would not directly increase or decrease the cost of building, buying, or selling a single family property, but would decrease the cost of owning such a residence. By increasing the exemption allowable amount by \$82,500 (from \$7,500 to \$90,000) and by deleting the current provision limiting the homestead allowable amount when 2 or more property owners are involved, this should have the practical impact of lowering property tax amounts for nearly all residential property owners. However, it is not possible to quantify the exact aggregate impact due to differing tax bases within Illinois' 102 counties.
