30 ILCS 805/8.26 new

Amends the Illinois Pension Code to allow a person with IMRF credit for service as a member of a municipal fire department to transfer that credit to a firefighters' pension fund. Requires payment of the difference in required contributions, if any. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

## PENSION NOTE (Illinois Pension Laws Commission)

The fiscal impact of SB 1817 cannot be determined, as it depends on the amount of service credit transferred from IMRF to the Downstate Firefighters' pension funds. The fiscal impact is estimated to be minor, as the employee is required to contribute the difference between the employee and employer contributions that would have been made as a member of a Downstate Firefighters' pension fund and the amounts transferred from IMRF on behalf of the firefighter. Interest payment is also required.

Amends the Downstate Teacher Article of the Illinois Pension Code. Allows certain retired teachers to remain in retirement status and continue to receive their retirement annuities while engaging in employment in an educational service region that is affected by a shortage of qualified teachers. Amends the State Employees Group Insurance Act of 1971 to provide that health insurance benefits under the State and TRIP plans are suspended while the annuitant is covered as an active teacher. Amends the School Code to require regional superintendents of schools to make and publish their determinations of teacher shortages. Effective immediately.

**PENSION NOTE (Pension Laws Commission)**  
 The provisions of SB 1844 would not increase the accrued liabilities of TRS, as the returning teacher would not revert to active member status in the System, nor would their employment provide additional service credit in TRS.

Creates the Family Caregiver Act, to be administered by the Department on Aging, for the purpose of encouraging family members to provide care for their elderly family members. Requires the Department to contract with area agencies on aging and other appropriate agencies to provide family caregiver support services to the extent of available funding. Provides that the services include counseling, training, and respite care. Also authorizes caregiver support services for grandparents who are primary caregivers for their grandchildren. Amends the Respite Program Act. Deletes references to abused adults and to functionally disabled or cognitively impaired adults (so that the Act applies to "frail or disabled" adults). Defines a "frail or disabled adult" as a person age 60 (instead of 55) or older and who either (i) suffers from Alzheimer's disease or a related disorder or (ii) is unable to attend to his or her daily needs without assistance or regular supervision. Deletes references to the Council on Aging. Makes other changes. Effective immediately.

New Act  
 320 ILCS 10/8 from Ch. 23, par. 6208

Creates the Family Caregiver Support Act and amends the Respite Program Act. Directs the Department on Aging to administer a program to provide family caregiver long-term care information and support services for family and other unpaid caregivers of aged adults with functional disabilities. Provides that the authorized services are those authorized under the Respite Program Act. Requires area agencies on aging to arrange for the delivery of the services. Requires the Department to seek and secure funding under the National Family Caregiver Support Program. In the Respite Program Act, eliminates a provision that implementation of projects under the Act are contingent on the availability of federal financial participation.

FISCAL NOTE (Department on Aging)  
 Based on 1990 Census figures and assuming that half of the individuals with Alzheimer’s who live at home would require respite for their caregivers, the total cost would be \$35,114,358 annually.

**HOUSE AMENDMENT NO. 1.**

Deletes everything. Creates the Family Caregiver Act, to be administered by the Department on Aging, for the purpose of encouraging family members to provide care for their elderly family members. Requires the Department to contract with area agencies on aging and other appropriate agencies to provide family caregiver support services to the extent of available funding. Provides that the services include counseling, training, and respite care. Also authorizes caregiver support services for grandparents who are primary caregivers for their grandchildren. Amends the Respite Program Act. Deletes references to abused adults and to functionally disabled or cognitively impaired adults (so that the Act applies to “frail or disabled” adults). Defines a “frail or disabled adult” as a person age 60 (instead of 55) or older and who either (i) suffers from Alzheimer’s disease or a related disorder or (ii) is unable to attend to his or her daily needs without assistance or regular supervision. Deletes references to the Council on Aging. Makes other changes. Effective immediately.

New Act

Creates the Window Guard and Guard Rail Act. Requires the installation of guards at every point of danger in commercial and residential buildings to prevent persons from falling. Requires that guards be installed in a manner approved by the Department of Public Health. Makes the knowing failure of a building owner or owner's agent to install guards a Class B misdemeanor. Provides that a building owner or owner's agent who knowingly fails to install guards is strictly liable in tort for injuries resulting from that failure. Requires the Department of Public Health to administer and enforce the Act. Restricts the concurrent exercise of home rule powers.

**HOUSING AFFORDABILITY NOTE (Housing Development Authority)**

The impact cannot be determined at this time due to insufficient information concerning the extent to which existing building codes already apply, the larger probable applicability of the bill to multi-story buildings and to rental properties, and the lack of reference to what types of building materials would be required for the guards and guard rails.

**CORRECTIONAL NOTE (Department of Corrections)**

There will be no prison population impact or fiscal impact.

Correctional Note (Department of Corrections)

The prison population and fiscal impact is none.

**HOUSE AMENDMENT NO. 1.**

Deletes everything. Creates the Window Guard and Guard Rail Act with provisions substantially similar to those of the bill as introduced. Changes include the following: (1) eliminates application to commercial buildings; (2) in the definition of "point of danger", adds types of spaces subject to the Act; (3) adds requirements for construction of guards or railings; (4) provides that a tenant of a building is not responsible for installing guards unless the tenant is an owner of the building or an agent of the owner; (5) adds provisions concerning application of the Act to landmark buildings; (6) in the case of existing buildings, requires compliance with the Act within 6 months after the Act's effective date; and (7) authorizes home rule units to regulate the installation of guards in residential buildings in a manner more restrictive than the Act.

**FISCAL NOTE (Department of Public Health)**

According to the 1990 census, there are 4,506,275 housing units

and 300,000 commercial buildings in Illinois. Assuming a cost of \$100 per inspection/certification, the cost would be over \$450 million, not including the actual cost of guard rail installation. In addition, the cost for 10 - 12 IDPH staff to implement this program would be approximately \$800,000.  
 FISCAL NOTE (Department of Public Health)  
 Same as previous note.

Creates the Illinois Coal Mining and Coal Development Act. Creates the Illinois Coal Mining and Coal Development Board and authorizes the Board to provide advice and make recommendations on certain powers and duties of the Illinois Environmental Protection Agency with respect to coal-related matters. Authorizes the State to issue bonds in the amount of \$500,000,000 for the purposes of architectural and technical planning and installation of sulfur dioxide and nitrogen oxide emission control systems for coal-fired electric generating units. Provides that the proceeds of the bonds shall be deposited into a separate fund known as the Coal Mining and Coal Development Fund, and amends the State Finance Act to create the Fund. Amends the General Obligation Bond Act. Increases the bond authorization limit by \$500,000,000 for coal and energy development. Deletes language in the General Obligation Bond Act and the Illinois Coal and Energy Development Bond Act that directs DCCA to make a \$35,000,000 grant to a generating station to construct a facility to reduce sulfur dioxide emissions at a coal-fired generating unit. Amends the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act. Provides that, beginning February 1, 2002, each month the Department of Revenue shall pay into the General Obligation Bond Retirement and Interest Fund 80% of the net revenue realized for the preceding month from the selling price of coal until the Bureau of the Budget certifies to the Department that the amount that will be necessary to finance the \$500,000,000 in additional general obligation bonds authorized to be issued under this amendatory Act of the 92nd General Assembly for coal development has been paid into that Fund. Effective July 1, 2001.

STATE DEBT NOTE (Economic and Fiscal Commission)

Assuming an interest rate of 6.0% and a 25-year level repayment period, the additional \$500 million in bonding authority would increase total General Obligation Debt by approximately \$950 million and annual debt service by approximately \$39 million.

STATE DEBT NOTE, H-AM 4,5 (Economic and Fiscal Commission)

Same as previous State Debt notes.

FISCAL NOTE, H-AM 4,5

(Department of Commerce and Community Affairs)

HB 63 will have a fiscal impact on several State agencies and revenue sources in various ways:

..DCCA estimates the fiscal impact to be at least \$450,000, including 5 additional headcount with specialized knowledge. The cost to the Department for recording fees and rulemaking associated with new or amended enterprise zones is unknown at this time.

..EPA estimates a cost of \$250,000 in GRF to develop, promulgate and implement rules for the recommended strategies and to prepare the report to the General Assembly regarding the potential need for the control or reduction of emissions from fossil fuel-fired electric generating plants.

..BOB estimates the fiscal impact of the issuance of \$500 million of General Obligation bonds to be approximately \$40-\$50 million per year for 25 years from GRF, assuming tax-exempt interest rates.

..The impact of the various exemptions and tax credits and the creation of additional enterprise zones on State revenues cannot be determined at this time.

..This fiscal note does not address the potential impact of HB 63 on the Illinois Development Finance Authority.

(Department of Commerce and Community Affairs)

This legislation does not contain language indicating a pre-emption of home rule powers and functions.

JUDICIAL NOTE (Administrative Office of the Illinois Courts)

It has been determined that the bill would neither decrease nor increase the number of judges needed in the State.

Amends the Toll Highway Act. Requires the Toll Highway Authority to appoint an Inspector General to investigate waste, fraud, or financial mismanagement in Authority operations involving Authority employees or contractors. Provides for the Inspector General's powers and duties. Makes failure to cooperate in specified ways with the investigation a Class A misdemeanor. Requires the Authority to use all surplus revenues to fund construction or repairs before issuing bonds to finance those activities. Requires the Authority to structure financing of new tollways and refinancing of debt to facilitate conversion of tollways into free State highways. Requires the Authority to report a schedule of that conversion to the Governor and General Assembly every 2 years. Effective immediately.

FISCAL NOTE (Illinois State Toll Highway Authority)  
 HB 78 would require an annual expenditure of \$300,000 for the Inspector General position. A restructuring of current or future bond debt without a long-term financial plan may affect the overall creditworthiness of the Tollway Authority and subject its credit rating to a possible downgrade by the various agencies. Bond issues based upon a limited timeframe may be financially unfeasible. At this time, no exact dollar figure can be attached to this provision.

**New Act**

Creates the Fund Education First Act. Beginning with fiscal year 2002, and in each fiscal year thereafter, provides that until the sum of State and federal spending for elementary and secondary education for the fiscal year represents 50% of the total revenues that the State Superintendent of Education estimates are available from local, State, and federal sources for elementary and secondary education for that fiscal year, the amount appropriated by the General Assembly from general funds for educational programs for that fiscal year shall be at least equal to the sum of (1) 51% of total new general funds available for spending from certain sources during that fiscal year, plus (2) the total amount appropriated from general funds for educational programs during the preceding fiscal year. Requires the Governor, beginning with fiscal year 2003, to include in his or her annual budget an allocation for education that conforms to the provisions of the Fund Education First Act. Effective immediately.

**FISCAL NOTE (State Board of Education)**

It is difficult to determine the exact fiscal impact. It is unclear what revenues available for spending means, particularly the growth due to "budgeted program growth and decline ... excluding State retirement contributions". Currently, the general interpretation of "education" includes retirement contributions. It is unclear whether this language actually changes that or not. Moreover, the 2/3 and 1/3 split is one that is often referenced but rarely put into practice in exactly that proportion. Recently, elementary and secondary programs have received a greater share than this allocation would have provided.

**STATE MANDATES NOTE (State Board of Education)**

Same as SBE fiscal note.

**STATE DEBT NOTE (Economic and Fiscal Commission)**

HB 81 would not change the amount of authorization for any type

of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

from Ch. 40, par. 2514

Amends the Illinois Marriage and Dissolution of Marriage Act, the Illinois Public Aid Code, the Non-Support Punishment Act, the Uniform Interstate Family Support Act, and the Illinois Parentage Act of 1984. Provides that a person who willfully defaults on an order for child support may be subject to summary criminal contempt proceedings. Provides that each State agency shall suspend any license or certificate issued by that agency to a person found guilty of criminal contempt based on such a default. Provides that State's Attorneys and appropriate State officials are entitled to obtain information from employers, telephone companies, and utility companies for the purpose of locating obligors who have defaulted on child support payments. Effective immediately.

JUDICIAL NOTE (Office of the Illinois Courts)

Although the number of cases of willful default on child support may be large, it is unclear how many of those cases would be dealt with in a summary proceeding, or the intended scope of such proceedings. Therefore, it is not possible to determine whether the bill would increase the number of judges needed in the State.

HOUSE AMENDMENT NO. 1.

Further amends the Illinois Marriage and Dissolution of Marriage Act. In provisions setting forth penalties for willfully defaulting on an order for child support, adds the refusal to renew or issue a license or certificate and the restriction of a license or certificate.

HOUSE AMENDMENT NO. 2.

Further amends the Illinois Marriage and Dissolution of Marriage Act. In provisions concerning suspension of a license or certificate issued to a person found guilty of criminal contempt for having willfully defaulted on an order for child support, provides that no license or certificate may be suspended while an appeal of a finding of criminal contempt is pending.

FISCAL NOTE (Department of Public Aid)

There would be no fiscal impact to this Department.

HOUSE AMENDMENT NO. 3.

**HB-0128 SCHOENBERG – LANG – GARRETT – FLOWERS – SCULLY, MAY, KENNER, HOWARD, FEIGENHOLTZ, RYAN, COLLINS, BRADLEY, BUGIELSKI AND CAPPARELLI.**

New Act  
 30 ILCS 105/25 from Ch. 127, par. 161

Creates the Illinois Balanced Budget Act. Creates a Balanced Budget Commission to provide a Balanced Budget Revenue Estimate for each fiscal year. The Estimate shall serve as a limit on appropriations from State general funds. If appropriations exceed the limit, the Comptroller shall prepare a proposed Balanced Budget Reserve Act for that fiscal year. Sets forth the contents of the proposed Act, including certain measures to reduce State agency expenditures. Amends the State Finance Act. Reduces the lapse period from 2 months to one month starting in FY2007. Effective immediately.

FISCAL NOTE (Economic and Fiscal Commission)

HB 128 would not affect the fiscal operations of the Commission and would not impact general funds receipts. HB 128 would, however, create the Balanced Budget Reserve Act if general funds appropriations for a fiscal exceed the balanced budget limit. The balanced budget limit would be set by the balanced budget revenue estimate provided in the bill. The necessary funds would be held in reserve by each State agency and department, as needed.

FISCAL NOTE (Bureau of the Budget)

Since the members of the Commission serve without compensation and the Commission is authorized to utilize existing staff re-

sources in conducting its activities, the fiscal impact of this legislation is minimal.

BALANCED BUDGET NOTE (Bureau of the Budget)  
Since HB 128 is not a supplemental appropriation bill, the Balanced Budget Note Act is inapplicable.

Amends the Toll Highway Act. Provides that the Act constitutes an irrevocable and continuing appropriation from the Illinois State Toll Highway Authority Fund for amounts to pay principal, interest, and other bond expenses and obligations (instead of the Fund being considered always appropriated for the purposes of repayment of debt service and other bond obligations). Provides that all other expenses, including ordinary and contingent expenses, are subject to annual appropriation. Provides that, before bonds may be issued for or construction may be commenced on any new segment of toll highway, the issuance of bonds for or the commencement of construction of that particular segment must be approved by law (rather than authorized by joint resolution of the General Assembly). Provides that any general increase in toll rates must have the prior approval of the General Assembly by a three-fifths majority vote. Provides that the State guarantees payment of bonds issued before the effective date of the amendatory Act, and requires the Authority to maintain a debt service fund with respect to revenue bonds outstanding on the effective date of this amendatory Act.

STATE MANDATES NOTE (Dept. of Commerce and Community Affairs)  
 In the opinion of DCCA, HB 135 does not create a State mandate under the State Mandates Act.

FISCAL NOTE (Department of Transportation)  
 This legislation directly impacts the Illinois State Toll Highway Authority and does not impact the Illinois Department of Transportation. Therefore, there is no fiscal impact to IDOT.

New Act

30 ILCS 105/5.545 new

30 ILCS 105/5.546 new

Creates the Rainy Day Budget Stabilization and Children First Act and amends the State Finance Act. Requires the Comptroller to transfer from the General Revenue Fund during fiscal year 2002 \$50,000,000 into a Budget Stabilization Fund and \$50,000,000 into a Children First Reserve Fund. In each subsequent fiscal year when anticipated general revenues are estimated by the Governor to exceed the prior fiscal year's revenues by more than 4%, requires the Comptroller to transfer 0.125% of the anticipated revenues from the General Revenue Fund into the Budget Stabilization Fund and 0.125% into the Children First Reserve Fund. Permits suspension of transfers. Authorizes use of the Budget Stabilization Fund to meet general funds revenue shortfalls. Limits the use of the Children First Reserve Fund to meet shortfalls in funding educational and child care programs. Creates the necessary special funds within the State treasury. Effective immediately.

STATE DEBT NOTE (Economic and Fiscal Commission)

HB 141 would not affect amount of the bonding authorization of the State, and, therefore, has no direct impact on the level of State indebtedness

FISCAL NOTE (State Treasurer)

HB 141 will not increase or decrease State revenues or expenditures. However, during FY2002, the bill will put \$100,000,000

into the Budget Stabilization and the Children First Reserve Funds, which will not be available for spending without the agreement of the Governor, Comptroller, and Treasurer. Any future year amounts cannot be determined until a revenue estimate is made. Future years will transfer .125% of revenue estimates into the funds until they hold 2% of estimated general revenues.

**PENSION NOTE (Pension Laws Commission)**

HB 149 would increase the accrued liabilities of SERS by an estimated \$291 million. The estimated increase in the required annual State contribution, per P.A. 88-593, is shown below:

| Fiscal Year | Estimated Payroll | Estimated Contributions |
|-------------|-------------------|-------------------------|
| 2002        | 3,530.0 million   | 0.0                     |
| 2003        | 3,654.0 million   | 0.0                     |
| 2005        | 3,908.0 million   | 0.0                     |
| 2010        | 4,585.0 million   | 62.9                    |
| 2020        | 6,341.0 million   | 87.0                    |
| 2030        | 9,183.0 million   | 126.0                   |
| 2045        | 16,584.0 million  | 275.3                   |

Even with the elimination of the Social Security offset and the resulting increase in accrued liability, required State contributions to SERS are not expected to change until FY 2010, as

the minimum statutory rates are expected to be higher than the calculated actuarial rates, per P.A. 90-65, until then.

and local authorities to inspect scaffolding and to require reconstruction of unsafe scaffolding. Provides that a violation of the Act is a Class A misdemeanor, and authorizes the State's Attorney or another attorney to take necessary steps to enforce compliance with the Act. Provides for a right of action if a person is injured or killed as a result of a wilful violation of the Act. Uses the language of the Structural Work Act before its repeal by P.A. 89-2. Effective immediately.

**CORRECTIONAL NOTE** (Department of Corrections)

There will be no prison population impact or fiscal impact.

**JUDICIAL NOTE** (Office of the Illinois Courts)

HB 158 would neither increase nor decrease the number of judges needed in the State.

**FISCAL NOTE** (Office of the Illinois Courts)

HB 158 would have minimal fiscal impact on the judicial branch.

**FISCAL NOTE** (Department of Labor)

As a result of increased caseload, the impact on the Department will be \$138,800 for costs associated with 2 professional and one clerical position.

**STATE MANDATES NOTE** (Dept. of Commerce and Community Affairs)

In the opinion of DCCA, HB 158 creates a service mandate for which 50% to 100% of the increased costs to units of local government is required, and a due process mandate for which reimbursement is not required under the State Mandates Act.

Due to the nature of the bill, an estimate of the cost to units of local government is not available at this time.

Makes full-time municipal police officers who participate in the Fund eligible for the sheriff's law enforcement employee (SLEP) formula. Bases new annuities calculated under the SLEP formula on the employee's rate of earnings on the last day of employment as a SLEP. Creates a second program of optional additional contributions and benefits, this one applicable only to SLEP service. Specifies that a SLEP may establish retroactive SLEP credit for all types of service that have been added to the SLEP definition as of the date of application. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Pension Laws Commission)

The fiscal impact of HB 188 has not been determined. The bill would increase the required IMRF employer contributions for current SLEP employers (counties) and for small municipalities with participating police officers.

Amends the Downstate Firefighter Article of the Illinois Pension Code. Provides for a Deferred Retirement Option Plan, under which a firefighter who is at least age 50 with 20 years of service may continue in active service for up to 5 years while having his or her pension contributions and retirement pension paid into a special account, to be distributed to the firefighter upon retirement. Bases the retirement pension on the firefighter's service and salary at the time of joining the DROP plan. Requires termination of service at the end of the DROP plan participation period. Requires approval of the employer; provides that the approval is within the sole discretion of the employer and not subject to mandatory collective bargaining. Also changes the manner of determining the actuarial requirements of the pension fund when a DROP plan is in effect. Effective immediately.

**PENSION NOTE (Pension Laws Commission)**

Based on 1996 membership data, HB 195 would increase the accrued liability by an estimated \$71.6 million. The resulting estimated increase in total annual cost is estimated to be \$7.5 million, or 2.14% of payroll. These cost estimates assume all employers offer a five-year DROP plan and that 100% of those eligible will participate. Participation is assumed to begin an average of one year after becoming eligible, and continue for a maximum five-year period. According to the Commission's actuary, the cost of a 3 or 4 year DROP plan is higher than the cost of a 5 year DROP plan.

Amends the School Code. Provides that any school district receiving a payment under a Section concerning block grant funding for Chicago, certain Sections concerning special education, or a Section concerning transportation reimbursement may classify the funds that it receives in a particular fiscal year or from general State aid as funds received in connection with any funding program for which it is entitled to receive funds from the State in that fiscal year, regardless of the source or timing of the receipt. In the Section concerning block grant funding for Chicago, provides that payments to the school district with respect to each program for which payments to school districts generally, as of the date of the amendatory Act, are on a reimbursement basis shall continue to be made to the district on a reimbursement basis. Effective immediately.

FISCAL NOTE (State Board of Education)

The fiscal impact of House Bill 210 is unclear. It will maintain the accrual basis of the mandated categorical programs and prevent significant one time accounting reductions to districts which account on an accrual basis. It will not have a significant operational impact on the State Board of Education or school districts. It will likely complicate the accounting and reporting process for the Board and for local school districts. Further issues may arise when GASB 34 is fully implemented by 2004.

STATE MANDATES NOTE (State Board of Education)

Sames as SBE fiscal note.

New Act  
625 ILCS 5/2-123 from Ch. 95 1/2, par. 2-123

Creates the Privacy Protection Act. Prohibits a constitutional officer or a State agency under a constitutional officer from selling personal information regarding Illinois citizens for commercial solicitation purposes without the written consent of each person whose information will be sold. Defines "commercial solicitation purposes". Amends the Illinois Vehicle Code. Prohibits the Secretary of State from selling driver, vehicle, and title information for commercial solicitation purposes without the written consent of each person whose information will be sold. Requires purchasers of driver, vehicle, and title information to enter into an agreement disclosing the intended commercial use of the information. Deletes a provision allowing persons to request that their personally identifiable information not be used for commercial solicitation purposes. Provides that the Secretary of State may not knowingly disclose or otherwise make available to any person or entity personal information about any individual in connection with a motor vehicle record, except with the written consent of the individual or as permitted by certain provisions of the federal Driver's Privacy Protection Act of 1994.

Amends the Illinois Pension Code. In the State Employee Article, increases the alternative (State Police) retirement formula. Also increases the regular retirement formula for certain employees of the Department of Corrections and the Department of Human Services. For members receiving those formulas, increases the employee contribution by 1% of salary in each of 2002, 2003, and 2004. Includes within the definition of "security employee of the Department of Human Services" certain employees who work at least 50% of their working hours at a security facility, thereby making them eligible for

the alternative retirement formula. In the case of DHS security employees who are teachers, allows current employees to elect (and requires future hires) to participate in the State Employees' Retirement System rather than the Teachers' Retirement System; authorizes persons so electing to transfer credits for previous service in that capacity. Allows certain persons to participate in SERS while employed by a statewide labor organization that represents members of the System; allows those persons to purchase credit for certain prior service. Provides that employees who are employed on an academic-year basis shall receive a full year of service credit for each academic year of service. Makes certain provisions retroactive to January 1, 2001 and accelerates the initial annual increase for certain persons. Effective immediately.

**PENSION NOTE (Pension Laws Commission)**

According to the System's actuary, increasing the alternative formula would increase the accrued liability of SERS by an estimated \$280.8 million. The first year cost would be \$2.47 million, or 0.07% of payroll. In FY 2010, the employer contribution would be \$10.73 million, or 0.24% of payroll. There would be a fiscal impact for the other provisions of HB 0212, but it has not been determined and is estimated to be minor.

105 ILCS 5/2-3.131 new

Amends the School Code. Creates a K-5 class size reduction grant program to be implemented and administered by the State Board of Education. Provides for the award of grants by the State Board of Education to school districts that maintain grades K-5, have an average class size for any such grade of at least 23 pupils per classroom at the time of applying for a grant, and agree as a condition of the grant to reduce the size of each classroom maintained for pupils in a grade with respect to which a grant is made by at least 5 pupils per classroom. Provides that no grant funds are to be awarded to enable a district to reduce classroom size to less than 18 pupils. Limits use of the grant funds to operating and maintaining classes in grades K-5 that meet the criteria established by the grant program. Effective July 1, 2001.

## HOUSE AMENDMENT NO. 1.

Provides that the class size reduction grant program is for grades kindergarten through 3 (instead of 5). Removes a provision that requires the State Board of Education to award grants from available federal class size reduction funds. Changes the criteria required for the award of a grant by providing instead that (i) only those districts that maintain grades kindergarten through 3 shall be grant eligible, (ii) no grant funds shall be used for grades other than kindergarten through 3, (iii) no grant funds shall be awarded to a district where the average class size in grades kindergarten through 3 is already 18 pupils or fewer, and (iv) where feasible, districts must target these grant funds to the grade level where class sizes are highest or to the school or schools where class sizes are highest.

40 ILCS 5/14-104 from Ch. 108 1/2, par. 14-104

Amends the State Employee Article of the Illinois Pension Code. Provides that an employee may establish eligible creditable service for up to 2 years spent on layoff, under certain circumstances. Requires payment of both employee and employer contributions, plus interest. Specifies that the employee contribution and interest shall be based on the date the employee returns to employment after the layoff. Effective immediately.

PENSION NOTE (Pension Laws Commission)

The fiscal impact of HB 0233 cannot be calculated, as the amount of outstanding service that would be purchased is unknown. The fiscal impact is expected to be minor, as employee and employer contributions, plus interest (from the date of reemployment to the date of payment), are required.

**HOUSE AMENDMENT NO. 1.**

Adds the additional requirement that the applicant, at the time of the layoff, had attained certified status under the rules of the Department of Central Management Services.

Amends the Illinois Pension Code. In the State Employee Article, increases the alternative (State Police) retirement formula. Also increases the regular retirement formula for certain employees of the Department of Corrections and the Department of Human Services. For members receiving those formulas, increases the employee contribution by 1% of salary in each of 2002, 2003, and 2004. Includes within the definition of "security employee of the Department of Human Services" certain employees who work at least 50% of their working hours at a security facility, thereby making them eligible for the alternative retirement formula. In the case of DHS security employees who are teachers, allows current employees to elect (and requires future hires) to participate in the State Employees' Retirement System rather than the Teachers' Retirement System; authorizes persons so electing to transfer credits for previous service in that capacity. Provides that employees who are employed on an academic-year basis shall receive a full year of service credit for each academic year of service. Makes certain provisions retroactive to January 1, 2001 and accelerates the initial annual increase for certain persons. Effective immediately.

**PENSION NOTE (Pension Laws Commission)**

According to the System's actuary, increasing the alternative formula would increase the accrued liability of SERS by an estimated \$280.8 million. The first year cost would be \$2.47 million, or 0.07% of payroll. In FY 2010, the employer contribution would be \$10.73 million, or 0.24% of payroll. There would be a fiscal impact for the other provisions of HB 250, but it has not been determined and is estimated to be minor.

PENSION NOTE (Pension Laws Commission)

Based on the December 31, 1999 actuarial valuation, HB 254 would increase the accrued liability of the Fund by an estimated \$18.3 million. The level dollar annual payment needed to amortize the estimated increase in unfunded liability over 40 years is \$1.5 million. The estimated annual increase in normal cost is \$0.2 million (0.08% of payroll). Therefore, the estimated increase in total annual cost is \$2.7 million, or 0.63% of payroll.

 105 ILCS 5/34-19 from Ch. 122, par. 34-19

Amends the School Code. Lists offenses for which a pupil may be expelled for up to one year. Effective July 1, 2001.

**HOUSE AMENDMENT NO. 1.**

Replaces the list of offenses with a requirement that a school board establish and, in written form, compile and maintain definitions of those offenses that would result in expulsion for up to one year. Prohibits a school board from expelling a student for more than one year (instead of 2 years).

**FISCAL NOTE (State Board of Education)**

There would be no fiscal impact at the State level. An undetermined number of school districts will need to re-tool their expulsion policy if this bill is enacted. SBE is unable to quantify this cost.

**FISCAL NOTE, H-AM 1, 2 (State Board of Education)**

It is unclear how many school districts may have to amend their expulsion policies to add such definitions. The cost will likely be minimal.

**STATE MANDATES NOTE (State Board of Education)**

Same as SBE fiscal note.

**STATE MANDATES NOTE, H-AM 1, 2 (State Board of Education)**

Same as SBE fiscal note (H-ams 1 and 2).

**BALANCED BUDGET NOTE (Bureau of the Budget)**

Since HB 268 is not a supplemental appropriation bill, the Balanced Budget Note Act is inapplicable.

**BALANCED BUDGET NOTE, H-AM 1 (Bureau of the Budget)**

Same as previous balanced budget note.

Amends various Acts relating to the governance of the public universities in Illinois. Provides that at the beginning of each academic year, the university shall inform each of its students and the student's parents or guardian about meningitis and its transmission. Requires the University to recommend meningitis vaccination and, for those students deciding not to be vaccinated, to obtain a signed waiver indicating the student's receipt of the information provided and the student's rejection of the recommended vaccination. Requires any university facility that delivers health services to university students to offer meningitis vaccines. Effective July 1, 2001.

**FISCAL NOTE (Board of Higher Education)**

If HB 274 were enacted, public universities would incur costs in two areas. First, each institution would incur administrative costs related to the notification requirements and the signed waiver receipts. It is not possible to quantify these costs, but they would likely be significant. Secondly, public universities would incur costs related to offering the vaccination. The legislation does not indicate whether institutions may charge students for the vaccination. If there were no student co-payment, the cost of offering the vaccinations would range between \$1.1 million and \$1.5 million. The estimate assumes that individual meningitis vaccinations cost \$60 to \$75 each, and that the number of students taking the vaccination would be equal to 10% of the number of students enrolled in public universities in Fall 2000.

**HOUSE AMENDMENT NO. 1.**

Removes the provisions requiring a university to obtain a signed waiver from those students deciding not to be vaccinated. Provides that the requirement that a university

offer meningitis vaccines is subject to the availability of the vaccine from the manufacturer.

HOUSE AMENDMENT NO. 2.

Removes the provisions requiring a university to obtain a signed waiver from those students deciding not to be vaccinated. Provides that the requirement that a university offer meningitis vaccines is subject to the availability of the vaccine from the manufacturer.

Amends the Illinois Act on the Aging, the Mental Health and Developmental Disabilities Administrative Act, and the Illinois Public Aid Code. With respect to provisions for home and community-based services as an alternative to institutional care, provides that the eligibility standards for those services must include a provision that if eligibility for a particular home or community-based service is based on a person's functional need, every person with a similar functional need is eligible for that service, regardless of the person's age or the nature of the person's disability. Requires the Department on Aging, the Department of Human Services, and the Department of Public Aid to ensure that persons who may be or may become eligible for home or community-based services are notified of their right to receive those services; requires those departments to take other measures. Requires the departments to cooperate in developing transition teams to assist persons in making the transition from institutional care to home or community-based care and to perform other functions. Effective immediately.

Amends the Illinois Historic Preservation Act and the State Finance Act. Authorizes the Historic Preservation Agency to develop and administer a pilot program of grants available in Madison, Monroe, St. Clair, and Clinton counties for various costs of identifying, acquiring, or restoring historic sites. Limits each grant to the lesser of 75% of a project's costs or \$75,000. Limits a grant recipient to one grant per site per fiscal year and requires matching funds. Authorizes the Historic Preservation Agency to adopt necessary rules and enter into necessary contracts. Creates a special fund in the State treasury to fund the grants. Requires the investment of excess funds. Requires that returns on fund investments be retained in the special fund. Effective immediately.

FISCAL NOTE (Historic Preservation Agency)

It is not possible to estimate with any precision the fiscal impact of HB276. However, assuming there would be no more than 20 grants per year, \$20,000 would be needed; assuming there would be 21 to 40 grants per year, it would be necessary to hire a full-time archaeologist at a cost of \$61,796; and, assuming there would be more than 40 grants per year, it would be necessary to hire a full-time archaeologist and a full-time grants assistant at a cost of \$119,882.

Authorizes the Historic Preservation Agency to develop and administer a pilot program of grants available to persons required by the Illinois State Agency Historic Resources Preservation Act to conduct certain archaeological or historic site survey projects. Limits availability of the grants to persons in counties with more than 250,000 population, or counties adjacent to such a county, that have more than 40% of their area within an area deemed of high probability for archaeology under the Illinois State Agency Historic Resource Preservation Act. Limits each grant to the lesser of a percentage of a project's costs or \$75,000. Limits a grant recipient to one grant per site per fiscal year and requires matching funds. Authorizes the Historic Preservation Agency to adopt necessary rules and enter into necessary contracts. Creates a special fund in the State treasury to fund the grants. Requires the investment of excess funds. Requires that returns on fund investments be retained in the special fund. Effective immediately.

**HOUSE AMENDMENT NO. 2.**

Redefines adjacent counties to which the grant program is applicable as adjacent counties with more than 30%, rather than 40%, of their area falling within the high probability area for archaeology. Provides that a grant amount may not exceed 50% of the project amount for a Phase II survey.

New Act

Creates the Emergency Medical Dispatch Act. Provides that a person may not represent himself or herself as an emergency medical dispatcher unless he or she is certified as an emergency medical dispatcher by the Department of Public Health. Provides that a person may not conduct a training course for emergency medical dispatchers unless he or she is certified to do so by the Department. Provides that the Department shall issue certificates to persons who meet certain minimum requirements. Provides that the Department shall grant certification to persons certified by the National Academy of Emergency Medical Dispatch.

**HOUSE AMENDMENT NO. 1.**

Adds reference to:  
210 ILCS 50/3.70

Changes the definition of "medical director" to provide a medical director shall be a physician licensed to practice medicine in all of its branches rather than a licensed physician. Also amends the Emergency Medical Services (EMS) Systems Act. Provides that the Department of Public Health has the responsibility to establish an annual recertification requirement for Emergency Medical Dispatchers, including continuing education requirements. Provides that the Department may waive Emergency Medical Dispatcher requirements based on whether the previously-attended dispatcher training program merits automatic recertification for the dispatcher.

FISCAL NOTE (Department of Public Health)

HB 279 will create a minimal fiscal impact on the Department. It would add a re-certification process and verification of continuing education to the existing program. It is believed that the extra workload could be absorbed within the Department's existing staff.

**HOUSE AMENDMENT NO. 2.**

Deletes reference to:  
New Act

Deletes the provisions creating the Emergency Medical Dispatch Act.

**SENATE AMENDMENT NO. 1.**

Changes the definition of "Emergency Medical Dispatcher". Makes additional changes concerning the authority of the Illinois Department of Public Health under the Act. Adds a January 1, 2002 effective date.

**GOVERNOR'S AMENDATORY VETO MESSAGE**

Recommends that HB 279 be amended as follows: Provides that prearrival support instructions be provided in a "non-discriminatory" rather than a "non-discretionary" manner. Requires each "EMS Medical Director" rather than each "EMD and EM Agency" to report to the Department whenever an action has taken place that may require the revocation or suspension of a certificate issued by the Department.

Amends the Energy Assistance Act of 1989 and the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act. Provides that a person who either (i) has been determined eligible for a grant or pharmaceutical assistance under the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance ("Circuit Breaker") Act or (ii) has an annual household income of less than \$40,000 and either is 65 years of age or older or is a disabled person as defined in that Act is eligible for assistance under the Energy Assistance Act of 1999. 40 ILCS 5/7-141.1

Amends the Illinois Municipal Retirement Fund (IMRF) Article of the Illinois Pension Code. In the provisions restricting the return to employment after receiving early retirement benefits, excludes elective office. Effective immediately.

PENSION NOTE (Pension Laws Commission)

HB287 would probably have little or no fiscal impact as there are few ERI participants likely to forfeit the enhanced (ERI) annuity, as required by current law, by serving as an elected official. Therefore, removing the prohibition against simultaneously receiving an annuity (based on ERI age enhancement and service credit) and serving as an elected county official would allow some members to participate in an ERI (for regular IMRF service) and continue serving as an elected official.

Amends the Downstate Police Article of the Pension Code to allow purchase of service credit for up to 2 years of military service not immediately preceded by employment. Allows purchase at a reduced interest rate for 6 months. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Pension Laws Commission)

The impact of HB288 cannot be determined as the number of members who will purchase the military service credit is unknown. For some employees, the employee contributions required by HB288 may not cover the entire cost of the purchased military service credit.

Amends the Senior Citizens Real Estate Tax Deferral Act. Changes the short title to the Senior Citizens and Disabled Persons Real Estate Tax Deferral Act. Changes the name of the Senior Citizens Real Estate Deferred Tax Revolving Fund to the Senior Citizens and Disabled Persons Real Estate Deferred Tax Revolving Fund. Provides that disabled persons are eligible to receive real estate tax deferrals under the Act. Amends the State Finance Act and the Property Tax Code to change cross references. Effective January 1, 2002.

**FISCAL NOTE (Department of Revenue)**

Assuming the same participation rate for the disabled as currently evidenced by the eligible senior citizens of less than 1% of the eligible population, the additional statewide property tax expenditures by the Department on behalf of the disabled persons can be expected to total an estimated \$2.5 million. This represents a 60% increase over the Department's current expenditure of \$3.7 million. The cost of this program is recovered with interest when the property is sold. However, there may be additional funds necessary to start payments on behalf of the new participants, and HB 296 deletes the provision of the law allowing for transfers from GRF as necessary to sup-

plement the program.

730 ILCS 5/5-6-3.1 from Ch. 38, par. 1005-6-3.1

Amends the Criminal Identification Act and the Unified Code of Corrections. Provides for automatic expungement and sealing of arrest and court records of a person placed on supervision upon successful completion of the supervision, other than DUI and certain sex offenses, without the filing of a petition to a court. Effective immediately.

FISCAL NOTE (Office of the Illinois Courts)  
House Bill 299 would have a minimal fiscal impact on the judicial branch at the State level, but compliance with the provisions of HB299 may require additional resources for the Circuit Courts.

JUDICIAL NOTE (Office of the Illinois Courts)  
The bill would neither decrease nor increase the number of judges needed in the State.

**HOUSE AMENDMENT NO. 1.**

730 ILCS 5/5-6-3.1

Deletes everything after the enacting clause. Amends the Criminal Identification Act. Provides that for employment application purposes only, supervision orders are automatically expunged 12 months after completion of supervision conditions. Does not apply to DUI violations, sex offenses, weapons offenses, and crimes of violence. Effective immediately.

FISCAL NOTE, H-AM 1 (Office of the Illinois Courts)  
There would be a significant fiscal impact in the circuit courts, where processing of expungement orders will result in additional county costs for personnel, equipment, and supplies. The actual cost of compliance cannot be determined, because the number of cases in which expungement would be required is unknown.

JUDICIAL NOTE, H-AM 1 (Office of the Illinois Courts)  
This legislation will increase judicial workloads. However, it is not possible to determine whether the bill would increase the number of judges needed in the State.

40 ILCS 5/14-104 from Ch. 108 1/2, par. 14-104

Amends the State Employee Article of the Pension Code. Changes the method of calculating interest when purchasing service credit for certain periods of military service. Effective immediately.

PENSION NOTE (Pension Laws Commission)  
SERS estimates that there are over 9,000 employees with qualifying military service credit at an estimated average cost of \$2,000 per member. Therefore, if every member of SERS with previous military service purchases the credit, accrued liability is estimated to increase by \$18.0 million. Assuming only 50%

of SERS members with prior military service purchase the credit, which is more likely, the estimated accrued liability would increase by \$9.0 million.

## New Act

Creates the Elder Care Savings Fund Act. Authorizes the State Treasurer to establish an Elder Care Savings Fund. Allows Illinois residents to invest in the fund, and provides that investors' earnings are exempt from taxes other than estate, transfer, and inheritance taxes. Provides for a program of grants, using moneys in the fund, to be applied to costs of long-term care or services. Requires the State Treasurer to implement a program to inform residents about options available for financing long-term care. Creates an Elder Care Trust Authority to advise the Elder Care Savings Fund staff and perform other functions. Effective immediately.

## FISCAL NOTE (State Treasurer)

HB 338 will have an impact on the State's resources the first fiscal year. The program is planned to eventually be self-sufficient. However, there will be some start-up costs for which an estimate cannot be made. If the program is popular from day one with several depositors, it will generate enough fees to offset most of the start-up costs. If the program gets off to a slow start, the cap of \$10,000 will not cover all of the start-up costs. At a \$2,000,000 fund balance, it is expected that a total of \$20,000 would be needed besides the earnings on the fund. At a \$10,000,000 fund balance, the earnings on the fund should pay all the administrative expenses and start-up costs. However, the remaining earnings will not provide a competitive rate of return for participants. As the fund grows, the rate of the administrative cost drops and the participants can receive a greater rate of return. The Treasurer's Office cannot make an estimate for the grant portion of the bill.

Amends the Public Utilities Act. Limits increases under purchased gas adjustment clauses to 10% over the previously applicable purchased gas adjustment clause. Effective immediately.

FISCAL NOTE (Illinois Commerce Commission)  
 This legislation would require an increase in the Commission's resources. If the cost of natural gas remains volatile, it is likely the natural gas public utilities would be continually filing rate cases. In times of declining gas costs, it may be necessary for the Commission to initiate rate proceedings to reduce the base rates of natural gas public utilities to ensure that rates reflect the appropriate level of gas cost. Costs of these proceedings, which cannot be estimated at this time, would be recoverable from the utilities' customers.

**New Act**

Creates the Transportation and Toll Highway Property Transaction Act. Requires the Department of Transportation and the Illinois State Toll Highway Authority to disclose to the Department of Central Management Services information concerning the acquisition of real property using State moneys, including the identity of the owners, the fair market value, the purchase price, the bidding method, and the State use. Requires that

the price at which the Department of Transportation sells real property to the Toll Highway Authority be within 5% of its fair market value. Requires that the fair market values of real properties exchanged by the Department and the Authority be within 5% of each other.

STATE MANDATES NOTE (Dept. of Commerce and Community Affairs)

In the opinion of DCCA, HB 418 does not create a State mandate under the State Mandates Act.

FISCAL NOTE (Illinois State Toll Highway Authority)

It is the understanding of the Authority that the Department of Transportation has expended \$51 million to acquire property associated with potential future tollway extensions. However, these parcels have not been appraised to determine their current fair market value. Therefore, should the Tollway reimburse IDOT for these parcels, at their current value, the true fiscal impact of this legislation cannot be determined.

FISCAL NOTE (Department of Transportation)

The cost of properties acquired by the Illinois Department of Transportation associated with ongoing toll highway projects is approximately \$51 million. Until the parcels have been appraised for the current fair market value, there is no way of determining the true fiscal impact of this legislation.

40 ILCS 5/6-128 from Ch. 108 1/2, par. 6-128  
30 ILCS 805/8.25 new

Amends the Chicago Firefighter Article of the Illinois Pension Code to base retirement benefits on the highest 36 months, rather than 4 years, of salary within the last 10 years of service. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

**PENSION NOTE (Pension Laws Commission)**

Based on a December 31, 2000 actuarial valuation, HB 419 would increase the accrued liability of the Chicago Firefighters' Fund by an estimated \$17.2 million. The level dollar annual payment needed to amortize the estimated increase in unfunded liability over 40 years is \$1.4 million. The estimated annual increase in normal cost is \$0.7 million, or 0.26% of payroll. Therefore, the estimated increase in total annual cost is \$2.1 million, or 0.77% of payroll. As annual normal cost increases (as a dollar amount), the total annual cost will also increase.

Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

**PENSION NOTE (Pension Laws Commission)**

According to an analysis prepared by the Fund's actuary, HB 0421 would decrease the unfunded liability of the Chicago Firefighters' Fund by an estimated \$17.8 million. The \$17.8 million matches an amount that would be transferred from the Chicago Municipal Fund, based on the contributions of 380 paramedics who took refunds from the Chicago Municipal Fund in 1984, and who are currently participating in the Chicago Firefighters' Fund. The unfunded liability of the Chicago Municipal Fund would increase by the same amount.

30 ILCS 805/8.25 new

Amends the Chicago Firefighter Article of the Illinois Pension Code. Changes the definition of salary to include the full amount of ambulance commander and EMT compensation. Allows certain persons to have their salary for pension purposes retroactively adjusted to include the full amount of ambulance commander compensation previously received, upon payment of the corresponding employee contributions, without interest. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

**PENSION NOTE (Pension Laws Commission)**

Based on a December 31, 2000 actuarial valuation, HB 431 would increase the accrued liability of the Chicago Firefighters' Fund by an estimated \$4.9 million. The level dollar annual payment needed to amortize the estimated increase in unfunded liability over 40 years is \$412,000. The estimated annual increase in normal cost is \$460,000, or 0.17% of payroll. Therefore, the estimated increase in total annual cost is \$872,000, or 0.32% of payroll. As annual normal cost increases (as a dollar amount), the total annual cost will also increase.

Amends the State Employee and Downstate Teacher Articles of the Pension Code. Provides an early retirement incentive program for certain State employees who retire

between January 1, 2002 and July 1, 2002 (in certain cases, as late as January 1, 2003). Requires the Pension Laws Commission to report on the net savings or cost of the program. Requires the State to fund the program through separate contributions made in fiscal years 2003 through 2009. Amends the State Pension Funds Continuing Appropriation Act to guarantee those contributions through continuing appropriations. Amends the State Finance Act to restrict personal service contracts with these early retirees. Requires the lump sum payment for unused vacation and sick leave to be separate from the final payment of salary and requires the use of specified withholding rates. Provides that a lump sum payment payable to a person who terminates State service during June of 2002 may be paid during July or August of 2002 from either a fiscal year 2002 or fiscal year 2003 appropriation. Provides that in fiscal year 2004 the General Assembly shall not fund the vacated positions at more than 85% of the rate of compensation payable at the time of retirement. Effective immediately.

PENSION NOTE (Pension Laws Commission)

Assuming 7,392 members (approximately 35% of those eligible) retire early, it is estimated the accrued liability of SERS would increase by \$611.5 million. Required employee contributions are expected to total \$41.6 million. Therefore, the increase in accrued liability the State would be required to amortize is estimated to be \$569.9 million. HB 432 requires the State to contribute \$90 million to SERS and \$1 million to TRS in FY03 to amortize the increase in accrued liability, and requires the remainder of the accrued liability to be amortized in 6 equal installments, beginning in FY04. The Commission's actuary estimates annual payments to be \$105.4 million.

For firemen born on or after January 1, 1945 and before January 1, 1950, increases the automatic annual increase in retirement annuity to 3%, removes the 30% maximum, and permits the initial increase at age 55. PENSION NOTE (Pension Laws Commission)

Based on a December 31, 2000 actuarial valuation, HB 437 would increase the accrued liability of the Chicago Firefighters' Fund by an estimated \$60.0 million. The level dollar annual payment needed to amortize the estimated increase in unfunded liability over 40 years is \$4.9 million. The estimated annual increase in normal cost is \$649,000, or 0.24% of payroll. Therefore, the estimated increase in total annual cost is \$5.5 million, or 2.00% of payroll. As annual normal cost increases (as a dollar amount), the total annual cost will also increase.

40 ILCS 5/6-164

from Ch. 108 1/2, par. 6-164

30 ILCS 805/8.25 new

Amends the Chicago Firefighter Article of the Illinois Pension Code. Compounds the automatic annual increase in retirement annuity. For firemen born on or after January 1, 1945 and before January 1, 1955, increases the automatic annual increase in retirement annuity to 3%, removes the 30% maximum, and permits the initial increase at age 55. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

**PENSION IMPACT NOTE (Illinois Pensions Laws Commission)**  
According to an analysis prepared by the Fund's actuary (based on the December 31, 2000 actuarial valuation), HB 0450 would increase the accrued liability of the Chicago Firefighters' Fund by an estimated \$93.4 million. The level dollar annual payment needed to amortize the estimated increase in unfunded liability over 40 years is \$7.6 million. The estimated annual increase in normal cost is \$1.6 million, or 0.58% of payroll. Therefore, the estimated increased in total annual cost is \$9.2 million, or 3.35% of payroll. As annual normal cost increases (as a dollar amount), the total annual cost will also increase.

Amends the State Employee, Universities, and Downstate and Chicago Teacher Articles of the Illinois Pension Code. Declares it to be the public policy of this State and the intention of the General Assembly to protect annuitants against significant decreases in the purchasing power of retirement and survivor's annuities. Directs the affected retire-

ment systems to review and report on significant changes in purchasing power. Provides for a one-time increase in certain retirement and survivor's annuities. Requires the resulting liability to be paid on a level dollar basis over a period of 10 years beginning July 1, 2003. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Pension Laws Commission)

HB 477 would increase the annuities of 26,850 retirees and survivors and increase the accrued liabilities of the affected systems by \$251.1 million. The annual level dollar payment required to amortize the increase in accrued liability over 10 years is estimated to be \$33.4 million (excluding Chicago Teachers' Pension Fund for which HB 477 does not require an amortization payment). The fiscal impact of HB 477 on each of the affected Systems is as follows:

Amends the Metropolitan Water Reclamation District Article of the Illinois Pension Code. Provides for an increase in the child's annuity, the minimum retirement annuity, and the minimum surviving spouse annuity. Allows conversion of a surviving spouse's term annuity into a minimum surviving spouse annuity. Accelerates the initial automatic annual increase by one month for persons retiring on the last day of the month. In the investment restrictions that apply to the Fund, provides that the total market (rather than book) value of all stocks and convertible debt shall not exceed 65% (rather than 50%) of the aggregate market (rather than book) value of all Fund investments. Also makes technical changes. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Pension Laws Commission)

An analysis prepared by the Fund's actuary estimates the increase in accrued liability due to HB 478 would be \$2 million. The increase in annual cost is estimated to be \$178,000, or 0.16% of payroll. The estimated annual cost will increase commensurate with payroll.

20 ILCS 605/605-450 was 20 ILCS 605/46.19g

Amends the Department of Commerce and Community Affairs Law in the Civil Administrative Code of Illinois. Includes a community's chronic high level of poverty or unemployment as a condition that warrants the Governor's designation of an economic emergency in that community.

FISCAL NOTE (Department of Commerce and Community Affairs)

Because the definitions of "high level" and "chronic" when referencing poverty and unemployment in this legislation are unknown, a reasonable estimate cannot be made as to the number of additional findings which could be issued, which in turn drives DCCA's costs.

**HOUSE AMENDMENT NO. 1.**

Defines "high rate of poverty" as a percentage of residents with incomes below the federal poverty level equal to or exceeding that in East St. Louis. Defines "chronic unemployment" as a 3-year average unemployment rate equal to or exceeding that in East St. Louis.

Amends the State Employee and Downstate Teacher Articles of the Illinois Pension Code. Provides an early retirement incentive program for certain State employees who retire between January 1, 2002 and July 1, 2002 (in certain cases, as late as January 1, 2003). Requires the Pension Laws Commission to report on the net savings or cost of the program. Requires the State to fund the program through separate contributions made in fiscal years 2003 through 2009. Amends the State Pension Funds Continuing Appropriation Act to guarantee those contributions through continuing appropriations. Amends the State Finance Act to restrict personal service contracts with these early retirees. Requires the lump sum payment for unused vacation and sick leave to be separate from the final payment of salary and requires the use of specified withholding rates. Provides that a lump sum payment payable to a person who terminates State service during June of 2002 may be paid during July or August of 2002 from either a fiscal year 2002 or fiscal year 2003 appropriation. Provides that in fiscal year 2004 the General Assembly shall not fund the vacated positions at more than 85% of the rate of compensation payable at the time of retirement. Effective immediately.

**PENSION NOTE (Pension Laws Commission)**

Assuming 7,392 members (approximately 35% of those eligible) retire early, it is estimated the accrued liability of SERS would increase by \$611.5 million. Required employee contributions are expected to total \$41.6 million. Therefore, the increase in accrued liability the State would be required to amortize is estimated to be \$569.9 million. HB 484 requires the State to contribute \$90 million to SERS and \$1 million to TRS in FY03 to amortize the increase in accrued liability,

and requires the remainder of the accrued liability to be amortized in 6 equal installments, beginning in FY04. The Commission's actuary estimates annual payments to be \$105.4 million.

Amends the State Employees Group Insurance Act of 1971. Allows a licensed day care center to apply to the Director of Central Management Services to have its employees, annuitants, and their dependants provided group health insurance under the Act on a non-insured basis.

FISCAL NOTE (Department of Central Management Services)

The Department estimates there would be approximately 3,000 day care centers eligible to apply under HB 489. Since all Plan expenses are borne by the participating units, the bill would have minimal fiscal impact on the State. However, expenditure authority appropriations for the Local Government Health Insurance Reserve Fund would have to be increased significantly to cover payments for medical claims and administrative costs.

Assuming approximately 4%-5% of the eligible day care centers would apply during the first year, the Department estimates first year administrative costs of approximately \$350,000, including 3 to 5 staff. Subsequent fiscal year administrative costs would increase with increased participation.

Creates the Local Option School District Income Tax Act and amends the Schc Code, the State Finance Act, the Illinois Income Tax Act, and the Property Tax Code. Authorizes school districts by referendum to impose an income tax on individuals resident of the district. Provides that with referendum approval, the income tax shall be levied at an annual rate, adjusted each year, that will produce for distribution to the district in each calendar year an amount equal to the corresponding 50% reduction that is required to be made in the annual extension of the real property taxes that are levied by the district against residential property for educational, operations and maintenance, and transportation purposes and that are collected and distributed to the district in the same calendar year in which the corresponding income tax revenues are distributed. Provides for a referendum repeal of the tax. Provides for the manner of levying and collecting the tax and for deposit of the income tax revenues in the educational, operations and maintenance, and transportation funds of the district in proportion to the respective amounts by which the taxes in those funds are abated. Provides for disbursement of the tax to school districts by the State Treasurer. Amends the Property Tax Extension Limitation Law to exclude from the definition of "aggregate extension" school district levies made to cover amounts lost because of the repeal of the local income tax for schools as formerly imposed by the district under the Local Option School District Income Tax Act. Amends the State aid formula provisions of the School Code. Amends the IMRF Article of the Illinois Pension Code. Makes county probation officers eligible for the sheriff's law enforcement employee (SLEP) formula; requires an affirmative resolution of the employer. Allows these probation officers to convert non-SLEP service as a probation officer into SLEP credit by paying the difference in employee contributions plus interest; waives the interest if payment is made within one year; requires an affirmative resolution by the employer. Effective immediately.

PENSION NOTE (Pension Laws Commission)

The fiscal impact of HB493 cannot be determined, as the number of county probation officers is unknown. Including additional employees under the SLEP formula would increase IMRF costs for their employers.

New Act

Creates the Shared-Cost Family Leave Program Act. Contains a short title only.

STATE MANDATES NOTE, H-AM 1

(Department of Commerce and Community Affairs)

In the opinion of DCCA, HB 497 (H-am 1) creates a local government organization and structure mandate for which reimbursement of the increased costs to local governments is not required under the State Mandates Act.

FISCAL NOTE, H-AM 1 (Department of Employment Security)

The bill would authorize a maximum reimbursement of \$6500 per employee on leave (i.e. a maximum reimbursement of \$250 per week of qualified leave for up to 26 weeks). There are about 200,000 births and adoptions per year in Illinois. Therefore assuming only one person per birth or adoption receives leave payments that qualify, the costs for just the family leave portion of the bill could be as high as \$1.3 billion annually. It is unknown how many individuals would qualify under the medical leave portion of the bill, but it would certainly add significantly to the maximum potential cost. It is difficult, if not impossible, to quantify how many reimbursed weeks would actually be payable if the bill is enacted. The bill does not identify a funding source or expected annual amount for these reimbursements.

The administrative costs for PFMLA would not be chargeable to IDES' s federal administrative grants. Non-Federal funds would have to appropriated and expended to cover the expense of administration, and PFMLA would also be required to pay its fair share of indirect costs. Based on the magnitude of this program relative to IDES unemployment tax administrative efforts and assuming the Department will not be required to collect the revenues to support the program, the minimum PFMLA administrative costs would be approximately \$10 million per year. Additionally, administration of PFMLA would jeopardize IDES use of federal penalty mail, potentially requiring the agency to shift to commercial metering of agency mail, which could cost \$500 thousand per year. Existing IDES equipment was purchased with federal grant monies, which means the use of this equipment of PFMLA may be restricted or possibly even prohibited, requiring additional expenditures for the purchase of dedicated equipment.

Provides that nothing in the Emancipation of Minors Act relieves any State or local agency of any obligation imposed by law to provide services or assistance to any eligible child or youth.

from Ch. 108 1/2, par. 14-104

Amends the State Employee Article of the Pension Code. Changes the method of calculating interest when purchasing service credit for certain periods of military service. Effective immediately.

**PENSION NOTE (Pension Laws Commission)**

SERS estimates that there are over 9,000 employees with qualifying military service credit at an estimated average cost of \$2,000 per member. Therefore, if every member of SERS with previous military service purchases the credit, accrued liability is estimated to increase by \$18.0 million. Assuming only 50% of SERS members with prior military service purchase the credit, which is more likely, the estimated accrued liability would increase by \$9.0 million.

Amends the State Employee, State Universities, Downstate Teacher, and Chicago Teacher Articles of the Pension Code to provide for a one-time increase in certain retirement and survivor's annuities. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

**PENSION NOTE (Illinois Pension Laws Commission)**

According to the systems, HB514 would increase the accrued liabilities of the affected systems by \$851.1 million. The corresponding increases in annual required contributions have not been calculated, but may be significant. The estimated fiscal impact of HB514 for each system affected is as follows:

**State Employees' Retirement System**

According to the Systems' actuary, HB514 is expected to increase the accrued liabilities by \$210.5 million. The corresponding required annual employer contributions, per Public Acts 88-593 and 90-65, have not been calculated.

**State Universities Retirement System**

SURS has not prepared an updated cost estimate. Based on FY1997 actuarial data, the actuary for SURS estimated the one-time increase would raise the accrued liabilities by \$120.0 million.

**Teachers' Retirement System**

Based on membership data as of June 30, 1998, the actuary for TRS estimates HB514 would increase the accrued liabilities of the System by \$399.1 million. Assuming the benefit increase is funded at a level percent of payroll, the increase in FY 2000 contributions is expected to be \$20.7 million, or 0.35% of payroll. The increase in required annual employer contributions, per Public Acts 88-593 and 90-582, have not been calculated, but would grow at the same rate as payroll.

**Chicago Teachers' Pension Fund**

Based on December 31, 1998 membership data, the actuary for the Chicago Teachers' Pension Fund estimates HB514 would increase the accrued liabilities of the Fund by \$121.5 million. The corresponding increases in required annual employer contributions, per Public Act 89-15 and 90-582, have not been calculated.

Amends the Downstate Firefighter Article of the Illinois Pension Code. Provides for a 3% annual increase in surviving spouse pensions. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Pension Laws Commission)

HB 516 would increase the accrued liability of the Downstate Firefighters' pension funds by \$244.7 million. The resulting increase in total annual cost is estimated to be \$16.7 million, or 4.57% of payroll. The increase in accrued liability and annual cost would vary by individual fund and would increase commensurate with payroll.

Amends the Illinois Pension Code. Authorizes an active member of the State Employees' Retirement System who is employed in a position for which he or she earns el-

igible creditable service to transfer to that System up to 12 years of creditable service accumulated under Article 3, 5, 7, 9, or 15 for service as a police officer. Requires payment of the difference between the amount of contributions and interest transferred to the System and the amounts that would have been contributed if the credit had been earned in the System, plus interest; allows payment at any time before withdrawal. Also deletes obsolete material. Effective immediately.

**PENSION NOTE (Illinois Pension Laws Commission)**

The fiscal impact of HB519 cannot be determined because the amount of service credit that would be transferred is unknown. It is estimated to be minor as the transferred and required employee contributions should offset most of the increase in accrued liability.

Amends the State Employees Group Health Insurance Act of 1971. Provides that self-employed persons and small businesses may be provided group health coverage under the Act. Limits small businesses to those with 25 or fewer employees.

## FISCAL NOTE (Department of Central Management Services)

The Department estimates there would be approximately 282,000 registered small businesses eligible to apply under HB 521.

Since all Plan expenses are borne by the participating units, HB 521 would have minimal fiscal impact on the State. However, expenditure authority appropriations for the Local Government Health Insurance Reserve Fund would have to be increased significantly to cover payments for medical claims and administrative costs. Assuming approximately 1%-2% of the eligible small businesses would apply during the first year, the Department estimates first year administrative costs of approximately \$600,000, including 7-10 staff. Subsequent fiscal year administrative costs would increase with increased participation.

New Act

Creates the Agriculture Producer Protection Act. Requires agriculture production contracts to contain certain disclosures, meet readability guidelines, and include a cover sheet that provides specified warnings, risk disclosures, producer rights, and an index of the major contract provisions. Provides that the Director of Agriculture may review an agriculture production contract for compliance with the contract form and content requirements of the Act. Allows an agriculture producer 3 days to cancel a newly executed contract. Prohibits provisions stating that information contained within an agricultural contract is confidential. Grants an agriculture contract producer a priority lien on crops, livestock, raw milk, or the cash proceeds from the sales of those items, for moneys owed pursuant to the production contract. Provides restrictions on unilateral termination of contracts requiring the contract producer to make capital investments worth \$100,000 or more. Provides that it is unlawful for any contractor or processor to interfere with the exercise of certain rights granted under the Act and establishes other unfair practices under the Act. Provides that any provision requiring the application of another state's law instead of the Act, or waiving a right or obligation under the Act, is void. Provides that all agriculture production contracts must contain a provision requiring mediation of contract disputes. Provides that the Attorney General shall enforce the Act by actions in the circuit court for equitable and monetary relief, including injunctive relief and criminal and civil fines and penalties. Provides a private cause of action to any party aggrieved by a violation of the Act and includes as remedies contract reformation and other equitable relief for the purpose of avoiding unjust enrichment. Effective July 1, 2001.

FISCAL NOTE (Department of Agriculture)

HB 524 would impose a cost of \$120,000 a year on the Department for additional staff to review the agriculture producer contracts submitted under the bill. This cost figure could potentially be higher dependent upon the number of contracts submitted to the Department for its review.

FISCAL NOTE, H-AM 2 (Department of Agriculture)

This bill would impose a cost of \$120,000 a year upon the Dept. of Agriculture to implement. This total reflects the Department's need to hire one full-time attorney and one full-time paralegal to review the numerous agriculture producer contracts submitted to the Department for its review under HB 524. As it is impossible to estimate how many such contracts might be submitted to the Department in any given year, this cost figure could potentially be higher dependent upon the number of such contracts submitted to the Department for its review.

**HOUSE AMENDMENT NO. 2.**

55 ILCS 5/3-4007 from Ch. 34, par. 3-4007

Amends the Counties Code. Provides that the State shall reimburse counties for compensation paid to the Public Defender in counties having a population of less than 500,000. Provides that the reimbursement amount shall be equal to 40% of the salary paid to the State's Attorney in counties having a population of less than 500,000 but more than 100,000, and 25% of the salary paid to the State's Attorney in counties having a population of 100,000 or less.

FISCAL NOTE (Office of the Illinois Courts)  
 Survey results indicate that salaries of public defenders vary substantially. Maximum reimbursement to counties for public defender salaries would be approximately \$50,000 for counties with a population of 100,000 to 500,000, \$32,000 for counties with a population of 30,000 to 100,000, and \$25,000 for counties with populations of less than 30,000. Direct reimbursement of county expense for public defender salaries pursuant to HB 549 would have no fiscal impact on the judicial branch.

**HOUSE AMENDMENT NO. 1.**

Deletes everything. Amends the Counties Code. Requires that the State treasury pay 66 2/3% of a county's public defender's annual salary. Provides that a full-time county public defender's salary must be 90% or more of the State's attorney's salary in that county.

**HOUSE AMENDMENT NO. 2.**

Further amends the Counties Code. Restores text providing that when a Public Defender in a county of 30,000 or more population is receiving not less than 90% of the compensation of the State's Attorney in that county, that Public Defender shall not engage in the private practice of law. Provides that the State moneys paid for Public Defender salaries shall be paid monthly from the State treasury to the county in which each Public Defender is employed.

**GOVERNOR'S AMENDATORY VETO MESSAGE**

Recommends that a July 1, 2002 effective date be added to the bill.

New Act

Creates the Illinois Fair Bargain Act of 2001. Provides that a clause in a standard form contract or lease that modifies or limits procedural rights necessary or useful to a consumer, borrower, tenant, or employee in the enforcement of substantive rights against a party drafting the standard form contractor lease is unconscionable and is voidable by the consumer, borrower, tenant, or employee. Provides that a court, upon request of a party to the contract or lease, must declare void such a provision and prohibit the enforcement of that provision. Provides exemptions.

FISCAL NOTE (Office of the Illinois Courts)

HB 573 would have no fiscal impact on the judicial branch of government.

CORRECTIONAL NOTE (Department of Corrections)

There would be no population or cost impact to the Department.

STATE MANDATES NOTE (Dept. of Commerce &amp; Community Affairs)

In the opinion of the Department of Commerce and Community Affairs (DCCA), HB573 does not meet the definition of a State mandate under the State Mandates Act.

625 ILCS 5/11-601

from Ch. 95 1/2, par. 11-601

Amends the Illinois Vehicle Code to raise the maximum speed limit outside an urban area to 65 miles per hour for any second division vehicle designed or used for the carry-

ing of a gross weight of 8,001 pounds or more, bus (on highways under the jurisdiction of the Department of Transportation or the Illinois State Toll Highway Authority), house car, camper, private living coach, recreational vehicle, and vehicle towing any other vehicle. Effective immediately.

**FISCAL NOTE (Department of Transportation)**

HB 575 will necessitate the removal of approximately 500 dual speed limit signs at a cost of \$40,000, which would result in an estimated annual savings in maintenance costs of \$5,000.

The Department projects that HB 575 will result in more severe crashes, which ultimately will result in higher medical costs to the State. The cost is indeterminate at this time.

**HOUSE AMENDMENT NO. 1.**

Deletes reference to:

320 ILCS 20/2

Deletes provisions making bankers and lawyers mandated reporters of elder abuse. Deletes a provision requiring banks and financial institutions to send pamphlets concerning financial exploitation with their customers' statements. Restores, in a provision concerning civil liability for failing to return a victim's property within 60 days of the victim's request, language making only those persons who are charged by information or indictment with financial exploitation of an elderly person or person with a disability civilly liable. Deletes, in a provision making a holder of property immune from liability for distributing or releasing property to a person convicted of elder abuse, a requirement that the distribution or release occur before the conviction.

**HOUSE AMENDMENT NO. 2.**

Restores exemption from the offense of abuse and criminal neglect of a long term care facility resident, a physician licensed to practice medicine in all its branches or a duly licensed nurse providing care within the scope of his or her professional judgment and within the accepted standards of care within the community. In the statute concern-

ing the criminal neglect of an elderly or disabled person, changes references from “disabled person” to “person with a disability”. In that statute, deletes from the definition of “elderly person”, that the person must be suffering from a disease or infirmity associated with advanced age and manifested by physical, mental, or emotional dysfunctioning. In that statute, provides that a caregiver who is a relative need not reside with the elderly person or person with a disability if the caregiver regularly visits the person. In the amendatory changes to the Probate Act of 1975 that prohibit a person convicted of certain offenses against the elderly or persons with a disability from inheriting property from those persons, provides that the Department of State Police has access to State of Illinois databases for information about the location of persons convicted of those offenses.

#### HOUSE AMENDMENT NO. 3.

Further amends the Elder Abuse and Neglect Act. Provides that all mandated reporters (rather than just those who are not licensed by the State) who fail to report suspected abuse, neglect, or financial exploitation under the Act are guilty of a Class A misdemeanor.

Amends the Illinois Vehicle Code. Authorizes and establishes procedures for the statutory summary suspension of driver’s licenses of persons who are stopped for DUI and who refuse to submit to preliminary breath or field sobriety tests. Provides that any person in control of a motor vehicle in this State shall be deemed to have given consent to performing field sobriety tests and to providing a breath sample for testing. Provides that the results of a preliminary breath screening or field sobriety test may be used by the defendant in any DUI administrative or court proceeding and may be used by the State in rebuttal to an assertion that the test did not accurately reflect a person’s alcohol concentration. Permits temporary impounding of vehicles in certain cases. Provides for a hearing and procedures for a person who has had his or her license suspended for a failure to submit to a breath screening or field sobriety test. Authorizes the Secretary of State to issue a restricted driving permit to a person who has had his or her license suspended for specified reasons if the person consents to a breath-alcohol ignition interlock device installed in his or her car. Amends the Unified Code of Corrections. Prohibits the court from assigning supervision to a defendant charged with driving a motor vehicle on a revoked or suspended license when the suspension or revocation was for violating the field sobriety test provision of the Vehicle Code if the defendant was convicted or assigned supervision within the last 10 years for driving on a revoked or suspended license. Makes other changes. Effective July 1, 2001.

**CORRECTIONAL NOTE** (Department of Corrections)  
Fiscal impact and impact on the corrections population would be minimal.

**FISCAL NOTE** (Office of Secretary of State)

FISCAL NOTE (Environmental Protection Agency)

The degree of effort on the part of the review authority and the participants as well as the cost of compliance, research, and plan development are uncertain at this point. EPA will be required to write and pursue Board rules under HB 604. Current expenditures for areawide agencies are provided through federal funds and set aside for FPA activities as currently prescribed. Upon passage of HB 604, additional appropriations would need to be appropriated to these areawide agencies through the IEPA.

**HOUSE AMENDMENT NO. 2.**

Changes the Agency's consideration of local and regional comprehensive plans to consideration of local, county, and regional land use plans. Repeals the Facility Planning Area Rules Act on January 1, 2007.

FISCAL NOTE, H-AM 1 (Environmental Protection Agency)

The Illinois EPA estimates that the enactment of HB 604 will require approximately \$30,000 in FY02 to cover costs associated with rule making. In addition, the Agency estimates that the workload associated with FPA amendment reviews will increase by approximately 50 percent. In FY03, the Agency will need one additional headcount, at a cost of approximately \$60,000. This position is necessary to perform outreach activities and to begin implementation of the adopted rules. In FY04, the Agency will require a second headcount at a cost of approximately \$60,000 to assist with the increased workload associated with additional reviews of local ordinances, regional/county/city plans, land use ordinances. Also in FY04, the Agency anticipates that the three planning commissions that conduct the primary FPA reviews will realize an increase in workload and may require additional funding to perform the expanded reviews. The Agency also anticipates increased legal costs associated with appeals.

 40 ILCS 5/17-134 from Ch. 108 1/2, par. 17-134  
 30 ILCS 805/8.25 new

Amends the Downstate and Chicago Teacher Articles of the Illinois Pension Code. Allows service credit for time spent in the Peace Corps or AmeriCorps (VISTA). Requires payment of both employee and employer contributions, plus interest. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

**PENSION NOTE (Pension Laws Commission)**

The total fiscal impact of HB 615 cannot be determined, as the amount of credit that would be purchased is unknown. However, the amount paid to purchase the service credit may not equal the total cost of establishing the additional service credit. Employees are required to make the employee and employer contributions, plus interest. Members of TRS are required to pay 6% interest compounded annually while members of CTRS are required to pay 5% interest compounded annually. Both interest rates are lower than the actuarial rate of return assumed by the Systems, which is 8.5% for TRS and 8.0% for CTRS.

30 ILCS 105/5.545 new

Deletes everything. Amends the State Finance Act to create the Illinois Conceived and Foaled Standardbred Purse Fund. Amends the Illinois Horse Racing Act of 1975. Provides that when no live racing is occurring at a racetrack located in a county with a population in excess of 230,000 inhabitants that borders the Mississippi River, all moneys paid to the standardbred purse account at that racetrack shall be transferred into the Illinois Conceived and Foaled Standardbred Purse Fund. Provides that moneys in the Fund shall be used by the Department of Agriculture for Illinois conceived and foaled standardbred race purses at the Illinois State Fair and the DuQuoin State Fair. Effective immediately.

STATE MANDATES NOTE, H-AM 1

In the opinion of DCCA, HB 618 (H-am 1) does not meet the definition of a State mandate under the State Mandates Act.

FISCAL NOTE, H-AM 1 (Department of Agriculture)

HB 618 (H-am 1) would provide the Department with an additional \$2.7 million per year for standardbred purses at the State Fair in Springfield and DuQuoin. This total is based on the amount of money generated and deposited into the standardbred purse account for Fairmont Park in calendar year 2000. HB 618 would not impose any additional costs upon the Department.

BALANCED BUDGET NOTE (Bureau of the Budget)

Since HB 618 is not a supplemental appropriation bill, the Balanced Budget Note Act is inapplicable.

Amends the Chicago and Downstate Articles of the School Code. Provides that each school board shall adopt and implement a policy to prevent students from gaining access to or being exposed to sexually explicit materials. Provides that each school board shall file a copy of its policy with the State Board of Education. Effective immediately.

HOUSE AMENDMENT NO. 1.

Defines “sexually explicit material”. Provides that the policy applies to students while on school grounds. Replaces the provision that requires a school board to file a copy of the policy with the State Board of Education with a provision that requires a board to maintain a copy of the policy, requires the board to make available a copy of the policy for inspection, and provides that compliance is subject to an audit by the State Board of Education.

FISCAL NOTE (State Board of Education)

While it is difficult to estimate the cost of adopting and implementing such a policy, it is unlikely to cost a great deal per district. Many districts already have such policies. It is relatively easy and inexpensive to purchase software to “filter” the Internet and most school libraries are aware of what materials they purchase and make available to students.

- 705 ILCS 405/2-3 from Ch. 37, par. 802-3
- 750 ILCS 50/1 from Ch. 40, par. 1501

Creates the Abandoned Newborn Infant Protection Act. Provides procedures to be followed when a parent relinquishes a newborn infant to a hospital or other facility. Provides for the relinquishing parent’s immunity from liability for abuse, neglect, or abandonment of the child based solely on the relinquishment of the child. Requires that the relinquishment of a child be reported to the Department of Children and Family Services State Central Registry. Provides for the transfer of a relinquished newborn infant to the custody of a child-placing agency or to DCFS. Requires DCFS to implement a media campaign to inform the public of the provisions of the Act. Amends the Illinois Public Aid Code to provide that a child relinquished in accordance with the Abandoned Newborn Infant Protection Act is eligible for TANF. Amends the Abused and Neglected Child Reporting Act and the Juvenile Court Act of 1987 to provide that a child shall not be considered abused or neglected for the sole reason that the child has been relinquished in accordance with the Abandoned Newborn Infant Protection Act. Amends the Adoption Act to provide that a person shall not be considered an unfit person for the sole reason that the person has relinquished a child in accordance with the Abandoned Newborn Infant Protection Act. Effective immediately.

HOUSE AMENDMENT NO. 1.

- Adds reference to:
- 720 ILCS 5/12-21.5
- 720 ILCS 5/12-21.6
- 720 ILCS 130/2

In the Abandoned Newborn Infant Protection Act, deletes references to the legal guardian of an infant. Provides that in the case of a mother who gives birth to an infant in a hospital, “relinquish” also means the mother’s act of leaving that newborn infant at the hospital (i) without expressing an intent to return for the infant or (ii) stating that she will not return for the infant. Provides for a relinquishing person’s completion of forms concerning the Illinois Adoption Registry and the Medical Information Exchange. Provides that a relinquished newborn infant is eligible for medical assistance (rather than “assistance”) under the Illinois Public Aid Code. Makes changes concerning a court’s authority to hold a proceeding for termination of parental rights in abeyance. Amends the Criminal Code of 1961 and the Neglected Children Offense Act to provide that relinquishment of a newborn infant in accordance with the Abandoned Newborn Infant Protection Act is not an offense under provisions concerning child abandonment, endangering the life or health of a child, or contributing to the dependency and neglect of children. Makes other changes.

HOUSE AMENDMENT NO. 2.

- Adds reference to:
- 705 ILCS 405/2-4 from Ch. 37, par. 802-4

Replaces everything after the enacting clause with substantially similar provisions. Changes from the bill as amended by H-am 1 include the following: (1) makes changes in the statement of public policy, including adding a statement regarding a public information campaign; (2) defines a "newborn infant" as a child believed to be 72 hours old or less (rather than 30 days old or less); (3) eliminates a presumption that a person relinquishing a newborn infant is not the infant's parent but relinquished the infant with the parent's knowledge and permission; (4) adds a provision for immunity of a facility and personnel in connection with a relinquished infant; (5) makes changes concerning the information that must be provided to a person relinquishing an infant; (6) requires DCFS to contact child-placing agencies on a rotating basis upon notification of the relinquishment of an infant (rather than requiring DCFS to provide the names of agencies on a rotating basis to hospitals reporting the relinquishment of an infant); (7) provides that there is no relinquishment if a parent returns to reclaim an infant within 72 hours after the infant's birth, and provides for genetic testing to confirm parentage; (8) requires DCFS to implement a public information program (instead of a media campaign); (9) requires DCFS to evaluate the effectiveness of the Abandoned Newborn Infant Protection Act in preventing injury or death of newborn infants; (10) further amends the Juvenile Court Act of 1987 to provide that a "dependent minor" includes a relinquished newborn infant for whom an adoptive family cannot be found for certain reasons; and (11) further amends the Adoption Act to provide that a relinquished newborn infant is considered to be available for adoption. Effective immediately.

New Act

Creates the Drug Court Treatment Act. Permits the chief judge of each judicial circuit to establish a drug court program. Provides that the prosecutor and the defendant may agree that the defendant may be admitted to the program with the approval of the court. Contains provisions concerning eligibility for the program, assessment of defendants, and operation of the program. Provides that the program shall include a regimen of graduated requirements and rewards and sanctions, including but not limited to: fines, fees, costs, restitution, incarceration, individual and group therapy, drug analysis testing, close monitoring for a minimum of 30 days and supervision of progress, educational or vocational counseling as appropriate, and other requirements necessary to fulfill the drug court program. Sets forth dispositional options for defendants who successfully complete the program and those who fail to do so.

FISCAL NOTE (Office of the Illinois Courts)

House Bill 633 would increase judicial workloads and demands on other resources of the judicial branch in the judicial circuits that elect to establish a drug court program. It should be noted, however, that the positive effects of drug court programs may ultimately reduce demands on other parts of the court system, and that drug court programs may vary substantially among the judicial circuits. Therefore, it is not possible to determine the fiscal impact of HB 633 on the judicial branch at this time.

JUDICIAL NOTE (Office of the Illinois Courts)

House Bill 633 would increase judicial workloads in judicial circuits that choose to establish a drug court program. It is not possible to determine whether the impact of the bill would be to increase or decrease the number of judges needed in the State.

HOUSE AMENDMENT NO. 1. (Tabled March 26, 2001)

Provides that the chief judge may determine the manner in which a defendant is admitted into a drug court program. Eliminates provision requiring the prosecutor to agree to the defendant's admission into a drug court program. Also eliminates provision that the prosecutor must agree that the defendant is addicted to or of using drugs before the court orders an assessment of the defendant.

Amends the Children and Family Services Act. Requires the Department to create an advocacy office to receive and resolve complaints about a child's services. Provides that when a child must be placed outside his or her home and cannot be returned immediately to parents or guardian, an assessment of the child's special needs must be conducted and race, color, or national origin may be considered in the placement only if that has been assessed as advancing the child's best interests. Makes the state-wide foster parent phone number available to any person wishing to report problems concerning a child's welfare services. Effective immediately.

FISCAL NOTE (Department of Children and Family Services)  
The Department has already established an Advocacy Office for children and families to receive and respond to complaints with a statewide toll-free telephone number. Codification of that office would not result in additional costs to the Department. Most of the policies and procedures which would result from codification already exist. The requirement that, in the relatively rare special instances where the best interests of the child require it, the child's race, color or national origin be considered conforms to federal law and will neither cause a fiscal impact to the Department to implement nor cause the federal government to impose financial penalties. The provision expanding the use of the foster parent statewide toll-free telephone number would have minimal impact, as that number is available to all persons now and calls alleging problems with child welfare services are accepted.

820 ILCS 105/4

from Ch. 48, par. 1004

Amends the Minimum Wage Law. Increases the minimum wage for workers 18 years and older to \$6.50 per hour on January 1, 2002. Provides that, beginning in 2003, the minimum wage shall be annually adjusted by the Department of Labor. Provides that the adjustment shall be calculated each September 30, using the consumer price index for urban wage earners and clerical workers, and shall take effect on January 1 of the following year. Provides that the Director of Labor shall by rule establish the minimum wage for employees under the age of 18 years.

STATE MANDATES NOTE (Dept. of Commerce and Community Affairs)

In the opinion of DCCA, HB 642 creates a personnel mandate for which reimbursement of 100% of the increased costs to units of local government is required under the State Mandates Act. An estimate of the increased costs to units of local government is not available at this time.

HOME RULE NOTE (Dept. of Commerce and Community Affairs)

The new minimum wage would apply to each employer in the State, including units of local government. However, the legislation does not contain language indicating a pre-emption of home rule powers and functions.

FISCAL NOTE (Department of Labor)

As a result of increased caseload, the impact on the Department will be \$138,800 for costs associated with additional staffing.

New Act

Creates the Apprentice Equity Act. Provides that certain State contracts designated by the Capital Development Board and the Department of Transportation shall be subject to a plan under which specified goals for the employment of minority and female apprentices shall be met. Provides for administration of the plan and submission of reports concerning the plan. Effective January 1, 2002.

FISCAL NOTE (Capital Development Board)

HOUSE AMENDMENT NO. 1.

Provides that only contracts to be performed in counties with a population of more than 115,000 may be designated under the Act.

FISCAL NOTE, AMENDED (Capital Development Board)  
Administrative budget impact would total \$49,700. Assuming the contractor will charge 2.5% extra to implement the program, for each \$1 million in contracts, the impact on construction costs would be \$25,000.

FISCAL NOTE (Department of Transportation)  
HB 644 would prohibit non-union contractors from bidding on construction contracts covered by the apprenticeship hiring requirements. Also some union contractors will find the requirement an additional burden. This will decrease competition for those contracts. The result will be increased costs for highway construction contracts. The actual fiscal impact is indeterminate at this time. In order to implement HB 644, the Department will need to devote additional resources to select reports, monitor contractor compliance and submit quarterly reports. The actual amount of these additional costs is unknown at this time.

New Act

Creates the Manufactured Home Quality Assurance Act, to be administered by the Department of Public Health. Provides that the Department is responsible for enforcing mobile home setup standards. Requires that a mobile home manufacturer be licensed to sell a mobile home that is to be installed in this State. Provides that after December 31, 2001, a licensed mobile home installer must supervise the installation of a mobile home. Provides that a mobile home installer who has satisfactorily completed a course approved by the Department before July 1, 2001 does not have to take any additional course of study or training to qualify for a license. Authorizes the Department of Public Health to issue licenses to manufacturers and installers. Provides for the deposit of licensing fees into the Facility Licensing Fund. Requires the Department to serve as a liaison between the State, mobile home park owners and tenants, and mobile home manufacturers, dealers, and installers. Creates the Manufactured Housing Quality Assurance Board to advise the Department. Does not require a person who installs a mobile home on his or her own property outside a mobile home park to obtain an installer’s license. Preempts home rule powers, except that the Act does not apply to a home rule municipality with a population over 1,000,000. Effective immediately.

HOME RULE NOTE (Department of Commerce and Community Affairs)

HB 681 contains language stating its provisions are an exclusive State power or function which shall not be exercised concurrently by any unit of local government to which the bill applies except Chicago. Therefore, in the opinion of DCCA, HB 681 preempts home rule authority.

**HOUSE AMENDMENT NO. 1.**

Requires that a manufactured home installed after December 31, 2001 be installed under the supervision (instead of direct onsite supervision) of a licensed installer. In provisions concerning the Department of Public Health’s service as a liaison between the State and certain groups interested in manufactured housing, replaces “tenants of mobile home parks” with “purchasers of mobile homes”. Provides that the Governor (instead of the Department of Public Health) is to appoint the members of the Manufactured Housing Quality Assurance Board.

FISCAL NOTE (Department of Public Health)

The Department anticipates approximately \$190,000 in annual revenue to be generated by this legislation; and a comparable amount to be spent on implementation of the Act.

**SENATE AMENDMENT NO. 1.**

Provides that all manufactured homes installed after December 31, 2001 must be installed under the “onsite” supervision (instead of merely under the supervision) of a licensed installer. Provides that an installer who has completed certain training before January 1, 2002 (instead of July 1, 2001) is not required to complete any other training. Changes the bill’s effective date to January 1, 2002.

New Act

720 ILCS 510/1 rep.

Creates the Freedom of Choice Act and amends the Illinois Abortion Law of 1975. Establishes a State policy recognizing a woman's reproductive rights. Prohibits State agencies and units of local government (including home rule units) from restricting a woman's right to terminate a pregnancy before fetal viability or at any time if medically necessary. Repeals a Section declaring that the General Assembly would prohibit all abortions unless necessary for the preservation of a woman's life if Roe v. Wade is overruled or significantly modified. Effective immediately.

HOME RULE NOTE (Dept. of Commerce and Community Affairs)

HB 722 contains language that a home rule unit may not exercise any of its powers in a manner inconsistent with the legislation. This is a denial and limitation of home rule powers and functions. Therefore, in the opinion of DCCA, HB 722 pre-empts home rule authority.

New Act

Creates the Use of State Funds for Union Organizing Act. Prohibits the use of State funds to assist, promote, or deter union organizing by the following: (i) recipients of reimbursements under State contracts; (ii) State grantees; (iii) State contractors whose contract exceeds \$50,000; (iv) public employers; and (v) private employers receiving more than \$10,000 per year under State-funded programs. Requires those recipients of State funds who spend non-State funds to assist, promote, or deter union organizing to keep sufficient records, available to the Attorney General, as to the expenditure of funds. Imposes liability for State funds spent in violation of the Act plus additional civil penalties. Authorizes enforcement by the Attorney General and State taxpayers. Applies to certain State funds used by units of local government and school districts.

FISCAL NOTE (Office Of The Attorney General)

The Attorney General Office has no basis for determining the number of civil prosecutions which may referred to the OAG under this bill. Therefore, the fiscal impact could range from -0- (where no civil prosecutions occur), to an estimated annual cost of \$112,000 in salaries, benefits and operating costs for one additional Assistant Attorney General and one Paralegal (where a moderate volume of such prosecutions occur).

Amends the Illinois State Auditing Act. Requires the Auditor General to conduct annual post-audits of public transit agencies. Specifies items to be included in the post-audits. Requires the employment of an additional Deputy Auditor General to be responsible for the post-audits. Requires the Auditor General to annually report the results of audits of public transit agencies to the General Assembly, the Governor, and the Legislative Audit Commission, to distribute summaries to interested parties, to post the results on a web site the Auditor General must create and maintain, and to publicly present the results at hearings requested by the General Assembly or a public transit agency.

FISCAL NOTE (Auditor General)

The number of public transit agencies that would receive State funding under this \$4 billion program is unknown. The bill appears to require each dollar passing under the program to be audited, and that audit is required to encompass detailed performance measurements as well as fiscal operations. While an exact dollar estimate of the cost of HB 741 cannot be obtained, the Auditor General Office would incur very significant personnel, travel, report preparation, and publication costs in carrying out its requirements.

New Act

Creates the Safe Egg and Laying Hen Protection Act. Prohibits the use of forced (starvation-induced) molting procedures. Makes violation a Class A misdemeanor. Provides for administration by the Department of Agriculture. Authorizes additional rule-making to protect laying hens. Authorizes civil penalties and certain enforcement actions. Effective immediately.

FISCAL NOTE (Illinois Department of Agriculture)

HB 756 would impose a cost of \$290,000 a year upon the Department of Agriculture to implement. This total represents \$180,000 to hire five full-time inspectors, \$80,000 to purchase vehicles for the inspectors, and \$30,000 for miscellaneous operating costs associated with implementing HB 756. As the Department does not currently regulate laying hen operations or know how many exist in Illinois, this cost figure could potentially be higher, depending upon the number of such operations within the State.

Amends the Sale of Tobacco to Minors Act. Provides that tobacco products may be sold in vending machines in taverns only if the vending machine is at least 25 feet from any entrance. Provides that, before selling tobacco products to a person, the retailer must request and examine photographic identification of the person unless it appears without reasonable doubt that the person is over 27 years old. Prohibits retailers from distributing individual cigarettes or a quantity of tobacco from a package intended for individual consumer use. Prohibits the dispensation of tobacco product samples in cer-

tain public areas. Requires retailers of tobacco products to place a warning sign at each point of sale. Requires retailers of tobacco products to obtain a license from the Department of Public Health. Increases penalties for the distribution of tobacco products to persons under 18 years of age.

**FISCAL NOTE (Dept. of Public Health)**

HB 784 may have a significant fiscal impact on DPH. Although license fees and fines for violations are to be collected by the State, no provisions are made for deposit of those fees/ fines in a fund that would support the licensure efforts of the Department. Without such legislative language, the monies collected as a result of HB 784 will be deposited into the General Revenue Fund. According to DCCA, there are almost 6,500 grocery stores, gas stations and convenience stores, and liquor stores operating in the State today. It is assumed that most of these establishments sell tobacco products or maintain tobacco vending machines. Additionally, some 6,000 food service businesses may also maintain tobacco product vending machines and require one or more licenses under the provisions of HB 784. There are other entities such as gift shops and bars that also will need to apply to IDPH for an annual tobacco retail license pursuant to the Act. Based on the assumption that for every 2,000 applications processed, one staff person is needed to process the application and validate the check, the Department would possibly need 8 additional staff persons to manage the tobacco licensure process, resulting in a cost to the Department of approximately \$500,000 per fiscal year.

Amends the School Code. Lowers the compulsory school age by one year, to 6 years of age (from 7 years). Effective July 1, 2001.

FISCAL NOTE (State Board of Education)  
 It is unclear how many children HB 795 would impact. There are approximately 160.9 thousand children per grade in grades 1 through 3 and 147.6 thousand already in kindergarten. If 30% of the 13.3 thousand difference is added to school rolls as a result of lowering the compulsory attendance age and this is multiplied by the general State aid foundation level of \$4,425, the cost would be approximately \$17 million, not including any costs for additional facilities that might be necessary.

30 ILCS 330/4

from Ch. 127, par. 654

Amends the Department of Transportation Law in the Civil Administrative Code of Illinois. Provides that the Department must establish the Build Illinois Transit Program for the construction of and acquisition of property and equipment for new mass transportation facilities and new or expanded mass transportation service, including rapid transit, rail, bus, and other equipment used in connection with mass transit by the State, a public or private entity, or 2 or more of these entities. Provides that the Department may (i) enter into contracts for new mass transportation facilities and new or expanded mass transportation service and (ii) make grants to units of local government and mass transit carriers. Amends the State Finance Act to create the Build Illinois Transit Program Fund. Amends the General Obligation Bond Act to increase the bond authorization by \$3,900,000,000 and to make a corresponding increase in the bond amount authorized for mass transportation facilities under the Build Illinois Transit Program. Provides that for the payment of the principal and interest on the bonds, the Comptroller must order transferred and the Treasurer must transfer \$293,000,000 annually from the General Revenue Fund to the Build Illinois Transit Program Fund until the bonds are retired.

FISCAL NOTE (Department of Transportation)

In order to service the additional debt, HB 807 calls for the

annual transfer of \$293 million from GRF to the Build Illinois Transit Program Fund.

STATE DEBT NOTE (Economic and Fiscal Commission)

For the payment of the principal and interest on the bonds, the Comptroller must order transferred and the Treasurer must transfer \$293,000,000 annually from the General Revenue Fund to the Build Illinois Transit Program Fund until the bonds are retired. Assuming an interest rate of 5.5% and a 25-year level repayment period, the additional \$3.9 billion in bonding authority would increase total general obligation debt by approximately \$7.1 billion and annual debt service by approximately \$291 million. Dependent on the actual interest rate at the time of the bond sale, the transfer of \$293,000,000 from the General Revenue Fund may or may not be enough to cover the debt service amount.

 705 ILCS 40/2 from Ch. 37, par. 72.42  
 705 ILCS 45/2 from Ch. 37, par. 160.2

Amends the Circuit Courts Act, the Judicial Vacancies Act, and the Associate Judges Act. Increases the number of resident judges in Cook County from 165 to 255, the new judges to replace vacating judges as vacancies occur in Cook County circuit judgeships and associate judgeships. Reduces the number of circuit judges in Cook County by 45 as vacancies occur on and after the effective date of this amendatory Act. Reduces the number of associate judges in Cook County by 45 as vacancies occur on and after the effective date of this amendatory Act. Provides that resident judgeship vacancies shall be filled by appointment by the Supreme Court.

**FISCAL NOTE (Administrative Office of the Illinois Courts)**

Replacing circuit judge positions with an equal number of resident circuit judge positions will have no fiscal impact.

However, based on salaries effective July 1, 2001, the additional annual cost for each resident circuit judge position that replaces an associate judge position is \$9,299, plus any associated increases in benefit expenses, and the increase in salary expenses for all 45 positions would be \$418,455.

**JUDICIAL NOTE (Administrative Office of the Illinois Courts)**

The bill provides that the new resident circuit judge positions will be filled as vacancies occur in the circuit judge and associate judge positions that would be eliminated. HB 829 would neither increase nor decrease the total number of judges in the State.

**HOUSE AMENDMENT NO. 1.**

- Adds reference to:
- 35 ILCS 630/2 from Ch. 120, par. 2002
- 35 ILCS 635/10
- 50 ILCS 750/15.3 from Ch. 134, par. 45.3
- 65 ILCS 5/8-11-2 from Ch. 24, par. 8-11-2

Deletes everything after the enacting clause. Creates the Mobile Telecommunications Sourcing Conformity Act. Provides that taxes on mobile telecommunications services shall be collected and remitted to the jurisdiction where the customer’s primary use of the services occurs, irrespective of where the mobile telecommunications services originate, terminate, or pass through. Defines “place of primary use” as the street address representative of where the customer’s use of the mobile telecommunications service primarily occurs, which must be (i) the residential street address or the primary business street address of the customer and (ii) within the licensed service area of the home service provider. Establishes mechanisms by which a home service provider of mobile telecommunications services may establish the taxing jurisdictions of a given street address. Provides that this Act applies to customer bills issued on or after August 1, 2002. Amends the Telecommunications Excise Tax Act, the Telecommunications Municipal Infrastructure Maintenance Fee Act, the Emergency Telephone System Act, and the privilege and occupation tax provision of the Illinois Municipal Code. Provides that as used in these Acts and this provision, with respect to wireless telecommunications, “service address” means the customer’s place of primary use as defined in the Mobile Telecommunications Sourcing Conformity Act. Effective August 1, 2002.

**HOUSE AMENDMENT NO. 2.**

Removes language providing that the procedures and remedies set forth in the Act for customer complaints are the sole and exclusive remedy available to the customer and replaces it with provisions that these procedures shall be the first course of remedy available to customers, and that no cause of action based upon a dispute arising from these complaints or fees shall accrue until a customer has reasonably exercised these rights and procedures.

Creates the Second Lowest Bidders' Protection Act. Provides that the second lowest bidder on a public works project and any person that entered into a contract with the second lowest bidder who suffers damages as a result of the rejection of a bid for the public works project because the successful bidder violated certain labor Acts may bring an action for damages against the violator, subject to specified restrictions.

FISCAL NOTE (Department of Labor)

Due to the increase in workload, the Department would need \$105,100 for costs associated with 2 additional staff.

STATE MANDATES NOTE (Dept. of Commerce and Community Affairs)

In the opinion of DCCA, HB 852 does not create a State mandate under the State Mandates Act.

HOME RULE NOTE (Dept. of Commerce and Community Affairs)

HB 852 pertains to lawsuits arising from bids on public works projects, and contains a provision prohibiting lawsuits relating to the Second Lowest Bidders' Protection Act being brought against units of local government. The legislation does not contain language indicating a pre-emption of home rule powers and functions. Therefore, in the opinion of DCCA, HB 852 does not pre-empt home rule authority.

110 ILCS 210/3 from Ch. 144, par. 1333

Amends the Illinois Consortium for Educational Opportunity Act. Increases the maximum amount of a grant award under the Act from \$10,000 annually to \$15,000 annually. Effective July 1, 2001.

**FISCAL NOTE (Board of Higher Education)**

The number of awards made annually under this Act is dependent upon appropriated funds. Awards of \$10,000 were granted to 150 students for academic year 2000-2001, and 18 students received partial awards of \$5,000. Should an equal number of awards be given in FY 02, with a maximum award of \$15,000, and a partial award of \$7,500, the cost of the awards would be \$2,385,000 and \$785,000 more than the FY 01 appropriation. If the FY 02 appropriation is less than \$2,385,000 and HB 862 is enacted, the Consortium Board would either grant a fewer number of awards or a fewer number of maximum awards.

**HB-0863 OSTERMAN – HOLBROOK – BRADLEY – CURRY, JULIE – MENDOZA, O'BRIEN AND MILLER.**

725 ILCS 120/6 from Ch. 38, par. 1406

Amends the Rights of Crime Victims and Witnesses Act. Permits a victim's spouse, guardian, parent, or an immediate family or household member of the victim to present victim impact statements.

## FISCAL NOTE (Court of Claims)

Because HB863 does not amend the Crime Victims Compensation Act, it would have no fiscal impact on the Court of Claims.

## JUDICIAL NOTE (Administrative Office of the Illinois Courts)

HB 863 would neither increase nor decrease the number of judges needed in the State.

## SENATE AMENDMENT NO. 1.

Deletes everything after the enacting clause. Reinserts the provisions of the bill but provides that the victim or his or her representative shall have the right and the victim's spouse, guardian, parent, or other immediate family or household member upon his, her, or their request may be permitted by the court to make a victim impact statement.

Amends various Acts relating to the governance of the public universities in Illinois. Provides that the board of trustees of each university shall offer 100% tuition discounts (instead of 50% tuition waivers) for undergraduate education to the children of employees of a public university in Illinois who has been employed by any one or more of these universities for at least 7 years. Includes retired employees as university employees for the purpose of these provisions. Effective immediately.

FISCAL NOTE (Board of Higher Education)

For dependents of employees in FY2000, there were 1,892 waivers with a value of \$2.43 million. Assuming there would have been no change in enrollment patterns if the value of the waivers were higher, the total value would have increased to \$4.86 million if they had been for the full amount of tuition, rather than 50%. For dependents of retirees, it is not possible to estimate the total cost, as the number of dependents that would qualify is unknown. It would cost an estimated \$295,600 in waivers for every 100 eligible persons, assuming the value of the waiver is equal to the full amount of tuition charged.

HOUSE AMENDMENT NO. 1.

In the University of Illinois Act provisions, includes as an Illinois public university employee a person who is employed within any of the 4 divisions of the Department of Natural Resources under the authority of the Board of Natural Resources and Conservation.

SENATE AMENDMENT NO. 1.

Provides that the tuition discount shall be a 50% tuition discount instead of a 100% tuition discount. Includes in the other tuition discount provisions (not just the University of Illinois Act provisions) a person who is employed within any of the 4 divisions of the Department of Natural Resources under the authority of the Board of Natural Resources and Conservation as an Illinois public university employee. Also includes as an Illinois public university employee a person who is employed with the State Universities Civil Service System or the State Universities Retirement System.

Amends the Local Government Debt Reform Act. Provides that, as a revenue source for alternate bonds, any unit of local government having a public building commission lease rental base is authorized to levy a public building commission lease rental base alternate tax levy. Provides that alternate bonds supported by the levy may be issued for any lawful corporate purpose of the unit of local government. Amends the Property Tax Extension Limitation Law in the Property Tax Code. Provides that, for taxing districts to which the law applied before the 1995 levy year, “aggregate extension” excludes certain special purpose extensions related to the public building commission lease rental base. Amends the Public Building Commission Act. Provides that the governing body of a municipal corporation having taxing power that enters into a lease with a public building commission shall, if applicable, provide for the levy and collection of a direct annual tax in the amount of the public building commission lease rental base levied for the lease. Makes other changes. Effective immediately.

HOUSE AMENDMENT NO. 1.

Inserts "rental base" after "public building commission lease" in order to use the term "public building commission lease rental base" consistently throughout the amendatory provisions.

HOUSE AMENDMENT NO. 2.

Replaces the term "unit of local government" with "governmental unit".

HOUSE AMENDMENT NO. 3.

Adds reference to:

- 50 ILCS 20/14 from Ch. 85, par. 1044
- 55 ILCS 5/5-1062.1 from Ch. 34, par. 5-1062.1
- 70 ILCS 2605/7h new
- 70 ILCS 2605/12 from Ch. 42, par. 332

Further amends the Public Building Commission Act and the Property Tax Extension Limitation Law of the Property Tax Code. Provides that a lease entered into by a public building commission and a community college district in a county with a population of not less than 300,000 and not more than 400,000 before October 1, 1991, may be amended to continue the annual payment of an amount that is not greater than the maximum annual payment under the lease on the effective date of this amendatory Act. Excludes tax levies made for the purpose of making payments under the amended lease from the property tax extension limitation. Amends the Counties Code and the Metropolitan Water Reclamation District Act. Provides for the adoption and implementation of a Cook County stormwater management plan by the Metropolitan Water Reclamation District. Authorizes the District to implement the plan throughout the County. Authorizes the District to impose fees on areas outside the District but within the County. Authorizes a special tax levy for stormwater management purposes and reduces the District's authorized tax levy for general corporate purposes by a corresponding amount. Amends the Property Tax Code to exclude the stormwater management tax from the tax caps imposed under the Property Tax Extension Limitation Law.

HOME RULE NOTE, H-AM 3

(Department of Commerce and Community Affairs)

HB 914 (H-am 3) contains language stating that a home rule unit located in whole or in part in Cook County may not regulate stormwater management or planning in Cook County in a manner inconsistent with the legislation, or plans, rules, and ordinances adopted by the Metropolitan Water Reclamation District of Greater Chicago. Therefore, in the opinion of DCCA, this legislation pre-empt's home rule authority.

HOUSE AMENDMENT NO. 4.

Excludes the City of Chicago from the home rule pre-emption relating to Cook County stormwater management.

HOUSE AMENDMENT NO. 5.

Further amends the Property Tax Extension Limitation Law in the Property Tax Code. Provides that "debt service extension base" means, for park districts (i) that were first subject to this Law in 1991 or 1995 and (ii) whose extension for the 1994 levy year for the payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds) was less than 51% of the amount for the 1991 levy year constituting an extension for payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds), an amount equal to that portion of the extension for the 1991 levy year constituting an extension for payment of principal and interest on bonds issued by the park district without referendum (but not including excluded non-referendum bonds). Provides that "excluded non-referendum bonds" means (i) bonds authorized for certain aquarium and museum projects, (ii) double-barrelled bonds, and (iii) refunding obligations issued to refund or to continue to refund obligations initially issued pursuant to referendum. Some provisions are effective immediately, other provisions have a uniform effective date.

220 ILCS 5/16-125

Amends the Public Utilities Act with respect to electric utilities serving 1,000,000 or more customers. Abolishes the requirement that 30,000 customers be affected before a utility is required to compensate customers for power outages. Provides that if a power interruption lasts for 24 hours or more, a utility must pay consequential damages. Effective immediately.

**FISCAL NOTE (Illinois Commerce Commission)**

With interruptions no longer subject to a damages threshold and the scope of recovery expanded, the Commission should expect significant increases in formal and informal customer and local-government claim filings. Claim and waiver investigations and proceedings will certainly consume additional Commission time, staff, and financial resources, although it is difficult to provide a estimate fiscal impact at this time.

**STATE MANDATES NOTE (Dept. of Commerce and Community Affairs)**

In the opinion of DCCA, HB 919 does not create a State mandate under the State Mandates Act.

Creates the Labor Equity Act. Prohibits the State, units of local government, and school districts from entering into contracts with, making loans or grants to, surveying lands on behalf of, or purchasing the securities of any employer which has offered or granted the status of a permanent replacement employee to an individual for performing bargaining unit work for the employer during a labor dispute. Provides that no public or educational employer may hire permanent replacements for employees lawfully striking under the Illinois Public Labor Relations Act or the Illinois Educational Labor Relations Act. Provides that a court may grant injunctive relief to enforce those provisions. Amends the Labor Dispute Act to provide that it does not apply to injunctions issued by a court under the Advertisement for and Employment of Strike Workers Act.

**STATE MANDATES NOTE (Dept. of Commerce & Community Affairs)**

In the opinion of the Department of Commerce and Community Affairs (DCCA), HB 945 creates a service mandate which requires a 50% to 100% reimbursement of the increased costs to units of local government under the State Mandates Act.

**HOME RULE NOTE (Dept. of Commerce & Community Affairs)**

The legislation does not contain language indicating a pre-emption of home rule powers and functions. Therefore, in the opinion of DCCA, HB 945 does not pre-empt home rule authority.

**FISCAL NOTE (Department of Labor)**

The Department would need additional funds for administrative costs for additional staffing to develop rules and procedures and implement for one year. Impact on the Department would be \$156,300 for costs associated with 3 new personnel.

 30 ILCS 805/8.25 new

Amends the Illinois Municipal Retirement Fund (IMRF) Article of the Pension Code. Requires participation by all full-time municipal police officers who do not participate in an Article 3 police pension fund. Makes these police officers eligible for the sheriff's law enforcement (SLEP) formula. Excludes Chicago. Pre-empts home rule powers. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Pension Laws Commission)

The fiscal impact of HB 959 cannot be determined and would vary among municipalities. If the employer does not currently participate in IMRF for their municipal employees or police officers, the cost of providing retirement benefits to police officers could be substantial. The cost would also increase for municipalities that currently offer police officers the IMRF regular formula, as HB 959 requires all IMRF-covered police officers to be covered by the SLEP formula.

PENSION NOTE (Illinois Pension Laws Commission)

Currently, duty disability benefits for SLEP and regular employees of IMRF are equal to 50% of the salary received at the time of disability. PENSION IMPACT NOTE, REVISED (Illinois Pension Laws Commission)

According to IMRF, HB 0963 would increase the accrued liabilities of the Fund by \$716.6 million (\$968.9 million for regular members and \$17.7 million for SLEP members). The estimated increase in average annual cost is 2.20% of salary for regular IMRF employers and 1.10% for SLEP employers, assuming the payment of the normal cost plus the amortization of the increase in accrued liabilities over 30 years.

Compounds the 3% annual increase in retirement, surviving spouse, and disability annuities, beginning with the increase due on January 1, 2002. Specifies that the last supplemental benefit payment (13th check) is payable on July 1, 2001. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION IMPACT NOTE, REVISED (Illinois Pension Law Commission)

According to IMRF, providing compounded annual increases to all current and future beneficiaries would increase the accrued liabilities of the Fund by \$780.9 million (\$724.7 million for regular employees and \$56.2 million for SLEP employees). The corresponding increase in average annual cost (including normal cost) is estimated to be 1.49% of payroll for regular IMRF employers and 2.77% of payroll for SLEP employers, assuming amortization of the increase in accrued liabilities over 30 years. This cost would be reduced by a savings of 0.62% of payroll from discontinuing the supplemental benefit payment. Therefore, the total annual cost associated with HB 0965 is 0.87% of payroll for regular IMRF employers and 2.15% of payroll for SLEP employers. The required contributions (as percent of payroll) may vary widely among employers.

It has been determined that the bill would neither increase nor decrease the number of judges needed in the State.

FISCAL NOTE (Office of the Illinois Courts)

HB 1028 would have no fiscal impact on the judicial branch.

CORRECTIONS NOTE (Department of Corrections)

The difference in length of stay would result in a corrections population impact of four less juveniles with associated cost reductions totaling \$2,200,200, \$1,663,700 in operating costs and \$536,500 construction costs.

Amends the IMRF Article of the Illinois Pension Code to compound the automatic annual increase in retirement, incremental, disability, and survivor annuities. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

**PENSION IMPACT NOTE (Illinois Pension Laws Commission)**

According to IMRF, providing compounded annual increases to all current and future beneficiaries would increase the accrued liabilities of the Fund by \$780.9 million (\$724.7 million for regular employees and \$56.2 million for SLEP employees). The corresponding increase in average annual cost (including normal cost) is estimated to be 1.49% of payroll for regular IMRF employers and 2.77% of payroll for SLEP employers, assuming amortization of the increase in accrued liabilities over 30 years. This cost would be reduced by a savings of 0.62% of payroll from discontinuing the supplemental benefit payment. Therefore, the total annual cost associated with HB 1035 is 0.87% of payroll for regular IMRF employers and 2.15% of payroll for SLEP employers. The required contributions (as percent of payroll) may vary widely among employers.

Amends the Illinois Municipal (IMRF) Article of the Illinois Pension Code to make noncommissioned county correctional officers eligible for the sheriff's law enforcement employee formula. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

**PENSION NOTE (Pension Laws Commission)**

The fiscal impact of HB1036 cannot be determined, as the number of noncommissioned county correctional officers is unknown. Also, there is a lack of definition regarding noncommissioned county correctional officers. Including additional employees under the SLEP formula would increase IMRF costs for their employers.

Amends the School Code. Requires the most current version of an unfilled teaching positions list to be posted on a regional office of education's Internet web site or for Chicago, its school district's web site. Provides that if the regional office of education does not have an Internet web site, the regional superintendent of schools must make the list available to the State Board of Education and the State Board of Education must

post the list on the State Board of Education's Internet web site. Requires the State Board of Education's Internet web site to provide a link to each regional office of education's list and the Chicago school district's list. Effective July 1, 2001.

FISCAL NOTE (State Board of Education)

It is assumed that since some regional offices of education (ROEs) and the Chicago public schools currently operate web sites, this work could be accomplished by existing staff. In addition, ROEs must now have this information available, so the task of collecting the positions for the list is already being done and would not create a new mandate.

Amends the Illinois Horse Racing Act of 1975. Provides that if only one breed of horse racing is conducted at a racetrack that is located in Madison County in a given year before 2002, certain purse moneys derived from simulcast wagering and inter-track wagering shall be paid only to the purse account of the breed that raced at that track for that year. Provides that the preceding provisions are declarative of existing law. Provides that if only one breed of horse racing is conducted at a racetrack that is located in Madison County in a given year after 2001, certain purse moneys derived from simulcast wagering and inter-track wagering shall be paid only to the purse account of the breed that raced at that track for that year, provided that the racetrack conducts at least as many days of live racing as in calendar year 2000. Provides that any person licensed to conduct a race meeting of at least 60 days of live racing in a calendar year at a racetrack located in Madison County may be issued an inter-track wagering license. Effective immediately.

HOUSE AMENDMENT NO. 1.

Further amends the Illinois Horse Racing Act of 1975. Makes changes concerning the issuance of an inter-track wagering license to a racetrack located in Madison County.

FISCAL NOTE (Illinois Racing Board)  
 Enactment of HB 1069 would likely preserve the existing number of live racing days (161) at Fairmount Park (Madison County). Therefore, with no reduction in live racing at Fairmount Park, State revenues generated from parimutuel taxes would remain constant.

SENATE AMENDMENT NO. 1.

Deletes everything. Amends the Illinois Horse Racing Act of 1975. Provides for the redistribution of simulcast and inter-track wagering revenues at a racetrack located in

Madison County if such a racetrack conducts only standardbred racing or only thoroughbred racing in a calendar year. Provides, if no live racing is conducted at a racetrack located in Madison County in 2000 or 2001, that moneys derived from simulcast wagering and inter-track wagering by a licensee in Madison County and paid into that licensee's standardbred purse account shall be paid as follows: (A) eighty percent to the licensee's thoroughbred purse account to be used for thoroughbred purses and (B) twenty percent to the Illinois Colt Stakes Purse Distribution Fund. Provides that moneys so paid into that Fund shall be used as determined by the Department of Agriculture, with the advice and assistance of the Illinois Standardbred Breeders Fund Advisory Board. Provides that failure to make the payment shall result in immediate revocation of the licensee's organization license, inter-track wagering license, and inter-track wagering location license. Provides that if live standardbred racing is conducted at that racetrack in calendar year 2001 before the payment is made, the organization licensee shall pay all moneys derived from simulcast wagering and inter-track wagering during 2000 and 2001 that (1) are to be used for purses and (2) are generated between 6:30 p.m. and 6:30 a.m. during 2000 or 2001 to the standardbred purse account at that racetrack to be used for standardbred purses. For an organization licensee located in Madison County, imposes additional conditions on the issuance of an inter-track wagering license and an inter-track wagering location license. Provides that the provisions of the amendatory Act are severable. Effective immediately.

SENATE AMENDMENT NO. 2.

Further amends the Illinois Horse Racing Act of 1975. Makes changes concerning the issuance of an inter-track wagering license and inter-track wagering location licenses to an organization licensee who conducts racing in Madison County.
