215 ILCS 5/155.37 new

Amends the Illinois Insurance Code. Creates the Holocaust Victims Insurance Law. Requires the Department of Insurance to establish a toll-free telephone number to assist persons seeking recovery of proceeds of an insurance policy issued to a Holocaust victim. Provides that insurers must expeditiously investigate claims under policies issued to Holocaust victims and allow claimants to meet a reasonable standard of proof pursuant to standards established by the Department. Requires insurers to allow claims irrespective of statute of limitations and notice requirements if the claim is filed within 10 years after the effective date of this amendatory Act. Authorizes a private right of action for damages caused by violations of the Law. Requires the Department to report to the General Assembly regarding insurers in this State that have a legal relationship with an international insurer that could have issued a policy to a Holocaust victim and claims related to Holocaust victims.

**FISCAL NOTE (Department of Insurance)**

The Department estimates that the costs associated with establishing a toll-free hotline would be approximately \$600 annually, including obtaining a new toll-free number, monthly phone charges, installation of the toll-free line, as well as installation and monthly charges associated with listing the number in a directory. In addition to these charges, there would be a cost associated with every incoming call received by the Department. The Department cannot estimate how many calls would be made to this hotline, and therefore, the Department cannot determine the cost of these calls.

**HOUSE AMENDMENT NO. 1.**

Deletes provision requiring the Department of Insurance to operate the toll-free telephone number in multiple languages. Requires an insurance company to ascertain whether it has a legal relationship to an international insurer that is a legal successor to an international insurer that issued a policy to a Holocaust victim. Provides that insurers can comply with the requirements of this amendatory Act by demonstrating compliance with an international commission on insurance claims by Holocaust victims.

625 ILCS 5/6-106 from Ch. 95 1/2, par. 6-106

Amends the Illinois Vehicle Code. Allows the Secretary of State to accept an alternate form of identification for an applicant for a driver's license who does not have a Social Security Number.

HOUSE AMENDMENT NO. 1.

Adds reference to:  
625 ILCS 5/6-105 from Ch. 95 1/2, par. 6-105

Further amends the Illinois Vehicle Code. Provides that a temporary license may be issued to an applicant if: he or she is applying for a non-photo driver's license for religious reasons or as a result of facial disfigurement and is waiting for that application to be processed; he or she is prohibited by bona fide religious convictions from applying for a social security number, has made application for a driver's license using a distinctive number in lieu of a social security number, and is waiting for that application to be processed; or there is a mechanical failure at the facility that makes the issuance of a driver's license impossible (in addition to any other reason the Secretary of State may provide for by rule). Provides that the Secretary of State shall adopt rules for implementing the new provisions. Provides that the Secretary may substitute a federal individual tax identification number or other identifying number for a social security number on an application for a license or permit if the applicant, upon proof from the Social Security Administration, is ineligible to receive a social security number (as well as if the applicant is exempt from applying for a social security number or prohibited from doing so by bona fide religious convictions). Provides that such information shall not be shared with other governmental agencies or sold to marketing entities or companies.

Amends the Steel Products Procurement Act. Changes the short title to the “Domestic Products Procurement Act” and expands the scope of the Act to apply to all purchases or leases of commodities or manufactured goods by the State of Illinois from 2002 until 2007. Provides that, with specified exceptions, the State of Illinois shall purchase or lease only materials, commodities, or goods that are manufactured or supplied by companies whose products consist of a specified minimum level of U.S. or Canadian content. Amends the Illinois Procurement Code. Requires all goods purchased under the Code to be Illinois-made goods unless the cost of Illinois-made goods exceeds the cost of other goods by 10% or more. Requires all goods purchased under the Code to be U.S.-made goods unless the cost of the U.S.-made goods exceeds the cost of other goods by 10% or more.

STATE MANDATES NOTE (Dept. of Commerce and Community Affairs)

In the opinion of DCCA, HB 3618 does not create a State mandate under the State Mandates Act.

FISCAL NOTE (Department of Central Management Services)

This legislation will affect the procurements made through the CMS Procurement Services Division and Bureau of Communication and Computer Services. Increased CMS administrative costs necessary to certify the content and origin of products, including 23 additional staff, would exceed \$1,645,644, of which \$1,594,517 would be needed annually. The state agencies purchases for products is approximately \$350,000,000. This legislation would also affect product purchases at universities and of constitutional officers not estimated here. This legislation could increase the spending up to 10%. So, the increased cost to the State of Illinois agencies for product purchases could approximate \$35,000,000 annually.

PENSION IMPACT NOTE (Pension Laws Commission)  
Employees of employers joining IMRF receive credit (without making contributions) for 5 years or 20% of service with the employer, whichever is less. Upon joining IMRF, a charter school would be required to make annual contributions to amortize the unfunded liability (over 10 years) created by employees' past service credit. The resulting increase in unfunded liability and associated annual costs cannot be determined, as the amount of outstanding service that would be granted to employees of charter schools is unknown. Allowing certain employees of charter schools into IMRF would not affect the accrued liability or annual cost of any other IMRF employer.

New Act

Creates the Fireworks Outdoor Advertising Act. Prohibits outdoor billboards advertising fireworks for sale. Restricts the concurrent exercise of home rule powers.

HOME RULE NOTE

(Illinois Department of Commerce and Community Affairs)

A home rule unit may not regulate the outdoor advertising of fireworks in a manner less restrictive than the Fireworks Outdoor Advertising Act. This is a limitation on the concurrent exercise by home rule units of the powers and functions exercised by the State. Therefore, in the opinion of DCCA, HB3632 pre-empts home rule authority.

Amends the Chicago Teachers Article of the Illinois Pension Code. Provides that attainment of age 18 does not terminate the children's pension of a child who is disabled and was dependent upon a deceased teacher at the time of his or her death. Deletes the provision that if a surviving spouse is under age 50 and there are no eligible children of the contributor and his surviving spouse, payment of the survivor's pension shall begin when the surviving spouse attains age 50. Eliminates the requirement that a person be married to a contributor for at least 1.5 years immediately prior to the contributor's death or retirement and on the date of the last termination of the contributor's service in order to receive a survivor's pension. Provides that, beginning January 1, 2003, remarriage at any age by a surviving spouse will not terminate his or her survivor's pension. Amends the State Employee Article of the Pension Code to remove the Social Security offset against widow and survivor annuities for all annuitants, beginning January 1, 2003. Effective immediately.

**PENSION NOTE (Pension Laws Commission)**

According to the System's actuary, HB 3758 would increase the accrued liabilities of the SERS by an estimated \$219 million. The estimated increase in the required annual State contribution, per P.A. 88-593 is as follows:

FY 2003 estimated payroll	\$ 3,762.0 million
FY 2003 estimated contributions	0.0
FY 2004 estimated payroll	3,890.0 million
FY 2004 estimated contributions	0.0
FY 2005 estimated payroll	\$ 4,020.0 million
FY 2005 estimated contributions	4.1 million
FY 2010 estimated payroll	4,711.0 million
FY 2010 estimated contributions	31.2 million
FY 2020 estimated payroll	\$ 6,518.0 million
FY 2020 estimated contributions	43.2 million
FY 2030 estimated payroll	9,445.0 million
FY 2030 estimated contributions	62.6 million
FY 2045 estimated payroll	\$17,042.0 million
FY 2045 estimated contributions	112.8 million

Even with the elimination of the Social Security offset and the resulting increase in accrued liability, required State contributions to SERS are not expected to change until FY 2005, as the minimum statutory rates established by P.A. 90-65 are expected to be higher than the calculated actuarial rates (per P.A. 88-953) until then.

35 ILCS 405/2 from Ch. 120, par. 405A-2

Amends the Illinois Estate and Generation-Skipping Transfer Tax Act. Provides that "State tax credit" means the credit for state tax allowable under certain provisions of the Internal Revenue Code as computed under the federal estate tax law in effect on December 31, 2000 (now, allowable under those provisions of the Internal Revenue Code as amended from time to time). Effective January 1, 2003.

**FISCAL NOTE (Attorney General)**

The changes proposed by HB 3761 will have little impact on FY 2003 estate tax revenues because of the bill's effective date of January 1, 2003. The estate tax is generally paid nine months after death. Thus, for persons dying on January 1, 2003, the effects of the bill will not be seen until the beginning of the second quarter of FY 2004, on October 1, 2003. As a result the A.G. Office estimates that Illinois will still see a \$139 million revenue loss in FY 2003. Even if the bill became

effective on July 1, 2002, Illinois would still lose \$92 million for FY 2003 since the proposed changes would have no effect on the estates of persons dying between January 1, 2002 and June 30, 2002. In FY 2004 and thereafter, the bill would have the intended effect of fully restoring revenue that otherwise would be lost. If the bill becomes law, the A.G. Office estimates that in FY 2004 it would save \$240 million in estate tax revenues that will otherwise be lost.

Amends the Clerks of Courts Act. Provides that \$1 collected from each filing fee and appearance fee of civil cases in which the amount of money or damages or the value of personal property claimed exceeds \$10,000 shall be paid into the Democracy Trust Fund. Effective immediately.

**FISCAL NOTE (State Board of Elections)**

It is estimated that approximately \$50,000 (hiring of additional staff, hearing officers and investigators to ensure compliance) will be needed by the State Board of Elections to implement the requirements of HB 4075, as introduced. However, the presence of several variables presents difficulties in developing a firm assessment of costs. Items such as the number of candidates participating, the number of violations that may occur and the number of investigations conducted will affect the initial and long-range costs. If no candidates participate, there will be no cost to the State Board of Elections.

**STATE MANDATES NOTE**

(Department of Commerce and Community Affairs)

In the opinion of DCCA, HB 4075 does not meet the definition of a State mandate under the State Mandates Act.

Effective immediately.

FISCAL NOTE (Illinois Courts Administrative Office)

Compliance with HB 4094 would not have a significant fiscal impact on the judicial branch at the State level, but would impose additional costs on the circuit courts. It is not possible to provide a dollar estimate of the fiscal impact because the number of records affected is not known and procedures would need to be developed to implement the legislation.

JUDICIAL NOTE (Illinois Courts Administrative Office)

HB 4094 would neither increase nor decrease the number of judges needed in the State.

FISCAL NOTE (Department of Corrections)

There would be no fiscal impact or impact on the corrections population.

Deletes everything. Amends the Illinois Criminal Justice Information Act. Provides that the Illinois Criminal Justice Information Authority shall establish a grant program titled the Illinois Ex-Offenders Employment Stabilization Pilot Program. The program applies to local governments where the number of residents under State community correctional supervision is 10, 000 or more and with a recidivism rate of 25% or more. Provides that the Authority may discontinue the program if the program fails to meet its objectives. Provides the appointment of an Ex-Offenders Employment Stabilization Pilot Program Advisory Board, which shall prepare and recommend rules for the program, determine criteria and procedures for grant awards, review grant applications, and make recommendations to the Authority concerning grant awards. Sets requirements for grant proposals. Provides that funds may be appropriated to the Authority to pay its costs of administering the program. Effective immediately.

**CORRECTIONAL NOTE (Illinois Department of Corrections)**  
 No new incarceration sanctions or enhanced incarceration penalties are associated with this offense. Therefore, there is no corrections population or fiscal impact on the Department.

**FISCAL NOTE, H-AM 1**

(Illinois Criminal Justice Information Authority)  
 It is difficult to determine the fiscal impact of HB 4103, as amended, at this time. The amount of funds needed for grant programs would be dependent on the decisions of the Ex-Offenders Employment Stabilization Advisory Board that would be created by the bill. It is also difficult at this time to determine the necessary administrative costs. These costs will

be dependent on the amount of grant funds available, and the number and complexity of grants to be administered. For federal grant programs administered by the Authority, 7% to 10% of grant funds are normally needed to properly administer a program.

Amends the Toll Highway Act. Provides that the Act constitutes an irrevocable and continuing appropriation from the Illinois State Toll Highway Authority Fund for amounts to pay principal, interest, and other bond expenses and obligations (instead of the Fund being considered always appropriated for the purposes of repayment of debt service and other bond obligations). Provides that all other expenses, including ordinary and contingent expenses, are subject to annual appropriation. Provides that, before bonds may be issued for or construction may be commenced on any new segment of toll highway, the issuance of bonds for or the commencement of construction of that particular segment must be approved by law (rather than authorized by joint resolution of the General Assembly). Provides that any general increase in toll rates must have the prior approval of the General Assembly by a three-fifths majority vote. Provides that the State guarantees payment of bonds issued before the effective date of the amendatory Act, and requires the Authority to maintain a debt service fund with respect to revenue bonds outstanding on the effective date of this amendatory Act.

30 ILCS 805/8.26 new

Amends the Chicago Firefighter Article of the Illinois Pension Code. Compounds the automatic annual increase in retirement annuity. For firemen born on or after January 1, 1945 and before January 1, 1950, increases the automatic annual increase in retirement annuity to 3%, removes the 30% maximum, and permits the initial increase at age 55. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Illinois Pension Laws Commission)  
According to an analysis prepared by the Fund's actuary (based on the December 31, 2000 actuarial valuation), HB 4196 would increase the accrued liability of the Chicago Firefighters' Fund by an estimated \$60.0 million. The level dollar annual payment needed to amortize the estimated increase in unfunded liability over 40 years is \$4.9 million. The estimated annual increase in normal cost is \$649,000, or 0.24% of payroll. Therefore, the estimated increase in total annual cost is \$5.5 million, or 2.00% of payroll. As annual normal cost increases (as a dollar amount), the total annual cost will also increase.

Amends the Personnel Code. Establishes a preference in an entrance examination of 5 points for a qualified person who has been wrongfully accused of a crime for which the person was imprisoned in a State prison and a court of competent jurisdiction finds that the evidence that resulted in his or her conviction was erroneous or that new evidence indicates that the person did not commit the crime. Amends the Court of Claims Act. Provides that claims against the State for time unjustly served in State prisons must be automatically heard and payment made within 120 days after the person who unjustly served time is discharged from prison. Provides that the claim may be made if a court finds that the evidence that resulted in the person’s conviction was erroneous or that new evidence indicates that the person did not commit the crime for which he or she was convicted (now only the issuance of a pardon by the Governor on the grounds of innocence may be the basis of a claim). Increases the maximum statutory awards to a person released from prison because of these factors. Effective immediately.

FISCAL NOTE (Court of Claims)

The Court currently pays claims for illegal incarceration that have been adjudicated and awarded. To be eligible, the person must have received a gubernatorial pardon. As of 12/31/01, the maximum awards are: for imprisonment of 5 years or less, \$62,400 (HB 4415, \$85,350), 5 to 14 years, \$124,800 (HB 4415, \$170,700) and over 14 years, \$145,600 (HB 4415, \$199,150). The fiscal impact of HB 4415 cannot be accurately determined because the number of awards to be made in the future is unknown. In FY 00, three claims were paid totaling \$386,475; FY 01, 2 claims for a total of \$240,600; and FY 02, 1 claim of \$125,036.

Requires the Department of Public Health and the State Board of Education to conduct a study to conclusively establish the direct correlation between Illinois school districts with high levels of lead poisoning and high levels of learning-disabled students. Requires the Department to (1) determine whether the Lead Poisoning Prevention Act in its current form is sufficient to abate the lead poisoning or whether the provisions of the Act should be expanded to accomplish that result and (2) calculate (i) the cost of this abatement to the State versus (ii) the monetary and social benefit of reducing the number of learning-disabled children who require additional education because of their disabilities. Requires completion of the study by January 1, 2003. Effective immediately.

FISCAL NOTE (State Board of Education)

HB 4440 requires the Department of Public Health (DPH) to use data it already has on children with lead poisoning. It requires SBE to provide data it already has on students with

learning disabilities to DPH. There may be costs for DPH to correlate the data sets and establish the list and to compare the costs of abatement with the costs of educating children with disabilities. These costs should be minor.

Makes changes to the provisions concerning the David A. DeBolt Teacher Shortage Scholarship Program, including changing the name to the ITEACH Teacher Shortage Scholarship Program, allowing a person en-

In the Minority Teachers of Illinois scholarship provisions, allows students to pursue teaching careers at the preschool level and provides that a recipient who withdraws from a teacher education program (instead of the scholarship program) but remains enrolled in school is not required to commence repayment at that time. In the special education teacher scholarship provisions, provides that for a high school student who has not yet graduated, his or her scholastic rank must be in the upper one-half of the class at the end of the sixth (instead of seventh) semester and provides that the scholarship amount for a recipient enrolled at the freshman level may not exceed \$5,000. 65 ILCS 5/1-4-6 from Ch. 24, par. 1-4-6  
 745 ILCS 10/9-102 from Ch. 85, par. 9-102

Amends the Illinois Municipal Code. Removes the provision that a municipality, having a population of less than 500,000, must indemnify a police officer only to the extent of \$500,000, which includes the cost of the action. Removes the requirement that, before the municipality has a duty to indemnify an officer, the police officer must notify the municipality of the officer's being made a party-defendant in a case involving the officer's performance of duties as a police officer. Amends the Local Governmental and Governmental Employees Tort Immunity Act. Provides that a local public entity is empowered and directed to pay any tort judgment or settlement for "any and all" (instead of "compensatory") damages.

**FISCAL NOTE** (Illinois Courts Administrative Office)  
 Though HB 4915 would increase the potential liability of local governments for actions of non-judicial employees of the circuit courts, the direct fiscal impact of the bill on the judicial branch would be minimal.

**JUDICIAL NOTE** (Illinois Courts Administrative Office)  
 HB 4915 could increase judicial workloads. However, it is not anticipated that the bill would increase the number of judges needed in the State.

**HOME RULE NOTE**  
 (Department of Commerce and Community Affairs)  
 HB 4915 does not contain language indicating a limitation of home rule powers and functions. Therefore, in the opinion of DCCA, HB 4915 does not pre-empt home rule authority.

**HOUSE AMENDMENT NO. 1.**

Requires a municipality, having a population of less than 500,000, to indemnify a police officer to the extent of \$1,000,000 (instead of \$500,000), which includes the costs of the action. Provides that the indemnified police officer must, within 20 (instead of 10) days, notify the municipality of the officer's being made a party-defendant in a case involving the officer's performance of duties as a police officer. Amends the Local Governmental and Governmental Employees Tort Immunity Act. Includes "attorney fees and costs" in the "compensatory damages" that a local public entity is empowered and directed to pay with respect to any tort judgment or settlement.

Amends the State Mandates Act to exempt from reimbursement. Some provisions are effective immediately.

FISCAL NOTE (Illinois State Police)

If House Bill 5628 would become law, there would be a significant fiscal impact upon the Illinois State Police of \$950,000 relating to equipment acquisition, plus an undetermined level of capital expenditures to modify existing structures to comply with the Act, as well as underfined costs associated with officer training. Additionally, grants to cover costs of purchase of videotaping or digital video equipment for local police agencies is estimated to cost \$12.5 million. This figure does not reflect costs associated with training officers or costs to cover capital improvements that may be required by local police agencies.

 30 ILCS 805/8.26 new

Amends the Downstate Firefighter Article of the Illinois Pension Code. When a municipal fire department is discontinued and the affected territory is annexed by a fire protection district, provides for transfer of the assets and liabilities of the municipality's firefighters' pension fund to the pension fund of the fire protection district. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Illinois Pension Laws Commission)  
 The fiscal impact of Hb 5633 cannot be determined, but is estimated to be minor, as the number of funds that would be affected by the draft is probably very small. There may be a fiscal impact to the pension funds of the fire protection districts, as the liabilities transferred to that fund would probably be greater than the transferred assets.

FISCAL NOTE (Office of Illinois Courts)

The fiscal impact of House Bill 5713 cannot be estimated, because the number of cases subject to a court ordered payment schedule is unknown, and the number of cases affected would vary by county.

JUDICIAL NOTE (Office of Illinois Courts)

725 ILCS 5/110-7 from Ch. 38, par. 110-7

Amends the Code of Criminal Procedure of 1963. Provides that when the conditions of the bail bond have been performed and the accused has been discharged from all obligations, the court shall order the return of 80% (rather than 90%) of the bail amount and shall retain 20% (rather than 10%) of the amount deposited as bail bond costs. Provides that the court shall not order bail bond deposited by or on behalf of a defendant in one case to be used to satisfy the financial obligations of that same defendant in a different case until the bail bond is first used to satisfy any unpaid child support obligations.

FISCAL NOTE (Office of Illinois Courts)  
House Bill 5714 would substantially increase the amount of money retained for bond cost, which would increase revenues for county government. The fiscal impact of HB 5714 will vary by county.

Limits small businesses to those with 25 or fewer employees. Amends the State Finance Act to provide for payments made on behalf of the small business employees to be deposited into the Small Employers Health Insurance Reserve Fund. Effective January 1, 2003.

**FISCAL NOTE (Department of Insurance)**

House Bill 5963 will have no fiscal impact on the Department.

**FISCAL NOTE (Department of Central Management Services)**

Assuming 1 - 2% of the approximately 282,000 registered small businesses that would be eligible to apply did apply during the first year, estimated first year administrative costs would be \$600,000, including 7 - 10 staff members. Subsequent fiscal year administrative costs would begin at approximately \$500,000 and would likely increase with increased participation. Since all Plan expenses are borne by the participating units, this legislation would have minimal fiscal impact to the State. However, expenditure authority for the Small Employers Health Insurance Reserve Fund would have to be appropriated to cover payments for medical claims and administrative costs. An initial GRF appropriation of \$600,000 is needed for program start-up costs.

40 ILCS 5/7-109.3	from Ch. 108 1/2, par. 7-109.3
-------------------	--------------------------------

Amends the IMRF Article of the Illinois Pension Code. Provides that a person who is employed as an investigator on a full-time basis by the Office of a State's Attorney and performs police duties may participate in the Fund as a sheriff's law enforcement employee (SLEP); requires county board approval. Effective immediately.

PENSION NOTE (Illinois Pension Laws Commission)

The fiscal impact of HB 6020 cannot be determined, as the number of counties that would allow eligible employees to become SLEP members is unknown. There would be an increase in accrued liabilities and annual costs for counties that allow full-time investigators (with police duties) for the Office of a State's Attorney to be included under the SLEP formula.

Proposes to amend the Legislature Article of the Illinois Constitution. Provides that a Representative District (for election of a member of the House of Representatives) need not be entirely within a single Senatorial District (for election of a member of the Senate, now referred to as a Legislative District). Provides that (i) the Senate redistricts Senatorial Districts by resolution adopted by a record vote of three-fifths of the members elected and (ii) the House of Representatives redistricts Representative Districts by resolution adopted by a record vote of three-fifths of the members elected (now, redistricting is by law). Eliminates the Legislative Redistricting Commission. Provides instead that if a Senatorial or Representative redistricting plan is not adopted by June 15 of the year following a federal decennial census year, then the State Board of Elections shall produce a redistricting plan using a computer program. Requires the State Board of Elections to designate its computer program by April 15. The computer program designated by the State Board of Elections must disregard specified data and must consider

certain prioritized factors; the computer program shall otherwise produce districts in a random manner. Authorizes the House and Senate to designate different computer programs for their respective chambers; doing so requires adoption of a resolution by a three-fifths vote on or before June 15. Removes the requirement that actions concerning redistricting the House or Senate may be initiated only by the Attorney General. Increases the number of Representatives from 118 to 119. Proposes to amend the Constitutional Revision Article to make a change to conform nomenclature. Effective beginning with redistricting in 2011 and applies to members elected in 2012 and thereafter.
