HB-3722 FRITCHEY.

205 ILCS 616/50

Amends the Electronic Fund Transfer Act. Provides that a surcharge for use of a terminal may not be imposed if the transaction does not affect an account held by the consumer with the owner or operator of the terminal and the transaction is conducted through a national or regional electronic banking network. Prohibits the imposition of fees upon a consumer for the use of a Link card or other access device used to obtain benefits under the Illinois Public Aid Code.

FISCAL NOTE (Office of Banks and Real Estate)
 HB 3722 would not require any significant new resources or additional headcount and would create no fiscal impact on the Office of Banks and Real Estate (OBRE). The agency may receive some additional complaints and be required to make determinations on ATM ownership and whether or not a State bank or thrift violated the law. In limited instances, OBRE may conduct a visitation at a State bank and advise them that they need to correct the problem, but general compliance is anticipated among affected financial institutions.

Amends the State Employee Article of the Illinois Pension Code to remove the Social Security offset against widow and survivor annuities for all annuitants, beginning January 1, 2003. Effective immediately.

PENSION NOTE (Pension Laws Commission)

According to the System’s actuary, HB 3758 would increase the accrued liabilities of the SERS by an estimated \$219 million. The estimated increase in the required annual State contribution, per P.A. 88-593 is as follows:

FY 2003 estimated payroll	\$ 3,762.0 million
FY 2003 estimated contributions	0.0
FY 2004 estimated payroll	3,890.0 million
FY 2004 estimated contributions	0.0
FY 2005 estimated payroll	4,020.0 million
FY 2005 estimated contributions	4.1 million
FY 2010 estimated payroll	4,711.0 million
FY 2010 estimated contributions	31.2 million
FY 2020 estimated payroll	6,518.0 million

FY 2020 estimated contributions	43.2 million
FY 2030 estimated payroll	9,445.0 million
FY 2030 estimated contributions	62.6 million
FY 2045 estimated payroll	17,042.0 million
FY 2045 estimated contributions	112.8 million

Even with the elimination of the Social Security offset and the resulting increase in accrued liability, required State contributions to SERS are not expected to change until FY 2005, as the minimum statutory rates established by P.A. 90-65 are expected to be higher than the calculated actuarial rates (per P.A. 88-953) until then.

HB-3761 FEIGENHOLTZ.

35 ILCS 405/2 from Ch. 120, par. 405A-2

Amends the Illinois Estate and Generation-Skipping Transfer Tax Act. Provides that "State tax credit" means the credit for state tax allowable under certain provisions of the Internal Revenue Code as computed under the federal estate tax law in effect on December 31, 2000 (now, allowable under those provisions of the Internal Revenue Code as amended from time to time). Effective January 1, 2003.

FISCAL NOTE (Attorney General)

The changes proposed by HB 3761 will have little impact on FY 2003 estate tax revenues because of the bill's effective date of January 1, 2003. The estate tax is generally paid nine months after death. Thus, for persons dying on January 1, 2003, the effects of the bill will not be seen until the beginning of the second quarter of FY 2004, on October 1, 2003. As a result the A.G. Office estimates that Illinois will still see a \$139 million revenue loss in FY 2003. Even if the bill became effective on July 1, 2002, Illinois would still lose \$92 million for FY 2003 since the proposed changes would have no effect on the estates of persons dying between January 1, 2002 and June 30, 2002. In FY 2004 and thereafter, the bill would have the intended effect of fully restoring revenue that otherwise would be lost. If the bill becomes law, the A.G. Office estimates that in FY 2004 it would save \$240 million in estate tax revenues that will otherwise be lost.

Amends the Property Tax Code. Makes a technical change in a Section concerning leased low-rent housing abatement.

HOUSE AMENDMENT NO. 1.

Deletes everything after the enacting clause. Amends the Property Tax Code with respect to leased low-rent housing abatements. Provides that, to be eligible for a leased low-rent housing abatement, the property must (i) not be exempt under the Code as housing authority property (new requirement); (ii) be subject to a leasing agreement, regulatory and operating agreement, or similar instrument with a housing authority that sets forth the terms for leasing low-rent housing (now, consist of 6 units or more leased to a housing authority for low-rent housing and related uses); and (iii) be used, for a period of 20 years, solely for low-rent housing and related uses (same as current law). Provides that the certificate of the property's use during the immediately preceding year required to be filed by the housing authority shall certify that the eligible residential units have been inspected within the previous 90 days (now, 60 days). Provides that, if the property is improved with an eligible multifamily dwelling or multi-building development containing residential units, a certification of eligibility may be filed for no more than 40% (now, one-third) of those residential units. Provides that if property receives an abatement under these provisions, the rental rate set under the lease, regulatory and operating agreement, or other similar instrument for that property shall not include property taxes (now, if a housing authority is the lessee of property that is eligible for an abatement under these provisions, the lease shall reflect a reduction in payments due under the lease from the housing authority in the full amount of the abatement). New Act

30 ILCS 805/8,26 new

735 ILCS 5/7-103,139 new

Creates the Illinois Emergency Health Powers Act. Allows the Governor, by executive order, to declare a public health emergency if specified conditions are met. Gives the Governor broad emergency powers, including financial powers. Designates the Department of Public Health as the public health authority and the Department of State Police as the public safety authority. Also designates local government agencies as public health and public safety agencies. Allows the Departments and local agencies to specifically authorize others to act. Provides for termination of a declaration of a public health emergency by the Governor or the General Assembly and provides for automatic termination after 30 days unless renewed. Provides for detecting, reporting, and tracking public health emergencies, for activation of disaster response and recovery agencies, and for dissemination of information. Authorizes special powers for the protection of persons (including medical exams and tests, isolation and quarantine, and access to protected health information) and for the management of property (including quick-take powers of eminent domain). Authorizes special powers for licensing and appointing health personnel. Provides for certain penalties. Provides for immunity from liability. Provides that the Act controls over conflicting laws and rules. Preempts home rule powers. Exempts from the reimbursement requirements of the State Mandates Act. Amends the Code of Civil Procedure to authorize quick-take powers of eminent domain. Effective immediately.

FISCAL NOTE (Illinois Emergency Management Agency)

HB 3809 would allow for expenditures for eligible costs up to \$50,000,000 for any fiscal year in which a public health emergency is declared and would provide for prior year expenditures to pay for costs incurred in a previous year. Prior year expenses must apply toward the \$50,000,000 expense limit for the fiscal year in which they were authorized.

FISCAL NOTE (Illinois State Police)

If HB 3809 were to become law, there would be no fiscal impact to the Illinois State Police.

FISCAL NOTE (Illinois Department of Public Health)

The fiscal impact of House Bill 3809 on DPH is indeterminable at this time and will largely depend on if the Governor is ever forced to declare a "public health emergency" and the nature and severity of the emergency.

STATE MANDATES NOTE

(Illinois Department of Commerce and Community Affairs)
 In the opinion of DCCA, HB 3809 creates a service mandate for which reimbursement of 50%-100% of the increased costs to units of local government would normally be required under the State Mandates Act. It also creates a local government organization and structure mandate for which reimbursement is not required. HB 3809, however, amends the State Mandates Act to require implementation of the bill's provisions without reimbursement.

60 ILCS 1/255-5

Amends the Township Code. For the period of one year, allows township boards of townships located in a county with a population of less than 100,000 to, by ordinance, transfer moneys from the public assistance fund to the road and bridge fund if an amount of at least \$5,000 remains in the public assistance fund. Effective immediately.

HOUSE AMENDMENT NO. 1.

Deletes reference to:
 60 ILCS 1/255-5
 Adds reference to:
 60 ILCS 1/235-20

Deletes everything. Amends the Township Code. Provides that the optional one-time transfer of moneys from the general assistance fund to the general township fund may not be completed later than one year after the effective date of this amendatory Act (instead of “the end of fiscal year 1992”). Provides that any township that has certified a new levy or an increase in the levy during the calendar year 2002 (instead of 1990) may not use the optional one-time transfer of funds. Effective immediately.

SENATE AMENDMENT NO. 1.

Provides that certain townships may transfer moneys from the general assistance fund only if the amount remaining in the fund after the transfer is equal to the greater of (i) the amount of the township’s expenditures in the previous fiscal year for general assistance or (ii) an amount equal to either 0.10% of the last known total equalized value of all taxable property in the township or 100% of the highest amount levied for general assistance purposes in any of the 3 previous fiscal years (instead of just “0.10% of the last know total equalized value of all taxable property in the township”).

SENATE AMENDMENT NO. 2.

Makes a technical correction to Senate Amendment #1.

The price of brick shall be determined by market forces.

705 ILCS 105/29

Creates the Public Financing for Judicial Campaigns Act. Sets requirements for qualifying for the public financing benefits. Limits the amount of private contributions qualified candidates may accept. Provides that qualified candidates must be distributed a line of credit from moneys in the Democracy Trust Fund to be used for lawful political expenditures. Provides for the increase of the line of credit if non-complying candidates make certain expenditures. Sets penalties for violations of the Act. Prohibits mass mailings on behalf of candidates for the office of Judge of the Supreme Court using State moneys during the period from June 1 preceding a general election until November 30 following a general election. Provides that the Illinois Supreme Court may, in its discretion, require attorneys to contribute money to the Democracy Trust Fund. Contains other provisions. Amends the State Finance Act. Creates the Democracy Trust Fund. Amends the Illinois Income Tax Act. Provides that \$1 from each Illinois income tax of each individual be placed into the Democracy Trust Fund, unless the taxpayer indicates an objection to the allocation on the income tax return. Amends the Clerks of Courts Act. Provides that \$1 collected from each filing fee and appearance fee of civil cases in which the amount of money or damages or the value of personal property claimed exceeds \$10,000 shall be paid into the Democracy Trust Fund. Effective immediately.

FISCAL NOTE (State Board of Elections)

It is estimated that approximately \$50,000 (hiring of additional staff, hearing officers and investigators to ensure compliance) will be needed by the State Board of Elections to implement the requirements of HB 4075, as introduced. However, the presence of several variables presents difficulties in developing a firm assessment of costs. Items such as the number of candidates participating, the number of violations that may occur and the number of investigations conducted will affect the initial and long-range costs. If no candidates participate,

there will be no cost to the State Board of Elections.

STATE MANDATES NOTE

(Department of Commerce and Community Affairs)

In the opinion of DCCA, HB 4075 does not meet the definition of a State mandate under the State Mandates Act.

35 ILCS 5/213 new

Amends the Illinois Income Tax Act. Creates the educational improvement tax credit program. Provides that, beginning with tax years ending after December 31, 2002, an entity authorized to do business in Illinois and subject to Illinois income taxes (a business firm) is entitled to an income tax credit for contributions to a qualified student assistance organization in the taxable year in which the contribution is made. Provides that the credit shall not exceed 75% of each dollar contributed during the taxable year (90% if the business firm provides a written commitment to make the same amount of contribution for 2 consecutive tax years) and caps the credit at \$100,000 annually per business firm. Defines "qualified student assistance organization" as a non-profit entity that contributes at least 80% of its annual receipts for scholarships or to enhance educational options for qualifying students. Defines "qualifying student" as an Illinois resident below age 21 who is a student and who lives in a household with a certain limited income. Provides that the credit may not be carried forward or back. Provides that the Department of Revenue must approve all credits and may not approve credits in an aggregate amount above \$50,000,000 each State fiscal year. Requires the Department of Revenue to adopt rules and exempts the credit from the sunset provisions. Effective immediately.

FISCAL NOTE (Department of Revenue)

It is difficult to estimate the fiscal impact of HB 4077 since, in part, it would be dependent upon the amounts contributed by businesses to a qualified student assistance organization.

HB 4077 does, however, propose to cap the credit at no more than \$50 million in any State fiscal year. While the bill caps the amount of the credit at \$50 million annually, the administrative expenses incurred by the Department to verify that a student assistance organization qualifies would be significant.

In short, the Department would have to audit each organization to which a donation is proposed and review all of the organization's documents related to expenditures and applications for which scholarships were granted to determine whether 80% was contributed to qualifying students for qualifying purposes.
 STATE MANDATES NOTE (Illinois State Board of Education)
 This bill imposes no mandates on local school districts. To the extent that tax credits taken under this legislation reduce State revenues, the money available for State financial assistance to local schools will be reduced.

HOUSE AMENDMENT NO. 1.

New Act

Creates the Illinois Ex-Offenders Employment Stabilization Act. Provides that the Department of Employment Security shall establish a grant program titled the Illinois Ex-Offenders Employment Stabilization Program. The program applies to local governments where the number of residents under State community correctional supervision is 10,000 or more and with a recidivism rate of 25% or more. Provides that the Governor shall appoint an Ex-Offenders Employment Stabilization Program Advisory Board, which shall prepare and recommend rules for the program, determine criteria and procedures for grant awards, review grant applications, and make recommendations to the Department concerning grant awards. Provides requirements for grant proposals. Provides that funds may be appropriated to the Department to pay its costs of administering the program. Effective immediately.

HOUSE AMENDMENT NO. 1.

Deletes reference to:

New Act

Adds reference to:

20 ILCS 3930/7.2 new

Deletes everything. Amends the Illinois Criminal Justice Information Act. Provides that the Illinois Criminal Justice Information Authority shall establish a grant program titled the Illinois Ex-Offenders Employment Stabilization Pilot Program. The program applies to local governments where the number of residents under State community correctional supervision is 10,000 or more and with a recidivism rate of 25% or more. Provides that the Authority may discontinue the program if the program fails to meet its objectives. Provides the appointment of an Ex-Offenders Employment Stabilization Pilot Program Advisory Board, which shall prepare and recommend rules for the program, determine criteria and procedures for grant awards, review grant applications, and make recommendations to the Authority concerning grant awards. Sets requirements for grant proposals. Provides that funds may be appropriated to the Authority to pay its costs of administering the program. Effective immediately.

CORRECTIONAL NOTE (Illinois Department of Corrections)

No new incarceration sanctions or enhanced incarceration penalties are associated with this offense. Therefore, there is no corrections population or fiscal impact on the Department.

FISCAL NOTE, H-AM 1

(Illinois Criminal Justice Information Authority)

It is difficult to determine the fiscal impact of HB 4103, as amended, at this time. The amount of funds needed for grant programs would be dependent on the decisions of the Ex-Offenders Employment Stabilization Advisory Board that would be created by the bill. It is also difficult at this time to determine the necessary administrative costs. These costs will be dependent on the amount of grant funds available, and the number and complexity of grants to be administered. For federal grant programs administered by the Authority, 7% to 10% of grant funds are normally needed to properly administer a program.

HOUSE AMENDMENT NO. 5.

Deletes everything. Reinserts the provisions of House Amendment No. 1 with the following changes: changes the composition of the Advisory Board; provides that the grant proposal requirements are not limited to those specified; provides that the purpose is to assist qualified individuals; provides that expenditure of funds is subject to appropriation; and repeals the new provisions on December 31, 2007. Effective immediately.

FISCAL NOTE, H-AM 5

(Illinois Criminal Justice Information Authority)

Same as previous fiscal note.

SENATE AMENDMENT NO. 1.

20 ILCS 3930/7.2 new

Adds reference to:

20 ILCS 3930/1 from Ch. 38, par. 210-1

Deletes everything. Amends the Illinois Criminal Justice Information Act. Makes a technical change in the Section concerning the short title.

HB-4106 COLVIN – HOWARD – YARBROUGH – FLOWERS – BROSNANAHAN, HOFFMAN, COLLINS, MILLER, FRITCHEY, FEIGENHOLTZ, JEFFERSON, TURNER, ART, MURPHY, DART AND LYONS, JOSEPH.

New Act

Create the Tax Refund Anticipation Loan Act. Requires persons engaged in the business of making or facilitating tax refund anticipation loans to register with the Department of Financial Institutions. Provides that certain disclosures regarding interest and fees must be made in conjunction with tax refund anticipation loans. Authorizes the Department of Financial Institutions to impose civil penalties for violation. Provides borrowers a private remedy. Authorizes the award of attorney's fees. Provides that certain violations constitute a Class A misdemeanor. Effective July 1, 2002.

HOME RULE NOTE

(Illinois Department of Commerce and Community Affairs)

HB 4106 concerns the Department of Financial Institutions and private industry. The legislation does not affect a unit of local government, nor does it pre-empt home rule powers.

Therefore, in the opinion of DCCA, HB 4106 does not pre-empt home rule authority.

HOUSE AMENDMENT NO. 1.

Replaces everything after the enacting clause. Creates the Tax Refund Anticipation Loan Disclosure Act. Requires persons who make tax refund anticipation loans to make specific disclosures to borrowers concerning fees, the date loan proceeds will be disbursed, and the average time within which refunds may be expected with regard to electronically filed tax returns. Eliminates the role of the Department of Financial Institutions. Effective July 1, 2002.

HOUSE AMENDMENT NO. 2.

Changes the term "creditor" to "facilitator" and the term "debtor" to "borrower". Excludes licensees under the Consumer Installment Loan Act from the scope of the Act. Requires disclosure of a fee schedule rather than of the fee for a tax refund anticipation loan. Effective January 1, 2003.

HOUSE AMENDMENT NO. 3.

Changes the term "creditor" to "facilitator" and the term "debtor" to "borrower". Excludes licensees under the Consumer Installment Loan Act from the scope of the Act. Requires disclosure of a fee schedule rather than of the fee for a tax refund anticipation loan. Requires disclosure of the estimated date that loan proceeds will be paid if the loan is approved. Effective January 1, 2003.

FISCAL NOTE, H-AM 3 (Attorney General)

This bill will not have a measurable fiscal impact on the Attorney General Office. Because the number of referrals DFI may make under this Act is unknown, it is difficult to precisely predict a fiscal impact, although it is not expected that fiscal impact would be significant.

HB-4129 MCKEON – CURRIE – JOHNSON – JONES, LOU – BROSNAN, DELGADO, DAVIS, MONIQUE, FLOWERS, YARBROUGH, SOTO AND JONES, SHIRLEY.

705 ILCS 405/5-130

Amends the Juvenile Court Act of 1987. Provides that a minor who is subject to automatic prosecution as an adult may be tried and sentenced as a delinquent minor upon motion of a party or the court and a hearing conducted by the court. The court must consider certain factors and determine, based on a preponderance of the evidence, that the minor would be amenable to the care, treatment, and training programs available through the facilities of the juvenile court based on an evaluation of the specified factors. Provides that if, after hearing the evidence, the court finds that the minor has no previous delinquent or criminal history and the minor is charged with an offense relating to the illegal manufacture or delivery of a controlled substance, there is a rebuttable presumption that the minor is a fit and proper subject to be dealt with as a delinquent minor.

FISCAL NOTE (Illinois Courts Administrative Office)

HB 4129 would have minimal impact on the judicial branch.

JUDICIAL NOTE (Illinois Courts Administrative Office)

HB 4129 would neither increase nor decrease the number of judges needed in the State.

HOUSE AMENDMENT NO. 1.

Deletes everything. Reinserts the provisions of the bill with the following changes: (1) eliminates provisions requiring that a minor at least 15 years of age be prosecuted and tried as an adult for controlled substance offenses committed on school grounds,

school buses, or public housing property; (2) provides that at the hearing requesting that a minor who is otherwise required to be prosecuted as an adult be prosecuted as a delinquent minor, any material and relevant evidence is admissible; and (3) eliminates the factor to be considered at the hearing that there are resources particularly available to the Juvenile Court or the Department of Corrections, Juvenile Division, for treatment and rehabilitation of the minor.

FISCAL NOTE, H-AM 2 (Illinois State Police)

If House Bill 4129 (H-am 2), were to become law, there would be no fiscal impact to the Illinois State Police.

JUDICIAL NOTE, H-AM 2 (Illinois Courts Administrative Office)

This legislation would neither increase nor decrease the number of judges needed in the State.

HOUSE AMENDMENT NO. 2.

Deletes everything. Reinserts the provisions of the bill as amended with the following changes: (1) limits the provisions permitting a minor at least 15 years of age otherwise subject to adult prosecution to be tried and sentenced as a delinquent minor only to cases in which the minor committed controlled substance offenses on school grounds, school buses, or public housing property; (2) restores provisions of the law requiring adult criminal prosecution of a minor at least 15 years of age who committed a controlled substance violation on school grounds, school buses, or public housing property and who is not tried and sentenced as a delinquent minor; and (3) eliminates the factor to be considered at the hearing that there are resources particularly available to the Juvenile Court or the Department of Corrections, Juvenile Division, for treatment and rehabilitation of the minor.

HOUSE AMENDMENT NO. 3.

Deletes everything. Reinserts the provisions of the bill as amended with the following changes: limits the provisions permitting a minor at least 15 years of age otherwise subject to adult prosecution to be tried and sentenced as a delinquent minor only to cases in which the minor committed controlled substance offenses on school grounds, school buses, or public housing property other than a Class X felony violation of the Illinois Controlled Substances Act.

HB-4155 SCHOENBERG – GARRETT – OSTERMAN.

605 ILCS 10/16.2 new

Amends the Toll Highway Act. Prohibits directors of the Illinois State Toll Highway Authority, their employees, and agents from receiving financial benefit from the letting of Authority contracts during their terms of service and for a period of one year following termination of their positions or employment with the Authority. Extends this prohibition to the immediate family or household members of the directors, employees, and agents of the Authority. Prohibits those persons from using material non-public information obtained as a result of their positions with the Authority or their family or household members' positions for their personal financial benefit and prohibits them from disclosing that information to others.

STATE MANDATES NOTE, H-AM 1, 2, 3

(Illinois Department of Commerce and Community Affairs)

In the opinion of DCCA, HB 4155 (H-ams 1, 2, 3) does not meet the definition of a State mandate under the State Mandates Act.

STATE DEBT NOTE, H-AM 1, 2, 3

(Economic and Fiscal Commission)

HB 4155, as amended by H-ams 1, 2 and 3, could affect the State's bonded indebtedness by an undetermined amount.

FISCAL NOTE (Illinois State Toll Highway Authority)

HB 4155 would likely require a refunding of outstanding bonds, requiring payment of bond interest plus allocation of necessary maintenance and operations expenses under the Tollway indenture. The current outstanding debt of the Tollway Authority is \$815 million. This entire amount could become a contingent liability of the State and impact the State's credit. There could also be an impact on the creditworthiness of the Tollway Authority causing a possible downgrade in its credit rating.

35 ILCS 5/212

Amends the Illinois Income Tax Act. Deletes language that repeals the earned income tax credit on June 1, 2003. Effective September 1, 2002.

FISCAL NOTE (Department of Revenue)
For income tax returns filed in 2001 for tax year 2000, the aggregate amount of earned income tax credits (EICs) claimed by Illinois taxpayers amounted to approximately \$39.9 million. The Department received an additional \$35 million transfer from the Tobacco Settlement Fund to the Income Tax Refund Fund to pay EICs. As noted, the actual cost, to date, for the first year exceeded the appropriation by almost \$5 million. The public act creating the EIC provides for the \$35 million transfer of funds to pay for the additional refunds for all 3 years. HB 4172 does not provide for the continuation of these transfers.

HOUSE AMENDMENT NO. 1.

Deletes everything after the enacting clause. Reinserts the bill as introduced but also deletes language that provides that the credit is allowed only for years ending on or before December 31, 2002 (removes the termination date for the credit). Exempts the credit from the sunset requirements of the Act. Effective September 1, 2002.

SENATE AMENDMENT NO. 1.

Adds reference to:

720 ILCS 5/12-4 from Ch. 38, par. 12-4

Provides that it is aggravated assault or aggravated battery if the defendant knows that the individual assaulted or harmed is an employee of a police or sheriff's department engaged in the performance of his or her authorized duties as such employee. Eliminates from the statute defining the offense of aggravated assault, that the emergency medical technician or other medical assistance or first aid personnel must be employed by a municipality or other governmental unit.

SENATE AMENDMENT NO. 2.

Makes the same changes as Senate Amendment No. 1, except that it restores, as an element of the offense when committed against an emergency medical technician, ambulance driver or other medical assistance or first aid personnel, a requirement that the person knows that he or she is assaulting the victim while the victim is performing his or her official duties (rather than his or her duties), or that the person knows that he or

she is assaulting the victim to prevent him or her from performing his or her official duties (rather than his or her duties) or in retaliation for the performance of his or her official duties (rather than his or her duties).

GOVERNOR'S AMENDATORY VETO MESSAGE

Recommends that references to "official" duties be restored in the aggravated assault statute in relation to the commission of an aggravated assault being committed against an emergency medical technician, ambulance driver, or other medical assistance or first aid personnel in the performance of his or her duties. In the aggravated battery statute, provides that the sheriff or police employee harmed must be engaged in the performance of his or her official duties rather than authorized duties. Adds a January 1, 2003 effective date.

Amends the State Treasurer Act and the Illinois Income Tax Act. Exempts College Savings Pool moneys from a participant's or designated beneficiary's creditors and from consideration of a beneficiary's eligibility for scholarships awarded by the State. For Illinois income tax purposes, redefines an individual's adjusted gross income to (i) include earnings on college savings and tuition programs other than the College Savings Pool and the Illinois Prepaid Tuition Program and (ii) remove rollover contributions from the exemption for College Savings Pool contributions. Effective immediately.

FISCAL NOTE (State Treasurer)

HB 4187 will save the State significant lost revenues. Under current law, due to changes in Federal tax laws, the State could lose approximately \$3 million in exempted interest earnings on investments in out-of-state college savings programs, also a possible loss of \$6 million in deductions for investments in college savings transferred from out-of-state programs. This bill will prevent that loss.

HOUSE AMENDMENT NO. 1.

In the State Treasurer Act, removes the exemption of College Savings Pool moneys from a participant's or beneficiary's creditors.  30 ILCS 805/8.26 new

Amends the Chicago Firefighter Article of the Illinois Pension Code. Compounds the automatic annual increase in retirement annuity. For firemen born on or after January 1, 1945 and before January 1, 1950, increases the automatic annual increase in retirement annuity to 3%, removes the 30% maximum, and permits the initial increase at age 55. PENSION NOTE (Illinois Pension Laws Commission)

According to an analysis prepared by the Fund's actuary (based on the December 31, 2000 actuarial valuation), HB 4196 would increase the accrued liability of the Chicago Firefighters' Fund by an estimated \$60.0 million. The level dollar annual payment needed to amortize the estimated increase in unfunded liability over 40 years is \$4.9 million. The estimated annual

increase in normal cost is \$649,000, or 0.24% of payroll. Therefore, the estimated increase in total annual cost is \$5.5 million, or 2.00% of payroll. As annual normal cost increases (as a dollar amount), the total annual cost will also increase.

The level dollar annual payment needed to amortize the estimated increase in unfunded liability over 40 years is \$1.3 million. The estimated annual increase in normal cost is \$1.6 million, or 0.58% of payroll. Therefore, the estimated increase in total annual cost is \$2.9 million, or 1.07% of payroll. 35 ILCS 505/8 from Ch. 120, par. 424

Amends the Motor Fuel Tax Law. Provides for expiration after fiscal year 2002 of language providing that specified amounts of moneys in the Grade Crossing Protection Fund shall be transferred to the Transportation Regulatory Fund and used to pay the cost of administration of the Illinois Commerce Commission's railroad safety program. Effective immediately.

FISCAL NOTE (Illinois Commerce Commission)
HB 4216 will result in a \$2.25 million decrease in funding to ICC. This money is currently used to fund costs associated with the railroad safety program. The nearly 75% cut in funding would result in significant reductions in staff involved in the field inspection of rail crossing signals, track, rail hazardous material shipments, and railroad company operating practices, as well as eliminating staff engaged in engineering review and approval required by law for grade crossing safety improvement projects.

Establishes qualifications for licenses. Provides that it is a Class 4 felony to engage in the business of selling or transferring firearms without a license. Requires a licensed firearms dealer who sells or transfers a firearm to a person who is not a licensed dealer to report that sale or transfer to the Department of State Police.

FISCAL NOTE (Illinois Courts Administrative Office)

HB 4223 would have a minimal impact on the judicial branch.

JUDICIAL NOTE (Illinois Courts Administrative Office)

There may be a minimal increase in judicial workloads. However,

HB 4223 would not increase the number of judges needed in the State.

PENSION NOTE (Illinois Pension Laws Commission)

Based on the December 31, 2000 valuation, HB 4233 would increase the accrued liability of the Chicago Firefighter's Fund by an estimated \$93.4 million. The level dollar annual payment needed to amortize the estimated increase in unfunded liability over 40 years is \$7.6 million. FISCAL NOTE (State Treasurer)

New Act

Creates the MI Olmstead Initiative of 2002. Provides that the purpose of the Initiative is to establish a program to provide individuals with mental illness or a co-occurring disorder of mental illness and substance abuse with appropriate residential and community-based support services. Requires the Department of Human Services to identify potential participants for the program. Sets forth the services and supports that constitute the program. Requires the Department to annually report to the General Assembly concerning the program.

HOUSE AMENDMENT NO. 1.

Provides that the purpose of the Act is to enable 1,000 (instead of 2,000) persons with mental illness who currently reside in nursing facilities to move to residential settings. Provides that “Institution for mental disease” means a “nursing facility licensed by the Illinois Department of Public Health under the Nursing Home Care Act as defined, consistent with federal regulations, by the Illinois Department of Public Aid”. Removes private and State-operated psychiatric hospitals, residential drug and alcohol treatment centers, and residential psychiatric treatment facilities from the definition of “institution for mental disease”. Requires the Department of Human Services to identify 200 (instead of 400) individuals during each of the 5 years following the implementation of this Act or 1,000 (instead of 2,000) persons to move from institutional settings to alternative residential settings. Provides that the MI Olmstead Initiative shall be designed with a capacity for 1,000 (instead of 2,000) qualified individuals over 5 years.

FISCAL NOTE, H-AM 1
 (Illinois Department of Human Services)
 The estimated average cost per mental health client moved from

a nursing home into a residential setting is \$35,600. Approximately 30% of the clients moved would need Supervised Residential services at an annual cost of \$42,200 and 70% would need Supported Residential services at an estimated annual cost of \$32,800. To fully support 1,000 clients in community residential settings would cost an estimated \$35,600,000.

FISCAL NOTE, H-AM 1 (Department of Public Aid)

410 ILCS 45/14

Amends the Lead Poisoning Prevention Act. Requires physicians and health care providers to conduct lead poisoning screening for girls age 13 or older, for pregnant women who are in the first or third trimester of pregnancy and women participating in the WIC program; also provides for screening for women who are nursing an infant. Requires the Department of Public Health to initiate activities that will ensure that the greatest possible number of at-risk children and women are identified and screened for lead poisoning. Requires the Department to ensure that educational materials are capable of being easily understood by women who are subject to screening for lead poisoning and by parents of children who are subject to screening. Requires the Department to make educational materials particularly available to residents of areas defined as high risk for lead poisoning.

FISCAL NOTE (Illinois Department of Public Aid)
 Lead screening is currently covered for all ages, as ordered by a physician on a case-by-case basis. The Department estimates that 170,000 additional screenings may be required at an estimated cost of \$4.2 million annually.

FISCAL NOTE (Department of Public Health)
 HB 4414 would have a significant fiscal impact on the Department and the local health departments with delegate agency grant agreements to conduct screening and investigations for the Department. It is also expected that there could be an additional fiscal impact to the Department of Human Services which administers the Special Supplemental Food Program for Women, Infants, and Children (WIC).

The grand total for implementing the proposed legislation throughout Illinois would be approximately \$27,500,000 in additional costs to the Department. If the Department of Public Aid provides reimbursements using the same procedures for these groups, the cost to the Department is estimated at \$16,100,000.

Amends the Personnel Code. Establishes a preference in an entrance examination of 5 points for a qualified person who has been wrongfully accused of a crime for which the person was imprisoned in a State prison and a court of competent jurisdiction finds that the evidence that resulted in his or her conviction was erroneous or that new evidence indicates that the person did not commit the crime. Amends the Court of Claims Act. Provides that claims against the State for time unjustly served in State prisons must be automatically heard and payment made within 120 days after the person who unjustly served time is discharged from prison. Provides that the claim may be made if a court finds that the evidence that resulted in the person's conviction was erroneous or that new evidence indicates that the person did not commit the crime for which he or she was convicted (now only the issuance of a pardon by the Governor on the grounds of innocence may be the basis of a claim). Increases the maximum statutory awards to a person released from prison because of these factors. Effective immediately.

FISCAL NOTE (Court of Claims)
 The Court currently pays claims for illegal incarceration that have been adjudicated and awarded. To be eligible, the person must have received a gubernatorial pardon. As of 12/31/01, the

maximum awards are: for imprisonment of 5 years or less, \$62,400 (HB 4415, \$85,350); 5 to 14 years, \$124,800 (HB 4415, \$170,700) and over 14 years, \$145,600 (HB 4415, \$199,150). The fiscal impact of HB 4415 cannot be accurately determined because the number of awards to be made in the future is unknown. In FY 00, three claims were paid totaling \$386,475; FY 01, 2 claims for a total of \$240,600; and FY 02, 1 claim of \$125,036.

STATE MANDATES NOTE, H-AM 1

(Illinois Department of Commerce and Community Affairs)

In the opinion of DCCA, HB 4429 (H-am 1) does not create a State mandate under the State Mandates Act.

HOME RULE NOTE, H-AM 1

(Illinois Department of Commerce and Community Affairs)

HB 4429 (H-am 1) does not pre-empt home rule authority.

FISCAL NOTE, H-AM 1

(Illinois Department of Commerce and Community Affairs)

HB 4429 (H-am 1) does not incur a fiscal impact on DCCA. The effect of the legislation is to provide a mechanism which can be utilized in maintaining adequate funding levels within township budgets for various projects and services. Therefore, to the extent that HB 4429 (H-am 1) affects local revenue, the fiscal impact cannot be reasonably estimated.

410 ILCS 45/2.5 new

Amends the Lead Poisoning Prevention Act. Requires the Department of Public Health and the State Board of Education to conduct a study to conclusively establish the direct correlation between Illinois school districts with high levels of lead poisoning and high levels of learning-disabled students. Requires the Department to (1) determine whether the Lead Poisoning Prevention Act in its current form is sufficient to abate the lead poisoning or whether the provisions of the Act should be expanded to accomplish that result and (2) calculate (i) the cost of this abatement to the State versus (ii) the mon-

etary and social benefit of reducing the number of learning-disabled children who require additional education because of their disabilities. Requires completion of the study by January 1, 2003. Effective immediately.

FISCAL NOTE (State Board of Education)

HB 4440 requires the Department of Public Health (DPH) to use data it already has on children with lead poisoning. It requires SBE to provide data it already has on students with learning disabilities to DPH. There may be costs for DPH to correlate the data sets and establish the list and to compare the costs of abatement with the costs of educating children with disabilities. These costs should be minor.

- 30 ILCS 805/8.26 new

Amends the Illinois Municipal Retirement Fund (IMRF) Article of the Illinois Pension Code. Allows a sheriff's law enforcement employee (SLEP) to convert up to 10 years of non-SLEP service credit into SLEP credit by paying the difference in employee contributions, plus interest. Increases the SLEP retirement formula to 2.5% of the final rate of earnings for each year of SLEP service. Allows a person with at least 20 years of SLEP credit to have the pension based on his or her salary rate on the last day of SLEP service. Compounds the 3% annual increase in retirement annuities for SLEPs who retire on or after January 1, 2003; specifies that those retirees do not receive a supplemental benefit payment (13th check). Increases the basic disability benefit for a sheriff's law enforcement employee whose disability is the result of sickness, accident, or injury incurred in or resulting from the performance of an act of duty, from 50% to 65% of the final rate of earnings. Increases the SLEP surviving spouse benefit to 66% of the deceased SLEP's retirement annuity. Removes the 2-year service requirement for earning new benefits after a return to service as a SLEP. Increases the additional employee contribution paid by SLEPs to 3.1% of salary. Also eliminates the reduction in benefit imposed on a surviving spouse who is more than 5 years younger than the deceased member, for the surviving spouse of any member who dies on or after the effective date. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Pension Laws Commission)
 According to IMRF, when calculated individually, the SLEP benefit increases contained in HB 4449 would increase the accrued liabilities of the Fund by \$126.5 million. The corresponding increase in average annual cost (including normal cost) is estimated to be 7.34% of payroll for SLEP employers, assuming amortization of the increase in accrued liabilities over 30 years. This cost would be reduced by a savings of 0.62% of payroll from discontinuing the supplemental benefit payment and by 1.1% due to increased employee contributions. Therefore, when calculated individually, the total annual cost associated with the benefit increases provided in HB 4449 is estimated to be 5.62% of payroll for SLEP employers. If the cost of the benefits contained in HB 4449 were calculated together, the increase in the accrued liabilities of IMRF and the increase in annual employer cost may be significantly higher than those outlined as if calculated individually. The required contributions (as a percent of payroll) may vary widely among employers.

40 ILCS 5/17-101 from Ch. 108 1/2, par. 17-101

Amends the Illinois Pension Code. Makes technical changes in a Section concerning Chicago teachers.

PENSION NOTE (Illinois Pension Laws Commission)

House Bill 4506 has no fiscal impact.

FISCAL NOTE, H-AM 2

(Public School Teachers' Pension & Retirement Fund of Chicago)

Costs associated with the provisions of H-am 2 to HB 4506 would be minimal.

PENSION NOTE, H-AM 2 (Illinois Pension Laws Commission)

According to the Fund's actuary, only one provision of HB 4506, as amended by H-am 2, would have a fiscal impact. That fiscal impact cannot be determined, as the amount of service credit for leaves of absence that would be purchased is unknown. But, there would be a cost to the Fund, as the contributions required would not cover the full cost of the service credit.

HOUSE AMENDMENT NO. 2.

Deletes reference to:

40 ILCS 5/17-101 from Ch. 108 1/2, par. 17-101

Adds reference to:

40 ILCS 5/17-106 from Ch. 108 1/2, par. 17-106

40 ILCS 5/17-119.1

40 ILCS 5/17-121 from Ch. 108 1/2, par. 17-121

40 ILCS 5/17-149 from Ch. 108 1/2, par. 17-149

30 ILCS 805/8.26 new

Deletes everything. Amends the Chicago Teacher Article of the Illinois Pension Code. Removes the 150-day limitation on the period of temporary employment that a retired teacher is permitted to undertake without loss of retirement benefits. Eliminates certain restrictions on the types of leave of absence for which credit may be established. Increases the maximum total leave from 12 to 36 months. Provides that a member who elects to receive an optional increase in retirement annuity may make the required contributions in installments over a 24-month period regardless of when the member becomes an annuitant (currently the member must become an annuitant before June 30, 2003). With respect to eligibility for a survivor's pension, provides that a surviving spouse must be married to the teacher for at least one year immediately prior to the teacher's death, but not necessarily at the time of retirement or withdrawal. Provides that, beginning January 1, 2003, remarriage at any age by a surviving spouse does not terminate his or her survivor's pension. Allows a surviving spouse whose survivor's pension or expectation of a survivor's pension was terminated due to remarriage to re-establish the survivor's pension upon repayment of any refund of contributions for survivor's refund, plus interest. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

FISCAL NOTE, H-AM 1 (State Board of Education)

There are currently a number school districts that might become eligible for this supplemental State aid because of potential bankruptcies involving steel companies. It is almost impossible to estimate the number and size of such bankruptcies over time. Currently, Granite City CUSD #9 would be eligible for this payment at a cost of approximately \$1 million for each year that the entity is in bankruptcy.

Amends the Higher Education Student Assistance Act. Makes changes to the provisions concerning the Minority Teachers of Illinois Scholarship Program, including allowing a person enrolled at the freshman level or graduate level to qualify for a scholarship, allowing qualifying students to be enrolled on a half-time basis, and requiring a scholarship recipient to begin teaching within the one-year period following termination of the undergraduate program. Makes changes to the provisions concerning the David A. DeBolt Teacher Shortage Scholarship Program, including changing the name to the ITEACH Teacher Shortage Scholarship Program, allowing a person enrolled at the freshman level to qualify for a scholarship, requiring a scholarship recipient to begin teaching within the one-year period following termination of the academic program, and, for not fulfilling the teaching obligation, changing the interest rate for repayment to 5%. Makes changes to the provisions concerning special education teacher scholarships, including requiring a person to begin teaching within one year after graduation from or termination of enrollment in the teacher education program and not requiring a recipient to repay the amount of scholarship received while enrolled at the freshman level for not fulfilling the teaching requirement. Amends the Illinois Vehicle Code to allow money in the Illinois Future Teacher Corps Scholarship Fund to be appropriated for ITEACH Teacher Shortage Scholarships. Effective July 1, 2003.

HOUSE AMENDMENT NO. 1.

In the provisions concerning Minority Teachers of Illinois scholarships and ITEACH teacher shortage scholarships, restores current law concerning the annual maximum scholarship amount but provides that the scholarship amount for a recipient enrolled at the freshman level may not exceed \$5,000. In the Minority Teachers of Illinois scholarship provisions, allows students to pursue teaching careers at the preschool level and provides that a recipient who withdraws from a teacher education program (instead of the scholarship program) but remains enrolled in school is not required to commence repayment at that time. In the special education teacher scholarship provisions, provides that for a high school student who has not yet graduated, his or her scholastic rank must be in the upper one-half of the class at the end of the sixth (instead of seventh) semester and provides that the scholarship amount for a recipient enrolled at the freshman level may not exceed \$5,000. Changes the effective date from July 1, 2003 to January 1, 2003.

SENATE AMENDMENT NO. 1.

Deletes language providing that the Commission may not require a recipient to repay certain scholarship amounts received while enrolled as a freshman.

65 ILCS 5/1-4-6
745 ILCS 10/9-102

from Ch. 24, par. 1-4-6
from Ch. 85, par. 9-102

Amends the Illinois Municipal Code. Removes the provision that a municipality, having a population of less than 500,000, must indemnify a police officer only to the extent of \$500,000, which includes the cost of the action. Removes the requirement that, before the municipality has a duty to indemnify an officer, the police officer must notify the municipality of the officer's being made a party-defendant in a case involving the officer's performance of duties as a police officer. Amends the Local Governmental and Governmental Employees Tort Immunity Act. Provides that a local public entity is empowered and directed to pay any tort judgment or settlement for "any and all" (instead of "compensatory") damages.

FISCAL NOTE (Illinois Courts Administrative Office)

Though HB 4915 would increase the potential liability of local governments for actions of non-judicial employees of the circuit courts, the direct fiscal impact of the bill on the judicial branch would be minimal.

JUDICIAL NOTE (Illinois Courts Administrative Office)

HB 4915 could increase judicial workloads. However, it is not anticipated that the bill would increase the number of judges needed in the State.

HOME RULE NOTE

(Department of Commerce and Community Affairs)

HB 4915 does not contain language indicating a limitation of home rule powers and functions. Therefore, in the opinion of DCCA, HB 4915 does not pre-empt home rule authority.

HOUSE AMENDMENT NO. 1.

Deletes everything. Amends the Illinois Municipal Code. Requires a municipality, having a population of less than 500,000, to indemnify a police officer to the extent of \$1,000,000 (instead of \$500,000), which includes the costs of the action. Provides that the indemnified police officer must, within 20 (instead of 10) days, notify the municipality of the officer's being made a party-defendant in a case involving the officer's performance of duties as a police officer. Amends the Local Governmental and Governmental Employees Tort Immunity Act. Includes "attorney fees and costs" in the "compensatory damages" that a local public entity is empowered and directed to pay with respect to any tort judgment or settlement.

FISCAL NOTE, H-AM 1 (Illinois Courts Administrative Office)

This legislation would have no direct fiscal impact on the judicial branch, but may have some impact on local governments in regard to potential liability for the acts or omissions of non-judicial employees of the circuit courts.

JUDICIAL NOTE, H-AM 1 (Illinois Courts Administrative Office)

This legislation would neither increase nor decrease the number of judges needed in the State.

HB-4976 SMITH, MICHAEL.

55 ILCS 5/4-5001 from Ch. 34, par. 4-5001
 725 ILCS 5/110-7 from Ch. 38, par. 110-7

Amends the Counties Code. Provides for a \$10 fee for sheriffs to commit any prisoner to or discharge any prisoner from jail. Amends the Code of Criminal Procedure of 1963. Includes the deposit of any fee for commitment to or discharge from jail as a condition before a person is released from custody subject to conditions of a bond.

FISCAL NOTE (Illinois Courts Administrative Office)

While there would be some cost to implement HB 4976 at the county level, it is anticipated that the fiscal impact of the new arrest fee on the judicial branch would be minimal.

JUDICIAL NOTE (Illinois Courts Administrative Office)

HB 4976 would neither increase nor decrease the number of judges needed in the State.

HOUSE AMENDMENT NO. 1.

Deletes reference to:

725 ILCS 5/110-7

Adds reference to:

55 ILCS 5/Art. 4, Div. 4-1 heading

55 ILCS 5/4-1002 new

55 ILCS 5/5-1103 from Ch. 34, par. 5-1103

Deletes everything. Amends the Counties Code. Provides that a county board may by ordinance impose and collect an increase in any statutorily authorized fee when justified by an acceptable cost study showing that the current fee is not sufficient to cover the cost of providing the service. Provides that the county board must prepare a statement of the costs of providing each service and that all documents in support of the increase are subject to public audit and inspection. Provides that the provisions authorizing a county board to increase any statutorily authorized fees if justified by an acceptable cost study do not apply to any fees of the Clerk of the Circuit Court as provided in the Clerks of Courts Act. Provides for a \$10 fee for sheriffs in counties of first and second class for committing each prisoner to and discharging each prisoner from jail. Provides that the court service fee shall be \$25 (currently, a differential rate for different categories of criminal or civil cases, but not to exceed \$15). Effective December 1, 2002.

FISCAL NOTE, H-AM 1 (Illinois Courts Administrative Office)

The new fees on commitment to and release from jail and the court services fee changes would have no direct fiscal impact on the judicial branch, though the change to the court services fee would impact the courts by creating additional revenues for court security measures. The authorization to increase fees based on cost studies would have a significant impact on the judicial branch, if court related fees were increased. It is not possible to estimate the dollar amount of any fiscal impact on the judicial branch, because fee changes would vary by county.

JUDICIAL NOTE, H-AM 1 (Illinois Courts Administrative Office)

This legislation would neither increase nor decrease the number of judges needed in the State.

750 ILCS 5/513 from Ch. 40, par. 513

Amends the Illinois Marriage and Dissolution of Marriage Act. With respect to provisions authorizing a court to make an award for a child's post-secondary education expenses, provides that unless the parties agree to a higher amount, the court may not award an amount greater than the total cost of tuition and fees and room and board at the Champaign-Urbana campus of the University of Illinois for a comparable period of time and a comparable course of instruction.

HOUSE AMENDMENT NO. 1.

Replaces the bill's amendatory provisions. Provides that the total cost of tuition and fees and room and board at the ChampaignUrbana campus of the University of Illinois for a comparable period of time and a comparable course of instruction is a factor to be considered by the court in making an award for the support of a child who has attained majority (instead of providing that a court may not award an amount for education expenses that is greater than that total cost).

Amends the Non-Support Punishment Act. Makes a technical change in a Section concerning prosecutions by the Attorney General.

HOUSE AMENDMENT NO. 2.

Deletes reference to:
750 ILCS 16/7
Adds reference to:
New Act

Deletes everything. Creates the Unified Child Support Services Act. Provides that effective July 1, 2004, the Department of Public Aid shall delegate to the State's Attorney in each county with 900,000 or more inhabitants the responsibility for managing a Unified Child Support Services Program to provide services with respect to parentage establishment, support establishment, medical support establishment, support modification, and support enforcement. Requires the State's Attorney of each such county to submit a plan for such a program by July 1, 2003 and each July 1 thereafter. Authorizes State's Attorneys in other counties to request approval for such a program, and authorizes the Department of Public Aid to contract for the management of child support services in counties in which the State's Attorney is not operating such a program. Sets forth the requirements for such a program. Requires an annual report by the Department of Public Aid to the General Assembly.

FISCAL NOTE. S-AM 1

(Department of Public Aid)

While the bill is permissive, DPA estimates that implementation in Cook and DuPage counties would result in one-time startup costs of approximately \$5,000,000 (\$1.67 million net State impact) and annual costs of approximately \$3,500,000 (\$1.2 million net State impact). The impact for the first year would include both figures. This analysis assumes that staff to client ratios do not change and that SAO personnel costs are 25% greater than DPA's current costs. The Department cannot determine which counties might participate, however, the bill may limit approval to three plans in any year.

SENATE AMENDMENT NO. 1.

Replaces the provisions concerning submission of a plan for a unified child support services program, eliminating the distinction between counties with a population of 900,000 or more and those with a population of less than 900,000. Provides that by July 1 of 2003 and by July 1 of any subsequent year, a State's Attorney may submit to the Department of Public Aid a plan for a unified child support services program. Provides that a State's Attorney must commit to manage a unified child support services program for at least 3 years. Authorizes the Department to impose a restriction that no more than 3 State's Attorneys may begin operating a unified child support services program in a given year. Provides that in a county in which a unified child support services program is operating, the circuit clerk may submit to the Department a plan for filing administrative orders concerning parentage or child support. Requires that the Department must consult with a designated representative of the Illinois State's Attorneys Association in establishing performance standards. Provides that in all counties (instead of only those counties where the State's Attorney is operating a unified child support services program), the Department must fulfill certain responsibilities. Makes other changes.

SENATE AMENDMENT NO. 3.

Requires a State's Attorney's plan for a unified child support services program to be approved by the appropriate county board before submission to the Department of Public Aid. Deletes a provision requiring county board approval of an intergovernmental agreement between a State's Attorney and the Department of Public Aid. Requires that a unified child support services program's administrative process for establishing parentage and child support be "separate" as well as impartial and independent.

FISCAL NOTE, H-AM 1 (Environmental Protection Agency)
 This legislation can be implemented by IEPA with no additional cost because the on-board diagnostic testing has been used on an advisory only basis since November of 1999.

HOUSE AMENDMENT NO. 1.

Deletes reference to:
 625 ILCS 5/13A-101 from Ch. 95 1/2, par. 13A-101
 Adds reference to:
 625 ILCS 5/13A-115 from Ch. 95 1/2, par. 13A-115
 625 ILCS 5/13B-25

Deletes everything. Amends the Vehicle Emissions Inspection Law of 1995 (Chapter 13B of the Illinois Vehicle Code). Specifies certain inspection procedures that must be followed on model year 1996 and newer vehicles equipped with on-board computer diagnostic equipment. Until January 1, 2004, allows the owners of certain vehicles to avoid the loaded mode exhaust gas analysis or idle exhaust gas analysis by choosing to repair the vehicles to a higher standard. Repeals Chapter 13A of the Illinois Vehicle Code (now obsolete) on January 1, 2003. Effective immediately.

SENATE AMENDMENT NO. 1.

Provides that the owner of a vehicle that fails to meet the standard for the complete on-board computer diagnostic test must be informed that he or she has the option to have the vehicle tested using the less stringent loaded mode exhaust gas analysis or the idle exhaust gas analysis, as appropriate, for one test cycle. Provides that the on-board computer diagnostic test is not required for vehicles with known on-board diagnostic communications or software problems, as determined by the IEPA. Provides that by April 15, 2003, the IEPA shall submit to the General Assembly a report detailing the effectiveness of the use of the on-board computer diagnostic test. Requires the report to include the number of failures, the reason for each failure, the number of vehicle damage complaints, and the average wait time at the test stations.

305 ILCS 5/5-1 from Ch. 23, par. 5-1

Amends the Illinois Public Aid Code. Makes a technical change in a Section concerning the purpose of the “Medicaid” Article.

HOUSE AMENDMENT NO. 1.

Deletes reference to:
 305 ILCS 5/5-1
 Adds reference to:
 305 ILCS 5/5-5.4

Deletes everything. Amends the Illinois Public Aid Code. Deletes a provision for annual Medicaid nursing home rate increases in 1984 and thereafter. Provides that the Department of Public Aid must implement a new Medicaid payment methodology for the nursing component of the nursing home rate effective July 1, 2003, using the Minimum Data Set (MDS). Provides for up to a 2-year period of transition to the new methodology. Provides that for a facility that would receive a lower nursing component rate per patient day under the new system than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the rate per patient for the facility shall be held at the level in effect on that prior date until a higher rate of reimbursement is achieved by that facility. Provides that for a facility that would receive a higher rate, the rate shall be adjusted. Makes rate adjustments subject to appropriations.

FISCAL NOTE. H-AM 1 (Illinois Department of Public Aid)

As this language provides that rates are subject to appropriation, this bill has no fiscal impact.

BALANCED BUDGET NOTE, H-AM 1 (Bureau of the Budget)

Since this bill is not a supplemental appropriation bill, the Balanced Budget Note Act is inapplicable.

STATE DEBT NOTE, H-AM 1 (Economic and Fiscal Commission)

This legislation would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

STATE MANDATES NOTE, H-AM 1

(Illinois Department of Commerce and Community Affairs)

In the opinion of DCCA, HB5567 (H-am 1) does not create a State mandate under the State Mandates Act. A subsequent rulemaking by the Department of Public Aid would be subject to review when the rules are proposed.

40 ILCS 5/4-106.1 from Ch. 108 1/2, par. 4-106.1
 30 ILCS 805/8.26 new

Amends the Downstate Firefighter Article of the Illinois Pension Code. When a municipal fire department is discontinued and the affected territory is annexed by a fire protection district, provides for transfer of the assets and liabilities of the municipality's firefighters' pension fund to the pension fund of the fire protection district. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Illinois Pension Laws Commission)
 The fiscal impact of HB 5633 cannot be determined, but is estimated to be minor, as the number of funds that would be affected by the draft is probably very small. There may be a fiscal impact to the pension funds of the fire protection districts, as the liabilities transferred to those funds would probably be greater than the transferred assets.

HB-5661 MYERS,RICHARD – WIRSING – KOSEL.

105 ILCS 5/21-14.5 new

Amends the School Code. Creates the Continuing Professional Development Scholarship Program. Requires the State Board of Education to implement and administer the program, which shall provide scholarships to applicants who are holders of Standard

Teaching Certificates, are seeking certificate renewal, and are planning to take coursework from a regionally accredited institution as part of an approved certificate renewal plan. Provides that a scholarship holder may receive scholarship assistance to cover the actual tuition charge for the coursework that the person is enrolled to take as part of his or her certificate renewal plan, with limitations. Provides that a scholarship holder may reapply for another scholarship within a 5-year period. Effective July 1, 2002.

FISCAL NOTE (State Board of Education)

Approximately 50,000 to 60,000 teachers renew their certificates each year. Depending on the assumptions, this could cost anywhere from \$1 million to \$30 million. The high-end assumption would be that each of the 60,000 would take coursework equal to \$500. The low-end assumption would be that only 1/3 of the 50,000 would take only one hour of classwork at an actual community college cost of \$50 (community colleges range from \$39 to \$68 per credit hour).

HB-5713 TURNER,ART – JONES,LOU.

725 ILCS 5/124A-10

Amends the Code of Criminal Procedure of 1963. Provides that the clerk of the court may add a delinquency amount fee to the unpaid fines and unpaid costs of conviction of a convicted person equal to an amount of 5% of the unpaid fines and costs that remain unpaid after 30 days, 10% of the unpaid fines and costs that remain unpaid after 60 days, and 15% of the unpaid fines and costs that remain unpaid after 90 days. Provides that after 90 days delinquency, the clerk may release that information of delinquency to credit reporting agencies.

FISCAL NOTE (Office of Illinois Courts)

The fiscal impact of HB 5713 cannot be estimated because the number of cases subject to a court-ordered payment schedule is unknown, and the number of cases affected would vary by county.

JUDICIAL NOTE (Office of Illinois Courts)

HB 5713 would neither increase nor decrease the number of judges needed in the State.

FISCAL NOTE, H-AM 1 (Office of Illinois Courts)

HB 5713 would generate additional revenues in the Circuit Court of Cook County. The dollar amount of the impact cannot be determined because the number of cases affected is unknown.

STATE MANDATES NOTE, H-AM 1

(Illinois Department of Commerce and Community Affairs)

In the opinion of DCCA, HB 5713 (H-am 1) does not create a State mandate under the State Mandates Act.

HOME RULE NOTE, H-AM 1

(Illinois Department of Commerce and Community Affairs)

HB 5713 (H-am 1) relates to the judicial branch of government, and authorizes the Cook County Circuit Clerk to add delinquency fees to certain unpaid fines. The legislation does not pertain to home rule units of local government.

JUDICIAL NOTE, H-AM 1 (Office of Illinois Courts)

HB 5713, as amended, would neither increase nor decrease the number of judges needed in the State.

725 ILCS 5/110-7 from Ch. 38, par. 110-7

Amends the Code of Criminal Procedure of 1963. Provides that when the conditions of the bail bond have been performed and the accused has been discharged from all obligations, the court shall order the return of 80% (rather than 90%) of the bail amount and shall retain 20% (rather than 10%) of the amount deposited as bail bond costs. Provides that the court shall not order bail bond deposited by or on behalf of a defendant in one case to be used to satisfy the financial obligations of that same defendant in a different case until the bail bond is first used to satisfy any unpaid child support obligations.

FISCAL NOTE (Office of Illinois Courts)

HB 5714 would substantially increase the amount of money retained for bond cost, which would increase revenues for county government. The fiscal impact of HB 5714 will vary by county.

New Act

Creates the Provider Termination Notification Act. Provides that a health care licensing board that takes an adverse action against a licensed health care professional or that has reported to it an adverse action taken by a hospital or other health care professional

review committee against a licensed health care professional shall notify any health carrier that voluntarily provides the licensing board a point of contact to receive information of adverse actions. Provides that a health carrier may limit, restrict, suspend, or terminate the agreement under which the licensed health care professional furnishes health care items and services to participants, beneficiaries, or enrollees of the health carrier.

FISCAL NOTE

(Illinois Department of Professional Regulation)

The Department is going to sell a monthly subscription to mail or fax the monthly disciplinary report at a cost of \$48 per year. The maximum cost to the agency, assuming that all health carriers requested a mailed copy of the report provided at no charge from the agency, is estimated at \$62,400 per year. If all health carriers instead accessed the information from our web site, then there would be no additional financial impact to the agency. In addition, the agency anticipates a maximum cost to mail notification to all health carriers of adverse actions reported by hospitals to be approximately \$85,000.

30 ILCS 805/8.26 new

Amends the IMRF Article of the Illinois Pension Code. Makes county probation officers eligible for the sheriff's law enforcement employee (SLEP) formula. Allows these probation officers to convert non-SLEP service as a probation officer into SLEP credit by paying the difference in employee contributions plus interest. Includes provisions allowing the employee to have the contribution deducted from the retirement annuity in certain circumstances. Allows the employer to amortize over 5 years the liability resulting from conversions occurring in the first year. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Illinois Pension Laws Commission)

The fiscal impact of HB 5834 cannot be determined, as the number of county probation officers is unknown. Including additional employees under the SLEP formula would increase IMRF costs for their employers.

HB-5849 NOVAK – HAMOS.

20 ILCS 3105/10.09-5 new

Amends the Capital Development Board Act. Requires the Board by January 1, 2003, to adopt an energy code for the construction or repair of facilities funded by General Assembly appropriations. Effective immediately.

STATE MANDATES NOTE

(Illinois Department of Commerce and Community Affairs)

In the opinion of DCCA, HB 5849 does not meet the definition

of a State mandate under the State Mandates Act.

FISCAL NOTE (Capital Development Board)

Since CDB already complies with a federal energy code, adopting a new energy code would have little fiscal impact, if any, on CDB operations. However, the fiscal impact on future capital projects cannot be calculated, since the specifics of a new code are unknown at this time. For example, higher efficiency window requirements could increase construction costs if the new required windows are more expensive than current standard windows. Further, more specialized materials or items required in a new code could force the State to purchase from a sole source, significantly increasing costs due to lack of competitive bidding. Again, these unknowns prohibit CDB from making an estimate on the fiscal impact of HB 5849 on future construction.

HB-5922 MADIGAN,MJ – BURKE.

730 ILCS 5/5-8-1.2

Amends the Unified Code of Corrections. Makes a technical change to a Section concerning impact incarceration.

HOUSE AMENDMENT NO. 1.

Deletes reference to:

730 ILCS 5/5-8-1.2

Adds reference to:

55 ILCS 5/4-8002

from Ch. 34, par. 4-8002

30 ILCS 805/8.26 new

Deletes everything after the enacting clause. Amends the Counties Code. Provides for stipends to be paid to the sheriff of Cook County and those employees of the sheriff responsible for administering the county impact incarceration program. The first year's stipends are to be paid by Cook County. Thereafter, the stipends are to be paid by the State. Preempts home rule powers. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

HOME RULE NOTE, H-AM 1

HB 5922 (H-am 1) pre-empts home rule authority.

STATE MANDATES NOTE, H-AM 1

(Illinois Department of Commerce and Community Affairs)

In the opinion of DCCA, HB 5922 (H-am 1) creates a personnel mandate for which reimbursement of 100% of the increased costs to units of local government would normally be required.

However, HB 5922 (H-am 1) amends the State Mandates Act to require implementation by Cook County without State reimbursement in the first year. The estimated cost to the county is \$93,000.

FISCAL NOTE, H-AM 1

(Illinois Department of Commerce and Community Affairs).

HB 5922 (H-am 1) does not contain a reference to DCCA. However, for FY2002, DCCA was allocated \$663,000 for sheriffs' stipends.

The legislation incurs impact on local revenue by requiring Cook County to pay stipends for one year to its Sheriff and those employees of the Sheriff responsible for administering the county's impact incarceration program. Subsequent years' stipends shall be paid by the State. The legislation does not specify a funding source for the stipends in the State budget. Cook County will pay \$93,000 in stipends for one year. The State shall be required to allocate \$31,000 for the stipends each year thereafter.

Amends the Counties Code. Provides that no project for a retail store subject to approval by a county may be approved if (i) the square footage of the store will exceed 100,000 square feet and (ii) more than 15,000 square feet of the retail store will be devoted to the sale of merchandise taxed at the 1% rate. Requires the owner of a retail store with a square footage exceeding 100,000 square feet to report annually to the county the amount of square footage of the store devoted to the sale of merchandise taxed at the 1% rate. Provides that any person may seek to enforce the provisions concerning retail stores in the circuit court. Provides that penalties for violations shall be paid to the State and not the prevailing plaintiff. Requires the owner of the retail store to pay any penalties, costs, and fees. Amends the Township Code and the Illinois Municipal Code to add similar provisions. Effective immediately.

Amends the State Employees Group Insurance Act of 1971. Provides that self-employed persons and small businesses may be provided group health coverage under the Act. Limits small businesses to those with 25 or fewer employees. Amends the State Finance Act to provide for payments made on behalf of the small business employees to be deposited into the Small Employers Health Insurance Reserve Fund. Effective January 1, 2003.

FISCAL NOTE (Department of Insurance)
 House Bill 5963 will have no fiscal impact on the Department.
 FISCAL NOTE (Department of Central Management Services)
 Assuming 1 - 2% of the approximately 282,000 registered small businesses that would be eligible to apply did apply during the first year, estimated first year administrative costs would be \$600,000, including 7 - 10 staff members. Subsequent fiscal year administrative costs would begin at approximately \$500,000 and would likely increase with increased participation. Since all Plan expenses are borne by the participating units, this legislation would have minimal fiscal impact to the State. However, expenditure authority for the Small Employers Health Insurance Reserve Fund would have to be appropriated to cover payments for medical claims and

administrative costs. An initial GRF appropriation of \$600,000 is needed for program start-up costs.

STATE MANDATES NOTE

(Illinois Department of Commerce and Community Affairs)

In the opinion of DCCA, HB 5963 does not create a State mandate under the State Mandates Act.

Provides that a retailer of telecommunications services who is obligated to collect and remit the tax imposed under the Act shall be held harmless from any liability as a result of an assignment of a service address to an incorrect local taxing jurisdiction if the retailer exercises due diligence in applying one or more of the methods authorized in these provisions for determining the local taxing jurisdiction in which a service address is located. Provides that a municipality has the authority to impose the tax authorized by the Act only if the telecommunications customer is located inside the corporate boundaries of the municipality, regardless of the customer's service address. Requires the Department of Revenue to establish a binding arbitration mechanism for customers who claim they are not subject to the tax with provision for refunds to those erroneously taxed and for appeal of adverse decisions to the circuit court.  35 ILCS 636/5-42 new

Deletes everything after the enacting clause. Amends the Simplified Municipal Telecommunications Tax Act. Provides that a person who believes that he or she is improperly being charged a tax imposed under the Act may make a written request to the

Department of Revenue for a determination of whether the person's place of primary use for mobile telecommunications service or the service address for non-mobile telecommunications is located within the jurisdictional boundaries of the municipality for which he or she is being charged tax under the Act. Within 90 days after receipt of a request for determination, the Department shall issue a letter of determination to the person stating whether that person's place of primary use for mobile telecommunications service or the service address for non-mobile telecommunications is located within the jurisdictional boundaries of the municipality for which the person is being charged tax under this Act. If the Department determines that the person lives outside of the taxing jurisdiction, the telecommunications retailer shall correct the error and refund or credit the appropriate amount of tax paid in error by the person in any period still available for the filing of a claim for credit or refund by the telecommunications retailer under the Act. Effective July 1, 2002.

FISCAL NOTE, H-AM 2 (Department of Revenue)

HB 6012, as amended by H-am 2, would create minimal additional administrative responsibilities for the Department. However, the Department's FY 2003 budget request includes additional resources for the implementation and administration of the Simplified Municipal Telecommunications Tax Act. The Department will be able to satisfy the mandates of this legislation with the additional resources requested.

SENATE AMENDMENT NO. 1. (Senate recedes June 1, 2002)

Adds reference to:

35 ILCS 638/80

Deletes everything after the enacting clause. Amends the Simplified Municipal Telecommunications Tax Act. Establishes provisions for determining the proper tax jurisdiction (instead of procedures for correcting tax jurisdiction errors). Delineates the tax jurisdiction information to be provided by municipalities or the Illinois Department of Revenue. Provides for the charging of taxes to a service address. Provides that the safe harbor provisions of Sections 40 and 45 of the Mobile Telecommunications Sourcing Conformity Act shall apply to any telecommunications retailers employing enhanced zip codes to assign each street address, address range, post office box, or post office box range in their service area to a specific municipal tax jurisdiction. Provides that a person who believes that he or she is improperly being charged a tax imposed under the Act may make a written request to the telecommunications retailer (instead of the Department of Revenue) for a determination of whether the person's place of primary use for mobile telecommunications service or the service address for non-mobile telecommunications is located within the jurisdictional boundaries of the municipality for which he or she is being charged tax under the Act. Within 60 days after receiving a notice, the telecommunications retailer shall review its records and determine the customer's taxing jurisdiction. Provides that all errors shall be corrected and that the amount of tax erroneously collected from the customer for a period of up to 3 years shall be refunded. Provides that a customer may appeal the retailer's decision to the Illinois Department of Revenue. The Department has 90 days to make its determination. Amends the Mobile Telecommunications Sourcing Conformity Act. Changes the term "home service provider" to "telecommunications retailer". Provides that the telecommunications retailer shall correct errors and refund or credit the amount of tax erroneously collected for a period of up to 3 years (instead of 2 years). Effective July 1, 2002.

Recommends that the bill be amended as follows:

Adds reference to:

35 ILCS 638/80

35 ILCS 805/8.26 new

Deletes everything after the enacting clause. Reinserts the provisions of Senate Amendment No. 1 with changes as follows. Exempts Commercial Mobile Radio Service from coverage by the new provisions. Provides that a municipality may (now, shall) provide certain information within 30 days following receipt of a written request from a telecommunications retailer. Provides that the safe harbor provisions of the Mo-

Mobile Telecommunications Sourcing Conformity Act do not apply if the telecommunications retailer receives a copy of a letter of determination from the Department of Revenue stating that a person's place of primary use or service address is not located in the municipality for which that person is being charged tax by the retailer and the retailer fails to correct the error and refund or credit the tax within certain time periods. Requires the filing of a written complaint (now, notification in writing) by those who believe they are not in the taxing jurisdiction for which they are being taxed. Provides that any refund required to be paid shall cover the period still available for the filing of a claim or refund by the telecommunications retailer (now, a period of up to 3 years). Provides that if a municipality fails to respond to a Department of Revenue request for information concerning a request for determination filed with the Department, the complaining person will no longer be subject to the tax imposed under the Act. Excludes the City of Chicago from coverage by the provisions. Makes other changes. Amends the Mobile Telecommunications Sourcing Conformity Act. Provides that if a customer believes that he or she is being charged an improper amount of tax or is not subject to a tax imposed under the Simplified Municipal Telecommunications Tax Act for a telecommunications service covered by the term "mobile telecommunications", the customer, home service provider, and municipality shall follow the procedures outlined in the Simplified Municipal Telecommunications Tax Act. Provides for procedures and remedies for correcting taxes and fees that apply only to the City of Chicago. New Act
30 ILCS 105/5.570 new

Creates the Wetlands Protection Act. Regulates certain activities in areas that are designated as wetlands but that are no longer protected by the U.S. Army Corps of Engineers. Establishes criteria for issuing both general and individual permits for regulated activities. Provides for permit fees and for penalties and enforcement of the Act. Creates the Wetlands Protection Fund. Amends the State Finance Act to establish the Fund. Effective immediately.

HOME RULE NOTE

(Department of Commerce and Community Affairs)
HB 6013 states that its provisions shall not be construed as a limitation or pre-emption of any statutory or regulatory authority arising under the Environmental Protection Act or Section 5-1062 of the Counties Code. Therefore, in the opinion of DCCA, HB 6013 does not limit home rule powers and functions.

HOUSE AMENDMENT NO. 1.

Deletes everything after the enacting clause. Reinserts the bill as introduced with the following changes. Makes changes to the Section concerning the findings. Limits the scope of the Wetlands Protection Act. Removes the definitions and references to “county stormwater management planning committee” and “county wetlands protection body”. Provides that the Environmental Protection Agency shall propose water quality standards for wetlands to the Illinois Pollution Control Board and that the Illinois Pollution Control Board shall adopt water quality standards. Removes language concerning permit fee amounts and provides that the Department of Natural Resources shall establish permit application fees by rule. Provides that the Department shall issue a general permit for regulated activities for which a permit has been obtained pursuant to a program established under specified Sections of the Counties Code and that the Department has determined equals the overall protection of wetland functions provided by the Department. Removes the Section concerning county wetland protection by regulation of wetlands. Changes the penalties for violation of the Act.

FISCAL NOTE, H-AM 1 (Department of Natural Resources)

The cost to the State is estimated to be in excess of \$500,000 for 8 staff and support costs. One time equipment start-up costs are expected to be \$85,000. It is not possible to estimate the revenue to be generated because of uncertainty of the volume of activity and the fees that are to be established by Administrative Rule.

FISCAL NOTE, H-AM 1 (Environmental Protection Agency)

HB 6013, as amended by H-am 1, will have a limited financial impact on EPA based upon the staff time that would be required. However, this impact will be spread out over a long period of time due to the deadline for the proposed rules being 2006. Therefore, IEPA believes it can implement HB 6013 with its existing resources.

LAND CONVEYANCE APPRAISAL NOTE, H-AM 1 (Department of Transportation)

This legislation does not transfer any parcels of IDOT property. Therefore, there are no IDOT land conveyance appraisals associated with this legislation.

STATE MANDATES NOTE, H-AM 1

(Illinois Department of Commerce and Community Affairs)

In the opinion of DCCA, HB 6013 (H-am 1) creates a service mandate for which reimbursement of 50% to 100% of the increased costs to units of local government is required under the State Mandates Act. Due to the nature of the bill, an estimate of the increased cost to units of local government cannot be determined.

 The fiscal impact of HB 6020 cannot be determined, as the number of counties that would allow eligible employees to become SLEP members is unknown. ILCON Art. IV, Sec. 1
 ILCON Art. IV, Sec. 2
 ILCON Art. IV, Sec. 3
 ILCON Art. XIV, Sec. 1

Proposes to amend the Legislature Article of the Illinois Constitution. Provides that a Representative District (for election of a member of the House of Representatives) need not be entirely within a single Senatorial District (for election of a member of the Senate, now referred to as a Legislative District). Provides that (i) the Senate redistricts Senatorial Districts by resolution adopted by a record vote of three-fifths of the members elected and (ii) the House of Representatives redistricts Representative Districts by resolution adopted by a record vote of three-fifths of the members elected (now, redistricting is by law). Eliminates the Legislative Redistricting Commission. Provides instead that if a Senatorial or Representative redistricting plan is not adopted by June 15 of the year following a federal decennial census year, then the State Board of Elections shall produce a redistricting plan using a computer program. Requires the State Board of Elections to designate its computer program by April 15. The computer program designated by the State Board of Elections must disregard specified data and must consider certain prioritized factors; the computer program shall otherwise produce districts in a random manner. Authorizes the House and Senate to designate different computer programs for their respective chambers; doing so requires adoption of a resolution by a three-fifths vote on or before June 15. Removes the requirement that actions concerning redistricting the House or Senate may be initiated only by the Attorney General. Increases the number of Representatives from 118 to 119. Proposes to amend the Constitutional Revision Article to make a change to conform nomenclature. Effective beginning with redistricting in 2011 and applies to members elected in 2012 and thereafter.

ILCON Art. IV, Sec. 1
 ILCON Art. IV, Sec. 2
 ILCON Art. IV, Sec. 3
 ILCON Art. XIV, Sec. 1

Proposes to amend the Legislature Article of the Illinois Constitution. Provides that a Representative District (for election of a member of the House of Representatives) need not be entirely within a single Senatorial District (for election of a member of the Senate, now referred to as a Legislative District). Provides that (i) the Senate redistricts Senatorial Districts by resolution adopted by a record vote of three-fifths of the members elected and (ii) the House of Representatives redistricts Representative Districts by resolution adopted by a record vote of three-fifths of the members elected (now, redistricting is by law). Eliminates the Legislative Redistricting Commission. Provides instead that if a Senatorial or Representative redistricting plan is not adopted by June 15 of the year following a federal decennial census year, then the State Board of Elections

shall produce a redistricting plan using a computer program. Requires the State Board of Elections to designate its computer program by April 15. The computer program designated by the State Board of Elections must disregard specified data and must consider certain prioritized factors; the computer program shall otherwise produce districts in a random manner. Authorizes the House and Senate to designate different computer programs for their respective chambers; doing so requires adoption of a resolution by a three-fifths vote on or before June 15. Removes the requirement that actions concerning redistricting the House or Senate may be initiated only by the Attorney General. Increases the number of Representatives from 118 to 119. Proposes to amend the Constitutional Revision Article to make a change to conform nomenclature. Effective beginning with redistricting in 2011 and applies to members elected in 2012 and thereafter.
