Amends the Illinois Public Aid Code and the Unified Code of Corrections. Provides that the Department of Human Services shall establish a pilot program to place hard-to-employ persons, including persons who have been released from a county jail or a facility under the jurisdiction of the Department of Corrections, in jobs. Provides that the Department of Corrections shall establish a pilot program in 2 locations in the State (one of which must be in the Lawndale community of Chicago) to place persons discharged from a Department facility on parole or mandatory supervised release in jobs or otherwise establish a connection between such persons and the workforce. Authorizes the 2 departments to consult with each other. Effective immediately.

HOUSE AMENDMENT NO. 1

Deletes everything after the enacting clause and reinserts the provisions of House Bill 3316, with changes that include the following: (1) provides that the Department of Human Services and the Department of Corrections may (instead of shall) establish pilot programs, and makes establishment of the pilot programs subject to appropriations or other funding; and (2) provides that in determining locations for the pilot programs, each department shall give priority to areas of the State in which the concentration of released offenders is the highest (deleting a provision requiring the Department of Corrections to locate one of its programs in the Lawndale community of Chicago). Effective immediately.

FISCAL NOTE (Department of Human Services)

Creating more employment programs would increase administrative costs and replicate services already being provided. As a guideline for determining costs, consider that a similar program cost approximately \$500 per month per client. A total cost for this bill is dependent upon the scope of the program and numbers served.

HB-3452 MCGUIRE-FRANKS-DAVIS, MONIQUE-FLOWERS, SMITH, MATHIAS, YOUNGE AND YARBROUGH.

New Act

Creates the Human Voice Contact Act. Provides that a State agency that uses automated telephone answering equipment to answer incoming telephone calls must, during the normal business hours of the agency, provide the caller with the option, among the first set of menu choices, of speaking to a live operator. Exempts a telephone line that is dedicated as a hot line for emergency services or to provide general information.

HOUSE AMENDMENT NO. 1

Defines "information transaction line" as a State agency telephone line that allows a caller to access his or her account and related information using a touch-tone telephone, and exempts such a line from the Act's human voice contact requirement.

FISCAL NOTE (Department of Central Management Services)

The Department of Central Management Services anticipates significant costs related to re-programming of automated telephone systems. Re-programming costs can range from \$100 for small systems to well over \$400,000 for large systems. State government currently has over 500 systems. Not all systems will require re-programming. However, we estimate the number of systems needing re-programming will be significant.

HOUSE AMENDMENT NO. 2

Makes the requirement that a State agency provide a caller with the option of speaking to a live operator subject to appropriations.

Amends the Southern Illinois University Management Act. Abolishes the Board of Trustees of Southern Illinois University. Provides that that part of Southern Illinois University associated with the Carbondale campus (except the School of Medicine) shall be known as Southern Illinois University at Carbondale and shall be under the governance and control of the Board of Trustees of Southern Illinois University at Carbondale. Provides that that part of Southern Illinois University associated with the Edwardsville campus (along with the School of Medicine) shall be known as Southern Illinois University at Edwardsville and shall be under the governance and control of the Board of Trustees of Southern Illinois University at Edwardsville. Makes corresponding changes in various Acts. Effective July 1, 2003.

HOUSE AMENDMENT NO. 1

Removes a provision that makes Southern Illinois University School of Medicine a part of Southern Illinois University at Edwardsville; makes related changes. Provides that the Illinois Ethanol Research Advisory Board shall include the President of Southern Illinois University at Edwardsville (instead of the President of Southern Illinois University at Carbondale). Provides that on July 1, 2005 (instead of July 1, 2003) the governance and control of Southern Illinois University shall pass to and rest within the new boards of trustees; makes related changes. Changes the effective date from July 1, 2003 to July 1, 2005.

FISCAL NOTE (Board of Higher Education)

Current state appropriations for the operation of the Office of the President of Southern Illinois University total \$2.2 million. Once savings from the elimination of the Office of the President are realized, the annual state costs related to providing those services at Carbondale and Edwardsville could be up to \$955,000. SIU currently has approximately \$158 million in outstanding debt, including Housing System revenue bonds, Medical System bonds, and Certificates of Participation. The majority of this debt is secured with the bondholders and bond issuers with revenues from bond facilities on both campuses, and is

not divisible between the two campuses. The two Universities would have to issue bonds to escrow some of this existing debt to comply with the provisions of HB 3465. While it is difficult to project the associated costs, SIU indicates that issuance costs could reach \$2 million or more. This would not be an expenditure of state funds, but nonetheless represents an obligation to be covered by the two institutions. Large organizations receive benefits from financing risks through a self-insurance program. From among Illinois public universities, only the University of Illinois and Southern Illinois University have self-insurance programs. The individual campuses may not have significant size to benefit from such a program, from which Southern Illinois University estimates its annual savings range from \$2.5 million to \$3.5 million.

PENSION NOTE (Pension Laws Commission)

Provides that an employee who is a victim of domestic or sexual violence, or who has a family or household member who is a victim of domestic or sexual violence whose interests are not adverse to the employee, may take leave from work to address domestic or sexual violence by: (A) seeking medical attention for, or recovering from, physical or psychological injuries caused by domestic or sexual violence to the employee or the employee's family or household member; (B) obtaining services from a victim services organization for the employee or the employee's family or household member; (C) obtaining psychological or other counseling for the employee or the employee's family or household member; (D) participating in safety planning, temporarily or permanently relocating, or taking other actions to increase the safety of the employee or the employee's family or household member from future domestic or sexual violence or ensure economic security; or (E) seeking legal assistance or remedies to ensure the health and safety of the employee or the employee's family or household member, including preparing for or participating in any civil or criminal legal proceeding related to or derived from domestic or sexual violence. Contains provisions regarding criteria for applicability of the Act to employers; procedures for obtaining leave, prohibited acts, enforcement, notices to be posted by employers, effect on other laws, severability, and other matters. Provides that leave shall be unpaid. Changes the requirements for certification by an employee to an employer. Provides that an employer may not engage in specified acts against an individual because the individual involved is or is perceived to be a victim of domestic or sexual violence (rather than because the individual involved is or is perceived to be a victim of domestic or sexual violence or has a family or household member who is or is perceived to be a victim of domestic or sexual violence). 35 ILCS 200/18-20

35 ILCS 200/23-35

65 ILCS 5/1-5-1

from Ch. 24, par. 1-5-1

Creates the Taxing District Tax Levy Validation (2003) Act to validate certain annual appropriation ordinances and tax levy ordinances adopted by taxing districts from 1989 through 2002 together with the taxes assessed, levied, and extended thereon. Amends the Property Tax Code. Allows (now requires) a taxing district to adopt a resolution or ordinance to reduce its tax levy if the district receives a surplus of funds under the State Revenue Sharing Act. Provides that, for the purposes of tax objections based on budget or appropriation ordinances, "municipality" means all municipal corporations in, and political subdivisions of, this State (now, excepts out from this definition a number of units of local government) and eliminates a basis on which a taxpayer may file an objection under these provisions. Applies these changes retroactively. Amends the Illinois Municipal Code to authorize the recovery of costs and attorney fees incurred by a prevailing

taxpayer who brings suit on behalf of a municipality to recover certain money or property belonging to the municipality. Effective immediately.

HB-3532 COLVIN-GILES-DUNKIN.

730 ILCS 125/5

from Ch. 75, par. 105

Amends the County Jail Act. Provides that if a person who has been convicted of a felony or who has violated mandatory supervised release is incarcerated in a county jail, the Illinois Department of Corrections shall pay the county in which that jail is located \$59 for each day the person remains in the county jail after the fifteenth day after receipt of the documentation from the clerk of the court authorizing the person's transfer to the State facility to which he or she has been sentenced.

HOUSE AMENDMENT NO. 1

Deletes the existing substantive provisions. Provides instead that if a person who has been convicted of a felony and has violated mandatory supervised release for that felony is incarcerated in a county jail pending the resolution of the violation of mandatory supervised release, the Illinois Department of Corrections shall pay the county in which that jail is located one-half of the cost of incarceration, as calculated by the Illinois Bureau of the Budget and the county's chief financial officer, for each day that the person remains in the county jail. Provides that calculation of the per diem cost shall be agreed upon prior to the passage of the annual State budget.

CORRECTIONAL NOTE (H-AM 1) (Department of Corrections)

House Bill 3532, as amended by House Amendment #1, would make the Department pay for each county one-half of the cost of incarceration for each person who has violated mandatory supervised release (MSR) and remains in the county jail pending resolution of the mandatory supervised release violation. This enhancement would not add inmates to the prison population. However, this enhancement would result in an increase of \$4,718,820 in additional costs over the first ten years after enactment.

305 ILCS 5/4-1.9 from Ch. 23, par. 4-1.9

Amends the Illinois Public Aid Code. In provisions concerning TANF eligibility and the residence of a child who is pregnant or a parent, provides that such a person must, within 3 months after beginning to receive TANF, reside with a parent or in another specified setting (instead of providing that no TANF aid shall be paid on behalf of such a person unless the person resides in such a setting). Provides for an exception if the health or safety of the person or the person's child would be jeopardized (instead of if the Department of Human Services determines that the person's or child's physical health or safety would be jeopardized). With respect to TANF recipients' participation in educational and vocational training programs, provides that within 3 months after beginning to receive TANF (instead of at the outset), a parent who is under age 20 and who has not received a high school diploma or GED must be enrolled in school or a GED program or, if secondary school is inappropriate, in work activities or training. Effective immediately.

Provides that when there is at least \$100,000 (rather than \$2,000,000) in the Response Contractors Indemnification Fund at the beginning of a State fiscal year, State response action contracts during that fiscal year need not provide that 5% of each payment made under the contract be paid into the Fund. 415 ILCS 5/12.5

Amends the Environmental Protection Act. Provides that the annual fees applicable to discharges under NPDES permits do not apply to not-for-profit organizations. Effective immediately.

FISCAL NOTE (Environmental Protection Agency)

HB 3824 would result in the loss of an unspecified amount of revenue to the State (although the Environmental Protection Agency does not expect the lost revenue to exceed \$100,000). The Illinois EPA does not currently possess information in its data system that allows it to identify those permit holders designated as not-for-profit organizations under Section 501(c) of the Internal Revenue Code of 1986. This information would have to be supplied by each permit holder. However, if the lost revenue results in decreased appropriations to the Illinois EPA, cuts would have to be made in the permitting, inspection, and compliance activities in the Agency's Clean Water program. Since the fee revenue is used to match federal funding for water programs, the program cutbacks may be compounded by lost federal grant revenue.

415 ILCS 5/12.5

Amends the Environmental Protection Act. Provides that the annual fees applicable to discharges under NPDES permits do not apply to (i) a unit of local government, (ii) a private sector contractor providing sewage treatment services or infrastructure under contract with the State, any department or agency of the State, a unit of local government, or a school district during the course of providing those services, or (iii) a not-for-profit organization. Requires the Environmental Protection Agency to refund the fees paid on or after July 1, 2003 by those persons or entities. Effective immediately.

FISCAL NOTE (Environmental Protection Agency)

HB 3827 would result in the loss of approximately \$10 million in lost revenue to the State, or a little less than one-half the total annual revenue projected from NPDES fees. The Illinois Environmental Protection Agency does not currently possess information in its data system that allows it to identify those permit holders designated as not-for-profit organizations under Section 501(c) of the Internal Revenue Code of 1986. This information would have to be supplied by each permit holder. Since the fee revenue is used to match federal funding for water programs, the program cutbacks may be compounded by lost federal grand revenue.

415 ILCS 5/12.5

Amends the Environmental Protection Act. Removes provisions allowing the Environmental Protection Agency to assess and collect NPDES discharge fees. Effective immediately.

FISCAL NOTE (Environmental Protection Agency)

HB 3828 would result in the loss of over \$20 million per year in revenue to the State. Another \$4.7 million in federal funds for Clean Water program activities would be lost due to the lack of State matching funds. The bill would cut funding for 120 positions assigned to regulate wastewater facilities in Illinois. Moreover, the Environmental Protection Agency would no longer be able to perform required permitting, inspection, and monitoring activities for these facilities. As a result, delegation of this program would be returned to the federal government.

HOUSE AMENDMENT NO. 1

Further amends the Environmental Protection Act. Requires the Environmental Protection Agency to fully refund, from moneys in the Illinois Clean Water Fund, any NPDES discharge fee that was collected on or after July 1, 2003. Effective immediately.

FISCAL NOTE (H-AM 1)(IL Environmental Protection Agency)

HB 3828 (HA #1) would result in the loss of over \$38 million for Fiscal Year 2004 and 2005, and \$20 million per year in revenue to the State thereafter. To date, approximately \$18 million has been collected in fees for discharges under NPDES permits. The Agency's ability to refund previously collected fees would depend on the balance of funds available in

the Clean Water Fund at the time the proposed legislation becomes law. Additionally, another \$4.7 million in federal funds for Clean Water program activities would be lost due to the lack of state matching funds. The bill would cut funding for 120 positions assigned to regulate wastewater facilities in Illinois. Moreover, the Agency would no longer be able to perform required permitting, inspection, and monitoring activities for these facilities. As a result, delegation of this program would be returned to the federal government.

BALANCED BUDGET NOTE (H-AM 1)(Governor's Office of Mgmt & Budget)

Section 10 of the Balanced Budget Note Act requires the preparation of a Balanced Budget Note for supplemental appropriation bills. Since House Bill 3828 (HA #1) is not a supplemental appropriation bill, it is not possible to complete this Note as requested.

SJRCA-0019 LAUZEN.

Proposes to amend the Legislature Article of the Illinois Constitution. Provides that a Representative District (for election of a member of the House of Representatives) need not be entirely within a single Senatorial District (for election of a member of the Senate, now referred to as a Legislative District). Provides that (i) the Senate redistricts Senatorial Districts by resolution adopted by a record vote of three-fifths of the members elected and (ii) the House of Representatives redistricts Representative Districts by resolution adopted by a record vote of three-fifths of the members elected (now, redistricting is by law). Eliminates the Legislative Redistricting Commission. Provides instead that if a Senatorial or Representative redistricting plan is not adopted by June 15 of the year following a federal decennial census year, then the State Board of Elections shall produce a redistricting plan using a computer program. Requires the State Board of Elections to designate its computer program by April 15. The computer program designated by the State Board of Elections must disregard specified data and must consider certain prioritized factors; the computer program shall otherwise produce districts in a random manner. Authorizes the House and Senate to designate different computer programs for their respective chambers; doing so requires adoption of a resolution by a three-fifths vote on or before June 15. Removes the requirement that actions concerning redistricting the House or Senate may be initiated only by the Attorney General. Increases the number of Representatives from 118 to 119. Proposes to amend the Constitutional Revision Article to make a change to conform nomenclature. Effective beginning with redistricting in 2011 and applies to members elected in 2012 and thereafter.
