Reinserts the provisions of House Amendment 2 with the following changes: (1) removes provisions concerning the senior citizens assessment freeze homestead exemption and the homestead improvement exemption; (2) removes the provision in the senior citizens homestead exemption allowing a continued exemption without reapplication in Cook County; (3) provides that the new general homestead exemption provisions for Cook County apply for a 3-year period for each of the 3 assessment divisions in Cook County, covering the general assessment year and the 2 years following for each division, provides for an updated "base homestead value" to reflect the property's current equalized assessed value if the property is sold or transferred, and caps the exemption at $25,000 per year; (4) adds language in the School Code to provide that if the general homestead exemption for a

parcel of property is determined under the new provision for general homestead exemptions in counties with 3,000,000 or more inhabitants rather than the previously existing provision, then the calculation of Available Local Resources shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under the new provision of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under the previously existing provision of the Property Tax Code; and (5) adds an immediate effective date.

35 ILCS 200/23-35
65 ILCS 5/1-5-1 from Ch. 24, par. 1-5-1

Creates the Taxing District Tax Levy Validation (2003) Act to validate certain annual appropriation ordinances and tax levy ordinances adopted by taxing districts from 1989 through 2002 together with the taxes assessed, levied, and extended thereon. Amends the Property Tax Code. Allows (now requires) a taxing district to adopt a resolution or ordinance to reduce its tax levy if the district receives a surplus of funds under the State Revenue Sharing Act. Provides that, for the purposes of tax objections based on budget or appropriation ordinances, "municipality" means all municipal corporations in, and political subdivisions of, this State (now, excepts out from this definition a number of units of local government) and eliminates a basis on which a taxpayer may file an objection under these provisions. Applies these changes retroactively. Amends the Illinois Municipal Code to authorize the recovery of costs and attorney fees incurred by a prevailing taxpayer who brings suit on behalf of a municipality to recover certain money or property belonging to the municipality. Effective immediately.

105 ILCS 5/10-20.7 from Ch. 122, par. 10-20.7

Amends the Downstate Teacher Article of the Illinois Pension Code. Provides that a person who is employed by a private business enterprise engaged in the business of providing schools with temporary substitute teachers is not a "teacher" and is neither entitled to service credit nor required to make employee contributions with respect to that employment. Amends the School Code. Provides that a school board may contract with a private business entity to train and provide qualified temporary substitute teachers, and that those qualified temporary substitute teachers may be employees of the private business entity rather than employees of the school board. Effective July 1, 2003.

PENSION NOTE (Pension Laws Commission)
The fiscal impact cannot be determined. There would be a fiscal impact as substitute teachers who are now required to participate in TRS would not be required to become TRS members.
FISCAL NOTE (State Board of Education)
No fiscal impact.
FISCAL NOTE (Teachers' Retirement System)
There will be no change in the state contributions to the Teachers' Retirement System as a result of this legislation. However, increased state contributions to TRS will be required if teachers that are employed with a temporary employment agency seek to purchase the credit at a later date. Contributions that are required for the purchase of optional service credit covers seventy-nine cents for every dollar of actual cost. Approximately 3,500 substitute teachers become full-time teachers every year.

New Act

Creates the Illinois Hunting Heritage Protection Act. Provides that, subject to limitations, State public lands shall be open to access and use for recreational hunting. Provides that State public land management decisions and actions should, to the greatest practical extent, result in no net loss of land area available for hunting opportunities on State public lands. Provides that by October 1 of each year, the Governor shall submit a report pertaining to areas that have been closed to recreational hunting, the reasons for the closures, and areas that were opened to recreational hunting to compensate for those areas that were closed. Provides that no withdrawal, change of classification, or change of management status that effectively closes 100 or more acres of State public land to access or use for recreational hunting may take effect, unless the Governor has submitted written notice of the withdrawal or change to the General Assembly. Effective immediately.

SENATE FLOOR AMENDMENT NO. 3

Provides that Department land management decisions and actions may not (instead of "should not"), to the greatest practical extent, result in any net loss of acreage available for hunting. Provides that the Governor must submit a written report (instead of "report") to the General Assembly concerning Department-managed lands used for recreational hunting. Deletes the provision that certain actions that effectively close 100 or more acres of State public land to access or use for recreational hunting may not take effect unless the Governor has submitted at least a 30-day advance written notice of the action. Effective immediately.

HOUSE AMENDMENT NO. 1

New Act

35 ILCS 5/213 new

Creates the Rural Technology Enterprise Zone Act. Allows the Illinois Commerce Commission to designate rural areas in the State as rural technology enterprise zones. Provides that the Illinois Commerce Commission shall submit a report to the General Assembly outlining the progress in improving Internet access within rural technology enterprise zones. Amends the Illinois Income Tax Act to provide a tax credit for investments in technology infrastructure required to provide Internet access in rural technology enterprise zones. Effective immediately.

FISCAL NOTE (Illinois Commerce Commission)

In order to establish accurate and precise boundaries for these zones, the Commission would have to undertake a substantial rule making effort once this bill became law. Due to the January 1, 2004 start of this program, this process would likely involve several members of the ICC Staff and take at least a year of workshops and Commission proceedings, costing approximately $45,000. Further, GIS software to establish and track "Rural Technology Enterprise Zones" would cost approximately $5,600. Ongoing administration to handle things such as petitions and challenges is estimated to cost approximately $30,000 a year.

FISCAL NOTE (Department of Revenue)

Since the ICC has yet to write rules for the zones, investments and other matters, we are unable to determine how much the credit will reduce income tax liabilities. However, if there are a couple hundred of these zones and taxpayers invest close to $1 million in each of these zones, the credit has the potential to cause a substantial revenue loss, especially since excess credit may be carried forward 10 years.

FISCAL NOTE (Dept of Commerce and Community Affairs)

SB 1535 will not incur a fiscal impact on DCCA, cities, towns, and incorporated villages. The impact of the legislation on rural townships cannot be determined.

SENATE FLOOR AMENDMENT NO. 1

Deletes everything. Reinserts the provisions of the bill as introduced but (1) changes the title of the Act to the Rural Technology Development Zone Act; (2) provides that the Department of Commerce and Community Affairs shall administer the Act rather than

the Illinois Commerce Commission; and (3) provides that the program shall consist of a pilot program with 3 areas designated by DCCA as rural technology development zones in consultation with the Illinois Commerce Commission. Effective immediately.

5 ILCS 140/7 from Ch. 116, par. 207

Creates the Residential Health Care Facility Resident Sexual Assault and Death Review Team Act. Requires the Director of Public Health to appoint a residential health care facility resident sexual assault and death review team in each of the Department's administrative regions outside Cook County and at least one such team in Cook County. Provides that a team shall review every sexual assault of a nursing home resident and every death of a nursing home resident occurring in its region. Creates the Illinois Residential Health Care Facility Resident Sexual Assault and Death Review Teams Executive Council to oversee the review teams. Amends the Open Meetings Act to exempt meetings of the review teams and the Executive Council from the open meeting requirements of that Act. Amends the Freedom of Information Act to exempt records of the review teams and the Executive Council from the public access requirements of that Act. Effective immediately.

SB-1592 SIEBEN-PETERSON.

20 ILCS 3805/7.28
35 ILCS 5/214

Amends the Illinois Housing Development Act. Makes changes in the definitions of "affordable housing project" and "sponsor". Defines "project" to mean an affordable housing project, an employer-assisted affordable housing project, general operating support, or technical assistance. Defines "tax credit" as a tax credit allowed under Section 214 of the Illinois Income Tax Act. Provides that a sponsor must apply to an administrative housing agency for approval of a project (now, must apply to the agency that administers the program). Provides that the agency must reserve a specific amount of tax credits for each approved project (now, must reserve the credits for each approved affordable housing project for 24 months after it is approved and the sponsor must receive an eligible donation within that time in order to receive the credit). Provides that tax credits for general operating support can only be reserved as part of a reservation of tax credits for another type of project. Allows tax credits only where an administrative housing agency has reserved tax credits for the project. Limits tax credits for general operating support to 10% of the total tax credit reservation for the related project (now, limited to 10% of the total tax credit allocation for the project). Allows an administrative housing agency to reserve tax credits for any approved projects if the agency is unable to reserve the tax credits set-aside for employer-assisted housing projects and general operating support. Amends the Illinois Income Tax Act. Provides that persons or entities not subject to the tax and who make a donation under the Illinois Housing Development Act are entitled to receive and to transfer a tax credit for affordable housing donations. Makes other changes. Effective immediately.

FISCAL NOTE (Department of Revenue)

This bill will have little to no additional impact. The provision in the bill stating that

an exempt organization may make a donation and sell the resulting credit is merely a codification of current practice.

FISCAL NOTE (Housing Development Authority)

No fiscal impact.

FISCAL NOTE (H-AM 2)(Department of Revenue)

Senate Bill 1592, as amended by House Amendment 2, will have minimal fiscal impact on the Department of Revenue.

STATE MANDATES FISCAL NOTE (H-AM 2)(Dept. of Commerce and Economic Opportunity)

SB 1592 (HA #2) creates a tax exemption mandate for which 100% of the increased costs to units of local government is required under the State Mandates Act. An estimate of the increased costs to the units of local government affected is not available. However, the legislation contains a provision which states that no reimbursement by the State is required.

HOME RULE NOTE (H-AM 2)(Dept. of Commerce and Economic Opportunity)

SB 1592 (HA #2) does not pre-empt home rule authority.

HOUSE AMENDMENT NO. 3

Deletes reference to:

20 ILCS 3805/7.28

35 ILCS 5/214

Adds reference to:

35 ILCS 200/18-185

Deletes everything after the enacting clause. Amends the Property Tax Extension Limitation Law in the Property Tax Code. In certain non-home rule taxing districts in which the voters have approved a referendum making the Property Tax Extension Limitation Law applicable, exempts from the extension limitation those extensions made for payments of principal and interest on bonds issued before July 1, 2005 by any school district on the State Board of Education's Financial Warning List for the purpose of financing a retrofit program to replace steam pipes. Effective immediately.

SB-1605 SILVERSTEIN-E. JONES.

30 ILCS 330/2.1 new

Amends the General Obligation Bond Act by reducing by $1 the total amount of General Obligation Bonds authorized under that Act. Effective July 1, 2003.

STATE DEBT IMPACT NOTE (Economic and Fiscal Commission)

Senate Bill 1605, as amended by House Amendment 1, would not affect the bonding authorization of the State, and, therefore, has no direct impact on the level of State indebtedness. The bill would restrict the use of General Obligation and Build Illinois bonding for long term capital needs only, would require competitive bidding for most

bond sales and minimum savings from refunding bonds. This legislation would set limits on State debt, the maturity of bonds, and create greater transparency through disclosure of bond deals, from the Governor's Office of Management and Budget.

Deletes everything. Amends the Riverboat Gambling Act. Authorizes all owners licensees that operate from home docks on the Mississippi River (now one such licensee) to relocate to new home dock locations that meet specified requirements. Provides that if an owners license terminates or expires without renewal or the Board revokes or determines not to renew an owners license, it may re-issue the owners license pursuant to a competitive bidding process. Provides that if the Gaming Board determines that the highest prospective total revenue to the State would be derived from State conduct of the gambling operation in lieu of reissuing the license, it shall so inform each applicant and commence a competitive bidding process for issuance of a managers license. If the Board elects to conduct riverboat gambling operations previously authorized by a terminated, expired, nonrenewed, or revoked owners license, it may do so without an owners license and the number of owners licenses that the Board may issue shall be reduced by one. Provides that the Gaming Board shall have jurisdiction over and shall supervise all State gambling operations. Authorizes qualified persons to apply for a managers license to operate and manage any gambling operation conducted by the State. Provides that making a false statement on a managers license application is a Class A misdemeanor. Provides that issuance of a managers license shall be subject to a competitive bidding process. Sets specific procedures for the bidding for owners licenses and managers licenses. Changes the admission tax rate to a graduated rate based on admissions in the previous year. Effective immediately.

HOUSE AMENDMENT NO. 5

Further amends the Riverboat Gambling Act. Provides that the Gaming Board may not re-issue an owners license unless the Board's revocation or determination not to renew the license is final. Amends Public Act 91-40 to replace that Public Act's inseverability clause with a severability clause. Effective immediately.

Amends the Chicago Police, Chicago Firefighter, Chicago Municipal, Chicago Laborers, and Chicago Park District Articles of the Illinois Pension Code. Makes changes concerning participation, eligibility, benefits, and the administration of benefits. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (HA-1) (Pension Laws Commission)

Fiscal impact to Chicago Firefighter's Pension Fund is $146.6 million in accrued liability, total annual cost of $16.0 million and a decrease in city funding by $23.1 million over the next 10 years, with a reduction of $4.2 million in 2004. Fiscal impact to Chicago Police Pension Fund would be very minor. The bill does decrease city funding by $23.1 million over the next 10 years, with a reduction of $4.2 million in 2004. Fiscal impact to Chicago Municipal Employees Pension Fund is $247.1 million in accrued liability. This addition would reduce the funded ratio by approximately 2.67%. The fund currently has a funded ratio of 84.5%. The other provisions would have a minor impact. Fiscal impact to Chicago Laborers' Pension Fund is $30.5 million in accrued liability. This addition would reduce the funded ratio by approximately 2.15%. The fund currently has a funded ration of 111.3%. The other provisions would have a minor impact. Fiscal impact to Chicago Park District Employees' Pension Fund is $32.1 million in accrued liability resulting in a decrease in the funded ratio from 94.0% to 89.8%. The corresponding increase in total annual cost is $4.7 million or 4.56% of payroll. It should be noted, that even though annual costs would increase by $4.7 million, actual employer contributions to the fund would actually decrease by $5 million annually for the next 2 years.

Allows the Authority to acquire, own, sell, lease, or otherwise dispose of interests in real property and to issue bonds, notes, or other evidences of indebtedness for certain purposes in an aggregate amount not to exceed $250,000,000. Provides that the Authority shall be governed by a 27-member board. Contains other provisions. Effective immediately.

The bill, as amended by Senate Amendment No. 1, does allow, in some instances, for the State's moral obligation pledge to be used for the Western Illinois Economic Development Authority's Bonds. The State is not legally obligated to pay in the event of default on moral obligation bonds, but the Governor may include the default amount in the budget for possible legislative action.

Provides that the term "public works" includes all projects financed in whole or in part with bonds, loans, or other financial aid authorized under the Western Illinois Economic Development Authority and removes from the definition of "public body" the requirement that the entity be authorized by law to construct public works or to enter into any contracts for the construction of public works. Requires contractors or construction managers awarded a contract for public works to post certain prevailing wage rate information. Provides that failure to post the prevailing wage rate as required is a violation of the Act.

SB-1755 RIGHTER.

New Act

Creates the State Budget Containment Act. Provides that the aggregate appropriations from the general funds made by the General Assembly for any given State fiscal year, including supplemental appropriations, shall be no more than 104% of the aggregate appropriations from the general funds for the immediately prior State fiscal year, including supplemental appropriations. Requires the Bureau of the Budget, on August 1 each year, to certify general funds revenues received by the State for the immediately prior State fiscal year. Provides that if the certified amount exceeds the amount received during the State fiscal year immediately prior to the immediately prior State fiscal year by more than 4%, then any excess over that 4% shall be transferred into the Budget Stabilization Fund. Authorizes the General Assembly to stop or reverse the transfer by a three-fifths vote in each house. Effective immediately.

30 ILCS 105/6z-51
30 ILCS 105/6z-65 new

Creates the Budget Stabilization Act and amends the State Finance Act. Limits appropriations from the State's general funds in fiscal years when estimated general funds revenues exceed certain previous fiscal years' general funds revenues. Requires the State Comptroller to transfer from the General Revenue Fund into the Budget Stabilization Fund or Early Debt Retirement Fund an amount equal to the fiscal year's unappropriated general funds revenues. Establishes appropriation limits and a transfer schedule. Specifies the purpose of the Budget Stabilization Fund and requires that earnings on its investment remain in the Fund. Creates the Early Debt Retirement Fund as a special fund within the State treasury for payment of certain liabilities. Effective immediately.

FISCAL NOTE (Economic and Fiscal Commission)

SB 1757 would not increase or decrease any revenues of the State.

FISCAL NOTE (Office of the Comptroller)

There is no immediate fiscal impact because required transfers to the Budget Stabilization Fund and limitations on state expenditures do not take effect until after the State experiences growth in general revenue funds over 4%. However, using current estimated revenue levels for illustration purposes, a .5% and a 1% transfer into the Budget Stabilization Fund would be approximately $120 million and $240 million, respectively.

GOVERNOR AMENDATORY VETO MESSAGE

In the Budget Stabilization Act, recommends the following changes: In addition to "appropriations", provides that "transfers or diversions as required by law" be subject to certain budget limitations and transfers. Defines "estimated general funds revenues". Deletes references to the Early Debt Retirement Fund. Provides that the balance of the Budget Stabilization Fund may not exceed 5% (instead of 4%) of the total of general funds revenues estimated for that fiscal year. Provides that, if the balance of the Budget Stabilization Fund exceeds 5% of the total estimated general funds, the Comptroller shall make monthly transfers to the Fund only if certain liabilities exist. In the State Finance Act, recommends the following changes: Deletes provisions creating the Early Debt Retirement Fund. Provides that moneys may be transferred from the Budget Stabilization Fund to the General Revenue Fund in order to meet cash flow

deficits (instead of just "deficits"). Effective immediately.

Deletes reference to:

STATE MANDATES FISCAL NOTE (Illinois Community College System)

Under the State Mandates Act, a "State Mandate" means any State-initiated statutory or executive action that requires a unit of local government to establish, expand, or modify its activities in such a way as to necessitate additional expenditures from local revenues. Each community college is considered a unit of local government. This bill requires the colleges to include victims of domestic or sexual violence within their current employee benefits policies. The cost to the state's 48 colleges is not available since estimates cannot be made on the number of employees that will use this policy. The cost to the ICCB is also unknown.

FISCAL NOTE (S-AM 1) (Bureau of the Budget)

On reviewing this legislation, the Bureau has determined that the legislation does not propose that the Bureau receive or expend any appropriation, or collect any revenues specified by the legislation. As such, there is no Fiscal Note impact for this bill.

FISCAL NOTE (Dept of Commerce and Community Affairs)

Units of local government are included in term "public agencies" defined within the legislation. Such entities are required to comply with the provisions of the bill. Therefore, local governments can be anticipated to incur a fiscal impact by implementing SB 1763. However, an estimate of the fiscal impact is not available.

FISCAL NOTE (S-AM 1) (Illinois State Board of Education)

An exact fiscal impact is difficult to determine. To the extent that the provisions of the Act apply to local school districts, there will be a fiscal impact at that level. It is likely that employees of school districts will avail themselves to the provisions of this Act, which may require districts to hire a substitute teacher.

PENSION NOTE (Pension Laws Commission)
Based on 1996 membership data for all Downstate Police pension funds provided by the Department of Insurance, the Commission's actuary estimates that the acceleration of the automatic increase in duty disability pensions contained in SB 1768 would increase the accrued liability of the funds by $38.6 million. The estimated increase in total annual costs is $4.8 million, or 0.95% of payroll. The annual cost will vary by employer and would increase commensurate with payroll.

FISCAL NOTE (Dept of Commerce and Community Affairs)

SB 1784 does not have a fiscal impact on DCCA. At this time, DCCA has insufficient information to calculate the fiscal impact of this legislation on units of local government which fall within the definition of "public agency" in 30 ILCS 235/1.

This bill will have no impact on the State Treasurer's budget for the first full year of the bill. The Treasurer does not consider it prudent to accept these additional types of collateral for public moneys. As a result, the Treasurer would not take advantage of the additional authority provided for in the bill.

Imposes the tax whether or not a document is recorded. Amends the Illinois Municipal Code and the Counties Code with respect to home rule real estate transfer taxes. SENATE COMMITTEE AMENDMENT NO. 1

Adds reference to:
35 ILCS 200/31-46 new

Changes the definition of "real estate entity" to remove a provision limiting the definition to real property located in Illinois. Adds that the State-imposed real estate transfer tax is due if the transfer involves one or more persons or entities. Allows an exemption from the State-imposed real estate transfer tax to the extent of the corporate franchise tax imposed under the Business Corporation Act of 1983 and paid by the real estate entity as a result of the transfer.

FISCAL NOTE (S-AM 1) (Dept of Commerce and Community Affairs)
SB 1883 (SA#1) does not incur a fiscal impact on DCCA. While the bill as amended contains certain provisions that are permissive in nature, the fiscal impact on units of local government cannot be estimated at this time.
FISCAL NOTE (SC-AM 1) (Illinois State Board of Education)
No fiscal impact on the State Board of Education. To the extent the bill increases or decreases local revenues, the bill will impact local school districts.
STATE MANDATES FISCAL NOTE (SC-AM 1) (Illinois State Board of Education)
This legislation does not constitute a State Mandate on local school districts.

SENATE FLOOR AMENDMENT NO. 2

Deletes everything after the enacting clause. Reinserts the provisions of the bill as introduced along with the provisions of Senate Amendment No. 1, with changes as follows. In the Real Estate Transfer Tax Law in the Property Tax Code, removes language defining "controlling interest" to include the right of one or of several persons to receive, at the time of distribution, 50% or more of the income or profits of a real estate entity. In provisions imposing a real estate transfer tax in the Property Tax Code, the Counties Code, and the Illinois Municipal Code, provides that the tax is imposed on the privilege of transferring a beneficial interest in real property (now, imposed on the privilege of transferring a beneficial interest in real property that is the subject of a land trust). Defines "beneficial interest". Further amends the Stock, Commodity, or Options Transaction Tax Exemption Act to provide that the new language providing that nothing in the Act shall be construed to prohibit or invalidate a real estate transfer tax or fee otherwise authorized is intended as a clarification and not as a change to existing law. Further amends the Counties Code and the Illinois Municipal Code to provide that any real estate transfer taxes that were imposed by a county or municipality at any time prior to the effective date of this amendatory Act are specifically authorized, permitted, and validated. Makes other changes. Effective immediately.
STATE MANDATES FISCAL NOTE (S-AM1) (Community College Board)
SB 1883 may create a state mandate. The fiscal impact on the community college system is unknown. There is no fiscal impact on the Community College Board.
HOUSING AFFORDABILITY IMPACT NOTE (Housing Development Authority)

HOUSE AMENDMENT NO. 2

Deletes everything after the enacting clause. Reinserts the provisions of the bill as engrossed, making changes as follows: Changes the Real Estate Transfer Tax Law in the Property Tax Code. Defines "controlling interest" to mean more than 50% (now, 50% or more) of the fair market value of all ownership interests or beneficial interests in a real estate entity. Provides that the tax is imposed on the transfer of real estate and beneficial interests in real estate located in Illinois and on the transfer of a controlling interest in a real estate entity owning property located in Illinois. Provides that the transfer declaration shall state the value of the real property or beneficial interest in real property located in Illinois that is transferred (now, the full consideration for the property or interest in real property that is transferred). Makes changes in the Counties Code and the Illinois Municipal Code with respect to the real estate transfer tax imposed by counties and municipalities. Authorizes amendments to the tax if the amendment does not increase the rate of the tax or add transactions on which the tax is imposed (engrossed bill, only if the amendment does not increase the rate of the tax). Replaces language validating any real estate transfer tax imposed by a county or municipality before the effective date of this amendatory Act with language stating that any transfer taxes adopted prior to January 17, 1997 (the effective date of the Public Act creating these provisions) and any amendments adopted in accordance with law after that date are not preempted by this amendatory Act. Deletes everything after the enacting clause. Amends the Local Planning Technical Assistance Act. Creates the Priority Funding Advisory Committee. Provides that the Priority Funding Advisory Committee is established to develop detailed criteria for the Department to use in designating priority funding areas and in making funding decisions for those areas. Authorizes the Committee to create certain preferences for designation as a priority funding area and for grants to those areas. Sets out the membership and the reporting requirements of the Committee. Creates the Local Planning Task Force and lists its membership and duties. Amends the Governor's Office of Management and Budget Act. Requires that the Office review any negative comments and findings that a Department or Agency has received as a result of that interagency review before funding may be authorized for a proposed project or activity. Amends the Regional Planning Commission Act. Provides that an Intergovernmental Cooperation Council created in accordance with the specified Section of the Counties Code may serve as the planning commission if so designated by the county board as provided in that Section. Amends the Counties Code. Provides for the creation of an Intergovernmental Cooperation Council by a county board. Provides for membership, duties, and authority of the Council, if established by a county board. Effective January 1, 2006, except for the provisions of the bill concerning the

Priority Funding Advisory Committee and the Local Planning Task Force, which are effective immediately.

HOUSING AFFORDABILITY IMPACT NOTE (Housing Development Authority)

Assuming the State planning programs cited refer to those providing direct funding to regional or local planning efforts, Senate Bill 1906 (HA #1) will have no fiscal impact on the costs of constructing, purchasing, owning, or selling a single family home.

FISCAL NOTE (Department of Commerce and Economic Opportunity)

Senate Bill 1906 with House Amendment 1 is estimated to have a fiscal impact on the Department of Commerce and Economic Opportunity for costs associated with producing reports, reimbursing committee members for their expenses, and administering grants to priority funding areas. Because information on the report documents, number of committee/task force meetings, and amount of funding provided for grants is not currently known, a reliable cost estimate cannot be made at this time. This fiscal note does not address the impact of this legislation on any other agency.

HOUSE AMENDMENT NO. 3

Deletes provisions that require a unit of local government to receive priority consideration for State grants and other State programs if the affected unit of local government is located in a county that has (i) established an Intergovernmental Cooperation Council; (ii) adopted a Local Land Resource Management Plan that has been deemed to be "joint and compatible" by resolution of the affected unit of local government; and (iii) established procedures for intergovernmental review.

STATE MANDATES FISCAL NOTE (Department of Commerce and Economic Opportunity)

Does not create a state mandate under the State Mandates Act.

HOME RULE NOTE (Department of Commerce and Economic Opportunity)

The legislation does not contain language indicating a pre-emption of home rule powers and functions.

FISCAL NOTE (Department of Commerce and Economic Opportunity)

As amended by HA2, is estimated to have a fiscal impact of over $15,000 for reimbursing members of the Priority Funding Advisory Committee for their costs incurred through their service. Additional costs will be incurred by the Department to produce and print reports as required in this legislation, however, those costs are unknown at this time. The Department estimates that these costs can be absorbed within the Governor's proposed FY2005 budget for DCEO.

Limits terms to 4 (instead of 6) years. Makes changes concerning party membership. Provides that appointment of a State Superintendent of Education shall be made by the State Board that includes the members of the State Board whose terms begin after the effective date of the amendatory Act and then by the State Board that includes the members of the State Board whose terms begin on the second Wednesday of January, 2007 and each 4 years thereafter. Provides that a contract issued for the employment of a State Superintendent entered into on or after the effective date of the amendatory Act must expire no later than February 1, 2007, and subsequent contracts must expire no later than each 4 years thereafter (now, a contract may not be for a term longer than 3 years). Prohibits a contract from being extended or renewed beyond February 1, 2007 and each 4 years thereafter, but provides that the State Superintendent shall serve until his or her successor is appointed. Provides that upon appointment of the new Board members, the Board shall review all of its current rules in an effort to streamline procedures, improve efficiency, and eliminate unnecessary forms and paperwork. Creates a Division of Teaching and Learning Services, Division of School Support Services, Division of Fiscal Support Services, Division of Special Education Services, Office of the Internal Auditor, and Office of Human Resources, all within the State Board of Education. Lists the responsibilities of these divisions and offices. Provides that rules and policies of the State Board must be in accordance with the Illinois Administrative Procedure Act. Provides that no rule or policy of the State Board may supercede federal or State law, unless otherwise authorized by law. Requires the State Board to develop and maintain a continuing 5-year strategic plan for elementary and secondary education, to be issued to the Governor and General Assembly. Lists topic areas that the plan must include. Requires the State Board to provide for the establishment and operation of not more than 15 regional administrative service centers, to be located throughout the State based on the location of the 15 regional learning technology centers established by the State Board. Provides for a report on the effectiveness of the centers to be made to the Governor and General Assembly. Lists functions that the centers must perform. Requires a school district's calendar for the school term and any changes to be submitted to and approved by the regional superintendent of schools (the State Board of Education in Chicago) before the calendar or any changes may take effect. Gives the regional superintendent of schools the duty to assist and support school districts with the preparation and submission of grant applications and the duty to accept and review all transcripts for new initial certificate applications and ensure that each applicant has met all of the criteria established by the State Board of Education in consultation with the State Teacher Certification Board. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

JUDICIAL NOTE (Admin Office of the Illinois Courts)

Would neither increase nor decrease the number of judges needed in the state.

FISCAL NOTE (State Board of Education)

Senate Bill 1955, as amended by House Amendment 1, can be funded within existing resources of the State Board of Education with the exception of establishing regional administrative service centers (RASC) and appropriately training ROE to review all transcripts for new initial teaching certificate applications. These additional costs will depend on how many RASC are created and what level they are staffed and how many ROE become involved in reviewing initial teaching certificates. Assuming the number of RASC are phased in across the first two years and are consolidated with the existing Learning Technology Centers and other regional programs and resources, the additional cost is estimated to be approximately $300 thousand per RASC for a total additional annual cost of approximately $5 million by the third year. This assumes a Director, several staff, and some operational costs per each RASC. The cost of training ROE in transcript evaluation would be relatively small and may be able to be done within existing resources. It is unclear whether the ROE will require additional staff or resources or will be able to reassign existing staff and resources. Senate Bill 1955, as amended by House Amendment 1, does not appear to establish new state mandates and the legislation is specifically exempt from the State Mandates Acr and any cost incurred

by school districts, ROE or others is not reimbursable from the state.

JUDICIAL NOTE (Admin Office of the Illinois Courts)

As amended by House Amendment 1, Senate Bill 1955 would neither increase nor decrease the number of judges needed in the state.

PENSION NOTE (Economic and Fiscal Commission)

Senate Bill 1955, as amended by House Amendment 1, would not impact any public pension fund or retirement system in Illinois.

STATE DEBT IMPACT NOTE (Economic and Fiscal Commission)

As amended by HA1, would not change the amount of authorization for any type of State-issued or State-supported bond, and therefore would not affect the level of State indebtedness.

HOUSING AFFORDABILITY IMPACT NOTE (Housing Development Authority)

This legislation will have no effect on constructing, purchasing, owning, or selling a single-family residence.

CORRECTIONAL NOTE (Dept of Corrections)

Senate Bill 1955, as amended by House Amendment 1, will have no corrections population or fiscal impact on the Department of Corrections.

STATE MANDATES FISCAL NOTE (Illinois Community College System)
Under the State Mandates Act, a "State Mandate" means any State-initiated statutory or executive action that requires a unit of local government to establish, expand, or modify its activities in such a way as to necessitate additional expenditures from local revenues. Illinois community colleges are not affected by Senate Bill 1960.

FISCAL NOTE (Board of Higher Education)
As amended by HA2, the fiscal impact would appear negligible. There is no mandate on local units of government as defined by the States Mandates Act.

105 ILCS 5/18-8.05	
720 ILCS 5/17A-1	from Ch. 38, par. 17A-1

Deletes everything after the enacting clause. Amends the Property Tax Code. Increases the ceiling for household income eligibility for the Senior Citizen Assessment Freeze Homestead Exemption from $40,000 for taxable years 1999 through 2003 to $45,000 for taxable years 2004 and thereafter. Provides that, for taxable years 2004 and thereafter, the maximum reduction under the Senior Citizens Homestead Exemption shall be $3,000 in all counties and the maximum reduction under the general homestead exemption shall be $5,000 in all counties. Creates an alternative general homestead exemption that applies to counties that choose to adopt the provision by ordinance. Provides that the amount of the exemption is the equalized assessed value of the homestead property for the current tax year minus the adjusted homestead value. Defines "adjusted homestead value" as the lesser of (i) the property's base homestead value increased by 7% for each tax year after the base year (2002 or 2003) through and including the current tax year or (ii) the property's equalized assessed value for the current tax year minus $4,500 in Cook County and $3,500 in all other counties in tax year 2003 or $5,000 in all counties in tax year 2004 and thereafter. Provides that "base homestead value" means the equalized assessed value of the property for the base year prior to exemptions, minus $4,500 in

Cook County and $3,500 in all other counties in tax year 2003 or $5,000 in all counties in tax year 2004 and thereafter. Establishes procedures for determining the base homestead value of property improved after the base year. Provides that in counties with less than 3,000,000 inhabitants, the new general homestead exemption provisions apply only for assessment years 2003, 2004, and 2005 if 2002 is the designated base year or 2004, 2005, and 2006 if 2003 is the designated base year. Provides that if a county has elected to subject itself to the alternative general homestead exemption provisions, then, for the first taxable year only after those provisions no longer apply, creates an additional general homestead exemption of $5,000 for owners (i) who have not been granted a senior citizens assessment freeze homestead exemption for the taxable year, (ii) whose qualified property has an assessed valuation that has increased by more than 20% over the previous assessed valuation of the property, and (iii) who have a household income of $30,000 or less. Provides that in all counties (now, in counties with more than 3,000,000 inhabitants), the assessor or chief county assessment officer may use specified methods to determine the eligibility of residential property to receive the homestead exemption and the amount of the exemption. Requires a taxpayer applying for the additional general homestead exemption to submit an application and an affidavit to the chief county assessment officer. Requires the Department of Revenue to issue guidelines establishing a method for verifying the accuracy of the affidavits. In provisions that authorize a partial exemption from property taxes for homestead properties that have been improved and residential structures on homestead property that have been rebuilt following a catastrophic event, changes the limit to $75,000 per year for that homestead property beginning January 1, 2004 and thereafter (now, $45,000 per year). Amends the State aid provisions of the School Code to provide that, if the general homestead exemption is determined under the alternative general homestead exemption provisions or if an additional general homestead exemption is allowed because the owner has a household income of less than $30,000, then the available local resources shall not be effected. Makes other changes. Amends the Longtime Owner-Occupant Property Tax Relief Act to limit deferrals or exemptions to $20,000 in EAV per tax year. Amends the Economic Development Area Tax Increment Allocation Act, the County Economic Development Project Area Property Tax Allocation Act, the County Economic Development Project Area Tax Increment Allocation Act of 1991, the Economic Development Project Area Tax Increment Allocation Act of 1995, the Tax Increment Allocation Redevelopment Act and the Industrial Jobs Recovery Law in the Illinois Municipal Code, the School Code, and the Criminal Code of 1961 to include a cross reference to the alternative general homestead exemption provision in the Property Tax Code. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

20 ILCS 2310/2310-228 new

Amends the Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois. Requires the Department to establish and administer a nursing workforce database. Provides that the objective of establishing the database shall be the collection and analysis of data that is related to nursing and to the nursing workforce, so that conclusions may be drawn relating to current nursing supply, demand, and workforce concerns in the State and to future workforce projections and needs. Sets forth the information that must be contained in the database. Provides that no later than January 15, 2006, the Department shall submit a report to the Governor and members of the General Assembly regarding the development of the database and the effectiveness of its use.

SENATE COMMITTEE AMENDMENT NO. 2

Deletes everything after the enacting clause. Reinserts the text of the bill as introduced with the following changes: Provides that the database must be established and administered in consultation with the Illinois Coalition for Nursing Resources, the Illinois Nurses Association, and other nursing associations. Provides that the information compiled in the database must be available under the Freedom of Information Act. Sets forth different objectives for the database. Deletes a provision setting forth the specific information that must be contained in the database. Provides that the Department may not disclose any data that it compiles in a manner that would allow the identification of any particular health care professional or health care facility. Provides that nothing in this amendatory Act shall be construed as requiring any health care facility to file or submit any data, information, or reports to any State agency or department.

FISCAL NOTE (Department of Public Health)

The level of detail necessary to make the database and its information worthwhile requires the involvement of multiple researchers. Consideration might be given to a contractual relationship with the federally funded Center for Health Workforce Studies at the University of Illinois at Chicago. The center has an existing staff of researchers who specialize in health workforce issues. Identifying the cost of such a contractual relationship is difficult as the determination of specific information needed likely would require input from many individuals throughout the State who would use the data that are developed. For comparison purposes, studies completed in the 1990s by the University of Illinois College of Nursing that analyzed (with frequency counts and cross tabulations only) responses to questionaires mailed with license renewal applications cost from $75,000 to $100,000. With the complexity and outcomes described in SB 2270, development of the data to quantify need for nurses and the associated nursing resources database might be expected to require $500,000 or more.

HOUSE AMENDMENT NO. 1

Provides that the requirement to establish and administer the nursing workforce database is subject to appropriation.

FISCAL NOTE (Department of Public Health)

Senate Bill 2270, as amended by House Amendment 1, has no fiscal impact unless monies are appropriated by the General Assembly for this purpose.

Creates 2 additional resident judgeships for allotment as subcircuit judgeships. Effective immediately.

HOUSE AMENDMENT NO. 1

Adds reference to:

705 ILCS 35/2f-2

705 ILCS 35/2f-5

Deletes everything after the enacting clause. Amends the Circuit Courts Act and the Associate Judges Act. Removes the February 1, 2004 deadline for the General Assembly to create subcircuits within the 12th (Will County), 19th (Lake County), and 22nd (McHenry County) judicial circuits. In the 12th judicial circuit (Will County), removes the conversion of 2 associate judgeships to resident subcircuit judgeships required by Public Act 93-541; creates 2 additional resident judgeships in that circuit for allotment as subcircuit judgeships. Provides that the 2 resident judgeships in the 12th judicial circuit created by this bill shall be filled beginning at the general election in 2008. Permits the additional resident judgeships created by Public Act 93-541 and this bill to be filled by appointment by the Supreme Court before election (rather than requiring the Supreme Court to fill the one additional resident judgeship created by Public Act 93-541 before the 2006 general election). Provides that on and after December 4, 2006, the minimum number of associate judges authorized for the 19th judicial circuit (Lake County) shall be 20 (rather than 14). Provides that when the Supreme Court on December 4, 2006 allocates associate judges between the 19th and 22nd circuits as required by Public Act 93-541, the allocation must be based on residency of the associate judges (rather than based on population of the circuits) and the 19th circuit must be allocated no fewer associate judges than resided in Lake County on March 22, 2004. Effective immediately.

Provides for representation of a tenant association by a not-for-profit corporation or private purchaser. Requires that the owner offer the property for sale to a tenant association within 60 days after the association has complied with the requirements of the Act concerning notice to the owner. Requires that a tenant association notify the owner of its intent to purchase the property within 90 (instead of 30) days after receiving the owner's offer of sale. Effective immediately.

Amends the Children's Product Safety Act. Provides that a "children's product" is one designed or intended for the care of or use by a child under age 12 (instead of under age 6). Replaces the definition of "commercial user" with a definition of "commercial dealer", which includes one who manufactures children's products. Imposes requirements on commercial dealers in children's products with respect to product recalls. Provides that a commercial dealer who violates the Act is subject to a civil penalty not to exceed $1,000 for each day the violation continues (instead of providing that a commercial user who willfully and knowingly violates the Act is guilty of a Class C misdemeanor). Provides that nothing in the Act relieves a commercial dealer from compliance with stricter requirements imposed by a federal agency. Makes other changes. Effective immediately.

SENATE FLOOR AMENDMENT NO. 1

Deletes reference to:
215 ILCS 5/41
Adds reference to:
215 ILCS 5/229.4 from Ch. 73, par. 841.4
215 ILCS 5/229.4a new

Deletes everything after the enacting clause. Amends the Illinois Insurance Code. Repeals the Standard Non-forfeiture Law for Individual Deferred Annuities on July 1, 2006, and adds a new Standard Non-forfeiture Law for Individual Deferred Annuities. Provides that a company may elect to apply the new provisions to annuity contracts on a contract form-by-contract form basis before July 1, 2006. Provides that, in all other instances, the new provisions become operative with respect to annuity contracts issued by the company on or after July 1, 2006. In provisions pertaining to the minimum values of any paid-up, cash surrender or death benefits available under an annuity contract be based upon minimum nonforfeiture amounts as defined, modifies the definition determining the minimum nonforfeiture amount. Provides that the interest

rate used in determining minimum nonforfeiture amounts shall be an annual rate of interest determined as the lesser of 3% per annum and a specified formula, which shall be specified in the contract if the interest rate will be reset. The new provisions make numerous other modifications to the current Standard Non-forfeiture Law for Individual Deferred Annuities. Effective July 1, 2004.

SENATE FLOOR AMENDMENT NO. 2

Adds reference to:

215 ILCS 5/143	from Ch. 73, par. 755
215 ILCS 5/408	from Ch. 73, par. 1020

Further amends the Illinois Insurance Code. Provides that companies must file forms electronically through the System for Electronic Rate and Form Filing (SERFF). Provides that all examinations, investigations, and hearings under the Code may be conducted either by the Director of Insurance or by one or more of the actuaries, technical advisors, deputies, supervisors, or examiners employed or retained by the Department and designated by the Director for that purpose. Provides that the Department may retain independent actuaries, independent certified public accountants, or qualified examiners of insurance companies. In provisions regarding policy forms, requires the Department of Insurance to mail a quarterly invoice to insurance companies for the appropriate filing fees. Removes language providing that fees charged for a policy filed as it will be issued regardless of the number of forms comprising that policy shall not exceed $1,000 or $2,000 for advisory or rating organizations. Provisions added by this amendment are effective immediately.

HOUSE AMENDMENT NO. 1

Deletes provisions requiring all examinations, investigations, and hearings be conducted either by the Director or by one or more of the actuaries, technical advisors, deputies, supervisors, or examiners employed or retained by the Department and designated by the Director for that purpose. Adds language providing that the Director as rehabilitator, liquidator, or conservator may not avoid a transfer to the extent that the transfer was, in the case of a transfer by a company where the Director has determined that a regulatory action level event or an authorized control event has occurred, specifically approved by the Director in writing, whether or not the company is in receivership. All provisions are effective immediately.

Provides that the estimation and allowance of the loss development on a known loss or occurrence shall trigger a reinsurer's obligation to pay pursuant to its reinsurance contract with the insolvent company. Provides that that portion of any estimated and allowed contingent claim that is attributable to claims incurred but not reported to the insolvent company's reinsured shall not be billable to the insolvent company's reinsurers. This legislation would result in prison sentences for some offenders who would receive probation or another community sanction under the current statutes. These enhancements would result in an increase of 920 inmates with $237,104,600 in additional costs over the first ten years after enactment.

SENATE FLOOR AMENDMENT NO. 1

Provides that the mandatory prison sentence for unlawful use or possession of weapons by felons who are not confined in a penal institution who have been convicted of a forcible felony only applies to forcible felonies committed within 10 years of the date on which the person committed the offense for which the person is being sentenced, excluding time served in custody.

SB-2525 JACOBS AND SIEBEN.

220 ILCS 5/7-210 new

Amends the Public Utilities Act. Provides that a gas utility offering unregulated sales of natural gas to an end-use customer within or outside its service area shall be subject to specified provisions of the Act with respect to such sales. Provides that a gas utility offering unregulated sales of natural gas to an end-use customer within or outside its service area shall not subsidize such sales through the utility's regulated business. Provides that a gas utility offering unregulated sales of natural gas to an end-use customer within or outside its service area shall not discriminate in the provision of regulated gas service based upon the existence or terms of an unregulated sale of natural gas. Provides that the Commission may require a gas utility to file reports regarding its unregulated sales of natural gas in the State and shall have access to, for the purpose of review, a gas utility's contracts for unregulated sales of natural gas. Effective immediately.

SENATE FLOOR AMENDMENT NO. 1

Deletes everything after the enacting clause. Inserts provisions substantially similar to those of SB 2525 except: (1) provides that costs and revenues from the gas utility's unregulated sales of gas to an end-use customer within or outside its service area shall not be included in the calculation of the utility's regulated gas rates and charges; (2) provides that the Commission shall require a gas utility to file reports regarding it unregulated sales of natural gas in the State; (3) provides that the Commission shall adopt provisions requiring functional separation between a gas utility's unregulated retail sales of natural gas in the State and its regulated retail gas services in the State; (3) provides that a gas utility shall not release or assign gas storage capacity procured for its regulated Illinois retail customers to its business division offering uuregulated retail sales of natural gas or allow such storage capacity to be managed by that business division; and (4) makes other changes.

JUDICIAL NOTE (Admin Office of the Illinois Courts)

Would neither increase nor decrease the number of judges needed in the State.

HOUSING AFFORDABILITY IMPACT NOTE (Housing Development Authority)
No fiscal effect on a single-family residence.
FISCAL NOTE (Illinois Commerce Commission)
Senate Bill 2525 does not include any funding for ICC oversight of these new unregulated gas utility sales and does not require the gas utility to pay the Illinois Public Utility Tax on those sales. To the extent that those sales replace regulated sales, the legislation will result in a decline of revenues collected under the Illinois Public Utility Tax. To police the actions of the gas utility under this new legislation would require 3 additional Agency staff, one accountant, one economist, and one engineer, at an estimated annual increase in costs of $250,870 to implement this legislation were it to become law. This estimate includes those salaries, fringe benefits, equipment, and commodities for 3 additional Agency staff members. These additional Agency staff members would spend their time examining gas utility operations, records, and transactions to ensure that the utility engaged in sales under proposed new 7-210 was not subsidizing unregulated sales with regulated businesses or using discriminatory practices in regulated businesses to aid unregulated sales. This work would be done primarily during the annual Uniform Purchased Gas Adjustment Clause reconciliation cases under existing Section 9-220.
PENSION NOTE (Economic and Fiscal Commission)
Would not impact any public pension fund or retirement system in Illinois.
STATE DEBT IMPACT NOTE (Economic and Fiscal Commission)
Would not change the amount of authorization for any type of State-issued or State-supported bond, and therefore, would not affect the level of State indebtedness.
HOME RULE NOTE (Department of Commerce and Economic Opportunity)
Senate Bill 2525, as engrossed, does not pre-empt home rule authority.
STATE MANDATES FISCAL NOTE (Department of Commerce and Economic Opportunity)
Senate Bill 2525, as engrossed, does not create a State mandate under the State Mandates Act.
CORRECTIONAL NOTE (Dept of Corrections)
Senate Bill 2525 has no corrections population or fiscal impact on the Department.

820 ILCS 405/1502.1 from Ch. 48, par. 572.1

Amends the Unemployment Insurance Act. Provides that an employer is not chargeable for any benefit charges resulting from the payment of benefits to an individual for any week of unemployment if the employer's business is closed solely because of the entrance of the employer, one or more of the partners or officers of the employer, or the majority stockholder of the employer into active duty in the Illinois National Guard or the Armed Forces. Effective immediately.

FISCAL NOTE (Department of Employment Security)

It is difficult to quantify the number of employers potentially affected and impossible to predict future calls to active duty, however it is highly unlikely that this amendment would result in any significant unfunded administrative costs. There would be some minor retraining and special handling costs associated with this new component of the Unemployment Act, which should easily be absorbed by federal administrative grant funding. Precise Unemployment Insurance benefit charge projections are likewise impossible, but the expectation is that they would be minimal. The bill would pool the costs attributable to this situation, spreading them across all employers rather than the more typical approach of directly charging the employer of the idled employees. Illinois' unemployment trust fund is currently over $900 million in debt to the federal government, and the pooling of these charges might exacerbate that position in the near term, most likely by an insignificant amount.

HOUSE AMENDMENT NO. 1 (TABLED 5/27/2004)

Adds reference to:

820 ILCS 405/402 from Ch. 48, par. 402

Further amends the Unemployment Insurance Act. In language providing that the receipt of certain wages reduces weekly benefits payable to an individual, provides that benefits payable for any week shall not be reduced by any amount of remuneration paid to the individual with respect to that week for non-active duty training and services as a member of the Illinois National Guard or the Armed Forces Reserve. Effective immediately.

Amends the Illinois Notary Public Act and the Consumer Fraud and Deceptive Business Practice Act. Prohibits a person whose prior notary commission was suspended, canceled, or revoked from receiving another commission (now, a 10-year prohibition). Exempts notaries who are accredited immigration representatives (now, only attorneys) from the requirement that non-English advertisements of service include a notice that the notary is not an attorney. Applies the notice requirement to other identifying articles, such as letterhead and business cards. Prohibits the literal translation of various English terms that may imply the notary is an attorney. Prohibits a notary from accepting fees for immigration advice or assistance. Makes violations subject to fines, business offense penalties, and commission revocation. Makes other changes. Under the Consumer Fraud and Deceptive Business Practices Act, imposes similar restrictions, requirements, and penalties on persons providing immigration services. Permits recovery of prohibited fees through compensatory damages and permits punitive damages of 3 times the amount of the fees. Makes other changes. Effective immediately.

SENATE COMMITTEE AMENDMENT NO. 1

Further amends the Illinois Notary Public Act and the Consumer Fraud and Deceptive Business Practices Act. Reinserts the 10-year period during which an applicant must not have held any notary appointment that was revoked, suspended, or canceled. Provides that no notary public who is not an attorney or an accredited representative shall provide or accept payment in exchange for any assistance that requires legal analysis, legal judgment, or interpretation of the law. Makes changes to the fee limit provision. Provides that the $1,000 fine imposed for violation of the immigration services notice requirement shall apply only if the violation is not subject to penalties under the Illinois Notary Public Act. Provides that the maximum fees charged in matters concerning immigration services shall be those set forth in the Illinois Notary Public Act, rather than those established by the Attorney General. Makes other changes.

HOUSE AMENDMENT NO. 1

With respect to the changes in the Illinois Notary Public Act, removes the requirement that a notary public applicant may not have held a notary public appointment that was canceled in the previous 10 years.

35 ILCS 130/2a new

Amends the Cigarette Tax Act. Provides that an equity assessment, in the amount of 25 mills per cigarette, is imposed on each package of nonparticipating-manufacturer cigarettes to which a person affixes a stamp or imprint as required under existing law. Provides that a "nonparticipating manufacturer" is a tobacco manufacturer that is not participating in the master settlement agreement entered into with respect to certain tobacco-related litigation. Sets forth payment procedures and penalties for violations. Effective immediately.

SENATE COMMITTEE AMENDMENT NO. 1

Removes language that states that, except as otherwise provided, the assessment shall be collected, paid, administered, and enforced in the same manner as the tax on cigarettes under the Act.

HOUSE AMENDMENT NO. 1

Deletes provisions that one of the purposes of the non-participating manufacturer equity assessment is to protect funding, reduced by the growth of nonparticipating-manufacturer cigarette sales, for certain programs funded by payments to the State under the Master Settlement Agreement and to recoup settlement-payment revenue lost to the State as a result of nonparticipating-manufacturer sales. Requires the Department of Revenue to grant a credit to any nonparticipating manufacturer for annual amounts placed into a qualified escrow fund.

Provides that a violation is a Class X felony.

FISCAL NOTE (Dept of Corrections)

This legislation would increase the length of stay for the offenders currently sentenced to prison for receiving, selling, possessing, or transferring a firearm, plus add offenders who currently receive probation or another community sanction under the current statutes. These enhancements would result in an increase of 1,423 inmates with $245,455,700 in additional costs over the first ten years after enactment. However, these calculations are based on limited accessible data. Increasing the penalty to a mandatory prison sentence may result in a greater number of plea bargains to avoid a prison sentence. Estimates may vary depending on how cases are prosecuted and plea bargained. Therefore, the full impact of this legislation is unknown.

CORRECTIONAL NOTE (Dept of Corrections)

SB2578, as amended by SA3, would result in an increase of 7,677 inmates with $1,324,460,200 in additional costs over the first ten years after enactment. However, these calculations are based on limited accessible data. Increasing the penalty to a mandatory prison sentence may result in a greater number of plea bargains to avoid a prison sentence. Estimates may vary depending on how cases are prosecuted and plea bargained. Therefore, full impact of this amended legislation is unknown.

Redefines "covered establishment" to include a "business enterprise" (rather than an "industrial or commercial facility or part thereof") meeting specified criteria. Requires notice of a mass layoff, relocation, or termination at a covered establishment to be given to the Department of Commerce and Economic Opportunity (rather than the Department of Labor and the Department of Employment Security). In the Unemployment Insurance Act, deletes language excluding, from the term "wages", payments to a person by an employer who has failed to provide the advance notice of facility closure required by the Illinois Worker Adjustment and Retraining Notification Act or the federal Worker Adjustment and Retraining Notification Act (but retains language providing that benefits payable under the Unemployment Insurance Act may not be denied or reduced because of the receipt of payments related to an employer's violation of the Illinois Worker Adjustment and Retraining Notification Act or the federal Worker Adjustment and Retraining Notification Act).

HOUSE AMENDMENT NO. 1

Adds reference to:
20 ILCS 1005/1005-60 rep.

Deletes everything. Creates the Illinois Worker Adjustment and Retraining Notification Act. Provides that an employer may not order a mass layoff, relocation, or employment loss (an "employment loss" is an: employment termination, other than a discharge for cause, voluntary departure, or retirement; a layoff exceeding 6 months; or a reduction in hours of work of more than 50 percent during each month of any 6-month period, with specified exceptions) affecting at least a specified minimum number of employees without first giving 60 days' notice (subject to specified exceptions) to the affected employees and their representatives, the Department of Commerce and Economic Opportunity, and the chief elected official of each municipal and county government within which the employment loss, relocation, or mass layoff occurs. Provides for the imposition of civil penalties for violations and gives remedies to employees. Provides for the reduction of an employer's liability under specified circumstances. Requires the Department of Commerce and Economic Opportunity, with the cooperation of the Department of Employment Security, to annually issue a written notice to each employer that reported to the Department of Employment Security that the employer paid wages to 75 or more individuals with respect to any quarter in the immediately proceeding calendar year, and specifies contents of the notice. Amends the Department of Employment Security Law of the Civil Administrative Code of Illinois by repealing provisions requiring the Department of Employment Security to issue a written advisory notice to specified employers concerning the federal Worker Adjustment and Retraining Notification Act. Amends the Unemployment Insurance Act to provide that payments to a person by an employer who is liable to that person under the new Act are not considered wages for purposes of unemployment insurance eligibility. Effective January 1, 2005 and applies to plant closings or relocations occurring on or after that date.

20 ILCS 3960/12 from Ch. 111 1/2, par. 1162
305 ILCS 5/5-5d new

Replaces everything after the enacting clause. Creates the Older Adult Services Act and amends the Illinois Act on the Aging, the Illinois Health Facilities Planning Act, the State Finance Act, and the Illinois Public Aid Code. Provides that the purpose of the Older Adult Services Act is to promote a transformation of Illinois' comprehensive system of older adult services from funding a primarily facility-based service delivery system to primarily a home-based and community-based system, taking into account the continuing need for 24-hour skilled nursing care and congregate housing with services. Provides that the Department on Aging is the lead agency for the provision of services to older adults and their family caregivers and shall collaborate with the departments of Public Health and Public Aid in providing those services. Provides for an advisory committee to advise the departments. Requires the Department on Aging to expand older adult services that promote independence and permit older adults to remain in their own homes and communities, and creates the Older Adult Services Fund to fund older adult services. Requires the Department on Aging to restructure the older adult services delivery system, including implementation of a nursing home conversion program to reduce the number of Medicaid-certified nursing home beds in areas with excess beds, and creates the Nursing Home Conversion Fund to fund grants to nursing homes as an incentive to reduce certified beds, retrofit, and retool operations to meet new service delivery expectations and demands. Provides that a conversion project funded in whole or in part by a grant is exempt from the requirements of the Illinois Health Facilities Planning Act. Amends the Neighborhood Redevelopment Corporation Law. Provides that, upon approval of the governing body of a city, village, or incorporated town, after it complies with notice, hearing, and other requirements, the general real estate taxes on the improvements on real property of a neighborhood redevelopment corporation or its immediate successor in that city, village, or incorporated town shall be abated for a period not in excess of 10 years after the date upon which the corporation becomes owner of that real property. The tax on that property, however, exclusive of improvements, may continue to be imposed and collected but shall be frozen at the amount of taxes owed, or that would have been owed, for the property as unimproved in the year prior to the year it was acquired by the neighborhood redevelopment corporation. For the next ensuing period not in excess of 15 years, general real estate taxes on the property shall be abated in an amount not to exceed 50% of the taxes imposed by each taxing district. The parties may agree, by contract, to payments in lieu of taxes. After a period of not more than 25 years, tax abatements are eliminated. Limits the provisions to property located in St. Clair County. For St. Clair County, changes the Law with respect to what constitutes a "slum and blighted area", who may appoint members of the Commission and the number of Commissioners, and how certificates of convenience and necessity are approved. Amends the Property Tax Code to authorize the abatements. Effective immediately.

New Act
30 ILCS 105/5.625 new

Creates the Safe Bottled Water Act and amends the State Finance Act. Requires that water-bottling plant and private water source operators obtain a license from the Department of Public Health, and imposes a license fee of $150. Imposes an additional fee of $50 for late submission of applications for licensure. Imposes like fees for the registration of out-of-state water-bottling plants. Prescribes minimum standards for various activities in connection with bottled water or vended water. Preempts the exercise of home rule powers in connection with the licensing of activities relating to bottled water. Authorizes the Department to conduct inspections and undertake other activities in connection with administering the Act, and makes it a Class A misdemeanor to interfere with a representative of the Department who is conducting an inspection or other authorized activity. Makes other violations of the Act a petty offense. Creates the Safe Bottled Water Fund, to consist of moneys paid to the Department of Public Health under the Safe Bottled Water Act and to be used by the Department for administering the Act. Effective January 1, 2005.

SENATE COMMITTEE AMENDMENT NO. 2

Replaces everything after the enacting clause. Creates the Safe Bottled Water Act with provisions substantially similar to those of Senate Bill 3112, except for changes that include the following: (1) eliminates a statement that it is unlawful for a person to bottle, collect, treat, or hold bottled water without a license, and provides that any bottled water produced by a private water source or water-bottling plant (instead of any water dispensed by a private water source) that is not licensed in compliance with the Act is misbranded and may be embargoed; (2) with respect to Department of Public Health inspections, requires an opportunity for a representative of a water-bottling plant or private water source (eliminating a representative of a water hauler or bottled-water distributor) to accompany the Department's representative; and (3) eliminates a requirement that water-bottling plants located outside Illinois that sell or distribute bottled water in Illinois provide proof of satisfactory inspection reports to the Department of Public Health. Effective January 1, 2005.

SENATE FLOOR AMENDMENT NO. 3

Deletes a provision that water intended for bottling may not be stored, transported, processed, or bottled through equipment or lines used for dairy products. Makes a technical change.

In the definition of "sex", provides that the terms "because of sex" or "on the basis of sex" include, but are not limited to, because of pregnancy, the perception of pregnancy, childbirth, or pregnancy-related conditions. Provides that persons with those conditions shall be treated the same for all employment-related purposes, including receipt of benefits under fringe benefit programs, as other persons not so affected by those conditions who are similar in their ability or inability to work.

FISCAL NOTE (Department of Human Rights)

As amended by HA1, no fiscal impact.

FISCAL NOTE (Department of Human Rights)

As amended by HA2, minimal fiscal impact, as the Department already takes pregnancy cases under the basis of "sex" discrimination.

JUDICIAL NOTE (Admin Office of the Illinois Courts)

As amended by House Amendment 1 and 2, Senate Bill 3186 may increase judicial workloads. However, the bill would not increase the number of judges needed in the State.

HOUSING AFFORDABILITY IMPACT NOTE (Housing Development Authority)

This legislation will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence.

STATE DEBT IMPACT NOTE (Economic and Fiscal Commission)

As amended by HA1 & 2, would not change the amount of authorization for any type of State-issued or State-supported bond, and therefore would not affect the level of State indebtedness.

PENSION NOTE (Economic and Fiscal Commission)

As amended by HA1, does not amend the Pension Code and would not affect employees covered by any Illinois public pension fund or retirement system.

Sets forth the powers and duties of the Illinois Emergency Management Agency concerning the regulation of nuclear and radioactive materials. Repeals the Department of Nuclear Safety Law of the Civil Administrative Code of Illinois. Amends the Nuclear Safety Preparedness Act. Changes references in the Act from the "Department of Nuclear Safety" to the "Illinois Emergency Management Agency". Effective immediately.

FISCAL NOTE (Illinois Emergency Management Agency)

There is no fiscal impact. The Illinois Department of Nuclear Safety merged into the Illinois Emergency Management Agency in FY04 and the consolidation is complete. Additionally, no fiscal impact results from inspecting and escorting all shipments of Highway Route Controlled Quantities (HRCQ) of radioactive materials transported through Illinois. The amendment codifies an ongoing practice.
