Amends the Chicago Laborers Article of the Illinois Pension Code. Increases the minimum annuity for certain retirees and spouses. Creates an additional formula for determining the annuity payable to certain spouses and extends eligibility for one of the existing formulas. Accelerates certain automatic annual increases to the month of January. Allows repayment of a refund by an employee who has returned to service with the City for 90 days or with a reciprocal system employer for 2 years. Provides that the Fund may allow an employee to pay certain optional contributions with pre-tax dollars through employer pick-up. Allows employees to receive up to 5 years of credit for certain military service not preceded by employment; requires payment of the corresponding employee contributions and interest. Makes a technical correction in a Section on refunds. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Pension Laws Commission)

According to the Fund, HB 5 would increase the accrued liability by an estimated \$136.7 million. In addition, there would be an increase in accrued liability due to the establishment of service credit for military service not preceded by employment, but it cannot be calculated, as the amount of such service that may be established is unknown. This provision is also the only provision of HB 5 that would result in higher annual employer contributions. As of December 31, 2001 the Chicago Laborers' Pension Fund was funded at 112.0%, with assets \$168.5 million higher than accrued liabilities.

Amends the Disaster Relief Act. Defines "disaster" to include public health emergencies and acts of domestic terrorism. Amends the Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois and amends the Illinois Emergency Management Agency Act. Provides for the Department and the Agency to coordinate with respect to planning for and responding to public health emergencies. Defines "disaster" to include public health emergencies. Defines "public health emergency". Provides that the Governor must deposit transfers and loan proceeds into and make expenditures from the Disaster Relief Fund. Provides for the General Assembly to restore moneys used from other funds to meet disaster needs. Effective immediately.

FISCAL NOTE (Illinois Emergency Management Agency)

The fiscal impact of House Bill 6 is determined by the amount of state disaster assistance provided. A state disaster declaration occurs by proclamation of the Governor upon advice from the Illinois Emergency Management Agency. A state declaration allows

for the availability of state resources to provide emergency or disaster assistance. These resources may be in the form of State agency services or through financial assistance from State Disaster Relief appropriations. Although there is no appropriation to IEMA in FY03 for state disaster assistance, subsection (a) of section 9 of the Illinois Emergency Management Act says "It is the intent of the Legislature and declared to be the policy of the State that funds to meet disasters shall always be available." IEMA was appropriated \$2,450,000 for state disaster relief in FY02 and expended \$835,937, appropriated \$2.5 million in FY01 for state disaster relief and expended \$654,288 and was appropriated \$2.5 million in FY00 and expended \$1,302,589. Section 3 of the Disaster Relief Act says "The fund shall be used for furnishing emergency services and relief to the disaster area as a whole and shall not be used to provide private relief to persons sustaining property damages or personal injury as a result of a disaster.

FISCAL NOTE (Department of Public Health)

The substantive changes, in and of themselves, would not require additional expenditures on the part of the State. It can be assumed, however, that should a public health emergency occur, funds would be expended through this provision. The amount reimbursed to localities would be dependent upon the amount appropriated to the fund and the extent of costs incurred due to the emergency. There is no way to predict possible expenditures beyond the possibility of expending up to the amount appropriated for this purpose. As the fund is administered by IEMA, there may be costs associated with that agency's administration that are not reflected in this note.

Provides that the Task Force shall submit reports to the Governor and the General Assembly by December 31 of each year.

HOUSE AMENDMENT NO. 1

625 ILCS 5/12-807.3 new

Amends the Illinois Vehicle Code. Provides that no person shall operate a school bus manufactured after the effective date of this amendatory Act that is not equipped with seat belts for the passengers and a rooftop safety hatch. Effective immediately.

FISCAL NOTE (Illinois Department of Transportation)

The estimated total cost to the Department resulting from these new requirements would be less than \$20,000. Of the total, approximately \$10,000 would be for the printing of inspection and construction manuals, and \$10,000 would be used for conducting 20 inspector training sessions statewide. The estimated cost of each new school bus purchased by a school district would increase by approximately \$2,300, as the cost of the seatbelts is approximately \$2000 and the cost of a rooftop hatch is approximately \$300.

FISCAL NOTE (Illinois State Board of Education)

The minimum cost to add seatbelts to a bus is approximately \$8,000 and the minimum cost for shoulder belts is \$4,000. Roff hatches are already required at the federal level. If approximately 20% of the 18,000 buses are replaced per year the annual increase due to House Bill 34 would be \$28.8 M to add seat belts and \$14.4 M to add shoulder belts. The state will likely pick-up this cost through the state transportation formula.

STATE MANDATES FISCAL NOTE (Illinois State Board of Education)

House Bill 34 creates a state mandate for school districts. The minimum cost to add seatbelts to a bus is approximately \$8,000 and the minimum cost for shoulder belts is \$4,000. Roff hatches are already required at the federal level. If approximately 20% of the 18,000 buses are replaced per year the annual increase due to House Bill 34 would be \$28.8 M to add seat belts and \$14.4 M to add shoulder belts. The state will likely pick-up this cost through the state transportation formula.

 35 ILCS 120/2-5 from Ch. 120, par. 441-5

Creates the Physical Fitness Facility Medical Emergency Preparedness Act. Requires various physical fitness facilities, including (i) facilities owned or operated by a unit of local government or by a school, college, or university, (ii) golf courses, and (iii) health or fitness clubs, to develop and implement a plan for responding to medical emergencies and to file a copy of the plan with the Department of Public Health. Requires each such facility to have on its premises at least one automated external defibrillator (AED) and a trained AED user.

Authorizes the Department of Public Health to inspect physical fitness facilities to investigate complaints and to ensure compliance with the Act. Authorizes the Department to impose monetary penalties for violations of the Act. Amends the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act to provide a tax exemption for private physical fitness facilities in connection with the purchase of AEDs.

HOUSE AMENDMENT NO. 1

Changes the title of the bill to "AN ACT in relation to health, which may be known as the Colleen O'Sullivan Law" (instead of "AN ACT in relation to health").

STATE DEBT IMPACT NOTE (Illinois Economic and Fiscal Commission)

HB 43 would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

HOUSE AMENDMENT NO. 2

Adds reference to:

30 ILCS 805/8.27 new

Deletes everything after the enacting clause and reinserts the provisions of the bill as introduced, with the following change: amends the State Mandates Act to require implementation without reimbursement by the State.

SENATE FLOOR AMENDMENT NO. 2

Adds reference to:

410 ILCS 4/30

Deletes everything after the enacting clause and reinserts the provisions of the engrossed bill, but with changes that include the following: (1) makes the Physical Fitness Facility Medical Emergency Preparedness Act applicable only to indoor facilities that are supervised by one or more persons other than maintenance or security personnel; (2) provides that a facility must ensure that there is a trained AED user on staff; (3) in connection with liability, provides that a right of action does not exist in connection with the use or non-use of an AED at a facility, provided that the person or entity operating the facility has adopted a medical emergency preparedness plan, has an AED at the facility, and has maintained the AED in accordance with Department of Public Health rules; (4) changes the end of the period of tax exemption to December 31, 2007 (instead of 2006); and (5) amends the Automated External Defibrillator Act to provide that a unit of State or local government or school district (as well as a "person") is not liable for civil damages as a result of an act or omission involving the use of an AED and to provide immunity for "an" (instead of "a trained") AED user.

SENATE FLOOR AMENDMENT NO. 3

Provides that the Automated External Defibrillator Act provisions concerning exemption from civil liability do not apply to a public hospital.

SENATE COMMITTEE AMENDMENT NO. 1

Deletes everything after the enacting clause. Amends the Illinois Vehicle Code. Provides that any person who rents a vehicle to another must provide, on the request of the renter, based on the available information, an estimated total of the daily rental rate, including all applicable taxes, fees, and other charges, or an estimated total rental charge, based on the return date of the vehicle noted on the rental agreement. Provides that, if the rental agreement does not already provide an estimated total rental charge, the rental agreement must contain a prescribed statement indicating that the renter is entitled to obtain the required information on request.

HB-0045 BLACK, EDDY AND LEITCH.

40 ILCS 5/7-141.1

Amends the Illinois Municipal Retirement Fund (IMRF) Article of the Illinois Pension Code. In the provisions restricting the return to employment after receiving early retirement benefits, excludes elective office. Effective immediately.

PENSION NOTE (Pension Laws Commission)

HB 45 would probably have little or no fiscal impact, as there are few ERI participants likely to forfeit the enhanced (ERI) annuity, as required by current law, by serving as an elected official. Therefore, removing the prohibition against simultaneously receiving an annuity (based on ERI age enhancement and service credit) and serving as an elected county official would allow some members to participate in an ERI (for regular IMRF service) and continue serving as an elected official.

HOUSE AMENDMENT NO. 1 (TABLED 6/28/2004)

Adds reference to:

30 ILCS 805/8.27 new

Deletes everything. Amends the IMRF Article of the Illinois Pension Code. Provides that the prohibition on return to service after accepting early retirement benefits applies only to (1) employment for which the person is required (or is allowed and has elected) to participate in the Fund and (2) contractual personal services which, if performed as an employee, would require the employee to participate in the Fund. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (H-AM 1) (Pension Laws Commission)

HB 0045, as amended by House Amendment 1, would probably have little or no fiscal impact, as there are few ERI participants likely to forfeit the enhanced (ERI) annuity, as required by current law, by accepting employment with an employer who participates in IMRF. Persons returning to work under the provisions would not accrue any additional pension benefits under IMRF.

- 35 ILCS 120/2-10 from Ch. 120, par. 441-10

Amends the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act. Extends the partial exemption from the taxes imposed by these Acts on gasohol to December 31, 2013 (now ends on July 1, 2003), gradually reducing the partial exemption to zero after December 31, 2013. Partially exempts E85 blend fuel and bio-diesel blend fuel in the same amount and according to the same schedule as gasohol. Provides that if, at any time, the tax under these Acts on gasohol, E85 blend fuel, and bio-diesel blend fuel is imposed at 1.25%, then the partial exemption of the tax on those items does not apply during that time. Effective immediately.

FISCAL NOTE (Illinois Department of Revenue)

Extending the reduction of sales tax on gasohol and implementing a reduction of sales tax on E85 blend fuel and bio-diesel fuel will result in decreased sales tax receipts of an undetermined amount.

HOUSE AMENDMENT NO. 1

Deletes reference to:

- 35 ILCS 105/3-10
- 35 ILCS 105/3-41 new
- 35 ILCS 105/3-42 new
- 35 ILCS 110/3-10
- 35 ILCS 115/3-10
- 35 ILCS 120/2-10

Adds reference to:

- 35 ILCS 120/14 from Ch. 120, par. 453

Deletes everything after the enacting clause. Amends the Retailers' Occupation Tax Act. Makes a technical change in the short title Section.

FISCAL NOTE (H-AM 1) (Department of Revenue)

HB 46 will have no fiscal impact on the Department of Revenue or the State of Illinois.

FISCAL NOTE (Department of Revenue)

Because the incentive on gasohol will be slightly reduced, the Department of Revenue believes that this will cover the cost of the new incentives for other biomass fuels, which would make this legislation revenue neutral.

HOUSE AMENDMENT NO. 3

Deletes reference to:

- 35 ILCS 120/14

Adds reference to:

New Act

- 820 ILCS 130/2 from Ch. 48, par. 39s-2
- 820 ILCS 130/3 from Ch. 48, par. 39s-3
- 820 ILCS 130/4 from Ch. 48, par. 39s-4

Deletes everything. Creates the Illinois Renewable Fuels Development Program Act. Provides that the Director of Commerce and Community Affairs shall establish a grant program known as the Illinois Renewable Fuels Development Program, which shall provide financial assistance for the construction, modification, alteration, or retrofitting of renewable fuel plants that have an annual production capacity of no less than 30,000,000 gallons of renewable fuel per year and that are built in Illinois. Provides that the Department must give preference to applicants that use Illinois agricultural products in the production of renewable fuel at the plant for which the grant is being requested. Provides that the recipient of a grant must enter into a project labor agreement. Provides that, subject to appropriation, the Director is authorized to award up to \$15,000,000 in the aggregate in grants to eligible participants. Amends the Prevailing Wage Act. Provides that "public works" also includes all projects financed in whole or in part with funds from the Department of Commerce and Community Affairs under the Illinois Renewable Fuels Development Program Act for which there is no project labor agreement. Deletes from the definition of "public body" a requirement that the body be authorized by law to construct public works or to enter into any contract for the construction of public works. Provides that the wage for a tradesman performing maintenance is equivalent to that of a tradesman engaged in construction. Requires contractors and construction managers to post, at a location on the project site of the public works that is easily accessible to the workers engaged on the project, the prevailing wage rates for each craft or type of worker or mechanic needed to execute the contract or project or work to be performed. Provides that the failure to post a prevailing wage rate is a violation of the Act. Effective immediately.

HOUSE AMENDMENT NO. 4

Adds reference to:

- 820 ILCS 130/2 from Ch. 48, par. 39s-2
- 820 ILCS 130/3 from Ch. 48, par. 39s-3
- 820 ILCS 130/4 from Ch. 48, par. 39s-4

Deletes everything. Reinserts the provisions of House Amendment No. 3, but (i) removes a provision that the Department of Commerce and Community Affairs must give preference to farmer-owned cooperatives in awarding grants and (ii) removes a provision that an additional \$1,000,000 in grants shall be awarded annually as an incentive for the production of renewable fuels in Illinois and to conduct research and development activities related to renewable fuels production in Illinois. Effective immediately.

New Act

Creates the Elder Care Savings Fund Act. Authorizes the State Treasurer to establish an Elder Care Savings Fund. Allows Illinois residents to invest in the fund and provides that investors' earnings are exempt from taxes other than estate, transfer, and inheritance taxes. Provides for a program of grants, using moneys in the fund, to be applied to costs of long-term care or services. Requires the State Treasurer to implement a program to inform residents about options available for financing long-term care. Creates an Elder Care Trust Authority to advise the Elder Care Savings Fund staff and perform other functions. Effective immediately.

FISCAL NOTE (Illinois Department of Revenue)

While a fiscal impact will be created due to the fact that investment income is exempt from taxation, it is possible money invested in the Elder Care Savings Fund would have been invested in some other tax-exempt investment plan.

755 ILCS 5/2-6.2 new

Amends the Probate Act of 1975. Denies benefits resulting from an individual's death to persons convicted of financially exploiting, abusing, or neglecting the decedent while the decedent was an elderly person.

HOUSE AMENDMENT NO. 1

Provides that a person convicted of certain criminal offenses against elderly or disabled persons is entitled to receive property, a benefit, or an interest if it is demonstrated by clear and convincing evidence that the victim of the offense knew of the conviction and after the conviction expressed or ratified his or her intent to transfer the property, benefit, or interest to

the person. Provides that if the holder of property subject to the provisions concerning a person convicted of such offenses is a financial institution, trust company, trustee, or similar entity or person, the holder is not liable for any distribution or release of the property, benefit, or other interest to the person unless the holder knowingly distributes or releases the property, benefit, or other interest to the person after first having received actual written notice of the conviction in sufficient time to act upon the notice. Requires a holder of such property to cooperate with law enforcement and judicial authorities if the holder knows (instead of knows or has reason to know) that a potential beneficiary has been convicted of one of those offenses. Provides that if the holder of such property is subject to regulation by a regulatory agency, including as a financial institution, corporate fiduciary, or insurance company, then the holder is not deemed to be in violation of the elder abuse provisions to the extent that privacy laws and regulations applicable to the holder prevent it from voluntarily providing law enforcement authorities or judicial officers with information.

SENATE FLOOR AMENDMENT NO. 1

Deletes everything and reinserts the provisions of House Bill 51 engrossed, but with changes that include the following: (1) omits the definition of "elderly person", and provides that "abuse", "financial exploitation", and "neglect" mean offenses described in specified Sections of the Criminal Code of 1961 concerning offenses against elderly or disabled persons; and (2) makes the denial of entitlement to property, a benefit, or any other interest applicable to a person who commits an offense against a person with a disability (besides a person who commits an offense against an elderly person).

105 ILCS 110/3 from Ch. 122, par. 863

Amends the Critical Health Problems and Comprehensive Health Education Act. Requires a comprehensive health education program to include instruction in secondary schools on clinical depression and suicide prevention.

FISCAL NOTE (Illinois State Board of Education)

ISBE believe that nearly all high schools currently provide some instructional materials and activities in this area. The cost of incorporating additional materials into that instruction would be negligible.

STATE MANDATES FISCAL NOTE (Illinois State Board of Education)

While House Bill 55 clearly creates a state mandate, state reimbursement appears to be unnecessary because the requirement merely imposes additional duties of a nature which can be carried out by existing staff and procedures at no appreciable net cost increase. Moreover, even if there is a small net cost increase, it should not exceed the \$1,000 threshold in the Mandates Act.

HOUSE AMENDMENT NO. 1

Provides that the comprehensive health education program shall include instruction on the prevention, transmission, and spread of HIV/AIDS (instead of just AIDS), disaster and terrorism preparedness (instead of disaster survival), and organ, tissue, and blood donation.

5 ILCS 375/6.15 new

Amends the State Employees Group Insurance Act of 1971. Provides that health benefits for treatment of mental illness must be provided on the same terms and conditions as are benefits for treatment of other conditions.

FISCAL NOTE (Department of Central Management Services)

HB 57 would only affect the Quality Care Health Plan (QCHP) and its carved-out mental health plan managed by a behavior health administrator. The Department of Central Management Services expects this bill to affect costs in three areas: a revised benefit structure that could require members to absorb a greater out-of-pocket coinsurance with no payment toward services until the annual plan deductible is met; elimination of limits on number of visits for outpatient therapy and inpatient stays, which would increase costs that would be passed on to members in the form of increased premiums; and re-bidding of the mental health benefits contract to reflect the new benefit structure with self-funding arrangements. CMS estimates an increase in costs of approximately \$14.2 million.

HB-0066 FRANKS.

35 ILCS 200/20-3 new

Amends the Property Tax Code. Provides that, notwithstanding any other law to the contrary, for taxable years 2003 and 2004, the rate on any tax imposed under the Act may not be increased from the rate imposed in the 2002 taxable year. A school district, however, may increase property tax rates by referendum. Provides that, notwithstanding any other law to the contrary, for taxable years 2003 and 2004, the equalized assessed value of property shall be the same as the equalized assessed value of that property for the 2002 taxable year. If, however, a parcel of property is improved during taxable year 2003 or 2004, the assessment of that property shall be the assessment for the 2002 taxable year plus the increase in assessed value solely as a result of the improvement and, once the 2002 assessment is increased to reflect an improvement, the assessment for that property shall remain the same for the duration of the assessment freeze period. Effective immediately.

FISCAL NOTE (Illinois Department of Revenue)

House Bill 66 imposes a two-year moratorium on property tax increases for taxable

years 2003 and 2004. However, a school district may increase property tax rates if the question is submitted to voters at a regular election and approved by a majority of those voting. HB 66 would have an unknown negative impact on units of local government. Under the State Aid Formula, the State may have to compensate school districts for a portion of the loss of property tax revenue due to decreased equalized assessed property value.

20 ILCS 1705/18.1 rep.

Deletes everything. Amends the Mental Health and Developmental Disabilities Administrative Act. Creates the Community Developmental Disability Services Medicaid Trust Fund consisting of funds paid to the State by the federal government under Title XIX or Title XXI of the Social Security Act for services delivered by community developmental disability services providers. Provides that the Department of Human Services shall reimburse community developmental disability services providers out of the Fund for Medicaid-reimbursed developmental disability services provided to eligible individuals. Repeals the Community Mental Health and Developmental Disabilities Services Provider Participation Fee Trust Fund.

FISCAL NOTE (Department of Human Services)

As written, it is not clear if the monies deposited in this fund would be additional payments to DD providers or if their current funding would be decreased to offset this potential increase. In order for this legislation to be cost neutral for the General Revenue Fund, provider contracts would have to be reduced by the amount of FFP that would be deposited into this fund.

Amends the Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois. Provides that the Department may develop and provide to the public and health care patients information regarding the categories or types of health care services available and their appropriate use. Amends the Emergency Medical Treatment Act. Provides that no person, facility, or entity shall hold itself out to the public as an "urgent", "urgi-", "emergi-", or "emergent" care center or use any other term that would give the impression that emergency medical treatment is provided by the person or entity or at the facility unless the facility is the emergency room of a facility licensed as a hospital or a facility licensed as a freestanding emergency center. Amends the Managed Care Reform and

Patient Rights Act. Requires health care plans to provide their enrollees with clear information about their rights and responsibilities in obtaining referrals to and making appropriate use of health care facilities when access to their primary care physician is not readily available. Effective immediately.

HOUSE AMENDMENT NO. 1

Provides that terms similar to "urgent", "urgi-", "emergi-" or "emergent" care may be defined by rule.

FISCAL NOTE (Department of Public Health)

While the bill does not mandate a regulatory program, the process of assessment of fines and development of legal actions to refer to the Attorney General would require devotion of staff time. The number of these types of facilities within Illinois is unknown as they are not currently regulated in any way. Therefore, we are unable to make a reliable estimate as to the number of FTE's required to administer this activity. As there are no staff devoted to this activity at this time we would estimate at least one FTE would be necessary to implement the program. The annual cost for a mid-range Public Service Administrator with health care and/or legal background is between \$45,000 - \$70,000. Any additional costs related to staff time for the Attorney General's office in bringing any legal actions are not included in this estimate.

SENATE COMMITTEE AMENDMENT NO. 1

Provides that a health care plan must provide to enrollees a description of (rather than clear information about) their rights and responsibilities.

Provides that the Department on Aging is responsible for solicitation of financial institutions for the purpose of making information available to the general public warning of financial exploitation of the elderly and related financial fraud or abuse (instead of coordinating education and warning efforts, including an ombudsman program with banks and financial institutions). Provides that a physician who willfully fails to report shall be referred to the Illinois State Medical Disciplinary Board. Provides that a dentist or dental hygienist who willfully fails to report shall be referred to the Department of Professional Regulation. Provides that other mandated reporters who fail to report are guilty of a Class A misdemeanor.

HOUSE AMENDMENT NO. 2

Provides that all services provided to an eligible adult shall be reviewed by the provider agency on at least a quarterly basis for up to one year (instead of 2 years) to determine whether the service care plan should be continued or modified. Allows the Department of Aging to grant a waiver to extend the service care plan for up to an additional one year period.

FISCAL NOTE (H-AM 1, H-AM 2) (Department on Aging)

The amendments substantially remove the items that would cost to implement, therefore the revised fiscal note is that the bill would have no fiscal impact.

Amends the State Finance Act and the Illinois State Collection Act of 1986. Requires that the Auditor General establish a Debt Collection Unit for the collection of overdue debts owed to the State. Authorizes the Auditor General to contract with private entities for the collection of debts. Beginning July 1, 2004, requires State agencies other than universities to determine the uncollectibility of debts using rules adopted by the Auditor General and to turn over to the Debt Collection Unit debts more than 90 days overdue. Exempts confidential debts owed to the Department of Revenue. Permits universities to use the Auditor General's rules and to turn debts over to the Debt Collection Unit. Requires that 10% of debts collected by the Debt Collection Unit be deposited into a special fund in the State treasury for payment of the Unit's administrative costs. Makes the Department of Public Aid's participation optional with regard to child support debt. Provides separate procedures for the deposit and use of collected child support. Requires the Auditor General to report semi-annually to the General Assembly and State Comptroller upon debts owed to the State and upon collection efforts. Abolishes in 2004 the Debt Collection Board, the Comptroller's use of special account receivable funds, and the use of private collection services by individual State agencies. Effective immediately.

HOUSE AMENDMENT NO. 1

Deletes everything. Reinserts House Bill 89 with the following changes: Places the Debt Collection Unit within the Department of Revenue and authorizes the Department to adopt emergency rules, on the basis of the budget crisis, for its administration. Authorizes the Unit, rather than individual agencies, to contract for legal services. Prohibits the renewal of legal service contracts entered before the bill's effective date, rather than before July 1, 2004. Repeals the Section creating the Debt Collection Board 30 days after the bill's effective date, rather than July 1, 2004, and requires the Board to furnish records and a status report to the Unit. A collected debt shall be used first for the collector's fee, then 5% to the Debt Collection Fund, then to the special fund or funds owed the debt, and any unidentifiable portion to the General Revenue Fund. Effective immediately.

FISCAL NOTE (H-AM1) (Department of Central Management Services)

No fiscal impact.

HOUSE AMENDMENT NO. 2

Deletes everything. Reinserts the provisions of House Amendment No. 1 with the following changes: Renames the Debt Collection Unit as the Debt Collection Bureau and retains the Debt Collection Board for the administration of debt not otherwise referred to the Bureau as the State's primary debt collection entity. Exempts certain debts owed to the Department of Employment Security. Makes other changes. Effective immediately.

FISCAL NOTE (H-AM 2) (Department of Revenue)

The cost estimate for fiscal year 04 is \$1.4 million for additional staff. FY 05 is estimated to cost \$6.7 million for additional staff, and for technology upgrades to the collection system. FY 06 is estimated to cost \$8.6 million for additional staff, technology upgrades, and expansion of phone systems. FY 07 is estimated to cost \$5.3 million for the annualization of all new positions (total of 75). The Department estimates that the pool of eligible current receivables is approximately \$720 million. Collections from fiscal year 2004 through fiscal year 2008 are estimated to total \$166 million. Because of the unknown nature of debt that is at other State agencies, the collection estimates are an order of magnitude only. The Department does not know what type of debt other agencies have, how records on this debt are kept, or how many accounts there are.

Amends the Election Code. Permits a person to vote by absentee ballot on the basis that he or she is 65 years old or older.

FISCAL NOTE (State Board of Elections)

House Bill 128, as introduced, would have a minimal fiscal impact on the operations of the State Board of Elections. However, each election authority in the State of Illinois (of which there are 110) would need to update all absentee ballot applications to accommodate this change. As you will be adding a new check-off category, applications already in stock will need to be destroyed and new applications printed. The exact costs will need to be determined by each individual county and/or election commission. They too will be the entity that absorbs the costs.

FISCAL NOTE (Illinois Gaming Board)

As introduced, this legislation would not have a fiscal impact on the State.

FISCAL NOTE (H-AM 1)(Illinois Gaming Board)

The additional demands of regulating HB 142 would require approximately 250 additional enforcement agents as well as approximately 20 administrative personnel. Total administrative costs to the State would be \$14.5 million in Year 1. Offset against \$3.0 million in applicable fees, operations would exceed available funds by \$11.5 million. In Year 2, operations would exceed projected fee revenue designated for administration costs by \$9.9 million. In Year 3, this figure is projected to exceed fee revenues by \$10.7 million. This Bill requires a communication and computer system linking all the video gaming terminals to a centralized control system. These figures do not include the costs of developing and maintaining this computer system to monitor and coordinate the accountability of the entire operation. Based on communication with other state jurisdictions with similar operations, the annual cost to the State could be several millions dollars.

STATE MANDATES FISCAL NOTE (H-AM 1)(Dept of Commerce and Community Affairs)

HB 142 (HA #1) creates a local government organization and structure mandate for which reimbursement of the increased costs to units of local government is not required under the State Mandates Act. An estimate of the increased to units of local government is not available.

STATE MANDATES FISCAL NOTE (H-AM 2)(Dept of Commerce and Community Affairs)

HB 142 (HA #2) creates a local government organization and structure mandate for which reimbursement of the increased costs to units of local government is not required under the State Mandates Act. An estimate of the increased to units of local government is not available.

HOUSING AFFORDABILITY IMPACT NOTE (H-AM 1) (Housing Development Authority)

No fiscal effect.

JUDICIAL NOTE (H-AM1) (Admin Office of the Illinois Courts)

Would neither increase nor decrease the number of judges needed in the state.

STATE DEBT IMPACT NOTE (H-AM1) (Economic and Fiscal Commission)

Will not affect the level of State indebtedness.

CORRECTIONAL NOTE (H-AM 1) (Dept of Corrections)

House Bill 143, as amended by House Amendment #1, makes numerous changes related to gambling operations in Illinois. This legislation would require as admission tax for each person who enters the grounds of an organization licensee, impose a privilege on persons engaged in the business of operating riverboat gambling, propose different regulations for the operation of Fairmount Park than other race tracks in the State, and allow for electronic gambling at race tracks. This amended legislation would make offering or accepting anything of value from an electronic gaming licensee a Class 4 Felony. This would result in an increase of two inmates with \$471,900 in additional costs over the first ten years after enactment. In addition, an unknown number of prison sentences may result from other crimes that may occur as a result of increasing gambling operations. Therefore, the full impact of this legislation is unknown.

FISCAL NOTE (H-AM1) (Gaming Board)

The proposed legislation would increase operating expenses by \$13.2 million.

STATE MANDATES FISCAL NOTE (H-AM 1) (Dept of Commerce and Community Affairs)

In the opinion of DCCA, HB 143 (HA #1) does not create a State Mandate under the State Mandates Act.

BALANCED BUDGET NOTE (H-AM1) (Bureau of the Budget)

Since this is not a supplemental bill it is not possible to complete this note as requested.

HOME RULE NOTE (H-AM 1)(Dept of Commerce and Community Affairs)

HB 143 (HA #1) pre-empts home rule authority.

FISCAL NOTE (H-AM 1)(Illinois Gaming Board)

To accommodate the additional demands of regulating the issues presented in HB 144, the Gaming Board needs to address the impact to operations resulting from 2 new gaming facilities, a 74% increase in the number of gaming positions resulting from the new sites as well as the indirect administrative functions. Approximately 32 staff positions would be needed to enforce the added gaming activity at the new sites. Approximately 30 additional support staff would be needed to handle the administrative functions. These include personnel within the Legal Division, Investigations, Field Auditors, Internal Control Auditors, Tax Collection, Budget and Finance. Total operating costs, which consist of Personal Services & Fringes, Contractual Services, Travel, Printing, Commodities, Equipment, EDP, Telecommunication and Op. of Auto amount to approximately \$19.3 million. The Gaming Board's pending FY 2004 Budget Request, excluding HB 144, is for \$14.4 million. The proposed legislation would increase operating expenses by \$4.9 million (34%) Deducting the estimated operating costs from the State Gaming Fund provides for a net increases of \$597.0 million to the State in FY 2004.

FISCAL NOTE (Illinois Gaming Board)

As introduced, this legislation would not have a fiscal impact on the State.

FISCAL NOTE (H-AM 1)(Illinois Gaming Board)

The additional demands of regulating HB 147 would require approximately 250 additional enforcement agents as well as approximately 20 administrative personnel. Total administrative costs to the State would be \$14.5 million in Year 1. Offset against \$3.0 million in designated fees, operations would exceed available funds by \$11.5 million. In Year 2, operations would exceed projected fee revenue designated for administration costs by \$9.9 million. In Year 3, this figure is projected to exceed fee revenues by \$10.7 million. This Bill requires a communication and computer system linking all the video gaming terminals to a centralized control system. These figures do not include the costs of developing and maintaining this computer system to monitor and coordinate the accountability of the entire operation. Based on communication with other state jurisdictions with similar operations, the annual cost to the State could be

several millions dollars.

FISCAL NOTE (Illinois Gaming Board)

As introduced, this legislation would not have a fiscal impact on the State.

Auditors, Tax Collection, Budget and Finance. from Ch. 8, par. 376

Amends the Animal Control Act. Provides that if a dog is found to be a dangerous dog, the dog must be both muzzled and leashed whenever it is upon a street, sidewalk, or other public place or grounds. Includes an owner's house in the definition of "enclosure". Provides that if a vicious dog is impounded, it must be either spayed or neutered within 30 days after the impoundment. Provides that in all cases a vicious dog must be spayed or neutered before being returned to its owner. Provides that the owner is liable for the cost of spaying or neutering. Provides that if the owner of a dog subject to enclosure (that is, a vicious dog) fails to keep the dog enclosed or as otherwise required by law (instead of simply fails to keep the dog enclosed), and the dog attacks a person unprovoked and inflicts great bodily harm, permanent disfigurement, or permanent physical disability upon another person or causes death of another person, the owner is guilty of a Class A misdemeanor. HB-0198 DAVIS, MONIQUE-GILES-TURNER-JEFFERSON-WASHINGTON.

20 ILCS 3105/17 new

Amends the Capital Development Board Act. Provides that the Capital Development Board shall adopt rules requiring all bidders to certify that at least 10% of the persons involved in the construction of correctional facilities will hold apprentice or training level positions. Requires the Capital Development Board to adopt rules imposing monetary sanctions for violations.

STATE DEBT IMPACT NOTE (Illinois Economic and Fiscal Commission)

HB 198 would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

FISCAL NOTE (Capital Development Board)

The fiscal impact on the Administrative Budget will be \$51,200 for the first year and \$44,700 for each subsequent year. The fiscal impact on construction contracts will be \$25,000 per \$1 million in construction contracts.

CORRECTIONAL NOTE (Department of Corrections)

House Bill 0198 provides that the Capital Development Board would require all bidders to certify that at least 10% of the persons involved in the construction of correctional facilities will hold apprentice or training level positions, and requires the Capital Development Board to adopt rules imposing monetary sanctions for violations. There are no new incarceration sanctions, enhanced incarceration penalties, or policy requirements for the Department of Corrections associated with this legislation. Therefore, there is no corrections population or fiscal impact on the Department.

HB-0199 DAVIS, MONIQUE-FORBY-BRADLEY, RICHARD-CAPPARELLI-MOLARO, LANG, FROEHLICH, DUNKIN, JEFFERSON, BELLOCK, FLOWERS, JONES, GILES AND DELGADO.

20 ILCS 2310/2310-397 was 20 ILCS 2310/55.90

Amends the Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois. Requires that, beginning July 1, 2004, the Department's prostate cancer awareness program must include development and dissemination of public service announcements promoting prostate cancer screening for men over age 40.

FISCAL NOTE (Department of Revenue)

The estimated fiscal impact of introduced House Bill 199 would include costs for the design, production and distribution of a print and public service announcement campaign to promote prostate cancer early detection. Costs could range from \$80,000 for the design and production of a print campaign only to \$250,000 for the development of public service announcements for television and radio. Additional costs will be incurred for the distribution of public service announcements. Although the term public service announcement or PSA typically refers to ads which run or air with no media charge, there is a fee for trafficking these ads and for obtaining broadcast reports for evaluation of the effectiveness of the campaign. These charges are typically \$10,000. It should be noted that the downside to the use of public service announcements is that IDPH would have no control over the placement of the ads or how often they are run. Obtaining print PSA space is even more difficult than TV or radio. A statewide print media campaign in newspapers and magazines would cost approximately \$1,000,000 per quarter. In FY03, \$300,000 was appropriated to the Department for the prostate and testicular cancer program. These funds are used almost entirely to support community-based screening and education programs throughout the state. Additional funding would be necessary to support the provisions of House Bill 199.

HB-0200 DAVIS, MONIQUE-DUNKIN-RITA-BELLOCK-JEFFERSON, DAVIS, WILLIAM, MILLER, COLLINS, FLOWERS, JONES, DELGADO, COLVIN, SLONE AND GILES.

20 ILCS 2310/2310-320 was 20 ILCS 2310/55.56

Amends the Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois. Requires that, beginning July 1, 2004, the Department must develop and disseminate public service announcements that promote AIDS/HIV screening.

FISCAL NOTE (Department of Revenue)

The true fiscal impact of this legislation cannot be accurately determined without further input as to the legislative intent. While there is no current focused "public awareness campaign" being conducted by the Department, IDPH puts significant funding and effort toward public education for HIV/AIDS testing and awareness. If our current efforts and activities meet the requirements of the legislation then costs would be minimal. If the intent is to develop something new, there is potentially a significant cost associated with this legislation.

GOVERNOR AMENDATORY VETO MESSAGE

Recommends that the bill be amended to provide that the Department of Public Health shall utilize any available funds to develop and disseminate the public service announcements (rather than providing that the Department shall develop and disseminate the public service announcements).

105 ILCS 5/27-21 from Ch. 122, par. 27-21

30 ILCS 805/8.27 new

Amends the School Code. Provides that the History of the United States course required as a prerequisite to receiving a high school diploma must include a unit of instruction on civics. Amends the State Mandates Act to require implementation without reimbursement. Effective July 1, 2003.

FISCAL NOTE (Illinois State Board of Education)

No fiscal impact to the state. Most school districts already offer some form of instruction in civics in their secondary curricula and should be able to incorporate this requirement with existing staffing and resources.

STATE MANDATES FISCAL NOTE (Illinois State Board of Education)

While House Bill 201 clearly creates a state mandate, it specifically amends the State Mandates Act to exempt the requirement from that Act. Further, state reimbursement

appears to be unnecessary because the requirement merely imposes additional duties of a nature which can be carried out by existing staff and procedures at no appreciable net cost increase. Finally, even if there is a small net cost increase, it should not exceed the \$1,000 threshold in the Mandates Act.

105 ILCS 5/10-20.12 from Ch. 122, par. 10-20.12

30 ILCS 805/8.27 new

Amends the School Code. Beginning with the 2004-2005 school term, provides that children who attain age 5 by December 10 of the school term may attend school upon commencement of the term. Amends the State Mandates Act to require implementation without reimbursement.

FISCAL NOTE (Illinois State Board of Education)

Because the Act is specifically exempted from the State Mandates Act, there is no fiscal impact to the State. School districts, however, will bear the cost of additional students attending school. In 2001-2002 there were 148,348 students in public kindergarten. Assuming an average age distribution across the year, extending the period of attainment by approximately 3.5 months would add approximately 43,200 students to the school

population. Using the most recent 2000-2001 average per capita tuition charge of \$6,466 for all districts, House Bill 203 would cost school districts approximately \$279 M. The state would not provide any specific funding for these students until the next year when they would be counted in the general state aid (GSA) average daily attendance (ADA) figures.

STATE MANDATES FISCAL NOTE (Illinois State Board of Education)

House Bill 203 creates a "Service Mandate" because it increases the number of students that must be served by school districts.

- 30 ILCS 805/8.27 new

Amends the School Code. Provides that if a pupil is suspended for more than 2 school days, the pupil's parent or guardian may chose to place the pupil in a community-based education program during those days of suspension and the school district must pay the community-based education program an amount equal to the amount the school spends per pupil per day for each day that the pupil is suspended and attends the program. Amends the State Mandates Act to require implementation without reimbursement. Effective July 1, 2003.

FISCAL NOTE (Illinois State Board of Education)

Because the Act is specifically exempted from the State Mandates Act, there is no fiscal impact to the state. School districts, however, will bear the cost of sending suspended students to community-based education programs without any offsetting savings to their budgets.

HOUSE AMENDMENT NO. 1

Deletes reference to:

30 ILCS 805/8.27 new

Deletes everything. Provides that the amendatory Act may be referred to as the Safe Options for Suspension Act. Amends the School Code. Requires a school board to compile a list of local facilities and organizations that have an education program that a suspended student can attend during the period of time of his or her suspension. Prohibits the suspension from taking effect until the school board provides the student and the student's parents or guardian with a copy of the list and an official notice of suspension that may be shown to the education program that the child is to attend to

prove that the student is not a truant. Effective immediately.

HOUSE AMENDMENT NO. 2

Requires a school board to compile the list only if local facilities and organizations are available.

HB-0206 DAVIS, MONIQUE-FLOWERS-BAILEY-RYG-COLLINS, NEKRITZ, SOTO, HOWARD, BELLOCK, FROELICH, KURTZ, GRAHAM, RITA, DUNKIN, MEYER AND MILLNER.

50 ILCS 705/15 new

750 ILCS 60/303 from Ch. 40, par. 2313-3

Amends the Illinois Police Training Act to provide instruction for the handling of domestic violence complaints with the guidelines developed by the Illinois Law Enforcement Training Standards Board and representatives from named State and private offices with an interest in preventing domestic violence. Amends the Illinois Domestic Violence Act of 1986 to mandate the implementation of a system for recording domestic violence calls and annually reporting the number of those calls. Provides that law enforcement officers shall also annotate signs of whether the alleged abuser was under the influence of alcohol or a controlled substance.

FISCAL NOTE (Ill. Law Enforcement Training Standards Board)

To implement the provisions of House Bill 206, the Law Enforcement Training Standards Board will expend approximately \$50,000 for development of a course of instruction. (This is based upon the \$100,000 in federal grant funds used by the Board for 8 years). Annual training costs would be \$192,500 per hour (\$11 per training hour for half the 35,000 Illinois law enforcement officers). The above-referenced federal grant produced a 24-hour course. To provide that course for Illinois law enforcement officers every other year would cost \$4.6 million. (These figures do not include any funds for local law enforcement agency-advanced officer training programs). Using the Board's in-service training delivery system would result in the Board paying \$3.9 million and local governments paying \$70,000. In Fiscal Year 2003, the Board's in-service training delivery method is projected to cost \$3.7 million. Thus, this requirement would double the Board's and the local government's expenditure on the Board's in-service training delivery system or would displace all other training, both mandatory and optional, to comply with the provisions of House Bill 206.

Amends the State aid formula provisions of the School Code by increasing the foundation level of support, changing the amount of and how a supplemental general State aid grant is calculated, and providing that the supplementary grants in aid provisions are no longer applicable. Amends the State Aid Continuing Appropriation Law to make the Law applicable to fiscal year 2004 and each fiscal year thereafter and to provide for an irrevocable and continuing appropriation sufficient to fund general State aid and supplemental general State aid. Amends the School Code, the School Construction Law, and the Election Code to make changes concerning the reorganization of school districts, including the conduct of feasibility studies, the removal of a referendum requirement, the establishment of community unit school districts, and the provision of supplementary State aid, State funds for construction, and implementation grants. Amends the State Finance Act, the Illinois Income Tax Act, and the Property Tax Code. Beginning on July 1, 2003, increases income taxes and provides that two-thirds of the increased revenue shall be deposited into the School District Property Tax Relief Fund to fund property tax abatements and that one-third of the increased revenue shall be deposited into the Common School Fund. Provides a mechanism for property tax abatements and provides for a deduction (up to \$1,200) for income tax purposes, for 5 years, equal to 15% of rent paid annually for a taxpayer's principal residence. Amends the School Code concerning certain categorical funding, including the establishment of several block grant programs and changes to the way State transportation reimbursement is calculated. Amends the School Code and the IMRF and Social Security Enabling Act Articles of the Illinois Pension Code to make changes concerning school districts other than the Chicago school district with respect to the purposes for which a district may levy taxes and the maximum rates of those taxes, a newly formed district's authority to levy taxes for certain purposes, interfund transfers, and working cash funds. Amends the State Mandates Act to require implementation without reimbursement. Some parts effective immediately; other parts effective July 1, 2003.

PENSION NOTE (Pension Laws Commission)

HB 208 would not affect the accrued liabilities or annual costs of any IMRF employer.

HOUSING AFFORDABILITY IMPACT NOTE (Housing Development Authority)

The proposed property tax abatement for educational purposes may significantly reduce homeownership costs, it appears that the tax burden is being shifted to the Illinois Income Tax. Due to wide variation in income levels of homeowners as well as actual property taxes levied based on local assessed valuations, the effect of this change cannot accurately be determined. Similarly, the provision for an income tax deduction allowance for renters may potentially serve as incentive toward future homeownership, but it also cannot be calculated at this time.

FISCAL NOTE (Illinois State Board of Education)

A 1% increase in the individual income tax rate and a 1.6% increase in corporate income tax rate will raise approximately \$2.6 B in new resources to pay for the program recommendations compared to the EFAB recommendation of \$5.4 B. Given the specific 2/3 - property tax relief and 1/3 - GSA allocation in HB 206, the following will be available for those purposes: (1) GSA increase (foundation level, Hold Harmless and poverty), approximately \$867 M (compared to \$1.8 B EFAB recommendation), and (2) Property tax abatement, approximately \$1.7 B (compared to \$3.6 B EFAB recommendation).

STATE MANDATES FISCAL NOTE (Illinois State Board of Education)

House Bill 208 changes the way local revenues are collected and held and the way the

state funds education but it does not establish a state mandate for school districts in a way that necessitates additional expenditures.

30 ILCS 105/5.595 new

Creates the Senior Citizens and Disabled Persons Prescription Drug Discount Program Act. Provides that the Program shall be administered by the Department of Central Management Services to enable eligible senior citizens and disabled persons to purchase prescription drugs at discounted prices and that the Department shall (i) enroll eligible seniors and disabled persons into the Program, (ii) enter into rebate agreements with drug manufacturers, either itself or through an agent, and (iii) reimburse pharmacies for the cost of providing discounts using the proceeds from the manufacturer rebate agreements. Amends the State Finance Act to create the Senior Citizens and Disabled Persons Prescription Drug Discount Program Fund into which rebate payments and enrollment fees shall be deposited. Provides for an initial transfer from the General Revenue Fund into the Senior Citizens and Disabled Persons Prescription Drug Discount Program Fund of \$27,000,000 to be repaid to the General Revenue Fund out of rebate payments. Amends the Department of Central Management Services Law of the Civil Administrative Code of Illinois. Provides that the Department shall establish a Prescription Drug Purchasing Policy Office to determine and implement strategies for best price purchasing practices for State agencies that pay for prescription drugs by direct purchase or by other arrangements. Effective July 1, 2003.

HOUSE AMENDMENT NO. 1

Deletes reference to:

20 ILCS 405/405-195 new

Deletes everything after the enacting clause. Reinserts the provisions of the bill as introduced, with changes as follows. Authorizes the Department to issue a request for proposals for bidders interested in administering the program, establishing minimum criteria for bidder participation. Provides that the reimbursement to pharmacies shall be subject to available funds and shall be equal to the difference between the amount paid by the eligible senior or disabled person under the program and (i) the average wholesale price minus 12% for brand name drugs, single-source generic drug products, and, for a period of 6 months, newly-released generic drug products and (ii) the average wholesale price minus 35% for all other generic drugs, but only if the amount paid by the eligible senior or disabled person is less than these amounts. Limits the amounts to be deposited into the Senior Citizens and Disabled Persons Prescription Drug Discount Program Fund to annual enrollment fees and other amounts to be allocated to the Department (excluding amounts to be used for compensation of pharmacies). Removes language authorizing the transfer of \$27,000,000 into the Fund. Establishes specific items that must be included in the report on the Program. Removes provisions establishing a Prescription Drug Purchasing Policy Office. Makes other changes. Effective July 1, 2003.

HOUSE AMENDMENT NO. 2

Provides that language prohibiting the program administrator from using funds generated from rebates, discounts, administrative fees, or other fees to promote its mail order pharmacy operation or that of an affiliate does not, however, limit the participation of an Illinois-licensed pharmacy under the Act if that pharmacy provides prescription drugs by mail order.

105 ILCS 5/2-3.131 new

Amends the School Code. Requires the State Board of Education to adopt maximum weight standards for textbooks used by pupils in public elementary and secondary schools. Provides that the weight standards shall take into consideration the health risks to pupils who transport textbooks to and from school each day. Effective immediately.

FISCAL NOTE (Illinois State Board of Education)

The administrative costs of the State Board of Education to establish rules is relatively small; limited primarily to existing staff and contracts to acquire specific expertise in the student health issues raised here. House Bill 217 will establish a state mandate for school districts. Until the maximum weight for textbooks is established, it is difficult to determine how costly this mandate may be. For instance, is this an issue with a single textbook or only if multiple books are carried at the same time to and from school. If districts are required to replace a significant number of textbooks this could be very expensive. It may be impossible to find acceptable textbooks which meet such weight

standards. This may also require districts to change scheduling and security regulations. HB-0220 SLONE-OSTERMAN-MILLER-HAMOS-JEFFERSON, GRAHAM, KELLY, YARBROUGH AND FEIGENHOLTZ.

New Act

Creates the Builders' Appeal Act. States that the purpose is to provide expeditious relief from local ordinances and regulations that inhibit the construction of affordable housing needed to serve low-income and moderate-income households in this State. Allows local approving authorities to issue a comprehensive permit to a developer of affordable housing. The comprehensive permit includes all local government approvals or licenses, except a building permit. Requires a hearing on an application. Sets forth requirements for approving a comprehensive permit. Creates a State Housing Appeals Board to hear appeals of decisions of a local approving authority. Contains other provisions.

HOUSING AFFORDABILITY IMPACT NOTE (Illinois Housing Development Authority)
While streamlined zoning and other regulatory processing by local governments of affordable housing projects certainly has the potential of reducing developer costs and reducing time delays, there is no guarantee that such savings will be passed along to homebuyers for such projects that involve homeownership opportunities, nor is there an accurate method to calculate that actual cost savings.

FISCAL NOTE (Housing Development Authority)

House Bill 220 requires the Authority to provide space and clerical and other assistance to a newly-created Housing Appeals Board, which would appeal decisions of local approving authorities issuing comprehensive permits to affordable housing developers. The legislation does not reference a funding level, and without specific information regarding the scale and scope of the proposal its fiscal effect on IHDA cannot be determined.

HOUSE AMENDMENT NO. 1

Deletes everything. Creates the Affordable Housing Planning and Appeal Act. States that the purpose is to encourage counties and municipalities to incorporate affordable housing within their housing stock sufficient to meet the needs of their county or community and to allow builders to seek relief from local ordinances and regulations that may inhibit the construction of affordable housing needed to serve low-income and moderate-income households in this State. Requires certain local governments to approve an affordable housing plan prior to July 1, 2004 and sets forth the requirements for that plan. Creates the State Housing Appeals Board to hear appeals of decisions of a local approving authority.

HOUSE AMENDMENT NO. 2

Provides that one of the members appointed to the Housing Appeals Board shall be a retired circuit judge or a retired appellate judge (instead of a circuit judge), who shall act as chairperson. Provides that the Illinois Housing Development Authority (instead of the Housing Appeals Board) shall adopt rules and regulations to carry out the Board's responsibilities. Makes other changes.

725 ILCS 5/107-4 from Ch. 38, par. 107-4

Amends the Illinois Municipal Code. Provides that when a police officer of a municipality with a population greater than 500,000 inhabitants requests aid or assistance from or provides aid or assistance to a police officer of another jurisdiction, the unit of local government on whose behalf the request is made shall hold harmless, indemnify, and defend the police officer against all claims, demands, liability, losses, and suits in law or equity made by a third party unless otherwise agreed. Provides that the unit of local government requesting assistance shall waive all claims against the police officer or his or her employer arising out of the aid or assistance that is provided, other than claims resulting from willful and wanton misconduct. Provides that the new provisions do not relieve any unit of local government from liability. Amends the Code of Criminal Procedure of 1963. Provides that a peace officer may conduct temporary questioning and make arrests in any jurisdiction within this State if the officer, while on duty as a peace officer, is requested by an appropriate State or local law enforcement official to render aid or assistance to the requesting law enforcement agency that is outside the officer's primary jurisdiction.

New Act

Creates the State Economic Assistance Accountability Act. Provides that State economic assistance provided by the Department of Commerce and Community Affairs as an incentive to a business organization must be based on the terms of a written incentive agreement between the Department and the business organization, which agreement must identify the specific State economic assistance to be provided to the business organization during the term of the agreement. Lists terms the agreement must contain. Provides that State economic assistance incentive agreements must provide that if a business organization either fails to make the requisite level of capital investment in the project or fails to create or retain the specified number of jobs within the specified time frame, as provided under the Act authorizing the State economic assistance, the business organization shall be deemed to no longer qualify for the State economic assistance. Provides that State economic assistance must total at least \$75,000 on a single project for applicability. Provides that the full content of all written incentive agreements are to be published on the Illinois Department of Commerce and Community Affairs website. Effective immediately.

FISCAL NOTE (Dept of Commerce and Community Affairs)

House Bill 235 is estimated to have no significant fiscal impact on the Department.

HOUSE AMENDMENT NO. 1

Deletes everything. Creates the Corporate Accountability for Tax Expenditures Act. Provides that the Department of Revenue shall submit an annual Unified Economic Development Budget to the General Assembly no later than 3 months after the end of the State's fiscal year and the report shall present all types of development assistance for economic development during the prior fiscal year. Provides that the Department of Revenue shall promulgate a standardized disclosure registry for use by all property-taxing entities and that every property-taxing entity in the State shall employ this standardized registry to report to the State Department of Revenue all property tax reductions or abatements that had effect during the previous calendar year. Provides that the Department of Commerce and Community Affairs shall promulgate a standardized application form for on-budget development assistance for use by all granting bodies. Requires each granting agency to submit a progress report to the Department of Commerce and Community Affairs concerning certain development assistance applications. Provides that, in considering development assistance applications, all granting bodies shall analyze the projected wages and benefits. Provides that recipients are required to achieve their job creation and wage and benefit goals within 2 years after the date of assistance and, if a recipient defaults on development assistance, it must pay back to the granting body that fraction of the development assistance that accrued to its benefit for the

calendar year in which the default occurred. Effective immediately.

STATE DEBT IMPACT NOTE (H-AM 1) (Economic and Fiscal Commission)

HB 235, as amended by House Amendment 1, would not change the amount of authorization for any type of State-issued or State-supported bond, and therefore, would not affect the level of State indebtedness.

HOME RULE NOTE (H-AM 1) (Dept of Commerce and Community Affairs)

In the opinion of DCCA, HB 235, as amended by HA #1, does not pre-empt the home rule powers of municipalities or Cook County. However, these local governments would be negatively impacted should they fail to comply with the provisions of this legislation. The bill specifies that a local government not in compliance with its provisions would forfeit any development assistance otherwise available from the State.

FISCAL NOTE (H-AM 1) (Dept of Commerce and Community Affairs)

The fiscal impact of House Bill 235 with House Amendment 1 is estimated to be at least \$1 million annually for 12 additional staff and associated costs. The cost estimate could be higher depending upon the number of granting bodies that fail to comply with the requirements of this legislation. This estimate does not consider the significant fiscal impact this legislation is expected to have on the Department of Revenue, other state agencies, local governments, or other public bodies as defined in this legislation.

STATE MANDATES FISCAL NOTE (H-AM 1) (Dept of Commerce and Community Affairs)

House Bill 235 (HA #1) creates a service mandate for which reimbursement of 50%-100% of the increased costs to units of local government is required under the State Mandates Act. An estimate of the increased costs to local governments is not available at this time, but a municipality of 100,000 estimates their annual increased cost would be a minimum of \$60,000.

HOUSE AMENDMENT NO. 2

Deletes everything after the enacting clause. Creates the Corporate Accountability for Tax Expenditures Act. Defines "development assistance" as (1) tax credits and tax exemptions (other than given under tax increment financing) given under the Economic Development for a Growing Economy Tax Credit Act and the Illinois Enterprise Zone Act, (2) grants or loans given pursuant to the Large Business Development Program, the Business Development Public Infrastructure Program, or the Industrial Training Program, (3) the State Treasurer's Economic Program Loans, (4) the Illinois Department of Transportation Economic Development Program, and (5) all successor and subsequent programs and tax credits designed to promote large business relocations and expansions, but not including tax increment financing, participation loans, certain financial transactions in support of small business loans and investments, or assistance given in connection with the development of affordable housing. Requires the Department of Revenue to submit an annual Unified Economic Development Budget to the General Assembly no later than 3 months after the end of the State's fiscal year, beginning in 2005, presenting all types of development assistance for economic development during the fiscal year. Requires standardized applications for development assistance, requires State granting bodies to submit to the Department of Commerce and Community Affairs certain information concerning projects approved for development assistance, and requires the Department to publish the data received. Authorizes the recapture by the State of development assistance provided if a grantee does not meet the requirements of an agreement. Effective immediately.

PENSION NOTE (H-AM2) (Pension Laws Commission)

No fiscal impact on any public pension fund or retirement system.

BALANCED BUDGET NOTE (H-AM2) (Bureau of the Budget)

Since this house bill is not a supplemental appropriation bill, it is not possible to complete this note as requested.

LAND CONVEYANCE APPRAISAL NOTE (H-AM2) (Department of Transportation)

As there are no parcels of land being conveyed in this bill, there are no appraisals to be filed by the Dept. of Transportation.

JUDICIAL NOTE (H-AM2) (Admin Office of the Illinois Courts)

This bill would neither increase or decrease the number of judges needed in the state.

HOME RULE NOTE (H-AM 2) (Dept of Commerce and Community Affairs)

HB 235 (HA #2) pertains to the powers and duties of DCCA, the Department of Revenue, and other State department or agencies that provide development assistance to businesses. The legislation does not contain language indicating a pre-emption of home rule powers and functions. Therefore, in the opinion of DCCA, HB 235 (HA #2) does not pre-empt home rule authority.

STATE MANDATES FISCAL NOTE (H-AM 2) (Dept of Commerce and Community

Affairs)

HB 235 (HA #2) pertains to the powers and duties of DCCA, the Department of Revenue, and other State department or agencies that provide development assistance to businesses. The legislation does not impose requirements on units of local government. Therefore, in the opinion of DCCA, HB 235 (HA #2) does not create a State Mandate under the State Mandates Act.

FISCAL NOTE (H-AM 2) (Dept of Commerce and Community Affairs)

The fiscal impact of House Bill 235 with House Amendment 2 on the Department of Commerce and Community Affairs is estimated to be at least \$167,000 for two staff and associated information technology costs. All costs can be absorbed within the department's current budget.

STATE DEBT IMPACT NOTE (H-AM 2) (Economic and Fiscal Commission)

HB 235, as amended by House Amendment 2, would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

HOUSING AFFORDABILITY IMPACT NOTE (H-AM2) (Housing Development Authority)

No fiscal effect on a single-family residence.

SENATE COMMITTEE AMENDMENT NO. 1

Deletes everything after the enacting clause. Reinserts the provisions of the bill as engrossed with changes as follows. Defines "development assistance agreement" as any agreement executed by the State granting body and the recipient setting forth the terms and conditions of development assistance to be provided to the recipient consistent with the final application for development assistance submitted to and approved by the State granting body. Removes the definition for "permanent job". Makes changes concerning applications for assistance, State development assistance disclosure, and recapture provisions. Makes other changes.

STATE DEBT IMPACT NOTE (H-AM 2) (Economic and Fiscal Commission)

HB 235, as amended by House Amendment 2, would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

SENATE FLOOR AMENDMENT NO. 3

Replaces the term "State on-budget development assistance" with "State development assistance". In provisions setting forth the required contents of an application for development assistance, provides that one of the items that must be included is a narrative, if necessary, describing why the development assistance is needed and how the applicant's use of the development assistance may reduce employment at any site in Illinois (underlying amendment reads "reduce unemployment"). Provides that the Department of Commerce and Community Affairs is authorized to modify State development assistance application forms and the requirements for the progress reports that must be submitted by those receiving State development assistance with respect to grants under the Industrial Training Program that are not given as an incentive to a recipient business organization. Removes an incorrect cross-reference.

House Bill 237 provides that a county treasurer is not precluded from accepting advance tax payments for taxes not yet due. This will have no fiscal impact on the Department of Revenue.

35 ILCS 200/15-165
 30 ILCS 805/8.27 new

Amends the Property Tax Code. Changes the exemption for disabled veterans. The exemption now applies only to property up to an assessed value of \$58,000 owned and used exclusively as a home by a disabled veteran found eligible for specially adapted housing by the federal government or the spouse or unmarried surviving spouse of the veteran. This amendatory Act provides that the exemption applies, for taxable years 2003 and thereafter, to the first \$58,000 in assessed value of property owned and used exclusively by a disabled veteran, or the spouse or unmarried surviving spouse of the veteran, as a home. Provides that a disabled veteran is a person who served in the U.S. Armed Forces and (i) who was found 100% disabled and eligible for disabled veterans benefits or (ii) who was found disabled and eligible for Social Security Disability or SSI benefits. Amends the State Mandates Act to require implementation without reimbursement.

FISCAL NOTE (Illinois Department of Revenue)

Local governments would feel most of the impact, however, there would be some cost to the State. Because of the reduced EAV, the State would have to provide additional state aid to schools.

625 ILCS 5/2-123 from Ch. 95 1/2, par. 2-123

Creates the Privacy Protection Act. Prohibits a constitutional officer or a State agency under a constitutional officer from selling personal information regarding Illinois citizens for commercial solicitation purposes without the written consent of each person whose information will be sold. Defines "commercial solicitation purposes". Amends the Illinois Vehicle Code. Prohibits the Secretary of State from selling driver, vehicle, and title information for commercial solicitation purposes without the written consent of each person whose information will be sold. Requires purchasers of driver, vehicle, and title information to enter into an agreement disclosing the intended commercial use of the information. Provides that the Secretary of State may not knowingly disclose or otherwise make available to any person or entity personal information about any individual in connection with a motor vehicle record, except with the written consent of the individual or as permitted by certain provisions of the federal Driver's Privacy Protection Act of 1994.

Amends the Taxpayers' Bill of Rights Act. Allows a taxpayer to sue the Department of Revenue if the Department negligently (now intentionally or recklessly) disregards tax laws or regulations in collecting taxes. Creates a certified public accountant-client or public accountant-client privilege for non-criminal proceedings before the Department. Provides that in the case of a taxpayer receiving a protestable notice, a bill, a claim denial, or a reduction of a refund regarding any tax, the taxpayer's position shall be presumed to be the correct position and the burden of proof shall be on the Department to prove otherwise. Amends the Illinois Income Tax Act, the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, the Retailers' Occupation Tax Act, the Cigarette Tax Act, the Cigarette Use Tax Act, the Hotel Operators' Occupation Tax Act, the Motor Fuel Tax Law, the Coin-Operated Amusement Device and Redemption Machine Tax Act, the Cannabis and Controlled Substances Tax Act, the Messages Tax Act, the Gas Revenue Tax Act, the Public Utilities Revenue Act, the Water Company Invested Capital Tax Act, the Telecommunications Excise Tax Act, and the Uniform Penalty and Interest Act to make corresponding changes. Amends the Illinois Income Tax Act to create a civil action against the Department for the knowing or negligent disclosure of confidential information. Provides penalties. Amends the Illinois Public Accounting Act to make changes regarding confidentiality. Effective immediately.

FISCAL NOTE (Department of Revenue)

The precise fiscal impact of House Bill 243 is impossible to determine, but a conservative 5 percent slowdown in collections in the first year would reduce tax receipts by \$1.2 billion as that money is shifted into future fiscal years.

305 ILCS 5/11-26.1 from Ch. 23, par. 11-26.1
305 ILCS 5/12-4.25d new

Amends the Illinois Public Aid Code. Provides that a Medicare beneficiary or a beneficiary of pharmaceutical assistance under the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act is entitled to obtain prescription drugs at prices based on a pharmacy's Medicaid reimbursement rates. Requires that pharmacies implement this prescription drug discount benefit as a condition of participating in the Medicaid program. Requires the Department of Public Aid to make certain reports to the General Assembly and to execute necessary interagency agreements with the Department on Aging and the Department of Revenue. Provides for evaluation of the prescription drug discount benefit if prescription drugs are covered by Medicare. Repeals these provisions on July 1, 2007.

FISCAL NOTE (Department of Public Aid)

IDPA must create a system (most likely internet based) for pharmacies to inquire on prices- estimated less than \$1 million. IDPA must monitor pharmacies compliance with the law. Conservatively it would probably take 4-6 staff at a cost between \$100,000 to \$200,000. Providing consumer information. The most cost effective way would be via the internet. Direct mailing and phone banks would be much more costly, inefficient, and information would be obsolete by the time the consumer received it.

Amends the Pharmacy Practice Act of 1987, the Wholesale Drug Distribution Licensing Act, the Senior Pharmaceutical Assistance Act, the Illinois Food, Drug and Cosmetic Act, the Illinois Controlled Substances Act, and the Cannabis and Controlled Substances Tort Claims Act to provide that persons engaged in repackaging or labeling prescription drugs to the extent required under the Illinois Public Aid Code provisions added by the bill are exempt from provisions of those other Acts that might prohibit or otherwise regulate such activity. Provides that the Act is repealed on January 1, 2009. Amends the Civil Administrative Code of Illinois, the Ambulatory Surgical Treatment Center Act, the Hospital Licensing Act, and the Medical Practice Act of 1987. Provides for the revocation of various licenses for violation of the Human Cloning Act. Amends the Criminal Code of 1961. Prohibits a person from engaging in activity that involves the use of a human somatic cell for the process of producing a human clone. Penalty is a Class 4 felony.

FISCAL NOTE (Department of Public Health)

While a number of licensure or registration programs administered by the Department of Public Health would need to take action upon conviction of an individual or entity found to have violated the Act, we would anticipate the fiscal impact for the Department to be relatively small. Legal staff time would be necessary to conduct the administrative action to revoke a license. We would estimate .25 FTE would be needed annually, which would equate to approximately \$20,000. Additionally, it would be

assumed that minor costs associated with the legal proceeding would require the expenditure of an additional \$5,000 per year.

Creates the Tax Delinquency Amnesty Act. Provides that the Department of Revenue shall establish a tax amnesty program for delinquent taxes required to be collected by the Department to run for a period from October 1, 2003 through November 30, 2003 and to cover any taxable period ending prior to July 1, 2002. The Department shall not collect any interest or penalties on those taxes or pursue the taxpayer either by civil suit or criminal prosecution for those taxes if amnesty is granted to the taxpayer. Excludes taxpayers who are a party to any criminal investigation or to any pending civil or criminal litigation concerning the tax liability. Requires the Department to adopt rules. Provides that the money collected under the amnesty program (except for personal property tax replacement income tax collected) shall be deposited as follows: (i) one-half into the Common School Fund; (ii) one-half into the General Revenue Fund. Amends the Uniform Penalty and Interest Act. Provides that, if a taxpayer eligible for the amnesty program fails to satisfy the tax liability during the amnesty period, then the interest or penalty or both imposed by the Department on that tax liability shall be imposed in an amount that is 200% of the amount that would otherwise be imposed. Effective immediately

FISCAL NOTE (Department of Revenue)

House Bill 256 requires that from October 1, 2003 through November 30, 2003 the Illinois Department of Revenue shall administer a tax amnesty program. The Department estimates that an amnesty program could bring in between \$120 million and \$230 million. Because of the extreme difficulty of predicting how taxpayers will react to amnesty, this estimate is an order of magnitude only. A large majority of the revenue will be an acceleration of the tax the Department would ultimately collect.

Amends the Clerks of Courts Act. Provides for a combined fee schedule for circuit clerks' fees in counties having a population of not more than 500,000 inhabitants. Repeals fee schedule for counties having a population of 180,000 inhabitants or less. Effective July 1, 2003.

JUDICIAL NOTE (Administrative Office of the Illinois Courts)

House Bill 269 amends the Clerks of Courts Act. Based on a review of the bill it has been determined that the bill would neither increase nor decrease the number of judges needed in the state.

FISCAL NOTE (Administrative Office of the Illinois Courts)

House Bill 269 would have no fiscal impact on State government. The impact of the bill on circuit courts in individual counties cannot be determined, because it depends on future action by the various county boards.

Amends the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act. Provides that, beginning on January 1, 2004 and through December 31, 2008, a retailer or serviceman is allowed to take the 1.75% or \$5 discount, as appropriate, for the first \$1,000,000 in taxes collected in the aggregate in a calendar year under each of the 4 Acts to reimburse himself or herself for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax, and supplying data to the Department of Revenue on request. No discount may be taken during that period for taxes collected above \$1,000,000 in the aggregate in a calendar year under the 4 Acts. Effective immediately.

FISCAL NOTE (Illinois Department of Revenue)

HB 270 will have a positive impact to the State of an undetermined amount. In fiscal year 2001, the Retailers' Discount cost the State approximately \$102 million.

HB-0271 MCKEON.

- 35 ILCS 5/304 from Ch. 120, par. 3-304

Amends the Illinois Income Tax Act. With respect to the apportionment of business income for persons other than residents, provides that for tax years ending on or after December 31, 2003 and before December 31, 2008 the income shall be apportioned using the property factor, payroll factor, and sales factor. Provides that for tax years ending on or after December 31, 2008, the income shall again be apportioned using the sales factor only. Effective immediately.

FISCAL NOTE (Illinois Department of Revenue)

Apportioning business income on a sales-only basis, as is currently the case, has reduced corporate income tax liabilities by about \$95 million. This is \$63 million to the state and \$32 million to local government. Reverting back to the three-factor formula should have a positive impact to the state of \$63 million and \$32 million to local governments. Deposits into the Education Assistance Fund will be dependent upon collections and refund fund percentages.

HB-0272 MCKEON.

- 35 ILCS 5/207 from Ch. 120, par. 2-207

Amends the Illinois Income Tax Act. Provides that, for taxable years ending on or after December 31, 2003 and on or before December 30, 2008, net losses shall not be allowed as a carryback and shall be a net operating carryover to each of the 5 taxable years following the taxable year of such loss (now, and beginning again at the end of this period, may carry net losses back for 2 years and carry them forward for 20 years). Effective immediately.

FISCAL NOTE (Illinois Department of Revenue)

It is difficult to estimate reduced corporate refunds and reduced corporate receipts associated with this proposal. The losses that can be carried forward cannot be used until taxpayers have a positive income to offset and with the slow economy, it may take some time before this happens. However, eliminating the two-year carryback provision would reduce business refunds in the immediate future. Limiting losses to a five-year carry forward period should reduce total net operating losses claimed. However, with all net operating losses being carried forward, corporate income tax receipts will probably come in lower in the near future.

HB-0276 CURRIE.

30 ILCS 105/6z-43

Amends the State Finance Act. In provisions concerning the Tobacco Settlement Recovery Fund, provides that in any civil litigation under any legal theory in which a judgment is entered against a signatory or a successor to a signatory of the Master Settlement Agreement,

the appeal bond that the signatory or successor or another defendant may be required to post to stay execution on the judgment during the time that an appeal or discretionary review of the judgment is pending shall be set in accordance with the law and the rules of the court, except that in no case may the total amount of the appeal bond exceed \$25,000,000, regardless of the total amount of the judgment. Authorizes a court order to prevent an appellant's dissipation or diversion of assets. Provides that these changes apply to any action pending on or after the effective date of this amendatory Act. Effective immediately.

HOUSE AMENDMENT NO. 1

Deletes the substantive changes from the bill. Makes a technical change in the Tobacco Settlement Recovery Fund Section of the State Finance Act.

Requires a tobacco product manufacturer to certify by the thirtieth of April each year that the tobacco product manufacturer either: (i) is a participating manufacturer and has generally performed its financial obligations under the Master Settlement Agreement (in the Master Settlement Agreement); or (ii) is in full compliance with the Tobacco Products Manufacturers' Escrow Act. Repeals the Tobacco Products Manufacturers' Escrow Enforcement Act. Amends the Tobacco Product Manufacturers' Escrow Act. Allows funds to be released from escrow to the extent that a tobacco product manufacturer establishes that the amount it was required to place into escrow on account of units sold in this State in a particular year was greater than the Master Settlement Agreement payments, after final determination of all adjustments, that the manufacturer would have been required to make on account of the units sold (instead of to the extent that the amount required to be placed into escrow in a particular year was greater than the State's allocable share of the total payments that such manufacturer would have been required to make in that year under the Master Settlement Agreement before any of the adjustments or offsets provided for in the Agreement). Makes other changes.

Based on a review of the bill, it has been determined that House Bill 312 would neither increase nor decrease the number of judges needed in the state.

SENATE COMMITTEE AMENDMENT NO. 1

Deletes all. Makes the same changes as in the introduced bill. Also makes a technical change in the sentencing provision of the statute to delete a redundant phrase. Effective immediately.

New Act

Creates the Display of Tobacco Products Act. Provides that it is unlawful to sell, offer for sale, give away, or display tobacco products for sale at any location where the consumer can acquire those products through self-service. Provides that every tobacco product must be displayed from behind a sales or service counter so that a consumer cannot access tobacco products without assistance by an employee of the retail establishment authorized to sell tobacco products. Exempts the sale of tobacco products from vending machines if the vending machines are located in places authorized under the Sale of Tobacco to Minors Act. Provides that a violation is a petty offense for which the court shall impose a fine of not less than \$100 nor more than \$1,000. Exempts retail tobacco stores from the self-service restriction on tobacco product displays provided that the retail tobacco store (i) derives at least 90% of its revenue from tobacco and tobacco related products; (ii) does not permit persons under the age of 18 to enter the premises; and (iii) posts a sign on the main entrance way stating that persons under the age of 18 are prohibited from entering.

BALANCED BUDGET NOTE (Bureau of the Budget)

It is not possible to complete this Note as requested.

FISCAL NOTE (State Police)

No fiscal costs.

HOUSE AMENDMENT NO. 2

Provides that it is unlawful to sell, offer for sale, give away, or display tobacco products for sale at any location unless the tobacco products are displayed from behind a sales or service counter or in an age restricted area of a retail establishment or in an enclosed display case so that a consumer cannot access tobacco products without the assistance of an employee of the retail establishment authorized to sell tobacco products.

Defines "age restricted area" as an enclosed designated area in a retail establishment that is directly visible to the cashier, separated from the other areas of the establishment, with a single separate entrance to which no one under 18 years of age is allowed to enter. Retains the same exemption for specified stores that was in the introduced bill. Excludes "cartons of cigarettes" from the definition of "tobacco products".

HOME RULE NOTE (Dept of Commerce and Community Affairs)

HB 318 relates to the sale of tobacco products. The legislation does not contain language indicating a pre-emption of home rule powers and functions. Therefore, in the opinion of DCCA, HB 318 does not pre-empt home rule authority.

STATE MANDATES FISCAL NOTE (Dept of Commerce and Community Affairs)

HB 318 does not create a State Mandate under the State Mandates Act.

SENATE COMMITTEE AMENDMENT NO. 1

Changes the elements of the offense. Provides that it is unlawful for any person who sells tobacco products over the counter to maintain such products in any location accessible to customers that is not within the line of sight, or under the control, of a cashier or other employee during regular business hours, except that this condition does not apply to: (i) business establishments to which persons under the age of 18 are not admitted or to which such persons are not admitted unless accompanied by a parent or other adult; or (ii) tobacco specialty stores.

35 ILCS 5/213 new

Amends the Illinois Income Tax Act. Provides that taxpayers may claim a credit for certain historic preservation expenditures beginning with taxable years ending on or after December 31, 2003. The credit is exempt from the sunset requirements. Effective immediately.

FISCAL NOTE (Department of Revenue)

Creates a historic preservation income tax credit. Taxpayers would be entitled to a credit equal to 25% of the eligible cost and expenses incurred during the tax year for the rehabilitation of a certified historic structure or a structure in a certified historic district. Eligible costs and expenses must exceed 50% of the federal tax basis of the property. Excess credit amounts can be carried forward two tax years. The credit would be effective for tax years ending on or after December 31, 2003. Illinois filers claimed \$32 million in the federal rehabilitation income tax credit in 2001. However, it is impossible to determine how many taxpayers will spend more than 50% of the federal tax basis of the property. But based on the previously stated number, the credit could reduce income tax liabilities by several million dollars annually.

30 ILCS 805/8.27 new

Amends the Chicago Firefighter Article of the Illinois Pension Code. 40 ILCS 5/4-106.1 from Ch. 108 1/2, par. 4-106.1
30 ILCS 805/8.27 new

Amends the Downstate Firefighter Article of the Illinois Pension Code. When a municipal fire department is discontinued and the affected territory is annexed by a fire protection district, provides for transfer of the assets and liabilities of the municipality's firefighters' pension fund to the pension fund of the fire protection district. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Pension Laws Commission)

The fiscal impact of HB 407 cannot be determined, but is estimated to be minor, as the number of funds that would be affected by the draft is probably very small. There may be a fiscal impact to the pension funds of the fire protection districts, as the liabilities transferred to that fund would probably be greater than the transferred assets.

Amends the Court of Claims Act. Provides that claims against the State for time unjustly served in State prisons must be automatically heard and payment made within 120 days after the person who unjustly served time is discharged from prison. Provides that the claim may be made if a court finds that the evidence that resulted in the person's conviction was erroneous or that new evidence indicates that the person did not commit the crime for which he or she was convicted (rather than providing that only the issuance of a pardon by the Governor on the grounds of innocence may be the basis of a claim). Increases the maximum statutory awards to a person released from prison because of these factors. Effective immediately.

30 ILCS 805/8.27 new

Amends the Critical Health Problems and Comprehensive Health Education Act. Requires a comprehensive health education program to include instruction in secondary schools on clinical depression and suicide prevention. Amends the State Mandates Act to require implementation without reimbursement.

FISCAL NOTE (Illinois State Board of Education)

House Bill 483 creates a service mandate for local school districts; however, it is specifically exempt from state reimbursement under the State Mandates Act. While it is exempt from reimbursement, it is likely that most secondary schools already include instruction on clinical depression and suicide prevention as part of their comprehensive mental health and illness curricula. Even if the material is not now covered, it is likely that it can be covered with existing staff and resources without any significant new cost. Amends the IMRF Article of the Illinois Pension Code. Makes county probation officers eligible for the sheriff's law enforcement employee (SLEP) formula; requires an affirmative resolution of the employer. Allows these probation officers to convert non-SLEP service as a probation officer into SLEP credit by paying the difference in employee contributions plus interest; waives the interest if payment is made within one year; requires an affirmative resolution by the employer. Effective immediately.

PENSION NOTE (Pension Laws Commission)

The fiscal impact of HB 529 cannot be determined, as the number of country probation officers is unknown. Including additional employees under the SLEP formula would increase IMRF costs for their employers.

HB-0537 REITZ.

35 ILCS 200/18-185

55 ILCS 5/5-1069.6 new

Amends the Counties Code. Provides that a county may annually levy and collect taxes upon all taxable property within its territory at a rate that will produce a sum that will be sufficient to pay the cost of providing, for the benefit of employees of the county, group life, health, accident, hospital, and medical insurance, or any one or any combination of those types of insurance, or the cost to the county board to self-insure for any one or any combination of those types of insurance. Amends the Property Tax Extension Limitation Law of the Property Tax Code to exempt the special purpose extension by the county for this purpose from the extension limitation provisions of the Law.

FISCAL NOTE (Illinois Department of Revenue)

House Bill 537 provides that a country may levy a rate that will cover the cost to provide its employees, or the cost of the county board to self-insure, various types of insurance. The insurance levy is exclusive of, and in addition to, any levy the county makes for general purposes under any law that limits the amount of tax a county may levy for general purposes. The insurance levy is exempt from any statutory county general corporate purposes rate limitations. The PTELL is amended to also exclude the insurance levy from the aggregate extension. There is no fiscal impact to the state. Property owners will be forced to pay the additional amount.

HOUSE AMENDMENT NO. 1

Further amends the Property Tax Extension Limitation Law in the Property Tax Code. Exempts from the extension limitation those extensions made for any increase above the amount extended for the 2002 taxable year for contributions to the Illinois Municipal Retirement Fund, that part of any extension made for any increase above the amount extended for the 2002 taxable year for Medicare and FICA coverage, and that part of

any extension made for any increase above the amount extended for the 2002 taxable year for the expenses of civil liability and liability insurance.

Deletes everything after the enacting clause. Amends the Neighborhood Redevelopment Corporation Law. Provides that, upon approval of the governing body of a city, village, or incorporated town, after it complies with notice, hearing, and other requirements, the general real estate taxes on the improvements on real property of a neighborhood redevelopment corporation or its immediate successor in that city, village, or incorporated town shall be abated for a period not in excess of 10 years after the date upon which the corporation becomes owner of that real property. The tax on that property, however, exclusive of improvements, may continue to be imposed and collected but shall be frozen at the amount of taxes owed, or that would have been owed, for the property as unimproved in the year prior to the year it was acquired by the neighborhood redevelopment corporation. For the next ensuing period not in excess of 15 years, general real estate taxes on the property shall be abated in an amount not to exceed 50% of the taxes imposed by each taxing district. The parties may agree, by contract, to payments in lieu of taxes. After a period of not more than 25 years, tax abatements are eliminated. Limits the provisions to property located in St. Clair County. For St. Clair County, changes the Law with respect to what constitutes a "slum and blighted area", who may appoint members of the Commission and the number of Commissioners, and how certificates of convenience and necessity are approved. Amends the Property Tax Code to authorize the abatements.

Deletes everything after the enacting clause. Amends the State Finance Act and the Illinois Public Aid Code. Creates the Health Care Services Trust Fund as a special fund in the State treasury for use by the Department of Public Aid in making payments to providers of services under the Medicaid and Children's Health Insurance programs. Provides that the assessment shall not take effect or shall cease to be imposed under certain conditions. Provides for high volume payments and other hospital access improvement payments; repeals these payments on July 1, 2005. Authorizes the Department of Public Aid to use emergency rulemaking procedures to implement these changes. Repeals provisions concerning an exemption for rural hospitals from the assessments imposed on hospital providers. Repeals provisions concerning the Hospital Services Trust Fund, except for provisions for disbursements to hospitals by the Department of Public Aid and makes changes in those provisions. Effective immediately.

SENATE FLOOR AMENDMENT NO. 4

Deletes reference to:

65 ILCS 5/1-1-2.1

Adds reference to:

65 ILCS 5/7-1-1 from Ch. 24, par. 7-1-1

Deletes everything. Amends the Illinois Municipal Code. Provides that any territory to be annexed to a municipality shall be considered to be contiguous to the municipality notwithstanding that the territory is separated from the municipality by a strip parcel, which is defined as "a separation no wider than 30 feet between the territory to be annexed and the municipal boundary". Provides that, except in counties with a population of more than 900,000 (instead of 500,000) but less than 3,000,000, territory that is not contiguous to a municipality but is separated therefrom only by a forest preserve district or open land or open space that is part of a township open space program (instead of separated only by a forest preserve district) may be annexed to the municipality if the annexing municipality can show that the forest preserve district, open land, or open space creates an artificial barrier preventing the annexation and that the location of the forest preserve district, open land, or open space property prevents the orderly natural growth of the annexing municipality.

SENATE FLOOR AMENDMENT NO. 5

Adds reference to:

65 ILCS 5/11-74.4-4 from Ch. 24, par. 11-74.4-4

Deletes everything after the enacting clause. Amends the Property Tax Code. Increases the ceiling for household income eligibility for the Senior Citizen Assessment Freeze Homestead Exemption from \$40,000 for taxable years 1999 through 2003 to \$45,000 for taxable years 2004 and thereafter. Sets forth the amount of the exemption based on the applicant's household income. Provides that, for taxable years 2004 and thereafter, the maximum reduction under the Senior Citizens Homestead Exemption shall be \$2,500 in all counties and the maximum reduction under the general homestead exemption shall be \$4,500 in all counties. Creates an alternative general homestead exemption that applies to counties that choose to adopt the provision by ordinance. Provides that the amount of the exemption is the equalized assessed value of the homestead property for the current tax year minus the adjusted homestead value. Defines "adjusted homestead value" as the lesser of (i) the property's base homestead value increased by 7% for each tax year after the base year (2002 or 2003) through and including the current tax year or (ii) the property's equalized assessed value for the current tax year minus \$4,500 in Cook County and \$3,500 in all other counties in tax year 2003 or \$4,500 in all counties in tax year 2004 and thereafter. Provides that "base homestead value" means the equalized assessed value of the property for the base year prior to exemptions, minus \$4,500 in Cook County and \$3,500 in all other counties in tax year 2003 or \$4,500 in all counties in tax year 2004 and thereafter. Establishes procedures for determining the base homestead value of property improved after the base year. Provides that in counties with less than 3,000,000 inhabitants, the new general homestead exemption provisions apply only for assessment years 2003, 2004, and 2005 if 2002 is the designated base year or 2004, 2005, and 2006 if 2003 is the designated base year. Provides that if a county has elected to subject itself to the alternative general homestead exemption provisions, then, for each taxable year after those provisions no

longer apply, creates an additional general homestead exemption of \$5,000 for owners (i) whose qualified property has an assessed valuation that has increased by more than 20% over the previous assessed valuation of the property and (ii) who have a household income of \$30,000 or less. Provides that in all counties (now, in counties with more than 3,000,000 inhabitants), the assessor or chief county assessment officer may use specified methods to determine the eligibility of residential property to receive the homestead exemption and the amount of the exemption. Requires a taxpayer applying for the additional general homestead exemption to submit an application and an affidavit to the chief county assessment officer. Requires the Department of Revenue to issue guidelines establishing a method for verifying the accuracy of the affidavits. Authorizes a school district to, without referendum, adopt a levy to recapture revenue lost by a property tax refund it is required to make. Amends the State aid provisions of the School Code to provide that, if the general homestead exemption is determined under the alternative general homestead exemption provisions or if an additional general homestead exemption is allowed because the owner has a household income of less than \$30,000, then the available local resources shall not be effected. Makes other changes. Amends the Economic Development Area Tax Increment Allocation Act, the County Economic Development Project Area Property Tax Allocation Act, the County Economic Development Project Area Tax Increment Allocation Act of 1991, the Economic Development Project Area Tax Increment Allocation Act of 1995, the Tax Increment Allocation Redevelopment Act and the Industrial Jobs Recovery Law in the Illinois Municipal Code, the School Code, and the Criminal Code of 1961 to include a cross reference to the alternative general homestead exemption provision in the Property Tax Code. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

SENATE FLOOR AMENDMENT NO. 2

Deletes reference to:

35 ILCS 200/18-53 new

Amends the Property Tax Code. Deletes a provision that, beginning in taxable year 2004 and thereafter, gradually increases the household income requirement for applicants for the senior citizens assessment freeze exemption. Provides that an applicant for the senior citizens assessment freeze homestead exemption must have a household income of \$40,000 or less in taxable years 1999 through 2002 (rather than through 2003) and a household income of \$45,000 or less in taxable year 2003 and thereafter (rather than taxable year 2004 and thereafter). Makes corresponding changes. Provides that a taxpayer who has been granted a senior citizens assessment freeze homestead exemption for the taxable year is not eligible for the additional exemption for owners with a household income of \$30,000 or less. Deletes a Section concerning recovery of revenue lost due to tax refunds.

30 ILCS 805/3 from Ch. 85, par. 2203
 Amends the State Mandates Act. Makes a technical change in the definitions Section.
 SENATE FLOOR AMENDMENT NO. 1

Deletes reference to:

30 ILCS 805/3

Adds reference to:

30 ILCS 805/8

from Ch. 85, par. 2208

30 ILCS 805/9.1

from Ch. 85, par. 2209.1

Deletes everything. Amends the State Mandates Act. Changes references concerning the implementation of service mandates, tax exemption mandates, and personnel mandates. Provides that the appropriate State entity shall determine within 90 days after receiving a claim for reimbursement whether the claim is reimbursable under the Act and shall notify each local government filing a claim of its determination. If the appropriate State entity fails to notify the local government concerning its claim within 90 days, the local government shall assume the claim is reimbursable. Failure to timely notify the local government relieves the local government of the obligation to implement the mandate. Places identical decision and notification requirements on the State Mandates Board of Review with respect to appeals it handles. Removes provisions authorizing direct appeal to the State Mandates Board of Review if the Department of Commerce and Economic Opportunity does not respond to a claim for reimbursement within 120 days. Provides that members of the State Mandates Board of Review shall have experience in local government finance. Effective immediately.

205 ILCS 5/3 from Ch. 17, par. 309

Amends the Illinois Banking Act. Makes a technical change in a Section concerning the primary powers of banks.

SENATE FLOOR AMENDMENT NO. 2

Deletes reference to:

205 ILCS 5/3

Adds reference to:

815 ILCS 10/1

Deletes everything. Amends the Uniform TOD Security Registration Act. Provides that "security account" means an investment management or custody account with a trust company or trust division of a bank with trust powers, including the securities in the account, a cash balance in the account, and cash, equivalents, interest, earnings, or dividends earned or declared on a security in the account, whether or not credited to the account before the owner's death. Effective immediately.

SENATE FLOOR AMENDMENT NO. 3

Adds reference to:

760 ILCS 5/5.3

760 ILCS 5/5.5 new

Amends the Illinois Trust and Trustees Act. Provides anti-lapse provisions for gifts to a deceased beneficiary of an inter vivos trust, unless the settlor expressly provides otherwise in his or her trust. Provides that the anti-lapse provisions do not apply to a future interest that is or becomes indefeasibly vested at the settlor's death or at any time thereafter before it takes effect in possession or enjoyment. Updates references to conform with the changes in the Internal Revenue Code. Provides that a change in the method of determining a reasonable current return by converting to a total return trust and substituting the distribution amount for net trust accounting income is a proper change in the definition of trust income notwithstanding any contrary provision of the Principal and Income Act, and the distribution amount shall be deemed a reasonable current return that fairly apportions the total return of a total return trust. Provides that a unitrust changes the definition of income by substituting the unitrust amount for net trust accounting income as the method of determining current return and shall be given effect notwithstanding any contrary provision of the Principal and Income Act. Provides, by way of example and not limitation, that a unitrust amount determined by a percentage of not less

than 3% nor greater than 5% is conclusively presumed a reasonable current return that fairly apportions the total return of a unitrust. Defines "unitrust" and "unitrust amount".

35 ILCS 5/213 new

Amends the Illinois Income Tax Act. Provides that, beginning with taxable years ending on or after December 31, 2003, each taxpayer that is a small business, defined as a business that (i) has 14 employees or less and (ii) has a gross income, for federal income tax purposes, of \$3,000,000 or less in the taxable year, is entitled to an income tax credit in the amount of 50% of the amount spent by the taxpayer in the taxable year, up to a maximum credit of \$2,500 in the taxable year, for modifications to or the purchase of assistive devices for people with disabilities to improve their functional capabilities on the job. Provides that the tax credit may not reduce the taxpayer's liability to less than zero but may be carried forward for 5 taxable years. Exempts the credit from the sunset provisions of the Act. Effective immediately.

FISCAL NOTE (Illinois Department of Revenue)

The credit will probably reduce revenue no more than a few million dollars per year. In order to use the credit, taxpayers must have a tax liability and two-thirds of corporate filers do not have a tax liability. However, the bill does not specify exactly what expenses qualify for the credit, so the Department will have to determine eligible expenses by rule. The bill also does not provide a definition of what qualifies as a "disability".

HOUSE AMENDMENT NO. 1

Provides that the credit is for the purchase of assistive technology devices (now, for assistive devices). Defines "assistive technology device" as any item, piece of equipment, or product system, whether acquired commercially, off the shelf, modified, or customized, that is used to increase, maintain, or improve functional capabilities of individuals with disabilities.

HOUSE AMENDMENT NO. 2

Deletes everything after the enacting clause. Reinserts the bill as amended by House Amendment No. 1 but also defines "people with disabilities" to include any person who has a physical or mental impairment that substantially limits one or more of the major life activities of the individual, who has a record of such an impairment, or who is regarded as having such an impairment. Effective immediately.

605 ILCS 10/8.1 new

Amends the Toll Highway Act. Requires the Governor to appoint an Inspector General to investigate waste, fraud, or financial mismanagement in Authority operations involving Authority employees or contractors. Provides for the Inspector General's powers and duties. Makes failure to cooperate in specified ways with the investigation a Class A misdemeanor.

HOUSE AMENDMENT NO. 1

Deletes everything after the enacting clause. Amends the Toll Highway Act. Requires the Governor to appoint, with the advice and consent of the Senate, an Inspector General. Provides that the Governor may designate the Inspector General and members of the Inspector General's office as peace officers after those persons have completed basic police training. Allows the Inspector General to conduct investigations and make reports concerning fraud, corruption, and mismanagement in the Authority; subpoena witnesses and evidence necessary to carry out the duties of the Inspector General, within specified limitations; and have direct access to the Board of Directors of the Authority. Provides that a person who knowingly and intentionally fails to comply with a subpoena issued by the Inspector General is guilty of a Class A misdemeanor. Prohibits reprisals against employees of the Authority who make complaints to or disclose information to the Inspector General. Requires the Inspector General to adopt rules establishing requirements for investigations. Provides that any employee of the Authority who is subject to investigation or inquiry by the Inspector General must be informed of his or her right to remain silent and to be represented by a representative of a labor organization.

FISCAL NOTE (H-AM 1) (Illinois State Toll Highway Authority)

Establishing an Inspector General position would increase the expenditure of toll revenue by approximately \$250,000 per year based upon an estimated salary, investigative staff, clerical assistance, equipment and benefits necessary for this position.

- 730 ILCS 5/5-8-1 from Ch. 38, par. 1005-8-1

Amends the Unified Code of Corrections. Requires the Prisoner Review Board to parole a person eligible for parole and set the time for parole, if the Board finds the person to be an acceptable risk through use of specified Parole Release Risk Assessment Instruments. Provides that if parole is denied, a parole hearing shall be rescheduled no later than one year from the date of denial of the parole. Provides for the release of terminally ill prisoners who are eligible for parole. Limits the parole period of parolees who were sentenced under the law in effect before January 1, 1973 to the period of parole for persons sentenced under the law in effect after that date. Effective July 1, 2003.

FISCAL NOTE (Department of Corrections)

House Bill 1126 contains numerous provisions related to changes in the operation of the Prisoner Review Board. This legislation would have minimal impact on the prison population. There may be some cost savings but the exact amount of savings cannot be determined. Population and fiscal impacts for this legislation are limited because eligibility is restricted to the approximately 382 inmates serving an indeterminate sentence. In addition, there are limited data available to estimate the number of prison releases who would be affected by the provisions outlined in this legislation.

FISCAL NOTE (Prisoner Review Board)

Fiscal Impact is unknown.

HOUSE AMENDMENT NO. 1

Provides that the Prisoner Review Board may not deny a prisoner's request for parole solely on the basis of the seriousness of the offense. Provides that rehabilitation shall be the primary basis on whether to grant or deny parole. Provides that the maximum parole and mandatory supervised release term shall be 3 years.

20 ILCS 2505/2505-501 new

Amends the Department of Revenue Law of the Civil Administrative Code of Illinois. Requires the Department, with respect to the positions that are devoted to establishing, collecting, or prosecuting overdue taxes, (i) to fill all positions authorized by appropriation for fiscal year 2004 and (ii) by January 1, 2005, to fill an additional 200 positions. Effectively immediately.

FISCAL NOTE (Illinois Department of Revenue)

House Bill 1139 mandates that the Department, with respect to the positions that are devoted to establishing, collecting, or processing overdue taxes, (i) fill all positions authorized by appropriation for fiscal year 2004 and (ii) by January 1, 2005 fill an additional 200 positions. At this time, the Department does not have an appropriation

authorization for fiscal year 2004. Therefore, this fiscal impact is limited to the additional 200 positions referenced in the legislation. Based on training logistics, all 200 auditors and other enforcement positions would be hired by January 2006. By FY 07, the annualized cost of the new personnel is estimated to be \$14.1 million.

Amends the School Code. In provisions concerning the waiver of mandates within the School Code and administrative rules, allows either house of the General Assembly to disapprove the State Board of Education's report on waivers by adoption of a resolution (instead of requiring both houses to adopt the resolution). Effective immediately.

FISCAL NOTE (State Board of Education)
Does not increase costs to the state. It is unclear if this will lead to more or less waivers of laws and administrative rules for school districts. To the extent it makes it easier to achieve a waiver, it may reduce costs for school districts.

STATE MANDATES FISCAL NOTE (State Board of Education)
Does not create a mandate. It is unclear if this will lead to more or less waivers of laws and administrative rules for school districts. To the extent it makes it easier to achieve a waiver, it may reduce mandates and costs for school districts.

Amends the School Code. Provides for the detachment of a contiguous portion of an elementary school district from that district and its annexation to an adjoining elementary school district to which the portion is also contiguous and the detachment of a contiguous portion of a high school district from that district and its annexation to an adjoining school district to which the portion is also contiguous, upon the filing of a petition, if certain conditions are met with respect to the petition. Requires student teachers assigned to a school district to authorize a criminal background investigation. Provides that upon receipt of this authorization, the school district shall submit the student teacher's personal information to the Department of State Police, who shall conduct the investigation. Prohibits a school board from knowingly allowing a person to student teach who has been convicted for a specified offense or for whom a criminal background investigation has not been initiated. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

FISCAL NOTE (State Board of Education)

Does not directly increase costs to the State. It is possible that state aid will be affected over time as districts reorganize. HB 1167 likely creates a due process mandate, but it is specifically exempt from the State Mandates Act. HB 1167 will increase costs of school districts to perform criminal background checks on student teachers. Assuming 7,000 student teachers across the state and \$12.00 for a background check (not including fingerprints) it will increase costs by approximately \$100 thousand. In some cases the cost will be minor, but in larger districts it could be significant.

Amends the School Code. Requires the State Board of Education to study a way to use funds from gambling to reduce classroom size in grades K through 3 to no more than 15 students per classroom and to increase student literacy.

STATE MANDATES FISCAL NOTE (State Board of Education)

House Bill 1177 does not create a mandate on school districts.

FISCAL NOTE (State Board of Education)

House Bill 1177 will require minor administrative costs. Normally the State Board would be able to perform studies with existing resources but it has insufficient staff and contractual resources because of FY03 reserves and anticipated FY04 reductions to perform anything of substance. Fortunately, in this case, the source of funds is already defined (gambling) as is the intervention (class size reduction to 15). Because the legislation does not leave much to study other than a method for distributing the funds to school districts, it is likely that the State Board can perform this within existing resources.

20 ILCS 105/4.02 from Ch. 23, par. 6104.02

Amends the Illinois Act on the Aging by providing that vendors of homemaker, chore, and housekeeping services shall receive a rate increase of \$1.37 per hour. Effective July 1, 2003.

FISCAL NOTE (Department of Aging)

House Bill 1178 amends the Illinois Act on Aging to require that the reimbursement rate for homemaker vendors be increased by \$1.37 per hour, effective July 1, 2003. As such, the Illinois Department on Aging's reimbursement rate for Community Care Program homemaker services would increase from \$11.06 per hour to \$12.43 per hour. Based on estimate of total units (hours) of homemaker service that will be provided during FY04, the gross general revenue cost of this rate increase would be approximately \$23.3 million. The net cost to the state, based on recent Medicaid claiming data, is estimated at \$18.4 million. Please note that the term "net cost" refers to the gross state general revenue fund expenditure less Medicaid federal financial participation revenues.

Amends the School Code. In provisions concerning the educational services block grant for a school district having a population exceeding 500,000 inhabitants, provides that the grant shall include funding for children requiring special education services. Removes the extraordinary and private tuition components of the Special Education program that the educational services block grant includes. In provisions concerning children with disabilities attending private schools, public out-of-state schools, public school residential facilities, or private special education facilities, removes the requirement that transportation to and from home to a residential school more than once each school term be subject to prior approval by the State Superintendent of Education. Replaces certain provisions in the Children with Disabilities Article of the School Code concerning State reimbursement to a school district with new provisions governing payments for children requiring special education services. Effective immediately.

HOUSE AMENDMENT NO. 1

Deletes reference to:
105 ILCS 5/14-7.02

In the provision concerning the educational services block grant for the Chicago school district, restores the private tuition component of the Special Education program that the block grant includes. Restores current law with respect to the provisions concerning children with disabilities attending private schools, public out-of-state schools, public school residential facilities, or private special education facilities. Makes changes concerning the funding formula for children requiring special education services, payments for individual students with disabilities whose program costs exceed 4 times the district's per capita tuition rate, and grants for approved summer school programs for children with disabilities.

HOUSE AMENDMENT NO. 2

In the new Section concerning funding for children requiring special education services, removes the provision that provides that funds may be used only for the provision of special educational facilities and services as defined in the Article of the School Code concerning

children with disabilities.

735 ILCS 5/2-1306 new

Amends the Code of Civil Procedure to prohibit court orders and judgments from concealing public hazards. Effective July 1, 2003, and applies to causes of action accruing on or after that date.

HOUSE AMENDMENT NO. 1

Provides that the provisions of the bill do not apply to health care professionals or providers.

JUDICIAL NOTE (H-AM 1) (Admin Office of the Illinois Courts)

House Bill 1191, as amended by House Amendment No. 1, would result in some increase in judicial workloads, however, it is not anticipated that the bill would increase the number of judges needed in the state.

FISCAL NOTE (H-AM 1) (Department of Professional Regulation)

HB 1191 (House Amendment 1) will have no fiscal impact on the agency.

STATE MANDATES FISCAL NOTE (H-AM 1) (Dept of Commerce and Community Affairs)

Under the State Mandates Act, a "State mandate" means any State-initiated statutory or executive action that requires a unit of local government to establish, expand, or modify its activities in such a way as to necessitate additional expenditures from local revenues. The provisions of HB 1191 (HA #1) do not require the additional expenditure of local government funds. Therefore, in the opinion of DCCA, HB 1191 (HA #1) does not meet the definition of a State Mandate under the State Mandates Act.

HOUSE AMENDMENT NO. 3

Deletes everything. Inserts the contents of the bill as introduced, except deletes the reference to "a person" in the definition of "public hazard". Effective July 1, 2003.

Creates the Family Caregiver Act, to be administered by the Department on Aging, for the purpose of encouraging family members to provide care for their elderly family members. Requires the Department to contract with area agencies on aging and other appropriate agencies to provide family caregiver support services to the extent of available funding. Provides that the services include counseling, training, and respite care. Requires the Department to seek federal funding for a demonstration project using nursing homes. Also authorizes caregiver support services for grandparents who are primary caregivers for their grandchildren. Amends the Respite Program Act. Deletes references to abused adults and to functionally disabled or cognitively impaired adults (so that the Act applies to "frail or disabled" adults). Defines a "frail or disabled adult" as a person age 60 (instead of 55) or older and who either (i) suffers from Alzheimer's disease or a related disorder or (ii) is unable to attend to his or her daily needs without assistance or regular supervision. Deletes references to the Council on Aging. Makes other changes. Effective immediately.

FISCAL NOTE (Department on Aging)

There are no fiscal implications.

HOUSE AMENDMENT NO. 1

Provides that the legislative intent of the Family Caregiver Act is to assist grandparents

or other older individuals who are relative caregivers (as well as to assist unpaid family caregivers). Requires that services provided under the family caregiver support program provide various services to caregivers of older individuals and children (instead of to caregivers of frail individuals). Removes a requirement that the demonstration project use nursing homes. Requires the Department on Aging to seek technical assistance from the Department of Human Services (as well as from the Department of Public Aid). Makes other changes.
