730 ILCS 5/3-14-6 new

Amends the Illinois Public Aid Code and the Unified Code of Corrections. Provides that the Department of Human Services shall establish a pilot program to place hard-to-employ persons, including persons who have been released from a county jail or a facility under the jurisdiction of the Department of Corrections, in jobs. Provides that the Department of Corrections shall establish a pilot program in 2 locations in the State (one of which must be in the Lawndale community of Chicago) to place persons discharged from a Department facility on parole or mandatory supervised release in jobs or otherwise establish a connection between such persons and the workforce. Authorizes the 2 departments to consult with each other. Effective immediately.

HOUSE AMENDMENT NO. 1

Deletes everything after the enacting clause and reinserts the provisions of House Bill 3316, with changes that include the following: (1) provides that the Department of Human Services and the Department of Corrections may (instead of shall) establish pilot programs, and makes establishment of the pilot programs subject to appropriations or other funding; and (2) provides that in determining locations for the pilot programs, each department shall give priority to areas of the State in which the concentration of released offenders is the highest (deleting a provision requiring the Department of Corrections to locate one of its programs in the Lawndale community of Chicago). Effective immediately.

FISCAL NOTE (Department of Human Services)

Creating more employment programs would increase administrative costs and replicate services already being provided. As a guideline for determining costs, consider that a similar program cost approximately \$500 per month per client. A total cost for this bill is dependent upon the scope of the program and numbers served.

## New Act

Creates the Human Voice Contact Act. Provides that a State agency that uses automated telephone answering equipment to answer incoming telephone calls must, during the normal business hours of the agency, provide the caller with the option, among the first set of menu choices, of speaking to a live operator. Exempts a telephone line that is dedicated as a hot line for emergency services or to provide general information.

## HOUSE AMENDMENT NO. 1

Defines "information transaction line" as a State agency telephone line that allows a caller to access his or her account and related information using a touch-tone telephone, and exempts such a line from the Act's human voice contact requirement.

## FISCAL NOTE (Department of Central Management Services)

The Department of Central Management Services anticipates significant costs related to re-programming of automated telephone systems. Re-programming costs can range from \$100 for small systems to well over \$400,000 for large systems. State government currently has over 500 systems. Not all systems will require re-programming. However, we estimate the number of systems needing re-programming will be significant.

## HOUSE AMENDMENT NO. 2

Makes the requirement that a State agency provide a caller with the option of speaking to a live operator subject to appropriations.

Amends the Southern Illinois University Management Act. Abolishes the Board of Trustees of Southern Illinois University. Provides that that part of Southern Illinois University associated with the Carbondale campus (except the School of Medicine) shall be known as Southern Illinois University at Carbondale and shall be under the governance and control of the Board of Trustees of Southern Illinois University at Carbondale. Provides that that part of Southern Illinois University associated with the Edwardsville campus (along with the School of Medicine) shall be known as Southern Illinois University at Edwardsville and shall be under the governance and control of the Board of Trustees of Southern Illinois University at Edwardsville. Makes corresponding changes in various Acts. Effective July 1, 2003.

#### HOUSE AMENDMENT NO. 1

Removes a provision that makes Southern Illinois University School of Medicine a part of Southern Illinois University at Edwardsville; makes related changes. Provides that the Illinois Ethanol Research Advisory Board shall include the President of Southern Illinois University at Edwardsville (instead of the President of Southern Illinois University at Carbondale). Provides that on July 1, 2005 (instead of July 1, 2003) the governance and control of Southern Illinois University shall pass to and rest within the new boards of trustees; makes related changes. Changes the effective date from July 1, 2003 to July 1, 2005.

#### FISCAL NOTE (Board of Higher Education)

Current state appropriations for the operation of the Office of the President of Southern Illinois University total \$2.2 million. Once savings from the elimination of the Office of the President are realized, the annual state costs related to providing those services at Carbondale and Edwardsville could be up to \$955,000. SIU currently has approximately \$158 million in outstanding debt, including Housing System revenue bonds, Medical System bonds, and Certificates of Participation. The majority of this debt is secured with the bondholders and bond issuers with revenues from bond facilities on both campuses, and is not divisible between the two campuses. The two Universities would have to issue bonds to escrow some of this existing debt to comply with the provisions of HB 3465. While it is difficult to project the associated costs, SIU indicates that issuance costs could reach \$2 million or more. This would not be an expenditure of state funds, but nonetheless represents an obligation to be covered by the two institutions. Large organizations receive benefits from financing risks through a self-insurance program. From among Illinois public universities, only the University of Illinois and Southern Illinois University have self-insurance programs. The individual campuses may not have significant size to benefit from such a program, from which Southern Illinois University estimates its annual savings range from \$2.5 million to \$3.5 million.

**New Act**

Creates the Victims of Domestic Violence Employment Leave Act. Provides that specified employers may not discharge or discriminate against an employee for taking time off from work to seek relief as a victim of domestic violence. Also prohibits those employers from discharging, discriminating, or retaliating against an employee who is a victim of domestic violence for taking time off from work to seek medical attention or counseling for injuries or psychological trauma caused by domestic violence. Effective immediately.

**HOUSE AMENDMENT NO. 1**

Provides that an employer may not discharge or discriminate or retaliate against an employee who is a victim of domestic violence for taking time off from work to obtain or attempt to obtain any judicial relief (rather than any relief). Provides that the employee must

give the employer 48 hours' advance notice (rather than reasonable advance notice) of the employee's intention to take time off, unless the advance notice is not feasible, and that an employer may require certification of the need for leave when the employee gives the employer advance notice. Provides that an employee who is discharged, threatened with discharge, demoted, suspended, or discriminated or retaliated against by an employer "solely because" (rather than "because") the employee took time off under the Act may pursue specified remedies.

HOUSE AMENDMENT NO. 2

Includes, in the definition of "employer", any person that employs at least 50 (rather than 25) employees for each working day during each of 20 or more calendar work weeks in the current or preceding calendar year.

SENATE FLOOR AMENDMENT NO. 2

Deletes everything. Creates the Victims' Economic Security and Safety Act. Provides that an employee who is a victim of domestic or sexual violence, or who has a family or household member who is a victim of domestic or sexual violence whose interests are not adverse to the employee, may take leave from work to address domestic or sexual violence by: (A) seeking medical attention for, or recovering from, physical or psychological injuries caused by domestic or sexual violence to the employee or the employee's family or household member; (B) obtaining services from a victim services organization for the employee or the employee's family or household member; (C) obtaining psychological or other counseling for the employee or the employee's family or household member; (D) participating in safety planning, temporarily or permanently relocating, or taking other actions to increase the safety of the employee or the employee's family or household member from future domestic or sexual violence or ensure economic security; or (E) seeking legal assistance or remedies to ensure the health and safety of the employee or the employee's family or household member, including preparing for or participating in any civil or criminal legal proceeding related to or derived from domestic or sexual violence. Contains provisions regarding criteria for applicability of the Act to employers; procedures for obtaining leave, prohibited acts, enforcement, notices to be posted by employers, effect on other laws, severability, and other matters. Effective immediately.

SENATE FLOOR AMENDMENT NO. 3

Changes the definitions of "domestic violence", "employee", "employer", "family or household member", "sexual assault", and "stalking". Changes the statement of purposes of the Act. Provides that leave shall be unpaid. Changes the requirements for certification by an employee to an employer. Provides that an employer may not engage in specified acts against an individual because the individual involved is or is perceived to be a victim of domestic or sexual violence (rather than because the individual involved is or is perceived to be a victim of domestic or sexual violence or has a family or household member who is or is perceived to be a victim of domestic or sexual violence). Provides that an employer who has been ordered by the Director of Labor or the court to pay damages under the Act and who fails to do so within 30 days (rather than 15 days) after the order is entered is liable to pay a penalty.

SENATE FLOOR AMENDMENT NO. 4

815 ILCS 402/20

Amends the Restricted Call Registry Act. Deletes language providing that, if the Federal Communications Commission or Federal Trade Commission establishes a single national database of telephone numbers of subscribers who object to receiving telephone solicitations, which restricts both inter-state and intra-state calls and at a minimum covers all telephone solicitations covered by this Act, this State shall discontinue the Illinois Restricted Call Registry. Inserts language providing that, if the federal government establishes a single national database of telephone numbers of subscribers who object to receiving telephone solicitations, the Illinois Commerce Commission may, under specified circumstances, use the national database of telephone numbers of subscribers who object to receiving telephone solicitations (rather than the Restricted Call Registry) for restricting specified telephone solicitation calls to Illinois residential subscribers, and may discontinue the Restricted Call Registry.

New Act

35 ILCS 200/18-20

35 ILCS 200/23-35

65 ILCS 5/1-5-1

from Ch. 24, par. 1-5-1

Creates the Taxing District Tax Levy Validation (2003) Act to validate certain annual appropriation ordinances and tax levy ordinances adopted by taxing districts from 1989 through 2002 together with the taxes assessed, levied, and extended thereon. Amends the Property Tax Code. Allows (now requires) a taxing district to adopt a resolution or ordinance to reduce its tax levy if the district receives a surplus of funds under the State Revenue Sharing Act. Provides that, for the purposes of tax objections based on budget or appropriation ordinances, "municipality" means all municipal corporations in, and political subdivisions of, this State (now, excepts out from this definition a number of units of local government) and eliminates a basis on which a taxpayer may file an objection under these provisions. Applies these changes retroactively. Amends the Illinois Municipal Code to authorize the recovery of costs and attorney fees incurred by a prevailing taxpayer who brings suit on behalf of a municipality to recover certain money or property belonging to the municipality. Effective immediately.

730 ILCS 125/5 from Ch. 75, par. 105

Amends the County Jail Act. Provides that if a person who has been convicted of a felony or who has violated mandatory supervised release is incarcerated in a county jail, the Illinois Department of Corrections shall pay the county in which that jail is located \$59 for each day the person remains in the county jail after the fifteenth day after receipt of the documentation from the clerk of the court authorizing the person's transfer to the State facility to which he or she has been sentenced.

**HOUSE AMENDMENT NO. 1**

Deletes the existing substantive provisions. Provides instead that if a person who has been convicted of a felony and has violated mandatory supervised release for that felony is incarcerated in a county jail pending the resolution of the violation of mandatory supervised release, the Illinois Department of Corrections shall pay the county in which that jail is located one-half of the cost of incarceration, as calculated by the Illinois Bureau of the Budget and the county's chief financial officer, for each day that the person remains in the county jail. Provides that calculation of the per diem cost shall be agreed upon prior to the passage of the annual State budget.

**CORRECTIONAL NOTE (H-AM 1) ( Department of Corrections)**

House Bill 3532, as amended by House Amendment #1, would make the Department pay for each county one-half of the cost of incarceration for each person who has violated mandatory supervised release (MSR) and remains in the county jail pending resolution of the mandatory supervised release violation. This enhancement would not add inmates to the prison population. However, this enhancement would result in an increase of \$4,718,820 in additional costs over the first ten years after enactment.

305 ILCS 5/4-1.9 from Ch. 23, par. 4-1.9

Amends the Illinois Public Aid Code. In provisions concerning TANF eligibility and the residence of a child who is pregnant or a parent, provides that such a person must, within 3 months after beginning to receive TANF, reside with a parent or in another specified setting (instead of providing that no TANF aid shall be paid on behalf of such a person unless the person resides in such a setting). Provides for an exception if the health or safety of the person or the person's child would be jeopardized (instead of if the Department of Human Services determines that the person's or child's physical health or safety would be jeopardized). With respect to TANF recipients' participation in educational and vocational training programs, provides that within 3 months after beginning to receive TANF (instead of at the outset), a parent who is under age 20 and who has not received a high school diploma or GED must be enrolled in school or a GED program or, if secondary school is inappropriate, in work activities

or training. Effective immediately.

415 ILCS 100/5 from Ch. 111 1/2, par. 7205

Amends the Response Action Contractor Indemnification Act. Provides that judgments subject to State indemnification (i) shall be paid by warrant solely out of funds available in the Response Contractors Indemnification Fund (rather than, when monies in the Response Contractors Indemnification Fund are insufficient, allowing transfers of funds from the General Revenue Fund) and (ii) may not surpass \$100,000 (rather than \$2,000,000) for a single occurrence. Provides that when there is at least \$100,000 (rather than \$2,000,000) in the Response Contractors Indemnification Fund at the beginning of a State fiscal year, State response action contracts during that fiscal year need not provide that 5% of each payment made under the contract be paid into the Fund. Removes language requiring the transfer of \$1,200,000 from the Response Contractors Indemnification Fund to the Brownfields Redevelopment Fund on the first day of fiscal years 2004 and 2005. Provides that within 30 days after the effective date of this amendatory Act, the Comptroller shall order transferred and the Treasurer shall transfer all monies in the Response Action Contractor Indemnification Fund in excess of \$100,000 from the Response Action Contractor Indemnification Fund to the Brownfields Redevelopment Fund. Amends the Environmental Protection Act. Provides that the annual fees applicable to discharges under NPDES permits do not apply to not-for-profit organizations. Effective immediately.

FISCAL NOTE (Environmental Protection Agency)

HB 3824 would result in the loss of an unspecified amount of revenue to the State (although the Environmental Protection Agency does not expect the lost revenue to exceed \$100,000). The Illinois EPA does not currently possess information in its data system that allows it to identify those permit holders designated as not-for-profit organizations under Section 501(c) of the Internal Revenue Code of 1986. This information would have to be supplied by each permit holder. However, if the lost revenue results in decreased appropriations to the Illinois EPA, cuts would have to be made in the permitting, inspection, and compliance activities in the Agency's Clean Water program. Since the fee revenue is used to match federal funding for water programs, the program cutbacks may be compounded by lost federal grant revenue.

415 ILCS 5/12.5

Amends the Environmental Protection Act. Provides that the annual fees applicable to discharges under NPDES permits do not apply to (i) a unit of local government, (ii) a private sector contractor providing sewage treatment services or infrastructure under contract with the State, any department or agency of the State, a unit of local government, or a school district during the course of providing those services, or (iii) a not-for-profit organization. Requires the Environmental Protection Agency to refund the fees paid on or after July 1, 2003 by those persons or entities. Effective immediately.

FISCAL NOTE (Environmental Protection Agency)

HB 3827 would result in the loss of approximately \$10 million in lost revenue to the State, or a little less than one-half the total annual revenue projected from NPDES fees. The Illinois Environmental Protection Agency does not currently possess information in its data system that allows it to identify those permit holders designated as not-for-profit organizations under Section 501(c) of the Internal Revenue Code of 1986. This information would have to be supplied by each permit holder. However, if the lost revenue results in decreased appropriations to the Illinois EPA, cuts would have to be made in the permitting, inspection, and compliance activities to the Agency's Clean Water program. Since the fee revenue is used to match federal funding for water programs, the program cutbacks may be compounded by lost federal grant revenue.

#### 415 ILCS 5/12.5

Amends the Environmental Protection Act. Removes provisions allowing the Environmental Protection Agency to assess and collect NPDES discharge fees. Effective immediately.

#### FISCAL NOTE (Environmental Protection Agency)

HB 3828 would result in the loss of over \$20 million per year in revenue to the State. Another \$4.7 million in federal funds for Clean Water program activities would be lost due to the lack of State matching funds. The bill would cut funding for 120 positions assigned to regulate wastewater facilities in Illinois. Moreover, the Environmental Protection Agency would no longer be able to perform required permitting, inspection, and monitoring activities for these facilities. As a result, delegation of this program would be returned to the federal government.

#### HOUSE AMENDMENT NO. 1

Further amends the Environmental Protection Act. Requires the Environmental Protection Agency to fully refund, from moneys in the Illinois Clean Water Fund, any NPDES discharge fee that was collected on or after July 1, 2003. Effective immediately.

#### FISCAL NOTE (H-AM 1)(IL Environmental Protection Agency)

HB 3828 (HA #1) would result in the loss of over \$38 million for Fiscal Years 2004 and 2005 and \$20 million per year in revenue to the State thereafter. To date, approximately \$18 million has been collected in fees for discharges under NPDES permits. The Agency's ability to refund previously collected fees would depend on the balance of funds available in the Clean Water Fund at the time the proposed legislation becomes law. Additionally, another \$4.7 million in federal funds for Clean Water program activities would be lost due to the lack of state matching funds. The bill would cut funding for 120 positions assigned to regulate wastewater facilities in Illinois.

Moreover, the Agency would no longer be able to perform required permitting, inspection, and monitoring activities for these facilities. As a result, delegation of this program would be returned to the federal government.

BALANCED BUDGET NOTE (H-AM 1)(Governor's Office of Mgmt & Budget)

Section 10 of the Balanced Budget Note Act requires the preparation of a Balanced Budget Note for supplemental appropriation bills. Since House Bill 3828 (HA #1) is not a supplemental appropriation bill, it is not possible to complete this Note as requested.

**FISCAL NOTE (State Board of Education)**

The cost would likely be less than \$1,000 per school assuming all schools have computers available to operate the software. The additional cost to post this information would also be minimal. HB3942, as amended by HA1, appears to be a service mandate which is eligible for state reimbursement of at least 50% of its costs. However, the legislation is specifically exempt from the State Mandates Act and any cost incurred by school districts is not reimbursable from the state.

720 ILCS 5/9-3 from Ch. 38, par. 9-3

Amends the Illinois Vehicle Code. Provides that a person violates provisions prohibiting reckless driving and aggravated reckless driving if he or she drives a vehicle and uses an incline in a roadway, such as a railroad crossing, bridge approach, or hill, to cause the vehicle to become airborne. Amends the Criminal Code of 1961. Provides that a person commits reckless homicide if he or she unintentionally kills an individual while driving a vehicle and using such an incline to cause the vehicle to become airborne. Provides that, in cases involving reckless homicide in which the defendant drove a vehicle and used such an incline to cause the vehicle to become airborne and caused the deaths of 2 or more persons as part of a single course of conduct, the penalty is a Class 2 felony.

**CORRECTIONAL NOTE (Dept of Corrections)**

HB 4006 contains three provisions involving driving a vehicle and using an incline to cause the vehicle to become airborne. Specific information on the number of incidents that take place and the number of offenders who would be arrested and prosecuted for these offenses is not available in order to make an objective determination regarding how many inmates would receive a prison sentence, although the Department estimates the impact to be minimal. Estimates can be made for each offender who is sentenced to prison for each of these proposed enhancements. Each person sentenced to prison for a

Class 4 felony for aggravated reckless driving when using an incline to cause the vehicle to become airborne would serve an average of 17 months at a cost of \$29,649. Each person sentenced to prison for a Class 3 felony for reckless homicide when using an incline to cause the vehicle to become airborne would serve an average of 14 months at a cost of \$24,417 and each person sentenced for a Class 2 violation would serve an average of 35 months at a cost of \$61,043. Each new admission would require the construction of one additional prison bed at the cost of \$55,826.

HOUSE AMENDMENT NO. 1

In language added to the Illinois Vehicle Code making it reckless driving to drive a vehicle and use an incline in a roadway, such as a railroad crossing, bridge approach, or hill, to cause the vehicle to become airborne, provides that the actions must be performed knowingly.

625 ILCS 5/11-401.1 new

Amends the Illinois Vehicle Code. Increases from a Class 4 to a Class 3 felony the penalty for failing to report an accident involving death or personal injuries within the time allowed after failing to stop at the scene as required. Provides that a person who violates any provision regarding leaving the scene of or failing to report an accident is subject to testing for alcohol, drugs, or intoxicating compounds and is subject to statutory summary suspension of his or her drivers license, according to terms similar to those for statutory summary suspensions for driving under the influence of alcohol, drugs, or intoxicating compounds.

CORRECTIONAL NOTE (Dept of Corrections)

HB 4018 contains two provisions related to failing to report an accident involving death or personal injuries. One enhancement that increases the penalty for failing to report an accident involving death or personal injuries from a Class 4 to a Class 3 felony would result in an increase of three inmates with \$795,300 in additional costs over the first ten years after enactment. A second enhancement states that a person who leaves the scene of or fails to report an accident can be tested for alcohol, drugs, or intoxicating compounds and is subject to statutory summary suspension of his or her drivers license. There is no corrections population or fiscal impact on the Department associated with

this enhancement.

Amends the Illinois Vehicle Code. Provides that a person who fails to remain at the scene of an accident involving personal injury or death to render aid as required is guilty of a Class 4 felony (rather than a Class A misdemeanor). Shortens from one hour to one-half hour the time in which a person who has failed to remain at the scene of the accident must report the accident at a police station or sheriff's office. Provides that a person who failed to remain at the scene as required and failed to report the accident within one-half hour of its occurrence, or within one-half hour of his or her release from the hospital if he or she had been hospitalized and incapacitated from reporting during the one-half hour after the occurrence, is guilty of a Class 3 (rather than a Class 4) felony if the accident does not result in the death of any person. Deletes language providing that a report made within the one hour time limit may not be used as a basis for a prosecution for failing to remain at the accident scene as required.

**CORRECTIONAL NOTE (Dept of Corrections)**

The total impact of this legislation would result in an increase of 29 inmates, with an increase in costs of \$7,688,400 over the first ten years after enactment.

**SENATE FLOOR AMENDMENT NO. 1**

105 ILCS 5/34-18.30 new

Deletes everything after the enacting clause. Amends the School Code. Adds a Section prohibiting soft drinks. Contains only a caption.

FISCAL NOTE (Illinois State Board of Education)

The State Board of Education can likely monitor compliance with existing staff that visit schools and through voluntary efforts and community monitoring within existing resources. It is likely that nearly every school has at least one vending machine that

will no longer be permitted by House Bill 4058. The State Board of Education does not have sufficient information on the current situation or the possibilities of offsetting losses through alternative sales to make a reasonable estimate of lost revenues to school districts. While the State Board is also unable to estimate which districts might become repeat offenders, it is unlikely that many districts will risk the loss of GSA to make a profit from the sale of soft drinks. House Bill 4058, appears to be a service mandate which is eligible for state reimbursement of at least 50% of its costs.

Amends the Property Tax Code. Amends the Senior Citizens Homestead Exemption provisions to provide that, if a property has been granted a homestead exemption under these provisions, then the person qualifying need not reapply for the exemption. Increases the ceiling for household income eligibility for the Senior Citizens Assessment Freeze Homestead Exemption provisions, for taxable years 2003 and thereafter, from \$40,000 per year to \$45,000 per year and provides that the exemption amount shall be \$2,500 in all counties (now, \$2,500 in Cook County and \$2,000 in all other counties). Provides that the exemption amount for the general homestead exemption shall be \$4,500 in all counties (now, \$4,500 in Cook County and \$3,500 in all other counties). Creates a general homestead exemption provision that applies only to counties subject to the Property Tax Extension Limitation Law. Provides that the amount of the exemption is the equalized assessed value of the homestead property for the current tax year minus the adjusted homestead value. Defines "adjusted homestead value" as the lesser of (i) the property's base homestead value increased by 7% for each tax year after 2002 through and including the current tax year or (ii) the property's equalized assessed value for the current tax year minus \$4,500. Provides that "base homestead value" means the equalized assessed value of the property for tax year 2002 prior to exemptions, minus \$4,500. Establishes procedures for determining the base homestead value of property improved after the 2002 tax year. Sunsets the provisions after the 2010 assessment year. Amends the Economic Development Area Tax Increment Allocation Act, the County Economic Development Project Area Property Tax Allocation Act, the County Economic Development Project Area Tax Increment Allocation Act of 1991, the Economic Development Project Area Tax Increment Allocation Act of 1995, the Tax Increment Allocation Redevelopment Act and the Industrial Jobs Recovery Law in the Illinois Municipal Code, the School Code, and the Criminal Code of 1961 to include a cross reference to the new general homestead exemption provision in the Property Tax Code. Amends the Property Tax Code. Provides that, in counties with 3,000,000 or more inhabitants, if a property has been granted a Senior Citizens Homestead Exemption, then the person qualifying need not reapply for the exemption. Increases the ceiling for household income eligibility for the Senior Citizens Assessment Freeze Homestead Exemption provisions, for taxable years 2003 and thereafter, from \$40,000 per year to \$45,000 per year. Creates a general homestead exemption provision that applies only to counties with 3,000,000 or more inhabitants and counties contiguous to counties with 3,000,000 or more inhabitants. Provides that the amount of the exemption is the equalized assessed value of the homestead property for the current tax year minus, in most cases, the property's base homestead value increased by 7% for each tax year after 2002 through and including the current tax year. Establishes procedures for determining the base homestead value of property improved after the 2002 tax year. Sunsets the provisions after the 2010 assessment year. In provisions that authorize a partial exemption from property taxes for homestead properties that have been improved and residential structures on homestead property that have been rebuilt following a catastrophic event, changes the limit to \$75,000 per year for that homestead property beginning January 1, 2004 and thereafter (now, \$45,000 per year). Amends the State Mandates Act to require implementation without reimbursement for the new general homestead exemption and the Senior Citizens Assessment Freeze Homestead Exemption. **HB-4099 HAMOS-LYONS, EILEEN-OSTERMAN-MORROW-FRITCHEY,  
WASHINGTON, BAILEY, SLONE, YARBROUGH AND FEIGENHOLTZ.**

**New Act**

Creates the Energy Efficient Commercial Building Act. Establishes an Energy Efficient Commercial Building Code that applies to commercial buildings in this State. Provides for technical assistance to certain design professions to explain the requirements of the Code. Preempts home rule powers. Effective one year after becoming law.

**FISCAL NOTE (Environmental Protection Agency)**

House Bill 4099 will not have any fiscal impact on the Illinois Environmental Protection Agency. The primary impact of implementing and administering this bill would fall upon the Capital Development Board.

## PENSION NOTE (Economic and Fiscal Commission)

No impact on pension funds.

## STATE DEBT IMPACT NOTE (Economic and Fiscal Commission)

House Bill 4099 would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

## HOUSING AFFORDABILITY IMPACT NOTE (Housing Development Authority)

This legislation will have no effect on constructing, purchasing, owning, or selling a single-family residence.

## JUDICIAL NOTE (Admin Office of the Illinois Courts)

Based on a review of this bill it has been determined that the bill would neither increase nor decrease the number of judges needed in the State.

## HOME RULE NOTE (Department of Commerce and Economic Opportunity)

In the opinion of the Department of Commerce and Economic Opportunity, this legislation pre-empts home rule authority.

## STATE MANDATES FISCAL NOTE (Department of Commerce and Economic Opportunity)

Does create a state mandate under the State Mandates Act.

## CORRECTIONAL NOTE (Dept of Corrections)

There is no corrections population or fiscal impact on the Department of Corrections

## HOUSE AMENDMENT NO. 2

Provides that the Capital Development Board must consult with the Department of Commerce and Economic Opportunity in adopting the Energy Efficient Commercial Building Code and the procedures for its enforcement. Provides that the Code shall take effect one year after its adoption by the Board. Provides that the Department, rather than the Board, must provide technical assistance and implementation materials concerning the Code. Changes the effective date to immediate (now, one year after becoming law).

## HOUSE AMENDMENT NO. 3

Provides that in the case of any addition, alteration, renovation, or repair to an existing commercial structure, the Energy Efficient Building Code adopted under this Act applies only to the portions of the structure that are being added, altered, renovated, or repaired.

## HOUSE AMENDMENT NO. 4

Provides that definition of "Code" includes the ASHRAE 90.1-1999 Standard. Authorizes units of local government to adopt energy efficiency codes or standards that are more stringent than the Code under this Act. Makes a technical change.

## SENATE COMMITTEE AMENDMENT NO. 1

Provides that the Capital Development Board must adopt the Code, as defined elsewhere in the Act, as minimum requirements applying to the construction of, renovations to, and additions to commercial buildings (instead of adopting the 2000 International Energy Conservation Code and 2002 Supplement as minimum Code requirements applying to the construction of, renovations to, and additions to commercial buildings).

Requires (instead of permits) the court to award all proceeds of an action or settlement of the claim to the affected governmental entity, minus reasonable expenses, attorneys' fees, costs, and proceeds that have been awarded to a Qui Tam plaintiff and minus an amount for reasonable expenses that the court finds to have been necessarily incurred by the Attorney General, including reasonable attorneys' fees and costs (instead of such sums as it considers appropriate to the affected entity, specifying in its order the amount to be awarded to the entity from the net proceeds that are deposited in the Whistleblower Reward and Protection Fund), when an action is brought on behalf of any of the listed governmental entities that have been adversely affected by a defendant. Excludes from any payment of proceeds the reasonable expenses, reasonable attorney fees, and costs to a Qui Tam plaintiff or any governmental entity other than the State of Illinois from being deposited in the Whistleblower Reward and Protection Fund. 35 ILCS 505/8 from Ch. 120, par. 424

Amends the Motor Fuel Tax Law with respect to the allocation of tax receipts under the Law. Provides that, beginning on July 1, 2004, road districts in Winnebago County shall receive allotments of tax receipts under the Law regardless of whether the road district levies a tax for road and bridge purposes in an amount that will require the extension of the tax for road and bridge purposes against the taxable property in the road district at a rate of not less than 0.08% of the value the taxable property thereof (current law imposes the 0.08% tax extension threshold for the road district to receive an allotment). Effective July 1, 2004.

## HOUSE AMENDMENT NO. 2

Deletes everything. Amends the Motor Fuel Tax Law. Provides that beginning July 1, 2004, an allocation of tax receipts shall be made for any road district if it levied a tax for road and bridge purposes, and if the amount of the tax levy requires the extension of the tax against the taxable property in the road district at a rate that is less than .08% of the value thereof, then the amount of the allocation for the road district shall be a percentage of the maximum allotment equal to the percentage obtained by dividing the rate extended by the district by 0.08%. Provides that in DuPage County, no allocation shall be made for any road district unless it levied a tax for road and bridge purposes in an amount which will require the extension of such tax against the taxable property in any such road district at a rate of not less than either .08% of the value thereof, based upon the assessment for the year immediately prior to the year in which such tax was levied and as equalized by the Department of Revenue or an amount equal to or greater than \$12,000 per mile of road under the jurisdiction of the road district, whichever is less. Provides that if any road district has levied a special tax for road purposes under certain Sections of the Illinois Highway Code, that levy entitles the road district for a full or proportionate allotment depending on the rate of the levy. Provides that if a township has transferred to the road and bridge fund money which, when added to the amount of any tax levy of the road district would be the equivalent of a tax levy requiring extension at a rate of at least .08% or, in DuPage County, an amount equal to or greater than \$12,000 per mile of road under the jurisdiction of the road district, whichever is less, then the transfer, together with any such tax levy, shall qualify the road district for a full, rather than proportionate, allotment. Provides that in counties in which a property tax extension limitation is imposed under the Property Tax Extension Limitation Law, road districts may retain their entitlement to a full motor fuel tax allotment if, at the time the property tax extension limitation was imposed, the road district was levying a road and bridge tax at a rate sufficient to entitle it to a motor fuel tax allotment and continues to levy the maximum allowable amount after the imposition of the property tax extension limitation. Effective July 1, 2004.

**New Act**

Creates the Displaced Building Service Workers Protection Act. Provides protections to building service employees who are regularly assigned to a covered building on a full or part-time basis for at least 90 days immediately preceding a transition in employment and who perform work in connection with the care or maintenance of an existing building. Provides that a successor building owner, manager, or contractor shall be required to offer employment to the predecessor employer's incumbent building service employees, subject to the existence of cause, for a period of 90 days following the transition at the affected building. Provides that at the end of the 90 day transition period, the successor employer perform written performance evaluations and offer continued employment to all covered building service employees who receive satisfactory ratings. Excludes from coverage employees who earn more than \$25 per hour, work less than 6 hours per week, or serve in a managerial, supervisory, or confidential capacity. Exempts from coverage those successor employers who are already or agree to become bound by the terms of a collective bargaining agreement that includes provisions that address the discharge or lay off of building service employees. Exempts any predecessor employer that obtains a written commitment from a successor employer providing that the successor employer's building service employees will be covered by a collective bargaining agreement that addresses the discharge or layoff of employees. Effective immediately.

**HOUSE AMENDMENT NO. 1**

Provides that the requirements of the Act shall not apply to any building that is owned or operated by a hospital or hospital affiliate as defined in the Hospital Licensing Act.

**SENATE COMMITTEE AMENDMENT NO. 1**

Provides that a covered employer does not include a retail store or distribution center.

**SENATE COMMITTEE AMENDMENT NO. 2**

Provides that a covered employer does not include manufacturing and assembly or warehousing and logistic service facilities.

**SENATE FLOOR AMENDMENT NO. 5**

Deletes everything after the enacting clause. Inserts provisions substantially similar to the engrossed bill, except provides that a "covered employer" does not include: (1) churches, synagogues, mosques, or places of worship, elementary or secondary schools; (2) any building that is owned or operated by a public utility, public utility affiliate, telecommunications carrier or its affiliate as defined in the Public Utilities Act or independent electric generators; or (3)

administrative buildings owned and operated by a manufacturer. Provides that the successor contractor's management of the business and the direction of its personnel, including the right to hire, discipline and discharge employees for just cause is vested exclusively in the contractor (rather than the successor contractor shall not discharge without cause an employee retained pursuant to the Act). Provides that the contractor may require employees to submit to a criminal background check by the Illinois State Police and the Federal Bureau of Investigations. Changes the transition employment period to 25 working days (rather than 90 days). Effective immediately.

HOUSE AMENDMENT NO. 1

Adds reference to:

30 ILCS 105/5.625 new

Deletes everything after the enacting clause. Creates the Fire Sprinkler Dormitory Act and amends the State Finance Act. Requires post-secondary educational institutions to install fire sprinklers in all dormitories by 2013, unless excepted. Provides for the Illinois Finance Authority and the Office of the State Fire Marshal to administer a fire sprinkler dormitory revolving loan program. Allows institutions to levy a surcharge on student fees to repay loans. Creates the Fire Sprinkler Dormitory Revolving Loan Fund. Effective January 1, 2005.

HOUSING AFFORDABILITY IMPACT NOTE (Housing Development Authority)

No fiscal effect.

PENSION NOTE (Economic and Fiscal Commission)

House Bill 4361, as amended by House Amendment 1, would not impact any public pension fund or retirement system in Illinois.

STATE DEBT IMPACT NOTE (Economic and Fiscal Commission)

House Bill 4361, as amended by House Amendment 1, would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

FISCAL NOTE (State Board of Education)

No fiscal impact.

## JUDICIAL NOTE (Admin Office of the Illinois Courts)

Based on a review of this bill, it has been determined that the bill would neither increase nor decrease the number of judges needed in the State.

## FISCAL NOTE (Board of Higher Education)

No fiscal impact to the State. Fiscal impact to public universities ranges from \$60 million to \$70 million.

## FISCAL NOTE (Illinois Finance Authority)

Except for a special appropriation to capitalize this program, this bill is revenue neutral to the State of Illinois.

## HOUSE AMENDMENT NO. 2

Removes a provision that requires an institution to repay each year at least 5% of the principal amount borrowed or the remaining balance of the loan. Provides that the Illinois Finance Authority and the Office of the State Fire Marshal shall adopt rules to administer the revolving loan program (instead of requiring them to each adopt rules). Makes a technical correction.

## HOME RULE NOTE (Department of Commerce and Economic Opportunity)

In the opinion of the Department of Commerce and Economic Opportunity, this legislation does not pre-empt home rule authority.

## CORRECTIONAL NOTE (Dept of Corrections)

Amends the School Code. Provides that after June 1, 2004 persons may not be nominated for General Assembly scholarships and that General Assembly scholarships may not be awarded after that date unless the nomination is made prior to that date. Prevents both second nominations for any lapsed General Assembly scholarship and nominating persons to the unused or unexpired parts of any vacated General Assembly scholarship after June 1, 2004. Effective immediately.

FISCAL NOTE (Illinois Board of Higher Education)

No fiscal impact to the State. General Assembly scholarships are funded through public university tuition and fee waivers. Tuition and fee revenue is collected and held locally by each public university, and tuition and fee waivers result in "foregone" revenue for institutions. The most recent data available indicate that Illinois public universities granted General Assembly tuition and fee waivers valued at \$7,551,600 in fiscal year 2003. The maximum General Assembly scholarship length that can be awarded is four years. During the previous five years (fiscal years 1998 to 2003), the average annual percentage growth in the value of these waivers was 8.6 percent. Assuming this rate of growth, the maximum scholarship length (four years), and that all new scholarship recipients enrolled at an Illinois public university during academic year 2004-05, the maximum value of General Assembly waivers would be \$11,398,700 by fiscal year 2008 (academic year 2007-08), the last possible year for any waivers to be granted under this program based on a cut-off date of June 1, 2004 for new awards. Under these assumptions, the value of these waivers would be \$0 after fiscal year 2008, reducing the overall tuition waiver liability for public universities.

Amends the Illinois Prepaid Tuition Act. Provides that at the purchaser's option, the Illinois prepaid tuition program must cover an institution of higher education's room and board charges. Effective immediately.

**FISCAL NOTE (Illinois Student Assistance Commission)**

There would be a significant start-up cost to offering prepaid room and board contracts, estimated to be more than \$350,000. Beyond the start-up phase, there would be indeterminate additional costs connected with annual administration of these contracts.

**FISCAL NOTE (Illinois Student Assistance Commission)**

It is difficult to fully quantify the administrative costs associated with this legislation, but there would be a significant start-up cost to offering prepaid room and board contracts, estimated to be more than \$350,000. This estimate is comprised mostly of computer programming costs and the associated computer software and, to a lesser degree, hardware necessary to implement a record-keeping system parallel to that used for prepaid tuition contracts. Beyond the start-up phase, there also would be indeterminate additional costs connected with annual administration of these contracts. Those annual administrative costs will increase as the volume of contracts under management increases.

20 ILCS 1705/57 from Ch. 91 1/2, par. 100-57  
 305 ILCS 5/5-2 from Ch. 23, par. 5-2

Amends the Mental Health and Developmental Disabilities Administrative Act. Provides that the Department of Human Services shall include, in the annual service needs report regarding autism submitted to the General Assembly, a plan to provide family support mechanisms to enable persons with autism to remain in a family home environment. Amends the Illinois Public Aid Code. Extends Medicaid eligibility for continued home-based skilled or intermediate care to persons age 21 or older (under current law, eligibility is limited to persons under age 21). Requires an annual determination of need for that level of care and requires the Department of Human Services to make an annual report concerning services provided and other matters. Effective immediately.

**HOUSE AMENDMENT NO. 1**

In provisions extending continued Medicaid coverage of home-based skilled or intermediate care for persons age 21 or older, limits that coverage to services provided outside an institution.

FISCAL NOTE (Department of Human Services)

The total estimated cost for House Bill 4502 is \$635,000-\$26,400,000.

FISCAL NOTE (Department of Public Aid)

It is assumed persons currently aging out of the waiver go into a skilled nursing facility. At \$90 per day, the annual cost for a client in a skilled nursing facility is \$32,850. Continuing coverage for these persons after the age of 21 with services offered in the waiver costs an average of \$120,000 per client- a price differential of \$87,150. Approximately 75 children are expected to transition out in the next six years. Estimated cost for 29 of them in FY'04 is \$2.5 million, increasing to 75 children in FY'08 at a projected cost of \$6.5 million. These costs are not eligible for Federal match under the current waiver. There is also concern this legislation has potential to cover an additional 900 children who have transitioned out of the waiver since it was started in 1985.

**SENATE FLOOR AMENDMENT NO. 3**

Deletes reference to:

305 ILCS 5/5-2

Replaces everything after the enacting clause. Amends the Mental Health and Developmental Disabilities Administrative Act. Requires the Department of Human Services to periodically convene a special task force to study and assess service needs of persons with autism. Deletes the requirement for Departmental reports to the General Assembly, but requires the Secretary of Human Services to report the task force's findings and recommendations to the Governor and the General Assembly by September 1, 2005 and to make annual progress reports beginning January 1, 2006. Makes changes in the required contents of the Department's progress reports. Requires the Department of Human Services and the Department of Public Aid to determine the availability of federal financial participation in the cost of developing a family support program, including Medicaid coverage for children with autism. Effective immediately.

Amends the Criminal Code of 1961. Creates the offense of being an armed habitual criminal. Provides that a person commits the offense of being an armed habitual criminal if he or she receives, sells, possesses, or transfers any firearm after having been convicted a total of 3 or more times of any of the following offenses: first degree murder; aggravated battery; aggravated battery with a firearm; unlawful use of a weapon by a felon; robbery; armed robbery; residential burglary; home invasion; vehicular hijacking; gunrunning; intimidation; armed violence; criminal sexual assault; aggravated criminal sexual assault; predatory criminal sexual assault of a child; aggravated domestic battery; or any violation of the Illinois Controlled Substances Act or the Cannabis Control Act that is punishable as a Class 3 felony or higher. Provides that a violation is a Class X felony. Amends the Unified Code of Corrections. Provides that a prisoner serving a sentence for being an armed habitual criminal shall receive no more than 4.5 days of good conduct credit for each month of his or her sentence of imprisonment. Effective immediately.

## HOUSE AMENDMENT NO. 1

Changes the new offense of being an armed habitual criminal. Provides that a person commits the offense of being an armed habitual criminal if he or she receives, sells, possesses, or transfers any firearm after having been convicted a total of 2 or more times of any combination of the following offenses: (1) a forcible felony; (2) unlawful use of a weapon by a felon; aggravated unlawful use of a weapon; aggravated discharge of a firearm; vehicular hijacking; aggravated vehicular hijacking; aggravated battery of a child; intimidation; aggravated intimidation; gunrunning; home invasion; or aggravated battery with a firearm; or (3) any violation of the Illinois Controlled Substances Act or the Cannabis Control Act that is punishable as a Class 3 felony or higher. Provides that a violation is a Class X felony.

## CORRECTIONAL NOTE (Dept of Corrections)

The total impact of House Bill 4505, as amended by House Amendment 1, would result in an increase of 7,677 inmates with additional operating costs of \$895,902,600 and construction costs of \$428,577,600 over ten years. However, these calculations are based on limited accessible data. Increasing the penalty to a mandatory prison sentence may result in a greater number of plea bargains to avoid a prison sentence. Estimates may vary depending on how cases are prosecuted and plea bargained. Therefore, the full impact of this amended legislation is unknown.

**New Act**

Creates the Southern Illinois Economic Development Authority Act. Creates the Southern Illinois Economic Development Authority in Clay, Effingham, Fayette, Franklin, Jefferson, Marion, Washington, and Williamson counties in order to promote economic development within those counties. Contains provisions concerning the powers and duties of the Authority. Allows the Authority to acquire, own, sell, lease, or otherwise dispose of interests in real property and to issue bonds, notes, or other evidences of indebtedness for certain purposes. Provides that the Authority shall be governed by a 19-member board. Contains other provisions. Effective immediately.

**HOUSE AMENDMENT NO. 1**

Adds reference to:

30 ILCS 5/3-1

from Ch. 15, par. 303-1

Deletes everything. Reinserts the provisions of the bill as introduced. Creates the Southeastern Illinois Economic Development Authority in Fayette, Cumberland, Clark, Effingham, Jasper, Crawford, Marion, Clay, Richland, Lawrence, Jefferson, Wayne, Edwards, Wabash, Hamilton, and White counties (rather than Clay, Effingham, Fayette, Franklin, Jefferson, Marion, Washington, and Williamson counties). Provides that the Authority shall be governed by a 10-member board (rather than a 19-member board) and makes corresponding changes. Provides that the Governor shall appoint 9 (rather than 10) public members. Deletes a provision requiring that the chairman of the county board of each county within the territorial jurisdiction of the Authority shall appoint one member. Provides that each member of the Authority shall hold office for a term of 3 years (rather than 6 years). Deletes a provision requiring the Department of Commerce and Economic Opportunity to pay the compensation of the executive director from appropriations received for that purpose. Limits the aggregate amount of bonds that may be issued by the Authority to \$25,000,000. Deletes a provision prohibiting the Authority from issuing any bonds relating to the financing of a project located within the planning and subdivision control jurisdiction of any municipality unless the corporate authorities of the municipality do not, or the county board does not, adopt a resolution disapproving the project within 45 days after receipt of the notice. Requires the Auditor General to conduct a financial audit of the Authority every 5 years. Amends the Illinois State Auditing Act to give the Auditor General jurisdiction to conduct financial audits of the Authority. Effective immediately.

**FISCAL NOTE (Department of Commerce and Economic Opportunity)**

House Bill 4532 with House Amendment 1 is estimated to have no fiscal impact on the Department of Commerce and Economic Opportunity relating to the appointment or removal of Authority members.

**STATE DEBT IMPACT NOTE (Economic and Fiscal Commission)**

House Bill 4532, as amended by House Amendment 1, would not change the amount of authorization for any type of State-issued bond. However, it does permit for the State's moral obligation pledge to be utilized by the Southeastern Illinois Economic Development Authority. The State is not legally obligated to pay in the event of default on moral obligation bonds, but the Governor may include the default amount in the budget for possible legislative action.

705 ILCS 405/5-915

Amends the Juvenile Court Act of 1987. Provides that a minor who is eligible to have his or her juvenile records expunged shall at the time of sentencing or dismissal of the case be informed by the judge of his or her right to expungement and shall be provided an expungement information packet by the clerk of the circuit court. Provides that if an objection to expungement is filed within 90 days of the notice of expungement, a hearing shall be set on the objections. Provides that the State Appellate Defender shall, by December 31, 2004, establish, maintain, and carry out a juvenile expungement program to provide information to minors eligible to have their records expunged. Provides that the State Appellate Defender shall establish and maintain a statewide toll-free telephone number that a person may use to receive information or assistance concerning the expungement of juvenile records. Provides that except with respect to law enforcement agencies, the Department of Corrections, State's Attorneys, or other prosecutors, an expunged juvenile record may not be considered by any private or public entity in employment matters, certification, licensing, revocation of certification or licensure, or registration. Provides that applications for employment must contain specific language that states that the applicant is not obligated to disclose expunged juvenile records of conviction or arrest. Provides that employers may not ask if an applicant has had a juvenile record expunged. Provides that effective January 1, 2005, the Department of Employment Security shall develop a program to inform employers that employers may not ask if an applicant had a juvenile record expunged and that application for employment must contain specific language that states that the applicant is not obligated to disclose expunged juvenile records of arrest or conviction. Effective immediately.

**HOUSE AMENDMENT NO. 1**

Deletes everything after the enacting clause. Amends the Juvenile Court Act of 1987. Reinserts the provisions of the bill as introduced. Eliminates the provisions that provide for expungement when the minor was placed on probation and the probation period has been successfully terminated. Provides for a notice of expungement form, an order of expungement form, and a notice of objection form. Effective immediately.

**FISCAL NOTE (State Police)**

Fiscal impact of approximately \$901,000 depending on the number of expungement requests received.

**FISCAL NOTE (Department of Employment Security)**

The first mailing would cost in the neighborhood of \$295,000 to \$325,000 in State funds. Subsequent mailings would save the one-time cost and therefore be expected to range from \$275,000 to \$300,000.

**HOUSE AMENDMENT NO. 2**

Deletes everything after the enacting clause. Reinserts the provisions of the bill as amended with the following changes. Makes various grammatical changes to the bill. Provides that the person must petition for expungement rather than the court automatically entering an order of expungement. Eliminates provision that the processing fee for expungement must be deposited in the State Police Services Fund. Provides that the Department of Labor (rather than the Department of Employment Security) shall

develop a link on the Department's website (rather than a program) to inform employers that employers may not ask if an applicant had a juvenile record expunged and that application for employment must contain specific language that states that the applicant is not obligated to disclose expunged juvenile records of arrest or conviction. Effective immediately.

FISCAL NOTE (State Police)

As amended by HA2, there would be a minimal fiscal impact depending on the number of expungements where fees are waived for indigent individuals.

STATE MANDATES FISCAL NOTE (Department of Commerce and Economic Opportunity)

Does not create a state mandate under the State Mandates Act as amended by HA2.

FISCAL NOTE (Department of Labor)

Administration of this Act would not require additional costs.

SENATE FLOOR AMENDMENT NO. 1

Provides that the failure of the judge to give the admonishment to the petitioner seeking expungement does not create a substantive right, nor is that failure grounds for: (i) a reversal of an adjudication of delinquency, (ii) a new trial; or (iii) an appeal.

In any tax sale proceeding in which the tax purchaser is a county acting as trustee for taxing districts, makes inapplicable the requirement that an order for the issuance of a tax certificate of title under the Act shall not be entered affecting the title to or interest in any mobile home in which a city, village, or incorporated town has an interest under the police and welfare power by advancements made from public funds, until the purchaser or assignee makes reimbursement to the city, village, or incorporated town of the money so advanced or the city, village, or town waives its lien on the mobile home for the money so advanced. New Act

Creates the Landlord Responsibility Act. Contains only a short title provision.

HOUSE AMENDMENT NO. 1 (TABLED 4/1/2004)

Deletes reference to:

New Act

Adds reference to:

720 ILCS 5/12-5.1 from Ch. 38, par. 12-5.1

Deletes all. Amends the Criminal Code of 1961. Provides that whenever, under any agreement, either written or verbal, a landlord or his or her agent charges a tenant for any water, gas, or electrical service and the tenant pays the landlord for the utility service and the landlord or his or her agent does not pay the utility company for the service and the utility company terminates service and as a result of the termination of utility service, the landlord knows or reasonably should know that the health or safety of the tenant is endangered, the landlord is guilty of the offense of criminal housing management.

HOUSE AMENDMENT NO. 4

Deletes all. Amends the Criminal Code of 1961. Provides that a landlord, or his or her agent, commits the offense of criminal housing management when, under an agreement, the landlord or agent charges a tenant for gas, water, or electrical utility service and: (1) the landlord or agent fails to pay the utility company for the service, resulting in termination of that utility service to the tenant's residence; and (2) the termination of utility service is not corrected within 24 hours after it was terminated, unless the delay is caused by an act of God or other occurrence through no fault of the landlord or agent; and (3) the termination of utility service endangers the health or safety of the tenant or a member of the tenant's household (instead of providing that a landlord commits criminal housing management when, under an agreement, the landlord or agent charges a tenant for utility service, the tenant pays the landlord

for that service, the landlord or agent does not pay the utility company, the utility company terminates service, and as a result of that termination the landlord knows or reasonably should know that the health or safety of the tenant is endangered). Provides that the amendatory provisions are not intended to authorize the resale of water, gas, or electrical service if that resale is otherwise prohibited. Provides that "landlord" includes the owner or lessor of a building containing 3 or more residential units (instead of simply a building). Provides that a first conviction of a landlord or agent is a petty offense; a second conviction is a business offense subject to a fine not to exceed \$1,500; and a third or subsequent conviction is a Class A misdemeanor (instead of providing that a first conviction is a Class A misdemeanor and a subsequent violation is a Class 4 felony).

Amends various Acts relating to the governance of public universities in Illinois and amends the Public Community College Act. Requires public institutions of higher education to allow a currently enrolled student who is called to active military service to complete any unfinished courses at a later date at no additional charge, unless course credit has already been given. Provides that the student must be given priority over other students in reenrolling in the course or courses. Effective immediately.

**HOUSE AMENDMENT NO. 1**

Provides that the requirement that an institution of higher education allow a student to complete any unfinished courses at no additional charge does not apply if the student received a full refund upon withdrawing from the course, in which case the student's record shall reflect that the withdrawal is due to active military service.

**FISCAL NOTE (Board of Higher Education)**

No potential fiscal impact to the State. Tuition and fee revenues are locally held and controlled by public universities and community colleges. A December 2001 study by the Board of Higher Education on institutional policies concerning students called to active military service found that while the specific provisions vary by institution, current policies at Illinois public universities and community colleges regarding such students are generally consistent with the requirements set forth in House Bill 4686. Thus, the potential fiscal impact of this bill to Illinois public institutions of higher education likely would be negligible.

The legislation specifies that \$200,000 of the amount appropriated each year shall be allocated to carry out the independent program evaluation with the remainder allocated to participating consortia. FISCAL NOTE (HA-1) (Department of Public Aid)

If facilities choose to close vacant beds they are planning to convert, IDPA will lose assessment tax dollars. There are currently 16,000 vacant beds in Medicaid nursing homes. This represents \$8.7 million in assessment tax revenue, which equates to \$17.4 million IDPA would have received to spend.

In provisions regarding promulgation of rules and reporting, adds the Secretary of Human Services to the list of persons with whom the Director of Public Health shall coordinate. Changes references to licensed nursing facility beds to certified nursing facility beds. New Act

820 ILCS 305/26.1 new

820 ILCS 405/2206.2 new

Creates the Truth in Employment Act. Provides that, if a contractor is a successful bidder for a construction project and purposefully misclassifies one or more of its employees as independent contractors, the contractor is liable to an unsuccessful bidder, or an entity contracting with an unsuccessful bidder (including a labor organization), for damages suffered because the bid was not accepted. Amends the Workers' Compensation Act and the Unemployment Insurance Act by providing that, if the Industrial Commission or the Director of Employment Security enters an order determining that an employer has purposefully misclassified one or more of its employees as independent contractors in violation of the Workers' Compensation Act, the Workers' Occupational Diseases Act, or the Unemployment Insurance Act, the following provisions apply: the Commission or Department may direct the employer to cease its operations, direct the employer to pay \$250 for each day during which the violation continues, and require the employer to continue to pay employees affected by the order for the first 10 days of the order; no licenses or permits of any kind may be issued to the employer by any State agency or officer or any unit of local government nor may any such licenses or permits be renewed by any State agency or officer or any unit of local government until the Commission or Department enters an order determining that an employer has cured the misclassification; and no State agency or officer may enter into any contracts with the employer until 3 years have elapsed since the Commission or Department enters an order determining that an employer has cured the misclassification.

FISCAL NOTE (Department of Employment Security)

An exact dollar estimate is extremely problematic and exacerbated from unknown workload levels, but the annual State expense would be high even with low workload.

Provides that, if the the Department of Revenue determines that an employer has knowingly or intentionally misclassified one or more of its employees as independent contractors, the Department may direct the employer to cease its operations, direct the employer to pay penalties, and require the employer to continue to pay, for 10 days, employees affected by the determination; no licenses or permits of any kind may be issued to the employer by any State agency or officer or any unit of local government nor may any such licenses or permits be renewed by any State agency or officer or any unit of local government until the Department enters an order determining that an employer has cured the misclassification; and no State agency or officer may enter into any contracts with the employer until 2 years have elapsed since the Department enters an order determining that an employer has cured the misclassification. year for amounts contributed in the taxable year to a College Savings Pool Account or the Illinois Prepaid Tuition Trust Fund, excluding amounts rolled over into the account (now, unlimited deductions authorized only for contributions to the College Savings Pool, excluding rollovers). Amends the State Treasurer Act, the Baccalaureate Savings Act, and the Illinois Prepaid Tuition Act to remove language providing that (i) contributions to the Bright Start Program; (ii) contributions toward the purchase of the first \$25,000 of College Savings Bonds; and (iii) contributions toward the purchase of an Illinois Prepaid Tuition Contract, respectively, shall not be counted against the financial aid awarded by the Illinois Student Assistance Commission, the State, or any agency thereof. Effective immediately, except that the changes to the State Treasurer Act, the Baccalaureate Savings Act, and the Illinois Prepaid Tuition Act take effect on January 1, 2005.

FISCAL NOTE (Department of Revenue)

House Bill 4914 limits deductions for contributions to the Bright Start program to \$10,000 and creates a new deduction for contributions to College Illinois limited to \$10,000. Limiting Bright Start contribution deductions to \$10,000 will save the State approximately \$1.5 million. Allowing deductions for contributions up to \$10,000 to the College Illinois program is estimated to cost approximately \$2.2 million. This is a net cost of \$700,000.

Amends the School Code and the State Finance Act. Requires the State Board of Education to establish a 3-year technology immersion pilot project to provide a wireless laptop computer to each student, teacher, and relevant administrator in a participating school and implement the use of software, on-line courses, and other appropriate learning technologies that have been shown to improve academic achievement and specified progress measures. Creates the Technology Immersion Pilot Project Fund as a special fund in the State treasury, with moneys being used by the State Board for the pilot project. Requires participating school districts to send an annual progress report to the State Board. Effective immediately.

## HOUSE AMENDMENT NO. 1

Provides that the State Board of Education shall select 7 (instead of 8) school districts to participate in the pilot project, one located in the City of Chicago, 3 located in the area that makes up of the counties of DuPage, Kane, Lake, McHenry, Will, and that portion of Cook County that is located outside of the City of Chicago, and 3 located in the remainder of the State. Provides that the State Board shall, if possible, select at least 9 (instead of 8) schools to participate in the pilot project, with at least 3 from the school district located in the City of Chicago and one from each of the other school districts selected. Makes a technical correction.

## FISCAL NOTE (Illinois State Board of Education)

House Bill 4944 specifically limits the cost of the Pilot Program to \$10 million. While gifts, grants and donations may be available, absent a large donation of wireless computers or other technology resources to the State, it is likely that the State will contribute a substantial portion of this cost.

## STATE MANDATES FISCAL NOTE (Illinois State Board of Education)

House Bill 4944 does not appear to establish a new state mandate. School districts

would chose to participate and would receive resources from the State for their participation.

305 ILCS 5/5-5.12 from Ch. 23, par. 5-5.12

Amends the Illinois Public Aid Code. Provides that the Department shall not impose requirements for prior approval based on a preferred drug list for any short-acting beta agonists used as rescue therapy in the treatment of life-threatening conditions due to acute bronchospasm in patients with reversible obstructive airway disease that results from asthma, chronic obstructive pulmonary disease or emphysema.

FISCAL NOTE (Department of Public Aid)

This bill will hamper the Department's ability to enact cost containment measures if prior approval, generic preference and formulary restrictions are exempt for clients diagnosed with a specific disease such as reversible obstructive airway disease. It is also difficult to link comprehensive drugs to a particular disease, since drug prescriptions do not include a diagnosis field. Computer system changes related to such diagnosis tracking will result in increased administrative costs and would need to conform to HIPAA requirements. Since the Department does not track Medicaid clients by their disease, fiscal impact cannot be determined at this time.

New Act

Creates the Post-Secondary Early Childhood Education Articulation Act. Establishes the Higher Education Early Childhood Commission to develop a plan to ensure that early childhood courses offered at two-year colleges can be integrated into all early childhood degree programs at public four-year colleges in Illinois consistent with State and national accreditation standards. Requires adoption of the plan by public four-year colleges by December 31, 2006. Dissolves the Commission on December 31, 2010.

FISCAL NOTE (Illinois Board of Higher Education)

Assuming that the work of the commission is to be done within existing agency resources, there will be an operating impact to the Illinois Board of Higher Education (IBHE) and the Illinois Community College Board (ICCB) associated with this bill due to the need to reallocate staffing and other agency operating resources (e.g., travel costs) during the development of the commission's plan. Institutions will face similar operating impacts under this legislation as noted for the Illinois Board of Higher Education and the Illinois Community College Board.

Amends the Illinois Act on the Aging. Requires the Director of Aging, in coordination with the Director of Public Aid and the Director of Public Health, to analyze the distribution of housing, health services, and supportive services for seniors in each geographic area of the State and to identify and designate critical access service areas. Provides that, at the end of each State fiscal year, any unspent and unencumbered General Revenue Fund appropriations for long-term care for seniors shall be deposited into the Alternative Long-Term Care Services for Seniors Fund. Provides that moneys in the Fund shall be used to fund specified alternative long-term care services with priority given to the distribution of funds for services in critical access service areas. Amends the State Finance Act to create the Alternative Long-Term Care Services for Seniors Fund as a special fund in the State treasury. Effective immediately.

#### HOUSE AMENDMENT NO. 1

Adds reference to:

30 ILCS 105/8h

Replaces everything after the enacting clause. Amends the Illinois Act on the Aging. Requires the Director of Aging, in collaboration with the Director of Public Aid and the Director of Public Health and in consultation with the Housing, Health, and Supportive Services for Older Adults Coordinating Committee, to monitor and analyze the distribution of services for older adults in each geographic area of the State, identify service deficits or problems, and designate critical access service areas. Requires the Director of Aging to submit to the General Assembly an assessment of the availability of services that identifies service deficits or problems and includes a plan to address these deficits or problems. Provides that, at the end of each State fiscal year, any unexpended and unreserved General Revenue Fund appropriations for long-term care for older adults shall be deposited into the Long-term Care Services for Older Adults Fund. Provides that moneys in the Fund shall be used to fund specified alternative long-term care services with priority given to the distribution of funds for services in critical access service areas. Creates the Housing, Health, and Supportive Services of Older Adults Coordinating Committee. Amends the State Finance Act to create the Long-term Care Services for Older Adults Fund as a special fund in the State treasury and to exempt the Fund from provisions concerning transfers to the General Revenue Fund. Effective immediately.

#### FISCAL NOTE (Department on Aging)

Fiscal implications include the following: Time necessary for staff research, analysis, and plan development related to the critical access service areas would be extensive. If done in-house, a minimum of two contractual staff would be necessary. If outsourced, the Department would consider contracting with the thirteen existing area agencies on aging. This effort is estimated to cost within the range of \$100,000 to \$275,000. The Department is concerned that the funding mechanism for the Alternative Long-Term Care Services for Seniors Fund could result in under-funding for the statewide entitlement Community Care Program, as well as State-funded institutional care for seniors.

#### FISCAL NOTE ((H-AM 1) Department on Aging)

Fiscal implications include the following: Departmental staffing and travel requirements related to the Coordinating Committee could be absorbed within existing appropriations. Time necessary for staff research, analysis, and plan development related to the critical access service areas would be extensive. If done in-house, a minimum of two contractual staff would be necessary. If outsourced, the Department would consider contracting with the thirteen existing Area Agencies on Aging. This effort is estimated to cost within the range of \$100,000 to \$275,000. The Department is concerned that the funding mechanism for the Alternative Long-Term Care Services for Older Adults Fund could result in under-funding for the statewide entitlement Community Care Program.

#### HOUSE AMENDMENT NO. 2

Requires the Departments to issue a joint report to the General Assembly on January 1 of each year on their progress and the recommendations of the Committee. Effective immediately.
