## FOREWORD

The Digest is published by the Legislative Reference Bureau. It is prepared for print through the computer services of the Legislative Information System and is printed by the Legislative Printing Unit.

The format of the Digest includes synopses of bills and resolutions pending in the House of Representatives and the Senate and indices by statute reference, subject matter, and sponsor.

The Digest is published periodically during the time the General Assembly is in Session. It is available by subscription through the Legislative Reference Bureau for \$55.00 per calendar year.

A synopsis contained in the Digest does not purport to be an analysis of the bill described. It is intended to give only sufficient information concerning the subject matter so that the reader may determine whether he or she is interested in examining the bill to determine its full content and effect.

Provides that the State Superintendent of Education may require a school district to share financial information relevant to a proper investigation of the district's financial condition and the delivery of appropriate State financial, technical, and consulting services to the district under certain circumstances. Makes other changes concerning the State Board of Education's power to certify that a district is in financial difficulty. In the School District Financial Oversight Panel and Emergency Financial Assistance Law, provides that panel members shall be paid a stipend of not more than \$100 per meeting, the amount of which must be documented in the Panel's annual budget and approved by the State Superintendent. Makes changes concerning emergency financial assistance grants and loans, including having the Illinois Finance Authority provide the loans and increasing the maximum amounts for loans and grants. In the Downstate School Finance Authority for Elementary Districts Law, provides that the members of a School Finance Authority shall be paid a stipend approved by the State Superintendent of not more than \$100 per meeting. Makes changes concerning emergency financial assistance, including allowing grants to be provided by the State Board and having the Illinois Finance Authority provide loans (instead of the State Board). Provides that the annual budget of a school district (other than the Chicago school district) must be balanced and must be filed with the State Board. Provides that, to the extent the budget is not balanced, the district shall also adopt and file with the State Board a deficit reduction plan to balance the district's budget within 3 years. Deletes a provision exempting a financially distressed district from the debt limit. Provides that a school district must notify the State Board prior to issuing any form of long-term or short-term debt that will result in outstanding debt that exceeds 75% of the debt limit or any other provision of law. Repeals a Section concerning financially distressed districts. Makes other changes. Amends the State Mandates Act to require implementation without reimbursement. Effective July 1, 2006.

Provides that an Authority shall have the power to take action on behalf of the school district as the Authority deems necessary and in accordance with the School Code, based on the recommendation of the chief executive officer, chief educational officer, or chief fiscal officer, and that the district shall be bound by such action in all respects as if the action had been approved by the district itself. Provides that a chief educational officer shall have authority to determine the agenda and order of business at school board meetings, as needed in order to carry forward and implement the objectives and priorities of the Authority in the administration and management of the district. These provisions effective immediately.

Provides that, if notification is provided within 10 days, the relocater or possessor of the vehicle is entitled to recover from the lienholder charges for the number of days in storage. Provides that the relocater or possessor of the vehicle is entitled to charge the lienholder for the reasonable costs of a title search necessary to identify the lienholder. Provides that no vehicle shall be released to the owner, lienholder, or other legally entitled person until all authorized charges have been paid. Provides that a lienholder is entitled to one free inspection of the vehicle, with proper notice and during regular business hours. Effective January 1, 2006.

**SENATE FLOOR AMENDMENT NO. 1**

Deletes everything after the enacting clause. Re-inserts the provisions of the original bill, with changes. Provides that if the Secretary of State does not provide to the relocater or possessor of the relocated vehicle the name and address of the registered owner and any lienholders of the vehicle within 10 days after the relocater or possessor took possession of the vehicle, the required notice must be sent no later than 3 business days after the information has been furnished to the relocater or possessor of the relocated vehicle. Provides that, if notification to the owner, lienholder, or other legally entitled person is not given within the required period, storage charges may not exceed those either for 10 days or for the period ending 3 business days after the Secretary of State provided the relocater or possessor of the vehicle with ownership in lienholder information. Provides in the Automotive Repair Act and the Automotive Collision Repair Act, that if a consumer fails to remove a vehicle within 15 (rather than 10) days of being notified the repairs are complete, the automotive repair facility must request vehicle owner or lienholder information from the Secretary of State (rather than must send notification to the owner or lienholder that the vehicle is being held and a statement and documentation of charges). Provides that notification and a statement of charges must be sent to the owner and lienholder, within 3 business days after owner or lienholder information is received from the Secretary of State. Provides that documentation of the charges must be provided without charge if requested by the owner or lienholder. Provides that if the required notice is not sent, the repairer may claim storage or holding charges for the first 15 days after notification that repairs were complete.

(instead of "may") make written beneficial use determinations that coal-combustion waste is a CCB. Sets forth the procedures for the application for and approval and renewal of a beneficial use determination. Provides that CCB for which a beneficial use determination is approved shall be considered CCB for as long as it is used in accordance with the approval and any conditions of the approval.

SENATE FLOOR AMENDMENT NO. 1

Provides that the more stringent regulations of coal combustion by-product (CCB) provided under this Section do not apply to CCB used for mine subsidence, mine fire control, mine sealing, and mine reclamation (previously this use was included in the class of CCB uses subject to the stricter regulations). Eliminates boron, chloride, sulfate, and phenol from a list of Class I groundwater parameters that certain CCB uses may not exceed.

HOUSE AMENDMENT NO. 1

Provides that the use of coal combustion by-product (CCB) in mine subsidence, mine fire control, mine sealing, and mine reclamation is a restricted CCB use subject to certain conditions. Requires users of CCB for mine subsidence, mine fire control, mine sealing, and mine reclamation to provide notification to the Agency for each project using CCB including documenting the quantity of CCB used and certifying compliance with the conditions of the Act. Provides that an Agency beneficial use determination enables the use of CCB in mine subsidence, mine fire control, mine sealing, and mine reclamation without complying with certain otherwise necessary conditions. Provides that written beneficial use determination applications for the use of CCB at sites governed by the federal Surface Mining Control and Reclamation Act of 1977 shall be reviewed and approved by the Office of Mines and Minerals within the Department of Natural Resources pursuant to provisions of the Illinois Administrative Code. ## 220 ILCS 5/16-111.3

Amends the Electric Service Customer Choice and Rate Relief Law of 1997 of the Public Utilities Act. Provides that, at such time as the Board of Governors of the Federal Reserve System includes neither the nominal yields of 30-year U.S. Treasury bonds nor the Treasury Long-Term Average Rate (25 years and above) in its weekly H.15 Statistical Release or successor publication, the nominal yields of 20-year U.S. Treasury bonds published by the Board of Governors of the Federal Reserve System in its weekly H.15 Statistical Release or successor publication shall instead be used to establish a rate for the purpose of calculating the Index defined in subsection (e) of Section 16-111 of the Act, and at such time, such yields of 20-year U.S. Treasury bonds shall also be used in place of the yields of 30-year U.S. Treasury bonds in the rate of return calculation required by subsection (d) of Section 16-111. Effective January 1, 2006.

320 ILCS 42/25

Amends the Older Adult Services Act. Provides that no later than January 1, 2006 and every January 1 thereafter, the Department on Aging and the Illinois Housing Development Authority shall file with the Governor and the General Assembly a plan that establishes goals for the number of affordable housing units to be made available to the frail elderly in the next fiscal year. Requires that the plan: (i) detail the number of new units of housing to be created, the number of units made accessible through rehabilitation and renovation, and the number of new supportive living units to be created and certified; and (ii) include recommendations for statutory or policy changes needed to reduce barriers to the establishment of affordable housing units for the frail elderly. Effective immediately.

**SENATE COMMITTEE AMENDMENT NO. 1**

Adds the Department of Public Aid as an agency that must file a plan for affordable housing for the frail elderly.

**SENATE COMMITTEE AMENDMENT NO. 2**

Replaces everything after the enacting clause. Amends the Older Adult Services Act. Provides that the restructuring of older adult services shall include an affordable housing component. Provides that the Department on Aging and the Departments of Public Health and Public Aid shall utilize the recommendations of Illinois' Annual Comprehensive Housing Plan, as developed by the Affordable Housing Task Force, in their efforts to address the affordable housing needs of older adults. Effective immediately.

**FISCAL NOTE (S-AM 1) (Department of Revenue)**

Does not have a fiscal impact on the Department of Revenue. The Illinois Department of Revenue cannot determine the fiscal impact that it will have on the Department on Aging, the Department of Public Aid, or the Illinois Housing Development Authority.

**FISCAL NOTE (S-AM 2) (Department of Revenue)**

Does not have a fiscal impact on the Department of Revenue. The Illinois Department of Revenue cannot determine the fiscal impact that it will have on the Department on Aging, the Department of Public Aid, or the Illinois Housing Development Authority.

**FISCAL NOTE (S-AM 1 & 2)(Housing Development Authority)**

Senate Bill 1967, as originally filed, would have required IHDA to develop and file a plan which would establish production goals for the number of housing units to be made available to the frail elderly in the next fiscal year, detailing the number of units by new construction and rehabilitation, as well as for supportive living units. Given the content of Senate Amendment 2, it references the existing housing plan required by the Governors Executive Order 2003-18, which primarily addresses the targeting and allocation of existing State administered programs and resources among priority populations, one of those being low income seniors. As such, this amendment as written is not deemed to have any noted fiscal impact on existing IHDA resources or staffing. The Executive Order required plan is actually more comprehensive in its coverage of elderly housing needs.

**FISCAL NOTE (S-AM 1 & 2) (Dept. on Aging)**

Does not pose any additional spending or staff pressures on IDoA.

**FISCAL NOTE (S-AM 1) (Dept. of Public Aid)**

This amendment has a minimal administrative impact on the Department.

**FISCAL NOTE (S-AM 2) (Dept. of Public Aid)**

This amendment has minimal administrative impact on the Department.

## 405 ILCS 5/1-119

from Ch. 91 1/2, par. 1-119

## 405 ILCS 5/3-811.5 new

Amends the Mental Health and Developmental Disabilities Code. Adds persons included within the definition of "person subject to involuntary admission", including: (1) a person with mental illness who, because of the nature of his or her illness, is unable to understand his or her need for treatment and who, if not treated, is at risk of suffering or continuing to suffer mental deterioration or emotional deterioration, or both, to the point that the person is at risk of engaging in dangerous conduct; and (2) a person who has been adjudged to be subject to authorized involuntary treatment and with respect to whom (A) outpatient treatment has been shown to be ineffective because the person is unable or unwilling to comply with his or her

treatment plan and (B) inpatient admission is likely to be effective in implementing the person's treatment plan and is otherwise in the person's best interests. Provides that at any time before the conclusion of a hearing on involuntary admission and the entry of the court's findings, a respondent may enter into an agreement to be subject to an order for alternative treatment or care and custody, if certain conditions are met. Provides that an agreed order for care and custody may grant the custodian the authority to admit a respondent to a hospital if the respondent fails to comply with the conditions of the agreed order. Provides that an agreed order for alternative treatment or care and custody does not constitute a finding that the respondent is a person subject to involuntary admission. Provides that a respondent may not be cited for contempt for violating the terms and conditions of his or her agreed order for care and custody. Makes other changes.

**SENATE FLOOR AMENDMENT NO. 1**

Provides that "dangerous conduct" means threatening behavior or conduct that places another individual in reasonable expectation of being harmed (instead of acts or omissions that place the individual or others in risk of harm, including threatening behavior or conduct that places another individual in reasonable expectation of being harmed). Provides that a "person subject to involuntary admission" includes a person with mental illness who, if not treated, is reasonably expected to suffer or continue to suffer (instead of at risk of suffering or continuing to suffer) mental deterioration or emotional deterioration, or both, to the point that the person is reasonably expected to engage in dangerous conduct (instead of at risk of engaging in dangerous conduct). Deletes a provision that a "person subject to involuntary admission" includes a person who has been adjudged to be subject to authorized involuntary treatment and with respect to whom (i) outpatient treatment has been shown to be ineffective and (ii) inpatient admission is likely to be effective in implementing the person's treatment plan.

Provides that certain provisions concerning restrictions and limitations of the Act and unlicensed practice shall apply 12 months after the adoption of the final administrative rules, rather than on January 1, 2006. Provides that if an applicant fails to obtain a license under the Act within 3 years after filing his or her initial application for original licensure, the application shall be denied. Removes a provision that provides that if an applicant neglects, fails, or refuses to take an examination or fails to pass an examination for a license under the Act within 2 exam cycles after receiving a temporary license, the application will be denied. Provides that the Department of Financial and Professional Regulation may, rather than shall, issue a license to a person with certain qualifications. Sets forth additional qualifications for licensure. Provides for the issuance of a temporary letter of authorization to practice as a genetic counselor, rather than a temporary license. Makes changes to provisions concerning license renewal and continuing education requirements, fees and the deposit of fees, endorsement, and the Illinois Administrative Procedure Act. Adds a provision concerning inactive status of a license. Provides that it shall be grounds for discipline for an individual to provide genetic counseling services to individuals, couples, groups, or families without a written referral. Repeals a Section concerning

implementation of the Act and transitional periods. Makes other changes.

#### HOUSE AMENDMENT NO. 1

Deletes everything after the enacting clause. Reinserts the contents of the bill with the following changes. Defines "referral" and, in certain provisions, removes the requirement that referrals be written. Provides that in clinical settings, genetic counselors who serve as a liaison between family members of a patient and a genetic research project may, with the consent of the patient, provide information to family members for the purpose of gathering additional information, as it relates to the patient, without a referral. Provides that in non-clinical settings where no patient is being treated, genetic counselors who serve as a liaison between a genetic research project and participants in that genetic research project may provide genetic counseling services to the participants, without a referral. Removes the provision concerning a temporary letter of authorization to practice. Provides that a temporary license may be issued to an individual who has made application to the Department of Financial and Professional Regulation, has submitted evidence to the Department of admission to the certifying examination administered by the American Board of Genetic Counseling or the American Board of Medical Genetics or either of its successor agencies, has met all of the requirements for licensure under the Act, except the examination requirement, and has met any other condition established by rule. Provides that the holder of a temporary license shall practice only under the supervision of a qualified supervisor. Provides that, under certain circumstances, the Department may issue a license as a genetic counselor to an applicant licensed under the laws of another state, a U.S. territory, or another country (now, the Department may only issue a license to an applicant licensed under the laws of another state). Makes other changes.

#### HOUSE AMENDMENT NO. 2

Provides that in non-clinical settings where no patient is being treated, genetic counselors who serve as a liaison between a genetic research project and participants in that genetic research project may provide information (rather than genetic counseling services) to the participants, without a referral.

Replaces everything after the enacting clause with provisions substantially similar to those of Senate Bill 2060, but with changes that include the following: (1) provides that in order to be eligible for the various protections included in the bill, a service member must provide a copy of the military or gubernatorial orders calling the service member to active duty or further extending the service member's period of active duty; (2) in the provisions amending the Illinois Municipal Code and the Public Utilities Act, prohibits a municipality, utility company, or electric cooperative from stopping gas or electricity from entering the residential premises of which a service member was a primary occupant immediately before the service member was deployed on active duty (instead of the residential premises of any residential consumer who is a service member deployed on active duty); and (3) limits the applicability of the provisions amending the Interest Act to obligations entered into on or after the effective date of this amendatory Act but prior to the service member's deployment on active duty (instead of only obligations entered into on or after the effective date of this amendatory Act). Effective immediately.

New Act

Creates the Carbon Monoxide Alarm Detector Act. Provides that every dwelling unit shall be equipped with at least one approved carbon monoxide alarm in an operating condition within 15 feet of every room used for sleeping purposes. Provides that the carbon monoxide alarm may be combined with smoke detecting devices provided that the combined unit complies with the respective provisions of the administrative code, reference standards, and departmental rules relating to both smoke detecting devices and carbon monoxide alarms and provided that the combined unit contains voice annunciation that clearly differentiates the hazard. Provides that it shall be the responsibility of the owner of a structure to supply and install all required alarms. Provides that it shall be the responsibility of a tenant to test and to provide general maintenance for the alarms within the tenant's dwelling unit or rooming unit, and to notify the owner or the authorized agent of the owner in writing of any deficiencies that the tenant cannot correct. Allows certain types of carbon monoxide alarms to be installed. Provides that willful failure to install or maintain in operating condition any carbon monoxide alarm required by the Act is a Class B misdemeanor. Provides that tampering with, removing, destroying, disconnecting, or removing the batteries from any installed carbon monoxide alarm, except in the course of inspection, maintenance, or replacement of the detector, is a Class A misdemeanor in the case of a first conviction, and a Class 4 felony in the case of a second or subsequent conviction.

SENATE COMMITTEE AMENDMENT NO. 1

Provides that "approved carbon monoxide alarm" or "alarm" means a carbon monoxide alarm (instead of a carbon monoxide alarm of the ionization or photoelectric type) that complies with all the requirements of the rules and regulations of the Illinois State Fire Marshal, bears

the label of a nationally recognized testing laboratory, and complies with the most recent standards of the Underwriters Laboratories or the Canadian Standard Association.

**SENATE FLOOR AMENDMENT NO. 2**

Replaces everything after the enacting clause with provisions substantially similar to those of the introduced version of Senate Bill 2086, except: (1) deletes language requiring any dwelling unit that is newly constructed, reconstructed, or substantially remodeled after January 1, 2006, to meet the requirements of the Act on the first day of occupancy of the dwelling unit after the construction, reconstruction, or substantial remodeling; (2) provides that "approved carbon monoxide alarm" or "alarm" means a carbon monoxide alarm (instead of a carbon monoxide alarm of the ionization or photoelectric type) that complies with all the requirements of the rules and regulations of the Illinois State Fire Marshal, bears the label of a nationally recognized testing laboratory, and complies with the most recent standards of the Underwriters Laboratories or the Canadian Standard Association; and (3) provides that certain residential units shall not require carbon monoxide detectors.

Requires the Adjutant General to notify the Child and Spouse Support Unit within 21 days of a member of the Illinois National Guard being released from active military duty if the Adjutant General has been notified by the Child and Spouse Support Unit that the member obtained relief under the Child Support Military Modification program. Further amends the Illinois Public Aid Code. Amends the Regulatory Sunset Act to extend the repeal of the Illinois Physical Therapy Act to January 1, 2016. Amends the Physical Therapy Act. Changes all references from the Physical Therapy Licensing and Disciplinary Committee and the Physical Therapy Examining Committee to the Physical Therapy Licensing and Disciplinary Board. Changes the definition of "physical therapy" to mean and include (A) examining, evaluating, and testing individuals who may have mechanical, physiological, or developmental impairments, functional limitations, disabilities, or other health and movement-related conditions, determining a treatment diagnosis for these disorders and rehabilitation prognosis and plan of therapeutic intervention, and assessing the ongoing effects of the interventions, (B) alleviating impairments, functional limitations, or disabilities by designing, implementing, and modifying therapeutic interventions for the purposes of preventing, correcting, or alleviating a physical or mental impairment, functional limitation, or disability, (C) reducing the risk of injury, impairment, functional limitation, or disability, including the promotion and maintenance of fitness, health, and wellness, and (D) engaging in administration, consultation, education, and research. Provides that a majority of Board members then appointed constitutes a quorum and that a majority vote of the quorum is required for a Board decision. Changes references to a physical therapy assistant program to a physical therapist assistant program. Provides that a person must have graduated from and attained an associate's degree from an approved physical therapist assistant program in order to be qualified to receive a license as a physical therapist assistant (now, a person is required to have graduated from a 2-year college level physical therapy assistant program). Provides that following notification of eligibility for examination, an applicant who fails to take the examination for a license under the Act within 60 days of the notification shall forfeit his or her fee and right to practice as a physical therapist or physical therapist assistant until such time as the applicant has passed the appropriate examination (now, an applicant who fails to take the next-scheduled examination forfeits his fee and right to practice). Effective immediately.

**SENATE COMMITTEE AMENDMENT NO. 1**

Provides that "physical therapy" means classifying certain disorders and determining a rehabilitation prognosis and plan of therapeutic intervention (rather than determining a treatment diagnosis for certain disorders and a rehabilitation prognosis and plan of therapeutic intervention). Provides that physical therapy does not include chiropractic technique or determination of a differential diagnosis (rather than a differential medical diagnosis), provided that the limitation on determining a differential diagnosis (rather than a differential medical diagnosis) shall not in any manner limit a physical therapist licensed under the Act from performing an evaluation pursuant to the license. Removes the provision that provides that a majority of Physical Therapy Licensing and Disciplinary Board members then appointed constitutes a quorum and that a majority vote of the quorum is required for a Board decision.

**SENATE FLOOR AMENDMENT NO. 2**

Further amends the Physical Therapy Act. Removes provisions concerning the initial terms and appointments of members of the Physical Therapy Licensing and Disciplinary Committee.

With respect to the apportionment of business income for persons other than residents, provides that for tax years ending on or after December 31, 2005 the income shall be apportioned using the property factor, payroll factor, and sales factor. Effective immediately.

FISCAL NOTE (Department of Revenue)

Tax liability, by recalculating how positive business income is apportioned, would have been \$99.7 million higher for tax year 1999, using property, payroll, and double-weighted sales method versus sales only. However, since 1999 some businesses have seen dramatic increase or decrease in business income, some new businesses have been created while some existing businesses have closed or merged with other businesses, some businesses have increased or decreased their nexus to Illinois, and some businesses have changed from Type C corporations to Type S corporations, limited liability companies, or partnerships, which means that the current actual revenue impact may be noticeably higher or lower than \$99.7 million.

New Act

Creates the Local Government Consolidation Commission Act. Creates a 15 member commission on local government consisting of 5 Senators, 5 Representatives, and 5 citizens chosen by the Governor. Directs the Commission to study the organization and function of local governments within the State and to make recommendations to reduce the number of local governments and to increase their efficiency and economy. Requires the Commission to report its findings to the General Assembly by December 31, 2006. Effective immediately.

HOUSE AMENDMENT NO. 1

Increases the number of members of the Local Government Consolidation Commission to 17 members (now, 15), with 3 members appointed by each of the legislative leaders.

SENATE COMMITTEE AMENDMENT NO. 1

Provides that the Governor's appointments shall include one member each from 5 categories. Provides that the Governor makes 4 of the appointments by selecting one person each to represent counties, municipalities, townships, and park districts. Provides that the Governor shall make the 4 appointments by selecting one person from each of 4 lists of recommended persons submitted by 4 associations, each representing one of those types of governmental entities. The Governor also appoints an elected officer of a local governmental entity in Illinois that is not a county, municipality, township, or park district (now, the only limitation on the Governor's appointment authority is that no more than 3 of the 5 persons appointed may be affiliated with the same political party). Deletes a provision that limits the Governor's appointments to no more than 3 persons affiliated with the same political party.

Amends the Illinois Vehicle Code and the State Finance Act. Provides that, beginning January 1, 2006, all diesel powered vehicles owned or operated by the State, any county or unit of local government, any school board, or any State College or University must use a blend containing at least 50% biodiesel fuel. Provides that the Department of Transportation shall reimburse those entities one cent for each gallon consumed, to be paid from the Energy Independence Fund, a special fund created in the State treasury. Amends the Motor Fuel Tax Law. Beginning January 1, 2006, increases from 19 cents to 19.1 cents the tax imposed per gallon of motor fuel. Provides that, of the 19.1 cents per gallon tax, the equivalent of one-tenth of one cent per gallon shall be deposited into the Energy Independence Fund. Provides that, subject to appropriation, the Department of Transportation shall use all moneys in that fund for the required reimbursement. Provides that the Secretary of Transportation shall adopt rules for implementing the Vehicle Code provision. Effective immediately.

**STATE MANDATES FISCAL NOTE (Illinois Community College Board)**

In the opinion of the Illinois Community College Board, HB 112 may create a state mandate to the community colleges of Illinois. Although the number of diesel-fueled vehicles owned and driven by Illinois community colleges is not known, many of the community colleges own vehicles used for physical campus maintenance and also for truck-driver training that may be fueled by diesel. The extra cost and availability to the community colleges of the biodiesel fuel is not known, nor is the estimated proposed reimbursement from the Energy Independence Fund.

Amends the Firearm Owners Identification Card Act. Provides that when the Department of State Police fails to act upon an application for a Firearm Owner's Identification Card within 30 days after receipt, or if the application was wrongfully denied, the applicant may seek relief from the circuit court in writing in the county of his or her residence. Effective immediately.

FISCAL NOTE (Illinois State Police)

The fiscal impact to the Illinois State Police would be significant. The FOID program is currently underfunded, and this legislation could cause the ISP to be liable for millions of dollars in fines. Using figures from the last quarter of 2004, the ISP could be liable for fines exceeding \$10 million due to receiving more applications than usual during hunting seasons and difficulty maintaining adequate staffing levels.

STATE MANDATES FISCAL NOTE (Illinois Community College Board)

In the opinion of the Illinois Community College Board, HB 151 may create a fiscal impact on the community colleges of Illinois. Community college districts in Illinois rely on property taxes for a large portion of their funding. That funding stream could be affected by the proposed legislation, which may reduce the amount of taxes collected for community college district funding; but to what extent is not known at this time.

305 ILCS 5/5-5.25 new

Amends the Illinois Public Aid Code. Provides that on and after July 1, 2005, the Department of Public Aid shall reimburse providers of home health services under the Medicaid program at the same rates at which the federal government reimburses providers of those services under the Medicare program, using the Low Utilization Payment Adjustment (LUPA) national-average rate structure. Requires that the Department adjust those rates annually to reflect changes in the LUPA national-average rate structure. Effective immediately.

FISCAL NOTE (Illinois Department of Public Aid)

There is no low utilization payment adjustment (LUPA) rate for home assessment visits, therefore it is assumed this service will be paid at the Department's current rate. Using the current LUPA rate schedule for all other home health services, House Bill 213 is estimated to increase IDPA liability by \$7.1 million annually.

35 ILCS 505/8                       from Ch. 120, par. 424

Amends the Motor Fuel Tax Law. Provides that road districts located in Cook County qualify for an allocation of motor fuel tax funds if the road district levied certain taxes for road and bridge purposes in an amount that will require the extension of the tax against the taxable property in the road district at a rate of not less than either .08% of the value thereof or an amount equal to or greater than \$12,000 per mile of road under the jurisdiction of the road district, whichever is less (instead of "in an amount that will require the extension of the tax against the taxable property in the road district at a rate of not less than .08% of the value thereof").

**HOUSE AMENDMENT NO. 1**

Deletes everything after the enacting clause. Amends the Motor Fuel Tax Law. Provides that beginning July 1, 2006, an allocation of tax receipts shall be made for any road district if it levied a tax for road and bridge purposes, and if the amount of the tax levy requires the extension of the tax against the taxable property in the road district at a rate that is less than 0.08% of the value thereof, then the amount of the allocation for the road district shall be a percentage of the maximum allotment equal to the percentage obtained by dividing the rate extended by the district by 0.08%. Provides that in DuPage County, no allocation shall be made for any road district unless it levied a tax for road and bridge purposes in an amount which will require the extension of such tax against the taxable property in any such road district at a

rate of not less than either 0.08% of the value thereof, based upon the assessment for the year immediately prior to the year in which such tax was levied and as equalized by the Department of Revenue or an amount equal to or greater than \$12,000 per mile of road under the jurisdiction of the road district, whichever is less. Provides that if any road district has levied a special tax for road purposes under certain Sections of the Illinois Highway Code, that levy entitles the road district for a full or proportionate allotment depending on the rate of the levy. Provides that if a township has transferred to the road and bridge fund money which, when added to the amount of any tax levy of the road district would be the equivalent of a tax levy requiring extension at a rate of at least 0.08% or, in DuPage County, an amount equal to or greater than \$12,000 per mile of road under the jurisdiction of the road district, whichever is less, then the transfer, together with any such tax levy, shall qualify the road district for a full, rather than proportionate, allotment. Provides that in counties in which a property tax extension limitation is imposed under the Property Tax Extension Limitation Law, road districts may retain their entitlement to a full motor fuel tax allotment if, at the time the property tax extension limitation was imposed, the road district was levying a road and bridge tax at a rate sufficient to entitle it to a motor fuel tax allotment and continues to levy the maximum allowable amount after the imposition of the property tax extension limitation. Effective January 1, 2006.

STATE MANDATES FISCAL NOTE (Illinois Community College Board)

In the opinion of the Illinois Community College Board, HB 274 may create a fiscal impact on the community colleges of Illinois. Community college districts in Illinois rely on property taxes for a large portion of their funding. That funding stream could be affected by the proposed legislation, which may reduce the amount of taxes collected for community college district funding; but to what extent is not known at this time.

FISCAL NOTE (Department of Transportation)

Passage of this bill would require no immediate expenditures by DOT. However, the Department would need to cover a potential 10% increase in costs for future purchasing of vehicles. This would amount to \$1,500 to \$2,000 for a typical station wagon. For every 10 vehicles purchased, the Department would lose the ability to purchase the 11th vehicle, since the preference is rolled into the purchase of the 10 vehicles.

FISCAL NOTE (Central Management Services)

The Department of Central Management Services anticipates a fiscal impact from this bill, as amended, to be slightly less than a million dollars.

- 30 ILCS 805/8.29 new

Deletes everything. Reinserts the bill with the following changes: Provides that the bill may

be referred to as the Anna Cieslewicz Act. In the new Act, exempts farm dogs from the requirement that they be registered and that a fee be collected upon their registration. Requires the Department of Public Health to award grants to counties and municipalities that offer sterilization services. Requires that 20% of the special fund be set aside for those grants. In the Animal Control Act, removes the requirement that a county board require registration of dogs and cats. Exempts farm dogs from any registration required by a county. Removes the change to the State Mandates Act.

#### HOUSE AMENDMENT NO. 2

Repeals the new Act December 31, 2012. Makes conforming changes in the amendatory provisions of the other Acts.

STATE MANDATES FISCAL NOTE (H-AM 1&2) (Dept. of Commerce and Econ Opportunity)

In the opinion of DCEO, House Bill 315 (H-AM 1 & 2) creates a service mandate for which 50%-100% of the increased costs to units of local government is required under the State Mandates Act.

FISCAL NOTE (Department of Public Health)

The estimated full year fiscal impact of House Bill 315 is approximately \$226,000. These costs are related to the implementation activities of the Illinois Department of Public Health and the development of a database to track compliance at the local level, accept receipts from the newly created funds and provide reimbursement for local veterinarians providing services.

FISCAL NOTE (Illinois Department of Revenue)

There are currently nine tax checkoffs on the IL-1040 tax form. The IL-1040 could accommodate ten tax checkoffs before the Department of Revenue would have to expand it to include a separate schedule for tax checkoffs. If a tax checkoff does not collect at least \$100,000 by October 1, it is dropped from the form for the following year. If the number of tax checkoffs added this year plus the number of existing checkoffs that remain on the form for next year is greater than ten, the Department of Revenue would have to expand the IL-1040 to include a schedule for the tax checkoffs, which would cost the Department of Revenue approximately \$40,000 per year.

625 ILCS 5/3-653

Deletes everything after the enacting clause. Creates the Illinois Public Health and Safety Animal Population Control Act. Requires the Department of Public Health to at least partially reimburse veterinarians for the rabies immunization or sterilization of dogs and cats owned by eligible low-income persons. Funds the program through an income tax check-off, fees from Pet Friendly license plates, and various fines imposed under the Animal Control Act. Amends the Animal Control Act. Makes various changes to impose the additional fees, further regulate dangerous dogs, and promote county animal population control programs. Amends the State Finance Act, the Illinois Income Tax Act, and the Illinois Vehicles Code to make conforming changes. Amends the State Mandates Act to require implementation without reimbursement. #### SENATE FLOOR AMENDMENT NO. 2

Provides that if the transfer of a firearm is denied by the Department of State Police, the Department of State Police may keep the records of a denial until the denial is appealed and overturned, or as long as necessary for a criminal prosecution. Provides that approvals issued by the Department of State Police for the purchase of a firearm are valid for 30 days from the date of issue. Provides that the Department of State Police may not retain, copy, or distribute any information previously collected under the dial up system. Effective immediately.

720 ILCS 5/24-11 new

Deletes everything after the enacting clause. Reinserts the provisions of the bill with the following exceptions: (1) provides that if a transfer of a firearm takes place at a gun show, the record of transfer must include the unique identification number assigned to the transfer by the Department of State Police; (2) provides that records of firearms transfers maintained by the Department of State Police must be destroyed within 90 days rather 24 hours of the transfer; (3) provides that \$1 of the application fee for a Firearm Owner's Identification Card shall be deposited into the State Police Services Fund rather than the General Revenue Fund; and (4) amends the Criminal Code of 1961 to provide for home rule preemption of local governmental regulation of the acquisition, possession, transportation, storage, purchase, sale, or other dealings in firearms and ammunition in a manner other than as provided by State law in municipalities of less than 2,000,000 inhabitants. Effective immediately.

HOME RULE NOTE (H-AM 1)(Dept. of Commerce and Economic Opportunity)

In the opinion of DCEO, House Bill 341 (H-AM 1) pre-empts home rule authority. However, the legislation provides for an exception for the City of Chicago, and also provides an exception in which a unit of local government may also establish zoning and security requirements for the retail sale of firearms by federally licensed firearms dealers.

FISCAL NOTE (H-AM 1) (Illinois State Police)

Fiscal impact to the Illinois State Police would be \$740,000 to implement the bill, in addition to a \$70,000 annual maintenance cost for electronic process after the first year.

JUDICIAL NOTE (H-AM 1) (Admin Office of the Illinois Courts)

Would neither increase nor decrease the number of judges needed in the state.

STATE MANDATES FISCAL NOTE (H-AM 1)(Dept. of Commerce and Economic Opportunity)

In the opinion of the Department of Commerce and Economic Opportunity, House Bill 341 (H-AM 1) creates a local government organization and structure mandate for which reimbursement of the increased costs to units of local government is not required under the State Mandates Act.

Amends the Illinois Public Aid Code. Provides that, for inpatient and outpatient services provided on or after January 1, 2006, in addition to rates paid for inpatient and outpatient hospital services, the Department shall pay each hospital (except for county providers and hospitals licensed under the University of Illinois Hospital Act) an amount as determined by rule of the Department, to reimburse the hospital for the reasonable costs of complying with the Language Assistance Services Act that are attributable to serving Medicaid recipients. Effective immediately.

**FISCAL NOTE (Department of Public Aid)**

House Bill 382 is effective on January 1, 2006 in the second half of FY06. Hospital reimbursement for reasonable costs complying with the Language Assistance Service Act is estimated at \$39 million annually. This number is based on the assumption that 50% of the Hispanic and Asian population currently enrolled in Medicaid do not speak English. It is also assumed that 9% of the Medicaid population is deaf. Rates for language translation and deaf interpreter services were based on current hourly rates provided by IDHS. Language Assistance Services are eligible for Federal match.

Adds reference to:

20 ILCS 1705/72 new

Replaces everything after the enacting clause with provisions substantially similar to those of House Bill 399 as amended by House Amendment No. 1, but with changes that include the following: (1) provides that "abuse" also means a perceived immediate, threatened, or impending risk of physical injury; (2) deletes hospitals from the definition of "health care workplace", and provides that "health care workplace" does not include, and shall not be construed to include, any office of a physician licensed to practice medicine in all its branches, an advanced practice nurse, or a physician assistant, regardless of the form of such office; (3) provides that violence prevention training must address the protection of confidentiality in accordance with HIPAA and other related provisions of law; (4) eliminates "a physical assault with mild soreness, surface abrasions, scratches, or small bruises" as a type of abuse that must be described; (5) eliminates provisions for reporting violent acts to the Department of Labor and for the investigation of such violent acts; (6) eliminates provisions for issuance of an order to comply with the Health Care Workplace Violence Prevention Act and for a civil penalty for noncompliance; (7) eliminates provisions concerning circumstances under which a hospital shall be deemed to be in compliance with the Act; (8) amends the Mental Health and Developmental Disabilities Administrative Act to require the Department of Human Services, within 6 months after the effective date of this amendatory Act, to adopt rules prescribing procedures for reporting, investigating, and responding to violent acts against employees of facilities under the Department's jurisdiction; (9) eliminates failure to file a review of or changes to a workplace

Effective immediately.

FISCAL NOTE (H-AM 1) (Department of Human Services)

House Bill 399 (H-AM 1) creates additional workload for the Department of Human Services State-Operated Facilities, both Mental Health and Developmental Disabilities, that the programs do not have the resources to address. Each State operated facility would require an additional staff person in order to meet the record keeping and reporting requirements of the legislation. This would require eighteen (18) additional headcount at an average salary with fringes of \$50,000, for a cost of \$900,000.

FISCAL NOTE (H-AM 1) (Department of Public Health)

Minimal fiscal impact.

FISCAL NOTE (H-AM 1) (Budget Office)

This would require eighteen (18) additional headcount at an average salary with fringes of \$50,000, for a cost of \$900,000.

FISCAL NOTE (H-AM 1) (Department of Labor)

This legislation creates significant new responsibilities for the Department of Labor that cannot be administered with existing resources and staff. The fiscal impact is as follows: Personnel = \$683,000; Fringes = \$150,000; Travel \$39,000; Commodities = \$9,000; Printing = \$30,000; EDP Equipment = \$32,000; Telecommunications = \$12,000; Total = \$955,000.

FISCAL NOTE (H-AM 1) (Department of Human Services)

This would require eighteen (18) additional headcount at an average salary with fringes of \$50,000, for a cost of \$900,000.

#### SENATE FLOOR AMENDMENT NO. 1

In the Health Care Workplace Violence Prevention Act, deletes the definition of "abuse" and replaces references to "abuse" in the Act with references to "violent acts". Provides that "violence" or "violent act" means any act by a patient or resident (instead of a person) that causes or threatens to cause an injury to another person (instead of causes abuse of another person). Adds "a violent act requiring employee response, in the course of which an employee is injured" as a type of violent act that must be included in a health care workplace's records, and changes another such category to "a verbal or physical threat that presents imminent danger" (instead of imminent danger to an employee). In the Illinois State Auditing Act, (i) requires examination of a facility's records concerning reports of violent acts against (instead of suspected abuse of) facility staff by patients or residents and (ii) requires the Auditor General to report findings concerning violent acts against staff by patients or residents (instead of concerning abuse of facility staff).

#### SENATE FLOOR AMENDMENT NO. 3

Replaces everything after the enacting clause with provisions similar to those of House Bill 399, as amended by Senate Amendment No. 1, creating the Health Care Workplace Violence Prevention Act and amending the Mental Health and Developmental Disabilities Administrative Act, the Illinois State Auditing Act, the Community Living Facilities Licensing Act, and the Community-Integrated Living Arrangements Licensure and Certification Act, but with changes that include the following: (1) deletes references to the Department of Labor and the Director of Labor and replaces them with references to the Department of Human Services (in the case of a health care workplace that is operated or regulated by the Department of Human Services) or the Department of Public Health (in the case of a health care workplace that is operated or regulated by the Department of Public Health); (2) requires the Department of Human Services and the Department of Public Health to initially implement the Health Care Workplace Violence Prevention Act as a 2-year pilot project in which only the following health care workplaces shall participate: the Chester Mental Health Center, the Alton Mental Health Center, the Douglas Singer Mental Health Center, the Andrew McFarland Mental Health Center, and the Jacksonville Developmental Center; (3) requires facilities participating in the pilot project to provide violence prevention training by July 1, 2006, and to adopt and implement a workplace violence prevention plan and begin keeping a record of violent acts by July 1, 2007; (4) requires facilities not participating in the pilot project to adopt and implement a workplace violence prevention plan by July 1, 2008 (instead of 2006), provide violence prevention training by July 1, 2009 (instead of

2007), and begin keeping a record of violent acts by July 1, 2008 (instead of 2006); and (5) requires the Governor to convene a task force to evaluate the pilot project and make a report to the General Assembly by January 1, 2008. Effective immediately.

 815 ILCS 505/2Z from Ch. 121 1/2, par. 262Z

Amends the Illinois Insurance Code. Requires automobile insurers to allow policyholders to choose repair facilities. Allows the insurer to recommend facilities so long as the insurer informs the insured or claimant at the same time of the insured's or claimant's right to choose the facility. Prohibits the adjuster for the motor vehicle from being employed by the facility or having any direct authority over the facility's recommendations or decisions relating to the repair of the motor vehicle if the insurer owns an interest in that facility. Provides for civil penalties. Makes a violation a violation of the Consumer Fraud and Deceptive Business Practices Act and amends the Consumer Fraud and Deceptive Business Practices Act to include the violations. Requires repair facilities in which an insurer owns an interest to file an annual report delineating the number of repairs and the dollar amount when the motor vehicle owner was an insured or claimant of the insurer with the ownership interest, and those repairs as a percentage of the total repairs. Requires the Secretary to maintain the information in the reports as confidential.

820 ILCS 405/611 from Ch. 48, par. 441

Amends the Unemployment Insurance Act. Provides that none of the amount received by an individual as primary social security old age and disability retirement benefits shall constitute disqualifying income.

**HOME RULE NOTE (Department of Commerce and Economic Opportunity)**

In the opinion of the Department of Commerce and Economic Opportunity, House Bill 461 does not pre-empt home rule authority.

**STATE MANDATES FISCAL NOTE (Department of Commerce and Economic Opportunity)**

In the opinion of the Department of Commerce and Economic Opportunity, House Bill 461 does not create a State mandate under the State Mandates Act.

**FISCAL NOTE (Department of Employment Security)**

Based on actual disqualifying income data for individuals receiving Unemployment Insurance (UI) during calendar year 2004, House Bill 461 is projected to increase unemployment benefit outlays by at least \$27 million annually. If enacted, this bill will also presumably change the behavior of some individuals, motivating them to file UI claims that they otherwise would not have made. This behavioral change is somewhat unpredictable and would add to the annual costs by an undetermined amount. There would also be one-time costs of implementing the law change. There will be necessary software changes to the current UI Benefit Information System and its federal system TeleServe, a telephone voice response system for biweekly certification used by UI claimants. TeleServe changes would require in the voice system scripts and the capture of the responses. The estimated cost of these changes to the automated systems is approximately \$20,000. Another area of one-time implementation costs would be in the updating of information packets to claimants, a change in the video containing Benefit Rights Information, a change in the manual benefit certification forms mailed to UI claimants that do not use Tele-Serve and updated training information on the UI law change to IDES frontline staff. The IDES staff costs involved in implementing the law change can be thought of as opportunity costs. There should be no additional increment of staff needed to implement this law change but rather just a change in priority of what gets done when. The updating of information packets, informational videos and forms happens on an ongoing basis where there is a significant change in information. The proposed law change, in itself, would be a significant change in information to claimants and would trigger an update. At that time, other less significant changes would also be updated in the informational materials. The associated cost, including related contractual costs, is under \$50,000 and would not be entirely attributed to the proposed law change.

Amends the Public Utilities Act. Provides that every public utility that provides gas or electric service to residential customers as primary or secondary sources of heating must report all of the following information annually in writing to the Illinois Commerce Commission: (1) the number of accounts that are past due each month, (2) the aggregate amount of past due balances each month, (3) the number of disconnection notices issued to residential customers each month, (4) the number of residential customers disconnected each month, (5) the number of LIHEAP households reconnected each month, (6) the number of residential customers eligible for emergency services under the Energy Assistance Act each year, and (7) the aggregate

amount of arrears that are written off as bad business debt each year. Requires a utility to reconnect service to LIHEAP households whose service was disconnected for nonpayment if the consumer (i) pays 20% of the outstanding bill for the household or \$250, whichever is less or (ii) agrees to a payment plan negotiated with the public utility by the local area agency on behalf of the consumer. Requires an electric or gas public utility to participate in the Percentage of Income Payment Plan established under the Energy Assistance Act and establish and implement an arrearage reduction program for consumers who are participating in the Plan. Provides that, if a public utility writes off an uncollectible account arrearage as a bad business debt on its State or federal income tax return, the utility shall cease all collection activities for that debt and write the indebtedness off of its books. Amends the Energy Assistance Act. Changes references to the Department of Commerce and Economic Opportunity to the Department of Public Aid pursuant to the transfer of powers and duties under Executive Order 3 (2004). Requires the Department of Public Aid to institute a Percentage of Income Payment Plan to ensure the affordability of heating service to low income Illinois residents. Requires that the Plan be in operation by September 1, 2005. Authorizes the Department to enter into contracts and other agreements with local agencies for the purpose of administering the Plan. 305 ILCS 20/15 new

Amends the Energy Assistance Act. Provides that no later than August 1 of each year, the Director of Revenue shall calculate the total amount of tax paid pursuant to the Gas Revenue Tax Act by persons eligible to receive assistance from the Low Income Home Energy Assistance Program during the 12-month period ending the previous June 30 and the total amount of Energy Assistance Charges paid by such persons during that same period. Provides that no later than September 1 of each year, the Director of Revenue shall cause an amount equal to the amount calculated under the foregoing provision in that year to be transferred from GRF to the Supplemental Low-Income Energy Assistance Fund.

HOUSE AMENDMENT NO. 1

Replaces everything after the enacting clause. Amends the Energy Assistance Act. Provides that each year, the Director of Public Aid shall determine the percentage of residential gas utility customers enrolled in the Low Income Home Energy Assistance Program for the 12 months ending the previous June 30. Provides that no later than September 15 of each year, the Director of Public Aid shall certify to the Treasurer of the State of Illinois the amount of money equaling the proportion of residential taxes paid by regulated gas utilities pursuant to the Gas Revenue Tax Act and the Gas Use Tax Act for households that received assistance from the Low Income Home Energy Assistance Program during the 12 months ending the previous June 30. Provides that the Treasurer shall transfer 50% of that amount of money into the Supplemental Low Income Energy Assistance Fund by September 30.

FISCAL NOTE (Illinois Department of Revenue)

The average Gas Revenue Tax payment per customer is approximately \$30.00 per year and the average energy assistance charge per customer is approximately \$4.80 per year. There are approximately 316,000 LIHEAP recipients. Therefore, the total amount of Gas Revenue Tax payments and energy assistance charges paid by LIHEAP recipients is estimated to be approximately \$10,996,800 per year. House Bill 466 would require that amount to be transferred each year from the General Revenue Fund to the Supplemental Low-Income Energy Assistance Fund. However, the Department of Revenue does not know who receives LIHEAP payments or the actual amount of Gas Revenue Payments and energy assistance charges that are made by those LIHEAP recipients. The Department of Revenue would incur undetermined but significant administrative costs to determine those amounts.

Amends the Illinois Income Tax Act to create the income tax credit for participating energy providers under the pilot program. Amends the Use Tax Act, the Service Use Tax Act, the Service Occupation Tax Act, and the Retailers' Occupation Tax Act; provides that, beginning January 1, 2006 and through January 31, 2006, the tax with respect to energy-efficient products is imposed under these Acts at the rate of 1.25% (eliminating the State's portion of the tax); also amends the State Finance Act to adjust the distribution with respect to this tax. Provides that the Treasurer shall transfer 100% of that amount of money into the Supplemental Low Income Energy Assistance Fund by January 31, 2006. Effective immediately.

SENATE FLOOR AMENDMENT NO. 4

Provides that the use and occupation taxes on energy-efficient products is imposed, from January 1, 2006 through January 31, 2006, at a rate of 1% (instead of 1.25%), and that the lower rate applies to those energy-efficient products that are designed for use in residential structures (instead of products for use in residential structures).

ILCS 5/212

Amends the Illinois Income Tax Act. Increases the amount of the earned income tax credit from 5% of the federal credit to: (i) 10% of the federal tax credit for taxable years beginning on or after January 1, 2005; (ii) 15% of the federal tax credit for taxable years beginning on or after January 1, 2007; and (iii) 20% of the federal tax credit for taxable years beginning on or after January 1, 2009. Effective immediately.

FISCAL NOTE (Department of Revenue)

In tax year 2003, the earned income credit was worth a total of approximately \$66 million, of which approximately \$13 million was paid by the Department of Human Services from Temporary Assistance for Needy Families Block Grant Moneys (TANF Block Grant Moneys) and approximately \$53 million was from reduced taxes. Assuming a continuation of the historic 4% annual growth in the amount of the credit, the amount of credit in future years as amended by House Bill 470 would be as follows: (1) In Tax Year 2004 the total State Earned Income Credit would be worth approximately \$69 million, of which approximately \$14 million would be paid by the Department of Human Services from TANF Block Grant Moneys and approximately \$55 million would result from reduced taxes. (2) In Tax Year 2005 the total State Earned Income Credit would be worth approximately \$143 million, of which approximately \$56 million would be paid by the Department of Human Services from TANF Block Grant Moneys and approximately \$87 million would result from reduced taxes. (3) In Tax Year 2006 the total State Earned Income Credit would be worth approximately \$148 million, of which approximately \$58 million would be paid by the Department of Human Services from TANF Block Grant Moneys and approximately \$90 million would result from reduced taxes. (4) In Tax Year 2007 the total State Earned Income Credit would be worth approximately \$229 million, of which approximately \$114 million would be paid by the Department of Human Services from TANF Block Grant Moneys and approximately \$115 million would result from reduced taxes. (5) In Tax Year 2008 the total State Earned Income Credit would be worth approximately \$238 million, of which approximately \$119 million would be paid by the Department of Human Services from TANF Block Grant Moneys and approximately \$119 million would result from reduced

taxes. (6) In Tax Year 2009 the total State Earned Income Credit would be worth approximately \$326 million, of which approximately \$186 million would be paid by the Department of Human Services from TANF Block Grant Moneys and approximately \$140 million would result from reduced taxes.

#### FISCAL NOTE (H-AM 1) (Dept of Commerce and Economic Opportunity)

30 ILCS 500/53-10

30 ILCS 605/7.6 new

Amends the State Property Control Act to establish restrictions on and procedures for the State's awarding of naming and sponsorship rights relating to State property. Amends the Illinois Procurement Code to make corresponding changes. Effective immediately.

**HOUSE AMENDMENT NO. 1**

Deletes everything after the enacting clause. Reinserts the provisions of the introduced bill with these changes: makes the naming and sponsorship requirements prospective only; authorizes imprints and other identifying information as well as signs and placards; allows for periodic payment of license fees; deletes the prohibition on lobbyists and those doing business with the State from acquiring naming and sponsorship rights; requires publication in the Procurement Bulletin (rather than a newspaper); requires public institutions of higher education to consent to a license and allows that institution to designate a fund or account of the institution for deposit of fees; makes certain exceptions for donated land or buildings; allows licenses with respect to historic sites if the property is a university sports stadium and the applicable federal or State agency consents; limits the Executive Ethics Commission's review to ethical and ethics related standards imposed by the law and on avoiding the appearance of impropriety; requires the Commission to act with reasonable promptness and not to unreasonably withhold its approval; and makes the provisions subject to laws concerning blind vendors. Effective September 1, 2005.

FISCAL NOTE (H-AM 1) (Department of Central Management Services)

The Department of Central Management Services anticipates no fiscal impact from this bill.

**HOUSE AMENDMENT NO. 2**

Deletes everything after the enacting clause. Reinserts the provisions of House Amendment No. 1 with changes relating to properties with respect to which licenses may not be granted, license terms of 10 years (instead of 5 years), personal gifts, "official" designations, negotiation of multiple licenses as part of a single process, the

administrator for property and other assets of institutions of higher education and executive branch constitutional officers, naming and sponsorship rights for small consideration, applicability to State Fairs beginning January 1, 2006, retention of records, deposit of funds, and prequalification of proposers. Exempts property of the legislative and judicial branches. Makes other changes. Effective immediately.

HOUSE AMENDMENT NO. 3

Provides that in the case of naming or sponsorship rights for a single event or a continuous series of related events, the administrator may grant multiple licenses not based on the standard of "highest and best proposals" if the end result is the most beneficial to the State. Further provides that the Executive Ethics Commission may adopt rules authorizing the administrator to grant licenses without pre-approval, but the rules must specify, by category, those emergency and other extenuating situations in which pre-approval is waived, must provide for prompt review by the Commission after the granting of the license, and may contain other provisions the Commission deems necessary to prevent abuse of this procedure. Changes the threshold amount for licenses granted for small consideration from \$10,000 to \$25,000.

FISCAL NOTE (H-AM 2) (Central Management Services)

The Department of Central Management Services anticipates that the fiscal impact from this bill would be impossible to currently quantify due to the lack of availability of historic data concerning these proposed legislative changes. However, the Department feels that the fiscal implications of these changes have the potential to be significant.

305 ILCS 5/9A-11 from Ch. 23, par. 9A-11

Amends the Illinois Public Aid Code. In provisions concerning child care for TANF recipients, provides that in order to determine child care base reimbursement rates, the Department of Human Services shall conduct, every other year, a market rate survey of the licensed child care providers in the State. (Removes a provision concerning a market rate survey to be completed by July 1, 1998.) Provides that the Department may establish varying child care base reimbursement rates based on age classifications and groupings of counties reflective of variations in the price of child care as determined by the market rate survey. Provides that not later than the start of the first fiscal year following the effective date of this amendatory Act, all base reimbursement rates for licensed child care providers shall thereafter be set at not less than the 50th percentile and shall not exceed the 75th percentile as determined by the most recent market rate survey. Makes provision for percentile adjustments, rates for registered legally license-exempt home child care providers, and providers who serve children with a special need. Requires the Department to implement a tiered rate reimbursement system under which child care providers who attain benchmarks of higher quality child care shall receive a premium in addition to the base reimbursement rate. Provides that child care providers who accept reimbursement from the Department under these provisions may not charge a parent receiving child care assistance a rate in excess of the parent's co-payment. Removes a provision that the Department shall, by rule, set rates to be paid for the various types of child care. Effective immediately.

New Act

Creates the Mercury-Free Vaccine Act. Provides that a person who is knowingly pregnant or who is under 3 years of age shall not be vaccinated with a mercury-containing vaccine or injected with a mercury-containing product that contains more than 0.5 micrograms of mercury per 0.5 milliliter dose. Provides that a person who is knowingly pregnant or who is under 3 years of age shall not be vaccinated with a mercury-containing influenza vaccine that contains more than 1.0 microgram of mercury per 0.5 milliliter dose. Provides an exemption for the use of mercury-containing vaccines if the Department of Public Health finds that an actual or potential bio-terrorist incident or other actual or potential public health emergency, including an epidemic or shortage of supply of a vaccine that would prevent children under 3 years of age and knowingly pregnant women from receiving the needed vaccine, makes necessary the administration of a vaccine containing more mercury than the maximum level.

SENATE FLOOR AMENDMENT NO. 2

Deletes everything after the enacting clause. Creates the Mercury-Free Vaccine Act. Provides that, commencing January 1, 2007, no person shall be vaccinated with a vaccine or injected with any product that contains or, prior to dilution, had contained as an additive, thimerosal or other mercury-based product, whether at preservative or trace amount levels. Provides that the Department of Public Health may exempt the use of a vaccine from the Act if the Department finds that an actual or potential bio-terrorist incident or other actual or potential public health emergency, including an epidemic or shortage of supply of a vaccine at a reasonable cost makes necessary the administration of a vaccine containing mercury at either preservative or trace amount levels. List the conditions that must be met to qualify for the exemption under the Act.

SENATE FLOOR AMENDMENT NO. 5

Deletes everything after the enacting clause. Creates the Mercury-Free Vaccine Act. Provides that: (1) commencing January 1, 2006, a person shall not be vaccinated with a mercury-containing vaccine that contains more than 1.25 micrograms of mercury per dose; and (2) commencing January 1, 2008, no person shall be vaccinated with a vaccine or injected with any product that contains, or prior to dilution, had contained as an additive, any mercury based product, whether at preservative or trace amount levels. Provides that the Department of Public Health may exempt the use of a vaccine from the Act if the Department makes certain findings and specified conditions are met.

Amends the Counties Code to provide that a county may deposit public moneys in a credit union, provided that the credit union complies with the Public Funds Investment Act; applies to counties having a population under 150,000 and counties having a population over 150,000. Substitutes Public Funds Investment Act reference for an outdated reference. Makes related changes. Effective immediately.

FISCAL NOTE (Dept of Financial and Professional Regulation)  
 Based on a review of House Bill 512, the Department of Financial and Professional Regulation does not believe this legislation will create a negative fiscal impact. An implementation issue could exist regarding whether the deposits are insured, and if so, only to the insurance limit. However, the agency feels this issue can be handled by current staff. Increased revenues could be expected in the Division of Financial Institutions as the administrative fees charged to Credit Unions are assessed based on asset size. However, a correlating reduction in revenue from Banks and Savings and Loans could also occur in the Division of Banks and Real Estate. As a result, it is

expected that the impact on revenues would approximate a net wash. It is difficult to estimate this impact since the amount of funds that could change from Banks and Savings and Loans to Credit Unions is not known.

20 ILCS 1805/28.9

Amends the Military Code of Illinois. Provides that on or after July 1, 2006, if the Adjutant General determines that Illinois National Guard personnel are not available to perform military funeral honors, the Adjutant General may authorize another appropriate organization to provide one or more of its members to perform those honors and, subject to appropriations for that purpose, shall authorize the payment of a \$100 stipend to the organization. Provides that the Code does not establish any entitlement to military funeral honors if the Adjutant General determines that such other appropriate personnel are not available to perform those honors or if adequate appropriated funds are not available. Effective July 1, 2006.

**FISCAL NOTE (Department of Military Affairs)**

The Department does not currently have any appropriated funds for military funeral honors. In the previous fiscal year, Illinois National Guard personnel were not available to provide military funeral honors for approximately 400 funerals. Based upon this experience, \$40,000 (400 funerals multiplied by \$100) would need to be appropriated to the Department of Military Affairs for this purpose.

New Act

Creates the Motor Fuel Fair Marketing Practices Act. Prohibits price gouging on the retail sale of motor fuel in response to the occurrence of a disaster. Provides that a violation of the federal Robinson-Patman Act with respect to the retail sale of motor fuel constitutes a violation of this Act. Prohibits the practice of selling motor fuel at retail prices that are below cost, where the effect is to injure or lessen competition. Provides for investigation and enforcement by the Attorney General. Provides for civil penalties for a violation of the Act. Effective July 1, 2005.

HOUSE AMENDMENT NO. 1

Deletes everything after the enacting clause. Creates the Motor Fuel Fair Marketing Practices Act with provisions different than those contained in the new Act that was created by the introduced bill. Provides that it is a violation of the Act to engage in motor fuel price gouging in response to the occurrence of a national disaster or State emergency, except where the sale is both an isolated and inadvertent incident. Provides that in certain instances it is not a violation of the Act to sell or advertise for sale motor fuel at a retail price that would constitute a below cost sale. Allows concessions of up to 5% of the motor fuel sale, provided that the concessions are not given by the motor fuel retailer or an affiliate, that the cost of the concessions are not borne by the motor fuel retailer or affiliate, and that the concessions do not reduce the pump price and net amount paid for the motor fuel at the time of the sale. Provides that if there is a concession that exceeds 5%, that otherwise meets the specified criteria, the motor fuel retailer is required to take certain actions to stop the excess portion of the concession. Provides that the Department of Revenue and the Attorney General shall have certain powers and duties under the Act. Establishes a Motor Fuel Cost Review Board. Provides the remedies and penalties for selling motor fuel below cost and price gouging.

Amends the Service Member's Employment Tenure Act. Provides that each person scheduled to begin employment with a private employer or with the State of Illinois or a political subdivision who, for the purpose of entering the military service, has left or leaves such scheduled-to-begin-employment status and actually entered the military service and who thereafter (1) receives a certificate or other evidence of honorable discharge or satisfactory completion of military service, (2) is, at the time of such discharge or completion of military service, still qualified to perform the duties of the position of employment which he or she was scheduled to begin, and (3) makes application for re-employment within 90 days after being relieved from such military service, or from hospitalization continuing after discharge for a period of not more than one year, shall be restored by the employer to the position of scheduled-to-begin-employment status which he or she left with the same increases in status, seniority, and wages that were earned during his or her term of military service by employees in like positions who were on the job at the time the returning service member entered the service, or to a position of like seniority, status, and pay, unless the employer's circumstances have so changed as to make it impossible or unreasonable to do so. Extends other protections of the Act to service members who were scheduled to begin employment at the time they entered military service. Effective immediately.

HOUSE AMENDMENT NO. 1

Deletes reference to:

330 ILCS 60/4

Adds reference to:

20 ILCS 1805/22-10 new

330 ILCS 60/4.5 new

Replaces everything after the enacting clause. Amends the Military Code of Illinois and the Service Member's Employment Tenure Act. In the Service Member's Employment Tenure Act, provides that if an employer has given an individual a date upon which that individual is to commence performing services for the employer but the individual is called to active military duty before the date on which the individual's services were to have commenced, then the employer, upon request made by the individual, shall provide the individual with a written copy of the employment offer. Sets forth the minimum contents of the written copy of the employment offer. Provides that if an individual, upon honorable discharge from the military or satisfactory completion of his or her military service, is still qualified to perform the duties of the position for which he or she was first offered employment, and if the individual makes application with the employer within 90 days after he or she is relieved from military service, then the individual shall be given preference for employment with that employer. Provides that if circumstances have so changed as to make it impossible or unreasonable for the employer to employ the individual immediately, the individual shall remain eligible to begin such employment for a period of up to one year after the date the individual first notified the employer of his or her desire to perform such services. Provides that these provisions (i) do not apply if the original offer of work was limited to part-time employment, temporary employment, or casual labor and (ii) do not require an employer to hold a job position open or create additional employment to satisfy the requirements of these provisions. Under the Military Code of Illinois, requires the Adjutant General to give notice of these provisions and of the provisions of current law concerning restoration to a position of employment after completion of military service to persons who are called to active military duty. Effective immediately.

HOUSE AMENDMENT NO. 2

Replaces everything after the enacting clause with provisions substantially similar to those of House Amendment No. 1, amending the Military Code of Illinois and the Service Member's Employment Tenure Act, except also provides that nothing in the amendatory provisions added to the Service Member's Employment Tenure Act requires an employer to violate any employment law, collectively bargained employment recall, or other employment obligation to satisfy the requirements of those provisions.

Amends the Whistleblower Reward and Protection Act. Provides that the State of Illinois shall also receive an amount for reasonable expenses that the court finds to have been necessarily incurred by the Attorney General, including reasonable attorneys' fees and costs, and the amount received by the State of Illinois, exclusive of any proceeds, reasonable expenses, reasonable attorneys' fees and costs that have been awarded to a Qui Tam plaintiff or any entity other than the State of Illinois or a State agency, shall be deposited in the Whistleblower Reward and Protection Fund created under the Act. Creates the Department of Health Professional Regulation Act. Creates the Department of Health Professional Regulation as a department of State government. Transfers to the Department of Health Professional Regulation all of the functions of the Department of Financial and Professional Regulation in connection with specified professional regulatory Acts concerning the provision of health care. Provides for the transfer of employees, books and records, and unexpended appropriations from the Department of Financial and Professional Regulation to the Department of Health Professional Regulation. Contains other provisions to implement the transfer of functions from the Department of Financial and Professional Regulation to the Department of Health Professional Regulation. Amends the Civil Administrative Code of Illinois and various professional regulatory Acts to make conforming changes. Effective July 1, 2005.

**FISCAL NOTE (Dept. of Financial and Professional Regulation)**

Based on Profession Cost Study information from the Department of Financial and Professional Regulation, it is estimated that approximately \$17.7 million in appropriation would occur from the Department of Financial and Professional Regulation to the Department of Health Professional Regulation as a result of the shift on statutory responsibility for health-related professions. It is estimated that an additional \$7.3 million would be needed to cover agency startup costs to provide for ongoing administrative and support staff and to cover projected information technology, office space, equipment and infrastructure needs. It is expected that the total estimated appropriation need for the new agency would be roughly \$25 million in FY06 if this bill were enacted.

**STATE MANDATES FISCAL NOTE (Department of Commerce and Economic Opportunity)**

In the opinion of the Department of Commerce and Economic Opportunity, this legislation does not create a State mandate under the State Mandates Act.

JUDICIAL NOTE (Admin Office of the Illinois Courts)

Based on a review of House Bill 639 it has been determined that the legislation would neither increase nor decrease the number of judges needed in the State.

STATE MANDATES FISCAL NOTE (Department of Commerce and Economic Opportunity)

In the opinion of the Department of Commerce and Economic Opportunity, House Bill 639 creates a local government organization and structure mandate for which reimbursement of the increased costs to units of local government is not required under the State Mandates Act.

FISCAL NOTE (Dept. of Financial & Professional Regulation)

The Department does not believe that HB639 will have a fiscal impact on the agency.

Establishes a preference in an entrance examination of 5 points for a person if: (i) he or she has been discharged from a prison of this State; (ii) he or she has been wrongfully accused of a crime for which he or she was imprisoned; and (iii) a court of competent jurisdiction finds that the evidence that resulted in his or her conviction was erroneous or that new evidence indicates that the person did not commit the crime for which he or she was imprisoned. Amends the Court of Claims Act. Grants the court exclusive jurisdiction over claims for time unjustly served when the person was wrongfully accused of the crime for which he or she was imprisoned and a court of competent jurisdiction finds that the evidence that resulted in his or her conviction was erroneous or that new evidence indicates that the person did not commit the crime for which he or she was imprisoned (instead of jurisdiction where the persons shall receive a pardon by the Governor stating that such pardon is issued on the ground of innocence of the crime for which they were imprisoned). Increases the maximum statutory awards to a person released from prison because of these factors. Effective immediately.

**HOUSE AMENDMENT NO. 1**

- Adds reference to:  
705 ILCS 505/24.5 new

Deletes everything after the enacting clause. Reinserts the provisions of the original bill with the following changes. In the Personnel Code qualifications for a preference in entrance examinations, provides that, as a requirement for qualification, either a court of competent jurisdiction finds that the evidence that resulted in his or her conviction was erroneous or that new evidence indicates that the person did not commit the crime for which he or she was imprisoned or the accused received a pardon from the Governor stating that the pardon was issued on the ground of innocence of the crime for which he or she was imprisoned. Further amends the Court of Claims Act. Provides that claims arising out of unjust imprisonment must

be automatically heard by the court within 120 days after the person unjustly imprisoned is discharged from prison (rather than heard and paid). Restores language concerning the jurisdiction of the court for claims of unjust imprisonment where the accused received a pardon from the Governor stating that the pardon was issued on the ground of innocence of the crime for which the person was imprisoned. Provides that the court must direct payment of each claim for wrongful imprisonment and the payment must be received by the claimant within 60 days after the date that the funds are appropriated for that purpose (rather than 120 days after discharge from prison). Requires that, in the case of an unjust imprisonment where a judgment has been rendered against the State in favor of a person who was wrongfully imprisoned, the county where the case for imprisonment originated shall reimburse the State for the full amount of the judgment. Makes other changes. Effective immediately.

New Act

Creates the Prescription Drug Ethical Marketing Act. Requires every manufacturer and labeler that sells prescription drugs in the State to disclose to the Director the value, nature, and purpose of any gift, fee, payment, subsidy, or other economic benefit provided in connection with detailing or promotional or other marketing activities by the company, directly or through its pharmaceutical marketers, to any physician, hospital, nursing home, pharmacist, health benefit plan administrator, or any other person in the State authorized to prescribe or dispense prescription drugs. Requires the Director to report to the Governor and the General Assembly on the disclosures. Provides exceptions to the disclosures. Provides for injunctive relief and civil penalties for failure to disclose.

HOUSE AMENDMENT NO. 1

Deletes everything. Inserts provisions substantially similar to those of HB 656, except: provides that "labeler" does not include a retail pharmacy or pharmacist that labels a prescription vial; and excludes pharmacists from language requiring manufacturers and labelers to disclose gifts, fees, payments, subsidies, and other economic benefits to certain persons.

20 ILCS 105/4.02 from Ch. 23, par. 6104.02  
 20 ILCS 2405/3 from Ch. 23, par. 3434

Amends the Illinois Act on the Aging and the Disabled Persons Rehabilitation Act. Provides that subject to an increase in the rates paid to chore/housekeeping and homemaker service vendors contracting with the Department on Aging, these service vendors must pay a minimum amount into a fund providing certain health care benefits. Provides that for 2006, minimum funding must equal \$1.40 for each hour of chore/housekeeping and homemaker services performed pursuant to a vendor's contract with the Department. Allows for proportionate increases in subsequent years to reflect changes in the cost of medical services. Requires that the health care fund provide coverage to employees, certain persons under contract with the vendor and providing more than 80 hours of chore/housekeeping or homemaker service per month, and the dependents of these individuals. Provides that if a vendor fails to pay a required amount into the fund, the vendor must pay that amount to the Department. Allows the Department's annual audit to assure that audited vendors are complying with these health care benefit funding provisions. Requires the Department of Human Services under the Disabled Persons Rehabilitation Act to pay an amount into a fund to provide health care coverage for individuals who perform more than 80 hours of preventive services per month. Provides that the amount must equal \$1.40 for each hour of preventive services provided under the program. Makes other changes. Effective immediately.

**FISCAL NOTE (Department of Aging)**

The FY06 estimated cost of this rate increase is \$34.4 million gross, or approximately \$25.8 million net of Medicaid federal financial participation. This amount would increase annually due to growth in program service utilization and the legislation's requirement that the \$1.40 per hour be adjusted annually to reflect the medical component of the Consumer Price Index.

20 ILCS 105/4.02 from Ch. 23, par. 6104.02  
20 ILCS 2405/3 from Ch. 23, par. 3434

Amends the Illinois Act on the Aging and the Disabled Persons Rehabilitation Act. In provisions for a community care program of services to prevent unnecessary institutionalization of persons age 60 and older, persons with Alzheimer's disease and related disorders, and persons in need of long-term care who are established as blind or disabled, provides that the eligibility standards for the services must include a provision that, to be eligible for services, a person may not have assets totaling more than \$15,000 in FY06, \$17,500 in FY07, and \$20,000 in FY08 and thereafter if (i) the person is unmarried or (ii) the person is married and the person or the person's spouse meets certain criteria. Provides that if the person is married and the person's spouse does not receive community care services, the person may not have assets totaling more than the asset disregard amount used by the Department of Public Aid in determining eligibility for medical assistance under the Illinois Public Aid Code. Provides that a person who does not meet the eligibility standards for services to prevent unnecessary institutionalization because of excess assets may establish eligibility for those services by paying a monthly amount to the Department on Aging or Department of Human Services as a spend-down or deductible. Effective immediately.

**FISCAL NOTE (Department of Public Aid)**

The Department of Public Aid (DPA) is a pass-through agency only for Federal match for Medicaid eligible persons receiving community care and home services through the Department on Aging (DoA) and the Department of Human Services (DHS) waivers. As written, the bill may require DoA and DHS to provide the same services for non-Medicaid eligible persons. This would be at 100% cost to the State.

**FISCAL NOTE (Department on Aging)**

Fiscal impact to the Illinois Department on Aging: FY06 increase to \$15,000 for a \$5.0 to \$6.7 million estimated annualized 12-month cost; FY07 increase to \$17,000 for an additional \$5.1 to \$6.8 million estimated annualized 12-month cost; FY08 increase to \$20,000 for an additional \$5.2 to \$6.9 million estimated annualized 12-month cost. The full impact of this legislation, which would be realized after FY08, is estimated within the range of \$15.3 million to \$20.4 million annually. The Department estimates that few, if any, of these new costs would be claimable through the Medicaid waiver since these clients would be well above the Medicaid nonexempt asset standard of \$2,000. The Department on Aging defers to the Department of Human Services for the HSP cost impact.

**FISCAL NOTE (Department of Human Services)**

Less than \$1 Million

20 ILCS 2405/3 from Ch. 23, par. 3434

Amends the Disabled Persons Rehabilitation Act. Provides that the Department of Human Services shall establish and maintain a publicly accessible online registry of all homemakers who are currently employed through a Community Care Program homemaker provider. Sets forth the requirements for the registry, including: (i) the name of the homemaker, (ii) his or her current address, (iii) the date and location of the pre-service training completed by the individual, (iv) the date of the individual's last criminal background check, and (v) the date and location of all in-service training completed by the individual. Provides that the Department shall update this registry on a quarterly basis. Effective January 1, 2006.

FISCAL NOTE (Department on Aging)

Assuming the legislation is amended to amend the Illinois Act on the Aging to require the Ill. Department on Aging (IDoA) to establish and maintain a homemaker registry, the IDoA estimates the cost of this registry at approximately \$400,000, of which \$275,000 are one-time expenses. This cost reflects a one-time \$250,000 contract for a consultant to establish the web-based registry, \$25,000 for a server, and approximately \$125,000 for two staff persons to maintain the registry as well as to monitor the required informational elements (e.g., date and location of homemaker training).

## New Act

Creates the Restroom Access Act. Requires a retail establishment that has a toilet facility for its employees to allow a customer to use that facility during normal business hours if the following conditions are met: (1) the customer requesting the use of the employee toilet facility suffers from an eligible medical condition or utilizes an ostomy device; (2) three or more employees of the retail establishment are working at the time the request is made; (3) the retail establishment does not normally make a restroom available to the public; (4) the employee toilet facility is not located in an area where providing access would create an obvious health or safety risk to the customer; and (5) a public restroom is not immediately accessible to the customer. Provides circumstances in which the retail establishment or an employee would not be civilly liable for any act or omission in allowing a customer to use an employee toilet facility. Provides that a retail establishment is not required to make any physical changes to an employee toilet facility. Provides a penalty of not more than \$100 for a violation of the Act. Effective immediately.

## HOUSE AMENDMENT NO. 1

Provides that a "retail establishment" does not include a filling station or service station, with a structure of 800 square feet or less, that has an employee toilet facility located within that structure.

## HOUSE AMENDMENT NO. 2

Provides that in addition to certain conditions being met, a retail establishment that has a toilet facility for its employees shall allow a customer to use that facility during normal business hours if the toilet facility is reasonably safe. Provides that a retail establishment or an employee of a retail establishment is not civilly liable for any act or omission in allowing a customer that has an eligible medical condition (instead of a customer) to use an employee toilet facility that is not a public restroom if the act or omission meets specified conditions.

**HOUSE AMENDMENT NO. 1**

Deletes reference to:

- 105 ILCS 5/14A-60 new
- 105 ILCS 5/14A-65 new

Deletes everything after the enacting clause. Reinserts the contents of the bill with the following changes. Provides that the Article applies beginning with the 2006-2007 school year, rather than the 2005-2006 school year. Provides that school districts shall continue to have the authority and flexibility to design (rather than the authority and responsibility to develop) education programs for gifted and talented children in response to community needs and that these programs must comply with the requirements established in the Article by no later than September 1, 2006 in order to merit recognition by the State Board of Education and to qualify for State funding for the education of gifted and talented children, should such funding become available. Provides that a child shall be considered gifted and talented in any area of aptitude and, specifically, in language arts and mathematics, by scoring in the top 5% locally in that area of aptitude. Removes the provisions concerning early identification, eligibility, State supervision, monitoring, and oversight, annual reports, school improvement plans, and teacher certification and professional development. Sets forth minimum requirements that must be met by local programs for the education of gifted and talented children in order for the programs to be recognized by the State Board of Education and to qualify for State funding and requires the local educational agency operating the program to submit a written program description to the State Board demonstrating the fulfillment of the requirements. Sets forth the administrative functions of the State Board, including the designation of a staff person who shall be in charge of educational programs for gifted and talented children. Makes other changes. Effective

immediately.

SENATE COMMITTEE AMENDMENT NO. 1

Changes certain references from recognition by the State Board of Education to approval by the State Board of Education. Provides that a local program for the education of gifted and talented children must use a minimum of 3 assessment measures used to identify gifted and talented children in each area in which a program for gifted and talented children is established (rather than in each area of aptitude) and provide a fair and impartial appeal process within the school, school district, or cooperative of school districts operating a program (rather than within the local educational agency) for parents or guardians of aggrieved children. Provides that a local program for the education of gifted and talented children must provide a description of how gifted and talented children will be grouped and instructed in order to maximize the educational benefits the children derive from participation in the program (rather than a description of how the children will be grouped and instructed in language arts and in mathematics in order to maximize the educational benefits they derive from participation in a program addressing those areas of aptitude) and a showing that the certified teachers who are assigned to teach gifted and talented children understand the characteristics and educational needs of the children and are able to differentiate the curriculum (rather than are qualified to address the educational needs of the children and to differentiate the curriculum). Provides that initially, 4 members of the Advisory Council shall serve terms through January 1, 2007 and 3 members will serve terms through January 1, 2009. Makes other changes.

SENATE FLOOR AMENDMENT NO. 2

Adds reference to:

105 ILCS 5/10-22.3a

from Ch. 122, par. 10-22.3a

Further amends the School Code. With respect to school districts other than the Chicago school district, provides that nothing contained in the School Code may preclude an elected school board member from participating in a group health insurance program provided to an employee of the school district that the board member serves if the board member is a spouse or unmarried child of that employee.

New Act

Creates the Illinois Project Labor Agreement Act. Provides that on a project-by-project basis, a State department, director, agency, authority, or instrumentality shall include a project labor agreement on a public works project when it has been determined that a project labor agreement advances the State's interests of cost, efficiency, quality, safety, timeliness, skilled labor force, and labor stability. Defines a "project labor agreement" as a form of pre-hire collective bargaining agreement covering terms and conditions of a specific project. Provides that when it has been determined that a project labor agreement is appropriate for a particular public works project, a State department, director, agency, authority, or instrumentality responsible for implementing the project shall either: (1) in good faith negotiate a project labor agreement with labor organizations engaged in the construction industry that represent experienced and skilled construction workers; or (2) condition the award of a project manager or general contractor upon a requirement that the manager or contractor negotiate in good faith a project labor agreement with labor organizations engaged in the construction industry and, if necessary, use the Department of Labor to reach a project labor agreement. Provides that in the event that the State department, agency, authority, board, or instrumentality and the labor organizations engaged in the construction industry cannot agree to the terms of the project labor agreement, the Governor shall appoint a designee to assist the parties in reaching an agreement. Provides that the State department, authority, or instrumentality may reserve the right to approve the negotiated project labor agreement. Establishes the requirements of a project labor agreement. Provides that any decision to use a project labor agreement in connection with a public works project by a State department, director, agency, authority, board, or instrumentality shall be supported by a written, publicly disclosed finding by such department, director, agency, authority, board, or instrumentality setting forth the justification for use of the project labor agreement. Provides that the provisions of the Act are severable. Effective immediately.

HOUSE AMENDMENT NO. 1

Amends the Illinois Horse Racing Act of 1975. Provides that, on and after the effective date of this amendatory Act, every organization licensee and inter-track wagering location licensee shall pay a pari-mutuel tax at the rate of 1.1% of daily pari-mutuel handle; except that each organization licensee whose track facilities are located in counties of less than 400,000 and that was operating on or before June 1, 1986 and each inter-track wagering location licensee that derives its license from a track located in a county with a population in excess of 230,000 and that borders the Mississippi River shall instead pay a pari-mutuel tax at the rate of 0.1% of daily pari-mutuel handle. Provides that if certain circumstances occur, every organization licensee and inter-track wagering location licensee shall instead pay a pari-mutuel tax at the rate of 1.5% of daily pari-mutuel handle. Effective immediately.

FISCAL NOTE (Department of Revenue)

House Bill 916 would reduce pari-mutuel tax receipts by at least \$4.18 million per year and could reduce those tax receipts by up to \$7.88 million per year. House Bill 916 eliminates the tax on inter-track wagering licenses, which would reduce pari-mutuel tax revenues by \$4.18 million per year. House Bill 916 also reduces the pari-mutuel tax rate on organization licenses and inter-track wagering location licensees, which would reduce pari-mutuel tax revenues by an additional \$3.7 million per year if in effect for the entire year. If one of 2 triggering events occur, the tax rate on organization licensees and inter-track wagering location licensees would increase to the current 1.5% rate, which would reduce the \$3.7 million loss from the portion of pari-mutuel taxes paid by organization licensees and inter-track wagering location licensees.

730 ILCS 5/5-5-3 from Ch. 38, par. 1005-5-3

Amends the Unified Code of Corrections. Provides that a person convicted of or placed on supervision for prostitution shall be referred to a community based behavioral health continuum or care facility for addiction evaluation and treatment.

**HOUSE AMENDMENT NO. 1**

Makes provisions concerning addiction evaluation and treatment for a person convicted of prostitution subject to appropriations.

**FISCAL NOTE (Department of Human Services)**

Provides that a person convicted of or placed on supervision for prostitution shall be referred to a community based behavioral health continuum or care facility for addiction evaluation and treatment. According to Illinois State Police criminal history record information, there are an average of 1,436 individuals convicted for prostitution each year. An evaluation would require 2 hours of outpatient individual services at \$58.56 per hour and approximately 10% of these individuals would require treatment at an average rate of \$2,300 per year. If none of these individuals were able to pay for services, the additional cost to DHS would be an estimated \$500,000.

**FISCAL NOTE (Dept of Corrections)**

House Bill 976 mandates a person released to mandatory supervised release (MSR) after serving a sentence for prostitution to be referred to a community-based behavioral health continuum or care facility for additional evaluation and treatment. There will be associated administrative costs as Department staff must spend additional time with inmates before release and while on MSR in order to meet the requirements that are outlined in this legislation. However, the fiscal impact is expected to be minimal.

**CORRECTIONAL NOTE (Dept of Corrections)**

House Bill 976 mandates a person released to mandatory supervised release (MSR) after serving a sentence for prostitution to be referred to a community-based behavioral health continuum or care facility for additional evaluation and treatment. There will be associated administrative costs as Department staff must spend additional time with inmates before release and while on MSR in order to meet the requirements that are outlined in this legislation. 625 ILCS 5/12-812.2 new

Amends the Illinois Vehicle Code. Provides that any school bus purchased on or after January 1, 2006 to transport students to or from any school for grades K through 12 supported in whole or in part by State funds must be equipped to use biodiesel fuel. Provides that any school bus used to transport students to or from a school covered by the provision must use biodiesel fuel unless biodiesel fuel is unavailable in the vicinity of the school or unless the school bus is not equipped to use biodiesel fuel. Provides that the Secretary of Transportation shall adopt rules for implementing the new provision. Effective immediately.

STATE MANDATES FISCAL NOTE (Illinois State Board of Education)

The language in this bill is unclear and depending on interpretation this may negatively impact school districts financially. Currently, the bill says "any school bus purchased on or after January 1, 2006...must be equipped to use biodiesel fuel". Further in paragraph (b)(ii) the language says "unless the school bus is not equipped to use biodiesel!". It is assumed that this language is alluding to the fact that many districts purchase "used" school buses; however, there is not a clear definition as to whether or not the language in (b)(ii) includes flexibility to purchase a "used" school bus that is gasoline powered on or after January 1, 2006 whether or not they would be required to retrofit the bus for biodiesel due to the fact that retrofitting costs for biodiesel would be sizable. Type I (big yellow school buses which have a gross weight of more than 10,000 pounds) were manufactured with both gasoline and diesel engines through 2002. After 2002, Type I buses were only manufactured with diesel engines. Currently, only the "mini" Type II buses (mini school buses which have a gross weight of 10,000 pounds or less) are being produced with gasoline powered engines. The proposed language is silent on whether a Type I or Type II school bus is being purchased. Hypothetically, districts could purchase "used" Type I or Type II gasoline powered school buses over the next 10 years due to turnover and replacement of current buses. In addition, ISBE must be cognizant of "supply and demand" when it comes to costs for biodiesel. Biodiesel is available in only limited markets and in those areas where it is available, the requirement in paragraph (b)(a) mandates the use of biodiesel. This will most certainly increase the price of biodiesel due to law of supply and demand. This in turn would increase the claimable amount to the state and escalate reimbursement costs. A concern is that using a biodiesel blend invalidates the manufacturer's engine warranty in many cases. The current price for regular #2 biodiesel fuel, which is used by most all school buses, is approximately \$2.15 per gallon; the cost for biodiesel fuel (B11) is approximately \$2.05 per gallon due to the fact that sales tax is eliminated by running the B11 blend.

 30 ILCS 805/8.29 new

Amends the Property Tax Code. Includes disabled persons within the provisions granting an assessment freeze homestead exemption to senior citizens. Changes the name to the Senior Citizens and Disabled Persons Assessment Freeze Homestead Exemption (now Senior Citizens Assessment Freeze Homestead Exemption). Makes corresponding changes to a cross-reference to the exemption. Amends the States Mandates Act to require implementation without reimbursement. Effective immediately.

STATE MANDATES FISCAL NOTE (Illinois State Board of Education)

The text of the bill includes an exemption from the State Mandates Act. ISBE does not have data regarding the numbers of property values of "disabled persons" who would become eligible for the exemption. It is therefore impossible to accurately estimate the increase in cost. While the administrative load would increase because of additional exemptions the increase should be negligible. The impact on State Aid in subsequent years could be considerable.

Amends the School Code. Requires each school district to establish a process by which each parent or guardian of a pupil is given an opportunity to enter into a school-parent compact that shall commit the parent or guardian to assist and cooperate with the educational process of his or her child. Sets forth the elements of the compact, including a description of the school and school district's responsibilities regarding curriculum and instruction, the school's and school district's commitment to assist and encourage active participation, and the parent's or guardian's commitment to share responsibility for pupil learning. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

STATE MANDATES FISCAL NOTE (Illinois State Board of Education)

- (1) Requires school boards to develop a local process for implementing compacts; (2) May require opening negotiations if teachers are required to complete a compact for each student as they would interpret that as a change of working conditions; (3) Requires schools to create a NEW process that promotes meaningful and regular communication between home and school; (4) The school district will need to create and produce a Compact that contains certain obligatory duties for parent and school. Some teachers and administrators will interpret this as an individualized education plan (IEP) required for each child. It is not that when compared to Title 1 Compacts.

Requires the plan to be based on a functional behavioral assessment (now, analysis) conducted by a professional trained in its use (now, trained in professional best practices in behavioral analysis). Prohibits certain types of interventions. Provides that the Department of Human Services is responsible for developing and promulgating rules to implement and carry out these provisions. Replaces everything after the enacting clause. Creates the FY2006 Budget Implementation (Human Services) Act for the purpose of making changes in State programs that are necessary to implement the Governor's FY2006 budget recommendations concerning human services. Amends the Illinois Administrative Procedure Act; authorizes emergency rulemaking to implement any provision of this amendatory Act or any other budget initiative for fiscal year 2006, except that the 24-month limitation on the adoption of emergency rules and certain provisions concerning JCAR do not apply to such emergency rules; and provides that the Department of Public Aid may also adopt emergency rules necessary to administer the Illinois Public Aid Code, the Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act, the Senior Citizens and Disabled Persons Prescription Drug Discount Program Act, and the Children's Health Insurance Program Act. Amends the Illinois Act on the Aging; in provisions concerning annual audits of chore/housekeeping and homemaking vendors, requires that vendors' procedures be in compliance with the Department on Aging's financial reporting guidelines requiring an administrative and employee wage and benefits cost split as defined in administrative rules (instead of requiring a 27% administrative cost split and a 73% employee wages and benefits cost split). Amends the Children's Health Insurance Program Act; provides that persons enrolled in a health benefits waiver program under the Act are subject to certain cost-sharing requirements; provides that health insurance premiums and co-payments apply to adults as well as to children, and sets forth premium amounts for families with 4 or with 5 or more family members. Amends the Illinois Public Aid Code: (1) in provisions concerning Medicaid standards of payment for nursing homes, provides that no rate increase and no update for inflation shall be provided before July 1, 2006 (instead of 2005); (2) in provisions concerning Medicaid pharmacy payments, deletes provisions concerning a limitation of 4 brand name prescription drugs per patient per month; (3) provides that the Department of Public Aid shall renegotiate the contracts with health maintenance organizations and managed care community networks that took effect August 1, 2003, so as to produce \$70,000,000 savings to the Department net of resulting increases to the fee-for-service program for State fiscal year 2006; and (4) in provisions concerning medical services for certain noncitizens, deletes references to appropriations, authorizes the Department of Public Aid to take action to assure that payments under these provisions do not exceed available funds, and deletes provisions concerning emergency rulemaking. Amends the All-Inclusive Care for the Elderly Act; provides that "frail elderly" means an individual who meets the age (as well as functional) eligibility requirements established by the Department of Public Aid (deletes references to eligibility requirements established by the Department on Aging and a requirement that the individual be age 65 or older); provides for implementation of the PACE program pursuant to the provisions of the approved Title XIX State plan (instead of as a demonstration program), and provides that specific arrangements of the risk-based financing model shall be adopted and

negotiated by the federal Centers for Medicare and Medicaid Services (instead of the Health Care Financing Administration). Effective July 1, 2005.

325 ILCS 5/4

from Ch. 23, par. 2054

Amends the Abused and Neglected Child Reporting Act. Provides that a school administrator who has reasonable cause to believe that a child known to him or her in his or her official capacity may be an abused child or a neglected child and who fails to immediately report or cause a report to be made to the Department of Children and Family Services is guilty of a Class 4 felony (instead of a Class A misdemeanor) for a first offense and a Class 3 felony (instead of a Class 4 felony) for a second or subsequent offense. Effective immediately.

HOUSE AMENDMENT NO. 1

Replaces everything after the enacting clause. Amends the Abused and Neglected Child Reporting Act. Provides that any school administrator, school principal, school teacher, school

board member, or other school personnel having reasonable cause to believe that a child known to that school administrator, school principal, school teacher, school board member, or other school personnel in his or her professional capacity was the victim of a sex offense committed by a person responsible for the child's welfare shall immediately report or cause a report to be made to DCFS. Provides that a school administrator, school principal, school teacher, school board member, or other school personnel who knowingly and willfully fails to report any suspected cases involving a sex offense against a child committed by a person responsible for the child's welfare is guilty of a Class 4 felony for a first violation and a Class 3 felony for a second or subsequent violation; except that if the school administrator, school principal, school teacher, school board member, or other school personnel acted as part of a plan or scheme having as its object the prevention of discovery of a child that was the victim of a sex offense by lawful authorities for the purpose of protecting or insulating any person or entity from arrest or prosecution, the person is guilty of a Class 3 felony for a first offense and a Class 2 felony for a second or subsequent offense (regardless of whether the second or subsequent offense involves any of the same facts or persons as the first or other prior offense). Effective immediately.

STATE MANDATES FISCAL NOTE (H-AM 1)(Illinois State Board of Education)

School personnel are currently required to be Mandated Reporters under Section 5/4 of the Abused and Neglected Child Reporting Act, for any suspected child abuse, including any sex offenses. This legislation simply increases the penalties for first and subsequent violations of the Reporting law where a sex offense is suspected, including when the mandated reporter acts to prevent discovery of the suspected abuse. The penalties for willful failure to report suspected abuse other than suspected sexual abuse remain the same.

## FISCAL NOTE (H-AM 3) (Dept of Corrections)

Corrections population impact: 5 inmates. Fiscal impact: \$1,193,000.

## FISCAL NOTE (H-AM3) (Illinois State Police)

If House Bill 1349 (H-AM 3) were to become law, the fiscal impact to the Illinois State Police has not been determined. The Director of the Illinois State Police would serve as the ex officio member and Chairman of the Board. The legislation provides for appropriations to reimburse Board members for their actual expenses for services on the Board. The actual costs are unknown at this time.

In the opinion of the Department of Commerce and Economic Opportunity, House Bill 1349 (H-AM 3) does not create a State mandate under the State Mandates Act.

## JUDICIAL NOTE (H-AM 3) (Admin. Office of the Illinois Courts)

Would not increase the number of judges needed in the state.

## PENSION NOTE (H-AM 3) (Gov. Forecasting &amp; Accountability)

Would not impact any public pension fund or retirement system in Illinois.

## STATE DEBT IMPACT NOTE (H-AM 3) (Gov. Forecasting &amp; Accountability)

Would not change the amount of authorization for any type of State-issued or State-supported bond, and therefore would not affect the level of State indebtedness.

**SENATE FLOOR AMENDMENT NO. 1**

Provides that a trauma center (rather than a hospital) must report any accident in which a person under 18 was injured that involved a motor vehicle backing over a child (rather than that involved a motor vehicle). New Act

Creates the Independent Living Projects Act. Requires the Department on Aging and the Department of Human Services to contract with independent living projects in different regions of the State to demonstrate the feasibility and cost-effectiveness of using low-cost home care and other residential alternatives to nursing home care and to achieve other goals. Sets forth criteria that such projects must meet. Requires the Department to establish up to 6 projects to expand the respite care network in the State. Requires the Department to (i) evaluate the independent living projects and report to the General Assembly by February 15, 2008 and (ii) contract for a public awareness campaign. Provides for grants to public and private nonprofit agencies to establish services that strengthen a community's ability to provide a system of home and community-based services for elderly persons.

FISCAL NOTE (Department of Human Services)

This language targets both the Department of Human Services and the Department on Aging for the independent living projects, but the measure focuses on services for elderly persons and not individuals with disabilities. It seems House Bill 1357 is intended to serve individuals through the Department on Aging and not DHS.

110 ILCS 805/2-16.02 from Ch. 122, par. 102-16.02

Amends the Public Community College Act. Makes changes concerning equalization grants to community college districts. Provides that equalization grants shall be distributed to districts based upon the higher of (i) an EAV-based equalization calculation using the equalized assessed valuation of property within the district or (ii) a PTE-based equalization calculation using the property tax extension within the district. Effective July 1, 2005.

FISCAL NOTE (Illinois Community College Board)

House Bill 1374 provides that equalization grants shall be distributed to districts based upon the higher (i) EAV-based equalization calculation using equalized assessed valuation of property within a district (the current method of calculating these grants) or (ii) a PTE-based calculation using the property tax extension within a district (the proposed addition to the current statute). Tax caps and the evaluations of farmland values that are impacting local revenues and the funding of Illinois community colleges that affect many aspects of financing for the various colleges. The Property Tax Extension Legislation (PTEL) has limited the colleges' ability to access local tax revenues. Some colleges are more dramatically affected than others, particularly Moraine Valley, Triton, and Chicago City Colleges. Additional resources are required for Foundation funding. If the \$15 million allocated for City Colleges of Chicago in fiscal year 2005 becomes permanent and a part of the base for Foundation funding, then the ICCB estimates that an additional \$10.8 million will be required to fund Foundation in fiscal year 2006. Using current data, 4-5 colleges (PTEL and non-PTEL) districts qualify for Foundation funding. The number of qualifying institutions and the dollar amount will fluctuate from year-to-year based on fluctuating data that are used in the formula.
