The Digest is published by the Legislative Reference Bureau. It is prepared for print through the computer services of the Legislative Information System and is printed by the Legislative Printing Unit.

The format of the Digest includes synopses of bills and resolutions pending in the House of Representatives and the Senate and indices by statute reference, subject matter, and sponsor.

The Digest is published periodically during the time the General Assembly is in Session. It is available by subscription through the Legislative Reference Bureau for \$55.00 per calendar year.

A synopsis contained in the Digest does not purport to be an analysis of the bill described. It is intended to give only sufficient information concerning the subject matter so that the reader may determine whether he or she is interested in examining the bill to determine its full content and effect.

New Act

Creates the Human Voice Contact Act. Provides that a State agency that uses automated telephone answering equipment to answer incoming telephone calls must, during the normal business hours of the agency, provide the caller with the option, among the first set of menu choices, of speaking to a live operator. 35 ILCS 250/5

Amends the Longtime Owner-Occupant Property Tax Relief Act. Makes a technical change in a Section concerning public policy.

FISCAL NOTE (H-AM 1) (Department of Revenue)

House Bill 1749 (H-AM 1) amends the Illinois Income Tax Act to expand the definition of base income to include an addition that is equal to the amount deducted from the federal income tax return for the depreciation of a sport utility vehicle under Section 179 of the Internal Revenue Code. This provision would increase income tax receipts. However, the Illinois Department of Revenue cannot determine the extent of that increase because the federal deduction for a sport utility vehicle is not identified separately from other property depreciation expenses under Section 179 of the Internal Revenue Code.

750 ILCS 50/3 from Ch. 40, par. 1504

Amends the Adoption Act. Makes a technical change in a Section concerning who may be adopted.

HOUSE AMENDMENT NO. 1

Deletes reference to:

750 ILCS 50/3

Adds reference to:

750 ILCS 50/1

Deletes everything after the enacting clause. Amends the Adoption Act. Provides that a petition or motion seeking to terminate parental rights for lack of progress, in a 9-month period, toward the return of the child shall specify the 9-month period relied upon by the petitioner.

SENATE FLOOR AMENDMENT NO. 2

Replaces the bill's amendatory provisions concerning a parent's failure to make reasonable progress toward the return of a child as a basis for finding the parent to be an "unfit person". Provides that when a petition or motion seeks to terminate parental rights on the basis of a parent's failure to make reasonable progress toward the return of a child during any 9-month period after the end of the initial 9-month period following the adjudication of neglected, abused, or dependent minor, the petitioner shall file with the court and serve on the parties a pleading that specifies the 9-month period or periods relied on (instead of providing that a petition or motion to terminate parental rights on the basis of any of the grounds relating to failure to make reasonable progress toward the return of the child shall specify the 9-month period relied on by the petitioner). Provides that the pleading shall be filed and served on the parties no later than 3 weeks before the date set by the court for closure of discovery, and the allegations in the pleading shall be treated as incorporated into the petition or motion. Provides that failure of a respondent to file a written denial of the allegations in the pleading shall not be treated as an admission that the allegations are true.

Amends the Riverboat Gambling Act. Makes a technical change in a Section concerning the short title.

HOUSE AMENDMENT NO. 1

Deletes reference to:

230 ILCS 10/1

Adds reference to:

20 ILCS 605/605-812 new

230 ILCS 10/Act rep.

Replaces everything after the enacting clause. Repeals the Riverboat Gambling Act. Amends the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois. Provides that if a riverboat gambling facility ceases operations in a particular area of the State, then the Department shall provide a grant to the local community college district to provide job retraining to former employees of the riverboat gambling facility. Effective immediately.

HOUSE AMENDMENT NO. 3

Changes the effective date to July 1, 2007.

HOUSING AFFORDABILITY IMPACT NOTE (H-AM 3)(Housing Development Authority)

This legislation will have no effect on constructing, purchasing, owning, or selling a single-family residence.

PENSION NOTE (H-AM 1 & 3)(Comm on Gov't Forecasting & Account)

House Bill 1920, as amended by House Amendment 1 and 3, would not impact any public pension fund or retirement system in Illinois.

JUDICIAL NOTE (H-AM 3)(Admin. Office of the Illinois Courts)

Would neither increase nor decrease the number of judges needed in the State.

STATE DEBT IMPACT NOTE (H-AM 1 & 3)Government Forecasting & Accountability)

Would not change the amount of authorization for any type of State-issued or State-supported bond, and therefore, would not affect the level of State indebtedness.

FISCAL NOTE (H-AM 3)(Department of Revenue)

The repeal of the Riverboat Gambling Act would reduce State revenues from riverboat gambling by approximately \$707 million per year and reduce local revenues from riverboat gambling by approximately \$112 million per year beginning July 1, 2007.

FISCAL NOTE (H-AM 3)(Illinois Gaming Board)

The elimination of the Riverboat Gambling Act would reduce state gaming revenues by more than \$700 million beginning with FY08 and thereafter. The local communities would also lose their share of the gaming tax revenue, which would be at least \$102 million. In addition, there would be a loss of nearly 9,000 jobs in Illinois directly related to the gaming industry and more than 50,000 non-casino jobs supporting the

Illinois gaming industry. This would translate to a loss of additional state revenues including, but not limited to, individual and corporate income taxes, sales taxes, hotel/motel taxes and property taxes. There will likely be an immediate impact as well. With the anticipation of the elimination of casino gaming in Illinois, over \$200 million in current or anticipated construction projects would come to a halt. This would impact additional jobs in the construction industry in downstate communities. With the increased tax rate in FY04, casino revenues dropped 7.8% (\$140.5 million), jobs were eliminated, capital expenditures were reduced and as a result the local communities received approximately \$10 million less in gaming tax revenues. The fiscal impact on FY06 and FY07 could likely be much worse.

CORRECTIONAL NOTE (H-AM 3)(Departement of Corrections)

Corrections Population Impact: None. Fiscal Impact: None.

HOME RULE NOTE (H-AM 1 & 3)(Dept. of Commerce & Econ Opportunity)

HB-1921 MADIGAN-CURRIE-LANG.

230 ILCS 5/31 from Ch. 8, par. 37-31

Amends the Illinois Horse Racing Act of 1975. Makes a technical change in a Section concerning the Illinois Standardbred Breeders Fund.

FISCAL NOTE (H-AM 3) (Illinois Gaming Board)

The Gaming Board's current, revised appropriation request for Fiscal Year 2006, excluding appropriations to accommodate the distributions to the local governments is \$16,081,100. This request assumes no change in current law. Under House Amendment 3 to House Bill 1921, the Gaming Board's requested appropriation for Fiscal Year 2006 would be \$22,327,601.

HOUSING AFFORDABILITY IMPACT NOTE (H-AM 3) (Housing Developmen

Authority)

No fiscal effect on a single-family residence.

PENSION NOTE (H-AM 3) (Gov. Forecasting & Accountability)

Will not impact the liabilities or annual costs of the State Employees Retirement System.

STATE DEBT IMPACT NOTE (H-AM 3) (Gov. Forecasting & Accountability)

Would not change the amount of authorization for any type of State-issued or State-supported bond, and therefore would not affect the State indebtedness.

STATE MANDATES FISCAL NOTE (H-AM 3) (Dept. of Commerce & Econ Opportunity)

Does not create a state mandate under the State Mandates Act.

HOME RULE NOTE (H-AM 3) (Dept. of Commerce & Econ Opportunity)

Does not pre-empt home rule authority.

JUDICIAL NOTE (H-AM 3) (Admin. Office of the Illinois Courts)

Would neither increase nor decrease the number of judges needed in the State.

FISCAL NOTE (H-AM 5)(Department of Revenue)

Based on Gaming Board staffing recommendations, the Department of Revenue would need an additional \$900,000 to hire additional investigators and the Illinois Gaming Board would need an additional \$3,440,000 for additional administrative staff and associated support.

BALANCED BUDGET NOTE (H-AM 3)(Gov. Office of Mgmt and Budget)

Based on the information provided by the Illinois Gaming Board, currently a division of the Illinois Department of Revenue, the Governor's Office of Management and Budget (GOMB) estimates that the proposed legislation will cost an additional \$4,771,100 in FY 06. Appropriations, as introduced by the Governor to the Department of Revenue for Illinois Gaming Board operations, currently total \$120,050,400, which is divided in this manner: Operations: \$15,600,400, Grants to Locals: \$104,400,000, and Refunds: \$50,000. An independent Illinois Gaming Board will have an increased appropriation of \$124,821,500. From this increased appropriation, roughly \$4.8 million was not included in the Governor's introduced budget. The increased appropriation of roughly \$4.8 million represents nine months of operations, not an annualized amount. An annualized amount would increase appropriations by \$766,000 to \$125,587,500.

Deletes everything after the enacting clause. Amends the Downstate Public Transportation Act. Defines "participant" to include a county (i) serving an urbanized area of over 50,000 inhabitants (now, specifies that this service had to be operating on December 28, 1989) or (ii) serving a nonurbanized area. Provides that a nonurbanized area may be a participant without any receipt of federal rural public transportation assistance (now, requires receipt of federal rural public transportation assistance on or before June 30, 2002). Provides that, with respect to a participant that receives an initial appropriation in State fiscal year 2002 or thereafter (now, in

State fiscal year 2002 only), the maximum amount of the eligible operating expenses appropriation in subsequent years (except State fiscal year 2006) may not exceed the amount appropriated in the prior year by more than 10%. Beginning July 1, 2005, increases the amount paid by the Department of Revenue into the Downstate Public Transportation Fund each month to 3/32 (now 2/32) of 80% of the net revenue realized under certain State tax Acts within any municipality or county located within the boundaries of a participant. Requires the Department of Revenue to allocate the entire amount paid into the the Metro-East Public Transportation Fund to the District serving primarily Madison County (now, 55% is allocated to the District serving primarily the counties of Monroe and St. Clair and 45% is allocated to the District serving primarily Madison County). Provides that, beginning July 1, 2005, with respect to the District serving primarily the counties of Monroe and St. Clair: (i) the District is no longer included for new appropriation funding purposes as part of the Metro-East Public Transportation Fund and is instead included for new appropriation funding purposes as part of the Downstate Public Transportation Fund, provided that the District remains eligible for previously appropriated funds to which it would otherwise be entitled; (ii) the amount transferred from the General Revenue Fund to the Downstate Public Transportation Fund shall be 3/32 (now, 2/32) of 80% of the net revenue realized from within the boundaries of Monroe and St. Clair counties under certain State tax Acts; (iii) certain provisions with respect to allocations to Metro-East Mass Transit Districts of the amount paid into the Metro-East Public Transportation Fund do not apply to the District serving primarily the counties of Monroe and St. Clair with respect to fiscal year 2006 and succeeding fiscal years; and (iv) authorizes the District to file a request each fiscal year for a monthly payment of 1/12 of the amount appropriated for that fiscal year, except that the total amount of payments in a fiscal year shall not exceed the lesser of (i) 55% of the District's eligible operating expenses for that fiscal year or (ii) the total amount appropriated to the District for that fiscal year. Imposes certain requirements on certain units of local government that become participants on or after the effective date of the amendatory Act and on any existing participant that seeks to extend its service by annexation or intergovernmental agreement. Makes other changes. Effective immediately.

20 ILCS 5/1-1 was 20 ILCS 5/1

Amends the Civil Administrative Code of Illinois. Makes a technical change in a Section concerning the short title of the Code.

PENSION NOTE (H-AM 1) (Gov. Forecasting & Accountability)

Would not impact any public pension fund or retirement system in Illinois.

STATE DEBT IMPACT NOTE (H-AM 1) (Gov. Forecasting & Accountability)

Would not change the amount of authorization for any type of State-issued or State-supported bond, and therefore would not affect the level of State indebtedness.

FISCAL NOTE (Dept of Corrections)

Corrections Population Impact: None. Fiscal Impact: None.

CORRECTIONAL NOTE (Dept of Corrections)

Corrections Population Impact: None. Fiscal Impact: None.

LAND CONVEYANCE APPRAISAL NOTE (H-AM 1)(Dept. of Transportation)

As there are no parcels of land being conveyed in this bill, there are no appraisals to be filed by the Department of Transportation.

JUDICIAL NOTE (H-AM 1)(Admin Office of the Illinois Courts)

Would neither increase nor decrease the number of judges needed in the State.

FISCAL NOTE (H-AM 1) (State Comptroller)

The cost to the Office of the Comptroller would be minimal. Under the Act, the IOC would create and administer two special revenue funds and make transfers pursuant to appropriations. A reasonable estimate of new revenues in 2007 is \$24 million to \$30 million.

HOME RULE NOTE (H-AM 1) (Dept. of Commerce & Economic Opportunity)

Does not pre-empt home rule authority.

STATE MANDATES FISCAL NOTE (H-AM 1) (Dept. of Commerce & Economic Opportunity)

Creates a local government organization and structure mandate for which reimbursement of the increased cost to units of local government is not required under the State Mandates Act.

BALANCED BUDGET NOTE (H-AM 1) (Gov. Office of Management & Budget)

Because grants may only be made using these revenues, and because this revenue source is anticipated to support the administrative requirements of the Institute, the proposed legislation should not have an impact on the fiscal year 2006 budget or future year budgets. However, the creation of a grant program creates the expectation that grants to finish continuing research will continue to receive funding, even if the revenue source dedicated to funding these grants is insufficient. Use of general funds to support grant spending would constitute a structural impediment to a balanced budget.

FISCAL NOTE (H-AM 1) (Dept. of Revenue)

If the 6% on cosmetic medical procedures was in effect in 2004, it would have generated approximately \$19,500,000 in tax revenues. The Department of Revenue would incur a one-time cost of approximately \$250,000 to create a new return to implement the provisions of SB 2100. Additionally, the Department's Audit Bureau would need to hire between 10 and 15 auditors at a cost of approximately \$500,000 to \$750,000 per year and the Department's Collections Bureau would need to hire 4 Revenue Tax Specialists and 2 Field Collectors at a cost of approximately \$180,000 per year.

HOUSING AFFORDABILITY IMPACT NOTE (H-AM 1) (Housing Development Authority)

HB-2371 MOLARO.**New Act**

Creates the Public School Teachers' Pension and Retirement Fund of Chicago Continuing Appropriation Act. Provides for appropriations from the Common School Fund to the Public School Teachers' Pension and Retirement Fund of Chicago of the amount by which the total available amount of all other appropriations to that Retirement Fund for the payment of State contributions is less than the total amount of the vouchers for required State contributions lawfully submitted by the Retirement Fund for that month under Section 17-127 of the Illinois Pension Code on a continuing monthly basis. Provides that nothing in the Act shall be construed, interpreted, or otherwise viewed to imply an authorization, desire, or intent to merge or in any other way combine the Public School Teachers' Pension and Retirement Fund of Chicago with any other pension fund. Effective immediately.

PENSION NOTE (Commission on Gov't Forecasting and Accountability)

House Bill 2371 would create a continuing appropriation for the Chicago Teachers' Pension Fund. This would guarantee that the State would appropriate to the Fund 0.544% of payroll in years that the Fund has a funded ratio below 90%. For FY 2006 the required appropriation would be \$9.9 million. Traditionally, the State contributes \$65 million to the Fund, but that amount is not required by statute and would not qualify as a continuing appropriation under House Bill 2371.

Amends the State Prompt Payment Act. Requires vendors who are small businesses to be paid within 10 days (now, 60 days for all businesses). Defines a "small business" as one that employs fewer than 50 employees.

FISCAL NOTE (Capital Development Board)

The Capital Development Board averaged around \$60,000 in prompt payment interest om 2004 and 2005. Small businesses are defined by CMS (based on sales volume) account for 30% of CDB's activity. Assuming that CMS's definition and this act's definition account for approximately the same population of vendors, CDB's prompt payment interest might triple to about \$240,000 per year if bond sales continue in the same patterns.

New Act

Creates the Sustainable Funding for Community Technology Act. Authorizes the Department of Commerce and Economic Opportunity to (i) establish community collaboratives for the purpose of strategic planning for computing and telecommunications infrastructure and related community and economic development in low-income rural and urban areas and (ii) award

30 ILCS 540/8 new

Amends the State Prompt Payment Act. Defines "qualified provider" as certain organizations that provide non-residential services for the elderly, mentally ill, or developmentally disabled, with certain exceptions. Provides that a bill or invoice for goods or services furnished to the State submitted by a qualified provider and grant award payments to a qualified provider must be given priority in processing and that a voucher for payment submitted by an official or agency to the Comptroller for payment must be given priority in payment. Provides that the processing and payment of (i) debt service obligations of the State and (ii) payroll obligations of the State shall have priority over the processing and payment of items as required by these provisions. Effective immediately.

HOUSE AMENDMENT NO. 1

Makes the following changes to the definition of "qualified provider": Provides that a qualified provider is a not-for-profit organization that provides non-residential services to the mentally ill or developmentally disabled and that is reimbursed or otherwise paid by the Department of Human Services (instead of organizations that provide non-residential services for the elderly, mentally ill, or developmentally disabled). Provides that the term "qualified provider" does not include a long-term care facility licensed under the Nursing Home Care Act with respect to services provided in the licensed facility to residents. Provides that an entity licensed under the Community-Integrated Living Arrangements Licensure and Certification Act is a "qualified provider" but only with respect to the residential and residential support services provided for a community-integrated living arrangement.

HOUSE AMENDMENT NO. 2

Deletes everything after the enacting clause. Reinserts the provisions of the bill as introduced with the following changes: Makes changes to the definition of "qualified provider" to provide that a qualified provider is an organization that provides non-residential services for the elderly or for the prevention, intervention, or treatment of mental illness, developmental disabilities, or alcoholism or substance abuse. Provides that, in determining who is a qualified provider, the Department of Human Services must consult with the Department on Aging and the Department of Public Aid. Makes changes to provisions concerning the treatment of voucher requests to provide that a properly prepared voucher request to the Office of the Comptroller for payment to a qualified provider shall be given priority by the Comptroller for processing and warrant issuance after debt service obligations and payroll obligations of the State have been met unless the Comptroller deems that other obligations of the State must be satisfied prior to these categories of payment. Provides that, if at any time the Comptroller determines that there are insufficient funds available to process priority payments, then vouchers shall be processed and paid out in a first-in, first-out manner as corresponding funds become available. Effective immediately.

Amends the Nursing Home Care Act. Provides that if a nursing home does not correct a situation, condition, or practice that has resulted in an administrative warning, the nursing home is subject to a fine of not less than \$1,000 and not more than \$10,000. For a "Type A" violation, increases the fine from \$5 to \$50 per resident in the facility plus \$2 (instead of \$0.20) per day, and increases the alternative maximum fine from not less than \$5,000 to not less than \$20,000 (or from not less than \$10,000 to not less than \$50,000 when death, serious mental or physical harm, permanent disability, or disfigurement results). For a "Type B" violation, increases the fine from \$3 to \$30 per resident in the facility plus \$2 (instead of \$0.20) per day, and increases the alternative maximum fine from not less than \$500 to not less than \$5,000. Requires a nursing home to reimburse a particular resident for injuries incurred or \$1,000 (instead of \$100), whichever is greater. Amends the Health Care Worker Background Check Act to include all employees of licensed and certified long-term care facilities who have or may have contact with residents or have access to the living quarters or the financial, medical, or personal records of residents. Provides that beginning January 1, 2006, each long-term care facility operating in the State must initiate, or have initiated on its behalf, a UCIA criminal history record check for all employees with duties that involve or may involve contact with residents or access to the living quarters or the financial, medical, or personal records of residents. Provides that a health care employer may conditionally employ an applicant for up to 3 months pending the results of a UCIA criminal history record check (now, a health care employer may conditionally employ the applicant to provide direct care for up to 3 months pending the results of the check). Provides that an individual shall not be employed from the time that an employer receives the results of a non-fingerprint check containing disqualifying conditions until the time that the individual receives a waiver from the Department (now, an individual shall not be employed in a direct care position from that time until he or she receives the waiver). Provides that if the individual challenges the results of the non-fingerprint check, the employer may continue to employ the individual if the individual presents convincing evidence to the employer that the non-fingerprint check is invalid (now, the employer may continue to employ the individual in a direct care position if the individual presents convincing evidence that the non-fingerprint check is invalid).

HOUSE AMENDMENT NO. 1

Provides that in addition to a facility licensed by the State or certified under federal law as a long-term care facility, "long-term care facility" also means a facility licensed by the State or certified under federal law as a supportive living facility, an assisted living establishment, or a shared housing establishment or registered as a board and care home.

SENATE COMMITTEE AMENDMENT NO. 2 (SENATE RECEDES MAY 29, 2005)

Provides that "selected health care employer" means certain facilities, agencies, programs, or arrangements selected to participate in the Centers for Medicare and Medicaid Services (CMMS) grant (instead of certain facilities, agencies, programs, or arrangements that are located in counties selected to participate in the CMMS grant). Provides that the Department of State Police shall forward applicant fingerprints to the Federal Bureau of Investigation for a national criminal history records check.

SENATE COMMITTEE AMENDMENT NO. 3

- Adds reference to:
- 225 ILCS 46/70 new

Further amends the Health Care Worker Background Check Act. Adds a provision concerning the Centers for Medicare and Medicaid Services (CMMS) grant. Provides that selected health care employees shall be phased in to participate in the CMMS grant between January 1, 2006 and January 1, 2007. Provides that selected health care employers must comply with provisions of the Act prohibiting an individual who has committed specified crimes from being hired, employed, or retained in a position involving direct care for clients, parents, or residents. Provides that each applicant for employment in a position with direct access to residents, patients, or clients of a selected health care employer shall submit to a fingerprint-based criminal history records check.

SENATE FLOOR AMENDMENT NO. 4

Provides that beginning January 1, 2006, each long-term care facility operating in the State must initiate, or have initiated on its behalf, a criminal history record check (rather than a UCIA criminal history record check) for all employees hired on or after January 1, 2006 (rather than just all employees) with duties that involve or may involve contact with residents or access to the living quarters or the financial, medical, or personal records of residents. Defines "Centers for Medicare and Medicaid Services (CMMS) grant". Provides that with regards to individuals hired on or after January 1, 2006 (rather than just with regards to individuals) who have direct access to residents, patients, or clients of the selected health care employer, selected health care employers must comply with the hiring eligibility provision of the Act. Provides that the fee charged by the Department of State Police for conducting the criminal history records check shall be deposited into the State Police Services Fund. Provides that the fingerprint-based criminal history records check submitted under the CMMS grant provision must meet the requirements for a UCIA criminal history records check, as set forth in the Act.

SENATE FLOOR AMENDMENT NO. 5

Amends the bill as it is amended by Senate Amendment No. 4. Provides that a fingerprint-based criminal history records check must be submitted as a fee applicant inquiry in the form and manner prescribed by the Department of State Police (rather than requiring the fingerprint-based criminal history records check to meet the requirements for a UCIA criminal history records check).

SENATE FLOOR AMENDMENT NO. 6

Provides that "individuals who have direct access" does not include physicians.

New Act

Creates the Motor Fuel Fair Marketing Practices Act. Provides that it is a violation of the Act to engage in motor fuel price gouging in response to the occurrence of a national disaster or State emergency, except where the sale is both an isolated and inadvertent incident. Provides that in certain instances it is not a violation of the Act to sell or advertise for sale motor fuel at a retail price that would constitute a below cost sale. Provides that a State agency that operates a facility that (i) is accessible to the public, (ii) is a high-traffic facility, and (iii) serves a high-risk community must provide the following in each such facility where space and security reasonably permit: space for free HIV counseling and antibody testing. Amends the Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois; provides that on its official Web site, the Department shall provide Web-friendly and printer-friendly versions of educational materials in connection with HIV and AIDS, targeted to persons presently or previously committed to the Department of Corrections or confined in a county jail, as well as family members and friends of such persons. Amends the Illinois Public Aid Code; provides that certain prohibitions against eligibility for cash assistance under the Code for persons convicted of certain drug offenses do not apply to an individual who has tested positive for HIV; requires the Department of Public Aid to seek federal approval to expand access to health care under the Medicaid program for persons living with HIV/AIDS. Amends the Unified Code of Corrections; requires the Department of Corrections to provide committed persons, their family members, and visitors with certain materials and services in connection with HIV/AIDS, including testing, counseling, and medical care. Amends the County Jail Act, and imposes similar requirements on sheriffs and wardens of county jails. Makes other changes. Effective January 1, 2006.

HOUSE AMENDMENT NO. 1

Adds provisions to the African-American HIV/AIDS Response Act. Provides that a State agency that is required to provide space for free HIV counseling and testing shall make appropriate arrangements with one or more local health organizations to conduct the counseling or testing; provides that such testing shall be the rapid testing authorized under the AIDS Confidentiality Act. Provides for a study by the HIV/AIDS Policy and Research Institute at Chicago State University to determine whether there is a correlation between incarceration and HIV infection. Provides for an HIV/AIDS Response Review Panel within the Department of Corrections to oversee the implementation of the African-American HIV/AIDS Response Act. In the provisions amending the Unified Code of Corrections, provides that: (1) an employee of the Department of Corrections may not directly or indirectly disclose the HIV/AIDS status of a person committed to the Department, or any other information related to HIV/AIDS testing, medical care, counseling, or case management with respect to a person committed to the Department, to any other person unless authorized to do so by the person committed to the Department; and (2) the Department shall ensure that written materials provided to visitors concerning HIV and AIDS are culturally sensitive and reflect cultural diversity as appropriate.

HOUSE AMENDMENT NO. 2

Replaces everything after the enacting clause with provisions substantially similar to those of House Bill 2578 as amended by House Amendment No. 1, creating the African-American HIV/AIDS Response Act and amending certain Acts, but with changes that include the following: (1) in the African-American HIV/AIDS Response Act, (i) provides that "high traffic facility" means such a facility as defined by the State agency operating the facility (instead of by CMS) and (ii) establishes the HIV/AIDS Response Review Panel within the Office of the Governor (instead of within the Department of Corrections); (2) deletes changes to the Illinois Public Aid Code in connection with ineligibility for cash assistance on account of certain drug convictions; (3) provides that the Department of Public Aid may (instead of shall) seek federal approval to expand access to health care for persons living with HIV/AIDS; (4) provides that TANF recipients may request a reasonable modification to the requirement of participation in the education, training, and employment program in order to accommodate a qualified individual with a disability (deletes a provision for an exemption from such participation based on a physician's determination); (5) in provisions amending the Unified Code of Corrections, (i) deletes certain references to "any other identified causative agent of" AIDS, (ii) requires the Department of Corrections to offer an inmate certain services (instead of providing such services), (iii) deletes a provision prohibiting the declaration of condoms as contraband, (iv) deletes certain references to the provision of services to inmates at no charge, and (v) deletes amendatory changes in connection with half-way houses; and (6) under the County Jail Act, provides that a warden shall obtain certain HIV/AIDS materials from the Department of Public Health (instead of developing such materials in consultation with the Department). Effective January 1, 2006.

SENATE FLOOR AMENDMENT NO. 1

In the African-American HIV/AIDS Response Act, provides that the Department of Public Health must adopt certain rules by March (instead of January) 15, 2006. Replaces the provisions amending the County Jail Act. Provides that in each county other than Cook, during the medical admissions exam, a correctional officer at the jail or a member of the jail's medical staff (as alternatives to the warden of the jail) must provide the prisoner with information concerning HIV and AIDS. Provides that the Department of Public Health and community-based organizations certified to provide HIV/AIDS testing must provide the informational materials to the warden at no cost to the county. Provides that the warden, a correctional officer, or a member of the jail medical staff must inform the prisoner of the option of being tested for infection with HIV by a certified local community-based agency or other available medical provider at no charge to the prisoner. Sets forth similar provisions for Cook County, but requires that the informational materials be provided by an employee of the Cook County Bureau of Health Services and requires that prisoners be provided with the option of counseling in connection with HIV/AIDS testing; also provides that HIV/AIDS testing is to be conducted by the Cook County Bureau of Health Services and shall consist of an enzyme-linked immunosorbent assay (ELISA) test or any other test approved by the Department of Public Health; provides that if the test result is positive, the Western Blot Assay or more reliable confirmatory test shall be administered. Provides that in each county, the warden must make HIV/AIDS information available to jail visitors (instead of must offer such information to visitors). Provides that the Department of Public Health and community-based organizations certified to provide HIV/AIDS testing must provide these informational materials to the warden at no cost to the office of the county sheriff. Provides that implementation of these provisions is subject to appropriation. Eliminates provisions concerning (1) signing of a form by prisoners, (2) the specific type of test required, and (3) a prisoner's entitlement to medical care.

SENATE FLOOR AMENDMENT NO. 2

In provisions amending the Unified Code of Corrections: (1) provides that a person committed to the Department of Corrections who has tested positive for infection with HIV (instead of a committed person who has tested positive for infection with HIV or any other identified causative agent of AIDS) is entitled to medical care while incarcerated (instead of simply "medical care"), counseling, and referrals to support services; and (2) requires the Department of Corrections to offer visitors information concerning how to contact the Illinois Department of Public Health for counseling information (instead of concerning persons or entities to contact for local counseling).

FISCAL NOTE (Department of Revenue)

The Department of Revenue has 5 cash drawers with \$100 in them and 20 cash drawers with \$75 in them. 225 ILCS 85/8 from Ch. 111, par. 4128
 Amends the Pharmacy Practice Act of 1987. Makes a technical change in a Section concerning licensure without examination.

HOUSE AMENDMENT NO. 2

Deletes reference to:

225 ILCS 85/8

Adds reference to:

225 ILCS 85/24.5 new

Deletes everything after the enacting clause. Amends the Pharmacy Practice Act of 1987. Provides that if a wholesale drug distributor or pharmacy benefit manager has entered into a contract with the State to sell or negotiate the sale of a prescription drug to the State at a particular price, then, upon the request of any pharmacy located in the State, the wholesale drug distributor or pharmacy benefit manager must disclose that price and make that prescription drug available to the pharmacy at that same price during the period that the contract with the State is in effect, regardless of the quantity of the drug purchased by the pharmacy. Effective immediately.

PENSION NOTE (H-AM 2)(Comm on Gov't Forecasting & Accountability)

House Bill 2768, as amended by House Amendment 2, would not impact any public pension fund or retirement system in Illinois.

FISCAL NOTE (H-AM 2) Department of Central Management Services)

The Department of Central Management Services anticipates that the fiscal impact from this bill, although impossible to quantify, would be significant. The requirement of making available to a requesting pharmacy the pricing that a wholesaler or prescription benefit manager negotiates with the State would effectively allow all pharmacies in Illinois to purchase prescription drugs with the buying power of a wholesaler or large prescription benefit manager, severely hindering the ability of such entities to effectively compete in Illinois. Furthermore, this would also result in the State losing the benefit of its size and scale in the procurement of pharmacy benefits. This would act as a disincentive for any vendor to contract with the State, resulting in the State not receiving the best contract for acquisition of prescription benefits.

Adds reference to:

305 ILCS 5/12-4.201

305 ILCS 5/12-4.202 new

Replaces everything after the enacting clause. Amends the Illinois Public Aid Code. In provisions concerning the Department of Public Aid's data warehouse concerning medical and related services, provides that the Department shall perform all necessary administrative functions to expand its linearly-scalable data warehouse to encompass other healthcare data sources at both the Department of Human Services and the Department of Public Health. Provides that the Department shall leverage the inherent capabilities of the data warehouse to accomplish this expansion with marginal additional technical administration. Provides that the purpose of this expansion is to allow for programmatic review and analysis including the interrelatedness among the various healthcare programs in order to ascertain effectiveness toward, and ultimate impact on, clients. Provides that beginning July 1, 2005, the Department shall supply quarterly reports to the Commission on Government Forecasting and Accountability detailing progress toward this mandate. Creates the Data Warehouse Inter-Agency Coordination of Client Care Task Force to gather information and make recommendations relating to: (1) the most effective flow of information between agencies that serve the same clients through one-stop shopping across State government; (2) the creation of an overarching system to respond to requests by the General Assembly, the Office of the Governor, and the general public; and (3) the most effective use of State moneys in leveraging the current system to accommodate the ever-growing information base in State government. Requires the task force to report by December 31, 2005, and repeals the task force provisions on January 1, 2006. Effective immediately.

HOUSE AMENDMENT NO. 1

Deletes reference to:

105 ILCS 5/2-3.12

Adds reference to:

105 ILCS 5/17-2.2d

Deletes everything after the enacting clause. Amends the School Code. In provisions concerning special taxing and bonding for temporary relocation expense and emergency replacement purposes, removes the limit on application only to districts having a population of less than 500,000 inhabitants and to districts that had a total enrollment of at least 1,075 students as shown on the 2003 Illinois State Report Card and had a school building condemned after January 1, 2004 and prior to June 30, 2004 (instead, the building must have been condemned within 10 years after the building's initial occupancy). Allows the levy of the tax for the purpose of providing for the repayment of moneys paid to the district (instead of distributed) for temporary relocation expenses. Allows bonds to be issued for the costs of providing for the payment of any obligations entered into to finance the repair, reconstruction, or replacement of the condemned building. Provides that bonds issued under these provisions are not subject to any debt limitation imposed by any law. Effective immediately.

225 ILCS 227/90

Deletes everything after the enacting clause. Amends the Pyrotechnic Operator Licensing Act by changing the short title to the Pyrotechnic Distributor and Operator Licensing Act and amends the Illinois Explosives Act to reflect that change. Defines "BATFE", "1.3G fireworks", "consumer fireworks", "facility", "flame effect", "pyrotechnic distributor", and "special effects fireworks". Provides that "display fireworks" means 1.3G or special effects fireworks (rather than any substance or article defined as a Division 1.3G or 1.4 explosive by the United States Department of Transportation). Provides for licensure requirements and rules for a pyrotechnic distributor (in addition to a lead pyrotechnic operator). Provides that the rules of the State Fire Marshal shall be based on nationally recognized standards, such as those of the National Fire Protection Association (NFPA) 1126 guidelines for proximate audience displays (rather than indoor displays) and NFPA 160 guidelines for flame effect displays. Provides that the State Fire Marshal shall conduct the training and examination of pyrotechnic operators and pyrotechnic distributors or may delegate the responsibility to train and examine pyrotechnic distributors and operators to the Department of Natural Resources. Provides that after January 1, 2006, all pyrotechnic displays must comply with the requirements set forth in the Act, no person may engage in pyrotechnic distribution, and no individual may act as a lead operator in a pyrotechnic display without first applying for and obtaining a license (now, after April 1, 2005, no individual may act as a lead operator in a pyrotechnic display without applying for and obtaining a license). Provides that applicants for a license must submit to the Office a license fee set by the Office and proof of having the requisite knowledge, either through training,

examination, or continuing education, as established by Office rule. Removes the requirement that applicants for a lead pyrotechnic operator's license pass the examination presented by the Office. Provides that in order to be qualified to receive a license under the Act, a person must have, or have applied for, a BATFE explosives license or a Letter of Clearance from the BATFE. Provides that no pyrotechnic distributor shall allow any person in the pyrotechnic distributor's employ to act as a lead pyrotechnic distributor until the person has obtained a lead pyrotechnic operator's license from the Office of the State Fire Marshal. Makes other changes. Effective immediately.

HOUSE AMENDMENT NO. 2

Provides that "1.3G fireworks" means fireworks (rather than large fireworks) that are used for professional outdoor displays and receive a certain classification by the United States Department of Transportation. Provides that "Consumer fireworks" means fireworks (rather than small fireworks) that must comply with certain regulations of the U.S. Consumer Products Safety Commission and receive a certain classification by the United States Department of Transportation.

HOUSE AMENDMENT NO. 1

Deletes reference to:

30 ILCS 105/14.1

Adds reference to:

30 ILCS 500/20-100 new

Deletes everything after the enacting clause. Amends the Illinois Procurement Code. Prohibits requiring or requesting monetary incentives from vendors in addition to the goods or services that are the subject of a contract.

FISCAL NOTE (H-AM 1) (Gov. Forecasting & Accountability)

Will have no fiscal impact on the Commission on Government Forecasting & Accountability

FISCAL NOTE (H-AM 1) (Central Management Services)

The Department of Central Management Services anticipates that the fiscal impact from this bill, although impossible to quantify, would be significant. To the extent that special pricing incentives, discounts, credits, and signing bonuses are part of the RFP pricing process and to the extent that this in some cases is the only method available to a vendor to discount standard rates they are a necessary tool through which the State is able to negotiate the best possible rate. This prohibition would eliminate the State's ability to procure many goods or services utilizing these particular strategic opportunities, often standard in many industries, resulting in increased net cost of those goods or services.

30 ILCS 540/3-2 from Ch. 127, par. 132.403-2

Amends the State Prompt Payment Act. Provides that State agencies are prohibited from delaying the review of bills or the submission of bills to the Comptroller unless a defect in the bill is identified.

FISCAL NOTE (Treasurer of the State of Illinois)

House Bill 3417 will not have a fiscal impact upon the State not incurring any new liabilities.

FISCAL NOTE (Department of Revenue)

The Prompt Payment Act currently requires State agencies to review bills in a timely manner and to pay any bill approved for payment within 60 days of receipt. It is unclear whether House Bill 3417 changes those timeframes. If House Bill 3417 does shorten those timeframes, it would impede the Department of Revenue's ability to control its cash flow and would have an undetermined negative impact on the Department.

Provides that the Governor may, through June 30, 2005 (now, June 30, 2007), direct the State Treasurer and Comptroller to transfer a specified sum from any fund held by the State Treasurer to the General Revenue Fund in order to help defray the State's operating costs for the fiscal year. Provides that no transfers may be made in this manner after June 30, 2005. On January 1, 2006, or as soon as may be practical after that date, the State Treasurer and the Comptroller shall reverse all transfers previously made under this authority unless the General Assembly has specifically authorized the transfers prior to that date. Amends the Illinois Income Tax Act. Provides that for taxable years beginning on or after January 1, 2006, distributions from certain qualified tuition programs under the Internal Revenue Code that are administered by other states are exempt from the requirement that a distribution from an Internal Revenue Code qualified tuition program be included when determining adjusted gross income for purposes of determining base income. Amends the School Code. Provides that the annual budget of a school district under 500,000 inhabitants shall separately identify revenue from taxes and revenue from all other sources, including without limitation vending machines, and disclose all school board-sanctioned contractual agreements and the estimated revenue to be received as a result of these contracts. Requires all contracts and agreements that pertain to goods and services and that are intended to generate additional revenue and other remunerations for a school district, including without limitation vending machine contracts, sports and other attire, class rings, and photographic services to be approved by the school board. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

HOUSE AMENDMENT NO. 1

Requires the approval of the school board for all contracts and agreements that pertain to goods and services and that are intended to generate additional revenue and other remunerations for the school district in excess of \$1,000 (now, no limit). Provides that the annual budget shall contain a statement of the cash on hand, an estimate of the cash expected to be received, an estimate of the expenditures from revenues, and a statement of the estimated cash from all other itemized sources (rather than all other sources).

STATE MANDATES FISCAL NOTE (Illinois State Board of Education)

No specific dollar amount can be given as to the costs inherent to, and/or associated with, this legislation. Taking that into account, the provisions would require (1) the Illinois State Board of Education to amend the School District Form to provide for the specific revenue/expenditure itemizations and contractual statement disclosures, as necessary; and (2) the board of education for school districts under 500,000 inhabitants to implement such additional accounting/fiscal procedures and policies, as necessary, to make available for review, disclosure and approval the budgetary estimates by specific revenue/expenditure itemizations and contractual statement disclosures, as required.

SENATE FLOOR AMENDMENT NO. 3 (SENATE RECEDES MAY 30, 2005)

With respect to the annual budget provisions, restores current law. Provides instead that all districts and joint agreements shall include a separate statement that lists each contract or agreement that pertains to goods and services or licenses that are intended to generate \$1,000 or more in additional revenue or other remunerations or considerations for the school district or a school, class, or association authorized by the district.

GOVERNOR AMENDATORY VETO MESSAGE

Changes all references from the Physical Therapy Licensing and Disciplinary Committee and the Physical Therapy Examining Committee to the Physical Therapy Licensing and Disciplinary Board. Changes the definition of "physical therapy" to mean and include (A) examining, evaluating, and testing individuals who may have mechanical, physiological, or developmental impairments, functional limitations, disabilities, or other health and movement-related conditions, determining a treatment diagnosis for these disorders and rehabilitation prognosis and plan of therapeutic intervention, and assessing the ongoing effects of the interventions, (B) alleviating impairments, functional limitations, or disabilities by designing, implementing, and modifying therapeutic interventions for the purposes of preventing, correcting, or alleviating a physical or mental impairment, functional limitation, or disability, (C) reducing the risk of injury, impairment, functional limitation, or disability, including the promotion and maintenance of fitness, health, and wellness, and (D) engaging in administration, consultation, education, and research. Provides that a majority of Board members then appointed constitutes a quorum and that a majority vote of the quorum is required for a Board decision. Changes references to a physical therapy assistant program to a physical therapist assistant program. Provides that following notification of eligibility for examination, an applicant who fails to take the examination for a license under the Act within 60 days of the notification shall forfeit his or her fee and right to practice as a physical therapist or physical therapist assistant until such time as the applicant has passed the appropriate examination (now, an applicant who fails to take the next-scheduled examination forfeits his fee and right to practice). Effective immediately.

720 ILCS 570/411.3

Amends the Illinois Controlled Substances Act. Provides that the methamphetamine restitution shall also be made to cover regular and overtime costs incurred by local law enforcement agencies and private contractors paid by public agencies in securing the site in which the methamphetamine was manufactured. Provides that the restitution payments shall be disbursed equitably as follows: (1) first, to the local agencies involved in the emergency response; (2) second, to the State agencies involved in the emergency response; and (3) third, to the federal agencies involved in the emergency response.

CORRECTIONAL NOTE (Dept of Corrections)

FISCAL NOTE (Dept of Corrections)

Corrections population impact: None. Fiscal impact: None.

LAND CONVEYANCE APPRAISAL NOTE (Department of Transportation)

As there are no parcels of land being conveyed in this bill, there are no appraisals to be filed by the Department of Transportation.

BALANCED BUDGET NOTE (Office of Management and Budget)

The Governor's Office of Management and Budget (GOMB) estimates that the proposed legislation will have no cost to the state and will generate insignificant revenue. It is likely that the persons responsible for methamphetamine restitution payments will have minimal assets. Additionally, the statute specifies that restitution payments be to the local agencies involved in the emergency response before they are made to involved state agencies. These factors indicate that there is little chance that state agencies will receive funds from methamphetamine restitution payments. Therefore, it is GOMB's assessment that this legislation will have an immaterial impact on the state budget.

PENSION NOTE (Government Forecasting & Accountability)

Would not impact any public pension fund or retirement system in Illinois.

STATE DEBT IMPACT NOTE (Government Forecasting & Accountability)

Would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore would not affect the level of State indebtedness.

STATE MANDATES FISCAL NOTE (Dept. of Commerce and Economic Opportunity)

In the opinion of the Department of Commerce and Economic Opportunity, this legislation creates a local government organization and structure mandate for which reimbursement of the increased costs to units of local government is not required under the State Mandates Act.

JUDICIAL NOTE (Admin Office of the Illinois Courts)

Would neither increase nor decrease the number of judges needed in the state.

HOME RULE NOTE (Dept. of Commerce and Economic Opportunity)

House Bill 3507 does not pre-empt home rule authority.

HOUSING AFFORDABILITY IMPACT NOTE (Housing Development Authority)

No fiscal effect on a single-family residence.

Amends the Downstate Teachers Article of the Illinois Pension Code. Provides for participation in the System by current System employees who elect to participate after a change in position. Includes within the membership of the System persons employed in a professional position by the State Board of Education. Excludes from membership executives of certain boards engaged in the service of public education. Eliminates the 100-day TRS membership waiting period for persons receiving a retirement annuity under the Chicago Teacher Article. Requires 1.5 years of contributing service (rather than just creditable service) to qualify for a survivor's benefit upon death in service. Permits certain teachers who interrupted service under the Chicago Teacher Article because of pregnancy to purchase TRS credit for the period of leave. Reduces the required contribution for certain persons electing to receive the augmented 2.2% retirement formula, and incorporates the 2.2% retirement formula into the calculation of the single-sum retirement benefit. In the definition of "accumulated contributions", specifies that interest is neither accumulated nor paid on contributions for the automatic increase in base pension. Deletes a provision authorizing the Board to prescribe rules relating to contribution statements. Repeals certain obsolete provisions, including provisions relating to SIU employment, transfers by county sheriffs, exemptions from paying certain employer contributions, and increases in certain retirement and disability annuities that were being paid in 1947. Effective immediately.

305 ILCS 5/5-5 from Ch. 23, par. 5-5

Amends the Illinois Public Aid Code. Provides that, subject to the approval of a federal waiver, persons who are 21 years of age or older who have received Medicaid benefits under provisions concerning persons under age 21 who would qualify as disabled shall remain eligible for continued Medicaid benefits, outside an institution, at a level of care appropriate to meet the individual needs of the person, provided that a physician annually determines that the person requires the level of care provided by a hospital, skilled nursing facility, or intermediate care facility. Requires an annual report by the Department of Human Services beginning January 1, 2007. Requires the Illinois Department of Human Services, the Illinois Department of Public Aid, and the Division of Specialized Care for Children of the University of Illinois to enter into an interagency agreement for the purpose of cooperatively establishing a program of case management for any person who receives Medicaid benefits under the provisions concerning persons under age 21 who would qualify as disabled. Sets forth the minimum requirements for case management services. Effective immediately.

FISCAL NOTE (Department of Human Services)

Cost: Potential impact up to \$26 million annually

FISCAL NOTE (Department of Public Aid)

Continuing the same or similar level of services as received under the medically fragile, technology dependent (MFTD) waiver, the cost for 15 people is estimated to be between \$650,000 and \$1.2 million more than for services paid at a skilled nursing facility or at an exceptional care rate. This cost is based on the minimum number required for a waiver and would thus increase each year as the number of waiver clients increases. It is also important to note that waiver services are projected to increase an average of 10% each year.

Makes changes to the procedure for applying a new rate increase or decrease that was approved by a referendum. Provides that when a new rate or a rate increase or decrease, first effective for the current levy year, has been approved by referendum, the procedure for adding the rate increase is to add the total rate increase approved by the referendum to the total limited rate of all funds subject to the Property Tax Extension Limitation Law. Provides that the rate increase or decrease is determined by subtracting the prior maximum rate for the fund or funds, approved by referenda, from the newly established maximum rate or rates approved. Provides that, for a taxing district for which a new rate or rate increase has been approved by referendum that did not implement the full rate increase as approved by the referendum, the amount remaining must be adjusted, following the same procedure as set forth in the initial year, within one levy year after that initial year. Effective immediately.

Amends the School Code. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

STATE MANDATES FISCAL NOTE (Illinois State Board of Education)

There appears to be no direct mandate in this legislation that would automatically cost a district money. However, if a teacher were to be dismissed under these circumstances there would almost certainly be a contested dismissal. In that event the district could face considerable cost.

105 ILCS 5/10-20.40 new
 105 ILCS 5/34-18.32 new

Amends the School Code. Requires a school board to adopt a policy that prohibits a school

bus that is in operation for the purpose of transporting students to or from school or a school-related function or activity from running on idle for more than 10 minutes while the bus is parked. Provides that the policy does not apply when the ambient air temperature is less than 0 degrees fahrenheit. Provides that the policy must require all diesel school buses (i) when in use, to be parked and loaded at least 100 feet from school air-intake systems, unless the school board deems alternative locations block traffic, impair student safety, or are not cost-effective and (ii) when not in use, to be parked in a manner to reduce contamination of school bus cabins and school facilities from diesel engine exhaust fumes. Contains exceptions to these requirements. Requires the policy to provide for climate-controlled waiting areas for school bus drivers. Requires schools to send an annual notice to faculty, staff, and parents concerning the policy. Effective September 1, 2005.

STATE MANDATES FISCAL NOTE (Illinois State Board of Education)

There appears to be no cost to the school district for implementing this bill. It appears that there would be some savings in fuel costs since the bus would need to be turned off if it were running idle for more than 10 minutes but the savings cannot be quantified. There is some inconvenience to the drivers during frigid weather but the bill requires a policy to allow for a climate-controlled waiting area for the drivers.

HOUSE AMENDMENT NO. 1

Deletes everything after the enacting clause. Replaces with the bill as introduced with the following changes. Deletes provisions requiring schools to send a notice of the school bus idling policy annually to all faculty, staff, and parents and requiring schools to provide a climate-controlled waiting area for school bus drivers in extreme cold and hot weather situations. Provides that the policy must allow exceptions to the requirements of the policy when the bus is running in order to power defrosters, heaters, air conditioners, or other equipment necessary for safety or health considerations of passengers (now, for safety and health considerations). Effective September 1, 2005.

New Act

Creates the Technical Rescue Team Response Reimbursement Act. Requires any responsible party to reimburse the emergency response agencies responding to an emergency incident for the costs incurred in using technical response teams to provide emergency action. Provides that, if the responsible party fails to reimburse the emergency response agency, then moneys in the Emergency Response Reimbursement Fund shall be used to reimburse the agency and the responsible party shall be required to reimburse the Fund.

FISCAL NOTE (Illinois State Fire Marshal)

It is difficult to determine the fiscal impact at this point should House Bill 3687 become law. The agency anticipates that the legislation will have no fiscal impact on the agency to administer the reimbursement. However, should there be a high demand of applications for reimbursement, there will be a cost to the agency to process the application.

HOUSE AMENDMENT NO. 2

Provides that "technical rescue team" means a career or volunteer mobile support team that has been authorized by a unit of local government to respond to building collapse, high angle rescue, and other specialized rescue emergencies and that is primarily designated for emergency response to technical rescue events (instead of any State or Mutual Aid Box Alarm System (MABAS) technical rescue team providing specialized rescue services).

HOUSE AMENDMENT NO. 3

Deletes everything after the enacting clause. Inserts provisions substantially similar to those of the introduced version of House Bill 3687 and House Amendment No. 2, except: (1) provides that any responsible party shall reimburse, within 90 days after the receipt of a bill for the Tactical Rescue emergency incident (instead of in a timely and reasonable manner), the emergency response agencies responding to a Tactical Rescue incident (instead of an emergency incident), and any private contractor responding to a Tactical Rescue incident at the request of an emergency response agency, for the costs incurred in the course of providing emergency action (instead of in using technical response teams to provide emergency action); (2) deletes language providing that the responsible party shall reimburse the Emergency Response Reimbursement Fund for money provided by the Fund to emergency response agencies as the result of the failure of the responsible party to reimburse the emergency response agencies; (3) deletes language providing that if emergency response agencies are not reimbursed by a responsible party, then the moneys in the Emergency Response Reimbursement Fund shall be used to reimburse emergency response agencies for the cost of using technical rescue teams to provide emergency action; and (4) provides that if no party to the incident provides reimbursement to the emergency response agency, the Attorney General may, at the request of the State Fire Marshal, institute a civil action to recover costs. Makes other changes.

Amends the Day and Temporary Labor Services Act. Provides that a day and temporary labor service agency may not charge a day or temporary laborer for transportation to or from a third-party employer's work site (under current law, a service agency or employer may charge no more than the actual cost of transportation, not to exceed 3% of the laborer's daily wages). HOUSE AMENDMENT NO. 1

Deletes language prohibiting a day and temporary labor service agency from charging a day or temporary laborer for transportation to or from a third party employer's work site. Restores language providing that a day and temporary labor service agency or a third party employer shall charge no more than the actual cost to transport a day or temporary laborer to or from the designated work site, but the total cost to each day or temporary laborer shall not exceed 3% of the day or temporary laborer's daily wages. New Act

30 ILCS 105/5.640 new

Creates the Park and Recreational Facility Construction Act. Authorizes the Department of

Natural Resources to determine eligibility for and authorizes the Capitol Development Board (CDB) to make grants to park or recreation units for park or recreational facility construction projects. Establishes an application procedure. Requires the Department to establish eligibility standards and priority standards for park or recreational facility construction grants. Requires CDB to establish project standards for park or recreational facility construction grants and to generally supervise park or recreational facility construction projects. Requires a park or recreation unit to submit the construction project or its financing to a referendum if required by law. Provides that the Chicago Park District may use park or recreational facility construction grants for payment of debt service or a lease. Provides that park or recreation units eligible for but not awarded grants in a fiscal year shall continue to be considered in the next fiscal year. Authorizes CDB and the Department to promulgate rules concerning park or recreational facility construction grants. Requires the Department and CDB to file with the General Assembly a comprehensive report of the capital needs of all park or recreation units in this State before January 1, 2006 and every 2 years thereafter. Amends the State Finance Act to create the Park and Recreational Facility Construction Fund.

FISCAL NOTE (Capital Development Board)

The capital cost cannot be determined until a study of the type called for in House Bill 3760 is completed.

FISCAL NOTE (Department of Natural Resources)

It is difficult to determine the fiscal impact on the agency based on the information contained in House Bill 3760. A lot will depend on the size and duration of the program. If the program is a permanent annual program and of any size, the Department will need additional resources to administer its portion of the program. In the Department's current grant administration division there are 7 grant administrators. These grant administrators manage, on average, \$24.4 million in grants each. The average cost for grant administrators, not including non-personal service lines, is \$91,600. This means that it would take 1 grant administrator position at a cost of approximately \$92,000 for every \$25 million in new grant programs.

HOME RULE NOTE (Dept. of Commerce & Economic Opportunity)

Does not pre-empt home rule authority.

HOUSE AMENDMENT NO. 1

Changes the order of prioritization of needs that the Department must use in determining priority needs concerning park and recreation unit construction projects.

JUDICIAL NOTE (H-AM 1)(Admin Office of the Illinois Courts)

STATE MANDATES FISCAL NOTE (H-AM 1)(Dept. of Commerce & Economic Opportunity)

Creates a local government organization and structure mandate for which reimbursement of the increased costs to units of local government is not required under the State Mandates Act.

STATE DEBT IMPACT NOTE (H-AM 1)(Comm on Gov't Forecasting & Accountability)

Although House Bill 3760, as amended by House Amendment 1, does not change the amount of authorization for general obligation or moral obligation bonds, it creates a

grant program administered by the Capital Development Board which may use bond funds to provide grants for park and recreational facility construction projects.

FISCAL NOTE (Dept of Corrections)

There is no corrections population or fiscal impact on the Department of Corrections.

CORRECTIONAL NOTE (Dept of Corrections)

There is no corrections population or fiscal impact on the Department of Corrections.

FISCAL NOTE (H-AM 1)(Dept of Corrections)

There is no corrections population or fiscal impact on the Department of Corrections.

There is no corrections population or fiscal impact on the Department of Corrections.

PENSION NOTE (H-AM 1) (Gov. Forecasting & Accountability)

Would not impact any public pension fund or retirement system in Illinois.

BALANCED BUDGET NOTE (Gov. Office of Management & Budget)

Fiscal Impact: \$600,000 in additional operations to CDB and additional funding to DNR based upon the size of the program. Associated cost: Unknown capital expenditures.

FISCAL NOTE (H-AM 1) (Capital Development Board)

Would create a program within CDB similar to the School Infrastructure Program. That program requires eight staff at an annual cost of \$600,000. The capital cost can not be determined until a study of the type called for in the legislation is completed.

HOUSING AFFORDABILITY IMPACT NOTE (H-AM 1) (Housing Development Authority)

Insufficient information to determine a fiscal effect.

HOUSE AMENDMENT NO. 2

Replaces everything after the enacting clause with the contents of the bill, as amended by House Amendment No. 1, but makes the following changes. Provides that, of the total amount of park or recreation unit construction project grants awarded statewide, 20% shall be awarded to the Chicago Park District, provided that the Chicago Park District complies with the provisions of the Park and Recreational Facility Construction Act, and 80% shall be awarded to park or recreation units outside of the City of Chicago. Deletes provisions authorizing the Chicago Park District to use any or all of the park or recreation unit construction project grants awarded to it to (i) pay debt service on bonds issued to finance park or recreation unit construction projects or (ii) to make certain lease payments. Makes corresponding changes.

New Act

30 ILCS 105/5.640 new

Creates the Public Library Construction Act. Authorizes the Secretary of State to determine eligibility for and authorizes the Capitol Development Board (CDB) to make grants to public libraries for public library construction projects. Establishes an application procedure. Requires the Secretary of State to establish eligibility standards and priority standards for public library construction grants. Requires CDB to establish project standards for public library construction grants and to generally supervise public library construction projects. Requires a public library to submit the construction project or its financing to a referendum if required by law. Provides that the Chicago Public Library System may use public library construction grants for payment of debt service or a lease. Provides that public libraries eligible for but not awarded grants in a fiscal year shall continue to be considered in the next fiscal year. Authorizes CDB and the Secretary of State to promulgate rules concerning public library construction grants. Requires the Secretary of State and CDB to file with the General Assembly a comprehensive report of the capital needs of all public libraries in this State before January 1, 2006 and every 2 years thereafter. Amends the State Finance Act to create the Public Library Construction Fund.

FISCAL NOTE (Capital Development Board)

The capital cost cannot be determined until a study of the type called for in House Bill 3761 is completed.

FISCAL NOTE (Office of the Secretary of State)

House Bill 3761 has little to no fiscal impact on the Secretary of State's Office.

STATE MANDATES FISCAL NOTE (Dept. of Commerce & Economic Opportunity)

Creates a local government organization and structure mandate for which reimbursement of the increased costs to units of local government is not required under the States Mandate Act.

HOME RULE NOTE (Dept. of Commerce & Economic Opportunity)

Does not pre-empt home rule authority.

JUDICIAL NOTE (H-AM 1)(Admin Office of the Illinois Courts)

FISCAL NOTE (Dept of Corrections)

There is no corrections population or fiscal impact on the Department of Corrections.

STATE DEBT IMPACT NOTE (H-AM 1)(Comm on Gov't Forecasting & Accountability)

Although House Bill 3761, as amended by House Amendment 1, does not change the amount of authorization for general obligation or moral obligation bonds, it creates a grant program administered by the Capital Development Board which may use bond funds to provide grants to public libraries for public library construction projects.

FISCAL NOTE (H-AM 1)(Dept of Corrections)

There is no corrections population or fiscal impact on the Department of Corrections.

CORRECTIONAL NOTE (Dept of Corrections)

STATE MANDATES FISCAL NOTE (H-AM 1)(Dept. of Commerce & Economic Opportunity)

Creates a local government organization and structure mandate for which reimbursement of the increased costs to units of local government is not required under the States Mandate Act.

PENSION NOTE (H-AM 1) (Gov. Forecasting & Accountability)

Would not impact any public pension fund or retirement system in Illinois.

BALANCED BUDGET NOTE (Gov. Office of Management & Budget)

Fiscal Impact: \$600,000 in additional operations to CDB. Associated cost: Unknown capital expenditures.

FISCAL NOTE (H-AM 1) (Capital Development Board)

Would create a program within CDB similar to the School Infrastructure Program. That program requires eight staff at an annual cost of \$600,000. The capital cost can not be determined until a study of the type called for in the legislation is completed.

FISCAL NOTE (H-AM 1)(Department of Natural Resources)

This bill would not impact the Department of Natural Resources.

HOUSING AFFORDABILITY IMPACT NOTE (H-AM 1) (Housing Development Authority)

Insufficient information to determine a fiscal effect.

HOUSE AMENDMENT NO. 2

Changes the prioritization of standards for the determination of priority needs concerning public library construction projects. Provides that, of the total amount of public library construction project grants awarded statewide, 20% shall be awarded to the Chicago Public Library System, provided that the Chicago Public Library System complies with the provisions of the Public Library Construction Act, and 80% shall be awarded to public libraries outside of the City of Chicago. New Act

Creates the Location Matters Act. Requires that an applicant applying for State economic development assistance for a business location must provide data on affordable housing and mass transit in its vicinity. Provides that if data submitted by the applicant shows that affordable housing and mass transit are near the proposed work site, the Department of Commerce and Economic Opportunity shall grant the applicant a preference in awarding economic development assistance. Provides that if affordable housing and mass transit are not present near the proposed work site, the applicant can receive an economic development preference only if it submits to the Department of Commerce and Economic Opportunity a plan showing how the applicant will address the housing and mass transit deficiency. Provides that applicants who fail to submit a satisfactory plan to the Department of Commerce and Economic Opportunity may still receive State economic development assistance. Effective January 1, 2006.

HOUSE AMENDMENT NO. 1

Deletes everything after the enacting clause. Creates the Business Location Efficiency Incentive Act. Authorizes companies applying to the Department of Commerce and Economic Opportunity for certain economic development assistance tax credits to seek increased or extended tax credits if (i) the company's proposed project site is located in an area that capitalizes upon affordable workforce housing or accessible mass transit, (ii) the company submits to the Department an approved remediation plan to improve housing or access to mass transit, or (iii) the company's project is located in labor surplus areas. Provides for the Department's awarding of such incentives. Repeals the Act on December 31, 2010. Effective January 1, 2006.

JUDICIAL NOTE (H-AM 1) (Admin. Office of the Illinois Courts)

Would neither increase nor decrease the number of judges needed in the state.

PENSION NOTE (H-AM 1) (Gov. Forecasting & Accountability)

Does not amend the Pension Code and would not affect employees covered by any Illinois public pension fund or retirement system.

STATE DEBT IMPACT NOTE (H-AM 1) (Gov. Forecasting & Accountability)

Would not change the amount of authorization for any type of State-issued or State-supported bond, and therefore would not affect the level of State indebtedness.

HOUSING AFFORDABILITY IMPACT NOTE (H-AM 1) (Housing Development Authority)

Insufficient information to determine a fiscal effect.

FISCAL NOTE (H-AM 1)(Department of Revenue)

House Bill 3767 (H-AM 1) authorizes companies that receive tax credits and tax exemptions under the Economic Development for a Growing Economy (EDGE) program and meet certain additional criteria to apply for up to 10% more than the maximum allowable tax credits for which they are eligible under the EDGE program. The Department of Revenue does not know the maximum amount of tax credits that could be claimed under the EDGE program. However, in 2001 the State paid approximately \$3.3 million in EDGE credits and in 2002 the State paid approximately \$4.7 million in EDGE credits. If the amount of EDGE credits paid out in 2002 were increased by 10%, House Amendment 1 to House Bill 3767 would have a negative fiscal impact of approximately \$470,000 per year. Because the EDGE program was recently expanded to include an EDGE credit for small businesses, it is likely that the amount of EDGE credits will continue to increase and that the fiscal impact created by House Bill 3767, as amended, would also increase.

STATE MANDATES FISCAL NOTE (H-AM 1) (Dept. of Commerce & Econ Opportunity)

Does not create a state mandate under the State Mandates Act.

HB-3801 KELLY-GRAHAM.

New Act

20 ILCS 2605/2605-327 new

Creates the Medical School Applicant Criminal Background Check Act. Provides that an applicant for admission to a medical school in the State must submit to, and each medical school located in the State must require, a criminal background check for felony convictions by the Department of State Police and the Federal Bureau of Investigation as part of the medical school admissions application process. Sets forth procedures for conducting the criminal background check. Provides that the Department of State Police shall charge a fee for conducting the criminal background check and that the medical school requesting the check shall be responsible for paying the fee. Provides that the medical school may, in turn, impose a fee on applicants to cover the cost of the background check. Provides that a felony conviction shall not preclude an applicant from gaining admission to any medical school located in the State, but shall be used as a factor in determining whether or not to admit an applicant. Amends the Department of State Police Law of the Civil Administrative Code of Illinois to make a corresponding change. Effective immediately.

HOUSE AMENDMENT NO. 1

Deletes everything after the enacting clause. Reinserts the contents of the bill with the following changes. Provides that each medical school located in the State must require a criminal background check for violent felony convictions and any adjudication of an applicant as a sex offender, rather than a background check for felony convictions. Provides that the name, sex, race, date of birth, and social security number of an applicant shall be searched against the Statewide Sex Offender Database, in addition to the Illinois criminal history records database. Provides that an applicant who has been adjudicated a sex offender shall be precluded from gaining admission to any medical school in Illinois. Effective immediately.

HOUSE AMENDMENT NO. 2

Sets forth specific criminal offenses that constitute sex offenses within the definition of "sex offender". Defines "violent felony" and sets forth specific criminal offenses that constitute a violent felony.

SENATE COMMITTEE AMENDMENT NO. 1

Deletes reference to:

20 ILCS 2605/2605-327 new

Deletes everything after the enacting clause. Creates the Medical School Applicant Criminal Background Check Act. Contains only a short title provision.

SENATE FLOOR AMENDMENT NO. 2

Adds reference to:

20 ILCS 2605/2605-327 new

Deletes everything after the enacting clause. Reinserts the contents of the bill as engrossed with the following changes. Changes the definition of "sex offender". Changes references from "violent felony" to "forcible felony" and from "applicant" to "matriculant". Defines "matriculant" as an individual who is admitted as a student to a medical school located in Illinois. Provides that a medical school located in Illinois may (rather than must) require a criminal background check for forcible felony convictions and any adjudication of a matriculant as a sex offender. Provides that a matriculant's fingerprints, in addition to his or her name, sex, race, date of birth, and social security number, may be forwarded to the Department of State Police to be searched against the Illinois criminal history records database and the Statewide Sex Offender Database (rather than requiring a fingerprint-based criminal history records check only if a search of the databases indicates that the matriculant has a conviction record or has been adjudicated a sex offender). Provides that a forcible felony conviction or an adjudication as a sex offender may preclude a matriculant from gaining admission to a medical school located in Illinois. Adds a provision concerning civil immunity. Makes related changes. Effective immediately.

CONFERENCE COMMITTEE NO. 1

Deletes everything after the enacting clause. Creates the Medical School Matriculant Criminal History Records Check Act. Defines "matriculant" as an individual who is conditionally admitted as a student to a medical school located in Illinois pending the medical school's consideration of his or her criminal history records check. Provides that a medical school located in Illinois must require that each matriculant submit to a criminal history records check for violent felony convictions and any adjudication of a matriculant as a sex offender. Sets forth procedures for conducting the criminal history records check. Provides that a medical school's required consideration of a matriculant's criminal history records check may preclude a matriculant with a violent felony conviction or an adjudication as a sex offender from gaining official admission to that medical school, but that a violent felony conviction or an adjudication as a sex offender shall not serve as an automatic bar to official admission to a medical school located in Illinois. Provides that no medical school acting under the provisions of the Act shall be civilly liable to any matriculant for any decision made pursuant to the provisions of the Act. Amends the Department of State Police Law of the Civil Administrative Code of Illinois to make a corresponding change. Effective immediately.

HB-3823 COLVIN.

30 ILCS 540/3-2 from Ch. 127, par. 132.403-2

Amends the State Prompt Payment Act. Provides that in computing interest, the amount of the bill or invoice means the aggregate amount submitted by the vendor in one calendar day, whether electronically or on paper, and does not mean the items on the bill or invoice taken individually. Effective immediately.

FISCAL NOTE (Office of the Comptroller)

It is undeterminable to estimate a fiscal impact that House Bill 3823 would have on state operations. Since this legislation requires state agencies to compute late interest penalties from a summary of the total aggregate amount submitted by a vendor in one calendar day, only individual state agencies that receive and process a vendor's invoices prior to submission to the Comptroller's Office have sufficient data to determine an estimated fiscal impact. As of today for fiscal year 2005, the total amount of late interest penalties paid under the Prompt Payment Act is \$222,761. In comparison, the total amount paid in fiscal year 2004 was \$3,512,000.

FISCAL NOTE (Department of Public Aid)

An estimate of as much as \$60 million annually in additional prompt pay interest is projected.

BALANCED BUDGET NOTE (Gov. Office of Management & Budget)

Fiscal Impact: Approximately \$60 million

Amends the Senior Citizens Assessment Freeze Homestead Exemption provisions in the Property Tax Code. Amends the State Mandates Act to require implementation without reimbursement from the State. Effective immediately.

STATE MANDATES FISCAL NOTE (Illinois State Board of Education)

This proposed legislation does not seem to have any impact on the Illinois State Board of Education. It appears to be a simplification of paperwork for seniors 75 and older. There is no increase to the exemption amount and therefore would not affect General State Aid.

210 ILCS 50/3.10

Amends the Emergency Medical Services (EMS) Systems Act. Changes a defined term from "non-emergency medical care" to "non-emergency medical services". Provides that "non-emergency medical services" includes medical care or monitoring (instead of medical services) rendered to a patient during treatment of such persons at health care facilities or at events at which the presence of health care personnel has been requested for public safety purposes, as well as during transportation of the patient to or from health care facilities (instead of only to such facilities). Eliminates a provision that the Act does not apply to the use of an ambulance or SEMSV for a non-medical transport (for example, to an individual's residence), unless and until emergency or non-emergency medical services are needed during such transport.

FISCAL NOTE (Department of Public Health)

Estimated fiscal impact on the Illinois Department of Public Health in the amount of \$898,461.

SENATE FLOOR AMENDMENT NO. 1

Replaces everything after the enacting clause with provisions similar to those of House Bill 4014, amending the Emergency Medical Services (EMS) Systems Act, but with changes that include the following: (1) provides that "non-emergency medical services" means medical care or monitoring rendered before or during (instead of only during) transportation to or from health care facilities (eliminates amendatory provisions concerning treatment at health care facilities or at events at which the presence of health care personnel has been requested for public safety purposes); and (2) restores a provision that the Act does not apply to the use of an ambulance or SEMSV (instead of the use of such a vehicle for a non-medical transport) unless and until emergency or non-emergency medical services are needed during the use of the ambulance or SEMSV (instead of during such non-medical transport).
