Part I – REVENUE

Section A – FROM LOCAL SOURCES

Lines 1-5. Independent school districts should report their tax receipts here. Line 1 (property taxes) will be applicable to most independent school districts. Lines 2 through 5 will be applicable to only a relatively small number of districts. Taxes reported here should be those which the district has the power to levy. State taxes and state property tax relief payments should be excluded here and reported instead in section B. Include current and delinquent tax revenues and penalties.

Line 6. Dependent school systems should report their tax receipts and any other amounts appropriated by their parent government on line 6 (Census code T02).

Line 7. Report taxes for education levied by separate county and city governments and transferred to the school system. Include monies received from debt issued in the name of a local (nonschool system) government and transferred to the school system. Regional school systems should report assessments received from cities and towns here. Assessments received from independent school districts should be reported on line 8.

Line 8. Report payments received from other school systems, both within and outside the state, for tuition, transportation, and other services (such as purchasing and data processing). Regional school systems should report assessments received from independent school districts here. Assessments received from cities and towns should be reported on line 7.

Gross receipts from sale of school breakfasts, lunches, and milk (from students, teachers, adults, but not from state or federal funds) should be entered on line 12. Gross district activity receipts for those funds under control of the custodian of district funds should be included on line 13. Revenues from other sales and services, including community services activities should be entered on line 14.
