BACKGROUND

On July 1, 2023, the WWNA contract team began an evaluation of California’s wastewater infrastructure baseline conditions and needs to inform opportunities for advancing equitable access to sanitation. In January 2024, Water Board staff released a public request for WWNA Advisory Group applications, and the 30 members selected represent diverse organizations across California. The Advisory Group is a volunteer consultative body for WWNA development and implementation and does not have additional authorities or final decision-making power. Recommendations will be brought to the Board through a separate, public process in compliance with Government Code Section 11121.

FUTURE NOTICES

Any person desiring to receive future notices, may sign up on the automated e-mail list. Access the [Email List Subscription Form](#) and select the box for 'Wastewater Needs Assessment' located within the 'General Topics' section and provide the required information.
