To our readers:

The subject of our magazine, **GOLDEN LEGACY**, is black history and is written so young people can understand easily and develop interest for further study of black history.

**GOLDEN LEGACY** is not a comic magazine, but it is a new approach to the study of history. The intention of our publication is to implant pride and self-esteem in black youth while dispelling myths in others. We believe this can be accomplished through our visual presentation of worldwide achievements in an effortless and enjoyable manner with a magazine that can be widely distributed.

This issue contains endorsements from representatives of the N. Y. C. Board of Education, the N.A.A.C.P., The National Urban League, The Association for The Study of Negro Life and History, and Dr. Benjamin Quarles, eminent historian and professor of history at Morgan State College.

We hope that you will read, enjoy and benefit from our endeavor.

Thank you,

Publisher
