Dear Bevel,

I was upset to hear of Diane's jailing from Andrea. Just being pregnant can cause such depression sometimes. With this on top of it, things are really complicated. Perhaps on the other hand this has been a momentary relief from self involvement that is sometimes characteristic of pregnancy.

I know you have had to be all things - patience, justice, love, understanding, strength etc. to Diane at this time. I know it has been

pretty rough on the both of you. It's a noble cause and you're brave souls. For what's its worth you have had my most sincere prayers and will continue to have them.

Andrew mentioned a "women's protest" that you are interested in initiating. My home is available on the 9<sup>th</sup> or 10<sup>th</sup> if you'd like a chance to talk with Coritta, Juanita, Ann etc. I could get in touch with them if you'd like. Enclosed is an envelope - let me know. My warmest greetings to Alice.

Yours in the Cause,  
Jean Young
