Dear Mr. Moses:

I want to let you know that I took the liberty of putting your name down on my application to Hamilton College as an alumnus with whom I am acquainted.

I also want you to know that were it not that I am already late in applying that I would have asked you before I sent the application in. I had decided to apply to Hamilton fairly early in October, but until now, I had not had time to get around to fill the application in.

I want to wish you a happy new year, and I hope that you meet with many successes this year. Thank you.

Sincerely,

*Chris Bagdikian*
