Claim No. 5-145904

Dear Mr. Ray:

In reply to your letter of October 3, 1963, I wish to thank you for your kind remarks relative to claim no5-187171 which has been paid.

I talked to a man in your office about my income when I began paying the first claim- and as I explained to him that I work less than twenty-five-hours each week and that my income is less than \$50.00 a week it is almost impossible for me to pay more monthly than I was paying on the other claim.

Mr. John Doer who works with the U.S. Dept of Justice has told me that he was going to try to get my hours increased so I can pay more on the account, or on my accounts. So far I haven't heard from Mr. Doer. I am employed by the U.S. Post Office Dept. Cleveland, Miss., and I work less than twenty-five hours a week.

I have a letter from your office that I could pay \$5.00 a month until the account is paid in ~~full~~ full.

Inclose is my first payment on what you call the new claim, thought they were one and the same, I didn't know.

My wife and I are not living together anymore, for that I will have to pay the debt.

Very truly yours
