Mr. Arthur L. Waskow  
Institute for Policy Studies  
1900 Florida Avenue, N.W.  
Washington, D.C. 20009

Dear Art:

Thank you for your second letter now which almost went unanswered. We seem to really be in a tizzy over the Mississippi Freedom Vote now and lots of things have been overlooked.

\$100 - wow. and THANK YOU. Need I go into rapsodies when you know how we need it and how pleased Jim Forman will be when we tell him?

I have twice told Casey that you want to reach her. She says she will write. She has a new address now, they have just moved or are in the process of moving to a new house with a new address. You can still reach I am sure by writing her care of the Rev. Edwin King, Tougaloo College, Tougaloo, Mississippi, if you note it - please forward.

Enclosed is a set of the photographs from Americus and Danville. They are our best brutality shots. Also enclosed are some materials which I hope will fulfill the need. We don't have copies left of everything you asked for. If there are large gaps in what you want please let me know right away and I can at least photostat some back news releases and copy some of the reports that are gone now from our files.

As far as the kids for the Institute -- Bobbi Yancy, our Southern Campus Coordinator whom you met when you were here, will be the liaison to work with you and Bob on getting the kids there, selection and so on. She wants to have a chance to talk with Bob at length about it and he's completely tied up in the vote campaign for the next couple of days. When this blows over she should have some concrete words for you. All correspondence about it should go through her. This address.

Freedom and thank you again,

Mary E. King  
Communications

ONE MAN - ONE VOTE
