Dear Mr Moore:

Today the Boynton Methodist Church, located at 2812 Tuan Ave., Houston, Texas has shipped with the Red Bell Motor Freight Lines 9 bundles of clothing and canned food, a total weight of 425 lbs., to you for distribution to people in your vicinity according to your direction.

We did not send anything to Ruleville; we do not know how far apart the two towns are but if you and Mrs Hammer are doing an exchange program of supplies we will be happy for these to be included in the project; We are only interested in having them fill the greatest need.

We commend you for the fine stand you are taking for Christian Citizenship and we pray God's blessing upon you and your fine people. I am a precinct Judge and I use you and your group as an example showing that most Texas people have no hinderance between them and the ballot box and in many instances they get the poll tax or exemption and stay home on election day while you are fighting for dear life for the opportunity to exercise citizenship rights; while win or loose we too will be effected by your effort. God grant that you keep the faith and determination to do and to lead.

Sincerely yours,

C.V. Adair
