Dear Amzie:

As always it was good hearing your voice and it had been a long time since I had had the pleasure.

I trust the wired money came through alright. Will you please have Leroy? sign the enclosed note and return it to us. Write in what the prevailing interest rate is.

I hope you are keeping well and that pressures are not so great that you don't at least have a degree of calm and normalcy in your life. Should you see the Bevels please give them my warm regards.

With affection,

M ac
