EDITH GREEN
PORTLAND, OREGON

SWCC

Dear Mr. Waskow:

My sincere thanks for your most gracious letter of September 4th. I appreciated your comments more than I can possibly tell you and I have no regrets over the fight that was made. It certainly was well worth the effort and while we did not make all of the progress that we had hoped the final compromise was a great deal more than they were at first willing to make.

One of my most pleasant memories of the Convention will be that of working with the other people on the Credentials Committee who were so steadfast in the face of tremendous political pressures. These are the kind of memories that are most meaningful and will last for a long, long time.

Again, my thanks and best wishes.

Sincerely,

Edith Green
