Myrtle Jean Evans

Weekly Report

Monday, October 6, the area of Brandon in Larkin County was canvassed thoroughly for a house to set up an office, but we were again unable to get a building. On Tuesday we talked to the people of Florence in

Larkin County about meetings to be held, and a building also for an office. They were unable to fix point us a place. Thursday we made plans for a meeting, which was held on that night.

We talked mostly on how we should get the Freedom

Democratic Party organized in Lupton County. Friday we canvassed the Telahatah area. We canvassed for churches to have meetings we also told the people of that area of the meetings, to be held Thursday and Sunday. We were very successful in obtaining churches, and got responses

from the people on how they feel about the movement. From the reaction of the people we feel that there will be quite a few of them at the meetings. One of these meetings are held every Thursday night.
