Miss Vicky Halper  
Piazza Savonarola 15  
Firenze, Italia (wow)

Dear Vicky:

I'm TERRIBLY sorry that I didn't answer you right away. I got all excited, and ran around asking people about things, but I got poor results, and then the Freedom Vote was on us and I wasn't writing anything, just canvassing, and now here I am trying to piece something together late.

This is disappointing, but here is the story:

Posters--we no longer make these beautiful posters with dirty children, dammit. For the Freedom Vote, we just had pictures of the candidates. Want those?

Photographs--only through Atlanta, or through Southern Documentary Project, (Matt Herron, 315 Pine St., New Orleans 18, La.) You indicated that you were already in contact with Atlanta-- I hope they come through, because I couldn't find anything here.

Leaflets and memorabilia--I'll do the best I can.

The Free Press is defunct sorry. I hope the stuff arrives in time to be useful.
