Forest Hills, New York

Dear Alicia,

I am a bit embarrassed by the recent turn of events whereby I have been chosen by the group of FSNCC in Madison, Wisconsin, to receive weekly support from them.

First, I have been being supported in Mississippi by Texas Regional United Campus Christian Fellowship. I thought I had made this clear to Betty Gorman in Atlanta when she first sent me word that I was soon to be adopted by a group in the North.

Secondly, I will be leaving the state in only a few more days anyway. I have a series of speaking engagements to fill in Texas during the month of January and then hope to continue academically in February.

Please accept my regrets and apologies for the confusion, and also for not having notified you immediately after the first money order came seven days ago. I have spent the greater part of the past week with a thermometer in my mouth.

I certainly appreciate the interest of you and the people in Madison.

Please find enclosed the money orders which I am returning to you.

Sincerely yours,

John A. Wilkins

Enc. Two (2) money orders for \$10.00 each

P.S. The red ink is for wishing you a merry Christmas. I'm also dropping a note to Stern, Lutterman, and company - (h)
